application of Wundtian vs cognitive psychology to immediate & mediate experience & nonfunctionalism & functionalism & status of experiment, 11554
application & usefulness of schemata in study of cognition, educational implications, 31
applied relaxation vs cognitive vs conditioned cue-controlled relaxation, test anxiety, female college students, 4038
approaches to explanation of anxiety-related phenomena, 5863
arrays with 2 vs 3 elements, number conservation, 3 & 4 yr olds, 10104
assessment of "wishful thinking", college students, 437
assessment potential & limitations of continuous self report by cognitive lever, genital response to erotic stimulation, male & female college students, 11612
assimilation theory of meaningful learning & retention, reply to criticism by R. C. Anderson et al, 4630
attention & learning & memory strategies, mentally retarded, implications for education, 8232
auditory detection vs aversion, evoked cardiac waveform components, 12–18 yr olds, 9812
auditory-verbal vs visual-spatial processing deficit, evoked potentials to word vs music chord stimuli, dyslexic 8–12 yr old males, 10670
auditory-vocal subsidiary tasks, measurement of mental load & interference during driving, drivers, 4590
auditory vs visual modality & temporal vs spatial presentation & intelligence level, matching task performance, children with below vs above average intelligence, 3336
awareness of location requirement, performance on temporal coding task, 17–29 vs 60–75 yr olds, 7811

awareness & origin of thought & role of conscious self deception, repression & resistance, 2819
behavioral & physiological & cognitive factors in smoking, limitations of current research & treatment, 6530
belief discrepant vs consistent ESP demonstration, attitude change & reactions, college students, 3639
blood pressure biofeedback training & cognitive strategies & tilt table, treatment of orthostatic hypotension following removal of medullary tumor, male 30 yr old, 8508
brainstem evoked potentials during auditory information processing, schizophrenics vs affective disordered patients, 12970
broadband noise & complex vibration, performance on mental counting task, 6880
buttonpress vs counting choice RT tasks & response on same vs opposite side of stimulus, spatial & temporal characteristics of hemispheric electrical activity, 3002
causal attribution & efficacy questions in family therapy, 13242
cerebral dominance, facilitation vs inhibition of emotional responses viewing sexual vs aversive slides, college students, 441
cerebral elaboration of visual image perceived, 355
changes in sensory organs & CNS, interpersonal communication, aged, 974
changing orientation, perception of structure & form, 110–130 day old males, 3300
choline bitartrate, intellectual performance, 55–77 yr olds with Alzheimer-type dementia, 8577
classroom social problem solving training program, cognitive skill improvement, suburban & inner city 3rd graders, 2114
classroom vs ward reality orientation training, cognitive functioning & behavior change, psychogeriatric hospital & old people's home dementia patients with mean ages of 79 & 81 yrs, 13372
coding strategies, short term memory, 2769
cognitive activity, lateral eye movements, 16–30 yr olds, 7488
cognitive & affective variables & socioeconomic status, academic ability, male 7th graders, Israel, 2129
cognitive analysis of babbling, male infant, 998
cognitive aspects of state vs trait anxiety in physical activity settings, 8083
cognitive-behavioral intervention involving changes in parenting style, child abuse, 8547
cognitive & behavioral therapy, thought patterns & overt behavior, suicidal depressive 20 yr old male, 2- & 14- & 42-mo followups, 6354
cognitive-behavioral treatment, chronic pain, therapist manual, 8526
cognitive distortion & cognitive errors, depressed psychiatric vs depressed vs nondepressed low back pain patients, 10427
cognitive & emotional aspects of anxiety, review of literature generated by theory of R. M. Liebert & L. W. Morris, 9605
cognitive & emotive & behavioral differences & similarities between rational-emotive therapy & cognitive behavior therapy, 1782
cognitive functioning, psychiatric patients with vs without complaints regarding ECT, 1643
cognitive functioning & memory, ECT- vs nonECT treated depressive patients, 4 & 7 mo followup studies, 1685
cognitive interactions, secondary science teachers & their students, 6705
cognitive load, achievement & catecholamine level, 11886
cognitively oriented model for dance aesthetics, 3265
cognitive maps & hippocampus, 2974
cognitive motivational psychology & other experimentation trends in general psychology, 2747
cognitive orientation toward music, implications for music education, 3264
cognitive processes, aging, proceedings from Design Conference, 7821
cognitive processes, 6 & 10 yr old males during & after remission of endogenous depressive episode, 3770
cognitive processes & behavior, development & testing of causal hypotheses, college students, 5801
cognitive processes & development of logical & infralogical social cognitive processes, children, 10003
cognitive processes & learner strategies, motor skill acquisition & retention & transfer, 11757
cognitive processes & semantics & pragmatics & phonology & syntax, study of developmental language disorders, literature review, 6097
cognitive processes & strategies, learning & performing complex motor behaviors, 11758
cognitive processes & strategies for learning complex motor behaviors, 2674
cognitive science & artificiality of intelligent systems, 11918
cognitive set of lability vs stability, psychological & physiological parameters of psychological stress, Ss, 7549
cognitive shift in social psychological theory, proposed research on consciousness, 2825
cognitive skills training program, trainable mentally retarded 13–14 yr olds, implications for use with minority students, 11322
cognitive strategies & ability & sex, tennis serves, 18–25 yr old tennis players, 310
cognitive strategies in problem solving, teaching implications, 2090
cognitive technique & aversive stimulus & positive nonverbal reinforcement, classroom thumb sucking, 4th grade female, 13682
cognitive theories in contemporary social psychology including cognitive consistency & social learning & attribution, 12749
cognitive therapy, families, 4026
cognitive therapy technique, depressed mood & heart rate & EMG & skin resistance & temperature, depressed patients, 10854
cognitive therapy vs imipramine, depression, depressed patients, 12-mo followup, 10786
cognitive therapy vs imipramine, symptoms & treatment completion, depressed outpatients, 1-yr followup, 1653
cognitive training program, social skills improvement, 3–5 yr olds, 13275
cognitive vs affective processing systems & models of humans, 12746
cognitive vs direct approach to explanation of illusory causation & correlation in object & person perception, literature review, 12815
color vs spatial location vs word attribute variations, recognition of pictures &/vs words, college students, 11965
communication media & subsidiary information & stimulus features, message redundancy, Ss, 12423
communicative & cognitive functions of echolalia, 4–9 yr old autistic males, 10515
comparative-influence stage-analysis technique, identification of information processing stages & relationship between tachistoscopic & RT tasks, college students, 11916
compatibility of stimulus-response mapping & correspondence of source, RT toward stimulus source in key pressing task, college students, 11919
computer simulation tests of semantic networks & spreading activation models of human memory encoding & retrieval, 9585
concepts & issues for study of cognition, 11910
conceptual range of "cognitivism", criticism of definition of J. Haugeland & reply to criticism of J. R. Royce, 439
conceptual representational theories & research models, modeling of memory & language, 11974
conceptual structures, analysis of operator behavioral data, 2271
concurrent mental activity, visual accommodation response, male 21–23 yr olds, 11823
concurrent musical task, facilitation of left-hemisphere mediated motor task, college students, 11763
connection between inhibitions & distortion in sexual & intellectual realms, analysis of L. Carroll's commentary on mathematical puzzles, 5861
conscious & unconscious processes in learning of complex rule structure, college students, 5041
consistency in pronunciation of visually similar words & mixed vs single case presentation & visual quality, recognition of phonetically vs nonphonetically spelled words, college students, 7242
consistency of previously generated hypothesis with salient vs unusual interpretations of data, hypothesis generation performance, 7226
construction of nonlinguistic hierarchical tree structure, Broca's aphasic adults, implications for comprehension of syntax, 6133
construction & storage & retrieval of representations or "K-lines" in memory, 11908
constructs & measures & measurement properties of social role taking, literature review, 10349
continuous & time-varied broadband noise, color-word test performance & word reading RTs, college students, 2627
control vs no control over noise & success vs failure vs no feedback on performance, cognitive task performance, male college students, 297
cortisol & ACTH levels, affective & cognitive & biological impairments, Cushing's syndrome patients, 10734
creativity as transformation of primary & secondary thinking processes, 2731
creativity & intelligence & sex & field dependence, problem finding, college students, 2732

cross-section line orientation, verification of topographical cross-section diagrams, college students, 11889
crowding with physical contact vs uncrowded environment, physiological & cognitive & nonverbal responses, male college students, 10318
depressed vs nondepressed state & depression-related cognitions & self esteem, randomly selected Ss, 1-yr longitudinal study, 5869
description of cognition as computation, explanatory theories, 5002
descriptive model, intelligence analysis, military personnel, 4527
Detroit Tests of Learning Aptitude subtests, prediction of academic achievement variables underlying process disorders, learning disabled 13–18 yr olds, 11379
development of cognitive organization of new environment, college freshmen, 2758
development of cognitive & personality-social characteristics, 30 yr old mothers, 40 yr followup, 5461
development of matched task items investigating single word referent communication, measurement of cognitive slippage, schizophrenics & affective disordered patients, extension of test developed by E. E. Smith, 5970
difference in sizes of compared objects, RT for subsequent size discriminations, college students, 9538
difficulty level of auditory discrimination task, latency & amplitude of N250 vs P300 evoked potentials during event counting, adult Ss, 778
direct access vs inferential retrieval in question answering, 7247
direct visual perception, criticism of J. J. Gibson theory, 7192
direct vs indirect training, change in hemisphericity, gifted high school & graduate students, 3377
discussion of "Introduction to Biological Psychiatry" by R. Tissot et al, relationship of affective & cognitive structures, 981
dopaminergic breakdown & cognitive deficit in schizophrenia, 3789
dorsal hippocampectomy vs partial neodecortication, differential conditioning of nictitating membrane response, rabbits, 9880
duration of mental preparation period, performance on leg strength test, college students, 9612
dynamic aspects & strategies for improvement of memory, implications for mentally handicapped, 6067
ear differences in processing superficial vs meaningful tasks, long term memory, college students, 9754
ecological approach to social knowing, 12737
ECT right unilateral shock, improvement in processing of sequential time dependent information, 22–59 yr old psychiatric patients, 3963
educational technology in phase with communication science & learning & cognitive theory, 11134
effectiveness & validity of statistical consensus information, 253
emotional state, performance on sentence verification tasks, 5052
encoding pattern of Serbo-Croatian nouns, performance on lexical decision task, college students, 7225
encoding strategy & processing time & stimulus compatibility, recognition memory for shapes, US Navy recruit trainees, 9569
environmental context, conditioning, literature review, 2862
epistemiological issues & psychological theory, 4637
evaluation of cognitive behavioral procedures from theoretical & methodological points of view, 13307
evaluation of theories on knowledge integration, 11234
event-related brain potential, index of task workload, males vs females, 683
examination of product descriptions vs products, cognitive processes & eye movements & determinant attributes & protocol content in choice behavior, household members, 6915
expectancy of test type & word frequency, level of recall vs recognition of high vs low frequency words, college students, 5016
expectancy & pharmacological effects of alcohol, cognitive & motor performance, male college students, 5416
expected unchangeability of life stress, adjustment to economic &/vs health problems, aged Ss, cognitive theory of aging, 5467
experimental approaches to creativity, literature review, 5888
eye movements, perceptual & cognitive processes, bibliography, 1976–80, 11727
factor analysis, planning & simultaneous-successive coding processes as reflected in task choice, 8th graders, 12476
failure detection in proprioceptive vs visual information processing channels, right handed male college students, 397
failures & causes & needed research & education, human planning, 1306
familiarity, visual information processing, college students, 2772
familiarity & concreteness of stimulus nouns, paired associate learning, college students, 9564
field dependence vs independence, preference for figural complexity, college students, 7215
form/content vs task variables, process & representation in reasoning, male 7th vs 10th graders vs college students, 12527
formulation of causal scenarios & later theory discreditation, perseverance in belief in theory, college students, 5784
formulation of theory of mental imagery & research recommendations, 432
free reading vs topic choice vs recall task & passage presentation order, reading time, college students, indications for component subprocesses in prose comprehension, 9545
functional role in information processing & psychophysiology, P300 component of human average evoked potential, literature review, 721
functions of attributions, 1261
gender-based schematic processing, sex typing, male & female college students, 5685
geometric analogies, information processing & individual differences, college students, 11721
grade level & sex & achievement, concurrent validity & factor structure of structure-of-intellect measures, 2nd–6th graders, 2464
group cognitive restructuring technique with vs without religious imagery, group interaction & depression, depressed college students with high religiosity, 1815
group vs individual cognitive therapy with vs without antidepression medication, neurotic depressive patients, 1670
hand vs head movements during visually presented problem solving task, 8 yr olds & children with muscular dystrophy, Netherlands, 3898
Hebrew words written with correct vs incorrect vs no vowel signs, RT to name word, college students, 9979
hemispheric asymmetry, processing of affective stimuli & in manic depressive & affective disordered patients, literature review, 10506
hemispheric symmetries in tactile recognition & mental rotation tasks, right handed college students, 735
hierarchic representations of output in motor programing, playing music of Chopin & Bach & Bartok, professional pianists, 7237
high vs low probability visual stimulation, late positive component of evoked cortical potential, 3 mo olds, 12504
hippocampus, cognitive mapping & working memory, rats, 3125
hippocampus, conditioned operations & cognition, 2980
hippocampus, cue utilization, literature review, 3133
human intentionality & computer programs, 7235
hypothetical dual component of cognitive dictionary structure, confirmation of personal component where S uses same semantic rules & proportions on different word lists & occasions, 7230
identification of text anomalies, type of anomaly, college students, 4974
idiographic manipulation of cognitive & autonomic & motoric & environmental factors, anxiety management, patients, 8562
impression formation vs memory task instructions, recall of behavior descriptions with vs without distinctive items, college & graduate students, 4984
inadequacy of abstract triads in studies based on F. Heider's principle of cognitive equilibrium, 2390
inclusion of cognitive psychology theory in human-computer interaction studies, 11509
individual differences multidimensional scaling, cognition of molar physical environment, 5–77 yr olds, 10123
individual vs group context, cognitive-behavioral self control treatment, 3rd–5th graders, 6340
information acquisition & attribution processes, college students, extension of H. H. Kelley's model, 5811
information processing, reading & sentence comprehension, 5th & 6th grade poor comprehenders, 12494
information processing deficit, paranoid schizophrenics, 10460
information processing deficits, theory of overselective attention, autistic children, literature review, 5951
information processing & encoding strategies, depressed patients, 1501
information processing in ESP, 14
information processing model, psychokinesis, 2313
information processing research on intelligence, 2761
information & social interaction components, individual vs group performance on hypothesis generation task, 8007
input modality & central processing codes, individual vs task related differences in time-sharing efficiency on information processing tasks, right handed male college students, 445
instructions-to-learn vs item repetition & retention interval, long term free recall, college students, 11931

integration & differentiation of environment & creativity & intelligence, college students, 9556
intentional vs incidental learning, 4th & 5th graders high vs low in simultaneous vs successive processing vs attention, 10060
intentional vs incidental learning instructions & immediate recall test & list structure, long term retention, college students, 9582
interaction of cognitive & affective systems, multifactor individuality theory of emotion, literature review, 9611
internal structure of propositions, rate of recall, high school & college students, 2739
intracranial self stimulation, emotion & pain & reward & learning mechanisms, literature review, 9787
investigation of models for shifts of attention to parts of visual field without changes in fixation, college students, 2746
IQ & cognitive operations, hebephrenic vs paranoid schizophrenics, 13009
Kanji vs Kana Stroop type color words in left vs right visual field, RT, right handed college students, Japan, 12212
kinesthetic & visual stimuli vs verbal instructions, performance times for addition exercise & accompanying automatic responses, 4–5 vs 6–7 yr olds, 12477
knowledge & cognitive development, 1016
knowledge of group consensus & social support, assignment of popular vs unpopular meaning to stimulus word, college students, 5781
labeling, hypothesis-testing behavior, college students, 2760
language development & classification & contributing factors & prevention of language impairments, children, literature review, 10635
language & speech development, 2–20 yr olds, 12532
lateral asymmetries, identification of concrete vs abstract "Kanji" nouns, college students, 7449
lateral specialization, group differences in cognition, left handed adults, criticism of methodology of E. Fennell et al, 7434
learning of episodic material, retrieval of semantic information, 17–34 yr olds, 5014
learning of relational aspects of items &/vs individual items, free recall & recognition, college students, 5023
lesions of dopaminergic A10 neurons, retention of delayed alternation, male rats, 853
level of abstraction of stimulus socioeconomic status, communication encoding performance, lower class White vs Black vs middle class White 4th graders, 5510
level of cognitive processing, cue overload from semantically similar vs dissimilar interpolated material, 5001
level of confidence & optimality of information processing, accuracy, eyewitnesses, 12690
level of error in data, validity of multidimensional scaling in estimations of conceptual level, college students, 273
level & review & sequence of inserted questions, text processing, college students, 4980
levels of cognitive processing, recall of learning materials, 3–4 vs 5–6 yr olds, 5498
levels of information processing, conduction aphasia, 60 yr old male vs female, 3892
levels of processing & memory, 415
levodopa & melanocyte-stimulating-hormone inhibiting factor, disability score & intellectual functioning, Parkinson's disease patients, 4082
linguistic organization of verbal reports of REM & NREM sleep, 19–25 yr old males, 2630
marihuana, visual information processing, male marihuana users, 3144
masking stimulus energy & set vs non-set conditions & duration of target stimulus, recognition of target, implications for figure-ground segregation, 390
mathematical models for knowledge input during problem solving, 2762
mathematics experience, use of left hemisphere in response to mathematical questions, right handed college students, 12215
medial septal lesions, contingently reinforced T-maze alternation, male rats, 9902
memorial & cognitive processes, correspondence of confidence & accuracy, eyewitnesses, 12696
memory for own vs others' drawings & block constructions & maze paths, play following failure, 3–4 yr olds, 10086
memory scanning of shapes vs colors vs shape-color compounds, RT, retarded vs nonretarded 20–30 yr olds, 3878
mental activity & emotional state, local cerebral blood flow, patients with cerebrovascular pathology, 8372
method for adjusting contingency tables to remove effects of S & item differences, study of human memory, 4855
methodological problems, testing of decoding sufficiency hypothesis, critique of study of L. S. Fleischer et al, 7775
methodological problems in experimental study of differences in cognitive processes, 4662
modality impaired vs tested & semantic vs perceptual encoding, recall vs cued recall, auditorily vs visually impaired learning disabled 10 yr olds, 10591
modality of cue vs distraction task, effectiveness of retrieval cues, college students, 11948
modality specific information, auditory vs visual channel capacity & processing & retention, 17–25 yr olds, 305
modification of cognitive processes, schizophrenia, 25 yr old male, 6314
molecular cognitive & perceptual processes in social knowing, 12748
motor skill level, cognitive controls & learner strategies & information processing systems, 11759
motor skill level, cognitive controls & learner strategies & information processing, training implications, 308
movement precuing & subsequent motor performance RT, inference about motor programing of aimed hand movements, college students, 9469
multiple vs related word meanings & word frequency, RT of lexical access of words, college students, 426
natural vs artificial selection, evolution of "duplex" vs single integrated information processing system, wolves vs dogs, 12176
nature & context of cue, recall, college students, 9587
nature & function of reference points in cognitive representations of large-scale space, college students, 5004
neuroanatomical correlations, language disorders, 10608
neuropsychological models of cognitive processes & strategies, implications for mental retardation, 7478
neuropsychological procedures, differential assessment of learning disorders caused by CNS dysfunction, school psychologists, 11378
neuropsychological test performance, female alcoholics, 1987
noise & social & spatial density, task performance, implications for cognitive control of stress, 1221
normative data for Symbol-Digit Substitution test, measurement of visual information processing ability, schizophrenics & other hospitalized groups aged 16 & over, 9407
object rating task, consumer information processing strategies, 30–39 vs 50–59 vs 60–69 vs 70–79 yr olds, 10001
onset & offset & contrast reversal of sinusoidal gratings & spatial frequency, response latency, right handed males, 11832
operations underlying ratio & difference subjective judgments, reply to S. J. Rule & D. W. Curtis, 9515
ordinal properties of subjective ratios & differences, nonmetric analysis of stimulus values of C. T. Veit using simulated data, 9511
overview of drug therapy, cognitive decline, aged patients, literature review, 4100
overview of & questionnaires for measurement of alexithymia, 1556
paired associate learning, search time & recall & feeling-of-knowing states, college students, 11960
pairs of letters vs rotated letters vs nonsense forms presented simultaneously vs successively, RT for "same" vs "different" judgments, college students, 11852
path analytic validation, Weiner's cognitive model of achievement behavior, 4653
perceptions of antisocial behavior & peer regulation & individuality & attention structure in school, junior high school students & staff, 11236
perceptual quality & visual field of probe stimulus, memory search for letters, college students, 7174
performance in oral vs written naming of pictures, male Broca's vs Wernicke's aphasics, 8322
performance on psychometric & laboratory measures of cognitive processes, idiopathic dementia patients, 6021
personality factors & age differences, cognitive strategies on probability learning task, 5–15 yr olds, 3327
phonological vs semantic factors, phonemic discrimination ability, Wernicke vs Broca aphasics with mean age 56.5 yrs, 13072
physically identical vs different letter name vs case, RT, college students, 295
physical vs cognitive arousers during rote learning, performance level & physiological indices, Ss, 11945
pictorial vs word stimuli, RT & recognition of stimuli, 11976
placement of information high vs low in passage structure, free recall, college students, 5020

planning mechanisms as framework for microanalysis of conversation, 11896
posthypnotic amnesia, disruption in memory search process & disorganization in memory retrieval, college student amnesiacs, 5072
predetermined word order in serial anticipation task vs order reconstructed by S in free recall task, learning, 7209
predict & request vs information & request vs information only vs predict only task, "self erasing" of prediction errors, female college students, 3660
premessage expectancy & information on communicator's background, attribution & opinion change & comprehension of communicator's message, female college students, 12832
presentation of stimuli to right vs left visual field, perceptual encoding vs memory, college students, 9780
prior knowledge vs brief study & familiarity vs unfamiliarity of map, estimation of distance between sites, college students, 11730
problem-finding instructions, problem detection & adjustment of standards for evaluation, 8 vs 10 yr olds, 5509
problems in inference of competence from performance, criticism of Piaget's logical competence models, 5477
processing of complex visual stimulation, EEG arousal changes & stimulus recognition, 25–49 yr old schizophrenics vs normals, 1483
process similarity, simultaneous acquisition retention phenomenon, college students, 11981
proportion judgments in haptic & visual form perception, college students, 2635
psychoregulatory concept of cognitive processes, 11898
psychotherapeutic technique of paradox, problem formation & resolution, 8435
purpose vs no purpose, quality of names for symbols, replication of experiment of D. Olson, 2735
questioning strategies, primary & secondary teachers, implications for use of higher-level cognitive questioning, 4325
rationality of self statements about aggression-provoking vignettes, aggressive vs nonaggressive 3rd–5th graders, 10552
rational & psychological aspects, risk, 5895
reading ability & sentence complexity, oral vs silent reading rate & comprehension, 2nd & 5th graders, 11225
reading comprehension & information processing approach in essay posttest, creative vs noncreative college students, 1319
reading sequence of prose, recognition & transfer & semantic relations, college students, 2749
recall of related us unrelated & precued vs postcued & to-be-remembered vs -forgotten word lists, college students, 5031
recency effects in recall vs recognition of incidentally learned material, college students, 9547
recognition of embedded sentences & minor vs major wording changes, heart rate & respiration changes as measures of verbal storage & retrieval, male college students, 499
relationship between number of stimuli & perceptual span & response possibilities, response latency, 20–30 yr olds, 7252
remediation of math difficulties resulting from spatial orientation vs verbal-cognitive deficits, dyscalculic students, 9056
repetitive study of & testing on same set inclusion structure & immediate feedback, conversion errors & RTs on test for integration of related information in prose, college students, 421
reponse mode, speed of access to different types of information in memory, college students, 2791
representational vs computational theories of mind in cognitive psychology, 4979
research conducted on behavioral change through cognitive intervention by D. Meichentaum & colleagues, literature review, 6320
research in cognitive behavior therapy, children, 1966–79, 6336
retrieval-dependent vs -independent models of knowledge of routine activities, 1283
Revised Kendrick Battery, assessment of cognitive functioning & change & diagnosis of organic dementia, long term elderly psychiatric patients, 4786
right hemisphere processes & cognitive functioning including creative thinking, problem solving through systematic relaxation, literature review, 724
right- vs left-embedded sentences in related vs unrelated discourse, visual processing of syntactic structures, graduate students, 2733
right vs left hemisphere advantage, face recognition, literature review, 726
right vs left minor hemisphere lesions, speech & language performance on tests requiring visual-spatial information processing, 27–71 yr old right handed Ss, 1611
right vs left temporal lobe dysfunction, verbal auditory vs visual encoding strategies, adults, 10722
role of cognitive consistency, attitudes toward dyadic interaction, 6 & 9 & 12 yr olds, 7755
same vs different judgments in verbal comparison task & subsequent recognition, event related potentials, college students, 7487
sample duration & type & symbolic nature & delay time between sample & choice, performance on matching to sample task, pigeons, 7331
scanning vs verbal self instruction strategies, impulsive cognitive tempo, 3rd graders, 2101
scheduling theory, additive factors method of analyzing RTs in tasks involving concurrent mental processing, 440
search for target absence vs presence, factors affecting difference in decision time, college students, 7222
self-generated cognitive strategies, pain endurance, college students, 2671
semantically related vs nonrelated preceding verb, speed of lexical access to words beginning with target phoneme, college students, 4975
semantic associations with attended vs unattended visual inputs, direction of processing interaction, college students, 9497
semantic vs structuring vs nonstructuring perceptual processing, word recognition memory, 12–20 yr olds, 7779
sentence context stressing various meanings of trait & consistency with subsequent information, ratings of persons described by trait adjectives, college students, 3668
separation of Digits Forward from Digits Backward of WISC Digit Span subtest, diagnosis of neurologically based learning disabilities, 5–15 yr olds, 11350
severity of brain damage resulting from localized head injury, intelligence & reading & cognitive & motor performance, school age children, 1566
sex & bodily contact, reactions to crowding, college students, 5758
sex & nature of task, motivation & performance in intellectual setting, 17–18 yr olds, 12503
short term memory as a load variable, manual vs verbal performance, adolescents & young adults, 2623
similarity of task, transfer of release of proactive interference obtained through orienting tasks, college students, 7243
simple & relative positional disparity, processing time in depth perception, students, 2707
simulated vs real industrial task, verbal protocol as indication of control skills, grid control engineers, 6854
smaller vs larger number of entities, discrimination, monkeys, 2878
social isolation from 7–19 yrs of age, thought patterns & educational problems, male S, 5454
social skills training, change in cognitive aspects of anger management & assertive behavior, 30 yr old White police officer, 1816
sociocognitive conflict, performance on conservation-of-length task, male vs female 6 yr olds, 1028
socioeconomic status & cognitive & affective variables, game ability & academic ability, 7th graders, 10100
spatial metaphors in memory theories in cognitive psychology, 493
specific vs ambiguous precue conditions & type of precue, movement initiation time, 18–30 yr olds, 9466
spontaneous vs intentional encoding strategies, span of unrelated words recalled in order, college students, 11963
S's selective learning process, durability & type of memory trace, 9589
statement vs rhetorical presentation of strong vs weak relevant vs irrelevant arguments, persuasiveness, college students, 12436
statistical methods, investigation of cognitive processes, 11719
status organizing processes, literature review, 3598
stimulus complexity vs response competition, task performance, hospitalized male schizophrenics, 3785
stimulus-related motor activity, temporal integration of visual information, 5 vs 7 yr olds, Netherlands, 3323
strategy choice & field independence effect, abstaction & storage & retrieval, college students, 2744
strategy choice & training, pictorial vs verbal strategy in sentence-picture verification, Ss with high vs low spatial ability, 7227
strengths & weaknesses of social schema concept, literature review, 12740
stress vs verbal cognitive activity, bilateral electrodermal responses, right handed adults, 3039
structured vs nonstructured basketball game information, recall level, female college basketball players vs nonplayers, 5013
subjective organization of personal adjectives in free recall, short vs long term depressive adults, 1417

subvocalization rate as predictor variable, immediate memory span, college students, 9592
suggested levels of mind & awareness as ground for self knowledge, integrated psychology based on relatedness of individuals, 1353
summary & commentaries on "The Hippocampus as a Cognitive Map" by J. O'Keefe & L. Nadel, 716
superficial & deep processing of information in film clip, recall of words on sound track indicating processing capacity, college students, 2736
superficial markers of coreference vs semantic contents containing contradictory information, judgments of coherency of passage, 4978
surface area & accelerative force of weights, magnitude estimation of skin area contact, 18–54 yr olds, 7141
target word primed by word near vs far from target & presentation time, facilitation of word recognition, college students, implications for spreading activation model, 11971
task analysis & cognitive functioning, construction of instructional program for diagnosis of learning difficulties, 2167
technique & outcomes, cognitive family therapy, married couples & families, 10845
temazepam vs flurazepam vs barbiturate, cognitive & visual-motor & RT task performance, male college students, 5399
temporally compressed speech, S-determined interruption of speech as measure of segmental speech processing, college students, 4971
temporal onset of nonspeech signals vs voice onset time of speech stimuli, selective adaptation effects, college students, 11875
temporal structure vs sense modality, memory organization in free recall, college students, 11935
theoretical framework, cerebral specialization & adaptivity & flexibility of human information processing system, 5207
theoretical framework, proposed study of teaching methods for activity learning, 13570
theories & contributions of H. Sjobring including concepts of mental functioning & personality variants & lesional disorders, 22
theory of intentionality, relation of intention to action, 11557
thought process revealed through thinking aloud during reading, college students, 5011
time-lag argument, theory of perception, 4638
tonic & phasic heart rate, measurement of mental fatigue, 9821
training & incentives, cognitive abilities including conservation of volume & length, advantaged vs disadvantaged 8–9 yr olds, 7823
training vs instructions, cognitive learning strategies, college students, 9599
trait adjectives consistent vs unrelated vs inconsistent with occupational group stereotypes, estimation of frequency of use of each adjective, high school & college students & adults, 8040
typicality of stimuli, concept identification & accompanying GSR, students, 11887
unidimensional scaling, assessment of cognitive structure of interest in English lessons, secondary education students, Germany, longitudinal study, 4370
use of mental images in cognitive operations & as aid in learning & memory, 11911
use of organizational schema for information, estimation of time interval durations, college students, 2734
utility of absolute vs relative theories, prediction of size vs direction of accentuation effects, 9468
utility of cognitive-interactionist approach, coping with single parenthood after marital breakdown, members of Parents Without Partners, 10229
validity & use of skilled performance information processing model in Aircraft Landing test for pilot selection, Canadian Forces pilot trainees, 2230
value & imminence of goals & disrupted goal striving & other affect variables & commitment intensity, frequency with which goals thought about, college students, 5806
variations in response latency, recognition of memorized words from same vs different category, college students, 5030
verbal codability & degree of difficulty & quantity of visually presented problem, hand movements, female 9 yr olds, Netherlands, 3395
verbal coding vs processing vs memory skills, reading comprehension skill, 3rd–8th graders, 10058
verbal & imaginal encoding & stimulus codability & exposure, recognition memory for shapes, US Naval recruit trainees, 7250
verbal & nonverbal information, picture recognition, 3–5 yr olds, 3353
verbal reports on cognitive processes, criticism of R. E. Nisbett & T. D. Wilson's study, 517
verification vs disconfirmation model, processing time for complex kinship statements, college students, 9536
visibility of target & starting point & locomotor & target distance from starting point & direction, maintenance of orientation during locomotion in unfamiliar environment, college students, 7148
visual stimulus complexity & field independence, information processing, college students, 4976
visual stimulus intensity & foreperiod duration & location probability, oculomotor & manual choice RT, college students, 11909
visual stimulus & masking patterns & interstimulus interval, position & identity recall, Ss, 11796
whole word vs correspondence rule processing of words, 4th–6th graders with reading &/vs spelling difficulties, 1542
word order vs probable-event strategies, sentence comprehension, autistic children, implications for semantic-cognitive deficits, 6008
word vs 1st letter in word differences & word frequency, speed on simultaneous & delayed visual matching task, college students, 7239
2-operation vs 3-operation model, process for determination of subjective ratios & differences in visual discrimination, models of C. T. Veit vs S. J. Rule & D. W. Curtis, 9484

Cognitive Style [See Also Cognitive Complexity]
age differences & cognitive style & classification ability, animism, 6–65 yr olds, 12547
age & intelligence differences, errors & response latency on Matching Familiar Figures Test, impulsive 1st vs 4th graders, 7883
approach & cognitive styles, foreign language learning, multilingual vs monolingual 21–61 yr olds, 955
background variables, cognitive preferences, medical school teachers, 13510
child abuse, perceived locus of control of social events & perspective-taking skills & social sensitivity & role comprehension, 6–8 yr old abused children, 10542
cognitive structure & content, obsessive compulsive patients, replication of F. Makhlouf-Norris & H. Norris's results, 8163
cognitive style & reading achievement, implications for assessment & remediation, literature review, 10070
cognitive tempo & intellectual performance, college students, 11900
constricted vs flexible & contrast reactivity control principles, 11–12 yr old males, 988
construction & reliability & validity of Cognition Scale of Assertiveness, 16–19 vs 20–31 vs 21–53 yr old college students & nonstudents, 175
content only vs self instruction training, conceptual tempo & cognitive level before & after training, preoperational vs concrete operational 2nd graders, 10030
convergent & discriminant validity of Group Embedded Figures Test & Raven Advanced Progressive Matrices, measurement of cognitive styles & abilities, college students, 2549
creativity & intelligence & sex & field dependence, problem finding, college students, 2732
cross cultural view of cognitive style & intellect & intelligence, 3506
degree of anxiety & liking, perception of body height, 12–17 yr olds, 5455
demographic & personality variables, norms for Kagan Matching Familiar Figures Test of impulsivity/reflectivity, adults, 7059
development of tennis-specific version of Test of Attentional & Interpersonal Style, 16–56 yr old tennis players, 9431
dogmatism & field dependency, cognitive vs perceptual style vs openness of attitude, 12880
field dependence vs independence, preference for figural complexity, college students, 7215
impulsive cognitive style & disinclination to tolerate uncertainty, superstitious beliefs, college students, 12894
impulsivity/reflexivity as aspects of cognitive style, scholastic achievement, 13612
individual differences, free classification of multidimensional stimuli, college students, 7218
individual differences & word vs nonword context, response latency in letter identification, college students, 11815
item analysis & reliability of alexithymic & psychosomatic questionnaire, assessment of factors related to cognitive style, 19–51 yr old medical patients, 195
learner strategies, acquisition & retention & transfer of serially learned limb positioning tasks, college age Ss, 11760
measurement, social competence, 3 & 4 yr olds, 3459
method of test administration & cognitive style & testing conditions, performance scores, college students, 13674

muscle tone & changes in autonomic balance, cognitive style, 17 yr old students, 3289
perceptual vs verbal functioning, performance of tasks requiring voluntary vs involuntary control, 18–30 yr olds, 2620
performance on Educational Set Scale, prediction of concept vs fact learning performance, college students, 11358
personality correlates & cognitive style, lateral eye movements, female vs male college students, 3721
reading proficiency & cognitive style & dynamic vs static stimuli, scanning strategies, 3rd graders, implications for TV research, 3301
reflection/impulsivity & intelligence & socioeconomic status & race & father absence & teacher ratings, male White vs Black vs Hispanic kindergartners, 13538
relationship between Matching Familiar Figures Test & measurement of school achievement & adjustment, kindergartners & 2nd & 5th graders, 11346
reliability of Matching Familiar Figures Test, female college students, 2505
restricted TV viewing, leisure time use & IQ change & cognitive style, 6 yr olds, 3276
scanning vs verbal self instruction strategies, impulsive cognitive tempo, 3rd graders, 2101
sex differences, personality traits & cognitive style & academic achievement & perceptual motor skills, learning disabled special education students with mean age 12 yrs, 10611
sex differences in cognitive style, nomadic vs transitional sedentary Birhors vs agricultural Oraons vs urban 4–5 & 7–10 yr olds, India, 10192
socioeconomic status & father's absence & family size & birth order, conceptual style preference, male vs female 6th graders, Jamaica, 976
style & ability & generalizability, differentiation of reflection-impulsivity, 14–17 yr olds, 3434
verbal vs imagery learning style, recall of pictorially vs verbally presented information, 11 yr olds, 5522
verbal vs imaginal cognitive strategies, inhibition of emotional arousal, male vs female college students, 7281
visual imagery & cognitive style, out of body experiences, college students, 6928
written syntactic complexity & cognitive style, high school & college students, 5430
Cohabitation
cohabitation in college, dating relationships & transition to marriage, dating couples, 12641
own vs partner's level of enjoyment, frequency of specific sexual activities, 22–66 yr old married or cohabiting couples, 12722
Cohesion (Group) [See Group Cohesion]
Coitus [See Sexual Intercourse (Human)]
Coitus (Animal) [See Animal Mating Behavior]
Cold Effects
ambient cold vs normal temperatures, diurnal activity level, male rats on low-iron diet, 5311
biofeedback training of hand vasodilation, level of hand efficiency at cold temperatures, normal adults, 5279
cold pressor test & sensory information, distress judgments, high vs low fear female college students, 12297
emotional & psychological effects of prolonged stay in polar regions & underwater & space flight & sensory deprivation & isolation & reduced mobility, review of Soviet literature, 2292
exposure to cold, RT & movement & total performance time in arm movement task, right handed male college athletes, 330
footshock stress vs cold exposure, plasma catecholamine & corticosterone levels, spontaneously hypertensive rats, 9831
Lamaze breathing vs deep slow breathing & light finger massage & actual vs imaginal rehearsal, pain tolerance, female college students, 7552
level of challenge & Type A vs B behavior, blood pressure & heart rate, male college students, 5273
personality traits & biochemical & hemodynamic factors, 30–59 yr old male with arterial hypertension & coronary heart disease, polar regions of Russia, 1609
putamen cooling, visuomotor pointing task, baboons, 3062
rearing in cold vs warm environment & length of exposure & food intake & body temperature, reinforcement rate for heat & thermoregulatory behavior, pigs, 793
weather, severe psychopathology, patients, 1393
Colitis [See Ulcerative Colitis]
Coll Ent Exam Bd Scholastic Apt Test
critique of Scholastic Aptitude Test as college admission tool, 4457
National Educational Development Tests performance, prediction of later scores on College Board Scholastic Aptitude Test, 9th graders, 4420
preparatory course, Scholastic Aptitude Test-Verbal scores, high school students, 4410
utility & accuracy & multivariate logic of bivariate grids, prediction of college performance, 4458
Collaboration [See Cooperation]
Collective Behavior [See Also Riots]
anonymity to authority & potential retaliation from victim, aggression, small groups of coacting aggressor college students, 1238
collective educational setting vs rural nuclear family, development of role taking & competitive & cooperative behavior, 6–8 yr olds, Hungary, 3422
dynamics & recruitment & mass suicide, cults & People's Temple in Guyana, 7951
framework for study, Muslim "millat" character, 2381
major premises of comparative organization theory, 6874
mass suicide, attributions regarding Guyana incident, laypersons, 8194
models, initiating vs receiving propensities vs role differentiation vs reciprocal interaction, small discussion groups, 1225
political control techniques by paranoid leader J. Jones, mass murder & suicide in Jonestown, Guyana, 12695
resolution of collective choice dilemmas, townhouse apartment cooperative members, 1239
social differentiation processes & collective representation, adolescents, 3446
College Academic Achievement
academic achievement, self-evaluation of academic performance & knowledge of instructor's grading criteria, college students, 6691
academic aptitude & achievement, volunteering vs not volunteering for reading & writing study, college students, 8919
achievement motivation & locus of control, academic ability & GPA, college students, 8916
achievement & perceptions of psychology & psychologists, college vs postgraduate students in education vs college students in science, 8809
adaptation of T. M. Lodahl & M. Kejner's scale vs semantic differential measures, academic job involvement & verbal ability & personality traits & academic performance & course satisfaction, college students, 13675
affective meaningfulness of course materials, learning & grades, college students, 11137
changes in testing format in personalized system of instruction, number of students passing exams, college students, 4312
classroom seating location, test performance & enjoyment & interest & motivation, college students, 2143
classroom seating position, grades & participation, college students, 6707
college enrollment & performance, veterans with honorable vs general discharges, 13606
critique of Scholastic Aptitude Test as college admission tool, 4457
educational goals & motivation & achievement & needs, female college students with vs without educational interruption, 2062
family size & birth order, intelligence quotient & grade point average, college students, testing of confluence model of R. Zajonc & G. Markus, 13608
frequency & methods & correlates of college cheating, college students, 8189
importance of clinical training experience vs academic achievement, selection for APA internships, 8792
internal structure & predictive validity of Inventory of Learning Processes, academic achievement, college students, Australia & Philippines, 9131
lecture vs enhanced vs verbatim text & ability & study activities & motivation, examination performance, college students, 4309
locus of control, verbal ability & GPA & performance attributions, college students, 8917
locus of control & academic achievement, autokinetic perception, college students, 2639
mental health problems, Black & Micmac college students, Canada, 4425
Nedelsky procedures for setting passing scores, classification of college students' response options on classroom tests, graduate students, 9123
perception of locus & stability & controllability of causes of academic performance, affective reactions & expectations, college students, test of B. Weiner's model of attributions, 6683

perceptions of intercausal effects & exam performance success & attributions, college students, 11230
self esteem & attributions for future exam success/failure, Filipino college students, Australia, 6717
self vs teacher ratings of academic curiosity, academic achievement & class attendance, college students, 6698
sex differences & cloze test & mathematics pretest performance, course grades, graduate students in educational statistics courses, 13615
socioeconomic status, examination anxiety & academic achievement, male college students, 6697
socioeconomic status & sex & high school educational climate & academic involvement & contact with university faculty, orientations toward scientific & scholarly careers, college freshmen, 1968–1969, 4366
student-faculty informal contact, college outcomes, literature review, 11249
student- & self-rating of instructors, student achievement, college students & instructors, 4271
student vs instructor vs course vs situational factors, course withdrawal, college students, implications for advisors & instructors & course selection, 6625
telephone vs instructor-present format & order of discussion & tape, achievement & attitudes, college students, 8865
utility & accuracy & multivariate logic of bivariate grids, prediction of college performance, 4458
Wide Range Achievement Test vs Peabody Individual Achievement Test, academic achievement, learning disabled college students, 11341

College Degrees [See Educational Degrees]

College Dropouts

college faculty-students interpersonal relations, college dropout rate, 6703
test anxiety & study habits & aggressiveness & assertiveness, factors involved in student attrition, Black college students on probation, 13599

College Environment

evaluation of energy conservation program, university buildings, 2294
evaluation of plan configuration & ability to find way in university building, college students, 2298
perceptions of self & each other, campus vs town police officers, 12809
survey of college counseling center psychologist characteristics & career patterns & goals, center directors, 4456

College Major [See Academic Specialization]

College Students [See Also Community College Students, Graduate Students, Junior College Students, Law Students, Medical Students, Postgraduate Students, ROTC Students]

absolute values for monetary & social outcomes & correctness, college students, 5865
academic achievement, self-evaluation of academic performance & knowledge of instructor's grading criteria, college students, 6691
academic aptitude & achievement, volunteering vs not volunteering for reading & writing study, college students, 8919
academic instruction & relevant course experience, improvement of spatial ability, male vs female college students, 4293
academic preference & performance, Chicano vs Anglo college students, 4343
achievement motivation & locus of control, academic ability & GPA, college students, 8916
achievement & perceptions of psychology & psychologists, college vs postgraduate students in education vs college students in science, 8809
adaptation of T. M. Lodahl & M. Kejner's scale vs semantic differential measures, academic job involvement & verbal ability & personality traits & academic performance & course satisfaction, college students, 13675
affective meaningfulness of course materials, learning & grades, college students, 11137
age & field of study, tolerance for ambiguity, college students, 5892
age & sex & cross cultural differences, self esteem & authoritarianism, White Rhodesian vs South African 17–23 yr old college students, South Africa, 12889
analysis of sexual behaviors, college students, 3571
anxiety & classroom behavior, 18–62 yr old learners, 8940
anxiety & humorous vs nonhumorous test, test performance, college students, 11399
applied relaxation vs cognitive vs conditioned cue-controlled relaxation, test anxiety, female college students, 4038
apprehension about speaking, college students, US vs China, 3710
attitudes toward suicide, college students, 4356
attitudes toward suicide & death anxiety & religiosity & personal consideration of suicide, college students, 13631
biases in causal attributions of actor's deviant vs nondeviant behavior, psychiatrists & psychologists & social workers vs psychology graduate students & college students, 2016
categorization of teacher explanations for student academic performance, teachers & college education students, 4272
changes in sexual behavior & conceptions of masculinity & femininity, male vs female college students, 13627
changes in testing format in personalized system of instruction, number of students passing exams, college students, 4312
changes over time, sexual experience & birth control usage & sex education, unmarried college students, Canada, longitudinal study from 1968–78, 7987
classroom seating location, test performance & enjoyment & interest & motivation, college students, 2143
classroom seating position, grades & participation, college students, 6707
cognitive & instructional style, learning performance, college students, 6662
cognitive vs relaxation coping skills, treatment, test anxiety, college students, 9080
cohabitation in college, dating relationships & transition to marriage, dating couples, 12641
college enrollment & performance, veterans with honorable vs general discharges, 13606
college faculty-students interpersonal relations, college dropout rate, 6703
college life orientation program, persistence & GPA & attitudes & perceptions, incoming college students, 2105
college norms for Leary Interpersonal Checklist personality measure, 193
Collegiate Life Change Questionnaire as screening measure, college students in campus mental health service vs counseling center, 6778
concurrent validity of California Occupational Preference System Interest Inventory, prediction of college major, freshman level college students, 4434
construction of vocational identity & occupational information & barriers scales, diagnoses for research & career counseling, high school & college students & workers, 6762
consultation with college students as change agents & enrollment in college credit course, student behavior modification, elementary school teachers, 11168
coping model vs lecture/discussion, target behavior change, education majors, 13574
covert reinforcement vs rehearsal vs information control vs attention placebo vs delayed treatment, test-taking anxiety, college students, 6708
cross cultural differences & statistical factors, value comparisons, 21 cultural samples of college students, 1144
cultural characteristics seen in factor structure of Rotter's Internal-External Locus of Control Scale, White college students, South Africa, 4771
curriculum, ego development, junior college students, 4301
death education seminar participation, coping capacity, undergraduate & graduate students, 4292
demographic & social characteristics, college students referred to student health psychiatrist vs attending student health physicians, 6773
description of career by male vs female, ratings of career's advancement potential, female college students, 4480
development & evaluation of Autonomous Dilemma Counseling System, self help method for problem solving, troubled college students, 6784
development of inventory for measurement of eating practices, female college students, 9350
development & validity of Scale for Evaluation of Group Counseling Experiences, college students, 9109
development & validity & reliability of Attitudinal Support for Confrontation & Behavioral Support for Confrontation, measures of student deviance, college students, 2186
door-in-the-face vs foot-in-the-door techniques, compliance with students' requests for help, university faculty members, 5749
drug usage patterns, college students, 1970–76, 5709
drug use & lifestyle, college students, replication of study by P. A. Walters et al, 3589
duration of marriage, self esteem, college student spouses, 5655

empathy & self acceptance & dogmatism & tolerance & social responsibility, college student volunteer mental health workers, 3698
evaluation of alternative measures of language proficiency skills, junior level college students in school of communications & professional studies, 4446
evaluation of competency-based training program, psychological report writing & consultation competencies, 1st-yr & graduate school psychology students, 11200
expectations, internal assessment, experienced vs naive college students, 6716
expectations & preferences of teaching methods, college students, 4374
experimental vs traditional residence setting & faculty & peer relationships, educational growth, college freshmen, 6709
Eysenck Personality Inventory Lie scale as measure of conformism, high school & college students, 13678
factor analysis of dimensions of change, teacher performance evaluations, college students, 13547
factorial dimensions in revised scales for evaluation of counselors in university counseling & testing center, counseling clients, 9124
faculty self actualization & student perceptions of instructional procedures, ratings of instructors, college students, 4360
familiarity of background music & test difficulty, reading comprehension test scores, college students, 4429
family size & birth order, intelligence quotient & grade point average, college students, testing of confluence model of R. Zajonc & G. Markus, 13608
fear of failure, Indian vs Afro-Asian 17–23 yr old male college students, India, 5620
frequency & methods & correlates of college cheating, college students, 8189
group affiliation, assimilation & contrast effects biasing rating of organizations, male college students, 12817
high vs low need achievement, cheating, male college students, 13626
high vs low risk & sex & academic ability & correlation with Rotter's Internal-External Locus of Control Scale, cheating, college students, 13628
human sexuality course, locus of control, college students, 4298
humor & test anxiety, performance vs worry vs emotionality, college students, 8812
individualized mastery vs conventional instructional system, attitudes & achievement in calculus, college students, 6675
innovative educational program, self actualization & psychosocial maturity, college students, 1-yr followup, replication of J. A. Goldman & F. V. Olczak's study, 4303
instructions & contingent points, novelty of test answers, college students, 6672
instructor empathy, perceived learning climate in interpersonal communication class, college students, 11242
interpersonal relationships, perceived crowding & loss of personal control, college students in double- vs triple-occupancy housing, 5731
interviewer-interviewee & interviewer-interviewer similarity, selection interview ratings, faculty interviews & undergraduate & graduate student physical therapy applicants, 13689
invalid use of Beck Depression Inventory, identification of depression, college students, 7091
learning strategy training vs traditional instruction, recall of information from prose, academically disadvantaged college freshmen, 2109
lecture vs enhanced vs verbatim text & ability & study activities & motivation, examination performance, college students, 4309
level vs focusing effect of objectives, reading comprehension, college students, 6687
locus of control, creativity, college students, Mexico, 3728
locus of control, verbal ability & GPA & performance attributions, college students, 8917
measurement of cultural distance related to medical consultation & anxiety & examination performance, foreign college students, Scotland, 4353
mental health & frequency & etiology of mental disorders, college students, 1422
mental health problems, Black & Micmac college students, Canada, 4425
Minor Sentence Completion Scale, measure of motivation, female college students, 2449
multidimensional scaling procedures, assessment of changes in perceptions of Othello vs Sherlock Holmes characters, college students vs Sherlock Holmes Society members, 11232
negative practice & systematic desensitization, treatment of test anxiety, college students, 4058
parental attitudes & maternal employment, career choice & commitment, female college students, 4483
path analysis of intellective & nonintellective attributes, prediction of high school & subsequent college achievement, college students, 8915
perceived characteristics of "good teacher", 3rd & 4th graders & college students, 2144
perceptions of intercausal effects & exam performance success & attributions, college students, 11230
performance of East-West Questionnaire indicating Eastern vs Western belief system orientation, Korean medical & nursing students vs US college students, 12648
performance on Educational Set Scale, prediction of concept vs fact learning performance, college students, 11358
personality & prior feeling of isolation & satisfaction with living situation & social contacts & group vs single living quarters, feeling of social isolation, dormitory-housed college students, 3607
personality traits in student vs homemaker roles, female 29–55 yr olds, 3570
personality traits & vocational interests & attitudes, average age 27.5 yr old male prison inmate college students, 11045
pictorial &/vs verbal instructional material, performance on concrete vs abstract problems, deaf college students, 6735
political simulation game, enjoyment & perception of learning & understanding of urban politics, college students, 6654
position of open-end vs objective questions on evaluation form, favorable vs unfavorable course evaluation, college students, 13623
preference for assigned notetaking vs full vs partial distributed notes, multiple-choice vs essay test scores, college students, 13555
prior subject interest & ratings of instructional effectiveness, college students, 2140
privacy regulation & dormitory room decorations & adjustment to university life, college freshmen, 5778
professional achievements, graduates of women's colleges, 4269
psychology of women courses, attitudes toward women & own sex role identity, male vs female college students, 1198
quality of competitive participation, injured Type A vs B intercollegiate football players, 10367
racial & sex differences, perceptions of ideal woman & women's familial role, Black vs White college students, 1970 vs 1980, 12711
rate of & treatment for mental disorders & counseling & school psychologist training, college for deaf students, 2174
rating & dating complex on college campuses during 1930s, criticism of W. Waller's 1937 article, 12713
ratings of successful job applicant characteristics, corporate recruiters vs students vs faculty, 6832
reading comprehension & information processing approach in essay posttest, creative vs noncreative college students, 1319
relaxation training, persistence & academic performance, high risk college students, 10903
reliability of Matching Familiar Figures Test, female college students, 2505
reliability of scale for ratings of textbook impact, college students, 13679
repeatable testing, attitudes & learning, college students in management, 4346
return to college, marital relationship & assertiveness, male vs female adult college students, 13622
scale development, measurement of job related stress & dissatisfaction, police officers & college students & teachers, 7113
scale for assessment of teaching effectiveness in engineering courses, engineering students, 4442
self estimated intelligence & anxiety, academic achievement, college students, 2124
sentence combining strategies, writing performance, developmental/remedial college writing students, 6729
sex, value structure, college students, 7908
sex & age & locus of control & self esteem, estimates of college grades, 18–35 yrs & older college students, 13595
sex differences, perceptions of desired occupational rewards & availability & match between own abilities & occupational requirements, college students majoring in business vs education, 6815

sex differences & personality & attitudes vs room's physical characteristics & social situation, spatial behavior, college students in double-occupancy residence rooms, 5755
sex & fraternity/sorority membership & religiosity, extramarital sexual attitudes, college students, 10292
sex & major & school year & academic performance, factors of satisfaction with instruction, college students, 8942
sex & parental socialization & need for achievement & affiliation & job & family involvement preferences, prediction of traditional vs egalitarian marriage preference, college students, 3531
sex & sex role attitudes, role model influence on choice of college & career, college students, 1186
similarity to one's self-concept & social desirability & similarity to one's ideals, interpersonal attraction & compatibility of roommates, college students, 5726
social position & birth order & family size, study habits, college students, 8921
social representations & proposed strategies, ability of student protest leaders to attract allies, college students, 10316
socioeconomic status, examination anxiety & academic achievement, male college students, 6697
socioeconomic status & sex & high school educational climate & academic involvement & contact with university faculty, orientations toward scientific & scholarly careers, college freshmen, 1968–1969, 4366
stage in psychological education, emotional maturity displayed in hypothetical situation test, female college psychology students, 6571
stages of time-limited psychotherapy in student health service, college students, 11333
status as "starters" vs "nonstarters" & need for achievement, college football players, 513
student & course & instructor characteristics, evaluation of instructors, college students, 4281
student evaluation of lecturers & instructional quality, college students, 9110
student-faculty informal contact, college outcomes, literature review, 11249
student- & self-rating of instructors, student achievement, college students & instructors, 4271
student vs instructor vs course vs situational factors, course withdrawal, college students, implications for advisors & instructors & course selection, 6625
student vs teacher-supplied lecture notes, immediate & long term recall, college students, 11228
study skills counseling & behavioral self control, study habits, college student underachievers, bibliography, 13684
teacher & student sex & sex role orientations, student ratings of course progress & instructor, college students & instructors, 2135
technically worded options, multiple choice test performance, college students, implications for testwiseness, 4459
test anxiety & study habits & aggressiveness & assertiveness, factors involved in student attrition, Black college students on probation, 13599
Test of Standard Written English scores, subsequent placement & achievement in English course, older upper division & master level students, 9126
test validity & reliability & personality traits & enrollment in thanatology class, death attitudes & attitude change, college students, 4376
text structural characteristics, recall & problem solving performance in science learning, college students, 11177
traditional vs nontraditional test settings & line vs shaded drawings vs photographs & color vs black & white adjunct pictures in text, reading comprehension, public school vs college students, 11202
training in use vs observation & analysis of verbal skills, interpersonal communication skills, speech-language pathology students, 6575
treatment goals, willingness to accept psychological treatment for test anxiety, male college students, Nigeria, 4462
Type A behavior & personality traits, male vs female college students, Sweden, 5870
type of school & duration of English instruction & length of stay in English speaking countries & time between high school graduation & university admission, English reading proficiency, psychology students, West Germany, 4333
understanding of subject matter, college students, teaching implications, 2087
use of Quick Word Test & Wide Range Vocabulary Test Form B with college students & correlations with Shipley-Institute of Living Scale, measurement of intelligence, 4439
use of visual images, teaching abstract mathematical concepts, high school & college students, 11195
validity of Inventory of Learning Processes, measurement of learning style & correlation with vocabulary & reading rate & comprehension, college students, 2198
validity of personality variables in differentiation of groups, male American World Class Olympic contenders & college student education majors, 3720
variables associated with contraceptive use, sexually active never married college students, 10287
verbatim vs paraphrased adjunct questions & reviewing, learning from prose, college students, 11172
visual serial search task performance, college females with differential verbal & quantitative aptitude test scores, 4440
Wide Range Achievement Test vs Peabody Individual Achievement Test, academic achievement, learning disabled college students, 11341

College Teachers
age, institutional & professional attitudes & demographic characteristics, academic professional personnel, 11417
age & experience, bureaucratism & attitudes toward profession, college teachers, 8849
beliefs about university as meritocracy & awareness of sex discrimination & feminist group membership, female faculty in predominantly male departments, 2083
childhood & adolescent role models, occupational choice, college professors vs blue collar workers from blue collar backgrounds, 10223
college faculty-students interpersonal relations, college dropout rate, 6703
door-in-the-face vs foot-in-the-door techniques, compliance with students' requests for help, university faculty members, 5749
education & training & underrepresentation in psychology, Hispanics, 4204
factors influencing career choices, Black university faculty members, 8837
faculty self actualization & student perceptions of instructional procedures, ratings of instructors, college students, 4360
individual differences, grading practices & attitudes, college faculty members, 2075
instructor empathy, perceived learning climate in interpersonal communication class, college students, 11242
models of role orientations, faculty & administrators at research oriented university, 11167
personality & ethics of C. Burt, H. J. Eysenck's personal account, 4226
role performance & psychological success & job satisfaction & involvement, university faculty members, testing of model of D. T. Hall, 11504
socioeconomic status & sex & high school educational climate & academic involvement & contact with university faculty, orientations toward scientific & scholarly careers, college freshmen, 1968–1969, 4366
student evaluation of lecturers & instructional quality, college students, 9110
student-faculty informal contact, college outcomes, literature review, 11249
student recruitment & admissions criteria & financial aid & retention & faculty rank, Blacks in doctoral psychology programs, 8767
student- & self-rating of instructors, student achievement, college students & instructors, 4271
student vs instructor vs course vs situational factors, course withdrawal, college students, implications for advisors & instructors & course selection, 6625
territoriality & dominance, college professors, 4284
time-limited psychotherapy with psychotherapist vs college professor, treatment of anxiety & depression & social withdrawal, male college students, 1740
trust in administrative decision making & need for power & satisfaction with work content & economic issues, pro-union voting, college faculty, 11149

Colleges [See Also Community Colleges]
advocation of holistic approach to mental health research & cooperation between university hospital departments & psychiatric hospitals, 6208

beliefs about university as meritocracy & awareness of sex discrimination & feminist group membership, female faculty in predominantly male departments, 2083
development & legislation, college programs, mentally retarded adults, 9013
development of social skills unit in university setting, referral services & research & training of professionals, New Zealand, 2192
German university system & establishment of experimental psychology before 1944, 6916
growth of psychology at Indiana University, influence of W. L. Bryan to B. F. Skinner, 2064
professional achievements, graduates of women's colleges, 4269
rate of & treatment for mental disorders & counseling & school psychologist training, college for deaf students, 2174
strategies & issues & guidelines, field research, university counseling center practitioners, 2172
survey of public school vs university training programs, teachers of behaviorally disordered students, 2078
testing for student placement & certification & program evaluation, colleges, 6774
Colon Disorders [See Diarrhea, Fecal Incontinence, Ulcerative Colitis]
Color [See Also Achromatic Color, Hue]
aesthetic preferences, color combinations in paintings, 962
age & sex & race, color preferences, 18–61 yr old psychiatric patients, 3782
background wavelength & wavelength mixture, detection of brief-duration long wavelength incremental flashes, test of linear additivity function of photoreceptor quantum catch, 2713
ball size & color, catching performance, male vs female 7–8 yr olds, 12505
behavior & beak color of female, courtship behavior, male zebra finches, 9685
changing from one to another equiluminant foveally projected monochromatic vs heterochromatic light, amplitude & latency of momentary pupil constriction, male O, 398
classroom color, performance & vandalism, students, 4371
coloration of unpalatable prey, 5151
color combinations on campaign posters, personality ratings of political candidates, college students, 3560
color & density & frequency of food types, food selection, 5 day old chicks, 5132
color differences in visual stimulation, leg strength, male students, 7415
colored &/vs flavored water intake prior to induced sickness, taste aversion conditioning, pigeons & quails, 586
color of visual cue, long term retention of poison based aversion, monkeys, 2854
color vs luminance contrast vs level, visibility of borders, adults, 11790
connotative incongruity of color-word pairs, color naming, college students, replication of study by D. R. Ridley et al, 2757
conspicuous vs cryptic distasteful prey, number of trials in avoidance learning, male chicks, 533
correspondence between visual spectral sensitivity & bioluminescence, sexual signaling, dark vs dusk active North American fireflies, 7364
dark adaptation & stimulus intensity & location & color adaptation & stimulus color, streak of light trace phenomenon, implications for central vs retinal influences, 354
direction & color variations, angle direction-contingent color aftereffects, 4918
effectiveness of 3 training techniques, establishment & disruption of position stereotyping of responses during color discrimination training, nonverbal autistic 6.3–7.2 yr olds, 8149
imagery ability, color aftereffects produced by present & imagined stimuli, college students & staff, 11777
intensity of chromatic light mixed with white light to form linear saturation curve, derivation of spectral sensitivity function, 11801
intermale competition vs female choice vs sexual selection, reproductive success, male guppies, 7401
interocular transfer of color aversion, pigeons, 2865
location of colors in category, rate of identification & classification, college students, 11772
long-duration long wavelength foveal test flash incremental thresholds, test of hypothesized chromatically coded pathway, 2714
male species vs nuptial plumage vs own early experience, mate selection, female mallards reared with no experience of ducks vs with natural mother & siblings vs with other conspecifics but no males, 9701
measurements without chromatic adaptation, temporal modulation sensitivity of blue mechanism, 9517
memory scanning of shapes vs colors vs shape-color compounds, RT, retarded vs nonretarded 20–30 yr olds, 3878
method for investigation of linear additivity of chromatic valence, Ss with normal color vision, 9494
previous background feeding & color vs taste vs nutritional value of foods, food preferences, bank voles, 12060
proportion & intensity of chromatic light, measurement of saturation of white & chromatic light, 11773
recall of color names vs printed colors, college students, implications for Stroop phenomenon, 2795
relationship between color preferences & adjustment, psychiatric patients, 3775
reproductive coloration, cichlids, 2936
similarity of simultaneously vs successively presented colors &/vs color names, discrimination RT of color & color-word stimulus pairs, college students & faculty members, 7168
spatial frequency, visual imagery, 18–37 yr olds & college students, 11813
spatial frequency & orientation & color, binocular rivalry vs monocular pattern alternation, college students, 11810
stimulus color & duration & exposure quality, pecking preferences, neonatal chicks, 5166
target & dart color, throwing performance, male college students, 11740
technique for testing eliciting effects of color patterns, fishes, 120
territorial & courtship behavior, chromis cynanea, 632
training with novel color & novel vs familiar sucrose taste during monocular occlusion, subsequent acquisition &/vs interocular transfer of aversion with trained or untrained eye open, chicks, 566
transfer of learning, color matching, pigeons, 2859
viewing distance, color brightness, college students, 2704
visual stimulus fading procedure with verbal prompts, color naming & generalization effects, 8 yr old autistic male, 1805
white &/vs black vs no edges, apparent lightness of uniform luminous field, 2693
Color Blindness
color vision deficiency, learning disabled elementary school students, 4393
color vision & field dependence & age, fabric preferences, 18–52 yr old color-normal vs color-blind males, 13075
cortical color vision defect & associated absence of Stiles' II sub 1, 70 yr old male with cerebral infarction, 13169
defective color vision, personality type, 8–9 yr olds vs college students, 8314
flickering longwave adapting light, postreceptoral adaptation mechanism underlying transient tritanopia, Os, discussion in terms of E. N. Pugh & J. D. Mollon's model, 8346
incidence of color blindness, Cook Island males, New Zealand, implications for genetic factors, 1575
large field substitution Rayleigh matches made during cone plateau & rod recovery following bleach & on blue background, protanopic & deuteranopic college students, 376
Color Perception
adaptation to steady fields of blue or violet, adaptation functions & sensitivity to & spatial & temporal resolution of violet-sensitive cones in absence of green- or red-sensitive cone excitation, 374
age & colors presented unilaterally vs monocularly, visual asymmetry on lateralized color naming task, 5–10 yr olds, 1004
apparent target orientation & luminance & lightness vs brightness instructions, achromatic color matching, college students, 387
assumptions underlying color matching technique in science of colorimetry, application orientation & touch & visual & auditory sensations, 12185
color perception, infants, criticism of study by J. S. Werner & B. R. Wooten, 12483
color relationship between inspection & test stimuli, thresholds for detection of form vs motion, adult Ss, 366
color vision, domestic goats, 12173
color vision & field dependence & age, fabric preferences, 18–52 yr old color-normal vs color-blind males, 13075
continuous & time-varied broadband noise, color-word test performance & word reading RTs, college students, 2627

development of filial attachment to static visual features of imprinting object, Khaki Campbell ducklings, 562
dichoptic presentation of same brightness different wavelength stimuli, wavelength difference limit in binocular color fusion, 4919
equations derived from V. C. Smith & J. Pokorny's cone sensitivity values, chromatic discrimination models, 11776
evaluation of perceptual whiteness, college students & adults, 2682
face-vase pattern wih subjective contours, McCollough effect & perceived hue strength, Ss, 9505
hemispheric asymmetries in color naming & matching & memory, 28 & 31 & 48 & 61 yr old split brain patients, 13126
incorporation of additive effect from background quanta in chromatic adaptation experiments on color perception, criticism of J. Walraven's hypothesis, 2708
intensity of chromatic light mixed with white light to form linear saturation curve, derivation of spectral sensitivity function, 11801
intensity of peripheral retina stimulation, spectral sensitivity during cone-plateau & dark-adapted states, 2709
interocular transfer of color discrimination vs motor response training, pigeons, 612
inter- vs intra-individual variance, color-matching functions, O's, 11846
isolation rearing, response to blue vs yellow models of conspecifics, male cichlid fish, 12114
large field substitution Rayleigh matches made during cone plateau & rod recovery following bleach & on blue background, protanopic & deuteranopic college students, 376
learning, protein levels & synthesis, split-brain pigeons, 5336
locational identity of opponent site in visual pathway & site of blue/yellow cancellation, Os, 4937
location of colors in category, rate of identification & classification, college students, 11772
long wavelength foveal insensitivity, rhesus monkeys & human O with normal color vision, 9793
luminous-efficiency function, mesopic vision, graduate students, 9495
measurements without chromatic adaptation, temporal modulation sensitivity of blue mechanism, 9517
method for investigation of linear additivity of chromatic valence, Ss with normal color vision, 9494
monochromatic vs bichromatic wavelength combinations, dichoptic summation, color normal vs dichromatic Ss, 9514
perception of hue categories including blue & green & yellow & red, 4 mo olds, 5476
preschool learning, recognition of symmetrical arrangements, kindergartners, 1021
proportion & intensity of chromatic light, measurement of saturation of white & chromatic light, 11773
psychometric hue discrimination functions, pigeons, 2828
quantitative signal detection model based on general zone theory of color & brightness perception, expression of stimulus detectability, 369
RTs in recognition & discrimination of pairs of complex colored pictures, 423
scanning patterns during training, monocular color discrimination, homing pigeons, 3017
sex & words resembling vs not resembling color words, sorting by color in Stroop task version, 4998
shock-reinforced Y-maze procedure, measurement of color preferences, goldfish, 2409
short vs long wavelength chromatic adaptation, short wavelength spectral sensitivity functions, infants, 1033
size of target, detection threshold for luminance & chromaticity contrast, color-normal observer, 4934
small & large colored circles exposed to right vs left vs center visual field, perceived duration, right handed college students, 2695
social comparison feedback, color discrimination performance, 10–11 yr old males, 3295
variation in macular pigmentation & stimulus eccentricity from fovea, short wavelength spectral sensitivity during cone-plateau period of long term dark adaptation curve, 392
variation in visual angle, numerosity perception of red vs green lights, 7181
visual receptor pigments in African cichlid fish, 7507
visual thresholds during dark adaptation, Black vs White male undergraduates, 385
words vs outline drawings & symbolic distance of brightness & hue, RT & symbolic comparison of objects on color attributes, college students, 7182

Color Pyramid Test
form & frequency & breadth & constancy of color preferences on Color Pyramid Test, normal vs mentally handicapped Ss, 4824
Colostomy
self image & psychological adjustment & sexual problems, colostomy & ileostomy patients, 3941
Coma
biofeedback training, coma rehabilitation, 16 yr old female, 10872
long term neuropsychological dysfunction, 16–37 yr old patients who sustained traumatic head injury with coma, 10664
rehabilitative stimulation treatment approach, hospitalized comatose 7 yr old brain injured male, 1943
Commerce [See Business]
Commissioned Officers
correlation between assessment center ratings & subsequent field performance, US Army officers, 4523
duty performance & peer ratings & grades, Army Officer Basic Course students, 6843
military knowledge & decisiveness, administrative & technical & combat performance, US Army officers, 4525
predictive validity of 16PF prediction of military performance as measured by officers' ratings & peer nominations & course grades, female officer trainees, 7047
reliability & factor analysis, Performance Evaluation Form, Infantry vs Quartermaster Branch officers, 6842
technology for determination of grade requirements for non-aircrew officer positions in US Air Force, 13697
training by cultural assimilator, knowledge of Black culture & effectiveness in race relations as seen by subordinates, White junior US Army officers, 13731
US Army Infantry School Assessment Center ratings, prediction of field leadership performance, officers & noncommissioned officers, 6841
Commitment (Psychiatric)
assessment of involuntary commitment admissions following revised legislation, 1179
collusion with political authorities to punish dissenters, psychiatrists, USSR, international response at 1977 International Congress of the World Psychiatric Association, 6544
computer simulation of flow of voluntarily vs involuntarily admitted patients through psychiatic ward, 11574
criteria for civil commitment, Ontario, 4172
definitions & legal guidelines regarding competence & consent to psychiatric treatment, Canada, 1182
demographic characteristics & psychiatric data & diagnoses & court reports, pretrial examination cases admitted to psychiatric hospital from 1966–75, Canada, 1952
evaluation of morbidity vs mortality rate, committed psychiatric patients, 11024
evaluations of patients' competence to refuse treatment as necessary for civil commitment in Utah, 11012
medical legal debate, commitment of mentally ill, literature review, 1966
mental illness & compulsory hospitalization of C. R. Hyndman, mental health law issues, Australia, 10476
new commitment laws, number of Nebraska state hospital voluntary & involuntary admissions, 1974–77, 11013
psychiatric confinement & civil rights of Canadian insurgent L. Riel, 4633
relationship of Canadian insurgent L. Riel & his secretary W. H. Jackson, 4636
restrictive civil commitment laws, arrests of disruptive nondangerous mentally ill, suburban police officers, 5-mo longitudinal study, 7981
transfer of patients from involuntary to voluntary commitment status, circumvention of judicial hearings, psychiatric hospital staff, 4160
Communes [See Kibbutz]
Communication (Privileged) [See Privileged Communication]
Communication (Professional) [See Scientific Communication]
Communication Skills
Applied Blissymbolics, improvement of communicative abilities, 14.3 yr old brain-damaged female, 8415
behavioral techniques for remediation of speech & language skills, autistic children, 9048
clinical features & course & etiology & epidemiology & differential diagnosis & management of Asperger's syndrome, 10537
coding & analysis of dialog, cognitive complexity & appropriateness of initiations & responses, 3 yr old females, 4666

communication patterns, moderately mentally retarded 4–20 yr olds with Trisomy 9p, 8260
communication skills, interpersonal attraction, college students, 5770
communication skills training, self disclosure & empathy, 16–17 yr olds, 5-mo followup, 10754
communicative competence, literature review, 9987
communicative competence in conversation, mildly mentally retarded male adults, 6059
communicative competence & method, language & mode use, profoundly deaf 3–5 yr olds & their hearing mothers, 6132
criteria for adoption of augmentative communication system, speech disordered patients, 4113
deficits in processing perceptual information at normal rate, language & reading impairments, children, 10440
development of graphic expression in adolescence, drawing & adult communication, 3375
development of questionnaire for measurement of self concept of competency in German & communication skills, school children, 6767
faculty ratings & nonverbal communications test scores, prediction of occupational success, graduate students in psychology & counseling, 13493
intellectual functioning & communicative competence, deaf 2.5–4 & 5–6.5 yr olds, implications for assessment of intelligence, 13080
invented spelling, kindergarten students, 4347
length & informativeness of model messages, communication accuracy, kindergartners, 10125
linguistic philosophy of school, communication skills performance, deaf vs hearing elementary school students, 11269
multilingualism & fluid language repertoire, implications for use of several languages in schools, 1st graders, Zambia, 2106
Non-Speech Language Initiation Program, number & color matching & sentence imitation & command-following & receptive & expressive vocabulary & spontaneous speech, nonverbal children living in institutions vs community, 8608
oral vs written communication mode, informational adequacy of explanations, 3rd vs 4th vs 6th graders, 10072
participation in couple communication program, improvement in communication & relationship, married & unmarried couples, 4029
pragmatic orientation in language disorder treatment techniques, 6211
relative frequency of consultee lack of knowledge & skills & confidence vs objectivity, teachers consulting school psychologists, 9091
segmented vs combined model of group discussion, learning of discussion skills, 2nd graders, 2085
sensorimotor training using means-ends & relating to objects schemes, protoimperative & protodeclarative performative communication, 7–9 mo olds, 10111
sex & field independence & spatial & communication skills, deaf college students, 3929
short versions of Porch Index of Communicative Ability, prediction of standard scores, aphasic patients, 4782
sign language, development of reading & language skills & remediation of communication problems, 9055
social communicative vs self memorial vs associative instructions for verbal encoding of figures, communicability of codes, 2nd vs 5th graders vs college students, 12513
speaking rates & intelligibility as measurements of communication efficiency, dysarthric adults, 10751
strategy for research on use of nonvocal communication systems, special reference to severely mentally retarded children, UK, 6198
Systematic Human Relations Training, discrimination & communication skills, rehabilitation professionals & clerical staff, 11105
theoretical speculation concerning specific abilities lacking in social interaction & communication & imagination impairment syndrome, autistic & mentally retarded children, outgrowth of study by L. Wing & J. Gould, 5929
training in helping preschoolers, understanding of development & learning of communication skills, 6th & 7th graders, 2084
use of grammatical morphemes, 3–10 yr old normal vs language impaired children, 8297
verbal communication skills, language disordered vs normal speaking children, 8293

Communication Systems
criteria for adoption of augmentative communication system, speech disordered patients, 4113
nature of physical symbol systems, 12419
presentation of "timespace" wave construct as hypothetical ongoing process fundamental to communication, 7713
technical requirements & semantic/symbolic designation & message effectiveness, man machine interface in electrical signal communication of graphic data, 2281

Communication Theory
presentation of "timespace" wave construct as hypothetical ongoing process fundamental to communication, 7713
semiotic nature of communication, 3231
stochastic model of mass & interactively mediated diffusion of information, size N population, 262

Communication [See Also Related Terms]
analogy between occurring social & cognitive communication systems & automated distributed computation within organizations, 49
antecedents & role in information transfer into organizations, boundary spanning professionals, 4563
coding & measurement of message control intensity, 4819
communication through survey feedback, building community consensus on community development priorities, 1117
cooperative vs individual recall, implications for role of communication in memory, 11979
development of Inventory for Self-Communication of Adults, 11692
direct communication, perception of bargaining in trucking game, 10335
educational technology in phase with communication science & learning & cognitive theory, 11134
formal grievance procedures in organizations, conflict management & adjudication & agreement clarification & communication & due process, 6866
group size & communication opportunities, coalition bargaining & outcome in veto games, college students, study of core vs value vs weighted probability models, 3612
hierarchical vs anarchic design of distributed network of physical environment sensor devices, situation assessment, implications for human group problem solving, 126
level of abstraction of stimulus socioeconomic status, communication encoding performance, lower class White vs Black vs middle class White 4th graders, 5510
organizational climate & communications & job satisfaction & perceived productivity as criteria for assessment of organizational effectiveness, Air Force personnel, 11486
parental communication deviance & affective style, subsequent schizophrenia, disturbed nonpsychotic adolescents, 5-yr followup, 12953
perception & memory & thinking processes in communication, 435
perception of innovation's characteristics, adoption & diffusion of energy-conserving processes & products, 9216
process of transmission of information via mass media, 12422
public information strategies using TV & magazines, message communication, aged, 3228
reporting vs nonreporting of serious vs nonserious crimes, perception of morality of action & moral level & likeability of reporter vs nonreporter, college students, 5803
symbol & cycle in context of semantics & cosmology & communication & metaphysics & psychology, 2312
theoretical ideas of practical value in mass communication research, literature review, 5417
type of communication apprehension situation, predictability of amount of anxiety experienced, college students, 5762

Communications Media [See Also Audiotapes, Audiovisual Communications Media, Books, Closed Circuit Television, Educational Audiovisual Aids, Educational Television, Film Strips, Magazines, Mass Media, Motion Pictures, Motion Pictures (Entertainment), Newspapers, Photographs, Printed Communications Media, Radio, Telecommunications Media, Telephone Systems, Television, Television Advertising, Videotapes]
analysis of educational & career guidance services for adults, Great Britain, 4498
modeling & instructions & verbal fluency, verbal behavior, family service agency clients, 6296
sex composition, cooperative problem solving with communication via teletypewriter, dyads, implications for natural language computer design, 2275

Communism
application of Marxism to criminology, 12627
education of youth for life of work, USSR, 8816
Lenin's heritage & political psychology, USSR, 2311
Lenin's role in development of personality theory, USSR, 3688

mass line leadership & thought reform, People's Republic of China, 12622
present-day Marxist sociology & psychoanalysis, 5607
psychoanalysis & Marxism, 2325
psychodiagnostic vs Marxist emphases in vocational guidance, vocational choice, educational implications, 9161
sociological & social psychological vs Marxist theory, socialization, 20
Communities [See Also Kibbutz, Neighborhoods]
client characteristics & environmental factors, community adaptation after deinstitutionalization, mentally retarded, 8686
clinical syndromes & dream phenomena & treatment approach, Holocaust survivors in Hasidic & ultra-orthodox Jewish communities, 1733
community involvement, marital quality, 12666
community residential environment characteristics, performance of community living skills & satisfaction with environment, mentally retarded Ss released from state school, 6451
community size of early socialization, work needs in adulthood, accountants, 13703
comparison of fields of community psychology & community development, 1115
comparison of individual motivation vs official community doctrine, community residents, 8036
conflict, collective community, Israel, 7922
efforts & evaluation of community group & community psychologist support system, decrease of dog litter on community sidewalks & lawns, 1917
forced relocation, use of community mental health services, Navajo mental outpatients, 4148
goals of residential treatment programs, comment on M. I. Ehrlich's article on adolescents in transition, 13377
insular vs noninsular patterns of community contact & parent training, mother–child interactions & coping with child's coerciveness & change in blame orientation, mothers, 4-mo followup, 6311
methods for identifying community leaders including reputation & decision & position measures, 107
need for change & innovation & leadership & goals in communities, 1127
proposed establishment of kibbutz-like communities, families with parents unable to independently rear their own children, 1924
psychiatric social work program, acting out & anxiety & depression, Eskimo & Aleut & Indian secondary boarding school students from large vs small communities, 6761
religious community membership, religious orientation & meaning & purpose in life, members of Jesus People vs Hare Krishna vs Maharaj Ji Premies vs Catholic priest communities, 7953
size & concentration of Jewish population, cultural pluralism & communal & pietistic identification, 7938
size & number of disability groups served & type of experience provided & resident characteristics, environmental normalization in residential facilities for mentally retarded, 8639
technology transfer & community socioeconomic structures, projects for resettlement from densely to sparsely populated areas, Philippines, 7913
urban territoriality & social networks & urban design, resident-based model of community crime prevention, 1125
use of service for mentally retarded, Black families with mentally retarded family member, 13390
Community Attitudes
analysis of the impact of community reactions on sheltered-care residents in different types of neighborhoods, 10993
attitudes toward social issues, citizens & students, Netherlands, 8045
communication through survey feedback, building community consensus on community development priorities, 1117
community attitudes toward funeral directors, 5617
comparison of individual motivation vs official community doctrine, community residents, 8036
conceptions of deviant behavior & socioeconomic status, attitudes toward alcohol-related help sources, 18–69 yr olds in high vs medium vs low socioeconomic status, 13393
court-ordered busing, evaluations of community services, citizens over 15 yrs old, 3477
effectiveness of behavioral technology intervention techniques, dog litter reduction, followup study, 13283
exposure to psychiatric processing systems, social acceptance of mentally ill within community, 13445
history of public attitudes toward mental disorders, implications for deinstitutionalization, 6456
loudness & annoyance levels for summation of noises, college students, 4591
media emphasis on conflict & protest & leadership statements, White flight following desegregation, 3481
police-community relations, comment on I. Groves's study, 7923
police-community relations, descriptive accounts of recent interactions wih policemen, citizens, 7916
procedural justice, satisfaction with police, citizens, 8054
process outcome measures & community need & change agent support, judgments of utility of community intervention, citizens, 3484
rapid population growth, perceptions of safety from crime, community residents, 3487
self-perceived need for change, level of community involvement in change process, community residents, 3483
strategies for improvement of public attitudes toward & community acceptance of mentally retarded persons, literature review, 8655
tribal tradition vs support vs prevalence of vs cultural context, wife beating, urban Aboriginal population, Australia, 13032
Community College Students
self concept & work values, reading achievement, community college students, 2120
socialization & demographic characteristics & correlates of sex role attitudes & attitudes toward sex related public issues, younger vs returning community college females, 1189
Community Colleges
community college competency based training programs, day care personnel, 11175
Community Facilities [See Also Community Mental Health Centers, Housing, Shopping Centers]
analysis of the impact of community reactions on sheltered-care residents in different types of neighborhoods, 10993
family & social network treatment of child abuse/neglect at Urban Indian Child Resource Center in California, 6470
multimodal therapy model, diagnosis & treatment, children in social service center, 10990
placement in natural vs adoptive parent home vs foster vs group home, placement stability, behavior problem educable mentally retarded 5–23 yr olds, 6 & 12 & 18 mo followups, 8650
size of community treatment facility & length of stay, psychiatric patients, 13388
structured community service facility, 18–60 yr old physically assaultive patients, 6467
turnover & absenteeism & job satisfaction, house managers & administrator/supervisors in community residential facilities for mentally retarded, 6561
Community Mental Health
adherence to community mental health ideology, evaluation of post hospital community adaptation, therapists vs formerly hospitalized patients, 11004
community-based psychiatric epidemiology, 5986
community mental health as myth, 10982
content analysis & critique, published research in community psychology & mental health & applied social psychology, 1975–78, 6981
cost & sensitivity of 3 methods of psychiatric case detection, village population, India, 4701
cross cultural differences, data collection on psychopathology through interviews, 2353
governing principles & service structures of Yaffo Mental Health Center, Israel, 8641
history of public attitudes toward mental disorders, implications for deinstitutionalization, 6456
military psychology, symposium proceedings, 11062
myths & realities of community mental health movement, 10987
natural helping networks, rural social services, 4140
physical & sociocultural environment, deviant psychosocial behavior & psychosocial health, urban residents, 6028
prevalence of mental disorders, 70 yr old urban dwellers, Sweden, 5995
survey of incidence of psychiatric disorder & risk factors & treatment sought, 8-yr followup study, 6022
Community Mental Health Centers
admission to community mental health center vs state hospital, length of stay & recidivism, difficult psychiatric patients, 4129
aspects of service organization & development of emergency room & mobile response models, emergency psychiatric services in community mental health centers, 13385

assessment of mental health governing board training needs, presidents of governing boards of community based mental health agencies in Illinois, 8659
changes in 7 yr period in utilization of community outpatient psychiatric center, Mexican Americans, 6460
choosing community mental health center from telephone directories, 13379
community mental health clinic services, infants & toddlers up to 3 yrs of age, 10981
credit criterion system, increase in fee payments, community mental health center outpatients, 4137
demographic & symptomatic variables, length of mental health treatment in neighborhood health center, Mexican American & Anglo & Black & American Indian patients, 6465
evaluation of citizen mental health boards, implications for mental health policy & legislation, 8631
governing principles & service structures of Yaffo Mental Health Center, Israel, 8641
guidelines & strategies & issues, research in community mental health agencies, 1909
history & population & philosophy of the Edna Smith Child Development Center, 10998
organization of community mental health center by project or service vs department only, 6478
patterns of program evaluation, community mental health centers, 13392
plan for assessment of economic resources & ability to pay, community mental health center clients, 6453
psychosocial adaptation to community mental health center, modification of treatment strategies, chronic psychiatric patients, 8635
reflection of culture in development of community mental health center, Israel, 8651
school district & community mental health center cooperative program, number of completed referrals, 10997
sex differences, mental health referral practices & voluntary vs involuntary disposition, referred clients, 4143
telephone reminders, rate of missed initial appointments, adult & child & adolescent mental health center clients, 4138
theoretical framework, planning & evaluation of psychosocial rehabilitation of deinstitutionalized psychiatric patients, 8661
use of Mini-Mult profile signs to identify appropriate psychotherapeutic drugs, community mental health center clients, 11688
5-yr experience of team conducting research through community mental health center, 6454

Community Mental Health Services
anticipated & actual barriers, development of community mental health programs for elderly, 6473
aspects of service organization & development of emergency room & mobile response models, emergency psychiatric services in community mental health centers, 13385
assessment of mental health governing board training needs, presidents of governing boards of community based mental health agencies in Illinois, 8659
changes in 7 yr period in utilization of community outpatient psychiatric center, Mexican Americans, 6460
clinical psychology community services, Great Britain & Northern Ireland, 8632
community care, 18–55 yr old schizophrenics, 4145
community mental health in rural schools, 9125
community mental health system, China, 6479
community psychiatric & mental health services, Micronesia, 8664
community psychiatry in Saskatchewan from 1960s to 1979, deinstitutionalization of psychiatric population, 4147
community workshops, families of schizophrenics, 1929
cultural & system & resource related barriers, provision of community mental health services for elderly, 13387
demographic characteristics including age & social class, diagnosis & treatment of depression, community residents, 1928
educational programs developed by rural community mental health service for prevention & health promotion, 6463
ethical issues, child psychotherapy in community mental health center, 4228
evaluation of citizen mental health boards, implications for mental health policy & legislation, 8631
experiences during 1st yr as municipal psychologist in rural district, 2025
factor analysis, Quality of Life Scale, 9–58 yr old community mental health center clients, 2486
factors affecting entry into rural human & mental health service delivery system, 6476
forced relocation, use of community mental health services, Navajo mental outpatients, 4148
guidelines & strategies & issues, research in community mental health agencies, 1909
history of deinstitutionalization movement & development of special foster care for family oriented treatment needs of exceptional children, 1912
inservice with vs without followup contact, referrals to program for families with aggressive children, 6477
limitations of Western concepts of mental illness treatment & proposed community alternative, Africa, 1636
natural helping networks, rural social services, 4140
outcome studies, deinstitutionalization, psychiatric patients, literature review, 13407
outpatient counseling service, adolescents, 4151
primary child mental health care program, community workers, 1915
prognostic expectations, outcome of brief therapy, recipients of community mental health services, 4136
selection & training & use of community aides, intervention program as treatment, child abusing parents, 1925
strategies for evaluation of community services outcome, chronically mentally ill, 8658
telephone reminders, rate of missed initial appointments, adult & child & adolescent mental health center clients, 4138
use of client & census records, community mental health planning, 1910
use of service for mentally retarded, Black families with mentally retarded family member, 13390

Community Mental Health Training [See Also Mental Health Inservice Training]
brief problem-oriented intervention technique in family therapy, training & supervision, community health therapists, 10823
current research areas of Center for Rehabilitation Research & Training in Mental Health, 6515
development of community training clinic program & role of play psychotherapy, outpatient children & families, 8662
governing principles & service structures of Yaffo Mental Health Center, Israel, 8641
inservice with vs without followup contact, referrals to program for families with aggressive children, 6477
role of community psychology & interdisciplinary cooperation & training of community psychologists, 4215
selection & training & use of community aides, intervention program as treatment, child abusing parents, 1925

Community Psychiatry
community psychiatric & mental health services, Micronesia, 8664
community psychiatry in Saskatchewan from 1960s to 1979, deinstitutionalization of psychiatric population, 4147

Community Psychology
analytic review of community psychology research, 1973–78, 3473
clinical psychology community services, Great Britain & Northern Ireland, 8632
comparison of fields of community psychology & community development, 1115
content analysis & critique, published research in community psychology & mental health & applied social psychology, 1975–78, 6981
definition of field & member certification issues, behavioral community psychology, 11093
ecological perspectives of coping process, development of model for community psychology, 12861
experiences during 1st yr as municipal psychologist in rural district, 2025
public opinions about mental illness, community psychology, 13394
role of community psychology & interdisciplinary cooperation & training of community psychologists, 4215
survey on perceptions of needs & opportunities in community psychology & present activities, members of American Psychological Association Division 27, 13504

Community Services [See Also Community Mental Health Services, Community Welfare Services, Crisis Intervention Services, Hot Line Services, Public Health Services]
belief in scientific solutions to social problems, dominance of professionals & bureaucratic organization in human services, 4123
community based service & basic needs approaches to development planning, deprived children under 15 yrs of age, Asia, 1907
community waste recycling programs in sheltered workshops, 8745

conceptions of deviant behavior & socioeconomic status, attitudes toward alcohol-related help sources, 18–69 yr olds in high vs medium vs low socioeconomic status, 13393
contributions of psychology to community health practice, description of course for psychology students, 6659
court-ordered busing, evaluations of community services, citizens over 15 yrs old, 3477
deinstitutionalization, number & needs of clients seeking help at community based service system, formerly institutionalized mentally retarded clients, 8640
demographic characteristics & size of home city, recognition of channels for advocating police service change, urban residents, 7986
design & delivery of human services within political system, 8618
early psychosocial support in inner city family health centers, low-income parents & infants, 10988
efforts & evaluation of community group & community psychologist support system, decrease of dog litter on community sidewalks & lawns, 1917
evaluation of comprehensive pregnancy care program, female opiate addicts, 6 mo followup survey, 8424
geographical location & occupation & agency type vs personality traits & attitudes about mental illness, health providers, Alaska, 6542
group structure & function & membership characteristics, taxonomy of community groups, 6472
helper vs recipient-initiation of helping services, utilization of & attitude toward services, female welfare recipients, 6461
hopes & fears concerning self & others & society & world, household interview respondents, implications for social marketing in promotion of human services programs, 13395
incompatibility of manifest vs latent social function of psychological services, implications for policy formulation, 13389
maladaptive behavior, mentally retarded adults in institutionalized vs community settings, 8617
matching of careprovider preferences & client characteristics, community placement success, developmentally delayed clients, 8660
multidisciplinary rehabilitation & support services of New York League for the Hard of Hearing, 4142
Program Analysis & Review System, evaluation of school-community prevention programs, 4141
psychological aspects of increasing community control over individual health concerns, 13397
social & demographic characteristics, mentally retarded persons referred to institutional vs community care services, 8699
social validation, operationalization & evaluation of community placement for mentally retarded, 10984
structured community service facility, 18–60 yr old physically assaultive patients, 6467
subjective indicators in evaluation of community life quality, 6474
token reinforcement program, grooming behavior change, mentally retarded adults, implications for community based programs for deinstitutionalized populations, 13277
village vs clinic based contraceptive delivery systems, Indonesia, 1927

Community Welfare Services
training agency personnel to deliver parent training services, mental health & child welfare & educational personnel, 13460

Companies [See Business Organizations]

Comparative Psychology
association with same-sex peers, 18–20 yr old males, implications for nonhuman primate model of subadult developmental stage, 1078
definition of & attitudes toward comparative psychology, members of Physiological & Comparative Psychology Division of American Psychological Association, 8760
development of object permanence, 8–24 mo old humans vs 18 & 30 mo old chimpanzees, 1049
heredity vs learning, handedness & laterality, humans vs monkeys, 7426
perception of dynamic random dot correlograms, cortical evoked potentials, monkeys vs humans, 12226
sociobiology vs comparative psychology, 1978 American Psychological Association Symposium, 7430
spatial frequency, contrast sensitivity functions at low luminances, male eagle vs female human, 12254
visual cues & physical & spatial pathway properties, travel task, squirrel vs titi monkeys, implications for open field behavior, 12116

Compatibility (Interpersonal) [See Interpersonal Compatibility]

Compensation (Defense Mechanism)
locus of control & self esteem, political activity participation, partisan political office seekers, 7982

Compensatory Education
chaining procedure, motivation for participation & achievement in remedial education program, male prison inmates, 1977
learning strategy training vs traditional instruction, recall of information from prose, academically disadvantaged college freshmen, 2109
sentence combining strategies, writing performance, developmental/remedial college writing students, 6729

Competition
age & ability to make comparative temporal judgments, self evaluation & cognitive assumptions after success & failure in competitive task, 28–44 mo olds, 12456
age vs competitive level of hockey team, judgment of aggressive vs nonaggressive on-ice behavior, 12–16 yr old league members vs nonathletic males, Canada, 5589
athletic competition & development of motivation & self concept, children, 5582
blocking & winning, aggression in competitive game, college students, 10329
collective educational setting vs rural nuclear family, development of role taking & competitive & cooperative behavior, 6–8 yr olds, Hungary, 3422
competition & achievement expectations & pressure to be slim, development of anorexia nervosa vs excessive dieting concerns, college students studying professional dance vs modelling vs music, 13102
competition & trait anxiety, state anxiety & muscular strength & endurance task performance, 18–22 yr old males, implications for social facilitation in sports competition, 1236
competitive vs individualistic goal structures & past performance, causal attributions & affect, 5th & 6th graders, 5445
competitive vs noncompetitive recreation, aggressive behavior, emotionally disturbed 6–14 yr olds, 10574
cooperative vs competitive orientation, choice of more or less competent discussant with same vs opposing view, college students, 12780
cooperative vs competitive vs individualistic conditions, problem-solving performance, 1st graders, 4310
cooperative vs competitive vs individualistic experiences & sex & ethnic membership & ability differences, interpersonal attraction, Black vs White 7th graders, 5737
cooperative vs competitive vs individualistic social orientation as measured by behavioral & sociometric methods, 4th–6th graders, 6977
crowding & cooperation vs competition on task & immediate vs delayed opportunity to aggress, aggressive behavior, male college students, 1277
equity & self interest, perceptions of intent & liking & desire to reciprocate, graduate & college students, 8034
extent of asymmetrical competition between 2 species, insects in natural conditions, 12136
group size, percentage of escapes from simulated panic situation & concession & aggressive responses, 10332
harassment & competition, cardiovascular & plasma catecholamine responses, Type A vs Type B males, 5276
high vs low status & same-sex vs mixed-sex competition, RT performance & group vs personal goals & achievement motivation & anxiety, college students, 8022
level of aspiration vs presence of competitors, qualitative & quantitative performance on attention & verbal & memory tests, 16–19 yr olds, 7827
locus of control & anxiety in competitive sports situation, college athletes vs nonathletes, 3716
negotiators' visual accessibility & accountability, cooperation & competition in bargaining, college students, 12757
number of sight words presented & response competition, sight word reading ability, 7–12 yr old learning disabled children, 11281
positive vs negative affect & cooperation vs competition, achievement performance, 7–9 yr olds, 12580
psychotonic training before & during & after competition, tension, athletes, 6793
public vs private disclosure situtation, actor vs O attributions for success vs failure, female college students, 1294
quality of competitive participation, injured Type A vs B intercollegiate football players, 10367

relevance of task to self esteem, helping behavior toward friends vs strangers, male college students, 12777
sex differences, pre- vs postmatch anxiety, badminton tournament winners vs losers, 6799
social density vs sex vs dominance vs territoriality, competition for food, pygmy sunfish, 12156
stochastic model, evolution of 2 competing social groups, 263
structured vs unstructured reward conditions, group tower building task performance, 3rd graders, 10137
success vs failure in swimming competition, causal attributions, male vs female competitive swimmers, 1254
task interdependence & reward contingency, group productivity, college students, 5767
theory of success anxiety attributed to competition, working women, 4492
will to win, team performance, women's basketball teams, 2206
Complex (Oedipal) [See Oedipal Complex]
Complexity (Cognitive) [See Cognitive Complexity]
Complexity (Stimulus) [See Stimulus Complexity]
Complexity (Task) [See Task Complexity]
Compliance
acquiescence in extraversion & neuroticism & authoritarianism questionnaires, 153
aggressiveness & antisocial behavior & noncompliance & reactivity & depression & anxiety & egocentrism, 5–14 yr old male child psychiatry clinic patients, 12905
attitude change & recall in forced compliance paradigm, consonant vs dissonant Ss, implications for cognitive dissonance & self perception theories, 8003
behavior modification with vs without diethylpropion hydrochloride, weight loss, obese 22–69 yr olds, 1627
change following compliance with vs defiance of therapeutic directive, use of paradoxical interventions in brief problem focused therapy, 10816
children's deviant & noncompliant behavior & parents' positive behavior, clinic-referred vs nonreferred mothers & their children, 4066
client characteristics, noncompliance to prescribed-as-needed medication use, asthmatic patients, 8591
compliance behavior to no-smoking signs, hospital patients vs employees, 13412
consent in psychiatric treatment, patients, position of Canadian Psychiatric Association, 4211
constitutive vs normative rules vs rule reinforcement structures, rule violating behavior in sports, 6800
creative alternative game, interpersonal influence processes, 3621
degree of intimacy motivation on TAT, group behavior & content of original dramatic scenario, college students, 12813
delay, compliance with socially undesirable requests, college students, 2812
dimensional analysis of perceptions of compliance-gaining situations, college students, 3630
door-in-the-face vs foot-in-the-door techniques, compliance with students' requests for help, university faculty members, 5749
dress & physical handicap, compliance with request, Ss, 8028
education on pharmacological management & knowledge about nature of disorder, medication compliance, schizophrenics vs bipolar vs unipolar patients, 1872
ethical issues, treatment of severely impaired newborns & minors without parental consent & research involving children, 6584
inclusion of social learning principles into behavioral skill training, satisfaction & perception of child adjustment & compliance, parents of noncompliant children with mean age of 61.75 mo, 10888
lack of physician-patient communication & side effects & sense of well-being & depression & sick role & heresay & fear of diagnostic procedures, noncompliance with treatment, hypertensives, 13338
legitimate vs illegitimate request & preceding larger request, compliance, college students, Israel, 5773
medical & social factors, patient compliance, 8398
overt commitment, compliance with outpatient treatment, hospital clinic outpatients, 6344
perceived leader/group member competence & potential reciprocity, member compliance with leader's task suggestions, college students, 8023
practice & warnings, compliant work behaviors in nonsheltered setting, 26 yr old moderately mentally retarded male, 8737
reward for compliance with small request, subsequent compliance with larger request, housewives, 5836
self perception, individual differences in response to E's foot-in-the-door procedure, overweight vs normal weight Ss, 5896
sex of majority vs minority influence source, conformity of opinion on male vs female related statements, male vs female college students, 12761
situations in which minors may be given medical & mental health treatment without parental consent, 6589
sociocognitive conflict, performance on conservation-of-length task, male vs female 6 yr olds, 1028
therapeutic strategies, improved patient compliance, 8402
treatment goals, willingness to accept psychological treatment for test anxiety, male college students, Nigeria, 4462
use of aggression & coercion to elicit compliance, mother-only vs intact & deviant vs normal families, 10561
use of compliment to ensure task completion in brief family therapy, 8462
validity & reliability of observation method for assessment of parent-child interaction, parents & their 2–7 yr olds with conduct problems, 220
willingness but inability to perform initial request, compliance with subsequent costlier request by same vs different person, college students, 12788
Comprehension [See Also Listening Comprehension, Number Comprehension, Reading Comprehension, Sentence Comprehension]
age, spontaneous metaphors in free play & comprehension of metaphoric relations, 2–6 yr olds, 3307
age & sensorimotor development & task difficulty, language comprehension on tasks measuring understanding of semantic & syntactic relationships, 10–21 mo olds, 1026
anterior vs posterior right hemisphere damage, verbal comprehension & visuospatial deficits, patients, 6137
Assessment of Children's Language Comprehension & Syntax Screening Test, measurement of linguistic structure comprehension, deaf 6 yr olds, 7050
Broca's vs Wernicke's aphasia, oral & written production vs auditory & visual perception of prepositions, patients with mean age of 50.6 yrs, 13100
comprehension precedes word identification, examination of F. Smith's cognitive structure model & implications for reading education, 2065
development of comprehension of 3rd person personal pronouns, 3–7 yr olds, 12544
development of theories on understanding of language & computer programs for natural language conversation, 11613
discrepancy from expectation & retention interval & literal vs inferential comprehension type, learning & retention of prose material, 5th & 6th graders, 10029
evaluation of severity of aphasia due to cerebrovascular accident, 27–85 yr old patients, 6126
exposure to story with vs without information about setting, story comprehension & memory, 2nd graders, 12553
help in comprehension & coping with death, children, 10151
imagery, language comprehension, literature review, 3239
intellectual ability, religious language comprehension, 12–15 yr old students of Catholic vs public secondary schools, 13613
interest in & understanding of money, 3–11 yr olds, 7795
legibility distance & comprehension & preference & glance legibility of symbolic public information signs, 2274
lexical & structural & semantic comprehension & recall of story, 6–12 yr olds, 3317
linguistic context, early responses to sentences & comprehension of context & generation of informing responses, language disordered 5–6 yr olds, 6104
loud noise, proficiency in dominant vs subordinate language, bilinguals, 946
mixed motive vs no conflict games with vs without choice dominance, perception of matrices & improvement, 2796
nature of comprehension, application to teaching physics, 4981
peer cooperation, comprehension of learning materials, 4th graders, 8897
premessage expectancy & information on communicator's background, attribution & opinion change & comprehension of communicator's message, female college students, 12832
prior exposure to experiment topic, understanding of experimental material at time of presentation, 6–6.7 yr olds, 3304
processes in comprehension of & memory for stories, criticism of J. B. Black & R. Wilensky's evaluation of story grammar, 12418
sets, judgment of "more", 3–4 yr olds, 10051

single vs multiple retelling & picture drawing & picture review as comprehension interventions, story recall, children from day care centers & preschools, 13566
situational context, allative bias in comprehension of deictic verbs & directional prepositions, preschool children with a mean age of 3.1 yrs, 10045
subjective difficulty & certainty of being correct, metacomprehension, college students, 2765
theories of L. Wittgenstein & constructivist framework, understanding natural language, 11546
understanding of subject matter, college students, teaching implications, 2087
Comprehension Tests
aircraft noise, performance on audiovisual task, psychology students, 2288
Assessment of Children's Language Comprehension & Syntax Screening Test, measurement of linguistic structure comprehension, deaf 6 yr olds, 7050
concurrent validity of Woodcock Word Comprehension Test & measures of reading achievement & verbal intelligence, 6–16 yr old students, 11383
normal vs impaired expressive language, auditory comprehension & interrelationships of comprehension tests, 4–6 yr olds, 6103
study strategies & factual vs inferential test items, performance on prose comprehension test, college students, 13669
Compressed Speech
compression & whitening of speech & multitalker background & moderate vs drastic compression ratio, speech intelligibility, normal hearing Ss, 409
determination of intelligibility/comprehensibility thresholds of compressed speech, 4683
experience & instructions & preferences, compressed speech comprehension, US Army personnel, 2720
information seeking strategies & instructions & experience & preferences, speed & comprehension in listening to compressed speech, US Army enlisted personnel, 4958
intelligibility of time-compressed sentences, normal hearing young adults, implications for auditory testing, 4955
presentation speed & difficulty level, reading vs listening comprehension, college students, 4985
temporally compressed speech, S-determined interruption of speech as measure of segmental speech processing, college students, 4971
time compression of English & French sentences, intelligibility, college students, France, 7718
time compression & word list & talker variation, recognition of words in recorded speech, 18–28 yr olds, 4682
Compulsions [See Also Compulsive Repetition]
manifestations & dynamics, compulsive & ritual mechanisms, 8170
sharp pinch as aversive stimulus & DRO, compulsive hand-in-mouth behavior & vomiting, 13 yr old profoundly retarded female, 8540
Compulsive Neurosis [See Obsessive Compulsive Neurosis]
Compulsive Repetition
reinforcement contingent upon success in response prevention, chronic obsessive rituals, middle aged male patient, 1827
types of reiteration & frequency relative to speech task & consistency & adaptation effects, 29 yr old male with palilalia, 10630
Computer Applications [See Also Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Simulation]
accuracy of Motivational Attrition Prediction computerized algorithm, prediction of graduation, US Air Force pilot & basic military & technical trainees, 6837
analogy between occurring social & cognitive communication systems & automated distributed computation within organizations, 49
applications of AIM-65 microcomputer as laboratory control device, 75
architecture of software system to facilitate interactive man-computer communication, 6883
Assembly Programing Language programs for interactive data analysis, 64
bandwidth compression, image interpretation, experienced image interpreters, 368
behavior therapy with computer-feedback, weight loss, obese females, Sweden, 1784
cable technique for 24 hr EEG & EMG & brain temperature recording, rats, 83
clinical application of computers, articulation assessment, 9297
composer's age at composition & historical time, computerized content analysis of thematic fame & melodic originality in classical music, 963
computer administration & scoring & interpretation of psychoeducational tests, job security, school psychologists, 11325
computer applications, audiology & speech pathology & aural rehabilitation, 6979
computer applications, decision making in fault diagnosis, engineering & technical trainees, 4583
computer based authoring aids for instructional design, 11207
computer based counseling & guidance system, career planning skills, adults, 13717
computer based job assignment system, potential Air Force recruits, 11430
computer based laboratory facilities, experimental research on physiological correlates of paranormal processes, 4
computer controlled instrument to create complex 2-dimensional patterns on cathode ray tube monitor, 98
computer-controlled interactive word presentation & selective tagging & list length, multitrial free recall performance, college students, 460
computer derived measures vs over-shoulder scoring method, screening radar performance, air traffic control trainees, 6817
computer generated graphics display of Mueller-Lyer illusion, history of interpretation of illusion & psychometrics, 360
computerized adaptive achievement testing, 7021
computerized biofeedback instruments, striated muscle control, psychiatric patients, 1773
computerized early warning system, prevention of genocide, 50
computerized EEG profiles, schizophrenics, 3794
computerized goal-directed decision support system, 4737
computerized interpretation of MMPI results, implications for clinical use, 4801
computerized method, analysis & playback of vibratory animal signals, 127
computerized review system, orders of psychotropic drugs, 86
computerized statistical cartography, special education research & planning, 9012
computerized system for measurement of force exerted during bicycling with each pedal revolution, 9260
computer mapping programs for display of human EEG data, 55
computer technique for administering psychophysical threshold measures, 2384
computer vs human analysis of written language, deaf children, 6986
computer vs manual administration of Eysenck Personality Inventory, reliability, mental health patients, 9366
construction of inexpensive microcomputer peripheral input/output expansion, 103
description & critical analysis of human factors in computer systems operation & design, literature review, 2277
description of Maudsley Automated Psychological Screening Test, support for microcomputer based automated testing, 9256
description of TI-CODAP, computerized method of job analysis for personnel management, 6858
development & systems evaluation of computerized career information delivery systems, 6802
digital signal processing & computer processing of speech materials in audiologic research, 4704
EEG analysis, arousal & REM & NREM sleep, male rats, 63
electronic digital computers in experiments & in psychodiagnosis, 9283
human-computer interaction & applications, human factors engineering, 11614
human Ö computerized system, measurement of conversational speech activity, 4668
item analysis computer programs, scoring of questionnaires in which correctness of response differs according to respondent, 4658
method of adjustments vs computerized adaptive paradigm in Bekesy audiometry, measurement of hearing threshold levels, literature review, 2365
method of computer simulation & psychological theory, 9268
methods for expression & organization of linguistic & conceptual knowledge for computer automated word parsing in language comprehension, 110
methods of data collection & processing & analysis, EEG recordings by computer, 2388
methods using theoretical & heuristic algorithms, obtaining visual representations of hierarchical system structures by computer, 2283
microcomputer analysis of eye movement recordings, 2341

microprocessor & digital computer for analysis of rodent mating behavior, 91
multidimensional scaling & tree-fitting & clustering, representation of psychological structure of stimuli, 4744
nonlinear least-squares method, estimation value of free parameters of B. J. Herrnstein's equation, computer applications, 4880
online automatic sleep classification, laboratory rats & mice, 51
ONLINE BASIC microcomputer program for control & recording of events in operant conditioning experiments, 90
optical scan computer-scorable vs regular hand-scored form, scores on Student's Perception of Ability Scale, 2nd–6th graders, 4416
pattern recognition system, identification of spontaneous behavioral acts, macaca, 4706
photoelectric system, measurement of 2-dimensional eye movements, 11568
possible problems with computerized & packaged discriminant analysis, 7121
Present State Examination-CATEGO computer program, standardization of clinical diagnostic psychiatric judgments, 10536
pressure sensitive digitizer, input of vector information for computer displays, 9209
procedural guidelines, design of conversational interactive computer programs for end users, 68
programs for use of pocket calculator to compute & compare correlation & regression coefficients, 40
sampling rates in computerized analysis of dialog behavior, estimates of durations of pauses & vocalizations, conversational partners, 7001
standardized procedures & documentation systems, analysis of task analysis data, training, US Air Force technical personnel, implications for computerized task analysis data bank, 4500
use of computer generated sampling distributions, variance in petroleum industry employment test validation studies, 7033
use of computerized axial tomography, clinicopathological correlations in aphasiology, 102
validity of computer based Multi-Attribute Utility Decomposition, decision making, Ss from arts & mass media, 4700
validity & reliability, 1- vs 3-parameter computerized tailored tests vs traditional exam as measure of ability, college students, 6766

Computer Assisted Diagnosis

acquisition of conjunctive & disjunctive concepts & deductive reasoning, schizophrenics, implications for computer-aided diagnostic process, 1446
brain lesions, diagnosis with computerized tomography, 3 case reports, 8380
computer-based Adaptive Diagnostic System, assessment of cognitive skills, students, 2191
computerized method for scoring Rorschach, 2366
electronic digital computers in experiments & in psychodiagnosis, 9283
FORTRAN computer program for scoring Infant Temperament Questionnaire, 4–8 mo olds, 4690
individual differences, computer-simulated diagnostic evaluation of student, school psychologists vs special vs regular education teachers vs administrators vs support personnel, 2195
microcomputer based simultaneous vigilance test, assessment of anticonvulsant effects, epileptics, 2346
psychological laboratory computer techniques, psychodiagnosis, 2360

Computer Assisted Instruction

adaptive design strategies, computer-based individualized instruction, 2103
adaptive-remedial & teaching-learning organization & computer program for teaching mathematics, 5th graders, 13589
attitudes toward Computer-Assisted Instruction, training performance, army enlisted personnel, 11432
authoring process & related problems in computer based instruction, 13594
authoring systems vs languages & computer based instruction & artificial intelligence, implications for Department of Defense, 13692
computer assisted instruction vs programed text vs lecture method, achievement, US Air Force medical laboratory & radiology & dental assistant trainees, 2001
computer assisted team training, review & evaluation of literature, 2234
computer-based exploratory learning systems, deaf vs hearing impaired vs aphasic 6–11 yr olds, 13646
computer controlled training program, number conservation development, mentally retarded 9–14 yr olds, 9016
cost & effectiveness of computer-based instruction in military training, 2236
learner control & advertisement, computer assisted instruction, 12th graders, 4326
speed of text presentation on visual display unit, computer assisted learning performance & retention & comprehension of text, 2269
theory of instructor role, computer managed instruction, 8889
training requirements & aircrew training device instructional support features, 13736

Computer Programing Languages

assembly programming language, labeled plots & histograms, 4688
cognitive psychology guidelines, construction of command language & logic to facilitate use, 13779
computer programing languages, behavioral experiments, 4695
contextual connotation & number of computer command terms, ease of learning & recall, experienced vs inexperienced computer users, 9211
sex composition, cooperative problem solving with communication via teletypewriter, dyads, implications for natural language computer design, 2275
state notation programing languages, psychology, 4713

Computer Programs [See Computer Software]

Computer Simulation

angular selectivity of monocular rivalry with achromatic gratings & computer simulation, college students, 9489
complexity of welfare administration project computer model, optimization of total welfare in decision making, college students, 95
computational method to extract surface slant & edge labels from optical flow velocity patterns, development of mathematical & physiological models & computer program, 53
computer assisted battle simulation vs conventional manual command post exercise, training for battle command & control, commanders, 13734
computer model for simulated message handling in field exercises, US Army personnel, 6884
computer program, simulation of discrete Markov chain, 4702
computer program, theory of 1st language acquisition & English phrase structure, 7730
computer program simulating random choice in radial arm mazes & other choice situations, 116
computer simulation, central neural activities of pain vs touch perception, 9280
computer simulation model, simultaneous control over continuous & discrete tasks, 11512
computer simulation of continuous motor control learning, human operator performance, 9177
computer simulation of flow of voluntarily vs involuntarily admitted patients through psychiatic ward, 11574
computer simulation subroutine, estimating effects of human factors on guard force performance during attack on nuclear facility, 2279
computer simulation tests of semantic networks & spreading activation models of human memory encoding & retrieval, 9585
development & transfer capability, context-free vs context-specific problem solving skills, aircraft powerplant maintenance trainees, 9168
formulation & validity, computerized instructional adaptive testing model, 9097
hierarchical vs anarchic design of distributed network of physical environment sensor devices, situation assessment, implications for human group problem solving, 126
individual differences, computer-simulated diagnostic evaluation of student, school psychologists vs special vs regular education teachers vs administrators vs support personnel, 2195
investigation of instructional programs through computer imitational modeling for educational psychology research, 8886
method of computer simulation & psychological theory, 9268
ordinal properties of subjective ratios & differences, nonmetric analysis of stimulus values of C. T. Veit using simulated data, 9511
perspective displays with predictors quickening vs crosspointer displays, curved landing approaches for aircraft, pilots, 9204
relative cost & training effectiveness, 6883 3-dimensional simulator vs actual equipment, US Air Force F-111 avionics maintenance trainees, 9166
SCHEME, FORTRAN computer program to analyze & simulate group decision data, 4721

set of computer-implemented models, solution of physics problems in ways characteristic of more & less competent human solvers, 11589
songs with various syllable features, species identification of song as determined by responses to computer generated sounds, indigo buntings, 7373
use of microcomputers, more realistic pictorial flight displays for monitoring & prediction during transition to manual control, aircraft pilots, 9210
validation methodology, computer simulated decision making models, 4751
variable vs random ratio reinforcement in computer-simulated "slot machine" task, choice of game & strategy, college students, 5057

Computer Software

ACOVS program, analysis of covariance structures, 11577
architecture of software system to facilitate interactive man-computer communication, 6883
Assembly Programing Language programs for interactive data analysis, 64
assembly programming language, labeled plots & histograms, 4688
BACKSTEP program for backward selection multiple regression, 70
BASIC computer program, determination of best suited statistical technique for research data set, 4728
BASIC computer program, 1-way through 4-way between subjects & within subjects ANOVAs, 4680
BASIC computer program calculation of Pi & Kappa statistics for chance corrections in interrater agreement analysis, 4753
BASIC computer program for microprocessor, 2- or 3-way ANOVA for randomized or randomized-block factorial design, 4748
BASIC microcomputer program, calculation of regression model test of predictive bias, 4711
BASIC program, analytical comparisons among means, 11606
BASIC program, elementary statistics, 6502-based microcomputers, 4679
BASIC program, nonparametric post hoc comparisons, 11567
BASIC program, statistical package for univariate ANOVA, 4684
BASIC programs, two-way through four-way mixed-design ANOVAs, 4681
BASIC programs, 1- & 2- & 3- & 4-factor within- & between-subjects ANOVAs for Apple II & Commodore PETs, 4696
BRS program, management of point procedures for point economies for supervisory system, 4685
CLAN program, search for homogeneous groups of taxonomic units, 4707
CODEDT, computer program for editing digitized coordinates, 4674
cognitive complexity, computer programing work, 4531
cognitive psychology guidelines, construction of command language & logic to facilitate use, 13779
COMOV computer program in PDP-8 OS78 BASIC or FORTRAN IV, analysis of relationship between 2 time series, 4731
computational method to extract surface slant & edge labels from optical flow velocity patterns, development of mathematical & physiological models & computer program, 53
computerized factor rotation in interactive BASIC, 129
computerized scoring system for Personality Inventory for Children, 71
computer program, analysis & coding of oral response recognition errors to visually presented words, 88
computer program, computation of intraclass correlation coefficients for determination of interrater reliability, 61
computer program, computation of structure correlations & redundancy indices & measures of associations for canonical correlation analyses, 76
computer program, rotation of 2 factor matrices to common resolution, 45
computer program, theory of 1st language acquisition & English phrase structure, 7730
computer program called LINK, calculation of paired item difficulties on 2 Rasch-calibrated tests, 119
computer program called MAX, validation of learning hierarchies, 104
computer program for comparison of independently derived estimates of chance-corrected rater agreement levels, 52
computer program in FORTRAN IV, ANOVA with repeated measures, 4689
computer programs, cataloging & classifying & retrieving & editing citations of research papers, 4692
computer programs BMDP & SPSS, stagewise multivariate linear regression, 80
computer programs for semantic differential, 89
computer program simulating random choice in radial arm mazes & other choice situations, 116
computer programs using raw score vs deviation score formulas, precision of standard deviation of distribution of scores, 78
computer software, processing psychophysiological data, 4741
CONCEPTS program, microcomputer-controlled experimentation in concept attainment, 11608
data analysis programs, UNIX operating system, 4724
development of theories on understanding of language & computer programs for natural language conversation, 11613
FORTRAN computer program for scoring Infant Temperament Questionnaire, 4–8 mo olds, 4690
FORTRAN IV program, evaluation of paired-comparison transitivity, 11569
human-computer interaction & applications, human factors engineering, 11614
human intentionality & computer programs, 7235
interactive computer program called INDEX, item analysis of objective tests, 82
interactive computer program called QUIZ, construction of objective tests with items from different content domains, 81
item analysis computer programs, scoring of questionnaires in which correctness of response differs according to respondent, 4658
MIA program for multivariate information analysis, 128
microcomputer program, computation of law of comparative judgment scales, 4671
microcomputer program, regression model analysis of predictive bias in educational & psychological tests, 124
model & computer program for analysis of clarity judgments, comprehension of directions in natural language texts, 11600
NGD FORTRAN IV program for fitting normal generated distribution, 111
NORM computer subroutine for updating norms of reference group, 106
ONLINE BASIC microcomputer program for control & recording of events in operant conditioning experiments, 90
ORPOCO program, orthogonal polynomial coefficients, 11611
PCGEN FORTRAN IV program to generate paired-comparison stimulus, 35
PET based program, stepwise orthogonal hand rotation, 11601
procedural guidelines, design of conversational interactive computer programs for end users, 68
procedure & computer programs for 3-mode factor analysis, 2607 programs for use on APPLE II, visual psychophysics, 11570
PRTCM, FORTRAN subroutine for rapid observation of correlations within large correlation matrix, 4747
PSYCHO-STATUS BASIC programs for TRS-80, 4660
RECEST, computer software package for estimation of parameters of dynamic linear systems, 4667
REFERENCE program, storage & retrieval of journal references, 11563
RMISDAT, computer program for estimation of population correlation coefficient with incomplete data sets, 4669
SCHEME, FORTRAN computer program to analyze & simulate group decision data, 4721
SPAN interactive BASIC program for spectral analysis of time-series data, 123
SPSS subprogram ANOVA, handling of repeated-measures & nested designs, 4697
statistical processing system, Z80-based microcomputer, 4672
unweighted-means ANOVA program for TI-59 programmable calculator, 4740

Computers [See Also Digital Computers]

applications of AIM-65 microcomputer as laboratory control device, 75
command language grammar, representation for user interface of interactive computer systems & description of user's mental model of system, 11516
computer system response time variability, interactive graphical problem solving, college students, 4570
construction of inexpensive microcomputer peripheral input/output expansion, 103
description & critical analysis of human factors in computer systems operation & design, literature review, 2277
description of Maudsley Automated Psychological Screening Test, support for microcomputer based automated testing, 9256
human-computer interaction & applications, human factors engineering, 11614

inclusion of cognitive psychology theory in human-computer interaction studies, 11509
inexpensive microcomputer for experimental psychology laboratory, 11598
integrated circuit for stepwise or continuous microdrive advancement, 4710
locus of control & attitude toward computers, college students, 12845
microcomputer-controlled olfactometer, 4663
psychological questions of using displays in man-computer interactions, 9213
sex composition, cooperative problem solving with communication via teletypewriter, dyads, implications for natural language computer design, 2275
statistical processing system, Z80-based microcomputer, 4672
system for interfacing of strain-gauge transducer with laboratory microprocessor, 4727
Concentration Camps
clinical syndromes & dream phenomena & treatment approach, Holocaust survivors in Hasidic & ultra-orthodox Jewish communities, 1733
delayed development of psychosomatic skin disorders, survivors of Nazi concentration camps, 1619
developmental & separation-individuation conflicts & psychic trauma, children of Holocaust survivors, 1053
Holocaust as public policy in 3rd Reich, historical background, 9238
influence of Holocaust on identity & psychodynamic issues, 19 yr old daughter of concentration camp survivor, 1333
methodological criticism, studies of children of Nazi Holocaust survivors, literature review, 6994
patient characteristics & treatment methods, psychotherapy, 2nd generation Holocaust survivors, 1730
perception of parent's childrearing practices, offspring of Holocaust survivors vs offspring of general population, Israel, 7960
psychological aspects of Holocaust & precautions in professional mental health treatment of victims, 1707
psychotherapy, Holocaust victims, 13208
short-term therapy awareness groups, young adults whose parents survived Holocaust, 8667
themes important to understanding psychological significance of Holocaust & resistance & effects on survivors, 1120
Concept (Self) [See Self Concept]
Concept Formation
acquisition of conjunctive & disjunctive concepts & deductive reasoning, schizophrenics, implications for computer-aided diagnostic process, 1446
age, discounting principle in perception of multiple causation situations, kindergartners & 2nd & 4th graders & college students, 5503
age & amount of information, acquisition of seriation-of-length rule through observational learning, 3.4–4.4 vs 4.5–5.4 vs 5.5–6.4 yr olds, 10095
age differences, object sorting & preference, 6–12 mo olds, 10109
age differences, perception of relationships between objects, 4–7 yr olds, 7786
age differences, use of discounting principle, kindergartners vs 2nd graders, 10065
age differences, verb tense used to describe past & future actions, 3–7.9 yr olds, 10056
age & sex, understanding of socioeconomic concepts, 6–15 yr old Malaysian Chinese, 7836
apprenticeship of concept of class inclusion, 7–9 yr olds, Africa, 3345
bilingualism vs monolingualism, cognitive ability to label vs relabel objects, preschool children, 12534
cartoon simulations of stressful dyadic interaction, perceived cohesiveness of same-sex dyads & friendship concept development, male vs female 1st–8th graders, 10162
classical conditioning vs concept formation experimental paradigms, generalization of responses to phonemes, college students, 7722
cognitive development, evolution of concept of death, children, 3392
cognitive strategies, language impairment, 66 yr old male, 6435
compatibility & symmetry, time & distance & speed relationships, 11–13 yr olds, 7783
concept of containment in search tasks, 9.5–15 mo old infants, 5490
conceptualization of home-leaving, college students, 12524
conservation vs compensation in predicting water height, kindergartners through 5th graders, testing of Piaget's theory of development of conservation ability, 7790
cooperation with others, development of class inclusion concept, 5–15 yr olds, 977
death concept formation & reactions to death, children, guidelines for therapists & parents, 7761
developmental model, concept formation, 5530
development of object permanence, 8–24 mo old humans vs 18 & 30 mo old chimpanzees, 1049
development of relative speed & distance & movement duration judgments, 1st–7th graders, 7770
early reading achievement & Piagetian task performance, 5.6–6.8 yr olds, 7820
experimental methodology & level of cognitive development, ability to differentiate animate vs inanimate objects, 2nd & 3rd graders, 7842
factorial validity of test item classification on Boehm Test of Basic Concepts, Mexican American & Anglo preschoolers & kindergartners, 9112
Figure Sorting Test, identification of concept formation disorders, children & youth, 7039
formulation & elaboration of creativity stages & stimulation techniques, 4316
generalization of left-right concept, 3–4 yr olds, 10041
impaired understanding of class vs thematic relationships in nonverbal test, Broca's vs Wernicke's aphasics, 1617
individualized 3-yr educational training program, visual perception & concept formation & language, male 10.5 yr old, 12.5-yr followup, 8958
instructions & contingent points, novelty of test answers, college students, 6672
interpretation of aesthetic experience & religion, 3254
IQ & cognitive operations, hebephrenic vs paranoid schizophrenics, 13009
locus of control, animistic thinking, 10–13 yr olds, 3324
nonlinguistic symbolic & conceptual cognitive task performance, retarded vs nonretarded vs language impaired children, 8243
number of steps in presentation of instructions, performance in conditional discrimination task, college students, 9548
orientational vs ontological vs structural metaphorical concepts, cognitive science, 11899
parental influence, animistic responses, 5th & 6th graders, implications for development of concept of life, 985
perception of elasticity as object property, 3 mo olds, 12560
perception & thinking & knowledge in cognitive development, children, 10129
perceptual cues vs verbal description, conservation, 5–10 yr olds, 1018
personal construct theory, value judgments & perceptions of others in interpersonal relationships, 12772
prior knowledge of verbal rules, comparative judgments of container fullness, 5–15 yr olds vs adults, 12523
questionable validity of Test of Lateral Awareness & Directionality, measurement of left-right labeling ability, 9327
range of permitted dissimilarity in conceptual system, creativity & cognitive openness, junior college students, 2763
relationship between observation & concept formation & explanation of behavior, proceedings of Ripon College's 1979 conference, 11894
residential treatment, adaptive behaviors, emotionally disturbed children with mean age of 10–10.4 yrs, 10973
sex role concepts, development of sex role identity, young males, 10199
socioeconomic status & father's absence & family size & birth order, conceptual style preference, male vs female 6th graders, Jamaica, 976
spatial task training, performance on Piagetian spatial task, 1st & 2nd vs 3rd & 4th graders, 8-mo longitudinal study, 12474
symbolic play training vs conservation training, male vs female 4.9–6.4 yr olds, 12496
task performance vs observation & ease of conceptualization, verbal discrimination learning & retention, high school students, 7263
thematic related vs unrelated pictures & sentences, conceptual encoding & recognition, college students, 2737
variability of irrelevant features during acquisition, developmental differences in concept transfer, 2nd & 4th & 6th graders, 3351
visual pattern classification & reading skills in concept formation context, kindergartners & 1st graders, 4338

Concept Learning [See Also Reversal Shift Learning]
advance organizer lessons containing high-order social studies concepts &/vs high-order rules for hierarchical classification, learning of social studies concepts & hierarchical classification, kindergartners & 3rd & 5th graders, 4313
analytical competence in isolating & comparing conceptually individual features of objects or concepts in verbal & nonverbal tasks, Broca's vs Wernicke's aphasics, 1567
CONCEPTS program, microcomputer-controlled experimentation in concept attainment, 11608
concept vs memory type Ss in conceptual sensory-motor learning, 1st–3rd graders, 1023
concrete objects vs models, acquisition of knowledge, 5th & 6th graders, 4317
conscious & unconscious processes in learning of complex rule structure, college students, 5041
content only vs self instruction training, conceptual tempo & cognitive level before & after training, preoperational vs concrete operational 2nd graders, 10030
critique of definitional accounts of language structure, 5424
dramatized learning materials, acquisition of conservation of weight concept, 5.6–6.9 yr olds, 13581
example juxtapositions & instruction homogeneity & attention, concept learning, 3–6 yr olds, 12562
feature frequencies among focal instances & degree of overlap with contrast instances, typicality ratings & frequency estimates of whole stimuli & features in prototype formation, college students, 7221
feature frequency vs hypothesis testing, acquisition of rule-governed concepts, college students, 472
instructional design for effective concept learning & analysis, 11183
integrality of geometric pattern & conjunctive vs disjunctive rule, concept verification time, college students, 473
learning of word order vs negation of conjunctions, female chimpanzees, 12058
level of abstraction & number of available memory aids, ability to perform conceptual tasks of attribute identification & rule learning, 25–50 yr old schizophrenics, 5997
number of response categories, unidimensional concept identification, college students, 2802
performance on Educational Set Scale, prediction of concept vs fact learning performance, college students, 11358
probe trials, shift behavior in problem solving strategies, college students, 11890
problems with verbal coding of graphic & conceptual data, reading failure, 9551
prototype & skill development presentation forms & formative evaluation, concept learning, 4th graders, 6674
recent studies on teaching of concepts, literature review, 11211
relevant attributes, learning of conjuction & exclusion & joint denial concepts, college students, 2776
rule difficulty & practice & response label, complete learning, 13–14 yr olds, 10033
simulation game, multiple choice test performance & recognition of sociological concepts, students, 6673
skills of visual analysis used in concept formation, lip reading vs signing deaf vs normal hearing 8–12 yr olds, 8316
stimulus variation between positive vs negative examples, formation of misconceptions, 4–6 yr olds & 2nd–5th graders, 13556
task specificity & situation & context, recognition of concepts & their relations & analogy problem solving, 2748
theoretical framework, proposed study of teaching methods for activity learning, 13570
type & combination of feedback, conceptual & academic learning, children, review of laboratory research, 8909
Concepts
age differences, memory for stories containing easy vs difficult to understand spatial relationships, 1st vs 3rd vs 5th graders, 10106
base-rate fallacy, probability judgments, 18–25 yr olds, 413
basic concepts in oral directions of group achievement tests, elementary school teachers, implications for teacher administration of primary level tests & test construction, 4417
brain hemisphere orientation, advertising concept testing methodologies, 13793
concept of truth, Freud's metapsychology, 6963
concepts & diagnosis, social maturity, 7876
concepts & issues for study of cognition, 11910
conceptual schema of instructional process, learner requirements & learner-environment interaction, 13565
conceptual similarity among job dimensions, illusory halo in job performance ratings, graduate students, 9176
early exposure to TV, perceived relationship between figures & emotional or abstract concepts, college students, 2625
economic concepts in analysis of behavior, 4639
example juxtapositions & instruction homogeneity & attention, concept learning, 3–6 yr olds, 12562
form/content vs task variables, process & representation in reasoning, male 7th vs 10th graders vs college students, 12527
information processing, reading & sentence comprehension, 5th & 6th grade poor comprehenders, 12494
level of error in data, validity of multidimensional scaling in estimations of conceptual level, college students, 273
method of teaching social network concepts in workshop or group setting, 6298
modality specific information, auditory vs visual channel capacity & processing & retention, 17–25 yr olds, 305
orientational vs ontological vs structural metaphorical concepts, cognitive science, 11899
perceptual vs conceptual object attributes, developmental trends in use of attributes for grouping & clustering in cued & free recall, 4 vs 5 vs 9 yr olds, 3359
systemic approach to personality as psychological concept, 10396
Conceptual Imagery
age differences, ability to depict space by route vs survey maps, 1st–4th graders, 12554
command language grammar, representation for user interface of interactive computer systems & description of user's mental model of system, 11516
high vs low mental image activity level & instructions to tense vs relax, heart rate, female college students, 773
internal representation of months of year, retrieval time in extracting information from image, high school & college students, 12545
motor enactment vs imagination vs viewing of demonstration vs no cues, memory for action phrase, students, 7249
overview of creative imagination imagery, 3707
perceptual vs imaginal representation, performance on classification task, learning disabled vs normal 8.8–10.3 yr olds, 10606
recall information stored in iconic memory, Ss, 11917
right vs left temporal lobe dysfunction, use of imagery in deductive problem solving, patients with mean age 25.2 yrs, 10723
roots & images of "disability", 3253
sentence learning with repetition vs imagery instruction, contextual &/vs item interference on sentence information test, 4th graders, 11351
user's conceptual models of pocket calculators, 9300
word meaningfulness & imagery value, recall on semantic vs nonsemantic tasks, graduate students, 11937
Conceptualization [See Concept Formation]
Conditioned Emotional Responses
conditioned emotional response & task difficulty, conditioned suppression, college students, 7212
conditioned stimulus intensity, speed of acquisition & acute extinction of conditioned emotional response, rats, 581
fearful vs happy facial expression & neutral cue & aversive stimulation, conditioned emotional response to cue vs expression, college students, 5059
intertrial detention in vs removal from shock compartment in classical fear conditioning, escape response performance, rats, 7323
lesions of midline reticular area of medulla, acquisition of conditioned emotional response, rats, 9890
reward reduction, enhancement of neophobia, rats, 12050
Conditioned Inhibition [See Conditioned Suppression]
Conditioned Reflex [See Conditioned Responses]
Conditioned Responses [See Also Conditioned Emotional Responses, Conditioned Suppression]
access to mirror &/vs timeout key under multiple FR schedule, pecking behavior, pigeons, 9624
amygdaloid brain stimulation, disruption of conditioned taste aversion, male rats, 807
aversive classical conditioning, defensive responses & depression of appetitive response as evidence of conditioned fear, Aplysia californica, 12081
aversive vs nonaversive food stimuli & stimulus novelty, food burying, rats, implications for species-typical defensive behavior, 7291
behavioral vs neural responses, noise threshold perception, rabbits, 12041

CR with equal VI reinforcement schedules & use of extinction vs reinforcement of not responding, response elimination durability, pigeons, 7324
environmental differences, apparent hypoglycemic vs hyperglycemic CR, male rats, 7304
extinction of stimulus vs response association in behavior conditioned by stimulus & response reinforcement, persistence of responding, male rats, 9653
FI vs DRO schedules of reinforcement, keypecking behavior, pigeons, 9647
hippocampectomy, Pavlovian conditioned heart rate & eyeblink responses, rabbits, 7595
hypnotically suggested selective deafness, RT & heart rate conditioned response, college students, 12008
increase in arousal after extinction of fear response, disinhibition, dogs, 7326
interreinforcement response frequency, postreinforcement pause length, pigeons, 9623
intertrial interval following escape vs avoidance response, avoidance response, male rats, 5119
LSD, acquisition of CRs, rats, 890
noise stress & morphine, conditioned preference response, rats, 583
paired training, facilitation of synaptic input to motor neurons indicating aversive associative learning, Aplysia californica, 12020
paired vs unpaired tone & food &/or keylight, 2nd order autoshaped pecking to keylight, male pigeons, 9630
pentobarbital & chloral hydrate & meprobamate & chlordiazepoxide, effectiveness of auditory vs electrical CS in eliciting CR, cats, implications for drug-stimulus hypothesis & state-dependent learning, 9836
pre-exposure to ready signal, human eyelid conditioning, female college students, 2662
pretreatment nausea as conditioned response, cancer chemotherapy patients, 1864
self monitoring & practice of competing responses, habit reversal procedure for elimination of nervous tics, 9 & 11 yr olds, 13303
signaled escape & regular classical conditioning, heart rate & movement & EMG activity, restrained vs unrestrained female rats, 7411
UCS intensity during Pavlovian conditioning of skin-conductance response, role of instrumental reinforcement process in CR amplitude & resistance to extinction, college students, 485
vagotomy, acquisition & extinction of learned taste aversions, male rats, 12042
variability in CS duration, goal tracking & sign-tracking, homing pigeons, 12010

Conditioned Stimulus

amount of exposure to CS during flooding, extinction of avoidance response, college students, 2778
buzzer CS vs novel buzzer, self punitive running, male rats, 2855
buzzer vs tone as CS in shock escape learning, self punitive running during extinction, male rats, 5108
concurrent visual & acoustic input, augmentation of air puff-elicited eye blink, college students, 2655
conditioned stimulus intensity, speed of acquisition & acute extinction of conditioned emotional response, rats, 581
conditioning stimulus presented before vs after test stimulus on same vs different site, backward enhancement & suppression of vibrotactile sensation, trained Ss, 11764
conflict between components of CS, differential classical eyelid conditioning, college students, 450
counterconditioning & tone stimuli hierarchy & CS exposure, extinction of avoidance responding, college students, 2779
CS contingency & duration & brain lesions, acquisition & extinction of avoidance responses, male cats, 9908
CS presentations in positive vs zero vs negative relationship with food, conditioned approach-withdrawal behavior, pigeons, implications for associative strength, 7310
discriminative properties of conditioned stimulus, stuttering frequency & autonomic arousal as measured by GSR, stutterers, 1888
electrical foreleg stimulation as conditioned reinforcement, lethal self administration of morphine, female rats, 7293
environmental differences, apparent hypoglycemic vs hyperglycemic CR, male rats, 7304
epinephrine administered following shock, learning to new environmental cues paired with epinephrine injection, rats, 550
extinction of stimulus vs response association in behavior conditioned by stimulus & response reinforcement, persistence of responding, male rats, 9653
intensity of eyeblink-eliciting airpuff, modification of eyeblink reflex by auditory stimulus preceding CS, college students, 468
ip ethanol & naloxone, ethanol aversion, male rats, implications for animal model of ethanol dependence, 9654
localized visual signals & shock, conditioned withdrawal, pigeons, 9644
low-rate vs absence of response requirement, strength of conditioned reinforcing stimuli, pigeons, 2861
median raphe electrical stimulation vs threatening CS, hippocampal & neocortical EEG & behavioral inhibition, male rats, 3067
memory for CS relationships, retention of differential autonomic conditioning, male students, 768
negative correlations of tone CSs & shock UCSs, inhibition effects, male albino Sprague-Dawley rats, 617
objects that were vs were not focus of approach-avoidance sequences, burying behavior, rats, 12063
painful visceral stimulation & inhibition by naloxone, diffuse noxious inhibiting controls & evidence for role of endogenous opiates, male rats, 12290
pairing of 1st order CS used for autoshaping vs omission training with food, 2nd order autoshaping, pigeons, 12082
pairing of 2 flavors, sensory preconditioning effect, male rats, 2869
pentobarbital & chloral hydrate & meprobamate & chlordiazepoxide, effectiveness of auditory vs electrical CS in eliciting CR, cats, implications for drug-stimulus hypothesis & state-dependent learning, 9836
pipradrol & nonspecific stimulus change & feeding in test environment & prior exposure to conditioned stimulus, acquisition of responding with conditioned reinforcement, rats, replication of findings by R. T. Hill, 5352
postconditioning devaluation of instrumental reinforcer, extinction performance, male rats, 5090
pre-exposure to ready signal, human eyelid conditioning, female college students, 2662
presence vs absence of food signals & termination of reinforcement to 1 key, switching to reinforced key & continued pecking of extinguished key & role of signals as reinforcers vs informants, doves, 5096
presentation of novel olfactory stimulus while suckling, preference for stimulus, infant rats, 12015
pretraining & intertrial interval & random CS-UCS vs UCS only presentation, acquisition of response in autoshaping, pigeons, 9625
reinforcement & configuration variability of CS, inhibition following discriminative autoshaping, pigeons, 7338
sign-tracking, aversive conditioning, male rats, 2834
simultaneous vs sequential CS presentation in feature negative discrimination training, conditioned inhibition learning, pigeons, 568
stimulus similarity, 2nd-order conditioning, pigeons, 5120
trace conditioning as inhibitory procedure, eyelid conditioning, rabbits, 575
unexpected nature of event to be remembered vs reinforced conditioned stimulus, short term memory, pigeons, 9533
variability in CS duration, goal tracking & sign-tracking, homing pigeons, 12010

Conditioned Suppression

chlordiazepoxide, punishment & conditioned suppression, male rats, 9955
classically conditioned aggression & conditioned suppression, monkeys, 5105
conditioned emotional response & task difficulty, conditioned suppression, college students, 7212
conditioned inhibition of nictitating membrane response, decorticate rabbits, 9895
conditioned inhibition training, subsequent nictitating membrane UCR amplitude in presence of reinforced CS vs conditioned inhibitor, rabbits, 557
conditioned suppression, acquisition of avoidance response, male rats, 12043
correlation of freezing & conditioned suppression of barpressing vs licking vs spontaneous activity, female rats, 7295
differential vs common suppression of CRs, response vs stimulus learning, male rats, 5093
exposure to Pavlovian conditioned suppression & acceleration procedures following VI food reinforcement training, leverpressing vs "freeloading" pellet consumption rates in presence of Pavlovian CSs, male rats, 553
intensity of shock UCS, 1-trial backward fear conditioning, male rats, 5094

localized visual signals & shock, conditioned withdrawal, pigeons, 9644
maintenance & suppression of 40-Hz EEG, cognitive problem solving, male college students, 761
mesencephalic lesions, conditioned inhibition of nictitating membrane response, rabbits, 7593
number of compound trials, subsequent abolishment of blocking of conditioned suppression responses by surprise reinforcement, female rats, 7319
partial reinforcement in goalbox training & subsequent conditioned aversion, aversive taste anticipation, rats, 2844
posttraining ECS vs hippocampal stimulation in familiar vs unfamiliar setting, conditioned suppression, male rats, 7587
saccharin flavor & lithium, aversion learning, 5 day old rats, 885
sodium amylobarbitone & chlordiazepoxide, discrimination between response-contingent & response-independent shock, male rats, 923
stimulus-shock presentation, inhibition of maternal behavior, female rats, 9634
tone intensity & frequency, duration of distress call suppression, newly hatched vs 4-day old chicks, 12034
VI schedule of reinforcement & conditioned suppression paradigm & novel environments, CS extinction, rats, 12036
Conditioning [See Also Autoshaping, Avoidance Conditioning, Classical Conditioning, Conditioned Emotional Responses, Conditioned Responses, Conditioned Stimulus, Conditioned Suppression, Counterconditioning, Escape Conditioning, Eyelid Conditioning, Operant Conditioning, Unconditioned Responses, Unconditioned Stimulus]
applied relaxation vs cognitive vs conditioned cue-controlled relaxation, test anxiety, female college students, 4038
association of flavor elements within a compound in conditioning experiments, male rats, 5126
awareness & attention, human conditioning, literature review, 7142
behavioral contrast & differential reinforcement, keypeck durations, male pigeons, 5131
biological odors of donor rats having vs not having received rewards & sequence of reward vs nonreward, learned responses, male rats, 7302
conditioning theory of R. A. Rescorla & A. R. Wagner, literature review, 9661
contingent vs noncontingent reinforcement probability, response rates, rats, 5118
controllability of auditory discriminative stimuli, go/no-go discrimination performance, pigeons, 7330
cortical conditioning stimuli, responses of thalamic taste cells to stimulation of chorda tympani, male rats, 736
delayed reinforcement, mediating responses, pigeons, 2858
deprivation shift & reward magnitude, running speed, male rats, 2848
desglycinamide-lysine vasopressin during conditioning &/vs extinction, resistance to extinction of conditioned taste aversions, male rats, 12410
dishabituated visual & auditory stimuli in conditioning paradigm, latency of evoked EMG & head movements & visual cortex responses, cats, 12325
environmental context, conditioning, literature review, 2862
ethanol, multiple FI-FR schedule performances, pigeons, 5350
extensive training using positive vs negative stimuli, level of stimulus control, male rats, 5113
hippocampus, cognitive mapping & working memory, rats, 3125
hippocampus, conditioned operations & cognition, 2980
hippocampus, cue utilization, literature review, 3133
hippocampus, formation of attentional-associative networks, extension of N. J. Mackintosh attention theory, 2997
hippocampus, memory, rats, 3124
incremental delay of reward, discrete trial lever pressing performance, rats, 2840
limbic system influences on microsystem cellular network formation in neuronal conditioning & interaction between cortical & subcortical visual structures, cats, 2998
local vs overall & prior vs impending reinforcement, keypeck response rate, male pigeons, 5102
nicotine injection vs passive tobacco smoke inhalation, sucrose taste aversion conditioning, mice, 5101
odor cues, transfer of single & double alternation patterning, male rats, 2868
potassium deficiency, preference for potassium deficient vs sufficient fluids, male mice, 3082
preexposure to delta-9-tetrahydrocannabinol, tetrahydrocannabinol induced conditioned taste aversion, rats, 9930
psychomotor stimulants, abnormal behavior, 5362
retention of long-delay one-trial conditioned preference, monkeys, 7299
reward sequence & level, nonreinforced behavior in discrimination conditioning, male rats, 7308
reward-signaling stimuli, choice behavior, pigeons, 2860
signal aversion stimulus intervals, ratings of white noise aversiveness, college students, 507
signaled & unsignaled reinforcement, response rate, pigeons, 2867
sound vs shock conditioning stimuli, electrodermal vs vasomotor vs eyelid reactions, 17–30 yr old college students, differential analysis of human conditioning, 9286
thiamine deficient diet & associations of subsequent chocolate thiamine-enriched diet with illness recovery, avoidance of chocolate diet following lithium chloride aversion, female rats, 12016
transfer of learning, color matching, pigeons, 2859
UCS-omission effect & static-cue conditioning, comment on studies by E. Kremer et al & A. Dickinson et al, 12027
Conditioning (Avoidance) [See Avoidance Conditioning]
Conditioning (Classical) [See Classical Conditioning]
Conditioning (Escape) [See Escape Conditioning]
Conditioning (Eyelid) [See Eyelid Conditioning]
Conditioning (Operant) [See Operant Conditioning]
Conditioning (Verbal) [See Verbal Learning]
Cones (Eye)
amount of light in surround vs spatial distribution, parafoveal cone dark adaptation curves, Os, 7161
application of Stiles-Crawford function data, determination of foveal fixation, 33 yr old female, 38
background intensity & duration, RT for detection of increment field in rod & cone systems, 9486
background wavelength & wavelength mixture, detection of brief-duration long wavelength incremental flashes, test of linear additivity function of photoreceptor quantum catch, 2713
correspondence between neurological factors & optics of eye & acuity data on smallest foveal channel, 367
duration of dark adaptation & use of background visible only to rods, foveal cone threshold changes, Ss with normal vision, 11783
equations derived from V. C. Smith & J. Pokorny's cone sensitivity values, chromatic discrimination models, 11776
long-duration long wavelength foveal test flash incremental thresholds, test of hypothesized chromatically coded pathway, 2714
measurements without chromatic adaptation, temporal modulation sensitivity of blue mechanism, 9517
method for investigation of linear additivity of chromatic valence, Ss with normal color vision, 9494
visual receptor pigments in African cichlid fish, 7507
Conference Proceedings
behavioral treatment, anxiety disorders, NIMH-sponsored research conference, 6316
brain research & somatic damages of alcohol abuse, symposium proceedings, 3911
childhood autism & language development, proceedings of 20th Congress of Society of Child & Adolescent Psychiatry, Japan, 1442
cognitive processes, aging, proceedings from Design Conference, 7821
current developments in epidemiology & characteristics & chemotherapy of narcotic addiction, 1977 conference proceedings, 1856
paper from 1980 Southeastern Regional Parapsychological Association Conference, 17
proceedings from 72nd Annual Meeting of Southern Society for Philosophy & Psychology, 6576
proceedings of VI National Congress of Finnish Psychological Society, 1978, 2306
proceedings of 51st annual Eastern Psychological Association meeting, 6918
public control of environmental health hazards, 1979 conference proceedings, 2290
relationship between observation & concept formation & explanation of behavior, proceedings of Ripon College's 1979 conference, 11894
status & role & future of women in science, conference proceedings, 1993
Confidentiality of Information [See Privileged Communication]
Conflict [See Also Arguments, Riots, Violence, War]
application of H. Tajfel's model, intergroup discrimination, reply to criticism of K. M. Aschenbrenner & R. E. Schaefer, 10313

application of H. Tajfel's model, study of intergroup conflicts in minimal group situations, critique of study by A. Branthwaite et al, 10311
complaints of drug side effects, amount of indirect vs verbal hostility vs irritability vs resentment, nonpsychotic drug therapy psychiatric outpatients, 10917
concern for people & results vs cooperation & assertiveness, handling of conflict behavior during cooperation within groups, teachers, Netherlands, 3611
conflict, collective community, Israel, 7922
conflict, facilitation of GSR latency reduction as measured by probe stimulus technique, college students, 780
conflict, tonic levels of blood pressure, genetically borderline hypertensive rats, 745
conflicting motives induced by intellectual performance stress, alcohol consumption, male college students, 1209
conflict & special service teams, school psychology, 9073
controversy & induced defensiveness, uncertainty & cognitive perspective taking, college students, implications for cognitive & social development, 12827
coping with adversary relationships, elected public officials, 12700
counselor experience & Gestalt vs eclectic orientation, reported levels of awareness & discomfort & conflict resolution & behavior change & progress, 20–46 yr old clients, 1-wk followup, 8438
demands of efficient feeding vs avoiding predators, foraging behavior, aquatic insects, 7374
developmental & separation-individuation conflicts & psychic trauma, children of Holocaust survivors, 1053
development & validity & reliability of Attitudinal Support for Confrontation & Behavioral Support for Confrontation, measures of student deviance, college students, 2186
efficacy of Prisoner's Dilemma Game for study of interpersonal conflict, 1235
efficiency vs democracy in small group decision making, 12762
ethanol, approach-avoidance conflict behavior, rats, interference-reduction vs tension reduction theory, 9922
factor analysis, Conflict Resolution Inventory scores, male vs female college students, 2414
formal grievance procedures in organizations, conflict management & adjudication & agreement clarification & communication & due process, 6866
frequency & location & nature of conflict in hospital purchasing, hospital administrators & purchasing managers, 4539
historical & social structure factors, police-minority conflict, 3472
incidence of riots & armed internal conflicts & homicide & suicide rates, cross-national study, 8205
intraventricular muscimol & diazepam, anticonflict action, male rats, 3148
intra- vs interindividual conflict condition & spatial transformation tasks, performance, Pakeha vs Pacific Island children, New Zealand, 3435
media emphasis on conflict & protest & leadership statements, White flight following desegregation, 3481
mixed motive vs no conflict games with vs without choice dominance, perception of matrices & improvement, 2796
model of bargaining & conflict, 2-person systems at group & organizational & societal & supranational system levels, 1227
models of interpersonal conflict behavior, male college students, 8004
multicausal approach to interpersonal dynamics, proper distribution of responsibility in treatment of discord in relationships, 8434
parental marital status vs home conflict, perception of real vs ideal family climate, Black adolescents, 3517
perception of & intervention strategies for social conflict among children, kindergarten teachers, 8890
police-community relations, descriptive accounts of recent interactions wih policemen, citizens, 7916
predictors of disagreement, bargaining games, 6980
sex, discrepancy-induced attitude change, US vs Greek high school vs college vs 24–29 yr old students, 1265
sex & conflict manipulation of Piagetian task, moral judgments, preschoolers vs 4th vs 5th graders, 3449
social attributions about intent & causality & stability of behaviors in conflict, communication strategies, college dormitory roommates, 5774
sociocognitive conflict, performance on conservation-of-length task, male vs female 6 yr olds, 1028
theory of cooperative vs exploitative processes in small group dynamics, 9240
third-party consultation, social conflict resolution, Indian vs Pakistani nationals, 5744
transference in residential treatment, junior school age maladjusted children, 6269
urban-industrialized vs rural-traditional milieu, conflict & perception of self & others, 12 yr olds, Greece, 7872
winning vs losing, emotional reactions & tactical & strategical change & motivation in game playing, college students, 7282
Conflicts (Role) [See Role Conflicts]
Conformity (Personality)
achievement style & homogeneous vs heterogeneous groups & type of task, perceptions of small group learning, college students, 2127
age & experience, bureaucratism & attitudes toward profession, college teachers, 8849
aptitude & teaching approach & anxiety & conformance, academic performance, 9th graders, 6667
attitudes & values & ego development level, yogic community members, 5885
body type & birth order & stimulus seeking & conformity, athletes vs juvenile delinquents, use of sports to modify delinquency, literature review, 10549
concept of popularity & emphasis on peer conformity & sex role orientation, adolescents, 1960–1976, 3455
conformity & moral judgment & personality, attitudes toward authority, college students, 12863
conformity of painting evaluation to standard judgment, title recall ratio as index of inner tension level, college students, 12890
conformity to mass standards, sexual selection, humans & animals, 2923
consensus & justification, attitudes toward leader, college students, 5727
correlation between Barron's Ego Strength Scale & Smith's Non-Conformity Scale, female vs male college students, 2500
creativity & nonconformity, well adjusted vs problem 10th graders, 6711
Eysenck Personality Inventory Lie scale as measure of conformism, high school & college students, 13678
group surveillance & sex, attitude conformity, college students, 12797
hemisphericity, creative functioning, superior adults, 1348
inner-other directedness & defiant S effect & previous experience, conformity, male vs female college students, replication of S. E. Asch's study, 3714
knowledge of group consensus & social support, assignment of popular vs unpopular meaning to stimulus word, college students, 5781
need for outside objectivity & inside understanding in social action research, 6920
personality tests as basis for personality impression, job applicants, Netherlands, 2411
researcher sex & sex typed communication, sex differences in influenceability, college students, 8008
sex & sex role stereotypes, cognitive development & spatial ability, Chinese 10 vs 13 vs 16 yr olds, Hong Kong, 12512
S status, conformity to vs deviation from goal facilitative vs detrimental group norm, 4-member male groups, 8020
statistical vs literary approach, assessment of findings on sex differences in conformity behavior, critique of H. M. Cooper's analysis of literary reviews of E. E. Maccoby & C. N. Jacklin & A. H. Eagly, 5722
threat of surveillance vs actual surveillance, expression of opinions on marihuana, college students, implications for deindividuation & reactance hypothesis, 1297
Confusion (Mental) [See Mental Confusion]
Congenital Disorders [See Also Cleft Palate, Drug Induced Congenital Disorders, Spina Bifida]
autism & recovery rates, 2.5–5 yr old children with congenital rubella, followup at 8–9 yrs of age, 12901
language development, 27 yr old female with callosal agenesis, 10662
upper limb movement characteristics, 4–9 yr old meningomyelocele children, 13082
Congenitally Handicapped
cerebral vascular accident, right hemiplegia & aphasia, congenitally deaf 57 yr old male, 10741
congenital vs acquired deafness, reading ability & math skills, adults, 3902
Conjoint Therapy
conjoint vs nonconjoint marital therapy, divorce at 5-yr followup, former clients, 8460

couples treatment of agoraphobia, marital satisfaction, 30–62 yr old agoraphobic females & their husbands, 4037
motivation, conjoint therapy, spouses, 6297
supervisor-trainee cotherapy, individual psychotherapy training, 4205
Connotations
appropriateness of connotation with meaning of homophone, facilitation vs inhibition in identifying target word, college students, 4990
connotations of terms identifying children with subnormal intellectual capacity, attitudes toward special education classes, mildly mentally handicapped vs nonhandicapped 10–16 yr olds, 9051
connotative incongruity of color-word pairs, color naming, college students, replication of study by D. R. Ridley et al, 2757
dirty vs nondirty adjectives describing fictitious person, interpersonal attraction, college students, 12431
presentation context & age differences & cognitive complexity, evaluation of semantic attributes of nouns, 10–12 vs 14–15 vs 17–18 vs over 20 yr olds, 7840
stimulus word class & rating scale dimension, semantic differential & evoked potentials, 18–50 yr olds, 9759
Conscience
concepts of God & blasphemous expressions, 10 & 13 yr old males, 3427
Conscious (Personality Factors)
conscious & nonconscious states in C. Rogers' psychology of self, 5847
synergism of consciousness & unconsciousness, structure of dreams, 29
unconscious mediation process, evolution of consciousness to stages of increasing complexity, 528
Consciousness Disturbances [See Autohypnosis, Delirium, Hypnosis, Insomnia, Narcolepsy, Sleep Disorders, Sleepwalking, Suggestibility, Time Disorientation]
Consciousness Raising Groups
effectiveness of growth groups in facilitating enduring changes in interpersonal relationships, literature review, 10846
history of problem oriented & consciousness raising psychotherapy group for battered women, 6303
Consciousness States [See Also Attention, Awareness, Divided Attention, Monitoring, Selective Attention, Vigilance, Wakefulness]
cognitive shift in social psychological theory, proposed research on consciousness, 2825
conscious & nonconscious states in C. Rogers' psychology of self, 5847
critical review of theories & experimental data of relation between consciousness & brain, 774
deep hypnosis, age regression to infancy & early childhood, 19–29 yr old students, 522
place of consciousness in L. S. Vygotskii's psychological theory, 6939
Rabbinic view of regulation of consciousness, attention & awareness as pertaining to meditative prayer, 2817
reflective vs nonreflective modes of consciousness, implications for psychotherapy, 2816
rocking stimulation & sleeping vs alert state, cardiac & behavioral responses, neonates, 12269
spiritual & transpersonal aspects, altered states of consciousness, report of 1978 American Psychological Association symposium, 520
theory of "emergent interactionism" combining brain system & mind/life system to explain transpersonal experience, 5084
Conservation (Concept)
affirmative thought pattern, prenumber conservation response by young children, 1024
age & family income level, conservation of number & mass & continuous quantity development, 5.3–6.11 yr olds from lower vs middle income families, 7813
arrays with 2 vs 3 elements, number conservation, 3 & 4 yr olds, 10104
cerebral dominance, performance on tactile & unimanual Piagetian tasks for spatial & logical thinking, left vs right handed children, 2966
cerebral hemispheres, acquisition of conservation of length, right handed children, 3303
computer controlled training program, number conservation development, mentally retarded 9–14 yr olds, 9016
conservation abilities, male vs female noninstitutionalized vs institutionalized elderly vs middle aged Ss, 3291
conservation of meter in violin playing, kindergartners & 3rd graders, 5514
conservation task performance, underestimation of cognitive development, 4–6 yr olds, replication of J. McGarrigle & M. Donaldson's study, 10034
conservation & transitivity & class inclusion of number, 4 & 5 yr olds, 3338
conservation vs compensation in predicting water height, kindergartners through 5th graders, testing of Piaget's theory of development of conservation ability, 7790
cooperation with others, development of class inclusion concept, 5–15 yr olds, 977
dramatized learning materials, acquisition of conservation of weight concept, 5.6–6.9 yr olds, 13581
early reading achievement & Piagetian task performance, 5.6–6.8 yr olds, 7820
exploratory hand movements in performance of haptic conservation of solid amounts judgments, congenitally blind 9–16 yr olds vs sighted 5–12 yr olds, 6125
field independence, concept conservation, 6–11 yr olds, 3334
formal operational proportionality tasks & concrete operational conservation tasks, assessment of knowledge, 3rd–12th graders & college students, 10103
item analysis of Concept Assessment Kit-Conservation, measurement of intellectual development, educable mentally retarded children of 7.3–14.3 yrs CA & 3.7–10.8 MA, 9415
liquid ingestion volume illusion, college students, 306
perceptual cues vs verbal description, conservation, 5–10 yr olds, 1018
Piagetian vs Bryant-type number conservation tasks, hierarchy of cues used in number conservation, 4–5 yr olds, 10110
right vs left hemisphere EEG during performance of Piagetian tasks, right handed 6–8 yr olds, 10071
schooling vs age vs sex vs language-culture, number vs length vs quantity vs area conservation, 3rd–6th graders, Papua New Guinea, 3385
sensory deprivation, development of conservation of liquids, deaf & mute 6–13 yr olds, 8318
sex differences, conservation of numbers as kindergartners as predictor of arithmetic achievement, 2nd graders, longitudinal study, 6682
sociocognitive conflict, performance on conservation-of-length task, male vs female 6 yr olds, 1028
symbolic play training vs conservation training, male vs female 4.9–6.4 yr olds, 12496
training & incentives, cognitive abilities including conservation of volume & length, advantaged vs disadvantaged 8–9 yr olds, 7823
transitive inference vs equivalence vs identity conservation, relative ease of learning sequence, mentally retarded 6–14 yr olds, 6060
Conservation (Ecological Behavior)
age differences, attitude toward energy conservation, power company customers, 9217
air & mean radiant temperature & relative humidity & air velocity & clothing & physical activity & time, thermal comfort & energy conservation strategies, 9221
approaches to encouraging conservation behavior, literature review, 9215
consumer attitudes toward energy conservation, 9220
education & age & political party & perceptions of energy situation, energy policy preferences, adults, 11521
energy conservation attitudes & behaviors, Navy family housing residents, 11525
energy conservation & public policy, US, 9219
environmental attitude/behavior congruence & recommendations for empirical research approach, 2293
evaluation of energy conservation program, university buildings, 2294
evaluation of energy conservation programs, 9223
federal transportation energy conservation policy, implications for social science research, 9225
gasoline shortage, automobile driver behavior & adoption of rationing plans, US, 6896
group financial incentives, energy conservation, residents of master-metered apartments, 6893
ideal requirements for feedback of automobile fuel consumption for conservation of gasoline, failure of current standard equipment, 11524
monthly feedback, residential electricity consumption, adults, 9218

partisanship & liberalism & environmental concern & issue salience, policy preferences & voting behavior, state natural resources management officials, 6892
perception of innovation's characteristics, adoption & diffusion of energy-conserving processes & products, 9216
power of commitment, energy conservation, homeowners, 4596
psychological research in area of energy problems, 9214
unidimensional vs multidimensional & generalized vs situation specific measures of locus of control, prediction of environmental activism & personal conservation & antipollution activities, activists vs nonactivists, 11655

Conservatism
age & experience, bureaucratism & attitudes toward profession, college teachers, 8849
age & sex heterogeneity in experimental samples, acquiescent responding on Wilson Conservatism Scale, families, 2465
alcohol consumption & psychological conservatism, sexual interest, male college students rating themselves as social drinkers, 7997
analysis of the impact of community reactions on sheltered-care residents in different types of neighborhoods, 10993
development of psychological conservatism, children with mean age of 10.2 yrs, attempt to replicate findings of G. E. Powell & R. A. Stewart, 10132
educational & environmental background, attitudes toward marriage & family structure & traditionalism, 18–25 vs over 40 yr old males, 12600
feeling of being understood/misunderstood by other group with regard to values of freedom & equality, groups of conservative vs liberal college students, 12741
parental behavior, radicalism, 16–20 yr old college students, 7887
relationship between liberalism & conservatism, male Army conscripts, Australia, test of F. N. Kerlinger's theory, 5881
self esteem, conservatism, White female college students, 5858

Conservatism (Political) [See Political Conservatism]

Consistency (Measurement)
longitudinal stability of personality trait ratings as measured by multitrait-multimethod criteria, 149
new methods for estimation of internal consistency reliability, 4851
overview of evidence on longitudinal & cross situational consistency in research on aggression, 9282
proposed circularity index as alternative to M. Kendall's & R. Slater's consistency indices in paired comparisons, measurement of choice behavior & preferences, 2559
stability of cross-situational patterns of anxiety behavior, 8th graders, 1081

Consonants
acoustic & articulatory description, /s/ production, /s/ defective vs normal 6–8 yr olds, 8287
acoustic filtering, consonant recognition, 17–55 yr olds with unilateral hearing impairment, 13162
acoustic spectral quality vs dynamic change as cues in diphthong identification, selective auditory adaptation to syllables varying in consonant & vowel cues, 4960
auditory & visual consonant recognition training &/vs standard aural rehabilitation, audiovisual consonant & sentence recognition, hearing impaired 19–69 yr olds, 10966
binary articulatory production classification & derived difference measures of English consonants, 3236
Black vs standard American English background, phonological differences in consonantal development, Black vs White 4–5 yr olds, implications for articulation testing, 10101
consonant & syllable harmony in speech, language disordered 3.7–4.8 yr olds, treatment implications, 4111
correlation between sound pressure level & duration of French vowels & consonants, 9974
CU transitions, effective duration of vowel as cue to voicing syllable-final consonants, college students, 7204
discrimination of vowel & CV stimuli of varying duration, language impaired 6–12 yr olds with normal vs abnormal phonologic production vs verbal auditory agnosia, 8288
fundamental frequency changes over vowels, auditory cues & perception of consonants & fricatives, college students, 11866
individual differences, use of consonants during early phonological development, Ss aged 1 yr 4 mo–1 yr 10 mo, 5505
levels of isolated vowels & consonant environment, voice level, male esophageal speakers with average age of 74 yrs, 10650
nature of preceding liquid consonant, perception of stop consonant in syllables, Ss, 11869
perceptual basis of consonant cluster reduction & final devoicing, 9525
postvocalic consonants, vowel duration in esophageal speech, laryngectomized 50–58 yr old males, 3907
silent closure interval between stops in utterances, perception of syllable initial & final stop consonants, college students beginning phonetics, 9528
temporally distributed cues, consonant discrimination in VCV utterances, untrained college students vs trained listeners, 2721
training in articulation of specific consonant clusters, generalization to other consonant clusters, 4.7–7.7 yr olds with functional articulation disorders, 13654
visually presented short term memory lists, speed & accuracy of recency judgments, 20–35 yr olds, 9574
visual vs auditory presentation of consonants &/vs numbers & information load, short term memory, college students, 475
vocalic boundary alignment in Dutch & alignment on noise bursts in English, voiceless dominance over voiced plosives in dichotic listening, 19–32 yr olds, 12430
voiced vs voiceless final consonants, duration of preceding vowel, 3–4 yr olds, 10092
2nd language learning, voice onset time for production of Spanish vs English word initial stop consonants, 4 yr old normal vs 7 yr old language disordered Spanish speaking sisters learning English, 10623

Consultation (Professional) [See Professional Consultation]

Consumer Attitudes
approaches to encouraging conservation behavior, literature review, 9215
attendance vs number of reading & mathematics courses vs college aptitude test scores, knowledge of consumer economics & competency, high school students, 13598
attitudes toward social responsibility & consumer efficiency & big business, consumers vs consumerists, France, 6909
consumer attitudes toward energy conservation, 9220
consumer information sources, implications for government information policy, 6900
consumer preferences, container law, voters, 6887
demographic & personal & life cycle characteristics, users vs nonusers of legal services, 6905
forced exposure analysis of alternative TV advertisements, correlates of persuasion & brand buying intentions, shoppers, 13796
Fourier synthesis study of lead-lag relationship of consumer attitudes & spending behavior, 13794
instrumental & expressive dimensions, consumer appraisal of product performance, replication of study by J. E. Swan & L. J. Combs, 6911
market segmentation analysis, effect of product attributes & personal values & demographic characteristics on brand preference, fast food restaurant customers, prediction implications, 2295
perception of innovation's characteristics, adoption & diffusion of energy-conserving processes & products, 9216
personality traits & values, clothes buying behavior, female college students, 6914
Pollimeter device as measure of consumer attitudes & involvement & choice behavior, 2376
product prices & S's income level, perceived product quality & preference & purchase intent, 20–50 yr old females, 13799
self reported confidence in evaluation of product & dogmatism, college students, implications for consumer judgment & behavior, 12856
Sizzlean vs Hormel Black Label vs Armour Star bacon, perceptions of meat leanness & flavor, college students, 11527
social class & opinion leadership & product-user stereotypes, upper vs middle vs lower class 18–65 yr old females, 13797
specification of patronage models for retail center choice, suburban consumers, 4603
test reliability, measurement of children's attitudes toward TV commercials, 8–12 yr olds, replication & extension of J. R. Rossiter's study, 4818
TV program viewer involvement, recall of & attitude toward commercial & intent to buy, employees, 4612
verbal vs pictorial stimulus presentation, number of additive & configural feature effects in consumer judgments of product designs, graduate students, 6908
visual triggers in advertising, brand awareness & attitude change, questionnaire respondents, 2302

Consumer Behavior
application of mathematical model, advertising exposures & purchase response patterns, consumers, 2304

consumer information & education, cognition & choice behavior, male vs female new homeowners, 6904
consumer information sources, implications for government information policy, 6900
consumer preferences, container law, voters, 6887
consumer surveys & buyer's judgments of consumers' intentions, 4611
deal purchases & consumer characteristics, repeat purchase probability, logit model, 6910
demographic & personal & life cycle characteristics, users vs nonusers of legal services, 6905
ecological changes & incentives, bus ridership, 9146
examination of product descriptions vs products, cognitive processes & eye movements & determinant attributes & protocol content in choice behavior, household members, 6915
experimental procedure, measurement of individual preference in choice of grocery store, 4822
Fourier synthesis study of lead-lag relationship of consumer attitudes & spending behavior, 13794
gasoline shortage, automobile driver behavior & adoption of rationing plans, US, 6896
group financial incentives, energy conservation, residents of master-metered apartments, 6893
hemispheral lateralization, consumer behavior, literature review, 6907
instrumental & expressive dimensions, consumer appraisal of product performance, replication of study by J. E. Swan & L. J. Combs, 6911
locus of control & intent to purchase internally oriented products, college students, implications for prediction, 13798
market segmentation analysis, effect of product attributes & personal values & demographic characteristics on brand preference, fast food restaurant customers, prediction implications, 2299
methodology for inferring hierarchical choice processes from panel data, 4730
monthly feedback, residential electricity consumption, adults, 9218
multiproduct advertising-sales model, measurement of consumer behavioral process, 2301
object rating task, consumer information processing strategies, 30–39 vs 50–59 vs 60–69 vs 70–79 yr olds, 10001
perception of relative size of preferred vs nonpreferred brand, availability of alternative brands, US vs People's Republic of China vs Pakistan consumers, 4605
personality traits & values, clothes buying behavior, female college students, 6914
Pollimeter device as measure of consumer attitudes & involvement & choice behavior, 2376
predictive capability & input required & interpretation task complexity, immediate use of choice prediction method, consumers, 6912
proposal for development & evaluation of consumer curriculum, consumer education, 2086
race & sex differences, amount of help received, Black vs White store customers & clerks, 5593
self reported confidence in evaluation of product & dogmatism, college students, implications for consumer judgment & behavior, 12856
social class & opinion leadership & product-user stereotypes, upper vs middle vs lower class 18–65 yr old females, 13797
social class &/vs income, segmentation of market for various consumption areas, 4610
socioeconomic & psychosocial dimensions, self medication, 1833
specification of patronage models for retail center choice, suburban consumers, 4603
TV program viewer involvement, recall of & attitude toward commercial & intent to buy, employees, 4612
type & amount & source of consumer information seeking, new car buyers, 4607
use of social psychology research in car-buying consumer interest, car salesmen, 6902
verbal vs pictorial stimulus presentation, number of additive & configural feature effects in consumer judgments of product designs, graduate students, 6908

Consumer Protection
psychophysical concepts & methods, quality control of industrial products, 9817
recommendations for regulation & enforcement & discipline of professional psychological practice, 13514
US Environmental Protection Agency vs consumer avoidance vs industry authority source, evaluation of environmental quality standards, college students, 2289
use of social psychology research in car-buying consumer interest, car salesmen, 6902

Consumer Psychology
proposal for development & evaluation of consumer curriculum, consumer education, 2086

Consumer Research [See Also Consumer Surveys]
accelerated attrition method, measurement of advertising effectiveness for established brands, 2303
application of mathematical model, advertising exposures & purchase response patterns, consumers, 2304
approaches to cross-national advertising research, 9227
brain hemisphere orientation, advertising concept testing methodologies, 13793
comparative advertising with copy claim variation, increased advertising effectiveness, 4613
consumer surveys & buyer's judgments of consumers' intentions, 4611
limited growth model & S-shaped curves for prediction of response rates, 2575
market segmentation analysis, effect of product attributes & personal values & demographic characteristics on brand preference, fast food restaurant customers, prediction implications, 2299
measure unreliability, cross-national marketing research, 6906
model for 4-mode component analysis, assessment of viewer response to repetitive TV advertising, 269
multiproduct advertising-sales model, measurement of consumer behavioral process, 2301
primacy vs recency effects, consumer product taste test results, 13–49 yr old Ss, 2300
product prices & S's income level, perceived product quality & preference & purchase intent, 20–50 yr old females, 13799
review & new approach, pricing research techniques, 13792
"self theory" for consumer personality research, 11528
Sizzlean vs Hormel Black Label vs Armour Star bacon, perceptions of meat leanness & flavor, college students, 11527
social class &/vs income, segmentation of market for various consumption areas, 4610
specification of patronage models for retail center choice, suburban consumers, 4603
time cue technique, time perception & responses on mail surveys, 4606
type & amount & source of consumer information seeking, new car buyers, 4607
use of consumer feedback in planned change & evaluation of health service delivery, 8621

Consumer Surveys
attitudes toward social responsibility & consumer efficiency & big business, consumers vs consumerists, France, 6909
consumer surveys & buyer's judgments of consumers' intentions, 4611
respondent anonymity, mailed questionnaire response rate & quality, consumers, 13795
time cue technique, time perception & responses on mail surveys, 4606

Content Analysis
African vs Western models & values, magazine advertisements, Africa, 1133
analysis of psycho-educational research, 1910–74, 2405
analytic review of community psychology research, 1973–78, 3473
composer's age at composition & historical time, computerized content analysis of thematic fame & melodic originality in classical music, 963
content analysis, films of C. Rogers & A. Lazarus vs E. L. Shostrom working with same psychotherapy patient, 10814
content analysis, information presented at special education placement team meetings, 11171
content analysis, special education journals, 1972–77, 13660
content analysis, value orientation of 7th & 8th grade social studies textbooks, Canada, 8866
content analysis & critique, published research in community psychology & mental health & applied social psychology, 1975–78, 6981
content analysis & evaluation of programed parent social learning, childrearing, parents, 13576
content analysis of "Australian Psychologist" for 12 yr period, 6612
content analysis of individual history information, 4677

content analysis of prime time TV, compatibility of work & marriage for women, 10297
content analysis system, classification of psychotherapy client & therapist verbal communication on same categories, research & training implications, 6264
correlation of scores using S. Ertel's content analysis procedure vs Rokeach Dogmatism Scale, measurement of dogmatism, 9316
discrimination & consensuality & differentiation in person descriptions, analysis of letters of recommendation for graduate school candidates, 8810
forced exposure analysis of alternative TV advertisements, correlates of persuasion & brand buying intentions, shoppers, 13796
knowledge of semantic roles, ability to identify important information for summary writing, college students, 9537
meta-analysis of effects of stuttering treatment, 4110
methodology for examination of defense & anxiety & impulse in therapist interpretations, brief psychotherapy, 8443
methodology for writing reviews of literature, 11094
personality assessment from content analysis of speeches, Soviet Politburo members, USSR, 5857
physical presence vs visual communication, content & style of conversation, sighted vs blind Ss, 13147
researcher sex & sex typed communication, sex differences in influenceability, college students, 8008
suicide notes, motivation, 18–74 yr olds, 13033
thematic content of graffiti, male vs female attitudes, 12783
trends & contents & origins & international reception, articles published in English between 1967–78, psychologists, West Germany, 8754

Content Analysis (Test)

evaluation of Luria-Nebraska Neuropsychological Test Battery, 4833
method for interpretation of manifest & latent content in Children's Apperception Test, 4759

Contextual Associations

administration of Elicited Language Inventory using standard vs modified procedure with contextual cues, spontaneous speech & elicited morpheme use, language-delayed vs normal speaking 1–11 yr olds, 9388
age & context & semantic strategies, verb comprehension, 2nd–7th graders, 10053
assimilation of formulation frames, syntax perception in sentences, college students, 12432
body temperature cues, recovery from hypothermia-induced retrograde amnesia, male rats, 12051
category & context shifts in successive lists of nouns, recall & proactive interference, Korsakoff amnesic vs alcoholic patients, 13165
cognitive vs outcome feedback & task congruence & properties, probability learning, college students, 446
congruency vs incongruency between story facts & speaker's terminal utterance & awareness of facts, understanding of speaker's intentionality of false utterance, 1st vs 3rd graders vs college students, 7769
context, judgment of semantic stimuli, male vs female college students, 11913
context, use of limited processing resources in word recognition, college students, 7223
context of criminal action, attributions of criminal responsibility, verdicts of actual jurors, 10277
context orientation vs depth of processing, theme & prose comprehension & recall, college students, 9554
contextual aides, reduction of intersentence interference, 4th & 5th graders, 3348
contextual categorization of "if" statements as measure of linguistic competence, adolescents & college students, 3312
contextual effects, speech perception, infants, 3320
contextual events specific to passive vs active avoidance conditions, interference in retention of learned avoidance, rats, 611
contextual factors, perception of orientation, male rats, 9619
contextual theme & topicalization of subject or object in active vs passive sentences, 8.5 vs 9.6 yr olds vs adults, 7815
context variations, feature detection in line segments, college students, 11849
development & transfer capability, context-free vs context-specific problem solving skills, aircraft powerplant maintenance trainees, 9168
dirty vs nondirty adjectives describing fictitious person, interpersonal attraction, college students, 12431
eliciting contexts, rhythmical stereotyped behavior, normal infants less than 1 yr old, 12472
environmental context associations, conditioning of shock-induced analgesia, rats, 591
facial expressions &/vs context, judgment of emotion in news magazine photographs, college students, 10363
handedness, identification of context for sentences with verbal content indecipherable & melodic structure intact, college students, 7447
high vs low imagery sentences, sentence verification, college students, 9540
illocutionary force & surface form of direct vs indirect speech acts, frequency & accuracy of recall, college students, 5033
individual differences & word vs nonword context, response latency in letter identification, college students, 11815
initial reading achievement & training to use context for error correction, changes in reading, learning disabled 8–13 yr olds, 9036
interactive activation model, perception of letters in words & other contexts, 11825
irrelevant factors in reference field, acquisition of miniature artificial language, Japanese speaking Ss, 7723
linguistic context, early responses to sentences & comprehension of context & generation of informing responses, language disordered 5–6 yr olds, 6104
location of & amount of detail at fixation point, discernment of line elements alone vs in 3-dimensional coherent contexts, college students, continuation of study by A. Williams & N. Weisstein, 4908
locus of attribution & level of control over error correction, performance following context cue use reading instruction, 3rd–5th grade learning disabled & slowly developing readers, 11302
low vs high frequency categorized association lists, category name as retrieval cue, primary school students, implications for episodic memory vs tagging theories, 2755
meaning dominance & semantic context, processing of ambiguous homographs, college students, 9982
meaningfully related vs unrelated sentences, elicited imitation performance, preschool age children, 7797
nature & context of cue, recall, college students, 9587
organized vs randomized presentation of word lists, memory, college students, 5018
orientation context instructions, free recall vs recognition of words, 5th & 6th graders, 1010
part of speech & phonological form, written word comprehension, aphasic vs normal 18–75 yr olds, 8317
passage difficulty & reading achievement level, changes in use of graphic & contextual information, 1st graders, 6680
passage with vs without title & sex, interpretation of ambiguously worded passage, physical education vs art majors, replication of study by R. C. Anderson et al, 4350
pictures vs character motivation story vs both, comprehension & recall of prose passage, college students, 9562
pretest exposure to contextual cues, facilitation of retrieval of complex maze learning, male rats, 558
prior biasing context, lexical ambiguity of phonemes, college students, replication & extension of study of D. A. Swinney & D. T. Hakes, 5422
receiver's understanding of linguistic contexts, understanding semantic levels of message transmissions, literature review, 3252
recognition of confusable high-frequency words, disabled readers with mean age of 9.7 yrs, 13650
repetition of sentences having externally-supplied vs S-generated sentence-completing words, subsequent misidentification of words as self-generated, 427
research design, estimation of context dependence in reading comprehension, 7th & 8th graders, 5495
right- vs left-embedded sentences in related vs unrelated discourse, visual processing of syntactic structures, graduate students, 2733
semantically related vs nonrelated preceding verb, speed of lexical access to words beginning with target phoneme, college students, 4975
semantic context & reading ability, word identification, 5th graders, 6690
semantic priming by sentence context, speed of response to questions about word meaning, college students, 9984
semantic stimuli of limited vs extended response mode, semantic contrast, college students, 11912

semantic vs sensory level word judgment task, effectiveness of sensory & semantic & contextual recall cues, college students, 9583
semantic vs structuring vs nonstructuring perceptual processing, word recognition memory, 12–20 yr olds, 7779
sentence acceptability & word relatedness, speed of word-nonword decisions on target letter strings to complete sentences, college students, 4993
sentence context presentation rate, recognition of likely sentence completions vs lexical semantic anomalies, college students, 949
sentence context stressing various meanings of trait & consistency with subsequent information, ratings of persons described by trait adjectives, college students, 3668
sentence learning with repetition vs imagery instruction, contextual &/vs item interference on sentence information test, 4th graders, 11351
sentence recognition test delay, differential recognition & memory for script changes vs script implications in stories, college students, implications for script knowledge for everyday activities, 461
sentences presented with vs without contextual framework, identification of sentences masked by white noise, college students, 424
sentences with vs without contextual pictures, verbal repetition, language delayed 4–5.3 yr olds, 10627
sex vs cross cultural differences, speech pitch in expressions of politeness, Japanese vs English speaking male vs female 23–46 yr olds, 12433
signaled vs unsignaled shock, preference & extinction of contextual fear, male rats, 12031
situational context, allative bias in comprehension of deictic verbs & directional prepositions, preschool children with a mean age of 3.1 yrs, 10045
stimulus complexity & message ambiguity, comprehension monitoring, preschoolers vs 4th graders, 7816
study-phase retrieval model, temporal coding, college students, 9595
target word primed by word near vs far from target & presentation time, facilitation of word recognition, college students, implications for spreading activation model, 11971
thematic related vs unrelated pictures & sentences, conceptual encoding & recognition, college students, 2737
use of contextual constraint, recall of heard language passages, thought-disorders vs non-thought-disordered schizophrenics, 1452
word appearance in context vs isolation & reading material level of difficulty, word recognition, 4th grade good vs poor readers, 8907
word frequency & contextual information, word identification in sentence completion task, educable mentally retarded 8.5–11.2 yr olds, 10587
word meaning acquisition through paraphrases, 3rd–4th graders, 1020
word syllabic length & frequency & context, word recognition, college students, 11892
Contiguity (Cognitive) [See Cognitive Contiguity]
Contingency Management [See Also Token Economy Programs]
analysis of foundation of social contingency modification in classrooms, 4307
behavioral intervention, generalization of new behaviors & maintenance of contingencies, males in psychiatric hospital locked ward, 8615
comparative effectiveness, time out vs response cost as punishment for noncompliance, educable mentally retarded 6–10 yr olds, 8995
contingent-interrupted music, treatment of disruptive crying & head banging, severely retarded nonambulatory 8 yr old female, 10852
contingent music, behavior modification, profoundly mentally retarded male 26 yr old, 8493
contingent vibratory stimulation, self stimulatory hand-mouthing & ruminative vomiting, 6 yr old profoundly retarded male, 13267
direct vs observed reinforcement, appropriate & inappropriate behavior, 5–6 yr old female kindergartners, 4330
experimental tutoring using contingent reinforcement, on-task behavior, 8 yr old male, 4407
family contingency contracting, sleepwalking & sleeptalking & nightmares, 13 yr old male, 10826
games as reinforcement, exercise behavior maintenance, 20–56 yr old mentally retarded, 4035
haloperidol & contingency management, weight gain & hyperactivity, 17 yr old hospitalized anorectic female, 1658
individual vs group contingencies, reading accuracy, 9.5–11.1 yr old special education students, 11298
maternal training in operant-direct contingent vs psychotherapy-indirect noncontingent intervention vs feedback, quantity of homework done, 3rd & 4th graders, 11185
multiple behavioral procedures, GPA & class grades & school attendance & length of absence due to suspension, junior high school students, 11203
noncontingent reinforcement schedules, operant conditioning, 2375
norms & self reward, goal setting & subsequent anagrams task performance, college students, 8527
parent contingency management technique, reduction in morning school preparation time, 4 & 9 yr olds & their mother, 10909
performance-contingent vs noncontingent schedule conditions, maintained generalized reductions in stuttering, 9–23 yr olds, 6434
problem solving training, 1-parent families, 8459
reinforcement contingent upon success in response prevention, chronic obsessive rituals, middle aged male patient, 1827
review of contingency management in industrial & business settings, 6856
self initiated time out from speaking &/vs response cost contingency, stuttering, male 18 yr old, 6–12-mo followups, 8520
self management program, self medication & awareness of symptoms & self control, children with chronic bronchial asthma, 1777
self management techniques & social contingencies, study habits & anxiety, female college student, 4071
self recording & tokens & contingent free time, reading comprehension, learning disabled 8.8–14.9 yr olds, 13665
task design & reward contingency, task performance & satisfaction & measures of extrinsic & intrinsic motivation, college students, 5067
time out contingencies & positive reinforcement & shaping, behavior disorders, 16 yr old female with Huntington's chorea, 10907
token economy with contingency management vs information feedback, chronic psychiatric patients in day hospital setting, 6369
Continuing Education [See Higher Education]
Continuous Reinforcement [See Reinforcement Schedules]
Contour [See Form and Shape Perception]
Contraception [See Birth Control]
Contraceptive Devices [See Also Oral Contraceptives]
village vs clinic based contraceptive delivery systems, Indonesia, 1927
Contraceptive Methods [See Birth Control]
Control (Air Traffic) [See Air Traffic Control]
Control (Locus of) [See Internal External Locus of Control]
Control (Stimulus) [See Stimulus Control]
Convergent Thinking [See Inductive Deductive Reasoning]
Conversation
age differences, discrimination of utterances violating vs not violating conversational sequencing rules & correct evaluation of speaker intent, kindergartners through 3rd graders, 3297
balance in use of interrogative form in verbal interactions, 2.8–3.2 & 4.5–5.5 yr old dyads, 9998
behavioral techniques for remediation of speech & language skills, autistic children, 9048
coding & analysis of dialog, cognitive complexity & appropriateness of initiations & responses, 3 yr old females, 4666
communicative competence in conversation, mildly mentally retarded male adults, 6059
confederate disagreement on intimate vs superficial topic after initial positive interactions, continuation of relationships as indicated by subsequent conversation topics, college students, 1250
developmental patterns in use of focus vs substitution operations in ongoing discourse, language disordered 3.1–4.2 yr olds, 10641
development of theories on understanding of language & computer programs for natural language conversation, 11613
dyadic interactions, sentence complexity & form & features of discourse, language impaired 4.3–6.4 yr olds with normal languaged children of similar CAs vs 2.2–3 yrs, 10626
eye contact & discrepancy in perceptions of interpersonal proximity, conversation & subsequent personality ratings of partner, nursing student dyads, 10315
free vs cue-specified alternating generation of single words by Ss in dyadic conversation, subsequent identification of word origin, speakers vs listeners, 492
high vs low self monitoring of S & conversation with person with high vs low self monitoring, speech patterns & eye gaze, college students, 3600

informational adequacy of messages in conversation, request for message clarification & selection of referents, learning disabled 1st–8th graders in listener role, 6068
input modality vs pronominalization vs response strategy, recognition memory of real-life discourse, college students vs Italian speaking adults, 9560
intimate vs nonintimate disclosure at 1st meeting of 2 females & other S's intimate vs nonintimate response disclosure &/vs concern, impressions of & attraction to respondent, college students, 1220
logical relations in conversation, college students, model of language comprehension, 12440
paralanguage hierarchies, college students in dyads vs triads with strangers, 10333
patterns of speech & gaze, male & female dyads, 5738
physical presence vs visual communication, content & style of conversation, sighted vs blind Ss, 13147
planning mechanisms as framework for microanalysis of conversation, 11896
problems & recommended procedures, selective listening to conversation of others as information gathering technique, 7726
sampling rates in computerized analysis of dialog behavior, estimates of durations of pauses & vocalizations, conversational partners, 7001
self enhancing vs self critical statements, heterosocial approach, shy vs non-shy male college students, 1233
social conversation patterns, learning disabled 3rd graders, 4403
social skills training program, conversational behavior, socially isolated 8–10 yr olds, 1831
speaker gaze at ends of complete utterances, speaker turn-taking in dyadic conversations, male college students, 5733
topic of conversation & sex composition of dyads, ratings of affective tone of conversation, college students, 12765
use of behavioral cues in judges' perceptions of dominance in dyadic conversations, college students, 10365
utterance rules in enquiry openers, dyads, 3238
validity of behavioral components of social interaction during interview with adult, 10–15 yr old male offenders, implications for social skills training, 2423
verbal vs nonverbal communication with strangers vs acquaintances, Down's syndrome 17–37 yr olds, 10602
vocal participation & open- vs closed-ended questions, perceptions of dominance in conversation, college students, 10321
Conversion Hysteria [See Conversion Neurosis]
Conversion Neurosis
clinical & family history & symptoms, hysterical conversion reactions, 9–15 yr olds, 1429
concept of hysteria in the works of P. Briquet, 6954
conversion reactions, children, literature review, 13011
diagnosis of neurologically produced temporal lobe epileptic vs hysterical seizures, implications for use of EEG, 8359
symptomatology & etiological theories of conversion reactions, proneness of people with hysterical personalities, implications for physical therapist referrals, 1455
torsion dystonia incorrectly diagnosed as conversion hysteria & occupational cramps, 3754
treatment by suggestion, symptoms & prognosis, 10–25 yr old patients with hysterical conversion, 10483
Conviction (Criminal) [See Criminal Conviction]
Convulsions [See Also Audiogenic Seizures]
acute loxapine overdose, medical complications & seizures, 19–34 yr old patients, 10718
age differences, kindling response to electrical stimulation of amygdala, rats, 9874
amygdala kindled seizures, reductions of muscarinic receptors in limbic system, male rats, kindling model of epilepsy, 9762
behavioral treatment & anticonvulsant medication, self stimulation & seizure activity & attention, 7 yr old male with cerebral palsy, 13177
beta-carboline-3-carboxylic acid ethyl ester, diazepam displacement from brain tissue blockade of pentylenetetrazole-induced clonic seizures, mice, 9968
cortical kindled convulsions, inhibitory avoidance performance, male rats, 3076
daily potentiating hippocampal stimulation, acquisition of lever-pressing for food vs stimulation, male rats, 818
early malnutrition & electrical stimulation of fornix, hippocampal seizure threshold & potassium content, rats, 804
ECS, brain synaptic proteins, rats, 12318
ECS induced generalized seizures, hippocampal neuronal loss, female rats, 821
electrical foreleg stimulation as conditioned reinforcement, lethal self administration of morphine, female rats, 7293
electrical stimulation during light vs dark half of 12 hr cycle, development of kindled seizures, male rats, implications for circadian rhythms of epileptic seizures in humans, 9869
imperative ideas & actions with similar or identical content in siblings & across generations, 680
intrastriatal kainic acid & pentylenetetrazol, induction & potentiation of clonic convulsions, male rats, animal model of human temporal lobe epilepsy, 5398
lithium & anticonvulsive drug therapy, increased petit mal seizures, 14 yr old female with seizures & affective disturbance, 4098
lithium carbonate treatment, neurological complications & organic brain syndrome & extrapyramidal side effects & seizures & EEG changes, 6383
methionine & homocysteine, induction of convulsions, mice, 5371
pentylenetetrazol, behavior & EEG activity & cyclic adenosine monophosphate & cyclic guanosine monophosphate brain levels, female mice, 5365
phase of moon & sex, seizure activity, 13–71 yr old chronically hospitalized patients, 3906
pregnancy & amygdala kindling, convulsions & EEG responses, female rats, 7585
prior stimulation with 1 Hz current, retarded kindling induced by 60 Hz alternating current, male rats, 823
receptive & expressive language problems & remediation, school age male with seizure disorder, longitudinal study during 1st–5th grades, 8103
recombinant inbred strains, intracranial self stimulation behavior in lateral hypothalamus, male mice, 819
seizure histories, mentally retarded vs borderline 22 yr olds, retrospective study, 8113
sodium valproate, alcohol withdrawal symptoms & seizures, alcoholic patients, 10927
statistical analysis of EEG records of febrile convulsions without primary CNS involvement, infants, 3938
thiopentone vs methohexitone as anesthetics & benzodiazepine during treatment period, duration & number of seizures in ECT, 21–65 yr old psychiatric patients, 6214
validity of WAIS subtests, diagnosis of temporal lobe vs generalized seizures, patients with mean age of 31.2 yrs, replication of study by W. Millberg et al, 9321
years of prior institutionalization & parents living together & presence of convulsive disorders & adaptive behavior, parental contact, mentally retarded Ss in residential facility, 8687
Cooperating Teachers
affective dispositions toward credibility & utility of hypothetical supervisors, male vs female student teachers, 8829
reactions from supervising teachers, evaluation of teacher preparation programs, 8847
Cooperation
antilitter signs with threatening vs cooperative message & littered vs unlittered environment, littering behavior, public parking lot users, 6895
attitude similarity, aspects of interpersonal attraction including intimacy & companionship & recognition & cooperation, 10323
behavioral program with vs without spouse participation, weight loss & maintenance of loss, overweight females, 3- & 6- & 12-mo followups, 1813
brief behavioral intervention therapy in home, concentration & cooperation & sleep, behaviorally disturbed 14–36 mo olds, 1768
childrearing practices & parental cooperation, parents of 3–5, & 8–13 yr old hemophilic males, 1599
collective educational setting vs rural nuclear family, development of role taking & competitive & cooperative behavior, 6–8 yr olds, Hungary, 3422
communication & interpersonal confidence, working dyads, 8013
concern for people & results vs cooperation & assertiveness, handling of conflict behavior during cooperation within groups, teachers, Netherlands, 3611
cooperation, school learning, 7–16 yr old student dyads, 2125
cooperation & divergent interests of 2 small groups, group narratives, 10326
cooperation required for performance of duties, interpersonal perception, chemical factory workers, 1212
cooperation with others, development of class inclusion concept, 5–15 yr olds, 977

cooperative efforts & psychologists' role, improvement of worklife conditions, Canada, 11503
cooperative games program, sharing & happiness while playing games outside of school, 5 yr old kindergartners, 8893
cooperative vs competitive orientation, choice of more or less competent discussant with same vs opposing view, college students, 12780
cooperative vs competitive vs individualistic conditions, problem-solving performance, 1st graders, 4310
cooperative vs competitive vs individualistic experiences & sex & ethnic membership & ability differences, interpersonal attraction, Black vs White 7th graders, 5737
cooperative vs competitive vs individualistic social orientation as measured by behavioral & sociometric methods, 4th–6th graders, 6977
cooperative vs individual recall, implications for role of communication in memory, 11979
crowding & cooperation vs competition on task & immediate vs delayed opportunity to aggress, aggressive behavior, male college students, 1277
desegregation & classroom environment & learning techniques, liking for other students & reduced competition & interest in school & self esteem, Anglo vs minority students, 4265
forced leadership & movement orders, tolerance to social disruption, ewes vs wethers, 12165
free play vs structured environment, component skills of spontaneous cooperative play, 2.8–5.6 yr olds, 10153
game strategies, Prisoner's Dilemma game, 8006
group size, percentage of escapes from simulated panic situation & concession & aggressive responses, 10332
group success/failure & member competence & race, development of interpersonal attraction, cooperating interracial groups, 8019
negotiators' visual accessibility & accountability, cooperation & competition in bargaining, college students, 12757
participant identifiability, exploitive behavior in commons dilemma situation, college students, 5752
past research & future research needs, guidelines for interorganizational cooperation, 11501
positive vs negative affect & cooperation vs competition, achievement performance, 7–9 yr olds, 12580
scientific collaboration as "creative" complementarity, 8769
security of attachment, child's obedience to mother & stranger & internal controls & maternal intervention, 21 mo olds & their mothers, 3433
social attributions about intent & causality & stability of behaviors in conflict, communication strategies, college dormitory roommates, 5774
socioeconomic status, cognitive development in cooperative play, 5–8 yr olds, 3287
sports participation, development of prosocial behavior, 4th & 5th graders, 10170
strategies, reduction of role conflict, cooperating union & management personnel, 11479
structural variation in social reinforcement contingencies, exchange & cooperation, college students, 5757
structured vs unstructured reward conditions, group tower building task performance, 3rd graders, 10137
task interdependence & reward contingency, group productivity, college students, 5767
theory of cooperative vs exploitative processes in small group dynamics, 9240
validity of simulated commons dilemma, prediction of choice between exploitative & cooperative response, college students, 5751
Coordination (Motor) [See Motor Coordination]
Coordination (Perceptual Motor) [See Perceptual Motor Coordination]
Coping Behavior
amount of time since injury & locus of control, emotional distress & coping behavior, male spinal cord injury patients, 1618
analysis of self reported coping behavior, 45–64 yr olds, 1-yr longitudinal study, 3416
anxiety as cognitive control & learned helplessness, 3742
anxiety level & motivation & ability & sex differences & formal vs informal classroom environment, academic achievement, primary school students, 8925
Arkansas ACLD Adult Committee, self help group for learning disabled adults, 8400
assessment & comparison to maternal care attributes, coping behavior, 1 yr olds, 7868
behavior therapy with labeling & expectations of success, restoration of morale & coping with learning difficulties, students & patients, 1826
biographical variables, coping style in facing finitude of human life, aged, 7746
California Psychological Inventory subscales as predictors of coping with child's leukemia, parents, 192
causal attribution & efficacy questions in family therapy, 13242
causes & coping strategies & relationship to personality traits & physiological states, boredom, literature review, 1926 to present, 7278
cognitive vs relaxation coping skills, treatment, test anxiety, college students, 9080
consultative approach, parental coping with child molestation, mental health professionals, 10983
coping behavior, 19–67 yr old chronic schizophrenic outpatients with persistent auditory hallucinations, 12956
coping dispositions & social supports & health status, arterial blood pressure, 3685
coping response training vs biofeedback assisted in vivo densensitization, fear reduction, female college students, 1809
coping with adversary relationships, elected public officials, 12700
coping with stress of chronic childhood illness, children & families, implications for health care programs & prevention of psychosocial maladjustment, 13378
counseling guidelines, helping persons cope with loss, 8429
death education seminar participation, coping capacity, undergraduate & graduate students, 4292
developmental structuralist approach, classification of adaptive & pathological personality organizations, infants & children, 12585
development of anorexia nervosa & patient-therapist relations in inpatient treatment, 10781
divorce related problems, perceived distress & coping strategies, divorced persons, 12660
duration of hospitalization & instrumental dependency as indicative of coping behavior, 1st admission male schizophrenics, 13410
ecological perspectives of coping process, development of model for community psychology, 12861
effectiveness of coping styles, 18–64 yr olds, 5860
EMG biofeedback training & threat of shock, frontal EMG levels & extent of worry & perceived painfulness of shock & physiological arousal & self report of arousal, college students, 7526
expected unchangeability of life stress, adjustment to economic &/vs health problems, aged Ss, cognitive theory of aging, 5467
family coping behavior & treatment strategies, families in crisis, 10844
family stress & coping, literature review, 1970's, 10250
group discussion, improvement of understanding & management of disease, patients with diabetes mellitus, 1755
group teacher training, facilitation of mental health & improvement of ability to cope with personal feelings & students' problems, teachers, 8843
guidelines for development of school intervention programs for children in emotional conflict, followup to position paper of B. Enright & L. Linkous, 6753
impact of disease & treatment & coping with stress, breast cancer patients, 10708
intelligence vs knowledge of & adaptation to environment, coping strategies, young vs aged Ss, 7763
interpersonal trust, self reported life stress & coping behavior, college students, 12882
leaderless group discussion, coping behavior in conflict areas, 27–35 yr old female mental health professionals, 2003
learning of cognitive-coping strategies, improvement in basketball performance, male college basketball player, 6352
life histories & reactions to illness & psychodynamic issues, 29–69 yr old female breast cancer patients, 1558
life stressors & coping styles, urban 18–64 yr olds, 1321
locus of control, loneliness & coping with somatic & psychological distress, college students, 12883
modeling vs instructional film, intelligence test performance, test anxious 9–11 yr olds, 1817
news of risk for early heart disease as stressful event, stress & other reactions, 35–57 yr old males with no previous symptoms of heart disease, 1588
noise & social & spatial density, task performance, implications for cognitive control of stress, 1221
nonverbal model for coping behavior, depressed person, 3765

personality & body image disturbance & physical state & coping style, adaptation to parenteral nutrition, male vs female 18–66 yr olds, 1901
personality traits, lifestyle responses, 38–71 yr olds who had coronary artery bypass surgery, 8358
Positive Peer Culture & assertiveness training, teaching responsibility & coping behavior, teachers of disturbed adolescents, 2072
potentially depressing situations & sex & age & social class differences, antidepressive behavior, 13–76 yr olds, 10509
power & leadership & stress management in organizations, 4543
predictability of aversive stimulus, GSR amplitude & cardiac anticipatory acceleration, male infarction patients & Ss with high vs low infarction risk, 8383
problem solving, examination & interpersonal anxiety, 32 yr old college student, 13297
psychological consequences & coping mechanisms & dangers & need for mental health intervention, working in underground coal mines, miners, 13702
Psychosocial Competence Incomplete Stories Test, measurement of optimistic trust & self efficacy & active coping style, 7–12 yr olds, 4811
rapid social change, problems in differentiation of normal vs deviant behavior, 7912
reactions & coping behavior, parents of learning disabled children, 13062
research & theory on anticipating grief within psychosocial context, literature review, 1644
sequential criterion analysis for assessment of coping with chronic illness, 1623
sex & crowded dormitory conditions, values & expectancies of privacy & coping behavior, college freshmen, 2297
sex differences & anxiety level & achievement motivation & formal vs informal classroom environments, classroom behavior, 10–11 yr olds, 8951
sex role attitudes, coping with stress during marital disruption, spouses with marital problems, 3523
sex role stereotyped behavior, male vs female central characters on prime-time TV, 7989
situation-redefinition coping mechanism, interpersonal behavior & stress due to crowding, Ss in high vs low density norms, 8027
stages of widowhood, widows over age 62, 3405
strategies, reduction of role conflict, cooperating union & management personnel, 11479
stress inoculation program, anger & anxiety & coping skills & classroom behavior, emotionally disturbed 10 yr old male in residential treatment, 1825
structured vs unstructured group treatment for divorce adjustment, coping skills & self concept, 21–61 yr olds, 1754
supportive group intervention, psychological benefits, metastatic cancer patients, 4033
tailshock restraint & opportunity to gnaw, gastric lesions, male rats, 9848
task requirement vs self reward vs coping components of self instruction training, creativity, high school students, 11204
taxonomy of appraisals & coping strategies, 20–59 yr old lone parents, 10228
test anxiety & IQ & need for achievement, preference for complex play materials, 6–10 yr olds, 8935
test construction for assessment of parental childrearing style, anxiety & coping strategies, 9–13 yr olds, 11664
threat to self esteem vs threat of shock, cognitive coping strategies & pulse rates & blood pressure, Type A vs Type B male college students, 3724
transactional analysis techniques, coping behavior & self awareness, children, 10815
utility of cognitive-interactionist approach, coping with single parenthood after marital breakdown, members of Parents Without Partners, 10229
vocational retraining & career change, coping behavior, immigrants, 4511

Copper
dietary zinc &/vs manganese, copper levels, schizophrenics & arthritics & psoriasis patients, 10753

Copulation [See Sexual Intercourse (Human)]
Copulation (Animal) [See Animal Mating Behavior]
Coronary Disorders [See Cardiovascular Disorders]
Coronary Vessels [See Arteries (Anatomy)]
Corporations [See Business Organizations]

Corpus Callosum
accuracy & speed of bimanual integration for kinesthetic & somesthetic & motor functions, 9.5 yr old male & 17 yr old sister with corpus callosum agenesis, 8369
anatomical features & cognitive & perceptual functioning in corpus callosum agenesis, 7–48 yr olds, review of reported cases, 8312
callosum-dependent binocular interactions in lateral suprasylvian area, Siamese vs common cats, 2993
commissurotomy & practice, performance of unimanual vs bimanual sorting tasks requiring same vs different vs opposite simultaneous decisions by left & right hemispheres, patients, 8319
commissurotomy & subvocal number assignment, psychophysical scaling of lateralized tactile & visual stimuli, right handed male patients, 8331
cortical kindled convulsions, inhibitory avoidance performance, male rats, 3076
headphone vs loudspeaker presentation of CV syllables, asymmetry in dichotic listening, commissurotomy patients vs neurologically normal Ss, 5243
hypnosis, reduction of left hand tactile anomia, 28 yr old corpus callosotomy patient, 13361
integrated model of functional interhemispheric relations, selective attention, literature review, 7454
intellectual & language & psychomotor development, male child with agenesis of corpus callosum & megaloencephaly from age 6–34 mo, 10739
language development, 27 yr old female with callosal agenesis, 10662
partial section of corpus callosum, ability to fuse word pairs presented in both ears & perceive words in either ear, patients age 15 & 26 & 69, 10672
primary visual pathway through corpus callosum, cats, 707
RT & hemispheric asymmetry in dichotic listening, 10 yr old male & 18 yr old female with callosal agenesis, 8340

Correctional Institutions [See Also Prisons]
analysis of correctional treatment typologies, 4187
medical & psychiatric standards in correctional facilities, 8720
prevalence & type of handicap, juvenile correctional institutions, 8732
process of "shaping" untrained personnel to make psychiatric referrals in state correctional system, 6517
rule concerning talking about vs acting on feelings, group therapy, institutionalized young delinquents, 1976
secondary preventive psychiatry in corrections, 8747
social factors in racial intolerance, Black vs White vs Hispanic groups in adolescent correctional institution, 11039
variables related to rule infractions & penalties imposed, inmates incarcerated 6 mo or longer at Louisiana Correctional Institute for Women, 1976, 8724

Correlation (Statistical) [See Statistical Correlation]
Cortex (Auditory) [See Auditory Cortex]
Cortex (Cerebral) [See Cerebral Cortex]
Cortex (Motor) [See Motor Cortex]
Cortex (Somatosensory) [See Somatosensory Cortex]
Cortex (Visual) [See Visual Cortex]

Cortical Evoked Potentials
anticipation of affective stimulation & fear of mutilation, heart rate & evoked potentials & contingent negative variation, male college students, 7409
auditory stimulation, cortical evoked potentials, 8–13 yr old monozygotic twins vs unrelated children, 2960
auditory & visual stimulation, frontal cortex single cell responses, awake squirrel monkeys, 5248
clinical characteristics & auditory evoked potentials, cortical deafness, 40 yr old male with primary myocardiopathy & unable to recognize speech & environmental sounds, 1602
congruence between correctness vs Ss judgments of correctness of response, amplitude of event related potentials, college students, 7460
detection & recognition of weak acoustic signals & associated electrocortical events, Ss, 5229
doxepin vs amitriptyline, amplitude of cortical evoked potentials, 18–69 yr old depressive patients, 6382
flicker light stimulation, neuronal responses of striate cortex, cats, 710
haptic to visual matching, transcortical event related potentials, cynomologous monkeys, 7437
high vs low probability visual stimulation, late positive component of evoked cortical potential, 3 mo olds, 12504

human speech & low-frequency tones, average evoked potentials & multiple unit activity in primary cortex, monkeys, 5240
interstimulus interval, recovery of cortical evoked potential from auditory stimulation, 9.0–13.3 yr olds vs adults, 9798
LSD & 2-bromo-LSD & methysergide & photic stimulation, response of single neurons in striate cortex, paralyzed anesthetized cat, 5361
method for recording simultaneous spike trains from 2 independent electrodes, awake monkeys, 2374
muscle force required in self paced hand movements, increase in premovement slow potentials in premotor & motor & somatosensory cortices, adult monkeys, 5214
neural unit activity in sensorimotor cortex during classical conditioning of nictitating membrane response, albino rabbits, 2981
perception of dynamic random dot correlograms, cortical evoked potentials, monkeys vs humans, 12226
repetition of infrequent familiar vs unfamiliar visual patterns, event related brain potentials, male college students, 12218
same vs different judgments in verbal comparison task & subsequent recognition, event related potentials, college students, 7487
spontaneous vs analytical listening, evoked cortical activity in right vs left hemispheres, musicians vs nonmusicians, 5225
stimulus discriminability & stimulus-response compatibility, choice RT & evoked potentials, 19–32 yr old males, 2750
visually initiated hand movements & cerebellar hemispherectomy, surface & depth potentials of premotor & motor cortex & premovement potentials, monkeys, 12339
Corticoids [See Corticosteroids]
Corticosteroids [See Also Corticosterone, Deoxycorticosterone, Hydrocortisone]
adrenal corticoids, sensitivity of noradrenaline receptor-coupled adenylate cyclase in brain, rats, 3122
anxiolytic activity of benzodiazepines via indole system, stress induced changes in plasma corticosteriods, male rats, 12382
corticosteroid therapy, psychiatric side effects, literature review, 1858
dexamethasone, sexual behavior, ovariectomized mares, 3097
dexamethasone suppression test, measurement of hypothalamic pituitary-adrenal axis activity, 18–65 yr old depressed vs nondepressed patients, 1481
dexamethasone suppression test scores as indication of recovery, unipolar & bipolar endogenous depressives, 1430
doxepin & desipramine & imipramine, dexamethasone suppression test, 21–46 yr old depressed outpatients, 13312
frustration, aggressive behavior, pigs, 2887
handling & order of sucrose vs saline solution presentation, drinking behavior & pituitary-adrenal responses, female rats, 7427
neonatal stress, plasma corticosteroid level & vocalizations & reaction to later stress, lambs, 9707
pituitary-adrenal disinhibition as response to dexamethasone suppression test, subtyping primary vs secondary depression, 20–73 yr old depressed inpatients, 1409
specificity & sensitivity of dexamethasone test for endogenous cortisol hypersecretion, endogenously depressed patients, 12939
standardization & validity & clinical utility of dexamethasone suppression test, diagnosis of melancholia, psychiatric patients, 1411
trifluoperazine vs sulpiride with vs without dexamethasone, opiate activity in pituitary extracts, male rats, 3214
Corticosterone
adrenalectomy & sc corticosterone, diurnal pattern of activity & sleep, male rats, 5314
cholinergic & serotonergic & alpha-adrenergic drugs, corticosterone secretion, rats, model for study of effects of antidepressant therapy, 12404
corticosterone vs dexamethasone, alternation & exploration, adrenalectomized rats, 803
crowded vs isolated housing conditions, alcohol consumption & corticosterone levels & adrenal functioning, male vs female rats, 9849
decapitation &/vs immobilization stress, adaptation of peripheral neuroendocrine mechanisms of sympatho-adrenal system, Wistar-Kyoto vs Brown-Norway rat strains, 9845
ECS, corticosterone response to cholinergic & serotonergic & alpha-adrenergic stimuli & vasopressin, male rats, 12310
footshock stress vs cold exposure, plasma catecholamine & corticosterone levels, spontaneously hypertensive rats, 9831
hippocampal lesions, conditioned taste aversion & pituitary-adrenal activity, male rats, 9901
length of individual vs group housing, corticosterone level & open field & emergence behavior, female mice, 9664
maternal & postweaning protein restriction, open field behavior & plasma corticosterone levels, rat pups, 9843
meal consumption & cues & ventromedial hypothalamic lesions, serum corticosterone & glucose & free fatty acids, male rats, 7597
morning vs afternoon immobilization stress, plasma & adrenal corticosterone & brain epinephrine & norepinephrine & dopamine levels, male rats, 9864
novel environment & rate of illumination & chlordiazepoxide & single vs pair testing, plasma corticosterone levels, male rats, 7640
posttraining icv corticosterone injection, memory of appetitive discriminative task, mice, 9949
Corticotropin
ACTH, consolidation of memory, 33–60 yr old ECT-treated & untreated depressive patients, 13178
ACTH, memory retrieval, 23–67 yr old ECT-treated depressive patients, 13179
ACTH &/vs naloxone, offspring growth & eye & vaginal opening & open field activity & threshold for heat, pregnant mice, 12389
ACTH 4-9 analog, mood, aged volunteers, 7634
analog of ACTH 4–9, maze behavior, male mice, evidence for attentional alteration, 9941
biochemical role of binding to & inhibition of calcium binding protein by antipsychotic drugs & endogenous proteins, 940
cortisol & ACTH levels, affective & cognitive & biological impairments, Cushing's syndrome patients, 10734
fasting for 1–3 days, decreases in hypothalamic vs pituitary beta-endorphin, male rats, implications for physiological adaptation to food deprivation, 9844
footshock & ACTH in conjunction with cues & ACTH blocking by naloxone & naltrexone, avoidance learning, male rats, implications for endogenous opioid involvement in fear learning, 12025
intracranial self stimulation & ACTH 4–9 related synthetic peptides, response frequency & general activity, male rats, 9942
naloxazone vs naloxone, ACTH-induced grooming, mice, 9927
prior single vs pair shock exposure & shock-induced fighting, ACTH levels, male rats, 3095
Cortisol [See Hydrocortisone]
Costs and Cost Analysis
achievement level, instructional cost & utilization of classroom time, 5th graders, 11251
attitudes toward having children, economic & social-psychological values & costs, Australian vs Greek vs Italian parents, 12626
attitudes toward mainstreaming handicapped individuals, special education vs regular teachers vs nonteachers, 13662
cost effectiveness of audiovisual media, higher education, 13590
cost & effectiveness of computer-based instruction in military training, 2236
cost of services performed by psychology interns, 6580
cost & sensitivity of 3 methods of psychiatric case detection, village population, India, 4701
determinants of county mental health expenditures, 8642
device for replication of pilot/seat interaction cues during aircraft acceleration in flight simulator, 2273
efficiency & reliability, mechanical vs human systems, 9150
evaluation design, maintenance of therapeutic gain strategies, 3972
feasibility & cost & validity & utility of procedures for collection of mental health service outcome information, 13396
formula for determining reimbursement of consultants & foster parents of retarded children, 6462
friend vs stranger with high vs low cost for helping, help seeking behavior, female college students, 1293
occupational valence & instrumentality & expectancy, occupational choice, college students, 11422
Performance-Contingent Reward System using economic incentives, analysis of cost effectiveness in terms of production, civil service data transcribers, 13740
primary vs secondary prevention of pregnancy programs, adolescents, 1918
problems involving funding & management & personal bias & theoretical issues, establishment of group therapy program for suicide attempters in varied administrative settings, 1752
product prices & S's income level, perceived product quality & preference & purchase intent, 20–50 yr old females, 13799
public policy & laws & funding & enrollment & professional issues, problems in school psychology, 13520
recipients of 1 million dollars or more in National Institute of Mental Health Funds, 1948–80, 8636

relative cost & training effectiveness, 6883 3-dimensional simulator vs actual equipment, US Air Force F-111 avionics maintenance trainees, 9166
review & new approach, pricing research techniques, 13792
rewards & costs & alternatives & investments, job satisfaction & commitment & turnover, college students, 11481
role of occupational analysis technology in cost effective maintenance systems, 11511
techniques & role of mental health evaluation, literature review, 1926
token economy program, independent living skills, geropsychiatric inpatients, 8698
treatment in general teaching hospital vs mental hospital, clinical outcomes & costs, schizophrenics, 6502
treatment participation by liaison psychiatrist, clinical outcomes, elderly surgical patients, 13417
use of social psychology research in car-buying consumer interest, car salesmen, 6902
workload & cost analysis, outpatient mental health program, nurses, 6601
Cotherapy [See Conjoint Therapy]
Counselees [See Clients]
Counseling (Group) [See Group Counseling]
Counseling Psychology
affiliation with mainstream psychology, counseling psychology, 13488
cognitive development perspective on counseling adolescents, 4156
credentialing directions for counseling psychology, 13470
doctoral programs in clinical & counseling & school psychology approved by the American Psychological Association, 1980, 11059
education & training & certification, counseling psychology, 13484
emphasis on "counseling" vs "psychology", credentialing of counseling psychologists, 13476
graduate & internship training programs in medical psychology, 11082
guidelines for value orientation analysis in counseling research, adaptation of F. Kluckhohn's anthropological model, 4675
licensure of members of American Psychological Association Division of Counseling Psychology, 13462
Parsonian error in counseling psychology, reply to A. Ivey, 13222
path analysis in counseling research, 4862
predoctoral internships for doctoral training in clinical & counseling psychology approved by the American Psychological Association, 1980, 11056
private practice, counseling psychology, 13513
professional certification, counseling psychology, comments on B. R. Fretz & D. H. Mills, 13486
professional certification, counseling psychology, comments on B. R. Fretz & D. H. Mills, 13511
professional certification in counseling psychology, emphasis on "counseling" vs "psychology", critique of paper by B. R. Fetz & D. H. Mills, 13480
professional concerns, counseling psychologists, 13477
professional licensing & certification, counseling psychology, comments on B. R. Fretz & D. H. Mills, 13464
psychodynamics & psychoanalytic approaches, counseling psychology, 13206
social & historical context, professional licensing in counseling psychology, comments on B. R. Fretz & D. H. Mills, 13473

behavior patterns & counseling methods, timidity, children, 1937
bracketing & stabilization as intervention techniques, suicidal counseling clients, literature review, 13226
client's perception of counselor characteristics, counselor power, review of research & methodologies, 1934
cognitive development perspective on counseling adolescents, 4156
cognitive-rational vs activity-experiential counseling, facilitation of self control, 4th & 5th graders, 9071
community mental health in rural schools, 9125
components of successful school guidance & counseling programs, 6779
conflict & special service teams, school psychology, 9073
counseling, parents of sudden infant death syndrome children, 1933
counseling, spouses of chronically ill, 1931
counseling for sexual & relationship problems, visually handicapped, 4154
counseling guidelines, helping persons cope with loss, 8429
counseling strategies, Blacks with sexual problems, 8669
counseling strategies, voluntary & involuntary midlife career change, males, 6806
counselor's work in various counseling situations, counseling professionals in industrial setting, 13700
current research paradigms in counseling & psychotherapy, practical relevance for counselors, 3984
demographic characteristics & daily activities, school psychologists under 65 yrs old, 11101
developmental task of coming to terms with death & dying, successful aging, counseling implications, 7767
development & evaluation of Autonomous Dilemma Counseling System, self help method for problem solving, troubled college students, 6784
divorce counseling guidelines for females divorcing after 20 yrs or more of marriage, 6254
early & continuous parental counseling & preschool stimulation, psychosocial & mental development, home reared vs institutionalized Down's syndrome 10–19 yr olds, 6468
education & counseling & assistance with bureaucracy, older people with cumulative disadvantage of social deprivation & disability, 8671
establishment & activities of Committee on Sexual Problems of Disabled, counseling implications, 4155
expanding counselor roles & issues in counseling program evaluation, literature review, 4264
factorial dimensions in revised scales for evaluation of counselors in university counseling & testing center, counseling clients, 9124
faculty ratings & nonverbal communications test scores, prediction of occupational success, graduate students in psychology & counseling, 13493
field based vs physical science/laboratory model for guidance & counseling research, programs in deliberate psychological education, 2199
goals & techniques, interpretation of children's developmental disabilities for parents & families, 8668
guidelines for development of school intervention programs for children in emotional conflict, followup to position paper of B. Enright & L. Linkous, 6753
guidelines for systematic research & evaluation, counseling in school setting, 2182
hypnosis & relaxation techniques & brief supportive counseling, urinary incontinence, 43 & 60 yr old females, 10950
inservice training in developmental consultation, counselors, 8803
internal external locus of control, selected bibliography, implications for counseling & education of high risk & minority students, 12871
intervention programs for supervisors, employee turnover, bank tellers, 4542
nonverbal abilities & behaviors & verbal-nonverbal congruence, judgments of counseling outcome, psychology graduate student counseling dyads, 1935
observational learning & modeling, implications for counseling, literature review, 13213
orientation course on emotional problems among school children, evaluation of counseling potential, teachers, 13548
outpatient counseling service, adolescents, 4151
overview of Passages program for employee career & life planning, 6807
perceived problems & training needs, provision of counseling services for mentally retarded students, school counselors, 9108
practicum experience in university clinic, school psychology graduate students, 11100
psychiatric social work program, acting out & anxiety & depression, Eskimo & Aleut & Indian secondary boarding school students from large vs small communities, 6761
psychodiagnosis & counseling methods, enuresis, 8401
psychological & social factors of anorexia nervosa, role of counselor & refeeding, 13402
psychotonic training before & during & after competition, tension, athletes, 6793
support systems & counseling for adult career changes, 6814
synergistic approaches, life & career skills development & counseling strategies, 6813

taxonomy & framework for appraisal, counseling program evaluation models, 4153
theoretical model, humanistic counseling research, 99
treatment outcomes, time-limited counseling & psychotherapy, literature review, 13216
Counselor Attitudes
acceptance of cultural diversity in designing programs for changing behavior, counselors of emotionally disturbed children, 6776
attitudes toward & preference to work with physically handicapped vs nonhandicapped, vocational rehabilitation counseling graduate students, 1969
counselor characteristics, self concept & level of functioning while camping, handicapped children, 1981
evaluation of telephone counseling service effectiveness, perception of problem areas & counselor's helpfulness & caller's strongest feelings, counselors vs callers, 8638
nonverbal abilities & behaviors & verbal-nonverbal congruence, judgments of counseling outcome, psychology graduate student counseling dyads, 1935
present & preferred counselor functions & responsibilities, Canadian Guidance & Counseling Association members vs administrators vs clients, 1994
referral resources for dealing with personal vs situational problems, role perception of counselor & resulting diagnosis, college students, 6480
sex bias in educational & vocational counseling, literature review, 1932
value systems & attitudes toward sex, problems in sexual & marital counseling of disabled, counselors, 4020
Counselor Characteristics
attribution of interpersonal values of counselors & counseling effectiveness, high school students, 13676
client age & physical attractiveness & good vs bad in-session behavior, counselor perceptions of client attractiveness, college students, 8441
client's perception of counselor characteristics, counselor power, review of research & methodologies, 1934
conservative vs liberal theological orientation & seminary training level & counseling experience & training, facilitativeness in pastoral counseling, Protestant ministers, 2051
content & structure of course in counseling skills, disabled counselors, 4209
counseling analog setting, causal attributions of counselor behavior & characteristics ratings, female college students, 6982
counselor characteristics, self concept & level of functioning while camping, handicapped children, 1981
counselor & client sex role orientation & client problem type & counselor sex, perceptions of counselor effectiveness & attractiveness, female clients, 8665
counselor ethnicity & sex & amount of information provided about qualifications, client preference, Chicano vs Anglo college students, 3956
counselor experience & Gestalt vs eclectic orientation, reported levels of awareness & discomfort & conflict resolution & behavior change & progress, 20–46 yr old clients, 1-wk followup, 8438
counselor sex & experience, counseling session return rates, male vs female clients, replication of N. E. Betz & S. L. Shullman's study, 8436
counselor's self disclosure & client prompting, perceived counseling effectiveness, college students, 10999
diagnostic & planning guidelines, vocational rehabilitation process, 1980
ecological variables & examiner biases, clinical assessment, developmentally handicapped 1–5 yr olds & female college students, 5906
evaluation of telephone counseling service effectiveness, perception of problem areas & counselor's helpfulness & caller's strongest feelings, counselors vs callers, 8638
factorial dimensions in revised scales for evaluation of counselors in university counseling & testing center, counseling clients, 9124
initial interview checklist, increased effectiveness, counselors & trainees, 1939
matched vs unmatched eye movement primary representational systems, perceived counselor trustworthiness, right handed female college student clients, 8437
observation of audio &/vs videotape vs in-vivo contact, ratings of counselor attractiveness & technical skill & social competence, college students, replication of study by T. F. Cash et al, 1940
principles & skills, counseling hearing impaired adults, counselors, 1930
racial identity attitudes & self designation, preference for Black vs White counselor, Black college students, 1936
sex bias in educational & vocational counseling, literature review, 1932
survey of college counseling center psychologist characteristics & career patterns & goals, center directors, 4456
Counselor Client Interaction [See Psychotherapeutic Processes]
Counselor Education
California Psychological Inventory & Opinion Scale, prediction of success in counselor education Master's degree program, graduate students, 4450
content & structure of course in counseling skills, disabled counselors, 4209
development of career module to provide training in test interpretation & career exploration, career counseling trainees, 13492
education & training & certification, counseling psychology, 13484
exposure to taped case histories & slides of child abuse, heart rate & finger pulse volume & GSR, male vs female & parent vs nonparent college students, implications for training program for child abuse hotline counselors, 10994
inservice training in developmental consultation, counselors, 8803
microcounseling training, school counselors, 8838
microtraining system for teaching interviewing skills, counselor students & professionals, 2007
need for reading disability training, elementary school counselors, 6641
on- vs off-campus education, attitudes toward disabled & self concept & dogmatism, rehabilitation counseling students, 4213
perceived problems & training needs, provision of counseling services for mentally retarded students, school counselors, 9108

psychological & social factors of anorexia nervosa, role of counselor & refeeding, 13402
role diversity & emphasis & continuing education & job satisfaction, urban vs rural school psychologists, implications for training, 11092
role of counselor, maintenance of antipsychotic medical regimen, psychiatric patients, 4103
role of pastoral counselors & counseling as sacramental act, 1139
sociobiological view of human behavior & conflict, implications for counselor role, 26
Counselor Trainees
development of career module to provide training in test interpretation & career exploration, career counseling trainees, 13492
initial interview checklist, increased effectiveness, counselors & trainees, 1939
microtraining system for teaching interviewing skills, counselor students & professionals, 2007
tape recording vs supervisory evaluation, anxiety, graduate student counselor trainees, 4208
Counselors [See Also Rehabilitation Counselors, School Counselors, Vocational Counselors]
acceptance of cultural diversity in designing programs for changing behavior, counselors of emotionally disturbed children, 6776

aspects of Christian counseling & psychotherapy & counselor's accountability to Christian community vs mental health profession, 2005
California Psychological Inventory, selection, paraprofessional telephone counselors, 4238
content & structure of course in counseling skills, disabled counselors, 4209
counselor's work in various counseling situations, counseling professionals in industrial setting, 13700
ethical standards & legal responsibility, counselors, 8764
initial interview checklist, increased effectiveness, counselors & trainees, 1939
microtraining system for teaching interviewing skills, counselor students & professionals, 2007
multidimensional analysis of social involvement, counselors & psychologists, 2027
role of pastoral counselors & counseling as sacramental act, 1139
values & moral reasoning, teachers & counselors, reply to C. C. Anderson's criticism, 2015
verbal helping responses, counselors vs nurses vs salespersons vs teachers, 6536
Counterconditioning
counterconditioning & tone stimuli hierarchy & CS exposure, extinction of avoidance responding, college students, 2779
electric shock with naloxone, craving for narcotics, methadone treatment patients, 4200
habit reversal vs negative practice training, hairpulling, male & female Ss, 1767
passive escape training vs noncontingent inescapable shock, degree of interference/helplessness in instrumental escape conditioning, male rats, 2863
patient-therapist contact in dry-bed training vs urine-alarm conditioning, nocturnal enuresis, 5–14 yr olds, 4041
sign-tracking, aversive conditioning, male rats, 2834
social skills training & aversive deconditioning, pedophilia, 37 yr old male pedophile, 1795
Countertransference
clinical aspects of countertransference, 1708
countertransference, psychotherapists treating dying patients, 8758
countertransference in psychoanalysis, 3811
countertransference & treatment of patient's anti-Semitism, 33 yr old female in psychotherapy with Jewish psychiatrist, 1742
extension of traditional play therapy model, family play interactions, 8471
patient sexuality, countertransference in psychotherapy, 1736
psychoanalytic interpretation of "Endgame" by S. Beckett, 5439
psychotherapeutic transference, change as a goal in therapy, 1700
transference & countertransference, analysis of arrested development, psychoanalysis patients, 13227
transference & countertransference in psychoanalytically oriented psychotherapy vs psychodrama, 6250
transference & countertransference relationships, "fitness" for psychoanalysis, patients with narcissistic vs borderline personality organizations, 1703
Countries
approaches to cross-national advertising research, 9227
bibliography of psychology journals listed by country or region, 4616
incidence of riots & armed internal conflicts & homicide & suicide rates, cross-national study, 8205
indigenous psychology in Third World countries vs history of Western psychology, 6922
investigation through multidimensional scaling techniques, cognitive maps of selected African countries, African college students, US, 4982
modernization & sociocultural variables, changes in divorce laws & patterns in various countries, 1102
Course Evaluation
effectiveness of training handbook, measurement of activity by elderly residents, researchers & health & social services staff, 65
evaluation of map interpretation & terrain analysis course, nap of earth navigation skills, US Army student aviators, 6825
framework for determination, generalization of behavioral teacher training, 11165
position of open-end vs objective questions on evaluation form, favorable vs unfavorable course evaluation, college students, 13623
student & course & instructor characteristics, evaluation of instructors, college students, 4281
student evaluation of psychodrama growth group course, education students, 6632
student vs instructor vs course vs situational factors, course withdrawal, college students, implications for advisors & instructors & course selection, 6625
teacher & student sex & sex role orientations, student ratings of course progress & instructor, college students & instructors, 2135
Training Extension Course vs regular combat arms instruction, performance & retention, US Army personnel, 9167
Course Objectives [See Educational Objectives]
Courts [See Adjudication]
Courtship (Animal) [See Animal Courtship Behavior]
Courtship (Human) [See Human Courtship]
Courtship Displays (Animal) [See Animal Courtship Displays]
Cows [See Cattle]
Crabs
agonistic interactions, rate of information exchange as measured by execution of visual displays, male hermit crabs, 9693
circadian clocks, ommatidial structural changes & visual acuity vs sensitivity, horseshoe crabs, 7392
control of ventilation by nonspiking neurons, crabs, 3005
size vs sex vs residency, agonistic behavior, crabs, 12138
Cramps (Muscle) [See Muscular Disorders]
Cranial Nerves [See Also Acoustic Nerve, Facial Nerve, Olfactory Nerve, Optic Nerve, Trigeminal Nerve, Vagus Nerve]
manganese/zinc deficiencies & streptomycin, vestibular systems & hiding & withdrawal behavior, rhesus monkeys, 5319
nerve stump length following transection of glossopharyngeal nerve, magnitude of summated taste solution-elicited responses, gerbils, 847
stimulation of olfactory tract & olfactory epithelium with electric current & amino acids, electrical activity of olfactory bulb vs tract & role of neuroanatomical subdivisions, tenches, 704
Craving [See Appetite]
Creative Writing [See Literature]
Creativity
age & individual differences, creative thinking & problem solving, gifted 2nd–6th graders, 1009
autonomy vs centralization vs communication vs formalization vs job satisfaction, innovation & large scale instructional development, military vs federal vs commercial vs university organizations, 11489
bilateral EEG biofeedback, verbal & visual spatial & creative skills, learning disabled male adolescents, 1778
Brush-Morse model of personality evaluation, measurement & encouragement of creative productive qualities, women, 203
composer's age at composition & historical time, computerized content analysis of thematic fame & melodic originality in classical music, 963
creative problem solving & Zen koan study, 433
creative thinking ability, learning disabled vs normal 3rd–5th graders, 1540
creative thinking & creative personality, college students & teachers, Iran, 3682
creativity, estimation of duration of high vs low creativity tasks, college students, 7214
creativity as transformation of primary & secondary thinking processes, 2731
creativity & cognitive complexity, writers & audiovisual producers & directors, 10398
creativity in drawings, children from traditional vs psychoanalytical kindergarten, 2115
creativity in music education, 6668
creativity & intelligence & sex & field dependence, problem finding, college students, 2732
creativity & nonconformity, well adjusted vs problem 10th graders, 6711
creativity program presented in group vs individual form, creativity dimensions of fluency & flexibility & originality, 8th graders, 13571
creativity & right- vs left-hemisphere learning style & thinking characteristics, graduate student adaptors vs innovators, 3741
creativity test results, prediction of individual differences in hypothesis generation, college students, 11904
criteria of creativity, 2326
design aids & expressed goals, practicality & originality in strategies for complex building design problem, college students, 2286
development from concrete to formal operational thinking, creativity, adolescents, 10128

differences between child & adult creativity & need for program to enhance child creativity, 3439
differences in cortical arousal & sensory thresholds & reactions to stimulation, physiological theory of creativity as response to stimulation, 3670
differential responses on physiognomic & imagery & aesthetic & creativity measures, nonartists vs dancers vs art students vs art professors, 960
direct vs indirect training, change in hemisphericity, gifted high school & graduate students, 3377
drawings stimulated by superimposed vs separate visual images, artistic creativity, college students enrolled in studio art courses, 7734
experimental approaches to creativity, literature review, 5888
exploration of how critical observing function of psychiatrist's ego views creating composer of music, 12840
factor analysis, creativity & intelligence & memory & recall, male inventors, 11924
field dependence/independence & creativity & physiognomy, males vs females, 12838
figural creative thinking abilities, Japanese vs US education majors, 1347
figural & verbal creativity, learning disabled vs nondisabled 1st & 3rd & 5th & 7th graders, 3884
formulation & elaboration of creativity stages & stimulation techniques, 4316
health adjustment & creativity, secondary school students, 5538
hemisphericity, creative functioning, superior adults, 1348
hemispheric lateralization & cerebral dominance & conjugate saccadic behavior, identification of creatively gifted, 722
hemispheric specialization, creative behavior, 5223
hemispheric specialization, processing of words & images, 723
influence of literature & aesthetics on research on schizophrenia & psychopathology of creativity, 5976
integration & differentiation of environment & creativity & intelligence, college students, 9556
intelligence & personality traits, creativity & originality & fluency & flexibility, high school students, 1322
intelligence vs creativity, academic achievement, 8th graders, Pakistan, 4349
life & creative activities of autistic schizophrenic painter S. Fusco, 9994
literary creativity concurrent with developmental dyslexia & emotional difficulties, 3880
locus of control, creativity, college students, Mexico, 3728
logic of Barron-Welsh Art Scale construction & scores by creative persons as related to preference for complexity, 2518
meditation, enhancement of creativity, 3694
methods for stimulating creative thinking, children, 8864
minimal praise, creative blockbuilding, 3 yr olds, implications for development of creativity in structured & unstructured educational models, 10154
overview of creative imagination imagery, 3707
perceptual development & creativity, 4–6 yr olds, 12471
physiologically based theory of creativity, 2952
previous experience with differentiated vs undifferentiated linguistic construction, facilitation of novel solution to problem, male college students, 425
productive vs reproductive mental set, creative problem solving, 2768
psychoanalytic view of ability to work & creativity & depression, 3689
psychological androgyny & creativity, male vs female 9–11 yr olds, 12587
psychological aspects of dance & theater & aesthetic characteristics of dancers & theater students, 5442
quantity vs quality & frequency of solution responses measured by stringent vs lenient criteria, prediction of creative problem solving ability, college students, 9305
range of permitted dissimilarity in conceptual system, creativity & cognitive openness, junior college students, 2763
rational processes & creative thinking as necessary educational objectives, 4328
reading comprehension & information processing approach in essay posttest, creative vs noncreative college students, 1319
relaxation-guided fantasy vs arithmetic exercises, creative thinking & writing, gifted 4th–6th graders, 1006
right hemisphere imagery & creativity, 2742
right hemisphere processes & cognitive functioning including creative thinking, problem solving through systematic relaxation, literature review, 724
scientific collaboration as "creative" complementarity, 8769
seating preferences, hypnotic susceptibility & imagery, right handed college students, 2622
sensory & perceptual processes, personality & creativity, 1346
sex & birth order, creativity, siblings, 5484
sign language instruction, performance & motivation & creativity, exceptional students, 11279
sociocultural factors & type of school, nonverbal creative thinking, disadvantaged vs advantaged intermediate school children, 1130
stage-set design classroom environment, creativity, 4305
stress vs play instructions, creative thinking, 6th graders, 4288
synesthesia as aesthetic quality for holistic perceptions, implications for creativity as process of human development, 3268
task requirement vs self reward vs coping components of self instruction training, creativity, high school students, 11204
teacher creativity, student evaluations & teaching practice, 8840
teacher training program entitled Project REACH, student creative thinking skills, elementary school teachers & students, 3-yr study, 6636
teaching creativity through metaphor & humor, 2107
text structural characteristics, recall & problem solving performance in science learning, college students, 11177
theories of creativity, 9235
theories & research, links between creativity & psychopathology, literature review, 5999
transactional analysis, understanding of creative process, 3700
transcendental meditation, creativity, college students, 5-mo longitudinal study, 5085

Creativity Measurement

creativity test results, prediction of individual differences in hypothesis generation, college students, 11904
descriptions & availability, instruments for assessment of creativity, 9364
development & reliabilty & validity of Paramesh Remote Associates Test, measurement of creativity & intelligence, Tamil-speaking 10th graders, India, 204
development & scoring of Kirton Adaption-Innovation Inventory, 2501
differences between child & adult creativity & need for program to enhance child creativity, 3439
drawings stimulated by superimposed vs separate visual images, artistic creativity, college students enrolled in studio art courses, 7734
faking on Adjective Check List, test scores, students, 4795
Kirton Adaption-Innovation Inventory, reply to criticism by G. Mulligan & W. Martin, 2491
scoring formulas, discriminant validity of tests of divergent thinking, 5th graders & college students, 2477
summary of research on reliability & validity of Group Inventory for Finding Creative Talent, kindergartners through 6th graders, 11389
validity & reliability of creativity measures, elementary school students, 4452

Credibility

communicator credibility & individual differences, attitude change, college students, 1286
communicator credibility & S ego involvement, self esteem after exposure to counterattitudinal message, college students, replication of authors' initial investigation, implications for psychotherapy, 3633
discrepancy & involvement & source credibility, attitude change, 12806
political candidates' characteristics, voting preferences, college students, 10278
S anxiety & rumor believability & transmission from peer vs authority figure, rumor repetition, college students, 5716
trustworthiness & expertise of source in persuasive message, opinion change, college students, 5815
written descriptions vs videotape presentation of emotionally expressive vs controlled rape victims, credibility rating, college students, 12791

Cri du Chat Syndrome [See Crying Cat Syndrome]

Crime [See Also Homicide, Infanticide, Rape, Shoplifting, Theft, Vandalism]

age & sex, verbal recall of observed simulated assault & theft & recognition of assailant & victim & friend, 15–26 vs 65–90 yr old eyewitnesses, 12833

age & sex & attitudes & category of episode, perception of real-life aggressive episodes, college students, 5799
age & type of crime & length of incarceration, IQ as measured by progressive matrices test, male inmates, 1971
aggression & antisocial behavior & criminal activity & psychiatric involvement, aggressive & disturbed 17–20 yr olds, 18-yr follow-up, 10550
alcohol use & offender remorsefulness & history & seriousness of crime & race, sentencing decisions, 10274
amount of evidence withheld & relevancy to case, jurors' perception & evaluation of defendant's character, college students as mock jurors, 1292
computerized early warning system, prevention of genocide, 50
congruency of student characteristics & school environment, school crime & avoidance & misbehavior, 10th–12th graders, 8939
context of criminal action, attributions of criminal responsibility, verdicts of actual jurors, 10277
demographic variables & perceived relationship between crime & gun control, attitudes toward gun control, survey respondents, 1959–77, 3562
econometric model of crime & punishment of G. S. Becker, criticism & literature review, 1508
evaluation of anticrime program, Jamaica, 6458
family structure & suicide & criminality & murder rates & economy, 1950–70, European countries, 12631
fear & risk & consequences of crime, urban men vs women, 3691
forensic psychiatry & psychology, 1979 New York Academy of Sciences symposium, 1185
fraud & embezzlement & forgery counterfeiting vs stolen property, cost-benefit indexes of deception in nonviolent crime, 1976–77, 10569
independent vs conditional effects of threat of legal punishment & social disapproval & internalized moral commitment, inhibition of illegal activity, adult Ss, 3836
individual differences, attitudes toward & perceptions of crime, students, Australia, 12691
inherent defect in insanity defense, criminal responsibility, 7985
integration of 1st hand crime victimization & indirect exposure to crime, judgments about frequency of crime & personal vulnerability, adults, 2764
interdisciplinary approach, criminal violence, 3859
juvenile delinquency, prevalence & common offenses, 6–17 yr olds, Nigeria, 1969–71, 8209
menstrual cycle phase, violent crime, female criminals, 1510
modeling & behavior rehearsal & social reinforcement, learning self protection to prevent abduction, 3–5 yr olds, 4064
observation of mock crime on TV newscast vs controlled conditions, ability to correctly identify culprit in line-up, voluntary TV viewers & participants of legal seminars, 10272
personal relevance of information about crime & employment & politics in local vs distant setting, use of information in decision making, college students, 1119
rapid population growth, perceptions of safety from crime, community residents, 3487
ratings of relative seriousness, attitudes toward crime & punishment, citizens, 5676
reporting vs nonreporting of serious vs nonserious crimes, perception of morality of action & moral level & likeability of reporter vs nonreporter, college students, 5803
self reported abuse as children, males convicted of sexual crimes, 3852
sensory psychophysical scaling, assessment of offense seriousness, criminology students, 2488
social class & criminal behavior, Klinefelter males with karyotype 47,XXY & hypogonadal males with karyotype 46,XY, 10-yr followup, 1384
social status including education & age & pay grade, incarceration rates for violent crime, Black US Marines, 1140
stability & change in social structure, crime, 13053
strength of evidence for multiple charges, probability of conviction, college students as mock jurors, 1167
superstitions & crime rate, police affairs, 4468
type & frequency of crime, planners vs impulsive offenders, 3833
type & purpose of criminal acts, psychopathic vs sociopathic vs antisocial personality differentiation, 31–52 yr old males, 10579
unconscious motivation of guilt, crime, 49 yr old male, 1526
upbringing & emphasis on individual vs societal rights & system of justice, crime, juveniles, 13021
urbanization, psychiatric morbidity & suicide & violent crime in Victoria, Australia, 10426
urban territoriality & social networks & urban design, resident-based model of community crime prevention, 1125

Criminal Conviction

admissibility of polygraph evidence in criminal actions in Alabama state federal courts, 10280
alcohol consumption & ingestion role & drink preference, probationers vs convicted drinking drivers vs normal drinkers, 10545
amount of evidence withheld & relevancy to case, jurors' perception & evaluation of defendant's character, college students as mock jurors, 1292
canonical contingency-table analysis, frequency of violent vs nonviolent convictions, adult male offenders, 258
context of criminal action, attributions of criminal responsibility, verdicts of actual jurors, 10277
current trends & past history & future of psychiatry, Papua New Guinea, 10759
defendant's evidence withholding & prior record, jurors' decisions in simulated trial, college students, 5672
joining criminal offenses vs severing offenses into separate trials, verdicts, 3557
reliability & validity of Rodgers Criminal Responsibility Assessment Scales, insanity evaluations, 9405
respect for law & empathy & peer influence, involvement in prior automobile accidents, US males enrolled in "driving while drunk" classes, replication of study by A. W. Clark in Australia, 6041
self reported abuse as children, males convicted of sexual crimes, 3852
strength of evidence for multiple charges, probability of conviction, college students as mock jurors, 1167

Criminal Law

evidentiary value vs theme probability models, evaluation of judicial evidence in criminal cases, judges & prosecutors, 5675
role of eyewitness memory in criminal justice system, 12706

Criminals [See Also Female Criminals, Male Criminals]

age & sex, verbal recall of observed simulated assault & theft & recognition of assailant & victim & friend, 15–26 vs 65–90 yr old eyewitnesses, 12833
alcohol use & offender remorsefulness & history & seriousness of crime & race, sentencing decisions, 10274
attitudes toward societal moral norms & rules, 21–30 yr old criminals, 6045
clinical approach to criminology, labeling criminals & examination of individual social problems & peculiarities & treatment, 13448
context of criminal action, attributions of criminal responsibility, verdicts of actual jurors, 10277
demographic characteristics & psychiatric data & diagnoses & court reports, pretrial examination cases admitted to psychiatric hospital from 1966–75, Canada, 1952
ethical aspects & limitations of analogy between mental & physical health, subjectivity in determining mental health of convicted offenders, 10793
factor analysis of demographic & behavioral characteristics, male prisoners, 1972
factorial compositions of social status as measured by Social Status Study scale, incarcerated felons vs alcoholics vs management consultants vs chronic schizophrenics, 209
fairness of lineups, accuracy of criminal identification, witnesses to staged crime, 12698
lineup composition & race of suspect & witness & lineup constructor & confidence, identification accuracy, witnesses, 12689
medroxyprogesterone acetate & milieu therapy, deviant behavior improvement, sex offenders, 4086
personal experiences, evaluation of conflict resolution procedures, 18–23 yr old male post court-martial military personnel, 12694
personality traits, edging on memory for designs test, detention center youths vs criminals vs college students vs psychiatric outpatients, 181
positive vs negative partner evaluation, intensity of aggression directed against partner, 22–58 yr old aggressive vs nonaggressive criminals, 6058
pretreatment source of income, response to methadone maintenance, narcotic-dependent males, 6-month followup, 13456
principles & techniques of life skills treatment, sex offenders, 11033
restitution sentencing involving self esteem & responsibility, recidivism, offenders, 5671
roles & unreciprocity, homicide, male vs female homicide offenders vs murderers vs nonaggressive property offenders, 6038
sex & moral character of defendant, jury verdict, high vs low authoritarian male vs female college students, 1215

simulation of mental illness vs normality instructions, discriminative ability of Rorschach, nonschizophrenic vs latent vs residual schizophrenic vs schizophrenic psychotic legal offenders, 2529
type & frequency of crime, planners vs impulsive offenders, 3833
Criminology
application of Marxism to criminology, 12627
clinical approach to criminology, labeling criminals & examination of individual social problems & peculiarities & treatment, 13448
ethical issues concerning confidentiality, criminology research, 4756
randomized response approach, applicability to criminal justice research & evaluation, 11703
Crippled [See Physically Handicapped]
Crises [See Also Family Crises, Identity Crisis, Organizational Crises]
age, institutional & professional attitudes & demographic characteristics, academic professional personnel, 11417
attitudes toward emergency situations, pilots, 4530
crises & work taboos, changes in career guidance & alternative careers, 13708
family interaction & communication, psychotherapeutic treatment of adolescent crisis, adolescents, 1761
fundamental loss, type of grief process & subsequent crisis state, 20–80 yr olds, 3686
previous suicidal behavior vs intensity of problem situations, suicidal behavior, psychiatric inpatients, Netherlands, 3756
recurrent anniversary crises, neurotic & psychotic patients, 1453
research program on reactions to uncontrollable negative outcomes & life crises, 3746
Crisis (Reactions to) [See Stress Reactions]
Crisis Intervention [See Also Suicide Prevention]
applicability of operative interview to emergency clinical consultation, 3999
consultative approach, parental coping with child molestation, mental health professionals, 10983
crisis intervention program in preschool education, behavior & intellectual development following divorce, single-parent 3.5–5 yr olds, 5448
effectiveness of social network interventions, fragmentation of families in crises, 6286
model for crisis intervention, students, 6746
program with medical students & clergy "on call" together for crises intervention with dying patients & their families, 4216
supportive group intervention, psychological benefits, metastatic cancer patients, 4033
survival of myocardial infarction, state & trait anxiety, female vs male coronary patients, implications for liaison psychology services in coronary care units, 6117
Crisis Intervention Services [See Also Hot Line Services]
effectiveness of outreach methods of fire aftermath center, survivors with mental health risk, 10985
role of psychiatrist in crisis intervention & primary health service, northern Norway, 1897
service quality & resources, problems in operation of emergency mental health units, 8705
Critical Flicker Fusion Threshold
auditory RT & threshold & critical flicker frequency, resistance to monotony on visual tracking task performance, male adults, implications for work productivity, 9472
critical flicker fusion thresholds, 22–56 yr old females mildly impaired by multiple sclerosis, implications for diagnostic use, 10692
eye color, critical flicker frequency & pressure sensitivity, male vs female 16–54 yr olds, 2657
flickering stimulus area & luminance, psychophysical temporal modulation sensitivity, monkeys & human Os, 9504
measurements without chromatic adaptation, temporal modulation sensitivity of blue mechanism, 9517
patterns of eyestrain as measured by binocular accommodation & critical flicker fusion frequency, inspection vs clerical workers, 4534
spatial & temporal frequency variation of sine wave gratings, flicker & pattern thresholds, implications for velocity-based relationship between flicker & pattern thresholds, 4917
tobacco smoking & personality & smoking habits, critical flicker fusion, male moderate smokers, 7705
trait anxiety & induced arousal, 2-flash threshold, schizophrenic 22–30 yr olds, 5939
Criticism
direct vs indirect & positive vs negative communications & expressions given, actual vs perceived peer appraisal, male vs female 4th–8th graders, 1060
Cross Cultural Differences
age & kibbutz vs city environment, collective possession, US kindergartners vs 2nd vs 5th vs 11th graders vs 40–50 yr olds vs Israeli kindergartners vs 5th graders, 10150
age & sex & cross cultural differences, self esteem & authoritarianism, White Rhodesian vs South African 17–23 yr old college students, South Africa, 12889
age & social inhibition, recognition & imitation of facial expressions, 6–7 & 9–10 yr olds & college students, US vs Zambia, 5457
apprehension about speaking, college students, US vs China, 3710
attitudes toward cause & treatment of mental disorders, mental hospital personnel & high school students, West Germany vs US, 6014
attitudes toward having children, economic & social-psychological values & costs, Australian vs Greek vs Italian parents, 12626
attitudes toward polygamy & bride price & traditional African vs Western lifestyles, 15–23 yr olds, Africa, 10208
attributional differences, life satisfaction, aged, India vs US, 7935
authoritarianism, self estimated intelligence & value priorities, college students, US vs West Germany, 1134
authoritarian personality & attitudes & racial attitudes, Ss in US & England & Scotland & South Africa & Australia, replication of 1950 study by T. W. Adorne et al, 1141
availability & acceptability of lethal instruments, suicide mortality, Europe & Australia & US, 13026
behavior problems, 3 yr olds with West Indian vs British parents, England, 1511
beliefs about human nature, male vs female adolescent Fijians vs Indo-Fijians vs Europeans, 3662
bias in recall of early sex role behavior, Swedish vs Australian male homosexuals, 12726
causal attributions in achievement situations, Anglo vs Mexican American vs Black 4th & 5th graders, 7881
cerebral speech lateralization, 18–27 yr old Navajos vs Anglos, 5235
characteristics of primitive societies, incidence of wife-beating, 13035
comparison of level of psychological functioning, cross cultural test of personality integration hypothesis, immigrant vs indigenous Polynesian vs immigrant vs indigenous European male supervisors, New Zealand, 5875
components of pictorial perception based on cross-cultural research, literature review, 7190
concern for death & psychological adjustment, Mexican American vs Anglo American college students, 12650
construct validity, attitude measure on marriage & sexual attitudes, 15–31 yr old Iranian vs British males vs females, 9355
cross cultural differences, adult competency standards governing child socialization, 10217
cross cultural differences, affective perceptions, US vs Indian vs mixed foreign college students, 1145
cross cultural differences, beliefs about out of body experiences, Papua New Guinea, 6929
cross cultural differences, cognitive development, 7–10 yr old French Canadians vs 10–13 yr old Rwandese students vs 15–17 yr old Rwandese nonstudents, 7784
cross cultural differences, data collection on psychopathology through interviews, 2353
cross cultural differences, early childhood development & childrearing practices, European-American vs Chinese children from birth to 3 yrs old, US vs Hong Kong, comparison of longitudinal studies, 12565
cross cultural differences, frequency & sex ratio of transsexuals, Sweden vs Australia, 10295
cross cultural differences, locus of control, African vs European vs Indian nurses, 10225
cross cultural differences, personal value clusters, managers, India vs US, 11470
cross cultural differences, preference for son vs daughter, Australian vs Greek vs Italian vs Malay vs Chinese vs Indian parents living in Malaysia vs Australia, 10207
cross cultural differences, probabilistic thinking, college students raised under Asian vs British culture, 12897
cross cultural differences, Visual Aesthetic Sensitivity Test scores, children & adults, Hong Kong vs England vs Japan, 3272

cross cultural differences in postpartum sex taboo & polygyny & male initiation rites & infant sleeping arrangements, sexual foreplay, implications for neo-Freudian perspective, 1111
cross cultural differences & statistical factors, value comparisons, 21 cultural samples of college students, 1144
cross-cultural & environmental factors & role of parents & schools, cognitive growth, children, implications for special education of cognitively incompetent children, 8979
cross-cultural factor analysis of Milwaukee Academic Interest Inventory, 10th & 12th graders & college students, US vs Swaziland, 6782
cross cultural swearing patterns & sexism in language, 1191
cross cultural view of cognitive style & intellect & intelligence, 3506
cultural differences, attitudes toward school, Hindu vs Muslim high school students, 8947
cultural differences, job involvement & job satisfaction, bank employees, US vs India, 4562
cultural differences, selective attention, 16 yr old Yoruba & Ibo, Nigeria, use of split-span technique, 5626
cultural differences in teacher ratings of hyperactivity using Conners Abbreviated Symptom Questionnaire, normal & learning disabled 5.9–13.11 yr olds, Israel, 6769
cultural factors & school & home environment & family characteristics, cognitive & perceptual & personality development, American vs Mexican 6.7 vs 9.7 vs 12.7 yr olds, 6-yr longitudinal study, 12459
cultural & language factors in implicatory reasoning, college students, Malaysia vs Australia, 11884
cultural & sex differences, moral judgment, Hindu vs Muslim 10 & 11 yr olds, India, 5585
cultural socialization, attributions of success & failure, Asian Indian vs Caucasian 8–10 yr olds, Canada, 5554
culture, powerlessness & alienation, Nigerians vs Black & White Zimbabwean vs American college students, 5623
culture & gender differences, cross-sex friendships, 5th graders, US vs Sweden, 7857
culture & organizational structure & educational level & achievement orientation, job satisfaction, factory workers, India vs Western countries, 6871
demographic & symptomatic variables, length of mental health treatment in neighborhood health center, Mexican American & Anglo & Black & American Indian patients, 6465
depressive symptomatology, adult depressives, Peru vs US, 1458
derivation of Brazilian norms for Szondi Test & comparison with data from other countries, middle class children, Brazil, 2413
diagnosis vs no diagnosis of mental disorder, nonpsychiatric disorders, Norway, 1358
expectations for child mastery of developmental skills, mothers of 4 yr olds, Japan vs US, 12635
family & social characteristics of home, behavior problems, preschool age children & their British vs West Indian parents, England, 1-yr followup, 1512
fear of failure, Indian vs Afro-Asian 17–23 yr old male college students, India, 5620
functional analysis of prejudice & structural approach to attitude change & intercultural misunderstanding, 3489
history of role of unconscious mind, Western society vs USSR, literature review, 1
human postural signals, intentions to depart, African vs American dyads vs singles, replication of J. S. Lockard et al, 5419
identity & value norms, male delinquent vs nondelinquent French vs North African adolescents, France, 5598
indigenous psychology in Third World countries vs history of Western psychology, 6922
internal locus of control, academic achievement, 6th–8th graders, Sri Lanka vs US, 2121
intrauterine environment & genetics & childrearing practices, social behavior & alertness & activity, neonates, Zambia vs US, 5447
intra- vs interindividual conflict condition & spatial transformation tasks, performance, Pakeha vs Pacific Island children, New Zealand, 3435
item analysis of Culture Fair Intelligence Test, cross cultural analysis of fairness, high school students, US vs Nigeria, 11673
judgments of importance of various forms of intellectual competence, college students, Australia vs Malaysia, 1063
level of cultural assimilation, fertility level, 35–45 yr old married Japanese American vs Mexican American women, 7939
locus of control & self esteem & field independence, reading & math achievement, Anglo American vs Mexican American 4th & 5th & 6th graders, 13605
maternal strategies for regulation of child's behavior, mothers & their young children, US vs Japan, 1105
measurement of cultural distance related to medical consultation & anxiety & examination performance, foreign college students, Scotland, 4353
measure unreliability, cross-national marketing research, 6906
methodological issues & overview of publications in cross societal family research, 1970's, literature review, 10218
MMPI norms, male alcoholics, US vs Norway, 2498
modernization & sociocultural variables, changes in divorce laws & patterns in various countries, 1102
noxious transcutaneous electrical stimulation, pain threshold, 23–42 yr old Nepalese porters vs 30–68 yr old Occidentals, 820
number of natural & adopted children wanted & expected & concern about overpopulation, high school & college students, US vs Brazil, 3534
parent behavior patterns, parents observed in parent-child interactions, Mexico, implications for cross cultural differences, 7957
pattern reproduction, 1st–7th graders, Scotland vs Bukusu, 3305
perceived parental acceptance-rejection & self reported behavioral dispositions, Anglo vs Mexican American vs Mexican 8–15 yr olds, 1084
perceived value similarity & commonality, social interactions, indigenous vs Australian high school students, Papua New Guinea, 5613
perception of Chinese vs White clients & normality & empathic ability, Chinese-American vs White therapists, 6257
perception of dress, Hindu vs Muslim Ss, 7952
perceptions of psychiatric & folk-medical disorders, curanderos vs mental health professionals, 12645
performance of East-West Questionnaire indicating Eastern vs Western belief system orientation, Korean medical & nursing students vs US college students, 12648
perinatal attitudes & perceptions, Black vs White vs Cuban-Hispanic pregnant females, 10211
personal construct theory, conflict in cultural values & role constructs, 25 yr old Chinese woman, 12654
personality factor analysis, Eysenck Personality Inventory, English vs Japanese 10–15 yr olds, 7011
personality structure, Australian vs English adults, 5850
personality traits, police, England vs US, 1328
personality traits & sex & placement in boarding home, academic achievement & failure, Ojibwa Indian vs White 9th & 10th graders, Canada, 4339
personality types & psychological tensions, interethnic marriage, England vs China vs US, 12688
phenotypic similarity, 20–70 yr old White American married couples & Swedish monozygotic & dizygotic twins & their spouses, 3544
postulates of personality theory & culture, 3507
race & sex differences, scores on McCarthy Screening Test, American Indian vs Hispanic vs Black vs Oriental vs White kindergartners, 2202
racial stereotypes & cultural differences, interpretation of ambiguous social behavior, Black vs White male 6th graders, 5578
rankings of characteristics to be encouraged in children, Indian fathers vs US parents vs experts, 5652
rates & methods of suicide, Australia vs England vs Wales, 10582
reaction to organization structure, Japanese vs Japanese-American vs American employees of Japanese-owned firms in US, 2263
recognition of American vs Malay facial expressions, American vs Temuan adults vs Malay male secondary students, 5611
recognition of emotions in facial expressions, Estonian vs Kirghiz college students, investigation of P. Ekman's model, 5820
response dominance of Hindi words as measured by associative technique, college students, replication of B. J. Underwood & J. Richardson's study, implications for cross cultural perceptual differences, India, 9522
return of migrants from North America back to European homelands, effects of cross cultural changes, literature review, 7914
role imputation & modification in process of 1st encounters, Black "beachboys" & White female tourists, Barbados, 10330
schooling vs age vs sex vs language-culture, number vs length vs quantity vs area conservation, 3rd–6th graders, Papua New Guinea, 3385
scores on AH4 Group Test of General Intelligence, 11th graders, Canada vs Great Britain, 9103
sex, criminal homicide & suicide, England vs Wales vs US, 10572
sex, discrepancy-induced attitude change, US vs Greek high school vs college vs 24–29 yr old students, 1265

sex differences, recall of letters &/vs letter positions, 8–11 yr olds, Ghana vs Scotland, replication of study by R. V. Kail & A. W. Siegel, 3500
sex differences, social attitudes, 10–12 yr olds & college students, Japan, 5592
sex differences, spatial perception, 12–16 yr olds, Ghana vs Scotland, 5502
sex differences & cultural variations, perception of Mueller-Lyer illusion, Hindu vs Muslim 17–21 yr olds, Ind, 4902
sex differences in cognitive style, nomadic vs transitional sedentary Birhors vs agricultural Oraons vs urban 4–5 & 7–10 yr olds, India, 10192
sex & high vs low fear conditions, affiliation motivation, Mexican vs Anglo American 10th–12th graders, 1083
sex & household size & education & demographic characteristics, allocation of time to leisure activities, heads-of-households, Norway vs United States, 12621
sex-trait stereotypes, college students & 8 yr olds, Canada vs Ireland vs England vs US, 7990
sex vs cross cultural differences, speech pitch in expressions of politeness, Japanese vs English speaking male vs female 23–46 yr olds, 12433
smiling & sitting & crawling behavior development, infants, Uganda vs Kenya vs US, 1017
social distance from mental patient-related stimuli in figure placement test, college students from Australia vs Great Britain vs South Africa vs US, 3626
socioeconomic class & powerlessness, recognition of mental illness & recommendations for treatment, females, US vs Mexico, replication of study by P. L. Heller et al, 5616
socioeconomic & ethnic differences, sibling variables & family learning environments, Anglo-Australian vs Greek vs Southern Italian families, Australia, 12638
stereotyped conceptions, estimation of work-related attitudes of partner, Australian-Japanese corporation managers in dyads, test of assimilation-contrast hypothesis, 3493
structure of cognitive abilities, college students of Japanese vs North European Ancestry, Hawaii, 7946
styles of aggression & interaction, children from 6 cultures, 3430
Taylor Manifest Anxiety Scale scores, 22–43 yr old Indian vs European South Africans with high vs low educational levels, 3736
unilateral vs bilateral hemispheric dysfunction, left-handedness in epilepsy & mental retardation, adults & children, Canada & Turkey & Netherlands & US, 6168
valence & mode of feedback & cultural context & groups, pluralistic ignorance in receptiveness to interpersonal feedback, Israel vs US groups, 5715
validity of M. J. Kirton's theory & measure of adaptive vs innovative personalities, 21–54 yr old managers, Singapore & Malaysia, 6863
value conceptions defining good life, college students, Israel vs US, 5600
value orientation & country differences, personal value dimensions, managers, US vs Japan vs Korea vs Australia vs India, 2256
value systems & perceptions of others' values, 16–20 yr olds, Australia vs Papua New Guinea, 3495
Visual Aesthetic Sensitivity Test scores, male & female Japanese vs English 11–14 yr olds vs college students, 2481
visual spatial memory task performance, desert Aboriginal vs White Australian 10–16 yr olds, 7803
Western vs Eastern self regulatory approaches, psychosomatic treatment, 1650
words most weighted with existential meaning, generative words & implications for religious education, young people from 3 US religious groups & Haiti & Shanghai & Japan, 9988
work outcome preference & evaluation, Europeans vs Maori vs Samoans, 12649
Crossed Eyes [See Strabismus]
Crowding
amount of living area space, agonistic interaction, 6 mo old dogs, 658
crowded vs isolated housing conditions, alcohol consumption & corticosterone levels & adrenal functioning, male vs female rats, 9849
crowding, aggressive behavior, male vs female elementary school students, 1057
crowding & cooperation vs competition on task & immediate vs delayed opportunity to aggress, aggressive behavior, male college students, 1277
crowding with physical contact vs uncrowded environment, physiological & cognitive & nonverbal responses, male college students, 10318
disconfirmed expectations & unattained goals, attributions to crowding, college students, 1263
interpersonal relationships, perceived crowding & loss of personal control, college students in double- vs triple-occupancy housing, 5731
intruder sex & saliency & place of personal space invasion, emotional reactions & speed of flight from invasion, male vs female Ss, 3597
number of people & density as aspects of spatial crowding & sex, memory task performance & comfort & perception of environment, college students, 8016
parent educational program in poor urban environment, prevention of child abuse & neglect, Black mothers, 8648
persistence of clumping, mice, implications for methodological difficulties in use of density as variable, 656
privacy & territoriality sentiments & locus of control, proneness to experience of crowding, female college students, Japan, 3702
sex & bodily contact, reactions to crowding, college students, 5758
sex & crowded dormitory conditions, values & expectancies of privacy & coping behavior, college freshmen, 2297
situational vs emotional information & familiarity of setting, reduction of crowding stress, college students, 12756
situation-redefinition coping mechanism, interpersonal behavior & stress due to crowding, Ss in high vs low density norms, 8027
social responsiveness of opponent vs size of physical space, agonistic behavior, Siamese fighting fish, 7349
test area size, social investigation of 3 mo old male conspecific, adult male gerbils, implications for crowding effects, 2932
Cruelty
characteristics of primitive societies, incidence of wife-beating, 13035
Crustacea [See Also Crabs]
antennular chemoreceptors, medial vs lateral flagellae in olfactory orientation, spiny lobster, 5264
interindividual distances in artificial groupings, marine shrimp, 2940
mate selection & precopulatory guarding, amphipods, 2893
optical mechanisms of compound eyes, traditional concept of optically inhomogeneous lens cylinder vs mirror mechanism, crustacea, 7514
patterns of tube sharing, amphipod crustacea, 5139
ratio of males to females, optimal male time investment strategies for passive phase leading to copulation, freshwater isopods, 7368
size & mating, breeding vs nonbreeding fresh-water isopods, 661
Crying
cortisol & ACTH levels, affective & cognitive & biological impairments, Cushing's syndrome patients, 10734
delayed interval testing, identification of infants' cry signals, 18–30 yr old college students, 11729
duration in communication by cries, infants, 3380
presence vs absence of mother vs stranger, separation anxiety & exploratory behavior & crying, 1 yr olds, Brazil, replication of M. D. Ainsworth & S. Bell's study, 3408
recognition of neonates' cries, 21–38 yr old mothers, Japan, 5648
tears of joy, release of repressed sadness, once-medicated "depressed" woman, 8123
Crying Cat Syndrome
crying cat syndrome, 7.5 yr old female, 8374
Cuba
organization of mental health services, Cuba, 13380
orientation & development of psychology & health care in Cuba since 1959 revolution, 10969
public vs private self consciousness, opposition to negative reference group opinions, Cuban American college students, 12792
Cues
acoustic cues, fricative–affricate contrast in word-final position, college students, 9520
administration of Elicited Language Inventory using standard vs modified procedure with contextual cues, spontaneous speech & elicited morpheme use, language-delayed vs normal speaking 1–11 yr olds, 9388
aircrew training requirements & aircrew training device fidelity features, US Air Force personnel, 13737
ambiguity of discriminative cues, discrimination learning, pigeons, test of R. W. Leary's approach-avoidance explanation, 573
applied relaxation vs cognitive vs conditioned cue-controlled relaxation, test anxiety, female college students, 4038

appropriateness of connotation with meaning of homophone, facilitation vs inhibition in identifying target word, college students, 4990
attention to external vs internal cues, perception of physical symptoms & fatigue during exercise, college students, 2664
auditory &/vs visual separation between TV commercial & program, discrimination of TV program & commercial & awareness of commercial purpose, preschool age children, 4602
behavioral cues differentiating conflict vs accord discussions, college students & married couples, 12682
biological odors of donor rats having vs not having received rewards & sequence of reward vs nonreward, learned responses, male rats, 7302
body temperature cues, recovery from hypothermia-induced retrograde amnesia, male rats, 12051
brightness &/or position cues, escape task/discrimination learning in T maze, toads, 582
canopy patterns, homing orientation, ponerine ants, 5155
cardiac awareness & feedback, voluntary control of heart rate, college students, 9814
category & context shifts in successive lists of nouns, recall & proactive interference, Korsakoff amnesic vs alcoholic patients, 13165
category & modality similarity between stimulus cue & stimulus, RT to stimulus, 19–27 yr olds, 5029
category typical vs atypical exemplars & cues, free recall, college students, implications for differential category encoding, 9573
celestial cues, ontogeny of nonvisual migratory orientation, garden warblers, 7388
clear vs distorted grammatical sentences, correctness of reiteration, volunteer listeners, implications for importance of minor structural cues, 9533
coding strategies, short term memory, 2769
cognitive maps & hippocampus, 2974
cognitive vs outcome feedback & task congruence & properties, probability learning, college students, 446
color cues & cognitive development, categorizing strategies in picture matrix recall & reconstruction, 5–8 yr olds, 12502
colored &/vs flavored water intake prior to induced sickness, taste aversion conditioning, pigeons & quails, 586
color of visual cue, long term retention of poison based aversion, monkeys, 2854
component duration, contrast during reinforcement vs extinction, pigeons, 12083
computational method to extract surface slant & edge labels from optical flow velocity patterns, development of mathematical & physiological models & computer program, 53
computer-controlled interactive word presentation & selective tagging & list length, multitrial free recall performance, college students, 460
configurality in multiple cue probability learning, college students, 11956
contextual clues in free landscape drawings, "air gap" phenomenon, 6–13 yr olds, 10055
contextual events specific to passive vs active avoidance conditions, interference in retention of learned avoidance, rats, 611
contrasts cued by steady state vs spectral information, discrimination of minimally paired sounds, mentally retarded 3 yr olds vs normal 7 mo olds, 1537
criterion vs overtraining conditions, cue association & discrimination learning, kindergartners, 1029
cued discrimination of visual stimuli & subsequent reactivation with positive vs negative stimulus, long term retention, 78–92 day olds, 3321
cued vs noncued & VI retention measures, retention, bilateral vs unilateral ECT patients vs college students, 6204
cue effects & problem solving performance, trainable mentally retarded 7.7–9.3 vs 10–13 vs 15.2–16.9 yr olds, 10619
cue salience & source & amount of delay in self control procedure, smoking inhibition, college students, 4197
cues of maximum movement & height & intensity & syntax & semantics, identification of tonics in speech, 12427
cues to forget vs remember & comparison task, directed forgetting, pigeons, 12052
cue structure, inconsistency in hypnotic age regression, real vs simulating Ss, 5077
cue to signal muscle contraction & interspersal of control trials, role of voluntary intent on automatic long-latency stretch reflex, normal Ss, CNS anatomical implications, 3051
CU transitions, effective duration of vowel as cue to voicing syllable-final consonants, college students, 7204
deception of perceived expert vs nonexpert, facial cues & eye contact & successfulness, college students, 12798
deindividuating situational cues & model aggressiveness, administration of electric shocks to another person, male college students, 3618
delay after presentation of auditory vs pictorial stimuli, sentence imitation, 3.6–4 yr olds, 7798
delayed response performance & visual & acoustic stimulation, single cell activity in prefrontal cortex, squirrel monkeys, 5209
delta-9-tetrahydrocannabinol &/or pentobarbital, key selection discrimination, pigeons, 3182
detailed vs general cues, differential retention of learning, 3 mo olds, 10096
development of alarm calling behavior, vervet monkeys, 12160
device for replication of pilot/seat interaction cues during aircraft acceleration in flight simulator, 2273
differential probability of long vs short foreperiod, simple RT, 21–24 yr olds, 4898
distance & location cues, short term memory for kinesthetic movement & distance recall, college students, 11925
dry vs washed with detergent solution vs anesthetized lambs, recognition of own vs alien lamb, mother Merino ewes, 7342
duration of study time of labeled map with vs without mimetic drawings, amount & categorization of map free recall, college students, 476
dynamic vs static cues, correction of mistaken perceptual assumptions, 6–14 & 18–45 yr olds, 3391
early food intake restriction, perception of sensory cues in homing to nest, rat pups, 9840
encoding cue type & abstract vs concrete sentences, sentence recall, 474
epinephrine administered following shock, learning to new environmental cues paired with epinephrine injection, rats, 550
exposure to high vs low rate smoking model, cigarette frequency & intercigarette interval & topographical smoking components, male heavy vs light smokers, 12728
exposure to story with vs without information about setting, story comprehension & memory, 2nd graders, 12553
external retrieval cues, prospective remembering, 6–8 yr olds, 3358
fading pictures of picture-word pairs, learning & retention of word lists, learning disabled 8 yr old male & 10 yr old female, 4392
family resemblance in accuracy of decoding nonverbal cues & recognition of audio vs visual cue discrepancy vs superior influence of visual cues, 9–15 yr old sibling pairs, 943
fearful vs happy facial expression & neutral cue & aversive stimulation, conditioned emotional response to cue vs expression, college students, 5059
feature cues at input & output, word recall, male alcoholics vs nonalcoholics vs Korsakoff patients, 8310
fimbria-fornix lesions, cue learning in response-dependent paradigm & importance of cue location, male rats, 833
focused memory search in fact retrieval, college students, 486
free vs cue-specified alternating generation of single words by Ss in dyadic conversation, subsequent identification of word origin, speakers vs listeners, 492
fundamental frequency changes over vowels, auditory cues & perception of consonants & fricatives, college students, 11866
hand checking system of external cueing, remediation of digit reversals, learning disabled 5–8 yr olds, 11275
hippocampus, cue utilization, literature review, 3133
hippocampus, memory, rats, 3124
immediate free recall vs cuing of unrecalled words, memory performance in later recall-recognition test, high school & college students, 7806
immediate knowledge of placement accuracy & use of borders, reproduction of spatial placement of dot, college students, 5038
information presentation mode & task complexity, learning of probabilistic inference tasks, 5027
inserted review questions, retention of prose passages, college students, 13609
intact vs embedded vs no headings, immediate & delayed recall, college students, 7254
interaction patterns in forward & backward auditory masking, female college students, 11874
intralist & extralist cuing, word recognition, high school & college students, 10118
irrelevant cue salience, discrimination & reversal, monkeys, 2871

knowledge of size of semantic category & number of letters, semantically vs structurally directed interrogation of anagram lexicons, college students, 9552
knowledge vs ignorance of relationship between 1st cue & criterion, learning of 2nd cue in probability learning task, college students, 5035
label retrieval & distractiveness, subsequent recognition of complex pictures, college students, 11926
length of exposure to alternatives & cues, toxin identification & avoidance, male rats, 7313
level of cognitive processing, cue overload from semantically similar vs dissimilar interpolated material, 5001
level vs focusing effect of objectives, reading comprehension, college students, 6687
licking & mother's milk, cues for labeling offspring, mother goats, 12121
linguistic cues about ownership, sharing & verbal & physical defense of owned toys, 32–41 vs 43–64 mo olds, 10148
linguistic cue use in oral reading behavior, learning disabled children, 3879
lithium chloride vs water injections & visual cues, ability to form illness-induced aversions, pigeons, 903
local vs overall & prior vs impending reinforcement, keypeck response rate, male pigeons, 5102
location of small reward reinforcement, negative contrast, male rats, 2839
long distance displacement, ability to orient toward origination point, blindfolded adults, implications for influence of magnetic field on orientation, 7144
low social competence & high anxiety in social interaction, sensitivity to nonverbal cues, female college students, 1223
low vs high frequency categorized association lists, category name as retrieval cue, primary school students, implications for episodic memory vs tagging theories, 2755
masking stimulus energy & set vs non-set conditions & duration of target stimulus, recognition of target, implications for figure-ground segregation, 390
matrix cue variations, keypecking performance, pigeons, 12072
maximum amplitude vs total response measurement methods, penile & verbal responses to sexual cues, normal Ss vs 17–50 yr old sexual deviates, 4656
meal consumption & cues & ventromedial hypothalamic lesions, serum corticosterone & glucose & free fatty acids, male rats, 7597
melody vs title cues of songs, familiarity vs time of popularity judgments vs lyric recall, middle aged vs elderly, 11927
memory vs vocabulary vs inference ability, recall of prose with vs without words relating sentences, college students, 11964
methodological reduction of competing & noxious stimuli, discrimination learning of instrumental response, Drosophila melanogaster, 5117
modality impaired vs tested & semantic vs perceptual encoding, recall vs cued recall, auditorily vs visually impaired learning disabled 10 yr olds, 10591
modality of cue vs distraction task, effectiveness of retrieval cues, college students, 11948
modeling & tuition & sanctions, self control of motor behavior, 6 vs 7 vs 9 vs 11 yr olds, 3346
monocular paralysis with bilateral lid suture, latencies of response onset for lateral geniculate nucleus cells following optic chiasm shock & role of extraretinal cues, cats, 811
monocular viewing of 3-dimensional display while moving head laterally, perception of absolute distance, graduate students, 11795
motivational vs cue properties of incentives, choice discriminations, 5–6 yr olds, 7824
motor enactment vs imagination vs viewing of demonstration vs no cues, memory for action phrase, students, 7249
movement precuing & subsequent motor performance RT, inference about motor programing of aimed hand movements, college students, 9469
nature & context of cue, recall, college students, 9587
nature & function of reference points in cognitive representations of large-scale space, college students, 5004
normal vs delayed language development & intonation cues, auditory sequential memory span & recall, 3.5–6 yr olds, 3337
novel vs familiar exteroceptive cues with vs without flavor cues & toxicosis, acquisition of flavor aversion, male rats, 12046
observation of male vs female model & number of response-relevant cues, leverpress acquisition rate in observational learning, mice, 606
organization of person knowledge by person vs attribute, learning & recall, 21–27 yr olds, 11895
orientation & contrast polarity, absolute estimation of length of vertical vs horizontal lines, 11845
outlines as advanced organizers & familiarity with material & text genre, free recall of prose, college students, 455
paraphrasing & modeling & cues, self referent affective verbal statements, chronic schizophrenic 20–50 yr olds, 5941
parieto-occipital vs frontal lesions, visuo-constructive deficits & visual cue vs action compensation, cerebral lesion patients, 8355
passage difficulty & reading achievement level, changes in use of graphic & contextual information, 1st graders, 6680
perceptual basis of consonant cluster reduction & final devoicing, 9525
perceptual cues vs verbal description, conservation, 5–10 yr olds, 1018
perceptual & spatial cues, topographical localization, 1st–4th graders, 12531
phonetic cues in beginning spelling & parsing & pronunciation & reading, school age children, 10098
photographic slides vs voice recordings, identification of height & weight of males vs females, college students, 9475
physical presence vs visual communication, content & style of conversation, sighted vs blind Ss, 13147
Piagetian vs Bryant-type number conservation tasks, hierarchy of cues used in number conservation, 4–5 yr olds, 10110
pictures vs character motivation story vs both, comprehension & recall of prose passage, college students, 9562
pitch as phonemic cue in auditory memory, college students, implications for speech perception, 404
platform motion cuing & visual field of view, simulator training effectiveness in T-37 aircraft, student pilots, 6830
position cues, visual discrimination, Down's syndrome vs other mentally retarded 6.8–15.3 yr olds, 10615
preexposure to attention-directing cues, facilitation of picture recognition, college students, 500
presence of map, free & cued recall of associated discourse, college students, 9591
presence vs absence of spatial location cues, signal detection task performance, female college students, 7162
presentation order of word category lists, role of interitem associations in cued recall, college students, 502
presentation rate of dichotic & bisensory words, pre & post cue differences in performance on selective attention task, college students, 7285
pretest exposure to contextual cues, facilitation of retrieval of complex maze learning, male rats, 558
priming in item recognition, memory for text, college students, 2790
properties of signaling stimulus & interstimulus interval, response to aversive stimulation, college students, 11988
pseudocues & supercues, prediction of oral reading comprehension as measured by cloze test, 2nd & 3rd & 4th & 6th graders, 4451
ratio of runway's vertical height to width of far end in retinal image, visual judgment of nighttime runway approach angle, 21–58 yr old experienced pilots, 9207
recall of different parent-child experiences & listening to aversive cues from "parent" & sex of parent & child, performance on Stroop Test, college students, 7228
recall of related us unrelated & precued vs postcued & to-be-remembered vs -forgotten word lists, college students, 5031
recall of significant childhood events through sculpturing, sculptor, parallels process of art therapy, 8421
recency effects in recall vs recognition of incidentally learned material, college students, 9547
reduction-method model, 3-dimensional memory traces, college students, 2792
relative effectiveness of productive training with vs without receptive pretraining, acquisition of spoken picture labeling, mild to moderately retarded 5.9–10.3 yr olds, 9015
response vs nonresponse contingent discriminative cues, avoidance conditioning, goldfish, 620
retrieval cues, differential recall of typical vs atypical sentences, 3rd & 6th graders & college students, 3352
retrieval cues, recognition & recall, college students, 2787
runway textured visual cues, flight simulator landing performance, military instructor pilots, 6818
saliva-related stimuli, oral directed responses during specific phases of social interchange, Mongolian gerbils, 12100

Search of Associative Memory theory of long term memory retrieval, integration of 2 models including cue development probabilistic sampling & recovery from associative retrieval networks, literature review, 491
self vs situational cue response pattern in self perception, positive vs reverse placebo effects, college students, 5795
semantic relationship & interval between prime & probe for ambiguous vs nonambiguous sentences, RT for true-false decisions, college students, 7231
semantic vs sensory level word judgment task, effectiveness of sensory & semantic & contextual recall cues, college students, 9583
semantic vs syntactic performance in ordering written sentence constituents, agrammatic 32–71 yr old Broca's aphasics, 10671
sensitivity to intonational cues, native vs nonnative speakers of English, 7195
sentence frame-target congruity & sentence frame complexity, free vs cued recall, college students, 9575
simulated runway type & textural information cues, pilot performance, US Air Force pilots, 9138
social rearing vs physical & visual isolation, diurnal death feigning, chicks, 2938
social setting & alcohol drinking cues, beer drinking rate & amount consumed, male social drinkers, 8002
solar cues, migratory orientation, sparrows, 5160
spatial location vs relation to category & delay interval, effectiveness of physical partial report cues, college students, 9584
speakers' recorded speech sample, consistency of listener judgments of speakers' heights & weights, college students, 9474
specific vs ambiguous precue conditions & type of precue, movement initiation time, 18–30 yr olds, 9466
S sex & weight & model sex & amount of model eating, eating rates, obese vs normal college students, implications for externality hypothesis of obesity, 1569
statement vs question vs no heading vs title, recall of prose passages, high vs medium vs low ability junior high school students, 9577
storage & retrieval cue value of spatial location of auditory stimuli, college students, 4887
strategies used with visual &/vs kinesthetic cues available, short term memory on positioning task, 6 vs 9 vs 12 yr olds, 7834
strong vs weak training & ECS & reticular formation stimulation & tone presentation as reminder treatment, heart rate & retention, male rats, 9878
structural vs physical markers denoting phrase boundaries, accuracy of identification of point in music at which clicks occur, college music students, 7157
suffix effect for preterminal list items in serial recall performance, college students, 456
superficial markers of coreference vs semantic contents containing contradictory information, judgments of coherency of passage, 4978
teacher responses to student miscues during oral reading, 2nd grade students & teachers, 8903
temporally distributed cues, consonant discrimination in VCV utterances, untrained college students vs trained listeners, 2721
test stimulus preceded by extreme vs positive vs adjacent stimuli & unequal reinforcement frequencies for positive vs negative stimulus, peak shift & sequential effects in stimulus generalization gradients, pigeons, 551
text distortion to reduce shape vs sound vs orthographic cues, oral reading speed, 5.8–8.4 yr old good vs poor readers, 12550
text layout & visual outline reminders, text recall, college students, 7272
thirst, utilization of redundant striped orientation cue in discrimination & transfer tasks, male rats, 12316
time out as contingency vs signal of dysfluencies, reductions in stuttering, 16–57 yr olds, 13364
toilet training & cuing & praise & self cleaning, classroom encopresis, 6 yr old male, 1780
topic of conversation & sex composition of dyads, ratings of affective tone of conversation, college students, 12765
trail following behavior, male wolf spiders, 5171
training strategies for teaching sequential procedures, initial training & retention & transfer to actual occupational task, 16–34 yr olds, 9169
travelers' demographic characteristics & verbal & nonverbal behavior, deception judgments, US Custom Service inspectors vs laymen, 8046
true discrimination vs pseudodiscrimination training with compounding wavelength cue, potentiation of attentional enhancement, pigeons, 603
UCS-omission, static-cue conditioning & attenuation of blocking, rats, 12047
UCS-omission effect & static-cue conditioning, comment on studies by E. Kremer et al & A. Dickinson et al, 12027
unexpected nature of event to be remembered vs reinforced conditioned stimulus, short term memory, pigeons, 9633
use of behavioral cues in judges' perceptions of dominance in dyadic conversations, college students, 10365
use of syntactic vs semantic cues, judgment of speaker's belief of entailment vs propositional truth in sentences, 1st vs 3rd vs 5th graders, 10126
utilization of alignment cues in representing 3-dimensional relationships on 2-dimensional medium, 9–10 yr olds, 1000
variability in stimulus cues during delay period, delayed reward discrimination learning, pigeons, 7298
verbal vs nonverbal & cued vs noncued retention measurement methods, retrograde amnesia following ECT, 38–61 yr old bilateral ECT recipients, 6205
verbal vs visuospatial warning stimuli, hemispheric activation as measured by RT of left vs right hand, right-handed college students, 5202
verb type & conjunction & gender cue, latency in choice of referent for pronoun in sentences, college students, 948
victim pain cues & race & level of prior instigation, physical aggression, White male college students, 5712
viewing distance, absolute estimation of line length & afterimage in lighted room with contextual cues, college students, 11805
visual cues & physical & spatial pathway properties, travel task, squirrel vs titi monkeys, implications for open field behavior, 12116
visual-gestural vs auditory-verbal cuing, word-retrieval responses, 46–59 yr old dysphasics, 6432
visual vs right vs left ear auditory cuing, phonation onset latency, 21.7–38.3 yr old stutterers vs nonstutterers, 10636
vocal participation & open- vs closed-ended questions, perceptions of dominance in conversation, college students, 10321
word list category cues & input order, serial recall, college students, 11987
2 vs 3 choice problems & visual &/vs haptic stimuli touched vs not touched before task, object discrimination, kindergartners, 10039

Cultism

Anabaptism as ego impairment, criticism of article by W. C. Shepherd, 12652
dynamics & recruitment & mass suicide, cults & People's Temple in Guyana, 7951
evaluation & treatment, 20 yr old religious cultists, 8403
fringe religious cult phenomena & role of psychiatrists in dealing with young cult members & their families, 1137
issues of "mind control" & informed consent regarding religious cults & role of parents & mental health practitioners, 1121
religious community membership, religious orientation & meaning & purpose in life, members of Jesus People vs Hare Krishna vs Maharaj Ji Premies vs Catholic priest communities, 7953
Umbanda vs psychoanalysis, interpretation of mental illness, psychiatric hospital unit patients & their families, Brazil, 5993

Cultural Assimilation

ethnic involvement & native born vs recent immigration, magnitude of ethnic vs minority identity, male vs female Armenian American high school students, 10224
level of cultural assimilation, fertility level, 35–45 yr old married Japanese American vs Mexican American women, 7939
model of experiences of & adjustment to interracial marriage, Chinese husbands of Western wives, Hong Kong, 12673
personality needs, cross cultural adjustment & satisfaction, German wives, Philippines, 5619

Cultural Deprivation

cultural deprivation, language acquisition & development & utilization, children, 10089
project for increasing confidence & self esteem in role as parent, mothers of socially disadvantaged children, Israel, 1124
sociocultural deprivation & neuroticism, deprived vs advantaged 17–20 yr old males, 7904
sociocultural deprivation & sex, anxiety & social adjustment & achievement motivation, 17–20 yr olds, 5569
sociocultural factors & type of school, nonverbal creative thinking, disadvantaged vs advantaged intermediate school children, 1130

Cultural Familial Mental Retardation [See Psychosocial Mental Retardation]
Cultural Test Bias
assumptions in assessment of intelligence, Latinos, US, 4776
BASIC microcomputer program, calculation of regression model test of predictive bias, 4711
bias against males & non-Whites, McCarthy Screening Test, children, criticism of study by W. Umansky & L. Cohen, 9368
bias in McCarthy Screening Test, children, reply to N. L. Kaufman's critique, 9430
cultural background, test performance, 2539
cultural characteristics seen in factor structure of Rotter's Internal-External Locus of Control Scale, White college students, South Africa, 4771
demographic correlates of item bias in Reading Comprehension section of Metropolitan Achievement Tests, Black vs White 5th vs 6th graders, 9100
demographic & psychometric characteristics, Adaptive Behavior Inventory for Children, school age children, implications for cultural test bias & educational diagnosis & placement, 11377
development of projective measure of locus of control, 10th graders, Sri Lanka, 9389
effectiveness & sufficiency & similarity, techniques for detecting biased items on aptitude & achievement tests, 4768
invariance of factor structure of Metropolitan Readiness Tests, Black vs White male vs female 1st graders, 4453
item analysis of Culture Fair Intelligence Test, cross cultural analysis of fairness, high school students, US vs Nigeria, 11673
microcomputer program, regression model analysis of predictive bias in educational & psychological tests, 124
nondiscriminatory psychological assessment for minorities, future of school psychology, 13688
public impact of vocational interest inventories, 1972–78, 11619
Revised WISC vs Escala de Inteligenica Wechsler Para Ninos, bilingual Puerto Rican 1st–3rd graders, 9391
scores on Draw-a-Person test vs Culture Fair Intelligence Test, rural 4th graders, Peru, implications for appropriateness of Culture Fair Intelligence Test, 240
System of Multicultural Pluralistic Assessment, classification of mild mental retardation, White vs Black vs Hispanic vs Native American Papago students, 9117
Taylor Manifest Anxiety Scale scores, 22–43 yr old Indian vs European South Africans with high vs low educational levels, 3736
techniques for analysis of item bias, 2420
test bias with Lorge-Thorndike Intelligence & Peabody Picture Vocabulary tests & Metropolitan Achievement Tests, 6–13 yr old urban disadvantaged Blacks, 197
use & evaluation & cultural bias, Kahn Intelligence Test, 2431
validity & interrelationship & racial bias, MMPI alcohol & drug abuse scales, male prisoners with mean age 22.3 yrs, 11698
validity of MMPI, need for regionally adapted norms, high school students, Argentina, 11634
validity of standardized academic achievement tests, minority & disadvantaged children, 11647
validity & reliability of Kuder General Interest Scale, Zuni 9th graders, 166
validity & reliability of Wide Range Achievement Test, Mexican American 4th & 5th graders, 9386
Visual Sequential Memory subtest of Illinois Test of Psycholinguistic Abilities, applicability across ages & nationalities, 2–26 yr olds, New Zealand, 9346
Western tests requiring different cultural attitudes & patterns & habits, children, Algeria, 2439
Culturally Disadvantaged [See Cultural Deprivation]
Culture (Anthropological) [See Also Subculture (Anthropological)]
acquisition of culture, children, 5580
African vs Western models & values, magazine advertisements, Africa, 1133
conflicts arising from exposure to traditional & Western cultural influences, educated elite, Pacific islands & Australia, 10226
cultural implications of play, 5615
cultural system & socioeconomic status & age & sex, masked depression, 12976
evidence of sexual dimorphism in tooth & body size & speculation about social organization, Egyptian Oligocene primates, 5185
ideas derived from Freud & E. B. Tylor for conceptualization of psychological anthropology, 3508
Northern Athapaskan ethnology, 1970's, literature review, 7943
personality traits, cultural values, 15–17 yr olds, Japan, 5625
postulates of personality theory & culture, 3507
reflection of culture in development of community mental health center, Israel, 8651
role of aged among Bakongo, Angola, 7948
suicide by disembowelment as sociocultural tradition, Japan, 1515
Culture Change
acculturation stress & transitional role conflict & psychopathology, adolescent & young adult male Eskimos, Canada, 1143
attitudes toward proposed cultural tradition to acknowledge 1st menstrual period, mothers & daughters, 1079
beliefs about purpose in life, 17–30 yr olds entering discrete religiously oriented groups, South Africa, 12617
intergroup contact, ethnic change, Israeli Jews & West Bank Arabs, 12644
modernization & sociocultural variables, changes in divorce laws & patterns in various countries, 1102
personality needs, cross cultural adjustment & satisfaction, German wives, Philippines, 5619
rapid social change, problems in differentiation of normal vs deviant behavior, 7912
realignment of subsystems, societal change, 5602
social & economic change, childrearing attitudes & practices, mothers, Japan, 1930 vs post-World War II period vs 1979, 3485
social & economic factors, incidence of love within marriage & indications of change, Akan matrilineal elite, Ghana, 3479
social & occupational adjustment, American teachers, Australia, 6629
Culture Fair Intelligence Test
item analysis of Culture Fair Intelligence Test, cross cultural analysis of fairness, high school students, US vs Nigeria, 11673
scores on Draw-a-Person test vs Culture Fair Intelligence Test, rural 4th graders, Peru, implications for appropriateness of Culture Fair Intelligence Test, 240
Culture Shock
application of personal construct theory & repertory grid technique, analysis of culture shock in exceptional interracial marriages, Hong Kong, 12674
features of culture transition shock, deinstitutionalized mentally retarded, 8681
model of experiences of & adjustment to interracial marriage, Chinese husbands of Western wives, Hong Kong, 12673
Curiosity
development & validation of Krantz Health Opinion Survey, measurement of preferences for different treatment approaches, college students, 7072
infantile malnutrition, incidental learning & attention & curiosity, monkeys, 5307
level of problem uncertainty & curiosity, incidental recognition level, high school & college students, 12484
questionnaire construction, measurement of curiosity & exhibitionism, college students, 4791
religion & educational & economic & residency factors, daydreaming & attentional processes & curiosity, White 17–92 yr olds, 1317
self vs teacher ratings of academic curiosity, academic achievement & class attendance, college students, 6698
Curriculum [See Also Art Education, Business Education, Career Education, Compensatory Education, Driver Education, Foreign Language Education, Health Education, Language Arts Education, Mathematics Education, Music Education, Phonics, Physical Education, Psychology Education, Reading Education, Science Education, Sex Education, Social Studies Education, Spelling, Vocational Education]
academic instruction & relevant course experience, improvement of spatial ability, male vs female college students, 4293
application of reading skills to assignments in other content areas, students successful in reading, 8871
attitudes, value of affective education at elementary level, mothers & teachers, 8860
classroom prevocational program, severely handicapped students, 11271
cognitive skills training program, trainable mentally retarded 13–14 yr olds, implications for use with minority students, 11322
consultation training, school psychology training programs, 11158
curriculum, enhancement of language development, children, 11179
curriculum changes, educable mentally retarded children, reply to S. E. Warren's & B. Blatt's criticisms, 8975
curriculum development & organizational variables, evaluation of military & nonmilitary course authoring systems, 2096
curriculum for teaching coin skills, educable mentally retarded with mean age of 9.7 yrs, 11283

death education course completion vs lack of death course, attitudes toward dying patients, physicians, 4219
death education seminar participation, coping capacity, undergraduate & graduate students, 4292
developmental curriculum, psychological development & moral reasoning & identity, 15–19 yr old immigrants vs American-born high school students, 3269
discussion of curriculum approaches, educable mentally retarded children, 8974
educational psychology as liberal arts college course, 11205
education & training & underrepresentation in psychology, Hispanics, 4204
experimental curricular intervention for countering TV violence effects, perceived reality, arousal & aggression responses, 6th graders, 13563
extent of mainstreaming, 8–15 yr old educable mentally retarded, 2-yr followup, 9021
fundamental directions of research in educational psychology, USSR, 8819
investigation of instructional programs through computer imitational modeling for educational psychology research, 8886
Male Dominance Index values, percentage of men in various occupations & college curricula & apprenticeships & professional degree fields, 6803
moral education programs in classrooms, 8894
problems in curriculum design & implementation, trainable mentally retarded, 9017
program with medical students & clergy "on call" together for crises intervention with dying patients & their families, 4216
"Project Heroes" humanities curriculum, learning disabled children, 11312
recommended curriculum for neuroeducators to aid learning disabled students, 6633
selection & curriculum outline, paraprofessional training to apply biofeedback techniques & instrumentation, 8779
self guided symbol formation strategy, teaching letter formation, 8873
sources & definition & history & effect on education, "back to basics" movement, 13521
standardized procedures & documentation systems, analysis of task analysis data, training, US Air Force technical personnel, implications for computerized task analysis data bank, 4500
sugar in diet, judgment & learning ability & hyperactivity, children, implications for school nutrition & curriculum & teacher education, 11133
teaching rules of logic free of specific learning content, learning disabled children, 8971
teaching through movement activities, motor & perceptual & social development, children, 11191
test anxiety & intelligence & subject area, academic achievement, female 9th graders, 2130
test validity & reliability & personality traits & enrollment in thanatology class, death attitudes & attitude change, college students, 4376
understanding of subject matter, college students, teaching implications, 2087

Curriculum Development
advocacy of student- vs product-centered schools, language arts researchers, 8876
CA-appropriate vs norm referenced curricula, severely handicapped adolescents & young adults, 8967
curricular & instructional design, intervention programs, preschool age handicapped children, 11265
curriculum, ego development, junior college students, 4301
curriculum development, education of gifted & talented, 4401
curriculum development & model, social skills training program, literature review, 1655
curriculum development & organizational variables, evaluation of military & nonmilitary course authoring systems, 2096
curriculum for teaching coin skills, educable mentally retarded with mean age of 9.7 yrs, 11283
death education, elementary school teachers, 4276
developmental & functional & recreational reading education, literature review, implications for back-to-basics movement, 8885
development of career module to provide training in test interpretation & career exploration, career counseling trainees, 13492
development of teaching program, psychodynamics of psychosomatic pathogenesis, medical students & psychiatric residents, 2031
factorial modeling, implications for educational policy manipulations prediction, 2586
functional learning curricula model, handicapped secondary school students, 2169
goals & themes & evaluation, midlife career decision making workshop, 13706
models of affective education, 13582
multidimensional scaling, analysis of goals used in design of graduate therapeutic recreation curriculum, 2097
neuropsychological assessment as basis for designing learning programs for learning disabled, school psychologists, 11386
problems in curriculum design & implementation, trainable mentally retarded, 9017
proposal for development & evaluation of consumer curriculum, consumer education, 2086
role of science & social studies education, basic education program, 8879
teacher responsibilities, determination of appropriate curriculum, severely & profoundly mentally retarded students, 8970

Cursive Writing
early cursive handwriting as teaching method, reading, children, 11192
teaching cursive writing as aid to reading & spelling, children, 4311
writing vs printing & alphabet vs familiar words, speed of performance, college students, 9479

Cushings Syndrome
cortisol & ACTH levels, affective & cognitive & biological impairments, Cushing's syndrome patients, 10734

Cutaneous Sense [See Also Tactual Perception, Vibrotactile Thresholds]
haptic to visual matching, transcortical event related potentials, cynomologous monkeys, 7437
naloxone, neuron response to noxious & non-noxious stimulation of spinal cutaneous receptive fields, male rats, 9946
perceived magnitude of multiple electrocutaneous pulses on abdomen vs auditory stimulation, normal hearing Ss, 7154
size of disk & comparison figures & modification of stimulus, magnitude of haptic illusion of rotating disk in hands, 340
temperature of weights & body region & body side, perception of weights, males vs females, 11762
visual vs haptic modality of simultaneous vs delayed reproduction of vertical vs horizontal vs oblique orientations of stimuli, oblique effect, college students, 9476
visual &/vs haptic presentation & anchor integrality with series stimuli, perceptual discrimination, college students, 2632

Cybernetics
cognitive motivational psychology & other experimentation trends in general psychology, 2747
cybernetic model showing impossibility of justification of scientific knowledge by epistemological constructivism, 6960
microteaching as teacher education technique using cybernetic principles, 6644

Cyclic Adenosine Monophosphate
aging effects on dopaminergic receptors coupled to formation of cyclic adenosine monophosphate, rats, 7475
ethanol, cerebrospinal fluid levels of cyclic 3,5-adenosine & cyclic 3,5-guanosine monophosphate, 5413
intranigral 6-hydroxydopamine & denervation, dopamine receptors & adenosine cyclic monophosphate & dopamine content in caudate nucleus, male rats, 5315
pentylenetetrazol, behavior & EEG activity & cyclic adenosine monophosphate & cyclic guanosine monophosphate brain levels, female mice, 5365
single & repeated neuroleptic dosages, noradrenaline & 3-methoxy-4-hydroxyphenylethyleneglycol & cyclic adenosine monophosphate in forebrain & spinal cord, male rats, 9910

Cycloheximide
cycloheximide, protein synthesis & memory, praying mantis, 5380
cycloheximide with vs without nicotine, retention of passive avoidance task, mice, implications for memory storage, 9965
social isolation & intracranial potassium chloride vs ouabain vs cycloheximide, memory formation for passive avoidance task, chickens, 7631

Cyclothymic Personality
cyclothymia as measured by 16PF, depressed Ss & their relatives, literature review, 3827
diagnostic problems, paranoid schizophrenia, schizophrenic patients, long term followup study, 10458

Cytology
marihuana smoke & delta-9-tetrahydrocannabinol, brain function & ultrastructure, rhesus monkeys, 5377
Czechoslovakia
change over time in age at 1st coitus & coital activity & orgasm & education & family size, 20–40 yr old females born from 1911–58, Czechoslovakia, 12724
factors affecting pathological personality development, children, Czechoslovakia, longitudinal study, 1072
formation of motives & interests & independence, children, Czechoslovakia, 1077
historical foundations up to Hussite movement, psychological thought, Czechoslovakia, 6944
history of Czech & Slovak psychological thought from 15th–18th century, 11545
role of psychology & psychologists in social services & practice, Czechoslovakia, 2026
tasks of psychology, educational problems, Czechoslovakia, 4267
theoretical aspects, psychology of work, Czechoslovakia, 1965–75, 9141
trends in marketing psychology, Czechoslovakia, 9228
Daily Biological Rhythms (Animal) [See Animal Circadian Rhythms]
Dance
cognitively oriented model for dance aesthetics, 3265
competition & achievement expectations & pressure to be slim, development of anorexia nervosa vs excessive dieting concerns, college students studying professional dance vs modelling vs music, 13102
psychological aspects of dance & theater & aesthetic characteristics of dancers & theater students, 5442
strength & balance & kinesthesis & flexibility & rhythm & motor ability, female dancers vs gymnasts vs athletes vs untrained Ss, 7506
Dance Therapy
overview of art & dance & drama & music therapies, 3958
Dark Adaptation
absolute sensitivity of optomotor neuron in 3rd optic ganglion to single photons, female blowflies, 12221
age & background conditions, sensitivity of response & maximum response size of electroretinographic stimulus/response curves from developing retina, 10 day old through adult rats, 7452
amount of light in surround vs spatial distribution, parafoveal cone dark adaptation curves, Os, 7161
dark adaptation & stimulus intensity & location & color adaptation & stimulus color, streak of light trace phenomenon, implications for central vs retinal influences, 354
dark & light adaptation, brightness exponent & retinal eccentricity in peripheral visual field, graduate students, 379
duration of dark adaptation & use of background visible only to rods, foveal cone threshold changes, Ss with normal vision, 11783
intensity of peripheral retina stimulation, spectral sensitivity during cone-plateau & dark-adapted states, 2709
light vs dark adaptation, identification of briefly presented letters or digits under bright illumination, college students, 4924
logical errors in testing of dark adaptation hypotheses, 4913
pigment bleaching, fluctuations of outer segment current in rod photoreceptors, toads, 5221
retinal eccentricity & target size & adaptation, relation of brightness to thresholds, S, 11784
suprathreshold 2-pulse discrimination, temporal resolution & illusion during rapid light adaptation, O's, 11774
test & adapting field size, threshold during early dark adaptation, Os, 11808
variation in macular pigmentation & stimulus eccentricity from fovea, short wavelength spectral sensitivity during cone-plateau period of long term dark adaptation curve, 392
visual thresholds during dark adaptation, Black vs White male undergraduates, 385
Data Processing
accuracy of computerized information system data, 4691
analogy between occurring social & cognitive communication systems & automated distributed computation within organizations, 49
application of Discrete Fourier Transformation, EEG data, 2387
Assembly Programing Language programs for interactive data analysis, 64
assembly programming language, labeled plots & histograms, 4688
classification & recommendations for prevention & remediation of human errors made in automatic data processing, 94
computer software, processing psychophysiological data, 4741
data analysis programs, UNIX operating system, 4724
data entry procedures & response sensitive instructional strategy, data entry accuracy & training time, US Army enlisted personnel, 2231
methods of data collection & processing & analysis, EEG recordings by computer, 2388
microprocessor & digital computer for analysis of rodent mating behavior, 91
SPAN interactive BASIC program for spectral analysis of time-series data, 123
video display terminal use, attitudes toward work & office automation & mood & physical symptoms, office workers with mean age of 23 yrs, 13766
video display terminal use & working conditions, job stress & health complaints & psychological mood, clerical vs professional operators, 13777
Dating (Social) [See Social Dating]
Daughters
characteristics & intervention & prevention, father-daughter incest, 10559
family risk factors, females who had incestuous vs seductive relationships with their fathers during childhood, 8201
maternal employment, sexual behavior & attitudes, female college students, 12714
mother's description of hypoactive preteen daughter, 10605
paternal relationships & adolescent personality, marihuana use, female adolescents, 3466
sex roles & family relationships, male vs female adolescent offspring of chronic schizophrenic mothers, 10465
Day Camps (Recreation) [See Summer Camps (Recreation)]
Day Care (Child) [See Child Day Care]
Day Care Centers
age & sex & school vs daycare, time perception accuracy, 3–5 yr olds, 5501
emotional & language development, home reared vs day care attending 3.5–4 yr olds, 2-yr followup, 10013
high vs medium vs low vs no educational intervention in day care program, cognitive development, 2.5–4 yr olds, 8872
observation of interactions in family day care homes, preschool children, 10268
public school day care program, children of teenage mothers & pregnant teenagers, 11210
spontaneous peer psychotherapy in daycare setting, female 2 yr old, 8407
Daydreaming
directed vs self generated neutral vs positive daydreams, depression, depressed female college students, 10810
psychometric properties & development of scales, measurement of 3 sec-order factors of inner experience & daydreaming & fantasy, 184
relaxation-guided fantasy vs arithmetic exercises, creative thinking & writing, gifted 4th–6th graders, 1006
religion & educational & economic & residency factors, daydreaming & attentional processes & curiosity, White 17–92 yr olds, 1317
self monitoring, daydreaming frequency, college students, 9615
Deaf
age, rhythmic body rocking, deaf & hard of hearing 5–16 yr olds, 3890
articulatory errors, speech intelligibility, hearing impaired & deaf 8–20 yr olds, 8327
articulatory gestures, adventitiously deaf 38 yr old male, implications for role of auditory information in speech production, 10752
Assessment of Children's Language Comprehension & Syntax Screening Test, measurement of linguistic structure comprehension, deaf 6 yr olds, 7050
behavior modification program in state residential school, task related behaviors & disruption & academic dysfunctioning & inappropriate verbal behaviors, deaf, 4398
central deafness & subcortical motor aphasia, clinical & autopsy results from right handed 62 yr old male, 1596
cerebral vascular accident, right hemiplegia & aphasia, congenitally deaf 57 yr old male, 10741
cochlear development & electrophysiological determinants of deafness, "deafness" strain of mice, 7421
communicative competence & method, language & mode use, profoundly deaf 3–5 yr olds & their hearing mothers, 6132
computer-based exploratory learning systems, deaf vs hearing impaired vs aphasic 6–11 yr olds, 13646
computer vs human analysis of written language, deaf children, 6986

congenital vs acquired deafness, reading ability & math skills, adults, 3902
development of sentiphone as tactual speech communication aid, deaf, 6997
DRO vs overcorrection vs lemon juice vs aromatic ammonia, suppression of self poking behavior, male deaf & blind & retarded 5 yr old, 6356
eye examinations, identification of cause of congenital hearing impairment, children, 10652
features of spontaneous speech production, deaf 6 yr olds, 8324
hallucinatory experiences, prelingually profoundly deaf schizophrenic adults, 12904
hypnotically suggested selective deafness, RT & heart rate conditioned response, college students, 12008
imagery value & recall, deaf vs hearing children, 3897
intellectual functioning & communicative competence, deaf 2.5–4 & 5–6.5 yr olds, implications for assessment of intelligence, 13080
knowledge of grammatical relations in illocutionary sentences, deaf & hearing 9–10 yr olds, 3899
language experience approach, teaching reading to deaf & hearing impaired children, 8994
linguistic philosophy of school, communication skills performance, deaf vs hearing elementary school students, 11269
measurement of occupational noise-induced hearing loss, 13123
misdiagnosis of autism as hearing disorders, preschool age child, 1357
mixed vs like dyads, initiation strategies in peer interaction, hearing &/vs deaf dyads of 3.4–5.3 yr olds, 10742
monetary rewards, response strategies & bias in brightness discrimination task, deaf vs hearing 9–12 yr olds, 3895
mother-child relations, deaf vs normal 5–6.5 yr olds, 8309
musical hallucinations, 52 yr old deaf male, 6162
perceptual motor & language development, deaf 5–8 yr olds, 8303
pictorial &/vs verbal instructional material, performance on concrete vs abstract problems, deaf college students, 6735
predictive validity of WISC & Raven Coloured Progressive Matrices, academic achievement, deaf 5–12 yr olds, 9335
prevalence of behavior problems, male vs female deaf 3–17 yr olds, 10437
production & perception of syntactic time cues in English, profoundly deaf children & adolescents, 8335
psychotherapy, deaf patients, 13214
quantitative description method, identification of patterns of segmental speech errors, hearing impaired & deaf 8–11 yr olds, 8345
rate of & treatment for mental disorders & counseling & school psychologist training, college for deaf students, 2174
reliability & factorial complexity & predictive validity of Test of Syntactic Abilities Screening Test, differentiation of hearing impairments, mildly vs severely vs profoundly deaf 8–12 yr olds, 222
screening criteria, diagnosis of schizophrenia, deaf patients, 8098
sensory deprivation, development of conservation of liquids, deaf & mute 6–13 yr olds, 8318
separate diagnoses of deaf & language disordered, 1 yr old male followed to age 10, audiological implications, 8105
sex & field independence & spatial & communication skills, deaf college students, 3929
skills of visual analysis used in concept formation, lip reading vs signing deaf vs normal hearing 8–12 yr olds, 8316
stored auditory vs visual information, unimodal speech perception, prelingually deaf vs hearing & congenitally blind vs sighted 9–15 yr olds, 9519
symbiosis in learning therapy, hearing impaired & learning disabled 12 yr olds, 9007
syntactic development & problems, construction of Test of Syntactic Abilities, deaf & hard of hearing & normal learning 8–18 yr olds, 4814
syntax of written language, profoundly deaf 10–11 yr olds, 13111
tactual perception of hard-to-lipread word pairs, briefly trained deaf high school students, 6156
use and adaptation of American Sign Language in classroom & for communication between deaf children & hearing parents & with individuals with handicaps other than deafness, 6203
use of event-related potentials, hemispheric specialization during language vs nonlanguage tasks, deaf Ss vs patients with alexia vs agraphia vs normal adults, 10711
VCV utterance length, bilabial closure duration, deaf 9–13 yr olds, 8342
visual detection task, reading skills, hearing vs congenitally deaf 7–19 yr olds, 10721
visual materials in sex education, sexuality & sexual knowledge, deaf, 3905
voiscope feedback, speech improvement, profoundly deaf 7–14 yr olds, 8609

Death and Dying [See Also Euthanasia]
adult male death, household permanence & agricultural success, pioneer Japanese farmers, Bolivia, 10213
affective attachment to deceased & personality change, mothers who had experienced recent vs distant loss of infant, 8081
ancient mythological perspectives, understanding mortality & treatment of dying patients, 1660
biorhythm status on day of death, 32 US presidents, 9803
birthday, time of death, 5864
cognitive development, evolution of concept of death, children, 3392
components & explanation hypotheses, near-death experiences, 4620
concept of death, nursing vs other students, 4247
counseling, parents of sudden infant death syndrome children, 1933
course of illness & age & cause of death, schizophrenics, long term followup study, 10467
death concept formation & reactions to death, children, guidelines for therapists & parents, 7761
death education, elementary school teachers, 4276
death education course completion vs lack of death course, attitudes toward dying patients, physicians, 4219
death education seminar participation, coping capacity, undergraduate & graduate students, 4292
death of significant other & change in residence & work, sudden cardiac death, 25–64 yr old White females, 10655
death of spouse vs child vs parent, bereavement intensity, 18–84 yr old newly bereaved Ss, 5887
demographic characteristics, suicide vs undetermined death, former psychiatric patients, 3846
developmental approach, understanding of death, children, literature review, 5588
developmental task of coming to terms with death & dying, successful aging, counseling implications, 7767
development of scale to measure attitudes toward funerals, relationship to death & dying attitudes, college students, 2496
discrimination between odors from living vs dead conspecifics, male rats, 9671
early death of mother, symptoms of psychiatric disturbance, female psychiatric patients, 12945
early loss of parent & life event ratings, 70 yr old males vs females, 7891
expansion & conservation, basic instincts of life, 21
expectation of death vs will to live, outcome, 6 case reports, implications for medical & psychiatric care, 8695
experiences & role of "presences" in mourning process, 3699
exposure to death & dying, fear of death & anxiety, college students, 10375
father loss through death vs divorce, self concept & evaluations of happiness of family situation, 5th–8th graders, 12601
help in comprehension & coping with death, children, 10151
historical & anthropological & psychological perspectives on death taboo, 3492
infant death, rural families, 3464
interpretation of "Phillip Sparrow" by J. Skelton, understanding child's response to death, 1100
miscarriage vs stillbirth vs neonate death, emotional reactions, mothers, 3723
neural & biological & sensory mechanisms underlying life after death experiences & role of cerebral dissociative hallucinatory activity, 5195
number of years of father loss through death vs divorce, level of external locus of control, college students, 8076
object destruction & mourning, behavior & responses, psychotherapy patients, 1727
ontological confrontation of death & loneliness, psychological distress, male maximum security inmates, 8220
open communication & experiences with death of pets, development of healthy attitudes & understanding of death, young children, educational implications, 967
parental death in childhood & demographic characteristics, subsequent depression as adult, 1488
physiologic mechanisms in animal models of "sudden death", 2367
postself & partial death, R. Nixon, 3718
pre- & perinatal characteristics, victims of Sudden Infant Death Syndrome vs survivors, 10700

program with medical students & clergy "on call" together for crises intervention with dying patients & their families, 4216
psychoanalytical interpretation of death anxiety & religious rituals relating to death & role of superego, 12651
psychodynamics & psychoanalytic aspects, medical & psychiatric treatment of dying patient, 13174
ritual motherhood by death & funeral ceremonies, Bororo Indians, Brazil, 5621
self actualization & ability to confront personal mortality, 21–63 yr old mental hospital patients & persons in helping professions, 12962
subconscious premonition of death expressed in painting, 16 & 23 & 30 yr old males, 12442
themes of posttreatment stress disorders, 20–75 yr old psychotherapy patients with bereavement or personal injury problems, 1376
Death Anxiety
attitudes toward suicide & death anxiety & religiosity & personal consideration of suicide, college students, 13631
concurrent validity of measures of death anxiety, effect of birth order, college students, 9383
Death Anxiety Scale vs Fear of Death Survey vs Death Fear Scale vs Likert-type scale, measurement of death anxiety, college students, 2479
death education seminar participation, coping capacity, undergraduate & graduate students, 4292
exposure to death & dying, fear of death & anxiety, college students, 10375
historical & anthropological & psychological perspectives on death taboo, 3492
hypnosis, fear of dying, 9 yr old male with acute lymphocytic leukemia, 6425
level of death anxiety, individual vs group problem solving ability, female college students, 5748
ontological confrontation of death & loneliness, psychological distress, male maximum security inmates, 8220
psychoanalytical interpretation of death anxiety & religious rituals relating to death & role of superego, 12651
psychotherapeutic intervention as emotional support, terminally ill children, 3982
race & sex & born again status, death anxiety, rural high school students, 5628
religiosity, death anxiety, 5867
self/ideal discrepancy, death anxiety, 14–68 yr olds, 10391
sex & age & procreation stage & educational level, fear of death, 16–83 yr olds, 3424
sex & health status & rural vs urban residence, death anxiety & euthanasia attitudes, college students & healthy vs life-threatened 60–97 yr olds, 12847
test validity & reliability & personality traits & enrollment in thanatology class, death attitudes & attitude change, college students, 4376
Death Attitudes
age & religiosity, adult males with high vs low fear of death, 1314
ancient mythological perspectives, understanding mortality & treatment of dying patients, 1660
attitudes toward suicide & death anxiety & religiosity & personal consideration of suicide, college students, 13631
components & explanation hypotheses, near-death experiences, 4620
concept of death, nursing vs other students, 4247
concern for death & psychological adjustment, Mexican American vs Anglo American college students, 12650
countertransference, psychotherapists treating dying patients, 8758
critique of E. Becker & J. Choron on denying death & social values, 10379
death education seminar participation, coping capacity, undergraduate & graduate students, 4292
demographic & attitudinal & behavioral variables associated with euthanasia attitudes, adults, 12864
demographic characteristics & death attitudes, orientation toward abortion & suicide & euthanasia, adult male alcoholics & drug addicts & prisoners vs government employees, 10551
developmental approach, understanding of death, children, literature review, 5588
developmental task of coming to terms with death & dying, successful aging, counseling implications, 7767
development of scale to measure attitudes toward funerals, relationship to death & dying attitudes, college students, 2496
expectation of death vs will to live, outcome, 6 case reports, implications for medical & psychiatric care, 8695
historical & anthropological & psychological perspectives on death taboo, 3492
infant death, rural families, 3464
neural & biological & sensory mechanisms underlying life after death experiences & role of cerebral dissociative hallucinatory activity, 5195
ongoing disease process & interviewer choice of words, patient choice of words referring to disease, cervical cancer patients, 6176
open communication & experiences with death of pets, development of healthy attitudes & understanding of death, young children, educational implications, 967
past suicide attempts, suicide attitudes & perceived suicide risk, hospitalized male alcoholics, 13018
psychotherapeutic intervention as emotional support, terminally ill children, 3982
research & theory on anticipating grief within psychosocial context, literature review, 1644
self actualization & ability to confront personal mortality, 21–63 yr old mental hospital patients & persons in helping professions, 12962
sex & age & education & religious affiliation, attitudes toward euthanasia & suicide, adults, 3705
sex & health status & rural vs urban residence, death anxiety & euthanasia attitudes, college students & healthy vs life-threatened 60–97 yr olds, 12847
test validity & reliability & personality traits & enrollment in thanatology class, death attitudes & attitude change, college students, 4376
viewing videotape of children's reactions to death, subsequent verbalizations about death, 7–15 yr olds in family therapy who had lost family member, 13264
Death Penalty [See Capital Punishment]
Death Rate [See Mortality Rate]
Death Rites
community attitudes toward funeral directors, 5617
development of scale to measure attitudes toward funerals, relationship to death & dying attitudes, college students, 2496
ritual motherhood by death & funeral ceremonies, Bororo Indians, Brazil, 5621
Deception [See Also Cheating, Faking, Malingering]
antisocial behavior & criminal propensity & extraversion & neuroticism & psychoticism & lie scale scores, 13–15 yr old well vs badly behaved vs delinquent males, 13046
bogus pipeline manipulation, self & other deceptive components in social desirability responding & need for approval, college students, 10389
certainty of detection, pupil size in pupillometry lie detection, male college students, 7523
client deception vs truth telling in counseling, eye contact patterns, Black & White female college students, 1938
deception of perceived expert vs nonexpert, facial cues & eye contact & successfulness, college students, 12798
defendant's evidence withholding & prior record, jurors' decisions in simulated trial, college students, 5672
factorial structure of Mach V scale, proclivities for interpersonal manipulation & deceit, White vs Mexican American college students, 11669
fraud & embezzlement & forgery counterfeiting vs stolen property, cost-benefit indexes of deception in nonviolent crime, 1976–77, 10569
nonverbal behavior during truth-telling vs lying, college students, 3230
personality questionnaire scale scores, job applicants, implications for effect of testing circumstances, 2229
polygraph deception vs truthfulness, detection of lying Ss through skin conductance responses to & recall of relevant vs control questions, male college students, 3055
pupillary responses & Machiavellianism & role of lying, detection of guilty knowledge, male college students, 3704
rationalization & evasion & "jamming" as means of self deception, 8056
research findings on Barnum personality statements, 2436
self monitoring & assertion skill & positive statements, lying & provocative peer statements & appropriate social behavior, 18 yr old female delinquent, 9-mo followup, 10887
survey of social psychological experiments, bogus-pipeline paradigm, literature review, 43
training to recognize implied vs asserted advertising claims, rating claims for truth value immediately & 2 vs 7 vs 9 days later, college students, 6901

travelers' demographic characteristics & verbal & nonverbal behavior, deception judgments, US Custom Service inspectors vs laymen, 8046

Decerebration

anesthesia of knee joint capsule, modulation of transmission in flexion reflex pathways, decerebrate cats, 7621

systemic vs spinal cord administration of 5-methoxy-N- N-dimethyltryptamine, acoustic startle reflex, male rats., 7629

Decision Making [See Also Choice Behavior, Group Decision Making, Management Decision Making]

adaptation of Bradley-Terry-Luce choice model, multiattribute decision making, graduate business school students, 4857

age differences, social decision making, 7th–8th vs 10th vs 12th graders, implications for policy on age for legally regulated decisions, 10010

age vs stressful life events vs illness vs war, integrative complexity in personal correspondence, British novelists, 12444

anchoring & adjustment in primed response time task, gambling decisions, college students, 4995

anonymity, bystander reactions to emergencies, college students, 5772

applicability of K. Lewin's field theory, decision theory, 4631

applicability ratings & reported usage of decision making rules in choice situations, college students, 4973

axiomatized formulation of expected utility & probability model, contingency plans for decision making, 4877

basis for patient's capacity to make informed decisions regarding psychiatric or psychological treatment, 10789

behavioral decision making modeling, measurement of need for power & affiliation & achievement, scientists & engineers & graduate students & management executives, 3696

comparison of 4 strategies, resolution of difference of opinion among experts, college students, 10320

compensatory vs noncompensatory decision rules, rule applicability ratings & usage, college students, 410

complexity of welfare administration project computer model, optimization of total welfare in decision making, college students, 95

computerized goal-directed decision support system, 4737

creativity test results, prediction of individual differences in hypothesis generation, college students, 11904

decision making process, treatment of psychosis with antipsychotic drugs, 8588

decision processes & personality factors determining risk behavior, technical operators, 9151

decision rules, program evaluation, 2102

degree of self focus & number of plausible causes & perceived choice, commitment to act, male college students, 5813

dimensions of self concept including perceived competence & attitudes toward female role & demographic factors, preconception contraceptive decision making, females who had unwanted conceptions, 3546

emotional stress, decision making, 5006

employee attitudes toward participation in decision making, Black vs White clerks, South Africa, 13775

employers' brochures & selection interviews, intent to apply for or accept jobs, college students, 2233

evaluation of patients' decision-making process regarding informed consent to ECT, psychiatrists, 13184

evaluation of simulated decision making, criticism of study by J. Ysseldyke et al, 9134

evolutionary & genetic model of emotions, decision making, 5468

expert testimony, decisions & behaviors & beliefs in eyewitness accuracy, jurors, 12693

framework for personal decision making, 4991

framing of problems & contingencies & outcomes involving vs not involving risk, rational choice, 11998

goals & themes & evaluation, midlife career decision making workshop, 13706

goal structuring assistance, attributes considered in job choice decision making, 8th graders, 3-mo followup, 5475

guidance teachers' influence, curricular & vocational decisions, more vs less able school leavers, Scotland, 4427

hypothesis generation, 3-yr study, 9539

inadmissible evidence for vs against conviction vs none & judge's instructions, verdicts, adult mock jurors, 12704

individual differences in decisions on effort level, high school & graduate students, behavioral decision approach to V. H. Vroom's expectancy theory, 512

individual differences in planning processes, 10372

judgment tasks, retrieval of information about past events & use of information to make decisions, college students, 7270

level of decision making, effect of rationality on decision making process, 7219

manipulation-proofness for widening scope of Arrowian welfare economics, political decision making procedures, 10271

method of integrating analytical & judgmental phases, decision making, 7236

methodological approach, decision making in urban development, 6891

methodology for analysis of decision/problem state, 59

methods & problems of risk analysis, technological decision making, 4746

microcomputer-based information system & client assessment guidelines, worker decisions & client equity, student social workers, 13399

military knowledge & decisiveness, administrative & technical & combat performance, US Army officers, 4525

model for life & death decision making, 4988

model of clarification process for problem solving & decision making, 417

model of decision/problem state, 418

open vs well defined problem, information seeking patterns & decision making, college student, 4977

optimization algorithm & estimator including RT & future discounting restraints, model of dynamic decision making & work load in multitask supervisory control, 121

organizational structure, accommodation to uncertainty & decision analysis, 6873

perceived consequences & communicator likeability & topic & position advocated & number of arguments, heuristic vs systematic information processing in persuasion, college students, 8035

perception of innovation's characteristics, adoption & diffusion of energy-conserving processes & products, 9216

perceptual motor & cognitive task battery, selection, aircraft pilots, 13733

performance appraisal format & performance level, retirement decisions for 58 vs 65 vs 69 yr old employees, college business administration students, 11451

personal relevance of information about crime & employment & politics in local vs distant setting, use of information in decision making, college students, 1119

philosophical discussion, decision making, 5009

planning horizons, maximizing rank position in 3 person coalition games, male college students, test of J. Laing & R. Morrison's myopic & hyperopic models, 11701

positive &/vs negative neutral evaluation information before vs after seeing film, ratings, graduate students, 11901

predictive validity, models for decision making in signal detection task using simultaneous auditory & visual stimuli, college students, 11751

rank vs equal weighting of alternatives techniques, decision changes, 9459

responses to client self determination & decision making, social workers, 6482

semantic & structural coding of months, college students, 5005

sex roles & family & society, literature review, 10220

simulation games as part of model training system, learning tactical decision making, small combat arms unit leaders, 9174

social support aspects & decision to divorce, questionnaire respondents, 5629

stimulus presentation to right vs left visual field, decision making in response to changes in signal-to-noise ratios vs payoffs, right handed college students, 428

structuring decision problems for decision analysis, 5010

tandem random walk model, decision making in psychological discrimination tasks, college students, 2574

taxonomy for problem solving & decision making research design & review, 60

techno-industrial organizations, implications for decision making & social planning, 6870

travelers' demographic characteristics & verbal & nonverbal behavior, deception judgments, US Custom Service inspectors vs laymen, 8046

trust in administrative decision making & need for power & satisfaction with work content & economic issues, pro-union voting, college faculty, 11149

uses of bootstrapping models & comparison to equal weighting models, clinical judgment, 245

validation methodology, computer simulated decision making models, 4751
validity of computer based Multi-Attribute Utility Decomposition, decision making, Ss from arts & mass media, 4700
verbal vs numerical information & number of alternatives & dimensions, cognitive processes & strategies in decision making, naive Ss, 4989
visual cues & physical & spatial pathway properties, travel task, squirrel vs titi monkeys, implications for open field behavior, 12116
work effectiveness & age, decision making in discrimination task, railroad engineers, 13744
work experience, perceived characteristics of work environment & intent to reenlist, US Navy enlistees, 4553
Decortication (Brain)
caudate vs cortical lesions, place & response learning, male rats, 9904
decortication, feeding & sensory & motor deficits, rats, 12341
dorsal hippocampectomy vs partial neodecortication, differential conditioning of nictitating membrane response, rabbits, 9880
exercise vs electrical stimulation of subthalamic locomotor region, respiration, unanesthetized decorticate cats, 12281
hemispheric asymmetry for comprehension of sentences with passive syntax after left vs right decortication, 8–28 yr olds with infantile hemiplegia, 703
infant posterior neocortex lesions, visual evoked responses in anterior neocortex, adult male rats, 9889
Deductive Reasoning [See Inductive Deductive Reasoning]
Deer
harem size & duration & time of breeding access, reproductive success, adult male red deer, 9686
maternal investment in sons vs daughters, red deer & other polygynous mammals, 12109
size of breeding group & body & inter-male competition, antler size, deer, 676
social rank in agonistic hierarchy, food access, male red deer, 7343
social status & age, antler casting date, red deer stags, 12093
Defecation
clean cages with vs without fecal odors, defecation latency & investigatory behavior, snakes, 7354
Defense Mechanisms [See Also Compensation (Defense Mechanism), Denial, Displacement (Defense Mechanism), Fantasy (Defense Mechanism), Identification (Defense Mechanism), Introjection, Isolation (Defense Mechanism), Projection (Defense Mechanism), Rationalization, Reaction Formation, Regression (Defense Mechanism), Repression (Defense Mechanism), Suppression (Defense Mechanism), Withdrawal (Defense Mechanism)]
age differences, understanding of defense mechanisms, 4.8–14 yr olds, 10144
defensive style & stuttering frequency & disfluency, 19–32 yr old stutterers, implications for etiology, 6102
developmental model & measurement technique, defense against perceptgenetic threat, female college students, 12834
directed reverie therapy, 14 yr old phobic male with obsessional defenses, 1706
ego defenses & affects, females with breast symptoms, 6179
identity conflict & perception of body ego, level of clinical depression, 18–30 yr old male vs female abdominal operation patients, 1471
methodology for examination of defense & anxiety & impulse in therapist interpretations, brief psychotherapy, 8443
perceptual congruity & defensive style, marital discord, couples, 3525
reactivity & situational level of activation, use of defense mechanisms, female college students, 12859
stability of ego defenses & endocrine responses, female breast biopsy patients, 10-yr followup, 8329
unsuccessful inner adaptation of nervous system & hormone production & role of ego, predisposition to psychosomatic illness, 1612
words associated with term "anxiety", recognition & association time, Ss, 7258
Defensiveness
auditory vs visual display of taboo words, perceptual defense behavior, 14–19 yr old males, India, 3282
controversy & induced defensiveness, uncertainty & cognitive perspective taking, college students, implications for cognitive & social development, 12827
high vs low self-ideal discrepancy, changes in self and/vs other evaluations, female 16–18 yr olds, 5581
internal vs external locus of control, self interpretation of anxiety & test performance, college students, 10390
positive vs negative rating of defensiveness of teacher explanations for student performance, 6647
social desirability vs defensiveness, self-report psychiatric inventory scores, student nurses, 13499
success vs failure in swimming competition, causal attributions, male vs female competitive swimmers, 1254
Type A coronary-prone behavior, fear of failure orientation, male college students, 1316
Deficiency Disorders (Nutritional) [See Nutritional Deficiencies]
Degrees (Educational) [See Educational Degrees]
Dehydrogenases [See Also Alcohol Dehydrogenases]
enzyme activity of glucose-6-phosphate dehydrogenase vs gamma-glutamyl transpeptidase vs lysozyme in serum vs red vs white blood cells, schizophrenia, implications for functional deficiency in neutrophils of schizophrenics, 10450
X-linkage between manic depressive psychosis & glucose-6-phosphate dehydrogenase deficiency, 8162
Deja Vu [See Consciousness States]
Delay of Gratification
behavior training program, ability to defer gratification, trainable mentally retarded adolescents, 8503
cue salience & source & amount of delay in self control procedure, smoking inhibition, college students, 4197
delay & amount of reward, choice behavior, male pigeons, 5104
delayed reinforcement & reinforcers as stimuli & alternative response, self control, pigeons, implications for W. Mischel's results with preschoolers, 7306
delayed vs immediate reinforcement using token system, work behavior in classroom setting, mentally retarded 14 yr old male & 17 yr old female, 9024
delay of gratification & locus of control & eating patterns, obese vs nonobese 3rd–5th graders, 10673
intervention of contingent vs noncontingent tasks related vs unrelated to reward, delay of gratification, 8–11 yr olds, 5555
length of delay interval, choice between large vs small reward, female college students, 5063
positive affect induction &/vs instructions, delay of gratification, 4 vs 8 yr olds, 10205
self control training procedure with increasing vs decreasing vs random delays, cigarette smoking inhibition, college students, 4196
statement contents regarding delay & level of role involvement, self control in reward taking, 3.5–6.1 yr olds, 7907
Delayed Auditory Feedback
auditory masking, effect of delayed auditory feedback on stuttering, stutterers, 6107
delayed auditory feedback of vowel vs tone during keytapping task, ear advantage, Japanese vs English speaking Ss, 732
delayed auditory feedback & rate instructions & age, sentence repetition performance, college students vs 7–8 vs 4–5 yr olds, 5527
speech in delayed auditory feedback mode vs with masking white noise vs in normal listening mode, speech time duration & sound level, 14–21 yr old males with normal hearing vs autistic males with IQ of 70–109, 10507
Delayed Development
administration of Elicited Language Inventory using standard vs modified procedure with contextual cues, spontaneous speech & elicited morpheme use, language-delayed vs normal speaking 1–11 yr olds, 9388
animal models of developmental disorders including hyperkinesis, 10428
auditory perceptual deficits, children with language disorders, literature review, 10634
behavior problems & developmental deficits, 5–12 yr olds with behavior disorders, 13023
behavior therapy, treatment of self injury, male 13 yr old de Lange syndrome patient, 6362
cerebral gigantism, social & emotional implications, female 23 mo old, 10701
children's language comprehension level, modifications of adults' child-directed talk, adults & language delayed 4 yr olds, 5437
construction & reliability of Special Needs Reinforcement Survey, identification of effective reinforcers, behaviorally disturbed & learning disabled & autistic & mentally retarded &/or developmentally delayed children, 4838

cross-cultural & environmental factors & role of parents & schools, cognitive growth, children, implications for special education of cognitively incompetent children, 8979
developmental age, auditory agnosia for environmental sounds & subsequent language disabilities, moderately & severely mentally retarded 3–6 yr olds, 8248
developmental delay & behavior problems, family environmental structure, 6 yr olds, 5552
developmental language program in classroom & clinical settings, language related development, 2–4.5 yr olds, 5-yr study, 8606
developmental & separation-individuation conflicts & psychic trauma, children of Holocaust survivors, 1053
developmental trends in production of /r/ allophones, 42–62 mo olds with incomplete articulation mastery, 5499
development & validity of instrument to assess academic & social skills, developmentally disabled adolescents, 7046
dyadic interactions, sentence complexity & form & features of discourse, language impaired 4.3–6.4 yr olds with normal languaged children of similar CAs vs 2.2–3 yrs, 10626
early food intake restriction, perception of sensory cues in homing to nest, rat pups, 9840
early identification of handicapping disorders & onset of developmental delay, preschool age children, UK, 10446
early intervention program, assessment of observable skills & behaviors at 2–48 mo, developmentally disabled children, 8422
ecological variables & examiner biases, clinical assessment, developmentally handicapped 1–5 yr olds & female college students, 5906
environmental stimulation, recovery from experimentally induced problem solving deficits, ducklings, 9851
etiology & incidence & diagnosis & treatment, developmental dyspraxia, 10661
feature evaluation & planning use, developmental diagnostic reports, early childhood teachers, 8825
goals & techniques, interpretation of children's developmental disabilities for parents & families, 8668
imitation learning from nondelayed peers in integrated classroom, developmentally delayed preschoolers, 9058
individualized 3-yr educational training program, visual perception & concept formation & language, male 10.5 yr old, 12.5-yr followup, 8958
interactive vs programed remedial language teaching methods, individual differences in improvement of syntactic constructions, expressive language delayed 3.5–5.7 yr olds, 6433
interrater reliability, observations of social & communication behavior, Os of developmental delayed vs normal 2.8–7.8 yr olds, 11617
language & cognitive development, 47,XXX female 6–14 yr olds followed since birth, 3930
language intervention in special education, language skills, developmentally delayed 5 yr olds from homes with English as 2nd language, 8963
language therapy, amount & type of speech disfluencies, language-delayed 4–6 yr olds, 13367
locus of attribution & level of control over error correction, performance following context cue use reading instruction, 3rd–5th grade learning disabled & slowly developing readers, 11302
markedness of distinctive feature substitutions in articulation, articulation disordered vs linguistically delayed 3–7 yr olds, 6110
mother & pup inbreeding, retarded postnatal development, mouse pups, 2961
neurochemistry & clarification of basis for serious developmental disturbances & psychoactive medication, children, 12902
nonorganic failure to thrive, infants & children, annotated bibliography, 6174
normal vs delayed language development & intonation cues, auditory sequential memory span & recall, 3.5–6 yr olds, 3337
objectives for 1-mo training program in development disabilities, pediatric residents, 8808
"pandevelopmental retardation" & genetic history, neurobiologic disorders, pre-schizophrenic infants, literature review, 12910
program for early identification of problems & developmental stimulation procedures, preschoolers, 8397
retarded development of hemispheric interaction, dyslexia, 8256
retrospective chart review of psychosocial assessment & care, infants hospitalized for nonorganic failure to thrive, 1945
sentences with vs without contextual pictures, verbal repetition, language delayed 4–5.3 yr olds, 10627
severe developmental disturbances, serum creatine phosphokinase levels, 3–21 yr olds, 5901
sex chromosome aberrations, delayed development & learning disorders & mental retardation, male 18–45 yr old dyslexics & sex chromosome disordered children & adults, 5910
teacher use of oral vs manual communication systems, language training, retarded children with delayed language development, 11291
training of mother in child management techniques & her subsequent training of spouse, independent dressing & toy use skills, 6 yr old developmentally delayed male, 4034
use & effectiveness in behavior therapy & clinical treatment, relaxation training, developmentally disabled & mentally retarded, 8534
2nd language learning, voice onset time for production of Spanish vs English word initial stop consonants, 4 yr old normal vs 7 yr old language disordered Spanish speaking sisters learning English, 10623
Delayed Feedback [See Also Delayed Auditory Feedback]
delayed & displaced visual feedback, motor control of hand during target directed movement, college students, 336
delayed vs immediate attention to errors, oral reading accuracy & self correction, 2nd graders, 13604
Delayed Reinforcement [See Reinforcement Schedules]
Delinquency (Juvenile) [See Juvenile Delinquency]
Delirium
chronic renal insufficiency not being treated with chemodialysis, oneirism & delirium & other psychopathological symptoms indicating encephalopathy, patients, 1603
EEG tracings & mental status & neurological testing, delirium occurrence, 6–17 yr old hospitalized patients with vs without acute CNS disorders, 3933
etiology & clinical manifestations & management of delirium, 3803
Delirium Tremens
serum alanine aminotransferase & brain enolase in blood or cerebrospinal fluid, patients with delirium tremens, 12916
state of hydration & blood protein & hemoglobin & iron & alcohol concentrations & hematocrit & erythrocyte & reticulocyte count, patients with delirium tremens, 12915
Delta Rhythm
delta sleep inducing peptide & arginine vasotocin, sleep & motor activity, male rats, 5411
EEG alpha & theta & delta rhythm activity of right vs left occipital sites during melody detection task, right handed musically naive 17–43 yr olds, 7500
eyeblink frequency differences during reading vs TV viewing, EEG activity, young adults, 12244
Delusions
behavior therapy, monosymptomatic delusion of alimentary stench, 24 & 28 yr old males & 34 yr old female, 13269
confrontation vs belief modification, adult institutionalized deluded patients, 6262
cultural & individual factors in possession, psychiatric patients, 6023
delusional depression as distinct clinical entity & demographic traits & treatment responsiveness, delusional depressed patients, 1428
development of "psychose passionnelle", 32 yr old female with mother who developed similar syndrome 22 yrs earlier, 5933
family history & premorbidity & EEG status & response to treatment, paranoid schizophrenia vs Kretschmer's syndrome of sensitive delusions of reference, patients, 1418
high dose diazepam, hallucinations & delusions & mood & behavior, schizophrenic patients, 10912
irrational elements in delusions, 5978
lateralization of symptoms, schizophrenics, 8178
logic behind delusional phenomena, 10502
messianic idea in Christianity & Judaism & Islam, expression in messianic delusion, 20–56 yr old Jewish & Arab patients, 8169
onset & involution of delusion, schizophrenics & other paranoid psychotics, Middle East, 3776
phenomenological distinction between heautoscopic depersonalization & delusion, literature review emphasizing Spanish contributions, 8144
prevalence of Capgras delusions among private practice psychiatric patients, 5984
psychodynamics of erotomania & schizophrenic sexual delusions, 2 case reports of female patients, 1473
pure vs secondary erotomania in manic depressive psychosis, 27 yr old female, 12967
validity of diagnostic status, paranoia as distinct illness vs subtype of schizophrenia, 1443
Dementia (Presenile) [See Presenile Dementia]
Dementia (Senile) [See Senile Dementia]

Dementia Praecox [See Schizophrenia]
Democracy
efficiency vs democracy in small group decision making, 12762
Democratic Party [See Political Parties]
Demographic Characteristics
age, institutional & professional attitudes & demographic characteristics, academic professional personnel, 11417
background variables, cognitive preferences, medical school teachers, 13510
biological vs cortical function differences, responsivity to treatment, manic patients, 8425
career expectations & demographic & personality characteristics & sex, career exploration, graduate students 7 & 4 mo prior to graduation, 13721
causes & consequences of childbearing, adolescent females, literature review, 1970–80, 10140
causes & patient demographic variables & prevalence & treatment, insomnia, 3942
characteristics & experiences, Vietnam era US Army deserters in Special Discharge Review Program, 6786
classroom social problem solving training program, cognitive skill improvement, suburban & inner city 3rd graders, 2114
clinical & demographic & historical variables related to abnormal brain function & cortical dysfunction, familial vs nonfamilial manics, 1486
clinical features & treatment & course & outcome, female anorexia nervosa patients with mean age of 20.8 yrs, 10413
cognitive & affective & demographic characteristics, relevance in distinguishing among exceptional categories, mentally retarded vs learning disabled vs emotionally disturbed 9–12 yr olds, 5908
comparison of symptoms vs background vs mental status vs diagnosis, inhalant vs noninhalant users vs nondrug users, 1521
construction of inventory for measurement of attitudes toward aging & relationship to demographic variables, 17–48 yr olds, 11687
correlations with nontest variables, construct validity of Personality Research Form, ski instructors, 7031
delusional depression as distinct clinical entity & demographic traits & treatment responsiveness, delusional depressed patients, 1428
demographic & attitudinal & behavioral variables associated with euthanasia attitudes, adults, 12864
demographic characteristics, alcoholic drinking behavior assessed through barroom attendance, Irish- vs English- vs Italian- vs Jewish-American survey respondents, 12624
demographic characteristics, geographic distribution of model train buffs, 3727
demographic characteristics, hearing impaired graduates of elementary schools with integrated vs segregated frameworks, 11280
demographic characteristics, helping behavior, 6th graders, 12608
demographic characteristics, mailed survey response rates, urban elementary school principals, 4279
demographic characteristics, preference for living in town vs countryside, 13–23 yr old secondary school students, Senegal, 12576
demographic characteristics, psychiatric referrals of mentally handicapped, Scotland, 6080
demographic characteristics, refusal to participate in interviews, 2354
demographic characteristics, suicide in Newfoundland & Labrador, 1964–73, 3844
demographic characteristics, suicide vs undetermined death, former psychiatric patients, 3846
demographic characteristics, syntactic abilities, hearing impaired 8–9 yr olds, 13086
demographic characteristics, use vs nonuse of psychotropic drugs, patients with various symptoms of depression, 1863
demographic characteristics, 8–16 yr olds referred to juvenile court for firesetting, 13051
demographic characteristics & daily activities, school psychologists under 65 yrs old, 11101
demographic characteristics & death attitudes, orientation toward abortion & suicide & euthanasia, adult male alcoholics & drug addicts & prisoners vs government employees, 10551
demographic characteristics & diagnoses & drug treatment, psychiatric inpatients of Aro Neuropsychiatric Hospital, Nigeria, 4171
demographic characteristics & domiciliary vs outpatient treatment & medical vs nonmedical therapists, treatment session attendance & outcome, self poisoning patients, 10974
demographic characteristics & employment experience & university status, perceptions of personal appearance in job acquisition & retention & promotion, college students, 10196
demographic characteristics including age & social class, diagnosis & treatment of depression, community residents, 1928
demographic characteristics & influence, trade union members, UK, 11505
demographic characteristics & level of depression & assertion & personality & social adjustment, solicited vs nonsolicited 20–60 yr old female unipolar depressives for treatment outcome study, 9272
demographic characteristics & medical & psychiatric disorders & treatment implications, 17–39 vs 40–54 yr old female offenders, 13431
demographic characteristics & obstetric correlates, psychiatric admission, female hospitalized patients who had given birth to live vs stillborn children, 1971–77, 13415
demographic characteristics of family & contraception knowledge & practice & motivation for & boyfriend & parents' reaction to pregnancy & premarital sexual activity, unwed pregnant teenagers vs sexually active adolescents seeking contraception, 3568
demographic characteristics of mother's educational level vs sex vs ethnicity vs source of income, ratings on behavior problems, parents of inner-city children with behavioral problems, 12683
demographic characteristics & professional experiences & perceptions of career-marriage interactions, female vs male psychiatrists, 8772
demographic characteristics & psychiatric data & diagnoses & court reports, pretrial examination cases admitted to psychiatric hospital from 1966–75, Canada, 1952
demographic characteristics & religious orthodoxy, Mormon college students, 1935–73, 12658
demographic characteristics & self concept, Black professionals, 8798
demographic characteristics & size of home city, recognition of channels for advocating police service change, urban residents, 7986
demographic characteristics & training needs, due process hearing officers for education agencies, 13554
demographic characteristics & videotaped measure of preferred interpersonal distance, discrimination between violent vs nonviolent male criminals, 1516
demographic & clinical characteristics, patients treated at psychiatric hospital emergency service, 1964
demographic & diagnostic & familial & drug abuse variables, suicide attempts, patients with residential drug treatment program, 8221
demographic & disorder-related characteristics, type & location of hearing aids, hearing impaired 5–20 yr old students, 2349
demographic & experiential variables, prediction of attitudes toward disabled persons, college students, 10344
demographic & other characteristics, divorce liberality, married couples, 3530
demographic & other variables, decision to have abortions, females, 1162
demographic & personality variables, norms for Kagan Matching Familiar Figures Test of impulsivity/reflectivity, adults, 7059
demographic & personality variables, subjectively perceived menopausal symptoms, menopausal & postmenopausal females, 8357
demographic & personal & life cycle characteristics, users vs nonusers of legal services, 6905
demographic & phenomenological characteristics, psychotic 15–45 yr old immigrants, England, 12979
demographic & pre- & posttraining job experience factors, job performance, US Air Force Security Police, 6846
demographic profile of adoptive parents, adjustment of adopted children, adopted 7 yr olds, 10242
demographic & psychological factors, reactions to legal abortions performed during 1st trimester of pregnancy, 14–35 yr old females in urban south, 1904
demographic & psychological variables, productivity, farmers, India, 9149
demographic & psychometric characteristics, Adaptive Behavior Inventory for Children, school age children, implications for cultural test bias & educational diagnosis & placement, 11377
demographic & social characteristics, behavior ratings at home & school, children at age 7 vs 11 vs 16 yrs, longitudinal study, 5556
demographic & social characteristics, college students referred to student health psychiatrist vs attending student health physicians, 6773
demographic & social variables, expected number of children & sex preference for 1st child, Black vs White college students, 10184

demographic & symptomatic variables, length of mental health treatment in neighborhood health center, Mexican American & Anglo & Black & American Indian patients, 6465
demographic variables, choice of cutting vs coma producing drugs by attempted suicides, 10567
demographic variables & intelligence & achievement levels & problems with & perceptions of rehabilitation center, dropout rates, rehabilitation clients, 4186
demographic variables & perceived relationship between crime & gun control, attitudes toward gun control, survey respondents, 1959–77, 3562
demographic variables & treatment attendance rate, outcome of oppositional child treatment, families, followup study, 13309
demographic &/vs social competence variables, predictions of length of hospitalization, 4169
depressive symptomatology, adult depressives, Peru vs US, 1458
dimensions of self concept including perceived competence & attitudes toward female role & demographic factors, preconception contraceptive decision making, females who had unwanted conceptions, 3546
divorce & remarriage & desertion, 1970's, literature review, 10257
ecological factor analysis, state characteristics, 7128
expectations for treatment success & self concept & depression & demographic variables, reported relief from low back pain, medical patients, 13425
factor analysis, demographic & behavioral characteristics, 16–65 yr old female prison inmates, 11037
factor analysis, demographic characteristics, adult & juvenile prisoners, 1974
factor analysis, demographic characteristics, male & female incarcerated juvenile offenders, 1973
factor analysis of demographic & behavioral characteristics, male prisoners, 1972
factorial analysis of social status as measured by Social Status Study scale, schizophrenics vs alcoholics vs executives vs prisoners, 210
factorial compositions of social status as measured by Social Status Study scale, incarcerated felons vs alcoholics vs management consultants vs chronic schizophrenics, 209
factors affecting conjugal violence, couples, 3830
factors influencing rate of suicide for psychiatrists, 8755
faculty rated personality competence, personality traits & self image & demographic & psychosocial characteristics, Black male college students, 1067
familial vs demographic vs clinical vs laboratory variables, bipolar vs unipolar dichotomy, institutionalized unipolar vs bipolar probands, 1487
frequency of appearance in population & of undesirable behavior & similarity to S in sex & age & race, positive vs negative ratings, college students, 5814
geographical distribution, psychologists, Northeastern US, 4236
geosocial urban population, attitudes toward recycling, Canada, 4598
history & demographic information & services to special education, school psychology, 13644
home environment & school adjustment, trainable mentally retarded 9–16 yr olds, 8944
individual & family & social characteristics, psychiatric patients referred to "L'Infirmerie Psychiatrique", France, 8649
intelligence & demographic & occupational characteristics, US Navy personnel applying for off-duty education, 6788
kinds & degrees of impairment & frequency in population, mentally retarded born between 1951–55, British city, 8267
life stressors & coping styles, urban 18–64 yr olds, 1321
maladaptive behavior, mentally retarded adults in institutionalized vs community settings, 8617
market segmentation analysis, effect of product attributes & personal values & demographic characteristics on brand preference, fast food restaurant customers, prediction implications, 2299
maternal attitudes & Lamaze training participation & demographic characteristics, prediction of length & manageability of labor, mothers, 13368
measurement of self efficacy, posttreatment successful avoidance of smoking behavior, male & female heavy smokers, 8748
methods for discrimination of transvestism vs gender dysphoric Ss, patients applying for sex reassignment, 6452
migration, marriage & birthrate & urban demographic structure, France, 1906, 5599
nativity & years of US residence & metropolitan vs nonmetropolitan environment & educational & occupational level, English language use, Mexican immigrants, 3498
numbers & race & sex, students admitted to postgraduate clinical & counseling psychology training programs, South Africa, 8768
parental death in childhood & demographic characteristics, subsequent depression as adult, 1488
path analysis of intellective & nonintellective attributes, prediction of high school & subsequent college achievement, college students, 8915
personality & demographic & attitudinal variables, effectiveness of conventional vs systematic social science method of jury selection, college & law school students, 5678
physical aspects of apartment & ability to form social networks, satisfaction with urban highrise living, highrise residents, West Germany, 6899
prediction variables & criterion related validity of National Teacher Examinations mathematics & science tests, junior & senior high school teachers, 7115
prevalence & sociomedical correlates of depression, 60–94 yr old urban residents, 12997
proportion of elderly in population & rate of economic growth, suicide rate in traditional vs industrialized countries, 1533
psychiatric & social factors, child homicide & subsequent fate of surviving siblings, 6037
psychodynamics & demographic characteristics, depressed 6–13 yr olds admitted to residential unit, 6-yr longitudinal study, 11030
psychological & demographic characteristics, blood donors vs nondonors, 5840
psychological & sociological implications, population policy, India, 5605
psychosocial factors, development & treatment of hypertension, hypertensives, 1580
pupil oral reading behaviors & background factors, corrections & cues & length of reading assignments, primary grade teachers, implications for teacher expectations, 13585
radio usage & demographic characteristics, Black vs White survey respondents, 3229
religion & educational & economic & residency factors, daydreaming & attentional processes & curiosity, White 17–92 yr olds, 1317
seasonality of schizophrenic births, Ireland, 1921–55, 1467
setting & demographic & partner characteristics, behavior categories for observation, mentally disabled adults, implications for communal facility setting, 8707
sex & age & race, adult mental health recidivists, 6513
sex differences & personality traits & demographic characteristics & publication rate & citations, attainment in academic psychology, personality & social psychologists, 8777
sex & household size & education & demographic characteristics, allocation of time to leisure activities, heads-of-households, Norway vs United States, 12621
sex ratio & gender differences & demographic variables, depression, adults responding to questionnaire, 10456
social & clinical characteristics, patients receiving ECT, 3974
social & demographic characteristics, mentally retarded persons referred to institutional vs community care services, 8699
socialization & demographic characteristics & correlates of sex role attitudes & attitudes toward sex related public issues, younger vs returning community college females, 1189
sociodemographic differences, prevalence of depressive symptoms, adults with mean age of 37 yrs, Australia, 10463
sociodemographic variables, adjustment to new culture, 18–70 yr old American immigrants, Australia, 5610
socioeconomic status & demographic characteristics, schizophrenia vs affective psychotics vs neurotic outpatients, India, longitudinal study, 1493
theories & demographic characteristics, suicide rates, Japan, 1514
timing of shift & age & other demographic factors & experience with shift work, sleep length & quality, 16–67 yr old steel workers, 6865
travelers' demographic characteristics & verbal & nonverbal behavior, deception judgments, US Custom Service inspectors vs laymen, 8046
use of client & census records, community mental health planning, 1910
validity of Depression Adjective Check List, 3 study populations, 224
validity & reliability of Kuder General Interest Scale, Zuni 9th graders, 166

variables related to rule infractions & penalties imposed, inmates incarcerated 6 mo or longer at Louisiana Correctional Institute for Women, 1976, 8724
verbal & nonverbal intelligence & demographic factors & eye-hand laterality reading performance & achievement & need for remediation, White vs non-White US Navy recruits, 4518
vulnerability factors, depressed 18–65 yr old males, 13001
Demonstrations (Social) [See Social Demonstrations]
Dendrites
changes in morphology of dendritic spines on calycal interneurons associated with experience, newly emerged vs nurse vs forager honeybees, 701
dendritic release of dopamine in substantia nigra, literature review, 12198
housing in complex vs isolated environment from weaning to 145 days of age, plasticity of visual cortex neurons of Layer 3 pyramidal & Layer 4 stellate cell types & Layer 5 pyramidal apical dendrites, male rats, 709
Denial
correlation between & reliability of Schedule of Recent Events & Social Readjustment Rating Scale, alcohol & drug abuse clients, 7073
developmental model & measurement technique, defense against perceptgenetic threat, female college students, 12834
internalized values & responsibility denial, volunteering behavior, college students, 10361
internal vs external locus of control, self interpretation of anxiety & test performance, college students, 10390
rationalization & evasion & "jamming" as means of self deception, 8056
regressive megalomanic vs progressive hypomanic models, "one day at a time" syndrome, post-kidney transplant patients, 1899
video-feedback, body awareness & attribution, 18–30 yr old anorexic & depressed female inpatients, 8676
Denmark
delivery of services to mentally retarded, Denmark vs UK, 1922
psychoanalysis in Denmark, 4640
sex & age distribution among suicides, Denmark, 1835 to present, 3847
Density (Social) [See Social Density]
Dental Surgery
cinefluorographic study of articulatory movements before & after full mouth tooth extraction & alveoloplasty, 60 & 61 yr olds, 6186
Dental Treatment [See Also Dental Surgery]
behavior modification, avoidance behavior during dental treatment, children, 4118
cognitive/behavioral treatment, dental anxiety, 11 yr old female, 10889
orthodontic treatment & physical attractiveness, interpersonal attraction, college students, 12769
preventive care instruction &/vs fee reduction, plaque control, periodontal patients, 6-mo followup, 4120
Dentist Patient Interaction [See Therapeutic Processes]
Deoxycorticosterone
hydrocortisone acetate vs deoxycorticosterone acetate, alcohol consumption, C57BL/Crgl vs C3H/Crgl/2 mice, 9935
Dependency (Drug) [See Drug Dependency]
Dependency (Personality)
attachment in adulthood & distress responses to marital separation, 5632
burden of dependency & aspects of disabled role, physically disabled females, 10729
change in identification & work role & aggression, correlates of relinquishing dependency in adolescent development, adolescents, 1065
conflicting attitudes toward their children's eating & dependency & depression, mothers of asthmatic sons, 1157
dependence-proneness, choice RT, male Ss, 8073
dependency, development of cancer vs benign tumors vs hypertension vs gastrointestinal ulcers, male VA domiciliary residents, 10679
duration of hospitalization & instrumental dependency as indicative of coping behavior, 1st admission male schizophrenics, 13410
early parental experiences, dependency & hypochondriasis & utilization of health care services in adulthood, 21–65 yr old general practice patients, 6446
emotional dependency, male schizophrenics hospitalized 1–5 yrs, 8684
interdependence vs dependence vs independence, use & development of taking ability, college students, 3663
oral dependency as measured by Rorschach & sex, requests for help in difficult puzzle task, college students, 3732
patient personality style, hospitalization rates, 14–71 yr old asthmatics, 6496
staff response to dependent vs independent self care skills, 52–97 yr old nursing home residents, 11001
Dependent Variables
use of multivariate analysis in probability pyramiding, 4846
Depersonalization
deindividuating situational cues & model aggressiveness, administration of electric shocks to another person, male college students, 3618
phenomenological distinction between heautoscopic depersonalization & delusion, literature review emphasizing Spanish contributions, 8144
Depression (Emotion) [See Also Endogenous Depression, Manic Depression, Neurotic Depressive Reaction, Postpartum Depression, Psychotic Depressive Reaction, Reactive Depression]
acoustic activation, heart & respiratory rate & skin potential & resistance, female with endomorph depression treated with thymoleptics, longitudinal study, 10514
ACTH, consolidation of memory, 33–60 yr old ECT-treated & untreated depressive patients, 13178
ACTH, memory retrieval, 23–67 yr old ECT-treated depressive patients, 13179
aerobic exercise, treatment of anxiety & depression, 3965
age at occurrence of psychological development disturbance, behavioral disorders vs depression, children, 5950
aggressiveness & antisocial behavior & noncompliance & reactivity & depression & anxiety & egocentrism, 5–14 yr old male child psychiatry clinic patients, 12905
aging & depression & probenecid administration, amino acid concentrations in cerebrospinal fluid, depressed patients, 6385
aircraft noise, psychological vs physiological disturbances, urban dwellers in areas of varying aircraft noise exposure, 13791
alcohol & expectancies & social setting & sex, self reported depression, college students, implications for alcoholism-depression relationship, 7622
alcoholism & depression in women, family problems, husbands, West Germany, 3843
amitriptyline, plasma tricyclic drug levels, 19–67 yr old depressed patients, 4102
amitriptyline administration, REM sleep suppression & clinical response, depressed patients, 4093
amitriptyline &/vs diazepam, depression & anxiety, neurotic outpatients, 1854
amitriptyline vs imipramine, interpersonal learning, depressed inpatients, 4087
anesthesia &/vs ECT, depression & plasma tryptophan & recovery, unipolar depressed patients, 1687
anger & guilt & depression & withdrawal & identification & search for meaning, siblings of hospitalized emotionally disturbed children & adolescents, 10270
antidepressant & antianxiety effects of clorgyline vs pargyline, depressed patients, 6398
anxiety & depression, internal vs defensive external vs congruent external college students, 8072
anxiety & depression & hostility, 7th vs 8th graders in vocational vs regular education programs, 11239
anxiety & tension & insecurity & depression, cancer patients, 13139
arginine vasopressin, learning & memory, depressed cognitively impaired & ECT induced retrograde amnesia patients vs cognitively unimpaired adults, 13360
ascorbic acid & B complexes & minerals & dextrose & fluids, recovery from excess anesthesia & paranoid delusions & short term depression & degenerative & thought disorders, 15–79 yr old patients, 10790
assertiveness & depression, male vs female psychiatric outpatients & college students, 10495
attitudes toward own diagnosis, depressive & schizophrenic patients, 8187
attributional style & helplessness & depression, college students & children, 12990
attribution of negative vs positive life events, depressed vs nondepressed college females, 1434
attributions for task success, mood & anagram performance deficits, clinically depressed 19–60 yr old patients, 1460
barometric pressure & relative humidity, depressive & manic admissions, England, 13420

bilateral ECT, memory for past events, depressed patients, 7-mo followup, 1675
biological determination vs social response to stress as causes of depressive disorders, children, 12964
bipolar & unipolar affective disorders, 1st degree relatives of patients with both illness types, 1402
Candida albicans, immunologic response & depression & difficulties in memory & reasoning & concentration, 10442
catecholamine measures, diagnosis & treatment of depressive disorders, 10436
cerebrospinal fluid GABA levels, patients with depression vs schizophrenia vs mania vs anorexia nervosa, 10418
change in self assessment of personality characteristics & aggression, 24–69 yr old depressed patients after hospitalization, 5994
changes in self esteem, depression, female college students, implications for cognitive mediation theory of depression, 1354
choice of symptoms, multi-aspects classification model of psychiatric diagnosis, depressed males, 10477
chronic reserpine vs dextroamphetamine vs saline, self stimulation responding & depression, male rats, 12383
cigarette smoking & alcohol consumption, plasma level & metabolization of amitriptyline &/vs nortriptyline, depressed patients, 13343
classification of depressions, children, 12987
classification of depressive disorders into major & minor & endogenous & situational categories, depressed patients, 5931
clinical & sleep EEG findings, subaffective dysthymias vs character spectrum disorders as subtypes of characterological depressions, 1399
clomipramine, school refusal & neurotic disorders & depression, male vs female children, 13317
clomipramine treatment, MAO activity & onset of mania, unipolar depressed patients, 6419
clonidine before vs after clorgyline treatment, alpha-2-adrenergic autoreceptor desensitization, depressed patients, 4105
cognitive & behavioral therapy, thought patterns & overt behavior, suicidal depressive 20 yr old male, 2- & 14- & 42-mo followups, 6354
cognitive distortion & cognitive errors, depressed psychiatric vs depressed vs nondepressed low back pain patients, 10427
cognitive functioning & memory, ECT- vs nonECT treated depressive patients, 4 & 7 mo followup studies, 1685
cognitive therapy technique, depressed mood & heart rate & EMG & skin resistance & temperature, depressed patients, 10854
cognitive therapy vs imipramine, depression, depressed patients, 12-mo followup, 10786
combat reaction, 16–30 yr old soldiers, 1396
combination of longitudinal design & structural equation methodology, separation of loneliness & depression constructs for experimental study, college students, 4754
comparability of Set 2 of Depression Adjective Check Lists, college students, 2499
conceptual model identifying environmental sources of psychological dysfunction in women, implications for clinical behavior therapy, 10856
conflicting attitudes toward their children's eating & dependency & depression, mothers of asthmatic sons, 1157
construct & concurrent validity of Multiscore Depression Inventory subscales, college students, 9319
construction of Automatic Thoughts Questionnaire, measurement of negative self statements & diagnosis of depression, college students, 180
continuous vs partial reinforcement, treatment of learned helplessness vs naturally occurring depression & maintenance of change, female college students, 7277
contributing factors to suicide, adults with mean age of 45.5 yrs, retrospective study, 10547
cortisol & ACTH levels, affective & cognitive & biological impairments, Cushing's syndrome patients, 10734
cortisol levels in cerebrospinal fluid, depressed vs suicidal vs obsessive compulsive vs normal patients treated vs not treated with clomipramine, 1491
cultural system & socioeconomic status & age & sex, masked depression, 12976
cyclothymia as measured by 16PF, depressed Ss & their relatives, literature review, 3827
deanol therapy, depression & hypomania, dyskinesia patients, 6378
degree of depression & medical lethality of suicide attempt, 18–30 yr old females, 10419
delusional depression as distinct clinical entity & demographic traits & treatment responsiveness, delusional depressed patients, 1428
demographic characteristics, use vs nonuse of psychotropic drugs, patients with various symptoms of depression, 1863
demographic characteristics including age & social class, diagnosis & treatment of depression, community residents, 1928
demographic characteristics & level of depression & assertion & personality & social adjustment, solicited vs nonsolicited 20–60 yr old female unipolar depressives for treatment outcome study, 9272
Deprenil vs levo-5-hydroxytryptophan vs benserazide, antidepressant potentiation, bipolar vs unipolar depressed patients, 1860
depressed vs nondepressed state & depression-related cognitions & self esteem, randomly selected Ss, 1-yr longitudinal study, 5869
depression, self administration of reward vs punishment, male vs female college students, 10517
depression as measured by MMPI & Beck Depression Inventory, 13–19 yr old inpatients & their parents, 3828
depression & helplessness & failure attribution, college students, 3747
depression & psychosomatic illness, Japanese, 1385
depressive disorders & polycystic kidney disease, 21–76 yr old patients entering home hemodialysis training, 3-mo followup, 6146
depressive illness & age, performance on speed vs power task, 15–59 yr old depressed vs nondepressed females, 8182
depressive states, onset & maintenance of obesity, adults, 5918
depressive symptomatology, adult depressives, Peru vs US, 1458
depressive symptom severity & intracellular sodium ion & lithium concentrations, 32 yr old female with chronic retarded depression, 12980
description & evaluation of depression rating scales, school age children, 11663
desipramine treatment, depression, 18–62 yr old endogenomorphically depressed patients, 6412
development, 6–24 mo old esophageal atresia infants, 3903
dexamethasone suppression test, measurement of hypothalamic pituitary-adrenal axis activity, 18–65 yr old depressed vs nondepressed patients, 1481
dexamethasone suppression test as prognostic indicator, depressed male 30 yr old & female 42 yr old, 8568
dextroamphetamine sulfate, suppression of plasma cortisol levels, hospitalized depressed patients, 1871
diagnosis & neurosurgical intervention, depression & memory deterioration & personality decomposition, male in mid 50's, 10733
dialysis, improvement of symptoms, 19–41 yr old chronic schizophrenics, 4128
dibenzepin, rapid depressive cycling, 48 yr old male with recurrent unipolar depression, 4095
directed vs self generated neutral vs positive daydreams, depression, depressed female college students, 10810
dominant factors in depression & appropriate treatment parameters in brief psychoanalytic psychotherapy, 6227
dothiepin, depression, literature review, 10922
doxepin & desipramine & imipramine, dexamethasone suppression test, 21–46 yr old depressed outpatients, 13312
doxepin vs amitriptyline, amplitude of cortical evoked potentials, 18–69 yr old depressive patients, 6382
duration of self contact in group, depression, 30–35 yr old males, 8082
early affective deprivation & masked depression & dental or facial intervention & emotional stress, onset of facial pain, cluster headache vs atypical facial neuralgia, 13161
early childhood experiences & depressive disorders, 12955
early parental loss, depressed vs neurotic patients, 1479
early permanent parental loss vs separation, depression, nonclinical postgraduate students, 10510
ECT, erythrocyte adenosine triphosphatase activity, unipolar depressed patients, 8428
ECT, hormone responses to clonidine & methylamphetamine, depressed patients, 6212
ECT & thyrotropin releasing hormone, thyroid stimulating hormone response, depressive & bipolar patients, 10469
education on pharmacological management & knowledge about nature of disorder, medication compliance, schizophrenics vs bipolar vs unipolar patients, 1872
EEG characteristics, depressed patients, 3808
EEG sleep indices, differential diagnosis of depression, 13 yr old male, 8133

efficacy of drug therapy vs ECT, treatment of primary unipolar vs secondary depression, inpatients, 1637
efficacy of social work treatment, depressed 18–45 yr old females referred by their general practitioner, 13400
ego boundary disturbance as assessed by Rorschach scales, adolescent females with anorexia nervosa vs depression, 1394
electrodermal activity, depressive patients, 1462
electrolyte imbalance & depression, 75 yr old female on long term diuretic therapy, 10943
emotionality & REM sleep deprivation, swimming model, male rats, implications for drug therapy of depression in humans, 3784
endocrine activity & affective disorders, 10434
etiology of depression, 26 yr old male, 3792
etiology vs clinical symptoms of disorder, response to antidepressant drugs, patients, 6417
evaluation of DSM-III criteria, diagnosis of melancholia, hospitalized patients, 3975
excretion of xanthurenic acid in urine, depressed vs anxious vs alcoholic psychiatric patients, 1438
expectations for treatment success & self concept & depression & demographic variables, reported relief from low back pain, medical patients, 13425
exposure to pheromone androstenol, responses to questionnaire regarding menstrual cycle & mood change, female college students, 12351
extraction of Hamilton Depression Rating Scale scores from Regular & Change versions of Schedule for Affective Disorders, depressed inpatients, 165
factorial validity of positive & negative components of Depression Adjective Check Lists, 7089
familial vs demographic vs clinical vs laboratory variables, bipolar vs unipolar dichotomy, institutionalized unipolar vs bipolar probands, 1487
family history & psychotherapeutic outcomes & prognosis & mode of onset, schizophrenic & paranoid symptoms, depressed patients, 12947
family relationships & dynamics, personality changes, children studied in psychoanalytic kindergarten, 1390
feelings of pessimism, interpersonal behavior, nonclinically depressed college students, 3715
femoxetine, reduction of whole blood serotonin & effectiveness, depressed females, 4079
forced relocation, use of community mental health services, Navajo mental outpatients, 4148
frequency of depression, 7–12 yr olds with musculoskeletal disorders hospitalized for orthopedic procedures, 12917
frequency of pleasant items generated for antonym pair lists & correlation with happiness/depression & Pollyanna principle, college students, 1310
frequency & symptoms & causes & treatment, depression, patients of general practitioners, France, 1461
fronto-frontal vs temporo-parietal ECT, retrograde memory, depressive inpatients with mean age of 41.3 yrs, 13180
Goodenough Harris Draw A Person Test, assessment of depression, male vs female 4th vs 5th graders, 11352
group cognitive restructuring technique with vs without religious imagery, group interaction & depression, depressed college students with high religiosity, 1815
group & individual ego pathologies, guilt & depression & witchcraft self accusations, preliterate societies, 1465
group vs individual cognitive behavior therapy vs interpersonal group therapy, treatment of depression & anxiety & assertiveness, 21–40 yr olds, 8419
guidelines for use of tricyclic antidepressants for treatment of depression, 13325
Hamilton Rating Scale for Depression, discussion of items, 10484
health care habits, depression, 10th & 11th graders, 8156
high fasting blood sugar levels, psychiatric diagnosis of depression & other disorders, mental hygiene clinic patients, 3798
human lymphocyte antigen-typing & genetics & family history, bipolar vs unipolar vs schizoaffective disorder vs alcoholism, 44–58 yr old siblings, 12931
hydrocortisone, norepinephrine & serotonin & dopamine reuptake in hypothalamus, male rats, implications for clinical study of depression, 7669
hysterical reactions & organic brain disease & depression, hysterical neurosis patients, 8115
identity conflict & perception of body ego, level of clinical depression, 18–30 yr old male vs female abdominal operation patients, 1471
imipramine vs amitriptyline, treatment of depression, 1835
imipramine vs chlorimipramine vs protriptyline, individual differences in exploratory behavior, female rats, human depression implications, 3175
imipramine vs trazodone therapy, improved symptoms & behavior & side effects, 18–65 yr old patients with primary depression, 1844
imipramine withdrawal, rebound cardiac arrhythmia vs unmasking of pre-existing irritability, depressive 54 yr old female, 8572
induction of elated vs depressed moods, accessibility of memories of happy vs unhappy experiences, female college students, 11997
influenza, depression, psychiatric patients, 12928
information processing & encoding strategies, depressed patients, 1501
interpersonal psychotherapy &/vs amitriptyline, symptoms & social adjustment, acutely depressed outpatients, 1-yr followup, 1686
interpersonal skill vs cognitive group therapies & treatment intensity, depressed college students, 1753
invalid use of Beck Depression Inventory, identification of depression, college students, 7091
isocarboxazide treatment, depression, patients resistant to tricyclic antidepressants, 13340
iv beta-endorphin, behavioral change, schizophrenic & depressed inpatients, 1846
judgment of severity of depression & prescriptions for treatment, general physicians, implications for research & training in psychiatry & psychopharmacology, 13475
knowledge & treatment of depressive conditions, general practitioners, 1682
lack of physician-patient communication & side effects & sense of well-being & depression & sick role & heresay & fear of diagnostic procedures, noncompliance with treatment, hypertensives, 13338
learned helplessness & attributional style, risk factors for depression, 12991
learned helplessness & depression, 8152
level of depression, cerebrospinal fluid citrate, depressed vs manic vs nonpsychiatric patients, 10500
levotryptophan vs clomipramine hydrochloride vs doxepin, plasma level & psychomotor effects, neurotically depressed outpatients, 6397
levotryptophan vs placebo, clinical improvement, elderly depressed patients, 1840
levo-5-hydroxytryptophan & carbidopa, recovery without side effects, depressed patients, 1877
life events & visual average evoked potentials, depressive patients, 3825
lithium & diazepam & oxazepam, plasma concentrations, depressed patients, 3–26 mo followups, 8594
lithium therapy, glycine level change, bipolar & unipolar depressed patients, reevaluation of findings of S. Rosenblatt et al, 4084
lithium therapy, megaloblastic anemia, 40 yr old male bipolar patient, 13348
lithium vs amitriptyline, relapse rates, 25–65 yr olds who had recovered from depressive illness, 3-yr followups, 13352
locus of control & anger expression under stressful conditions, female hospitalized depressives & patients with seriously ill children & college students & acutely & chronically ill adults, 10445
low levels of anxiety & depression, obese rural 17–70 yr olds, replication of A. H. Crisp & B. McGuinness's study, 13090
major contributions to psychoanalytic theory of depression, literature review, 3815
major themes in psychoanalytic theory of depression, 1475
MAO & dopamine-beta-hydroxylase activity, 24–65 yr old depressed patients, 1469
maternal separation & disruption of attachment, behavioral & physiological changes indicative of depression, macaque monkey infants, 660
memory function impairment, hospitalized depressed patients, 12946
methodological problems, epidemiology & depression, 12954
model of learned helplessness, literature review, 1480
monoideism in psychiatric disturbances such as depression & anorexia nervosa, breaking through persistent thought patterns, 5969
morbidity risks of schizophrenia vs affective disorders, 1st degree relatives of schizophrenics vs manics vs depressives, implications for diagnostic distinctions, 6016
mortality rate, females with Briquet's syndrome vs primary unipolar depression, 42-yr followup study, 10412

multidimensional stimuli utilization of redundant stimulus cues & filtering of irrelevant & scanning for relevant stimulus features, 21–70 yr old schizophrenics, 8138
nature of disorder, recognition of emotions in facial expressions, schizophrenic vs anxious depressed vs unsocialized aggressive school age children, 10534
nature of parent mental disorder, distractibility in discrimination task, 13–18 yr old children of schizophrenic vs bipolar vs unipolar disordered parents, 7796
negative life events & suicide risk, male alcoholics with vs without secondary depression, 1513
neuroleptic vs antidepressive drug therapy, depression, acute schizophrenic vs depressive patients, 8592
neurophysiological analysis, pain thresholds, severely depressed patients, 12942
neuroticism & self esteem & sex & parental characteristics & extraversion & locus of control, vulnerability to depression, postgraduate students, 8077
new ECT techniques, severely depressed patients, 8411
nonverbal model for coping behavior, depressed person, 3765
norms & factor analysis & cross correlation of 3 measures of classroom behavior, 1st graders rated by their teachers, 4412
number of events independent of person's control or disorder, likelihood of serious suicide attempt, 18–65 yr old primary depressive suicide attempters, 8116
outcome as evaluation of J. P. Feighner's diagnostic criteria, schizophrenic vs manic vs depressive patients, 40-yr followups, 13010
parental characteristics, depression & anxiety, neurotically depressed patients vs college students, 10511
parental death in childhood & demographic characteristics, subsequent depression as adult, 1488
parental loss before age 17 & subsequent depression, chronic paranoid schizophrenics, 3817
patient characteristics & process variables, predictors of psychotherapy outcome, acutely depressed 18–65 yr old patients, 13225
perceived marital equity, depression, married couples aged 19–91 yrs, 10261
personality patterns, classification of manic-melancholic patients as unipolar vs bipolar, 39–72 yr old patients, 8127
personality traits as measured by MMPI, male US Army helicopter pilots vs nonpilot officers, 8062
personality traits & history of neurosis & symptoms of anxiety & depression, epileptics, 1391
personality traits & psychopathological symptoms, female adolescents with anorexia nervosa vs depression vs personality disorder, 12933
phenomenological approach to psychiatry, understanding of melancholia, 27
phosphate transport & adenosine triphosphate metabolism in red cells, 22–62 yr olds with bipolar & unipolar & neurotic depression, 10529
physical complaints, depression, middle to upper middle socioeconomic class male vs female graduate students, 3749
pituitary-adrenal disinhibition as response to dexamethasone suppression test, subtyping primary vs secondary depression, 20–73 yr old depressed inpatients, 1409
plasma levels & in vivo methylation of tricyclic antidepressants, depressive 30 yr old female who suffered fatal nortriptyline overdose, 8602
plasma & low & high molecular weight plasma fractions, MAO activity in platelets, chronic schizophrenics vs unipolar depressives vs alcoholics with decreased platelet MAO activity, 12907
plasma tryptophan/neutral amino acids ratio, depressed patients, 12952
platelet MAO activity, nonbipolar depression, 21–71 yr old psychiatric inpatients, 1416
platelet parameters, depressive & schizophrenic patients, 3780
potentially depressing situations & sex & age & social class differences, antidepressive behavior, 13–76 yr olds, 10509
predictive ability of MMPI, imipramine response, hospitalized male depressives, replication of study by E. F. Donnelly et al, 11679
prevalence of racing thoughts & other symptoms, 15–77 yr old depressed vs manic vs schizoaffective vs schizophrenic inpatients, 1405
prevalence & sociomedical correlates of depression, 60–94 yr old urban residents, 12997
problems & guidelines for therapist, psychotherapy with depressed adolescents, 1744
provision of preparatory information about time onset vs nature of aversive stimulus vs real life events, reactions to depression, 5051
psychiatric disturbance, 35–50 yr old menopausal women, 8154
psychiatric manifestations, 34 yr old acutely depressed male with systemic sarcoidosis, 1368
psychiatric social work program, acting out & anxiety & depression, Eskimo & Aleut & Indian secondary boarding school students from large vs small communities, 6761
psychoanalytically oriented individual psychotherapy, depressed & suicidal adolescents, 1745
psychoanalytic view of ability to work & creativity & depression, 3689
psychobiological research, treatment outcomes, hospitalized depressed patients, 4167
psychodiagnostic stability, schizophrenics vs unipolar vs bipolar patients, 30–40 yr followup, 3978
psychodynamics & demographic characteristics, depressed 6–13 yr olds admitted to residential unit, 6-yr longitudinal study, 11030
psychodynamic vs behavioral vs eclectic theoretical orientation, ratings of extent of patient depression & psychotherapeutic treatment & recommendations for reimbursement, peer reviewers, 11070
psychological correlates of cardiovascular disorder diagnosis, male vs female 25–68 yr olds, 13154
psychophysiological correlates, agitated & depressed psychiatric patients, 1447
psychosocial factors, development & treatment of hypertension, hypertensives, 1580
psychotherapy, depressed elderly patients, ethical & design & implementation of research implications, 9281
psychotherapy, depression & psychosomatic disorders, 1690
psychotherapy &/vs amitriptyline, symptoms & social adjustment, depressed patients, 1669
quantitative hemispheric EEG, 11–18 yr old male patients with paranoid vs depressive symptoms, 13000
rates of affective disorders, relatives of depressed & manic Ss in Iowa vs New York City vs Boston vs Chicago, 10471
red blood cell distribution of lithium & sodium, depressed patients, 1454
regional cerebral blood flow & depth of depression, depressed patients, 10499
reliability of Multiscore Depression Inventory, college students, 11627
reliability & validity & discriminative ability of Diagnostic Interview for Borderlines, borderline vs schizophrenic vs depressed patients, replication of J. G. Gunderson & J. E. Kolb's study, 13006
reliability & validity of Beck Depression Inventory, measurement of depressive symptoms, 12–16 yr olds with psychiatric disturbances, 4835
reliability & validity of Beck Depression Inventory, normal Ss & patients including alcoholics & other depressed patients, 2455
reliability & validity of Hebrew version of Depression Adjective Check Lists, measurement of state depression, college students & white collar employees & housewives, 9378
reliability & validity of Personal Reactions Inventory as measure of depressive attributions, college students & faculty, 161
reliability & validity of short & long form of Beck Depression Inventory, 218
replication of diagnoses of depression & anxiety, females, 5949
Research Diagnostic Criteria, prevalance of schizoaffective disorder & assessments of family history vs drug response vs clinical vs laboratory variables, bipolar I depression patients, 1478
Research Diagnostic Criteria subtypes, prediction of response to amitriptyline & short term interpersonal psychotherapy, 18–65 yr old ambulatory depressed patients, 1665
research & treatment with 2nd generation antidepressant drugs, 10938
risk factors, depression, depressed 18–65 yr olds vs nondepressed patients with personality disorders, 8171
running in lieu of psychotherapy, neurotic depressed patients, 3959
school-based intervention programs, depressive symptoms, 5th & 6th graders, 4295
scopolamine & arecoline treatment, REM sleep changes, depressed patients, 10939
seasonal variations, serotonin & tryptophan & serum folate concentrations related to depressive illness, 10528
segregation & genotype linkage analysis, predisposition & incidence of unipolar depression, family members, 12950
self esteem & depression, high school students, 7848

self evaluation of values, psychosomatically ill vs neurotic depressive Ss, 5915
self monitoring of expressive behavior, depressed vs nondepressed female community residents & male & female psychiatric patients, 3812
self perceived symptoms, patients with primary vs secondary depression, diagnosis & treatment implications, 5934
self referent vs semantic vs structural ratings of adjectives with depressed vs nondepressed content, recall, female 18–65 yr old depressed vs nondepressed psychiatric patients vs normal nondepressives, 8145
serotonin precursors, treatment of depression, literature review, 13357
sex differences, depression, 19–91 yr old spouses in dual vs single worker families, 5641
sex differences, nonclinical depression, graduate students, 10392
sex differences & lack of occupational training & religious affiliation & psychiatric problems in family, prevalence of psychosomatic & neurotic syndromes, 19–20 yr olds, Switzerland, 12944
sex ratio & gender differences & demographic variables, depression, adults responding to questionnaire, 10456
sex role orientation & schizophrenia & depression & neurosis & anxiety & self esteem, annotated bibliography, 5702
sex & sex roles & sex role attitudes, self acceptance & confidence & well being & depression & anxiety, college students, 1194
sex & Type A behavior & low masculinity sex role orientation, social self esteem & anxiety & depression, college students, 3681
shifts from depressive to psychosomatic reactions, 2–6 yr olds, 1369
single dose & chronic desipramine administration, plasma concentrations & side effects, 69–92 yr old depressed females, 13328
single large daily dose of maprotiline, tranquilizing & soporific effects, depressed hospitalized patients, 1855
sleep abnormalities, depressed patients, 5959
sleep & depression, 61 yr old female catatonic schizophrenic, 8135
sleep deprivation & EEG sleep patterns, clinical improvement, depressed 19–59 yr olds, 10764
sleep EEG & depression, literature review, 10489
social environment & support, female college students vs hospitalized depressives with mean age of 33.3 yrs, 10535
social factors & etiology, depression, females, 8168
social reinforcement of activity vs problem solving training, depression, nursing home patients over 60 yrs of age, 1789
social skills training, unipolar depression, 25–57 yr old unipolar nonpsychotic female depressives, 8516
social skills training program, depressed females, 6318
social support & residual adversity & life stress, symptom severity 7 mo after onset of depressive illness, 22–65 yr old patients, 1484
sociodemographic differences, prevalence of depressive symptoms, adults with mean age of 37 yrs, Australia, 10463
speech pause time, unipolar vs bipolar depressed inpatients, 5955
speech rate & affect, 19–65 yr olds, 6010
standardization & reliability of Hebrew version of Depression Adjective Check List, 196
stress due to anticipated ECT, tryptophan levels, depressed patients, 10522
stressful life events experienced 6 mo prior to illness onset, neurotic vs nonneurotic depressives, 12941
structure of depression, general population, 5943
subjective organization of personal adjectives in free recall, short vs long term depressive adults, 1417
suicides committed, inpatients with unipolar depression who had received dexamethasone suppression test, 10411
symptom & biochemical profiles & treatment response, psychotic vs nonpsychotic depressive patients, 12959
tears of joy, release of repressed sadness, once-medicated "depressed" woman, 8123
tests, brief assessment of confusion & depression, institutionalized aged, 13408
theme of loss & depression, R. Burton's "Anatomy of Melancholy", 961
thermal biofeedback training, task performance, depressed vs nondepressed college students, 10882
thyroid releasing hormone with thyroid hormone pretreatment, endocrine & behavioral effects, 26–56 yr old unipolar depressed females, 10932
thyrotropin releasing hormone, plasma growth hormone release, 20–60 yr old unipolar & bipolar depressive females, 6396
thyrotropin-releasing hormone, plasma prolactin response, depressive & bipolar patients receiving ECT, 10470
time-limited psychotherapy with psychotherapist vs college professor, treatment of anxiety & depression & social withdrawal, male college students, 1740
transformation of items from WHO Depression Scale, differentiation between endogenous & nonendogenous depression, depressed patients, 4772
trazodone vs amitriptyline, improvement & side effects, neurotic depressed patients, 10921
tricyclic antidepressants, cardiovascular effects & importance of blood level monitoring, depressed geriatric & cardiac disease patients, literature review, 10940
tricyclic antidepressants, depressed children, 13347
tricyclic antidepressants, treatment of allergy & depression, 6387
tricyclic antidepressant vs other psychoactive drugs, depressive symptoms, depressed patients, 6420
tritiated imipramine high-affinity binding to platelet membranes, untreated depressed 20–65 yr old females, 1407
unilateral vs bilateral ECT, recovery time, 64–86 yr olds, 6191
use of multivariate statistical procedures to predict suicide potential, depressive patients, 6053
use of Research Diagnostic Criteria & amitriptyline vs perphenazine, diagnosis & treatment of major depressive & chronic mood disorders, outpatients aged 18 to over 45, 1870
use of World Health Organization's Schedule for Standard Assessment of Depressive Disorders, investigation of depressive symptomatology, depressed patients in Canada vs Iran vs Japan vs Switzerland, 11604
validity of Depression Adjective Check List, 3 study populations, 224
validity of diagnostic interview, identification of borderline disorders, schizophrenic vs depressive vs borderline patients, 2536
validity of MMPI codetypes, diagnosis of DSM-II vs -III schizophrenia & depression, schizophrenic & affectively ill patients, 4843
Velten's mood-induction procedure, nonverbal behaviors associated with depression including head-down position & hand movements, female college students, 9608
video-feedback, body awareness & attribution, 18–30 yr old anorexic & depressed female inpatients, 8676
viloxazine treatment, plasma viloxazine levels & depressive symptoms, 26–62 yr old depressive patients, 6403
viloxazine vs doxepin, therapeutic effects, depressive neurotics, 8595
visual sensitivity threshold, schizophrenic & depressive patients, 3806
visual stimuli, habituation & skin conductance, agitated vs retarded depressed patients of mean age 24.2–26.9 yrs, 13002
voice quality, depressed vs normal Ss, 1436
vulnerability factors, depressed 18–65 yr old males, 13001
withdrawal from imipramine, gastrointestinal symptoms & other effects, depressed children, 4094
zimelidine vs amitriptyline, side effects & antidepressant efficacy, depressed inpatients, 4083

Depressive Reaction (Neurotic) [See Neurotic Depressive Reaction]

Deprivation [See Also Cultural Deprivation, Food Deprivation, Sensory Deprivation, Sleep Deprivation, Social Deprivation, Social Isolation, Water Deprivation]
alcohol &/vs tobacco, amplitude of contingent negative variation during RT task, nonsmokers vs tobacco-deprived vs nondeprived smokers, 7664
community based service & basic needs approaches to development planning, deprived children under 15 yrs of age, Asia, 1907
deprivation, achievement & affiliation & power & approval motivation & anxiety, male 15–25 yr olds, 8071
deprivation, exercise play, male vs female 2.1–4.9 yr olds, 5584
deprivation & financial dissatisfaction, militancy as seen at farmers' protest rally, farmers & graziers, 3478
early affective deprivation & masked depression & dental or facial intervention & emotional stress, onset of facial pain, cluster headache vs atypical facial neuralgia, 13161
language management intervention, expressive speech, 1.8 & 3.9 yr old males with deaf parents, 6439
protein & environmental deprivation during 1st 7 wks, growth & hormonal changes & brain structure & sex-associated activity & spatial skills, rats, implications for biosocial theory, 783
severe deprivation & subsequent placement in foster home, intelligence & social & emotional development, male twins, 5458
subjective assessment of status with regard to desired outcome, relative felt deprivation, college students, 5786

Depth Perception [See Also Stereoscopic Vision]
binocular fusion & vertical horopter & perception of vertical, binocular segregation of component gratings into different depths, 4947
changing size & sideways motion for different directions, linearization of visual responses in judgments of speed & motion in depth, 11835
depth perception, design of flight simulators, 4574
depth sensations & rotation discrimination, adult Ss, 383
development of isometric projection in drawings of cube & prism & pyramid, 6–15 yr olds, 3319
influence of motion parallax, motion perception by moving S, college students, 7170
interocular delay in subjectively moving visual noise patterns, depth displacement, 4932
ocular dominance & field of view & monocular vs binocular viewing conditions, median place estimates, females & males with left- vs right-eye dominance, 393
origin & development, space perception, 2335
perceptual errors of distance between stationary objects, apparent relative motion of objects during frontoparallel head movement, 4914
relative depth positions of target & mask, metacontrast masking, graduate students, 7176
simple & relative positional disparity, processing time in depth perception, students, 2707
spatial & temporal parameters in stroboscopic presentation of simulated rotating sphere, perceived depth & rotation, 382
static trapezoidal window, responsiveness to pictorial depth, 20–22 wk olds vs 28–30 wk olds, 10066
utilization of alignment cues in representing 3-dimensional relationships on 2-dimensional medium, 9–10 yr olds, 1000
visual cliff, discrimination of visual depth & crossing latency, college students, 11848
Dermatitis [See Neurodermatitis]
Desensitization (Systematic) [See Systematic Desensitization Therapy]
Design (Experimental) [See Experimental Design]
Design (Man Machine Systems) [See Man Machine Systems Design]
Desipramine
amitriptyline vs desipramine, anticholinergic activity, 19–30 yr olds, 8603
desipramine, withdrawal from chronic phencyclidine dependence, drug abusers, 13458
desipramine treatment, depression, 18–62 yr old endogenomorphically depressed patients, 6412
desipramine vs GABA vs norepinephrine injected into frontal neocortex vs hippocampus vs lateral geniculate body, learned helplessness, male rats, 9961
doxepin & desipramine & imipramine, dexamethasone suppression test, 21–46 yr old depressed outpatients, 13312
lesions & dosage level of 6-hydroxydopamine in locus coeruleus with vs without desmethylimipramine, sexual behavior & catecholamine depletion & midbrain damage, male rats, 7556
lesions of medial prefrontal cortex using 6-hydroxydopamine alone & with desipramine pretreatment, spontaneous motor activity & dextroamphetamine induced stereotyped behaviors & norepinephrine & dopamine turnover, male rats, 834
mesolimbicocortical dopamine terminal field denervation by hypothalamic 6-hydroxydopamine injections & desmethylimipramine & apomorphine & clonidine & pimozide, locomotor & exploratory behavior, rats, 5367
nortriptyline vs clomipramine, tyramine-induced increment in systolic blood pressure & plasma desipramine & nortriptyline & clomipramine & heart rate & systolic & diastolic blood pressure, medical students, 12401
single dose & chronic desipramine administration, plasma concentrations & side effects, 69–92 yr old depressed females, 13328
single & repeated doses of triazolam &/vs desipramine, pharmacologic responses & brain catecholamine levels, rats, 9945
sodium lactate infusions with vs without imipramine or desipramine, induction & prevention of panic attacks, panic disorder patients, 4101
subchronic desipramine treatment, dextroamphetamine anorexia, male rats, 7707
yohimbine, desipramine-induced decrease of corticocerebral beta-adrenergic receptors, male rats, implications for clinical effects of antidepressants, 7706
5,7-dihydroxytryptamine injections into fornix-fimbria, locomotor activity & 5-hydroxytryptamine hippocampal re-uptake, rats pretreated with desipramine, 12414
6-hydroxydopamine & desmethylimipramine vs dextroamphetamine vs methylphenidate vs scopolamine, brain dopamine & norepinephrine levels & hyperactivity, newborn vs infant rats, 7678
Desirability (Social) [See Social Desirability]
Desires [See Motivation]
Detection (Signal) [See Signal Detection (Perception)]
Detoxification
ascorbic acid & B complexes & minerals & dextrose & fluids, recovery from excess anesthesia & paranoid delusions & short term depression & degenerative & thought disorders, 15–79 yr old patients, 10790
Development [See Also Related Terms]
application of LISREL model of multivariate change structures to longitudinal data, 268
commentary on M. C. Corballis & M. J. Morgan's argument for left-right maturational gradient in human laterality, 7459
communication through survey feedback, building community consensus on community development priorities, 1117
community based service & basic needs approaches to development planning, deprived children under 15 yrs of age, Asia, 1907
comparison of fields of community psychology & community development, 1115
critical period vs optimum age vs developmental theory of second language acquisition, literature review, 5487
development of self concept, 5450
genetic approach to nervous system development, literature review, 5197
institutional environment, behavior & development, mentally retarded children, 11025
participation in early education development project, development, Down's syndrome 3–37 mo olds, 8976
Developmental Age Groups [See Also Adolescents, Adults, Aged, Children, Infants, Middle Aged, Neonates, Preschool Age Children, School Age Children, Young Adults]
age, Machiavellianism, 3442
age, psychological well-being & involvement in gay community, 16–74 yr old male homosexuals, implications for professionals working with homosexuals & their parents, 7988
aging, suicidal behavior, cohort vs maturational explanations, 8222
race & sex & social class & age-related adult life phases, life orientation & satisfaction, adults, 3283
sex & generational differences, perception of other persons, 11–89 yr olds, 7901
Developmental Differences [See Also Age Differences, Delayed Development, Precocious Development, Sex Linked Developmental Differences]
ability to perceive linguistic ambiguities & correlation with ability to perceive pictorial ambiguities, 1st vs 3rd vs 5th vs 8th graders, 1015
age, discounting principle in perception of multiple causation situations, kindergartners & 2nd & 4th graders & college students, 5503
age, hemispheric information processing of verbal stimuli, 18–23 yr old college students vs 51–58 yr olds, 12486
age, information encoding patterns & errors & latencies in recognition task with acoustically & semantically related distractor words, 8 vs 10 vs 24 vs 66 vs 75 yr olds, 12489
age, observational recall, college students younger vs older than 21, 10107
age, recognition of White vs Japanese faces & inverted faces, White preschool age through adult Ss, implications for schema theory, 464
age & background conditions, sensitivity of response & maximum response size of electroretinographic stimulus/response curves from developing retina, 10 day old through adult rats, 7452
age differences, ability factor structure, 15–67 yr olds, 994
age differences, formation & organization of personality attributions, kindergartners vs 3rd vs 6th graders vs college students, 10160
age differences, ranking difficulty level in detection of novel line figures, 7–15 yr olds vs adults vs Ss over age 60, 12495
age & kibbutz vs city environment, collective possession, US kindergartners vs 2nd vs 5th vs 11th graders vs 40–50 yr olds vs Israeli kindergartners vs 5th graders, 10150
age & number of items in array, same vs different RTs, 4–32 yr olds, implications for parallel & wholistic processing, 3309

age & sex, verbal recall of observed simulated assault & theft & recognition of assailant & victim & friend, 15–26 vs 65–90 yr old eyewitnesses, 12833
age & social class, descriptions of differences between rich & poor, 5–7 vs 9–11 vs 13–15 vs 16–18 yr olds, 10172
angle of rotation of target letters, RT in identification & discrimination of version, 2nd graders vs college students, 7845
anthropological view of old age, literature review, 7750
application of mental health concepts & criteria, youth vs aged, 7741
audio biofeedback, handwarming & handcooling, 6–10 yr olds vs 19–58 yr olds, 10113
awareness of location requirement, performance on temporal coding task, 17–29 vs 60–75 yr olds, 7811
causal statements linked by "because" vs "so" vs "and", sentence comprehension & recall performance, 1st vs 3rd vs 5th graders, 1013
construction & validity, test of visual aesthetic sensitivity, male vs female college students vs 11–15 yr olds, 2474
cross-fostering after birth, development of olfactory preferences, male vs female cross-fostered vs in-fostered vs nonfostered adult lemmings, 9697
cross-fostering vs within-species-fostering vs nonfostering, social & sexual behavior, male vs female lemmings, 9696
developmental changes, separable perception of dimensions & presence of continuum of integral to separable perception of multidimensional variation, kindergartners vs 4th graders, 5528
developmental changes in problem solving process, probability learning, mentally retarded vs normal 4–7 & 10 yr olds, 1548
developmental differences, capability to learn 2-way shuttlebox avoidance, infant through mature male rats, 5092
developmental differences, consistency of lateral preference for hand & eye & foot & ear, 3–5 yr olds vs high school students, 10031
developmental differences, effect of distortion-induced discrepancy between visual & tactual images on spatial judgments & role of visual dominance, 8–10 yr olds vs adults, 5520
developmental differences, effect of peripheral visual field size on recognition in visual search, 3 vs 4 vs 5 vs 21 yr olds, 5517
developmental differences, effect of predictability of display order on piecemeal visual shape recognition, 8–11 vs 21–22 yr olds, 5493
developmental differences, knowledge level about adoption, nonadopted 1st & 3rd & 7th & 9th & 11th graders, 5544
developmental differences, learning rate & rate of forgetting in serial recall task, 3.3 vs 4.9 yr olds, 1037
developmental differences, taste sensitivity & preferences, children & adults, literature review, 7782
developmental differences & discounting vs perceived control vs reactance vs competing responses vs cognitive scripts, mediation of reward-induced motivation decrements, 4–10 yr olds, 5574
developmental trends of mental abilities & academic achievement, 3–12 yr olds, 7807
distributed vs massed practice, RT in recall of newly learned paired associates over long series of trials, Ss under 40 vs over 60 yrs of age, 1045
experimental tasks of similar structure hypothesis of cognitive development, normal vs mentally retarded &/vs organically impaired Ss, implications for training of mentally retarded, 8282
external vs internal vs no consequences, motivation attributions, kindergartners vs 3rd vs 6th graders vs college age adults, 10141
forgetting & retentive recall & paired associate learning, 20–40 vs 41–70 yr olds, 7818
frequency of contrast reversal in checkered displays, interaction of temporal & spatial functions in pattern evoked cortical potentials, 7–26 wk olds vs 20–47 yr olds, 5513
hydroxyzine treatment at 10–29 vs 23–29 days of age, delayed spontaneous alternation behavior, male rats, implications for pediatric psychopharmacology, 3180
irrelevant stimulus variability, problem solving accuracy & attention, 4 vs 8 yr olds vs college students, 1044
MA differences, picture classification in incidental learning task, educable mentally retarded children, 1539
masking level, auditory localization responses indicating thresholds for speech signals, 6–24 mo olds vs adults, 10119
middle component audio-evoked response to brief chck stimuli, 12 hr to 4 day olds vs 31–37 wk olds vs 3–4 vs 24–39 yr olds, 12225
mother reports of developmental differences, personality & social behavior, fraternal vs identical twins from birth to 6 yrs old, longitudinal study, 9742
new data collection & analysis procedures & positions model, perspective taking ability & spatial development, 1st–6th graders & college students, 7789
noncognitive factors & age, cognitive performance, young vs older adults, literature review, 5516
object rating task, consumer information processing strategies, 30–39 vs 50–59 vs 60–69 vs 70–79 yr olds, 10001
perceptions of old age & retirement, males with mean ages 21.5 vs 59.6 yrs, 7771
prediction of preferences of peers vs nonpeers, accuracy & differentiation, 4–5 vs 8–9 yr olds vs college students, 12588
prior knowledge of verbal rules, comparative judgments of container fullness, 5–15 yr olds vs adults, 12523
psychological changes, midlife–old age, implications for mental health maintenance, 7762
reading ability & eye movements, 3rd & 5th graders & college students, 1-yr followup, 5504
reliability & validity across life span, Group Embedded Figures Test, 17–72 yr olds, 2507
role & activation of metamemory in development of mnemonic performance, 7 vs 10 vs 17 yr olds, 1048
sex & age differences, personality dimensions, urban 70 & 45 & 16 yr olds, 12605
sex & age differences, psychogenic needs as measured by Cesarec-Marke Personality Schedule, urban 70 & 50 & 16 yrs olds, 12604
stimuli presented tachistoscopically in both visual fields simultaneously, postexposural eye movement direction & locus of recognition, college students vs 7 yr olds, 1022
subjective role taking ability, age differences in reactions to physically disabled, review of methodological inadequacies of past research, 5577
surface structure of passages in reading comprehension tests & skill level, performance, students, 11344
timing of awareness of category relations in free recall, 2nd & 3rd vs 6th graders, 986

Developmental Psychology [See Also Adolescent Psychology, Child Psychology, Gerontology]

conceptual & methodological issues in contemporary developmental psychology, 12463
critical review of research on self instruction training with children, assessment & design & independence from developmental theory, 6323
criticism of use of everyday situations & familiar test stimuli to achieve ecological validity in cognitive development research, 4769
developmental psychology, USSR, emphasis on theories of L. S. Vygotskii, 5466
developmental psychology of H. Wallon, 9252
discussion of Piaget's structural developmental psychology, function & knowledge, 5478
four major issues in developmental psychology, 5456
fundamental directions of research in educational psychology, USSR, 8819
inservice training in developmental consultation, counselors, 8803
Piagetian epistemology, integration of sciences & theology, 12653
theoretical commonality of diverse developmental schemes, 5451

Developmental Stages [See Also Embryo, Fetus, Menopause, Puberty]

age differences, organization of sensorimotor intelligence, 14 vs 18 vs 22 mo olds, 12558
age & sensorimotor development & task difficulty, language comprehension on tasks measuring understanding of semantic & syntactic relationships, 10–21 mo olds, 1026
cognitive stage & age & sex differences & intellectual & academic abilities, comprehension of similies & quality judgments, 5–12 yr olds, 12518
conservation & transitivity & class inclusion of number, 4 & 5 yr olds, 3338
conservation vs compensation in predicting water height, kindergartners through 5th graders, testing of Piaget's theory of development of conservation ability, 7790
construction & validity & reliability of Inventory of Psychosocial Development, measurement of 1st 6 Eriksonian stage components, 7112
constructs & measures & measurement properties of social role taking, literature review, 10349
content only vs self instruction training, conceptual tempo & cognitive level before & after training, preoperational vs concrete operational 2nd graders, 10030

cooperation with others, development of class inclusion concept, 5–15 yr olds, 977
criticism of Freudian theory of latency period in psychosexual development, 6–12 yr olds, 12609
deep hypnosis, age regression to infancy & early childhood, 19–29 yr old students, 522
developmental level & level of play, mentally retarded preschoolers, 8259
developmental stage, aptitude for learning, grain beetle larvae, 9657
developmental structuralist approach, classification of adaptive & pathological personality organizations, infants & children, 12585
development from concrete to formal operational thinking, creativity, adolescents, 10128
development of object permanence, 8–24 mo old humans vs 18 & 30 mo old chimpanzees, 1049
differences in age & Piagetian stage, memory for horizontal lines in tilted figure, 7 vs 10 yr olds, 10074
educational objectives deemphasizing normative development sequences, assessment & instruction for severely/profoundly handicapped children, 9052
experimental test of sequentiality of D. C. Gutkin's stages of moral judgments, kindergartners & 1st–2nd graders, 1082
flaws in research procedures of Piaget's work & reassessment of children's cognitive competence & performance in everyday environments, 10124
formal operational proportionality tasks & concrete operational conservation tasks, assessment of knowledge, 3rd–12th graders & college students, 10103
influence of field dependence-independence, development of formal operational thought, 6th–8th graders, 12493
instinctual drives, progression from symbiotic to separation-individuation phase, children from birth to 3 yrs old, longitudinal studies, 5572
nervous system development, mechanisms in reduction in number of synapses, 5230
psychosexual development, panic-fear personality types, 14–76 yr old asthmatic patients, 1573
resolution of identity crisis in late adolescence, E. Erikson's developmental stages & treatment recommendations, literature review, 10133
sex & interference of pathology, developmental progression groupings, mid-latency children, followup of nursery school study, 5571
stages of increase in brain weight, EEG development, humans & kittens & rats & mice & guinea pigs, 9737
validity of self administered questionnaire, assessment of stages of pubertal development, 12–16 yr olds, 202
views of Piaget vs L. S. Vygotskii, stages of human mental development & role of cultural disadvantage, 10114
working through ambivalent feelings about motherhood, females studied at University of Turku, Finland, 7972
Deviant Behavior [See Antisocial Behavior]
Deviations (Sexual) [See Sexual Deviations]
Devices (Experimental) [See Apparatus]
Dexamphetamine [See Dextroamphetamine]
Dexedrine [See Dextroamphetamine]
Dexterity (Physical) [See Physical Dexterity]
Dextroamphetamine
age & fluphenazine & haloperidol & dextroamphetamine & norepinephrine & GABA & 6-hydroxydopamine & reserpine, spontaneous discharge of cerebellar Purkinje neurons, male rats, 7670
apomorphine vs dextroamphetamine vs propylnorapomorphine, stereotypic cage climbing, male mice, 12413
apomorphine vs RU 24213 vs dextroamphetamine vs bromocriptine vs levodopa & lesions of nigrostriatal pathway, stereotyped behavior & locomotion & rotation & anorexia & emesis, mice & rats, 865
arousal inducement through behavioral task & dextroamphetamine, gains in horizontal vestibullo-ocular reflex, male rhesus monkeys, 12358
chlordiazepoxide vs dextroamphetamine & fenfluramine, rate & duration & latency of feeding, male rats, 5359
chlorpromazine & dextroamphetamine with vs without various dosages of naloxone, avoidance behavior changes, squirrel monkeys, 3178
chronic dextroamphetamine administration, lateral hypothalamic self stimulation, male rats, 7665
chronic reserpine vs dextroamphetamine vs saline, self stimulation responding & depression, male rats, 12383
dextroamphetamine, augmentation vs attenuation of ambulation vs rearing vs stereotyped activity, female rats, 12368
dextroamphetamine, Sidman avoidance responding, male rats, 9944
dextroamphetamine, simultaneous & successive discrimination task with required response, marmosets, 5401
dextroamphetamine & apomorphine, flash-evoked afterdischarge as model of petit mal epilepsy, rats, 5385
dextroamphetamine dose & age of pup, maternal behavior, primiparous rats & their pups, 7681
dextroamphetamine & haloperidol, hippocampal EEG activity, male rabbits, 12349
dextroamphetamine & haloperidol, spontaneous neuronal activity in neostriatum vs nucleus accumbens, male rats, 7686
dextroamphetamine small vs moderate doses, hunger & mood & arousal, 22–32 yr old females, 7657
dextroamphetamine sulfate, suppression of plasma cortisol levels, hospitalized depressed patients, 1871
dextroamphetamines vs neuroleptics, negative vs positive symptoms of schizophrenia, 20–44 yr old schizophrenics, 13314
dextroamphetamine vs apomorphine, behavior, male rats, observational method for measurement & analysis, 5370
dextroamphetamine vs apomorphine with vs without pimozide & exposure to novel object, disruption of selective attention & habituation, gerbils, 3149
dextroamphetamine vs apomorphine & 6-hydroxydopamine injections into anterolateral hypothalamus vs mesolimbic & anterior striatal terminal fields, locomotor activity, male rats, 7641
dextroamphetamine vs diazepam vs placebo, drug preference & mood, 21–32 yr olds, 12374
dextroamphetamine vs gamma-butyrolactone vs haloperidol, motor activity & loss of righting reflexes & brain dopamine levels, mice bred for differing sensitivity to alcohol, 678
dextroamphetamine vs levoamphetamine, firing rates of dorsal substantia nigra vs ventral tegmental area dopamine neurons, rats, 9921
dextroamphetamine vs morphine vs clozapine & time limit variations, response under FR schedules of food presentation & stimulus shock termination, squirrel monkeys, 7671
dextroamphetamine &/vs naloxone, self stimulation thresholds, male rats, 3161
dextroamphetamine &/vs pentobarbital injection, discrimination response generalization, pigeons, 618
dextroamphetamine vs pentobarbital under concurrent FR schedules, keypecking, pigeons, 589
dextroamphetamine vs placebo, drug preference & mood, 21–32 yr olds, 12375
dextroamphetamine with vs without chlorpromazine, rate vs accuracy on repeated acquisition task, pigeons, 932
lesions of medial prefrontal cortex using 6-hydroxydopamine alone & with desipramine pretreatment, spontaneous motor activity & dextroamphetamine induced stereotyped behaviors & norepinephrine & dopamine turnover, male rats, 834
long term dextroamphetamine, substantia nigra self stimulation response sensitization & depression & role of dopamine neurotransmission, rats, implications for animal model of amphetamine psychosis, 797
morphine & dextroamphetamine sulfate & pentobarbital sodium, shock & light discrimination, male rats, 7649
operant training to discriminate dextroamphetamine vs 2,5-dimethoxy-4-methylamphetamine from saline, generalization tested with mescaline vs methylphenidate, rats, 610
oral vs ip injections of methylphenidate hydrochloride vs dextroamphetamine sulfate vs placebo, level of locomotor activity, male rats, 7694
parachlorophenylalanine vs 5-hydroxytryptophan vs dextroamphetamine sulfate vs levamphetamine sulfate, serotonin behavioral syndrome, male rats, 5405
phencyclidine, hippocampal modulation of amphetamine-induced rotation, female rats, 3172
postural asymmetry assessed by tail pinch vs suspension vs holding vs path walking & dextroamphetamine, prediction of circling direction, male vs female rats, 9785
reserpine & dextroamphetamine & maternal deprivation, hyperactivity & cardiac & respiratory rates & body temperature, rat pups, 9852
reserpine vs pimozide vs diethyldithiocarbamate vs methysergide vs dextroamphetamine, stereotypic behavior vs disaggregation of polyribosomes, rats, 12412
response contingent infusions of cocaine vs dextroamphetamine vs norcocaine with vs without pretreatment with phenoxybenzamine vs pimozide, relative potency determined by self administration behavior, dogs, 9957

self administration of cocaine vs dextroamphetamine vs phenmetrazine vs fenetylline, performance on FI vs VI vs FR schedules, rhesus monkeys, 12369
sex & estrus-related differences, dextroamphetamine-stimulated release of dopamine from striatal & mediobasal hypothalamus tissues, rats, 9916
sniffing vs licking components of dextroamphetamine-induced stereotypy, male Sprague-Dawley rats, 880
stimulant drug therapy, hyperactive children, literature review, 13316
subchronic desipramine treatment, dextroamphetamine anorexia, male rats, 7707
systemic injections of dextroamphetamine & injections of apomorphine into substantia nigra, nigrostriatal impulse flow, male rats, 12362
various indirectly acting sympathomimetic amines, stereotypy & norepinephrine uptake, male mice, 3221
6-hydroxydopamine & desmethylimipramine vs dextroamphetamine vs methylphenidate vs scopolamine, brain dopamine & norepinephrine levels & hyperactivity, newborn vs infant rats, 7678
Diabetes [See Also Diabetes Insipidus, Diabetes Mellitus]
dynamics of auto-envy in psychoanalysis, diabetics, 4003
efficacy of behavior therapy, diabetic 6 yr old male, 13285
frontalis EMG biofeedback, insulin dosage, 24 yr old female with juvenile diabetes, 1822
personality in relation to disease, adolescents & children with diabetes & hemophilia & physical handicaps, 10736
sex, reporting & rating of life events, diabetic vs healthy 18–67 yr olds, 1561
Diabetes Insipidus
amiloride, lithium-induced diabetes-insipidus-like syndrome & lithium levels in plasma & brain & kidney & thyroid & red blood cells, rats, 12354
lithium, bradycardia & tardive dyskinesia & diabetes insipidus, female patient with manic depressive & paranoid psychosis, 13339
lithium carbonate therapy, diabetes insipidus & renal damage & depletion of thyrotropin-stimulating hormone, 18 yr old male with Gilles de la Tourette syndrome, 4107
Diabetes Mellitus
behavioral approach to education & self care & metabolic control, diabetes mellitis patients, 1830
group discussion, improvement of understanding & management of disease, patients with diabetes mellitus, 1755
prevalence of diabetes, manic depressives, 3750
psychiatric factors, etiology & control of diabetes mellitus, 12936
reading relevant literature, misconception-based self injection phobia, 31 yr old female diabetic, 13286
Diacetylmorphine [See Heroin]
Diagnosis [See Also Biopsy, Cardiography, Computer Assisted Diagnosis, Differential Diagnosis, Educational Diagnosis, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electroplethysmography, Electroretinography, Galvanic Skin Response, Medical Diagnosis, Ophthalmologic Examination, Plethysmography, Pneumoencephalography, Psychodiagnosis, Psychodiagnostic Interview, Rheoencephalography, Roentgenography, Urinalysis]
ability & personality measures, discrimination of brain-damaged vs schizophrenic vs neurotic/personality disordered vs alcoholic male inpatients, 1684
age & degree of psychopathology & medication, tapping speed on Finger Tapping Test, 19–64 yr old female psychiatric inpatients, 10415
age & sex differences in neuropsychological development, academic performance, kindergartners vs 2nd graders, 1042
agoraphobia & primary effective disorders, agoraphobia patients in hospital psychiatric clinic, 3767
agreement with colleagues, recommendations for drug therapy & diagnostic tests, cardiologists vs psychiatrists, 8793
analysis of empirical studies using Luria-Nebraska Neuropsychological Battery, support for theories on structure of cognitive function, literature review, 9392
applicability of neuropsychological diagnosis, special education, criticism of H. B. Reed's study, 9039
argument against standard clinical methods of evaluation of mental & physical condition & support for oral history techniques, aged patients, 13369
assessment & management, mental retardation, Hungary, 8629
assessment of cognitive abilities & mental development diagnosis, students, 5512
assessment of deliberate self poisoning patients, doctors vs nurses, 6549
attributes of universal class of patients & influences of medieval scholastic doctrines & modern premises, 6178
auditorily presented cloze procedure, test of language comprehension & expression, learning disabled 12–16 yr olds, 8104
behavior & environment & medication in diagnosis & treatment of hyperactive children, evolutionary model, 8351
brain damage & psychiatric disorders, neuropsychological diagnosis, 9–15 yr olds, 8120
Butler Hospital Code, description of psychiatric patient problems, clinical staff, 8700
Butler Hospital Code, psychiatric & other treatments, 8701
clinical test development, measurement of memory function deficits, 20–79 yr olds, 9402
comparison & construct validity of Halstead-Reitan vs Luria neuropsychological test batteries, psychiatric patients, 159
comparison of symptoms vs background vs mental status vs diagnosis, inhalant vs noninhalant users vs nondrug users, 1521
concepts & diagnosis, social maturity, 7876
concepts of disease, critique of F. K. Taylor's article, 6169
correlation between brain scanner reports & Luria's Neuropsychological Investigation modified for White English speaking adults, 20–69 yr old brain damaged Ss, South Africa, 11696
criteria for adoption of augmentative communication system, speech disordered patients, 4113
critical flicker fusion thresholds, 22–56 yr old females mildly impaired by multiple sclerosis, implications for diagnostic use, 10692
criticism of "senility myth" & responsibility of medical practitioners in diagnosis of organic disorders in aged, 13081
cross-validation of booklet form & original Halstead Category Test, 18–88 yr olds with organic brain syndrome vs schizophrenia vs personality disorder, 9380
cross validation of Luria-Nebraska Neuropsychological Battery, presence & lateralization & localization of brain injury, 23–86 yr old patients with brain lesions, 9339
cross validation of short form of Halstead Category Test, Ss with mean age of 36.7 yrs, 9343
cross validation of WAIS & Wechsler-Bellevue Intelligence Scales, identification of brain impairment, acute & chronically impaired Ss, 9374
demographic & diagnostic & familial & drug abuse variables, suicide attempts, patients with residential drug treatment program, 8221
development of assessment procedures, measurement of psychophysiological reactions to stress, college students & male stress patients, 7527
development of paper & pen version of Halstead Category Test, diagnosis of neuropsychological disorders, 145
development & validation of objective clinical rules for interpretation of Luria-Nebraska Battery, Ss with mean age of 40.3 yrs, 9340
diagnosis & haloperidol treatment of Gilles de la Tourette syndrome, 6–12 yr old mentally retarded, 8579
diagnosis & neuropsychological rehabilitation, brain injured children, 4183
diagnosis & neurosurgical intervention, depression & memory deterioration & personality decomposition, male in mid 50's, 10733
diagnosis & treatment of haloperidol-induced tremor, 68 yr old female, 6384
diagnosis & treatment & research, mental retardation, Canada, 8620
diagnosis vs no diagnosis of mental disorder, nonpsychiatric disorders, Norway, 1358
diagnostic ability of Hebrew Revised WISC, learning disabled 8–12 yr old males, Israel, 13683
diagnostic & planning guidelines, vocational rehabilitation process, 1980
diagnostic utility of recategorized Revised WISC scores, children referred to developmental evaluation center, 9425
differences in norms used for definition of mental retardation by social agencies, 13436
early identification of handicapping disorders & onset of developmental delay, preschool age children, UK, 10446
EEG feedback as diagnostic method, borderline pathologies, 3950
effectiveness of Bender Visual Motor Gestalt Test, screening for brain damage, school age children with learning problems, review of literature since 1970, 4785

etiology & incidence & diagnosis & treatment, developmental dyspraxia, 10661
evaluation of Luria-Nebraska Neuropsychological Test Battery, 4833
factor analysis & validity of WISC & Revised WISC, 6–9 yr olds with various neuropsychological diagnoses, 198
frequency of previously undiagnosed physical abnormalities, psychiatric clinic outpatients, 13134
fuzzy set concepts in model of learning disability, 6073
genetic disorders & mental retardation, 13061
genetic information in case history & primary & secondary behavioral signs of schizophrenia, diagnosis of schizophrenia, practicing clinicians, 5945
Grid Test, diagnosis of schizophrenic thought disorder, psychiatric patients, 12937
Halstead Category Test & Wisconsin Card Sorting Test as diagnostic measures, brain damaged Ss, 190
Halstead-Reitan Battery & Wechsler Scales, clinical neuropsychological assessment, bibliography, 211
Halstead-Reitan vs Luria-Nebraska Neuropsychological Battery, intertest relationship & effectiveness in diagnosis of brain damage, 39 yr old patients, 4787
hemispheric lateralization & cerebral dominance & conjugate saccadic behavior, identification of creatively gifted, 722
high frequency stimuli & low filter settings, identification of short latency auditory evoked responses, adults with normal hearing vs cochlear hearing loss, 6148
history & population & philosophy of the Edna Smith Child Development Center, 10998
holistic diagnostic & treatment approach, asthmatic patients, 8395
identification & characteristics of primary reading epilepsy as reflex epilepsy, 3931
identification of health risk, illness behavior & others' derogatory perceptions, high risk pallet plant workers, 12926
importance of neuropsychological knowledge for treatment of learning disabled, school psychologists, 11349
incremental validity of MMPI in neurological decision making, 9411
intercorrelation between Tactile scale & remaining items of Luria-Nebraska Neuropsychological Battery, normal vs psychiatric vs brain damaged patients, 9341
knowledge of diagnosis, recognition of related vs unrelated symptoms seen before vs after diagnosis, college students, 5015
laboratory tests for determination of excessive alcohol consumption, general practice patients, 10543
Luria-Nebraska & Halstead-Reitan neuropsychological batteries, intercorrelation of findings, brain damaged & non-brain damaged patients, 7109
Luria-Nebraska Neuropsychological Battery, item analysis of Motor scale sensitivity, patients, 7053
methods for diagnosis for organic brain damage, patients with mental symptomatology, 13146
neurological tests for determination of lesions of parietal cortex, 9398
neuropsychological assessment as basis for designing learning programs for learning disabled, school psychologists, 11386
neuropsychological diagnosis & teacher knowledge of biological defects, student academic achievement & teacher efficacy, teachers of impaired children, criticism of H. B. Reed's study, 8826
neuropsychological test data, diagnosis of subcortical tumor, hyperactive male 16 yr old, 10712
neuropsychological test performance, female alcoholics, 1987
neuropsychological tests administered 2 & 9 mo after infarction, measurement of cortical functioning, 65 yr old male patient with pontine infarction, 10657
nondiagnostic vs diagnostic information, predictions about individuals, college students, 1282
olfactory recognition & recall, 34–68 yr old hospitalized Korsakoff vs non-Korsakoff alcoholics, 12914
pemoline therapy & presence vs absence of childhood hyperactivity, adults with attention deficit disorder, 1879
performance on Developmental Test of Visual-Motor Integration & Wide Range Achievement Test & Student's Perception & Ability Scale & Revised WISC, learning disabled 3rd graders, 13673
physical characteristics & chromosome analysis & diagnosis & education & social consequences of Down's syndrome, children & adolescents, Fiji & Tonga, 8264
practices & trends in neuropsychological assessment training, school psychology program directors, 2021
prevalence of presumed tardive dyskinesia, psychiatric patients with & without exposure to neuroleptics, 5911
psychometric & observational measures, diagnosis of hyperactivity, males with mean age of 7.2 yrs, 9357
reanalysis of W. C. Halstead's correlational matrix of neuropsychological tests, factor solution, 7009
reliability & item scale consistency of Luria-Nebraska Neuropsychological Battery, normal Ss vs psychiatric vs neurological patients, 174
reliability & validity of Beck Depression Inventory, measurement of depressive symptoms, 12–16 yr olds with psychiatric disturbances, 4835
remote masking as method of diagnosing cochlear partition rigidity, 8–90 yr olds with Meniere's disease & acoustic neuromata & sensorineural lesions & presbyacusis, 6118
REM sleep & nocturnal penile tumescence, implications for etiology & diagnosis & treatment of male impotence, 6141
retrospective chart review of psychosocial assessment & care, infants hospitalized for nonorganic failure to thrive, 1945
Revised Kendrick Battery, assessment of cognitive functioning & change & diagnosis of organic dementia, long term elderly psychiatric patients, 4786
sensitivity of Rhythm scale of Luria-Nebraska Neuropsychological Battery, attention & concentration disorders, patients, 9344
separate diagnoses of deaf & language disordered, 1 yr old male followed to age 10, audiological implications, 8105
simultaneous recording of multiple parameters, diagnosis & measurement of sleep disorders, 3920
size of cerebral ventricles & impairment measured by Standardized Luria-Nebraska Neuropsychological Battery, 20–40 yr old chronic schizophrenics, 1370
skills related to performance of visual items of Luria-Nebraska Neuropsychological Battery, patients of mean age 40.38 yrs with psychiatric disorders vs brain damage, 9342
soft signs of neurological damage & minor physical anomalies & gross motor coordination, 8.3–12.9 yr old males in residential treatment center, 13140
specificity & sensitivity of dexamethasone test for endogenous cortisol hypersecretion, endogenously depressed patients, 12939
speech & language characteristics of genetic syndromes, diagnostic aids for speech & language clinicians, 13155
standardization of short version of Minnesota Differential Diagnosis of Aphasia Test, aphasics, 2511
sudden deceleration of bodily rotation within vertically striped enclosure, quick assessment of motion sickness manifestations, 4693
suggestions for physician's informative advice to parents of Down's syndrome infants, 6582
symptoms & use of physostigmine in diagnosis & treatment, anticholinergic psychosis, 1842
systematic approach & importance of early pregnancy testing, 21 yr old female receiving antipsychotic medication, 13333
techniques for identification of handicaps in young children, 10420
time course of tone decay as indication of retrocochlear pathology, support for findings of T. Wiley & D. Lilly, 6173
torsion dystonia incorrectly diagnosed as conversion hysteria & occupational cramps, 3754
usefulness of 3-trees test for diagnosis of family disturbance, 8 & 11 & 14 yr old students, Switzerland, implications for use in child psychiatry, 9076
utility of clinical-actuarial prediction & description of brain impairment using Wechsler-Bellevue Intelligence Scales, graduate students & clinicians, 9375
validity of MMPI codetypes, diagnosis of DSM-II vs -III schizophrenia & depression, schizophrenic & affectively ill patients, 4843
validity of Quick Neurological Screening Test, identification of learning disabilities, students previously given physical exam, 7103
validity of Revised WISC scatter index, indication of neurological dysfunction, 6–16 yr olds, 9348
validity of short form WAIS, diagnosis & assessment of intellectual functioning, neurologically impaired 18–74 yr old patients, 9334
validity of Sudden Interruption of Continuity on Bender-Gestalt Test, group screening for minimal brain dysfunction, 13077
value of brief screening measures, assessment of neuropsychological organization, 9302
WAIS Verbal-Performance discrepancy, prediction of lateralization of lesion, brain lesioned males, 7028
word prediction ability tests, diagnosis of reading disabilities, 147

Dialect [See Also Nonstandard English]
nonimitative modeling & mimicry, use of singular copula, Black 4 yr old dialect speakers, 8877
race & belief & dialect similarity, interpersonal attitudes & behavior, White female college students, 5713
sex, acquisition of male vs female dialect, 4–12 yr olds, 973
Dialectics
analysis of basic psychological categories of general interconnection & development, basis for study of mental regulation of activity, 6952
research on work & management & social consciousness, Czechoslovakia, 9183
Dialysis [See Also Hemodialysis]
communication disorder, 67 yr old male with dialysis dementia, 1360
dialysis, improvement of symptoms, 19–41 yr old chronic schizophrenics, 4128
role of & need for liaison psychiatry, intensive & coronary care & renal dialysis hospital units, 1951
Diarrhea
autonomic nervous system imbalance & resultant temperamental traits, chronic nonspecific diarrhea, 7 mo to 3.5 yr olds, 6184
Diastolic Pressure
isometric & psychological & pain stress, blood pressure & heart rate & stroke volume & cardiac output & arginine vasopressin & renin concentrations, 16–65 yr olds, 769
nortriptyline vs clomipramine, tyramine-induced increment in systolic blood pressure & plasma desipramine & nortriptyline & clomipramine & heart rate & systolic & diastolic blood pressure, medical students, 12401
operant blood pressure conditioning, plasma catecholamine & renin levels & systolic & diastolic blood pressure & heart rate, male baboons, 9738
Diazepam
alprazolam vs diazepam therapy, anxiety reduction & side effects, 18–70 yr old outpatients with manifest anxiety, 1832
amitriptyline &/vs diazepam, depression & anxiety, neurotic outpatients, 1854
anxiolytic activity of benzodiazepines via indole system, stress induced changes in plasma corticosteriods, male rats, 12382
beta-carboline-3-carboxylic acid ethyl ester, diazepam displacement from brain tissue blockade of pentylenetetrazole-induced clonic seizures, mice, 9968
chlordiazepoxide & diazepam & food preference test, feeding behavior, male rats, 3154
chlordiazepoxide vs diazepam vs medazepam vs bromazepam with vs without amphetamines, spontaneous locomotor activity, male mice, 9960
chlordiazepoxide vs diazepam vs medazepam vs bromazepam, scopolamine-induced locomotor stimulation, mice, 12399
dextroamphetamine vs diazepam vs placebo, drug preference & mood, 21–32 yr olds, 12374
diazepam & group vs individual testing, gap judging ability, drivers, 3225
diazepam &/vs neuroleptic treatment, urine levels & clinical management, patients with acute phencyclidine intoxication, 4108
diazepam vs tofisopam & ethanol, psychomotor skills & memory, 20–24 yr old medical students, 3210
diazepam withdrawal symptoms, 60 yr old female, 4099
diazepam withdrawal with vs without parachlorophenylalanine treatment, body weight losses after withdrawal, male rats, 9966
dosage levels of buspirone vs diazepam, aggressive behavior & hypoactivity & ataxia, rhesus monkeys, 12408
high dose diazepam, hallucinations & delusions & mood & behavior, schizophrenic patients, 10912
injection of GABA antagonists picrotoxin & bicuculline & agonist mucimol & benzodiazepines into raphe nucleus, control of serotonin neurons, male rats, 9931
inter- & intra-S differences, diazepam effects on computer-analyzed EEG & skin conductance levels, 22–34 yr old males, replicability of physiological effects of diazepam, 12371
intraventricular muscimol & diazepam, anticonflict action, male rats, 3148
iv single dose diazepam with vs without N-desmethyldiazepam, side effects & mood & continuous RTs & EEG, 18–29 yr old females, 9928
ketazolam vs diazepam 1 vs 3 times/day, anxiety symptoms, anxious 18–67 yr old outpatients, 8569
lithium & diazepam & oxazepam, plasma concentrations, depressed patients, 3–26 mo followups, 8594
naloxone, suppression of diazepam induced eating & leverpressing, male rats, 3213
nighttime diazepam therapy at different dosages, diminished symptoms, 26 yr old male with chronic & destructive sleepwalking, 1867
pentobarbitol vs other drugs, drug discriminative behavior, pigeons, 9938
relaxation & EMG biofeedback training, treatment of diazepam withdrawal syndrome, female 24 yr old, 8489
single dose diazepam vs N-desmethyldiazepam, anxiety & sedation in stressful situation, female surgical patients, 10925
sleep vs wakefulness, diazepam binding in brain, hamsters, 720
tolamolol vs diazepam & exposure to phobic object, stress-induced tachycardia & behavioral & subjective effects, phobic female adults, 8571
Dictionary
multiple vs related word meanings & word frequency, RT of lexical access of words, college students, 426
Diencephalon [See Also Geniculate Bodies (Thalamus), Hypothalamus, Optic Chiasm, Thalamic Nuclei, Thalamus]
body marking vs handling, variations in mast cell numbers in brain, preweanling rats, 12394
electrical stimulation at diencephalic vs brain stem vs cerebellar sites, aversive reactions vs elevation of tooth shock pain thresholds, rhesus monkeys, 826
electrical stimulation of central gray substance vs other neural structures, ultrasonic vocalization, rats, 5329
septal forebrain lesions, attack & defensive behavior, rats, literature review, 12327
Diets
amphetamine & phenylpropanolamine & high fat vs pellet diet, food intake, female rats with ventromedial hypothalamus vs dorsal tegmental lesions, 12315
attitudes vs social normative beliefs vs behavioral intentions, actual weight loss, 15–68 yr old females, 8417
aversive diet & food restriction, feed efficiency, male rats, 7572
behavioral counseling vs nutrition education, weight loss & maintenance & diet & exercise, overweight females, 7-mo followup, 8394
behavioral effects of artificial food coloring, hyperactive children on Feingold diet, 13130
cannabis smoke exposure & dietary protein levels before & during pregnancy, length of gestation & stillbirths & litter destruction & pup activity, female rats, 9829
competition & achievement expectations & pressure to be slim, development of anorexia nervosa vs excessive dieting concerns, college students studying professional dance vs modelling vs music, 13102
dietary zinc &/vs manganese, copper levels, schizophrenics & arthritics & psoriasis patients, 10753
diet changes vs relaxation exercises vs nondirective group counseling, migraine headaches, 8–11 yr olds, 8416
diet & emotional state & age & disease, medical hospital patients over 14 yrs old, 6160
diet palatability & caloric content & dorsomedial hypothalamic lesions, food consumption & lipogenesis, mature female rats with dietary obesity, 12276
diet restriction at 5 mo of age, sexual behavior, obese 6 mo old male rats, 4-mo followup, 787
dorsal vs ventral midbrain tegmentum lesions & diet & amphetamine vs mazindol, food & water intake & weight gain, male rats, 12292
early high vs low fat diet, preference for high vs low sucrose solution, rats, 9828
effect of dietary substances on mental function, clinical psychiatric implications, 5305
estradiol benzoate, food intake & body weight & length & ano-nasal length, intact vs ovariectomized female rats on high calorie diet, 12390
fasting therapy, psychosomatic patients, 1689
faulty diet & white sugar & caffeine, alcohol consumption, rats, 5301
Feingold diet, classroom behavior & reading achievement & personality change, 6–12 yr olds, 8811
Feingold diet, hyperkinesis, children, 8386
ingestion of bulk diet, reduction of ventromedial hypothalamic lesion induced stomach ulceration, male rats, 806
level of energy intake, salivation vs hunger vs appetite, 17–68 yr old obese female dieters, 9839
liquid food from weaning, circadian amounts & rhythms of slow wave & paradoxical sleep & tongue activity, C57Br mice, 12282

maternal & postweaning protein restriction, open field behavior & plasma corticosterone levels, rat pups, 9843
milk & wheat consumption & July temperature, prevalence of schizophrenia, 10531
nutrition, EEG & hormones during sleep, normal Ss, literature review, 677
nutritionally complete & balanced liquid diet containing ethanol, induction of physical dependence on & tolerance to & withdrawal from ethanol, male rats, 909
removal of milk & butter & yogurt from diet, symptoms of confusion & delusion & memory impairment & poor mental efficiency & fatigue, patients with thought disorders, 10757
sugar in diet, judgment & learning ability & hyperactivity, children, implications for school nutrition & curriculum & teacher education, 11133
thiamine deficient diet & associations of subsequent chocolate thiamine-enriched diet with illness recovery, avoidance of chocolate diet following lithium chloride aversion, female rats, 12016
vegetable vs meat breakfasts, self ratings of positive emotionality, male college students, Canada, 3057
wheat gluten challenge, clinical status & symptoms, chronic schizophrenics maintained on diet free of gluten & cereal grains & milk, 12994

Differential Aptitude Tests
constituent group public opinion vs claims of public & special interest lobbyists, standardized testing, legislative implications, 12697

Differential Diagnosis
analysis of Revised WISC profiles for differential diagnosis, learning disabled vs educable mentally retarded vs emotionally disturbed vs other impaired 4–19 yr old students, 11337
Bender Gestalt Test & Memory for Design Test, normal vs schizophrenic vs organic males, 7067
clinical features & course & etiology & epidemiology & differential diagnosis & management of Asperger's syndrome, 10537
clinical vs research vs neuroendocrine criteria, validity of endogenous depression diagnosis, depressed outpatients, 5938
comparison of criteria & change in diagnosis, schizophrenia & periodic juvenile psychoses, adolescent patients observed up to 5 yrs, 8148
comparison of Revised WISC & Wide Range Achievement Test, differential diagnosis of educationally handicapped & learning disabled, 8–16 yr old students, longitudinal study, 9086
course of illness, schizophrenics, followup studies, 10487
criteria & bases of diagnosis, paranoid vs nonparanoid schizophrenia, 12943
delusional depression as distinct clinical entity & demographic traits & treatment responsiveness, delusional depressed patients, 1428
diagnosis & treatment, primary affective disorders, adolescents, 10778
diagnostic advances, functional origins of erectile dysfunction of penis, 8379
diagnostic criteria & applications & potential professional abuse, querulous paranoia, 6004
diagnostic problems, paranoid schizophrenia, schizophrenic patients, long term followup study, 10458
diagnostic problems, psychopathology masked by pseudodementia, medical-surgical patients, 12913
diagnostic test performance, 5–9 yr olds with developmental apraxia vs functional articulation disorders, implications for differential diagnosis, 8111
differences in psychopathological variables, puerperal vs nonpuerperal psychosis, female 17–37 yr olds, 8134
differential diagnosis, alcoholic hallucinosis vs schizophrenia, 23–55 yr old patients, 4198
differential diagnosis, organic brain syndromes & psychoses, aged, 1626
differential diagnosis-prescriptive teaching instructional model in special education, literature review, 8955
discriminative ability, Rorschach test, borderline vs acute vs chronic schizophrenics vs neurotics, 13004
discriminative capacity of visual searching task, assessment of brain damage, brain damaged vs schizophrenic aged hospitalized patients, 1622
discriminatory accuracy of MMPI scales vs 2-point codes, schizophrenic vs neurotic vs brain damaged vs alcoholic patients, 179
EEG sleep indices, differential diagnosis of depression, 13 yr old male, 8133
familial similarities, mental disorders, schizophrenics vs affective psychotics & 1st-degree relatives, 10520
family structure & behavior patterns, learning disabilities with vs without hyperactive syndrome in offspring, male 5–12 yr olds, 6074
frequency of self reference & physiological measures & neuroticism & extraversion, degree of proneness toward cardiovascular disorders, Type A & Type B male college students, 8347
frequency of voice tremors, 40–81 yr old patients diagnosed as having spastic dysphonia vs essential (voice) tremor, implications for differential diagnosis, 10408
Halstead-Reitan Neuropsychological Test Battery, degree of motor vs language impairment, neuropsychologically impaired asthmatic 9–14 yr olds, 9333
Halstead-Reitan Neuropsychological Test Battery, determination of right vs left temporal lobe damage, temporal lobe damaged patients, 9379
Halstead-Reitan Neuropsychological Test Battery, differential diagnosis of schizophrenic vs brain damaged patients, 194
Halstead-Reitan vs standardized Luria-Nebraska Neuropsychological Test Battery, diagnosis of brain damage, brain-damaged vs psychiatric patients, 4799
hypnosis, differentiation of true epilepsy vs pseudoepilepsy & schizophrenic vs dissociative reaction hallucinations, 10421
intelligence & achievement & visual-motor performance, learning disabled vs emotionally impaired children with mean ages of 10.32 vs 10.53 yrs, 10417
measurement of nocturnal penile tumescence, differential diagnosis of psychogenic vs organic impotence, 49 yr old male, 10745
method for identification of boundaries between related syndromes, application to schizophrenia vs affective psychoses, patients, 8157
method for selection of specific language deficit, homogeneity in expressive vs receptive language & articulation skills, language impaired 4–8.5 yr olds, 6106
methods for discrimination of transvestism vs gender dysphoric Ss, patients applying for sex reassignment, 6452
morbidity risks of schizophrenia vs affective disorders, 1st degree relatives of schizophrenics vs manics vs depressives, implications for diagnostic distinctions, 6016
multidimensional actuarial classification, differential diagnosis of handicapped children, 5917
neuroanatomical correlations, language disorders, 10608
neuropsychological procedures, differential assessment of learning disorders caused by CNS dysfunction, school psychologists, 11378
nosological differentiation, endogenous psychoses & neuroses, 3799
number of themes & lexical & syntactic features of narrative speech, patients with Broca's vs Wernicke's aphasia, implications for clinical usefulness of picture story test, 1579
organic etiology & differential diagnosis, phasic catatonic psychosis, male adolescent, 8129
outcome as evaluation of J. P. Feighner's diagnostic criteria, schizophrenic vs manic vs depressive patients, 40-yr followups, 13010
patterning & organizational difficulties, language & learning disabilities, children, therapeutic & diagnostic implications, 10414
personality patterns, classification of manic-melancholic patients as unipolar vs bipolar, 39–72 yr old patients, 8127
physical vs emotional factors, symptoms of mitral value prolapse, implications for differential diagnosis, 1576
Psychiatric-Organic Special Scale of MMPI, differential diagnosis, male organic & psychiatric patients with mean age of 58 yrs, 9358
psychodiagnostic comparison & classification, 18–58 yr old epileptic psychotic patients vs process schizophrenics, 5920
psychological characteristics, workers' compensation claimants, 12929
published procedures for MMPI, diagnostic discrimination between organicity & schizophrenia, 11657
reliability & factorial complexity & predictive validity of Test of Syntactic Abilities Screening Test, differentiation of hearing impairments, mildly vs severely vs profoundly deaf 8–12 yr olds, 222
reliability of Children's Handicaps, Behavior & Skills Schedule, assessment of functioning level, severely mentally retarded birth through 15 yr olds, 8225
reliability & validity & discriminative ability of Diagnostic Interview for Borderlines, borderline vs schizophrenic vs depressed patients, replication of J. G. Gunderson & J. E. Kolb's study, 13006
reliability & validity of Maine Scale of paranoid & nonparanoid schizophrenia, 18–60 yr old hospitalized psychiatric patients, 4804
Revised WISC subtest profiles, learning disabled & mentally retarded 7–8 yr olds, 12921

Rorschach technique, evaluation of mental resources, mentally retarded vs intellectually repressed 7–16 yr olds, 6495
school neuropsychology, 8781
self perceived symptoms, patients with primary vs secondary depression, diagnosis & treatment implications, 5934
sleep EEG & depression, literature review, 10489
standardization of Sandler-Hazari Obsessionality Inventory, discrimination between clinical & nonclinical populations, 7045
subjective experience, diagnosis of brain damage vs functional disorder, 10681
success vs resistance to chlorpromazine therapy, nuclear schizophrenics vs schizoaffectives, 1444
symptom & biochemical profiles & treatment response, psychotic vs nonpsychotic depressive patients, 12959
transformation of items from WHO Depression Scale, differentiation between endogenous & nonendogenous depression, depressed patients, 4772
use of Revised WISC vs McCarthy Scales of Children's Abilities vs Wide Range Achievement Test, differential diagnosis of learning disabled 2nd graders, 2200
validity & interrater reliability, Devereux Child Behavior Rating Scale, teachers & male elementary school students, 11342
validity & interrelationship & racial bias, MMPI alcohol & drug abuse scales, male prisoners with mean age 22.3 yrs, 11698
validity of diagnostic interview, identification of borderline disorders, schizophrenic vs depressive vs borderline patients, 2536
validity of diagnostic status, paranoia as distinct illness vs subtype of schizophrenia, 1443
validity of McCarthy Scales of Children's Abilities, diagnosis of learning disabilities, learning disabled vs general education 7 yr olds, 9089
validity of WAIS subtests, diagnosis of temporal lobe vs generalized seizures, patients with mean age of 31.2 yrs, replication of study by W. Millberg et al, 9321
Visual Organization Test, measurement of organicity, 15–49 yr old normal Ss & 16–71 yr old psychiatric patients, 7080
visual pattern reversal evoked potentials, differential diagnosis of multiple sclerosis, 6128
Whitaker Index of Schizophrenic Thinking, differentiation between schizophrenics with vs without brain damage, state hospital residents, 9400
word & sentence field disturbances, differential diagnosis of exogenous & endogenous psychoses & schizophrenia, 5979
Differential Limen [See Thresholds]
Differential Reinforcement
arm air splints & DRO, stereotypic self injurious finger sucking, profoundly retarded 22 yr old female, 13173
behavioral contrast & differential reinforcement, keypeck durations, male pigeons, 5131
differential reinforcement in token economy program, decrease in inappropriate motor responses, mentally retarded & behaviorally disturbed 11 yr old male, 6346
differential reinforcement of element & compound CS & pairing with UCS of varying intensity, blocking & conditioned inhibition, male rats, 5129
differential reinforcement of keypecking duration, pigeons, 619
differential reinforcement vs interruption of behavior chains vs aversive conditioning, control of seizures, epileptics, literature review, 8539
DRO procedure, habitual vomiting, 8 yr old severely retarded male, 4039
DRO in nonexclusionary time out procedure, control of behavior across settings, 19 yr old severely retarded male, replication of findings by R. M. Foxx & S. T. Shapiro, 10880
DRO vs overcorrection vs lemon juice vs aromatic ammonia, suppression of self poking behavior, male deaf & blind & retarded 5 yr old, 6356
effectiveness of 3 training techniques, establishment & disruption of position stereotyping of responses during color discrimination training, nonverbal autistic 6.3–7.2 yr olds, 8149
extensive training using positive vs negative stimuli, level of stimulus control, male rats, 5113
extinction of stimulus vs response association in behavior conditioned by stimulus & response reinforcement, persistence of responding, male rats, 9653
FI vs DRO schedules of reinforcement, keypecking behavior, pigeons, 9647
footwear modification &/vs DRO procedures, toe walking, male 3.5 yr old, 10879
force band level & width, differential reinforcement of finger press response peak force, adults, 11734
frequency & duration of reinforcement, DRL acquisition, male pigeons, 5109
hippocampectomy vs cortical ablation, acquisition of successive DRL schedules, male rats, 3101
interlocking progressive-ratio reinforcement schedule, determination of reinforcement preferences, 10.8–18.4 yr old multihandicapped severely & profoundly mentally retarded, 8545
low-rate vs absence of response requirement, strength of conditioned reinforcing stimuli, pigeons, 2861
mild slap to forearm &/vs DRO vs overcorrection plus DRO, stereotyped & alternative & self injurious behavior, profoundly retarded 5 yr old female, 8488
motivational vs cue properties of incentives, choice discriminations, 5–6 yr olds, 7824
partial vs continuous reinforcement with vs without interpolated experiences, extinction rate, male rats, 5115
praise-ignore vs praise-soft reprimand combination, behavior modification, disruptive junior high school students, 11259
reinforcement contingencies, maintenance of vicious circle behavior, male rats, 2872
sharp pinch as aversive stimulus & DRO, compulsive hand-in-mouth behavior & vomiting, 13 yr old profoundly retarded female, 8540
social restitution & DRO, assaultive & inappropriate interpersonal sexual behavior & genital self stimulation, male Down's syndrome 13 yr old, 8548
social skills training through differential reinforcement, blind 12.5 yr old female with behavior problems, 10868
time based differential reinforcement schedules, disruptive & aggressive behaviors, mentally retarded 6 & 8 & 13 yr olds in specialized treatment settings, 8535
transitions from nonrewarded to rewarded trials, discriminative behavior in differential conditioning & subsequent resistance to extinction, rats, 7309
undernourishment in early life & DRL, witholding of barpressing responses in operant conditioning, adult rats, 9861
use of DRL schedules of reinforcement, elimination of enuretic behavior, 8.5 yr old male, 10875
variable time schedule of reinforcement of other behavior, reduction of body rocking behavior, profoundly mentally retarded 17–45 yr olds, 6367
ventromedial hypothalamic vs septal lesions & levels of food deprivation, discrete trial DRL task, female rats, 9841
Difficulty Level (Test)
computer program called LINK, calculation of paired item difficulties on 2 Rasch-calibrated tests, 119
development of Relative Difficulty Ratio, index of test & item difficulty for interest difficulty comparisons, 7008
familiarity of background music & test difficulty, reading comprehension test scores, college students, 4429
item difficulty & item discrimination indexes, 2410
model-free regression vs Rasch model evaluation of equating & scaling, estimation of differential ability-induced test bias on Metropolitan Achievement Tests, 7004
passage difficulty & reading achievement level, changes in use of graphic & contextual information, 1st graders, 6680
review passages & type & difficulty of review questions following self instructional materials, transfer of mathematics skills, 7th graders, 6689
sentence verification technique for measuring reading comprehension, easy vs difficult text, 4th–6th graders, 5524
standardization of "tests" that permit cheating, perceived difficulty rating & relative perceived difficulty ranking, college students, 7079
time homogeneity of items as defined by multivariate axial symmetry & nonparametric test for J-item homogeneity, 7013
variation of program parameters & item pool attributes, operational characteristics of parameter tailored testing, 4866
Digestion
bilateral electrolytic hypothalamic lesions, food intake & fecal & urine output, male rats, 835
free feeding & gastric counterinfusion, intragastric pressure & gastric relaxation, male rats, 12259
Digestive System [See Also Esophagus, Gastrointestinal System, Intestines, Liver, Mouth (Anatomy), Stomach, Taste Buds, Teeth (Anatomy), Tongue]
reinforced in vivo practice of graded step sequence, swallowing difficulty, 16 yr old female leukemia patient, 1820

Digestive System Disorders [See Also Diarrhea, Fecal Incontinence, Gastrointestinal Disorders, Gastrointestinal Ulcers, Liver Disorders, Ulcerative Colitis, Vomiting]
development, 6–24 mo old esophageal atresia infants, 3903
Digit Span Testing
aural vs visual presentation, RT & memory span for digits, mono- vs bilingual 14–19 yr olds, implications for interdependent bilingual storage, 7261
separation of Digits Forward from Digits Backward of WISC Digit Span subtest, diagnosis of neurologically based learning disabilities, 5–15 yr olds, 11350
Digital Computers
ALP minicalculator program, mathematics education, learning disabled elementary school students in 5th grade & over, 11268
electronic digital computers in experiments & in psychodiagnosis, 9283
electronic hand calculator in mathematics teaching, mathematics attitudes & achievement, 4th graders, 4319
instructional program in calculator use for supermarket shopping, mentally retarded 13–17 yr olds, 11319
microprocessor & digital computer for analysis of rodent mating behavior, 91
use of electronic calculators, mathematics achievement & attitudes, literature review, 11231
user's conceptual models of pocket calculators, 9300
Digits (Mathematics) [See Numbers (Numerals)]
Dilantin [See Diphenylhydantoin]
Dilation (Pupil) [See Pupil Dilation]
Diphenylhydantoin
chronic diphenylhydantoin, open field behavior during withdrawal, rats, 3157
diphenylhydantoin, spontaneous motor activity, male rats, 7696
diphenylhydantoin vs phenobarbital during specific gestation periods, conditioned avoidance behavior & learning deficits & birth defects in mature offspring, pregnant rats, 12360
Diphenylhydantoin Sodium [See Diphenylhydantoin]
Diptera [See Also Drosophila]
absolute sensitivity of optomotor neuron in 3rd optic ganglion to single photons, female blowflies, 12221
continuously moving visual patterns, extracellular action potentials in lobula complex, blowflies, 538
male size, preference in mate selection, female flies, 12101
movement patterns in cow pats, dung beetles & flies, 5154
sexual behavior, robber-flies, 7384
size & population density, mating behavior, male flies, 12102
Directed Discussion Method
coping model vs lecture/discussion, target behavior change, education majors, 13574
model for moral development education emphasizing cognitive & affective goals, gifted, 6745
Directed Reverie Therapy
directed reverie therapy, 14 yr old phobic male with obsessional defenses, 1706
directed reverie therapy experiences & understanding cognitive development, 10813
directed reverie therapy treatment, adolescent problems, adolescents, 1720
directed vs self generated neutral vs positive daydreams, depression, depressed female college students, 10810
instructional use of fantasy & guided visual imagery, learning disabled & emotionally handicapped 1st–6th graders, 8968
relaxation-guided fantasy vs arithmetic exercises, creative thinking & writing, gifted 4th–6th graders, 1006
technique & rationale for paradoxical experiential therapy, 13217
Disadvantaged
comparison of Revised WISC & Wide Range Achievement Test, differential diagnosis of educationally handicapped & learning disabled, 8–16 yr old students, longitudinal study, 9086
concept of "disadvantaged" for social & economic & political inequality, ethnic & lower class children, 12454
deprivation, achievement & affiliation & power & approval motivation & anxiety, male 15–25 yr olds, 8071
deprivation & financial dissatisfaction, militancy as seen at farmers' protest rally, farmers & graziers, 3478
education & counseling & assistance with bureaucracy, older people with cumulative disadvantage of social deprivation & disability, 8671
examination vs reexamination scores on McCarthy Scales of Children's Abilities, disadvantaged Black preschoolers, longitudinal study, 10038
health care & needs & mental impairment, foster children up to age 15 yrs, 13398
inclusion of cultural-economic disadvantaged children in learning disability special education programs & relationship to learning disabilities & brain dysfunction, 4391
intelligence, advantaged vs disadvantaged 5–9 yr olds, 12509
learning strategy training vs traditional instruction, recall of information from prose, academically disadvantaged college freshmen, 2109
marital status & sex & other characteristics & frequency of manic depressive illness, poor urban Blacks, 3788
motivational dynamics, disadvantaged females with mean age 26.3 yrs, 12860
programed reading unit, word recognition & words read correctly, disadvantaged elementary school students behind in reading ability, 4387
psychotherapy approaches & techniques, disadvantaged, 6277
self perception & academic achievement, male vs female Black vs White disadvantaged 3rd graders, 11217
sociocultural deprivation & neuroticism, deprived vs advantaged 17–20 yr old males, 7904
sociopsychiatric & clinical characteristics, homeless men, Sweden, 3461
sport vs nonsport career aspirations, disadvantaged 12–16 yr olds, 3286
test bias with Lorge-Thorndike Intelligence & Peabody Picture Vocabulary tests & Metropolitan Achievement Tests, 6–13 yr old urban disadvantaged Blacks, 197
training & incentives, cognitive abilities including conservation of volume & length, advantaged vs disadvantaged 8–9 yr olds, 7823
validity of standardized academic achievement tests, minority & disadvantaged children, 11647
views of Piaget vs L. S. Vygotskii, stages of human mental development & role of cultural disadvantage, 10114
Disasters [See Also Natural Disasters]
effectiveness of outreach methods of fire aftermath center, survivors with mental health risk, 10985
psychodynamic theories about stress reactions & long term health deterioration after mass disasters, 1412
Discipline (Child) [See Child Discipline]
Discipline (Classroom) [See Classroom Discipline]
Discovery Teaching Method
cognitive & instructional style, learning performance, college students, 6662
Discrimination (Cognitive) [See Cognitive Discrimination]
Discrimination [See Also Related Terms]
ability to distinguish intentional from mistaken or reflexive or passive behavior, 2.8–8.3 yr olds, 10015
complexity of reinforcement contingencies in differential classical eyelid conditioning, role of contingency awareness in probability of conditioning, 452
discrimination between siblings vs nonsiblings, tadpoles separated before hatching & reared alone, 12099
observation of normal peer models in discrimination task, task performance, autistic 5–7 yr olds, 8982
self concept & psychological differentiation & allocentric behavior, 1st-yr education students, 8067
self stimulation of lateral hypothalamus, interaction between actions of enkephalin & electrical stimulation, male rats, 805
sex & subtype & verbal reward vs punishment, discrimination learning, delinquents, 10571
social categorization, discriminatory behavior, college students, 8017
Systematic Human Relations Training, discrimination & communication skills, rehabilitation professionals & clerical staff, 11105
true discrimination vs pseudodiscrimination training with compounding wavelength cue, potentiation of attentional enhancement, pigeons, 603
vocational & social discrimination following "Nuremberg code," mental disorders, Jews, 5930
Discussion (Group) [See Group Discussion]
Diseases [See Disorders]
Dislike [See Aversion]
Disorders [See Also Related Terms]
accuracy of computerized information system data, 4691
age vs stressful life events vs illness vs war, integrative complexity in personal correspondence, British novelists, 12444
animal models of developmental disorders including hyperkinesis, 10428

anterior vs posterior right hemisphere damage, verbal comprehension & visuospatial deficits, patients, 6137
ascorbic acid & B complexes & minerals & dextrose & fluids, recovery from excess anesthesia & paranoid delusions & short term depression & degenerative & thought disorders, 15–79 yr old patients, 10790
attributes of universal class of patients & influences of medieval scholastic doctrines & modern premises, 6178
belief in role of suggestion in illness & healing, Christian Scientist college students, 5622
biofeedback as psychotherapy adjunct, treatment of psychosomatic & physical disorders, 10763
biopsychosocial model of illnesses, 3943
cerebral gigantism, social & emotional implications, female 23 mo old, 10701
chronic illness, facade behavior & psychoneurotic disorders & personality traits, patients with chronic physical illness, 10687
clinical sociology in health care, 13371
cognitive processes & semantics & pragmatics & phonology & syntax, study of developmental language disorders, literature review, 6097
concepts of disease, critique of F. K. Taylor's article, 6169
contributing factors to suicide, adults with mean age of 45.5 yrs, retrospective study, 10547
coping with stress of chronic childhood illness, children & families, implications for health care programs & prevention of psychosocial maladjustment, 13378
counseling, spouses of chronically ill, 1931
demographic characteristics & medical & psychiatric disorders & treatment implications, 17–39 vs 40–54 yr old female offenders, 13431
denial of abortion to mother, somatic & psychosocial development, initially unwanted children, 15-yr followup, 12451
diagnosis vs no diagnosis of mental disorder, nonpsychiatric disorders, Norway, 1358
diet & emotional state & age & disease, medical hospital patients over 14 yrs old, 6160
differential antecedents & development, language vs nonlanguage cognitive abilities, 3 case reports of children with impairments, 6098
disorders & management problems, biofeedback training, children, 10886
distinctions between physical & mental health & illness, 12935
duration in communication by cries, infants, 3380
eating disorder as expression of group dynamics, kindergartners, 5927
epidemiology & assessment of stress disorders, 10737
epidemiology of educational & psychiatric & physical disorders, Isle of Wight studies, 9–11 yr olds, 1964–74, 5923
family history study, Briquet's syndrome patients, 6124
framework for viewing treatment of delayed linguistic development, 6218
frequency of previously undiagnosed physical abnormalities, psychiatric clinic outpatients, 13134
hyperserotonemia & tryptophan levels, 4–17 yr olds with attentional deficit disorder, 10690
identification of health risk, illness behavior & others' derogatory perceptions, high risk pallet plant workers, 12926
interrelationships of biomedical & environmental & developmental variables, Down's syndrome children followed from birth to 36 mo, 8265
kinds & degrees of impairment & frequency in population, mentally retarded born between 1951–55, British city, 8267
linguistically based language intervention strategy for teaching syntax, language disordered 3–4 yr olds, 8610
locus of control & anger expression under stressful conditions, female hospitalized depressives & patients with seriously ill children & college students & acutely & chronically ill adults, 10445
need for biopsychosocial model of illnesses & role in primary care, 4150
need for body contact for creation of space & origin of psychomotor problems, neonates & infants, 10697
neurological tests for determination of lesions of parietal cortex, 9398
neurosensorimotor dysfunction, educational & behavioral problems, young children, 5926
nonorganic failure to thrive, infants & children, annotated bibliography, 6174
operation of biofeedback laboratory at general medical & surgical hospital, 8696
pain threshold & pain tolerance, Pain Apperception Test & Melbourne Pain Apperception Film results, pain prone vs organic pain Ss, 5183
parent & teacher ratings of child sociability & school absenteeism, nursery school teachers, 11250
physical complaints, depression, middle to upper middle socioeconomic class male vs female graduate students, 3749
physical disorders, emergency psychiatric patients, 8679
physical illness & hospitalization, psychological reactions, adolescents, 13424
positive & negative affect as measured by Personal Adjustment & Role Skills scale, psychological well-being, male medical & surgical patients, 5907
pragmatic orientation in language disorder treatment techniques, 6211
prevalence of communicative disorders & needs of minority groups, child health care center, 8628
psychiatric aspects, acquired toxoplasmosis, 8321
psychiatric manifestations, 34 yr old acutely depressed male with systemic sarcoidosis, 1368
psychiatric vs physical illness, accidents & traffic code violations, 18–67 yr old patients, 10407
psychodynamic approach to common medical & psychiatric disorders, aged patients, 1664
psychological characteristics, workers' compensation claimants, 12929
psychological illness, incidence of accompanying physical illness, 1383
psychosocial variables & stress, incidence of cancer & internal diseases, Yugoslavia, 1965–1975, implications for prediction, 1584
public control of environmental health hazards, 1979 conference proceedings, 2290
rate of attention deficit without hyperactivity, 7–14 yr old psychiatric patients, 1380
retrospective chart review of psychosocial assessment & care, infants hospitalized for nonorganic failure to thrive, 1945
role of behavioral sciences, disease prevention & health promotion, 1668
self-rating scale for alexithymia, medical patients, 11640
sensitivity of Rhythm scale of Luria-Nebraska Neuropsychological Battery, attention & concentration disorders, patients, 9344
sequential criterion analysis for assessment of coping with chronic illness, 1623
sex & health status & rural vs urban residence, death anxiety & euthanasia attitudes, college students & healthy vs life-threatened 60–97 yr olds, 12847
strategy for research on use of nonvocal communication systems, special reference to severely mentally retarded children, UK, 6198
sympathetic activation & immune function & illnesses, college males rated high in need for power & inhibition & power stress, 1600
therapeutic functions of critical event & phasic monitoring & maintenance & ameliorative therapy & treatment of communicative defenses in liaison psychiatry, 13212
unrecognized medical illness prompting psychiatric admission & diagnosis techniques, psychiatric patients, 4165
use of grammatical morphemes, 3–10 yr old normal vs language impaired children, 8297
value of biofeedback training for organic & psychological disorders in VA hospital, 8560
verbal communication skills, language disordered vs normal speaking children, 8293
video display terminal use, attitudes toward work & office automation & mood & physical symptoms, office workers with mean age of 23 yrs, 13766
video display terminal use & working conditions, job stress & health complaints & psychological mood, clerical vs professional operators, 13777
visuo-constructive task complexity, unilateral neglect of extrapersonal visual space & compensation, patients, 13141
vitamin & zinc levels, Down's syndrome 29–55 yr olds with vs without hyperkeratosis, 10431
Disorientation (Time) [See Time Disorientation]
Displacement (Defense Mechanism)
expression of feeling & spatio-temporal displacement in dreams, emotionally expressive college students, 11731
Displays [See Also Animal Courtship Displays, Auditory Displays, Tactual Displays, Visual Displays]
dominance assertion, male chimpanzees, 2902

Disposition [See Personality]
Disruptive Behavior [See Behavior Problems]
Dissatisfaction
age differences, frustration & lack of satisfaction, male 20–60 yr olds, 3409
deprivation & financial dissatisfaction, militancy as seen at farmers' protest rally, farmers & graziers, 3478
educational & occupational status inconsistency & incompatibility, life & marital dissatisfaction, husbands & wives, 12667
length of residence & location-specific capital & information costs & dissatisfaction, repeated migration, married couples, 3467
persistence in literature of old study results in spite of recent contrary evidence, dissatisfaction with school psychologist services, teachers, 11145
personal impairments in professional vs private lives, teachers, 4286
personality correlates of life satisfaction & frustration, 17–60 yr old males, 1331
plant shutdowns & relocations, suicide rate & anomie & life satisfaction & social integration, plant workers, 13696
questionnaire scale construction, measurement of subjective stress & dissatisfaction, housewives, 7062
Dissociative Patterns [See Amnesia, Multiple Personality]
Dissonance (Cognitive) [See Cognitive Dissonance]
Distance Discrimination [See Distance Perception]
Distance Perception [See Also Apparent Distance]
change in distance of fixation during monocular viewing, optic axis translation & cyclotorsion of iris & pupil, normal Os, 2689
development of relative speed & distance & movement duration judgments, 1st–7th graders, 7770
distance & angle of direction change & visibility of starting point & concurrent counting, processing of location information during locomotion, high school students, 12482
distance & direction estimates in familiar large scale environments, configurational knowledge development, 1st vs 5th vs 8th graders, 3316
distance & location cues, short term memory for kinesthetic movement & distance recall, college students, 11925
increasing of preferred personal distance, judgments of distance, female college students, 3604
interpersonal distance, vocal intensity, 3 vs 5 yr olds, 10063
maps of real vs artificial cities, RT & categorization effects in verification of statements about relative locations, college students, 11903
monocular viewing of 3-dimensional display while moving head laterally, perception of absolute distance, graduate students, 11795
movement patterns & structural aspects of environment, cognitive representation of spatial relationships, college students, 307
nature & function of reference points in cognitive representations of large-scale space, college students, 5004
ocular dominance & field of view & monocular vs binocular viewing conditions, median place estimates, females & males with left- vs right-eye dominance, 393
perceptual errors of distance between stationary objects, apparent relative motion of objects during frontoparallel head movement, 4914
prior knowledge vs brief study & familiarity vs unfamiliarity of map, estimation of distance between sites, college students, 11730
target distance & size & camouflage & relational congruity, single fixation photointerpretation of novel scene, college students, 346
understanding of interrelated dimensions of velocity & time & distance information, 5 vs 10 vs 17–34 yr olds, 1047
Distortion (Perceptual) [See Illusions (Perception)]
Distractibility
bilateral superior colliculus/pretectum lesions, learning dark-light discriminations & distractibility, cats, 12343
hyperactive & distractible syndromes vs dyslexia as categories of minimal brain dysfunction, 8094
metabolic & nutritional aspects, minimal brain dysfunction & attention deficits & learning & language disorders & hyperactivity, 8121
nature of parent mental disorder, distractibility in discrimination task, 13–18 yr old children of schizophrenic vs bipolar vs unipolar disordered parents, 7796
neurophysiological aspects of distractibility, schizophrenics, literature review, 1424
noise vs silence, attention on oral vs written tasks, introverted vs extraverted college students, 5083
Distraction
age, information encoding patterns & errors & latencies in recognition task with acoustically & semantically related distractor words, 8 vs 10 vs 24 vs 66 vs 75 yr olds, 12489
ambient noise level, attention distribution between tracking & detection task components, normal hearing Ss, replication of study by G. R. Hockey & critique of study of P. M. Forster & A. T. Grierson, 12002
annoyance & distraction level of power line noise, 18–38 yr olds, 9206
appeal of distractor, arithmetic performance, 7–10 yr old hyperactive vs normal males, 10576
attention, primary somatosensory evoked potentials, 18–37 yr olds, 7469
attentional dysfunction, 8–11 yr old poor vs normal readers vs school problem students, 4336
attention to external vs internal cues, perception of physical symptoms & fatigue during exercise, college students, 2664
auditory masking & visual distraction, stuttering frequency, adults, 8289
boiling vs distractive questioning vs both, temporal duration experience in "watched pot" phenomenon, college students, 7145
degree of consistency training of letter appearing as target vs distractor, development of automatic information processing in detection search paradigm, 7188
difficulty of distractor task & interpair interval & incidental learning instructions, long term serial position effects in free recall of word pairs, college students, 463
dual task automatic vs controlled processing in visual search, cost in hit rates, 7186
expectations for distraction vs facilitation, performance after unsolvable problems, college students, implications for egotism explanation of problem solving, 11995
humorous vs nonhumorous vs no distracting material, low vs medium vs high levels of induced anxiety, male college students, 8079
identification of residual attentional deficit, adolescents & children, 1534
individual differences & word vs nonword context, response latency in letter identification, college students, 11815
intervention of contingent vs noncontingent tasks related vs unrelated to reward, delay of gratification, 8–11 yr olds, 5555
investigation of models for shifts of attention to parts of visual field without changes in fixation, college students, 2746
level of distraction & pro- vs counterattitudinal communication, perceived extremity of communication & pro- vs counterargumentation, college students, 1273
level of syntactic & semantic organization of 6-word sentences & noise distraction, use of verbal organization in recall, acute & chronic schizophrenics, 6006
modality of cue vs distraction task, effectiveness of retrieval cues, college students, 11948
modality specific information, auditory vs visual channel capacity & processing & retention, 17–25 yr olds, 305
noise distraction & autonomic responsivity & RT, smokers vs nonsmokers, 3043
noise effects, divided attention & performance on dual tracking & signal detection task, answer to criticism reply by P. M. Forster, 12004
noise level, attention distribution & performance on dual tracking & signal detection task, reply to criticism of L. R. Hartley, 12001
peer presence & audiovisual distractor, TV viewing behavior, 3–5 yr olds, 7739
photographs of handicapped children vs verbal message vs charity identification, donations to charity, apartment dwellers, 5805
positive affect induction &/vs instructions, delay of gratification, 4 vs 8 yr olds, 10205
time out as contingency vs signal of dysfluencies, reductions in stuttering, 16–57 yr olds, 13364
type of interference during free recall, orderliness of recall, college students, 9596
vision & distraction, localization of invisible targets, blindfolded vs sighted car passengers, 2624
visual vs auditory word presentation & distraction, retention, learning disabled 12–16 yr olds, 4380
Distress
amount of time since injury & locus of control, emotional distress & coping behavior, male spinal cord injury patients, 1618
attachment in adulthood & distress responses to marital separation, 5632

cold pressor test & sensory information, distress judgments, high vs low fear female college students, 12297
construction of Day-to-Day Stress Scale, prediction of physiological arousal from habitual subjective arousal, male vs female college students, 168
denial of abortion to mother, somatic & psychosocial development, initially unwanted children, 15-yr followup, 12451
development of hypertension & somatization & anxiety & other reactions, 35–84 yr old female flood victims, 5-yr followup, 1379
direction & type of rocking movement as soothing intervention, distressed 24–72 hr olds, implications for facilitation of positive caregiver-infant relationship, 12570
distress due to denial of abortion, complications during pregnancy & delivery & puerperium, mothers, 13076
distress & effort, cortisol & catecholamine excretion, college students, 3044
divorce related problems, perceived distress & coping strategies, divorced persons, 12660
effectiveness of coping styles, 18–64 yr olds, 5860
etiological factors in development of asthma, 13144
fetal development & malformations, children born to mothers denied legal abortions, 8307
fetal development & mortality & height & weight development through age 12, children of mothers refused legal abortion, 7742
impact of life events, myocardial infarction patients, 1565
insight & psychological distress & hospital adjustment, male schizophrenics, 1959
locus of control, loneliness & coping with somatic & psychological distress, college students, 12883
monotonous vigilance vs various undemanding vs self paced RT vs color-word conflict tasks vs non-engaging movie, adrenal & noradrenaline & cortisol excretion levels & distress & effort, 18–34 yr old college students, 9818
nonspecific psychological distress & psychopathology, 18–64 yr old male vs female heads of households, 5946
ontological confrontation of death & loneliness, psychological distress, male maximum security inmates, 8220
psychological distress & stressful events & alexithymic traits, inpatients with psoriasis & chronic urticaria & fungal infections, 8320
reliability of measurement of adverse life experiences, adults attending health clinics, 232
reliability of spouses as observers of events occurring in own marriage, distressed vs nondistressed couples, 77
sequential analysis of interactional patterns, distressed vs nondistressed marital partners, 10247
sex role attributes & anxiety & severity of menstrual distress & oral contraceptive use, Catholic vs Protestant vs Jewish females, 1581
social desirability vs defensiveness, self-report psychiatric inventory scores, student nurses, 13499
subjective distress, severity of thought disorder, schizophrenics, 3805
use of disclosures vs edifications in psychotherapy & extent of distress & psychotherapy outcome, male college students, 10812
Distress Calls (Animal) [See Animal Distress Calls]
Distributed Practice
anxiety & neuroticism & sex & distributed vs massed practice & trials, digit-symbol coding task performance, college students, 466
correlation between recall & self predicted likelihood of free recall of words presented once vs twice & in massed vs distributed practice, college students, 5049
distributed &/vs massed practice, group assertion training effectiveness, female college students, 4-wk followup, 1748
massed practice &/vs distributed practice, performance on monaural localization task, 21–29 yr olds, 7203
Distribution (Frequency) [See Frequency Distribution]
Disturbed (Emotionally) [See Emotionally Disturbed]
Disulfiram
disulfiram, sedation of psychomotor excitement, patients, 6372
Diuretics [See Also Caffeine]
amiloride, lithium-induced diabetes-insipidus-like syndrome & lithium levels in plasma & brain & kidney & thyroid & red blood cells, rats, 12354
antipsychotics & antidepressants & neurotransmitters & diuretics & antihypertensives, intracellular lithium ratio, 5395
electrolyte imbalance & depression, 75 yr old female on long term diuretic therapy, 10943
Diurnal Variations [See Human Biological Rhythms]
Divergent Thinking
figural creative thinking abilities, Japanese vs US education majors, 1347
instructions & contingent points, novelty of test answers, college students, 6672
nurturance of cognitive memory & convergent & evaluative & divergent thinking in classroom, ratio of higher process to total thinking, 5th & 6th graders, 11212
quantity vs quality & frequency of solution responses measured by stringent vs lenient criteria, prediction of creative problem solving ability, college students, 9305
range of permitted dissimilarity in conceptual system, creativity & cognitive openness, junior college students, 2763
right hemisphere imagery & creativity, 2742
scoring formulas, discriminant validity of tests of divergent thinking, 5th graders & college students, 2477
sociocultural factors & type of school, nonverbal creative thinking, disadvantaged vs advantaged intermediate school children, 1130
teaching creativity through metaphor & humor, 2107
Divided Attention
ambient noise level, attention distribution between tracking & detection task components, normal hearing Ss, replication of study by G. R. Hockey & critique of study of P. M. Forster & A. T. Grierson, 12002
auditory-vocal subsidiary tasks, measurement of mental load & interference during driving, drivers, 4590
commissurotomy & practice, performance of unimanual vs bimanual sorting tasks requiring same vs different vs opposite simultaneous decisions by left & right hemispheres, patients, 8319
concurrent mental activity, visual accommodation response, male 21–23 yr olds, 11823
divided attention, RT index of traffic sign perception, college students, 4589
dual vs single task training on discrete vs 1-dimensional information processing tasks, identification & transfer of timesharing skills, right handed females, 7210
input modality & central processing codes, individual vs task related differences in time-sharing efficiency on information processing tasks, right handed male college students, 445
noise effects, divided attention & performance on dual tracking & signal detection task, answer to criticism reply by P. M. Forster, 12004
noise level, attention distribution & performance on dual tracking & signal detection task, reply to criticism of L. R. Hartley, 12001
predictive validity, models for decision making in signal detection task using simultaneous auditory & visual stimuli, college students, 11751
room air vs ozone, psychomotor task performance, Ss, 5306
selective & divided attention, male patients with Korsakoff syndrome, 5992
tone pips varying in pitch & localization, event-related potentials & selective attention, 24–32 yr olds, 303
Division of Labor (Animal) [See Animal Division of Labor]
Divorce
advantages & disadvantages & assessment & intervention techniques in disputes, child's access to noncustodial parent after marital separation & divorce, 1101
age at marriage & marital duration & religiosity & income, thinking about divorce, married couples, 3514
age & sex & intelligence & locus of control & interpersonal knowledge & length of parental separation, responses to parents' divorce, 5–19 yr olds, 5459
basic principles of custody assessments, 5666
biological & family changes & personality differences, divorce in involutional period, married couples in their 50s & 60s, 1151
characteristics of primitive societies, incidence of wife-beating, 13035
children of divorce & parental loss & remarried couples & stepparents & stepchildren, 7975
conjoint vs nonconjoint marital therapy, divorce at 5-yr followup, former clients, 8460
crisis intervention program in preschool education, behavior & intellectual development following divorce, single-parent 3.5–5 yr olds, 5448
demographic & other characteristics, divorce liberality, married couples, 3530
discussion of creative divorce counseling, 13249
divorce counseling guidelines for females divorcing after 20 yrs or more of marriage, 6254
divorced vs intact family vs remarriage of divorced mother, perception of self & parents, 11–14 yr olds, 7888
divorce & marital discord, psychiatric impairment, 5656

divorce process & professional roles & intervention strategies, views of lawyers & psychotherapists & clergy, 1114
divorce related problems, perceived distress & coping strategies, divorced persons, 12660
divorce & remarriage & desertion, 1970's, literature review, 10257
family concepts as measured by structured doll play, 3–5 yr olds from divorced parents, 7970
father loss, evaluation of parents, college students, 3540
father loss through death vs divorce, self concept & evaluations of happiness of family situation, 5th–8th graders, 12601
importance of continued parenting, marital breakdown & remarriage, 10253
joint custody arrangement, children's & parents' perceptions of divorce & family adjustments, 12–15 yr olds & their divorced parents, 10195
length of marriage & family size & educational level, personality traits & marital adjustment & dissolution rates, married couples in court ordered vs voluntary counseling, 1759
long term adjustment to parents' divorce, White middle class 8–17 yr olds, 2-yr followup, 12670
marital separation & divorce, parent-child communication & child's adjustment, families with 3–17 yr olds, 1155
merits of "best interests of child" vs "least detrimental alternative available" criteria & proposed alternative, decisions in disputed child custody cases, 1174
model & specific treatment techniques, divorce adjustment therapy, 10818
modernization & sociocultural variables, changes in divorce laws & patterns in various countries, 1102
need for attorney-psychotherapist interdisciplinary approach in divorce process, 1760
number of years of father loss through death vs divorce, level of external locus of control, college students, 8076
overview of child custody issues, 1109
parental marital status vs home conflict, perception of real vs ideal family climate, Black adolescents, 3517
personality & marital satisfaction & divorce, married vs divorced males vs females, 12661
preseparation lifestyle & current happiness, males vs females in process of divorce, 5633
psychopathology, children of divorced vs nondivorced manic depressive patients, 5977
remarriage, problems in "stepfamilies" & adjustment, 1156
role of child psychiatrists, divorce & child custody, 5681
school programs, alleviation of divorce & separation effects, school psychologists, 11343
self esteem & sex of custodial parent & time in single parent home & visitation with noncustodial parent & quality of relationship with parents, self esteem, male 9–14 yr old children of divorced parents, 1080
sex & single parent vs reconstituted vs intact family structure, attitudes toward marriage & divorce & marriage roles, 15–17 yr olds, 10152
social support aspects & decision to divorce, questionnaire respondents, 5629
S's age at time of parental divorce, emotional & behavioral adjustment, 7–17 yr old outpatients, 7967
structured vs unstructured group treatment for divorce adjustment, coping skills & self concept, 21–61 yr olds, 1754

Divorced Persons
belief in personal control over life events, divorced vs married White adults, 5637
continued interaction with divorced spouse, divorced parents, 10227
divorce counseling guidelines for females divorcing after 20 yrs or more of marriage, 6254
divorce related problems, perceived distress & coping strategies, divorced persons, 12660
joint custody arrangement, children's & parents' perceptions of divorce & family adjustments, 12–15 yr olds & their divorced parents, 10195
lifestyles & health & stress levels, 20–49 yr old middle-income divorced female heads of families, Canada, 1164
model & specific treatment techniques, divorce adjustment therapy, 10818
personality correlates, divorced & legally separated vs adjusted married couples, 7968
personality & marital satisfaction & divorce, married vs divorced males vs females, 12661
structured vs unstructured group treatment for divorce adjustment, coping skills & self concept, 21–61 yr olds, 1754
taxonomy of appraisals & coping strategies, 20–59 yr old lone parents, 10228
trust, dating & married & divorced couples, 3533

Dizziness [See Vertigo]

Doctors [See Physicians]

Dogmatism
authoritarianism & dogmatism, bibliography of Master's theses, 1968–78, 5856
correlation of scores using S. Ertel's content analysis procedure vs Rokeach Dogmatism Scale, measurement of dogmatism, 9316
development & validity of Belief Polarity Scale & level of dogmatism, measurement of racial prejudice, Black vs White educators, 2517
dogmatic & authoritarian traits, prediction of political candidate preference, right- vs moderate-right vs left-wing liberal supporters, 5670
dogmatism as measured by Rokeach Dogmatism Scale, polytechnic teachers, South India, 6630
dogmatism & extraversion & neuroticism, high school students, 7864
dogmatism & field dependency, cognitive vs perceptual style vs openness of attitude, 12880
level of educational attainment, dogmatism, managers of agri-product industry, 11458
on- vs off-campus education, attitudes toward disabled & self concept & dogmatism, rehabilitation counseling students, 4213
personality traits, political attitude change before & after election, college students, 3563
self reported confidence in evaluation of product & dogmatism, college students, implications for consumer judgment & behavior, 12856

Dogs
amount of living area space, agonistic interaction, 6 mo old dogs, 658
increase in arousal after extinction of fear response, disinhibition, dogs, 7326
isolation at 3 vs 17 vs 25 days of age in comfortable vs uncomfortable conditions, vocalizations indicating separation distress, beagles vs Telomians vs reciprocal F_1 hybrids, 3069
left dorsal & ventral ansa subclavian transection, heart rate & left ventricular systolic pressure & pressure development during shock avoidance task, dogs, 3108
natural vs artificial selection, evolution of "duplex" vs single integrated information processing system, wolves vs dogs, 12176
personality characteristics, preferences in pet ownership, adults, 3708
relationship between pup survivorship & number of adult helpers in family unit, jackals, reply to R. D. Montgomerie's criticism, 12147
relationship between pup survivorship & number of adult helpers in family unit, jackals, comment on errors in P. D. Moehlman's analysis, 12148
response contingent infusions of cocaine vs dextroamphetamine vs norcocaine with vs without pretreatment with phenoxybenzamine vs pimozide, relative potency determined by self administration behavior, dogs, 9957

Doll Play
family concepts as measured by structured doll play, 3–5 yr olds from divorced parents, 7970

Domestication (Animal) [See Animal Domestication]

Dominance (Animal) [See Animal Dominance]

Dominance Hierarchy
dominance structure in play group, 2 yr olds, 5553
hierarchical vs nonhierarchical models, dominance in social organization, 2 yr olds, 3419
interactional dominance & agonistic hierarchy & territorial behavior, institutionalized severely to profoundly mentally retarded 16–50 yr old females, 8262
perceived status relative to confederate, visual submissive vs dominant behavior, female college students, 5741
selective breeding for body weight, agonistic behavior & social dominance & stress, chickens, 12181
social rank in agonistic hierarchy, food access, male red deer, 7343
sociometric measures such as social competence vs visual regard vs dominance status vs attention rank, measurement of aggression & play behavior, 4 yr olds, 2426
ultrasonic vocalizations & open field behavior before vs after establishment of dominance, male gerbils, 7358

Dominance [See Also Related Terms]
differences & similarities between the constructs of authoritarianism & dominance & assertiveness, 10399

methodology, social development research using concepts of dominance & bidirectionality, 9270
negotiators' visual accessibility & accountability, cooperation & competition in bargaining, college students, 12757
perceived status relative to confederate, visual submissive vs dominant behavior, female college students, 5741
rating of dominant acts for prototypes of dominance category of behaviors, college students, 5841
sex differences, dominance behavior toward & from opposite-sex coworkers & superiors, university employees, 6809
sex differences, rating dominant vs communal acts as socially desirable & performing acts of dominance, college students, 12738
territoriality & dominance, college professors, 4284
use of behavioral cues in judges' perceptions of dominance in dyadic conversations, college students, 10365
vocal participation & open- vs closed-ended questions, perceptions of dominance in conversation, college students, 10321
Domination [See Authoritarianism]
Donors [See Charitable Behavior]
DOPA
dopamine analog called 6,7-dihydroxy-2-dimethylaminotetralin vs apomorphine, locomotor activity & pre- & postsynaptic receptor activity, rats, 9934
Dopamine
aging effects on dopaminergic receptors coupled to formation of cyclic adenosine monophosphate, rats, 7475
amphetamine, circling behavior, female cats, implications for endogenous asymmetry in striatal dopamine activity, 12361
apomorphine, contralateral turning, male rats, 5387
apomorphine & haloperidol induced changes in neostriatal dopaminergic activity, degree of self & externally produced constraints on behavior pattern selection, male rats, 9924
apomorphine vs dextroamphetamine vs propylnorapomorphine, stereotypic cage climbing, male mice, 12413
brain amines & dopamine & endorphin, affective disorders & schizophrenia, 10526
bromocriptine as treatment for chlorpromazine-induced galactorrhea, exacerbation of treated mania, bipolar manic depressive 19 yr old female, 8587
cerebrospinal fluid serotonin & dopamine levels & treatment with levo-5-hydroxytryptophan, clinical status, male 20–33 yr old 47,XYY patients, 10913
dendritic release of dopamine in substantia nigra, literature review, 12198
dextroamphetamine vs apomorphine & 6-hydroxydopamine injections into anterolateral hypothalamus vs mesolimbic & anterior striatal terminal fields, locomotor activity, male rats, 7641
dextroamphetamine vs gamma-butyrolactone vs haloperidol, motor activity & loss of righting reflexes & brain dopamine levels, mice bred for differing sensitivity to alcohol, 678
dextroamphetamine vs levoamphetamine, firing rates of dorsal substantia nigra vs ventral tegmental area dopamine neurons, rats, 9921
dichlorvos, open field behavior & motor activity & correlation with regional brain levels of norepinephrine & dopamine & serotonin, male rats, 859
dopamine analog called 6,7-dihydroxy-2-dimethylaminotetralin vs apomorphine, locomotor activity & pre- & postsynaptic receptor activity, rats, 9934
dopamine autoreceptors, role in psychiatric disorders, review of clinical & preclinical research, 2996
dopamine hypothesis, pathophysiology of schizophrenia, 3764
dopaminergic breakdown & cognitive deficit in schizophrenia, 3789
dopamine vs noradrenaline vs 5-hydroxytryptamine injections into accumbens & caudate-putamen nuclei, exploratory & locomotor & stereotyped behavior, nialamide-pretreated male rats, 12385
exposure to inescapable shock & clonidine & apomorphine prior to shock vs testing, escape deficits & mediation by dopamine & norepinephrine, male mice, 860
Haldol &/vs estradiol benzoate treatment, enhanced response to dextroamphetamine & apomorphine & synergism, rats, 889
haloperidol & apomorphine, spontaneous activity & stereotypy responses during & after haloperidol withdrawal, rats, implications for methodology in neuroleptic treatment studies, 9971
hydrocortisone, norepinephrine & serotonin & dopamine reuptake in hypothalamus, male rats, implications for clinical study of depression, 7669
intermittent haloperidol, caudate dopamine receptor binding, mice, implications for prevention of tardive dyskinesia, 3138
intranigral injections of GABA & muscimol following pretreatment with bicuculline vs haloperidol vs atropine vs strychnine, circling behavior & role of nigrostriatal dopaminergic system, female rats, 896
intranigral 6-hydroxydopamine & denervation, dopamine receptors & adenosine cyclic monophosphate & dopamine content in caudate nucleus, male rats, 5315
intrathecal administration of serotonin & norepinephrine & dopamine & their agonists, acoustic startle reflex, male rats, 9913
iprindole & amfonelic acid, modulation of amphetamine-induced long lasting striatal dopamine depletion, male rats, 883
lesions of medial prefrontal cortex using 6-hydroxydopamine alone & with desipramine pretreatment, spontaneous motor activity & dextroamphetamine induced stereotyped behaviors & norepinephrine & dopamine turnover, male rats, 834
lisuride-induced hypothermia & microsomal biotransformation & dopaminergic receptor stimulation, rats & rabbits, 9923
long term dextroamphetamine, substantia nigra self stimulation response sensitization & depression & role of dopamine neurotransmission, rats, implications for animal model of amphetamine psychosis, 797
long-term dietary levodopa, body weight & locomotor activity & number of dopamine receptors, C57 vs BALB/C mice, 7689
MAO & dopamine-beta-hydroxylase activity, 24–65 yr old depressed patients, 1469
mesolimbicocortical dopamine terminal field denervation by hypothalamic 6-hydroxydopamine injections & desmethylimipramine & apomorphine & clonidine & pimozide, locomotor & exploratory behavior, rats, 5367
metoclopramide, psychosis, 24–56 yr old male patients, 13355
minor physical anomalies & obstetrical history & newborn dopamine-beta-hydroxylase, irritability & unsociable response & activity levels, infants at 5 mo & 1 yr, 12468
morning vs afternoon immobilization stress, plasma & adrenal corticosterone & brain epinephrine & norepinephrine & dopamine levels, male rats, 9864
neuroleptics, neuromelanin levels in substantia nigra & locus ceruleus, schizophrenics, 3790
neuroleptics & methyldopa vs rubidium vs tryptophan-benserazide, symptoms, schizophrenics, implications for brain dopamine deficiency, 1838
nigral transplants, striatal dopaminergic neurotransmission & spontaneous motor behavior & sensorimotor orientation & sensory attention, female rats with bilateral nigrostriatal dopamine pathway lesions, 12329
operant blood pressure conditioning, plasma catecholamine & renin levels & systolic & diastolic blood pressure & heart rate, male baboons, 9738
overview of brain chemistry & behavior, 5187
oxotremorine & alfa-methyl-para-tyrosine methylester & nialamide, retention & dopamine & norepinephrine levels in brain, male mice, 5379
pretreatment with levodopa alone & with benserazide followed by drug challenge, locomotor stimulation & role of central dopamine receptor sensitivity, male mice, 895
pseudoconditioning vs classical conditioning vs avoidance without stimulus pairing vs 2-way avoidance, brain dopamine & noradrenaline levels, rats, 3053
repeated ECS & antidepressants, dopamine autoreceptor subsensitivity, male rats, 7555
repeated tricyclic antidepressant administration, apomorphine depression of spontaneous activity of single dopamine neurons, male rats, 7626
reserpine vs pimozide vs diethyldithiocarbamate vs methysergide vs dextroamphetamine, stereotypic behavior vs disaggregation of polyribosomes, rats, 12412
restraint & water immersion stress, distribution of tritiated dopamine in adrenal medulla, male mice, 794
role of dopamine & poitive vs negative symptoms in schizophrenia, response to A. Mackay's article, 8143
role of dopamine & positive vs negative symptoms in schizophrenia, criticism of T. J. Brow's study., 8160
sc haloperidol, immune response to 1-chloro, 2,4-dinitrobenzene, female mice, 12402
serum dopamine-beta-hydroxylase, schizophrenics, 5982
sex, apomorphine's failure to induce dopamine receptor hypersensitivity, rats, 5369
sex & estrus-related differences, dextroamphetamine-stimulated release of dopamine from striatal & mediobasal hypothalamus tissues, rats, 9916

species differences vs dopamine vs MAO inhibitors, drug deamination vs sensitivity, adult humans vs nonhuman primates vs rodents, 12359
substantia nigra transplantation to neostriatum, nigrostriatal dopamine pathway destruction, female rats, 5298
success vs resistance to chlorpromazine therapy, nuclear schizophrenics vs schizoaffectives, 1444
tiapride, homovanillic acid levels in human cerebrospinal fluid drawn at pneumoencephalography, male 27–61 yr olds, 9964
trifluoperazine, striatal & mesolimbic dopamine function, male rats, 5357
tritiated apomorphine labeling of dopamine postsynaptic receptors & autoreceptors, rats, 7493
ultradian rhythms & chronic imipramine, specific dopamine receptor binding of tritiated spiroperidol in striatum, male rats, 912
visual evoked potential & serum dopamine-beta-hydroxylase & augmenting-reducing responses, psychiatric patients, 1495
6-hydroxydopamine & desmethylimipramine vs dextroamphetamine vs methylphenidate vs scopolamine, brain dopamine & norepinephrine levels & hyperactivity, newborn vs infant rats, 7678

Dormitories
attitudes toward counseling & authority & interpersonal relationships, inmates in honor vs regular prison dormitories, 1978
behavioral weight control program, weight loss, 18–24 yr old residence hall students, posttreatment followup, 8495
experimental vs traditional residence setting & faculty & peer relationships, educational growth, college freshmen, 6709
factor analysis, dimensions of perception of physical characteristics of homes & neighborhoods & high schools & university residence rooms, 9th & 10th graders & college students, 7016
interpersonal relationships, perceived crowding & loss of personal control, college students in double- vs triple-occupancy housing, 5731
personality & prior feeling of isolation & satisfaction with living situation & social contacts & group vs single living quarters, feeling of social isolation, dormitory-housed college students, 3607
privacy regulation & dormitory room decorations & adjustment to university life, college freshmen, 5778
sex & crowded dormitory conditions, values & expectancies of privacy & coping behavior, college freshmen, 2297
sex differences & personality & attitudes vs room's physical characteristics & social situation, spatial behavior, college students in double-occupancy residence rooms, 5755

Dorsal Roots
central & peripheral neural mechanisms for swimming, bullfrog tadpoles, 3008
in utero exposure to maternal antibody for nerve growth factor, pre- & postnatal destruction of dorsal root ganglion & sympathetic neurons, rats & guinea pigs, 7658
locus coeruleus noxious & innocuous cutaneous electrical stimulation, lumbar spinal dorsal horn response, cats, 9871

Double Bind Interaction
therapeutic discharge as "counterparadox" maneuver when helplessness dominates client-therapist relationship, 13221

Doubt
uncertainty of ability to perform successfully & presence of performance enhancing options, level of alcohol consumption, male college students, 5710

Doves
aromatization of testosterone within hypothalamus & behavioral action of androgen, male doves, 729
egg fertility & absence of mate & hormonal state, termination of incubation, doves, 5265
evaporation cooling from inflated esophagus, thermoregulation, doves, 5253
length of photoperiod & season, gonadal regression, ring doves, 9830
presence vs absence of food signals & termination of reinforcement to 1 key, switching to reinforced key & continued pecking of extinguished key & role of signals as reinforcers vs informants, doves, 5096
radio frequency lesions & intracranial hormone implants in nucleus intercollicularis region of midbrain, nest coos in response to male courtship & follicular growth, female ring doves, 9832

Downs Syndrome
age differences, affective response to repeated event, Down's syndrome mean age 9.8 mo vs 20.2 mo olds, 10596
age of infant & context, maternal speech characteristics, Down's syndrome 3.7–17 mo old & his mother, longitudinal study, 8236
continuation vs withdrawal of behavior model, learning to follow instructions, severely mentally retarded Down's syndrome 6–14 yr olds, 8981
development & age distribution of intellectual & adaptive skills, 3 mo to 15 yr old Down's syndrome children, implications for early intervention, 8253
development of eye contact with mother, normal vs Down's syndrome infants during 1st 6 mo of life, 13058
differences in visual discrimination & perceptual skills in size & form & order, Mongoloid vs subnormal non-Mongoloid vs normal children, 6091
early & continuous parental counseling & preschool stimulation, psychosocial & mental development, home reared vs institutionalized Down's syndrome 10–19 yr olds, 6468
increased pattern density &/vs size, preferences in visual discrimination matching task, Down's syndrome 8–16 yr olds vs normal 4–6 yr olds, 6092
institutional vs home rearing environment & sex differences, level of syntactic usage, Down's syndrome 6–12.7 yr olds, 8284
interrelationships of biomedical & environmental & developmental variables, Down's syndrome children followed from birth to 36 mo, 8265
kinesthetic movement aftereffects, severely retarded Down's syndrome 8.1–14.1 yr olds vs non-Down's syndrome 9–15.3 yr olds vs normal 4–6.5 & 7.1–15 yr olds, 8223
MA vs CA, symbolic play level, Down's syndrome 1.7–4.4 yr olds, 10599
mother's strategies in teaching her Down's syndrome child, mother & Down's syndrome child, 3864
participation in early education development project, development, Down's syndrome 3–37 mo olds, 8976
peer interaction during play session, Down's syndrome 3–4.5 yr olds, 10612
performance on spatial vs temporal components of continuous tracking & drawing tasks, Down's syndrome 7.2–14.3 yr olds vs mentally retarded 7.3–14.5 yr olds, 10598
phonological analysis of spontaneous speech, 3–6 yr old Down's syndrome children, 6090
physical characteristics & chromosome analysis & diagnosis & education & social consequences of Down's syndrome, children & adolescents, Fiji & Tonga, 8264
position cues, visual discrimination, Down's syndrome vs other mentally retarded 6.8–15.3 yr olds, 10615
preference for symmetrical vs nonsymmetrical figures, Down's syndrome 6.4–15.8 yr olds vs non-Down's syndrome subnormal 7.8–16.4 yr olds vs normal 3.9–4.5 yr olds, 8274
pre-meaningful vocalizations, normal vs Down's syndrome 9–13 mo olds, 10613
sensorimotor & language development, 12–19 mo old nonretarded infants vs 24–38 mo old Down's syndrome children of the same developmental age, 8251
social restitution & DRO, assaultive & inappropriate interpersonal sexual behavior & genital self stimulation, male Down's syndrome 13 yr old, 8548
spontaneous imitations, 3.9–6.2 yr old Stage 1 Down's syndrome children, 10592
suggestions for physician's informative advice to parents of Down's syndrome infants, 6582
temperament as identified by questionnaire & mother's perceptions of temperament, Down's syndrome 6–18 mo olds, 1541
verbal vs nonverbal communication with strangers vs acquaintances, Down's syndrome 17–37 yr olds, 10602
vitamin & zinc levels, Down's syndrome 29–55 yr olds with vs without hyperkeratosis, 10431

Doxepin [See Antidepressant Drugs, Tranquilizing Drugs]

Drama
perverse polymorphic sociopathy, H. Ibsen's "Peer Gynt", 7731
psychoanalytic interpretation of "Endgame" by S. Beckett, 5439

Draw A Man Test [See Goodenough Harris Draw A Person Test]

Drawing
accuracy with which Golden Section & various proportions are drawn, college students, 7164
array specific information in drawings indicating comprehension of internal spatial relationships & viewing position, 5–8 yr olds, 3350
construction & reliability & validity of Progressive Figure Drawing Test, assessment of perceptual motor development, mentally retarded psychotic adults, 187
contextual clues in free landscape drawings, "air gap" phenomenon, 6–13 yr olds, 10055

creativity in drawings, children from traditional vs psychoanalytical kindergarten, 2115
development of graphic expression in adolescence, drawing & adult communication, 3375
drawings stimulated by superimposed vs separate visual images, artistic creativity, college students enrolled in studio art courses, 7734
drawn sequences of positions, performance of motor coordination tasks, children, 8855
memory for own vs others' drawings & block constructions & maze paths, play following failure, 3–4 yr olds, 10086
operative level as indicated by maturity of verticality concepts, copying &/vs reproduction of verticality drawings & immediate vs long term memory, 1st–5th graders, 1-wk & 5-mo followups, 3349
orientation in which object viewed, view shown in drawing, kindergartners vs 2nd vs 4th graders, 10061
performance on spatial vs temporal components of continuous tracking & drawing tasks, Down's syndrome 7.2–14.3 yr olds vs mentally retarded 7.3–14.5 yr olds, 10598
political themes in children's drawings & books & cartoons, China, 5470
single vs multiple retelling & picture drawing & picture review as comprehension interventions, story recall, children from day care centers & preschools, 13566
symbolic expression of psychedelic experiences through drawings & paintings, male 21 yr old drug addict, 13038
teaching program, learning of projective drawing, 3rd graders, 13573
use of A. Rey's figure drawing instrument, measurement of personality disorders, 7–15 yr olds, 146
utilization of alignment cues in representing 3-dimensional relationships on 2-dimensional medium, 9–10 yr olds, 1000
validity of Draw-A-Tree test, measure of extroversion vs neuroticism, college students, 9361

Dream Analysis
affective aspects of dreams, normal vs neurotic vs hysterical Ss, discussion of Vujic's theories on dream interpretation, 521
psychoanalytic & neurophysiological analysis of dreams, 2820
significance of names in dreams for eliciting associations leading to previously unacknowledged material, psychiatric patients, 1732

Dream Content
affective aspects of dreams, normal vs neurotic vs hysterical Ss, discussion of Vujic's theories on dream interpretation, 521
age differences, dream & fantasy content, 27–64 yr old males, 12564
clinical syndromes & dream phenomena & treatment approach, Holocaust survivors in Hasidic & ultra-orthodox Jewish communities, 1733
expression of feeling & spatio-temporal displacement in dreams, emotionally expressive college students, 11731
intensity of emotional content in dreams recalled, college students, 12872
psychological aspects of REM sleep dreams, brain activation during REM sleep, adults, implications for activation-synthesis hypothesis, 7412
reliability, artificial dream insemination as experimental technique, males, 125
synergism of consciousness & unconsciousness, structure of dreams, 29
transcendental meditation vs relaxation, anxiety & ego strength & dream content & recall, male college students, 3037
traumatic dreams, psychosomatic patients, 8344

Dream Interpretation [See Dream Analysis]

Dream Recall
engagement of right vs left hemisphere & dream recall, lateral eye movements, 2984
manifest object representations in Rorschach protocols & dream recall, obsessive/paranoid vs hysterical/impulsive borderline vs nonparanoid schizophrenic patients, 1482
transcendental meditation vs relaxation, anxiety & ego strength & dream content & recall, male college students, 3037

Dreaming [See Also Nightmares, REM Dreams]
clinical application of functional psychotherapy, dreams, 8440
expression of feeling & spatio-temporal displacement in dreams, emotionally expressive college students, 11731
psychoanalytic & neurophysiological analysis of dreams, 2820
reliability, artificial dream insemination as experimental technique, males, 125
sleep environment, sleep & dreams, college students, 5068
synergism of consciousness & unconsciousness, structure of dreams, 29
theory of dreams focusing on behavioral & physiological adaptive value, 7509

Drinking (Alcohol) [See Alcohol Drinking Patterns]
Drinking Attitudes [See Alcohol Drinking Attitudes]
Drinking Behavior [See Also Alcohol Drinking Patterns, Animal Drinking Behavior, Problem Drinking, Social Drinking, Water Intake]
commentary on F. M. Toates's concept of homeostasis & drinking, 6935
continuous vs alternate stimulation with sodium chloride & sodium saccharin during drinking, taste adaptation, 18–33 yr olds, 11742
liquid ingestion volume illusion, college students, 306

Drinking Behavior (Animal) [See Animal Drinking Behavior]
Drive [See Motivation]

Driver Education
driver training strategy, moderately mentally retarded 28 & 32 yr olds, 2170

Driver Safety [See Highway Safety]

Drivers
auditory-vocal subsidiary tasks, measurement of mental load & interference during driving, drivers, 4590
brake signal presentations using brake lamp system with vs without supplemental high mounted brake lamps, brake responses, unsuspecting drivers, 2280
correction-maneuver vs perceptual tropism explanation for steering shift when meeting oncoming car, drivers, criticism of M. Helander's study, 2284
friction coefficient & driver behavior & studded vs unstudded tires, risk of skidding, drivers, 13786
group satisfaction & agreements & heterogeneity & equity norms & time-origin-destination constraints, continued participation in ridesharing group, ridesharing participants & dropouts, 6894
maschismo as salient component in ethos, truck drivers, Peru, 3488
optimal preview control method, simulation of closed loop automobile driving, 11514
prolonged driving, perceptual functions, drivers, 4580
prolonged driving, psychological & perceptual-motor functions, drivers, 4579
recognition of & actual time spent reading road signs, 19 vs 25 vs 30 yr old males, 4578
unexpected light stimulus, vehicle steering response latency, drivers, 4588

Driving Behavior
auditory-vocal subsidiary tasks, measurement of mental load & interference during driving, drivers, 4590
brake signal presentations using brake lamp system with vs without supplemental high mounted brake lamps, brake responses, unsuspecting drivers, 2280
cluster analysis, driving behavior variables, experienced drivers, 7158
correction-maneuver vs perceptual tropism explanation for steering shift when meeting oncoming car, drivers, criticism of M. Helander's study, 2284
development of criteria for assessment of alcohol related driving impairment & review of legislation, England, 10279
diazepam & group vs individual testing, gap judging ability, drivers, 3225
distortion of visual field spatial geometry, reduction of sensory adaptation in movement perception & application to traffic accident prevention, 19–50 yr olds, 4907
field dependence vs field independence & noise, reaction to simulated driving emergency, male college students, 4566
friction coefficient & driver behavior & studded vs unstudded tires, risk of skidding, drivers, 13786
gasoline shortage, automobile driver behavior & adoption of rationing plans, US, 6896
outline of alternative research approach, human factors & highway-accident causation, 4586
presence vs absence of destinations on highway signs, selection of traffic lanes, employees of State Employment Office & Department of Transportation, 13783
prolonged driving, perceptual functions, drivers, 4580
prolonged driving, psychological & perceptual-motor functions, drivers, 4579
psychiatric vs physical illness, accidents & traffic code violations, 18–67 yr old patients, 10407
recognition of & actual time spent reading road signs, 19 vs 25 vs 30 yr old males, 4578

respect for law & empathy & peer influence, involvement in prior automobile accidents, US males enrolled in "driving while drunk" classes, replication of study by A. W. Clark in Australia, 6041
steering with vs without rear monitoring & peripheral field of view & steering frequency in simulated tractor operation, RT to & detection of peripheral light stimuli, male graduate students & university staff members, 2272
unexpected light stimulus, vehicle steering response latency, drivers, 4588
vehicle following maneuvers, time headway, experienced truck drivers, 4569
Dropouts [See Also College Dropouts, School Dropouts, Treatment Dropouts]
change in occupational specialty, academic performance & attrition rate, retrained US Air Force enlistees in technical schools, 6835
college background pipeline assignment, flight training performance & drop out rate, Black vs White US Navy flight officer candidates & officers-under-instruction, 6816
home hemodialysis training dropouts, couples with mean age of 46 yrs entering training for treatment of end-stage renal disease, 10979
Drosophila
age, fertility & competitive mating success, male flies, 3020
alcohol dehydrogenase polymorphism, mating success, Drosophila melanogaster, 2956
choice of various oviposition sites, behavior & genetic variability, Drosophila melanogaster, 2943
chromosomal differences, breadth of foraging activity & feeding rate, Drosophila melanogaster larvae, 7419
chromosome differences, lines of Drosophila melanogaster selected for locomotor activity, 689
divergent selection on locomotor activity, Drosophila melanogaster of distinct geographical origin, 690
dunce mutation of learning, cyclic adenosine monophosphate defect, fruitfly, 2827
genotypic homozygosity for electrophoretically fast vs slow null alleles at alcohol dehydrogenase locus, role of acetaldehyde buildup in avoidance responses to various ethanol concentrations, Drosophila larvae, 7508
habitat selection, maintenance of deleterious allele, Drosophila, 7363
location in storage container, mating behavior, male Drosophila of the same laboratory strain, 9741
methodological reduction of competing & noxious stimuli, discrimination learning of instrumental response, Drosophila melanogaster, 5117
mutations involving photoreceptors, mating success, drosophila melanogaster, 684
preference for ethanol in geographic populations, fly larvae, Australia & New Guinea, 2954
rape & courtship behavior, wild drosophila vs strain selected for light-independent mating, 12184
reproductive isolation, lines of Drosophila melanogaster selected for locomotor activity, 688
role of duetting songs, courtship behavior, female Drosophila vs Zaprionus species, 9677
selection for wing vibration component of courtship, 44 generations of Oregon-R stock of Drosophila melanogaster, 685
strain differences, courtship sequences, male Drosophila melanogaster vs simulans vs hybrids, 9751
strain differences, courtship sounds, drosophila mercatorum, 7407
strain differences, sexual isolation & selection, drosophila immigrans, 7398
time, photobehavior, Drosophila species, 9744
Drowsiness [See Sleep Onset]
Drug Abuse [See Also Drug Addiction, Heroin Addiction]
abuse of anticholinergic antiparkinson drugs, literature review, 6052
blood phencyclidine detection, psychiatric hospital patients, 6485
combat experience, posttraumatic stress reactions, male Vietnam veterans seeking treatment for drug abuse, 5919
comparison of symptoms vs background vs mental status vs diagnosis, inhalant vs noninhalant users vs nondrug users, 1521
correlation between & reliability of Schedule of Recent Events & Social Readjustment Rating Scale, alcohol & drug abuse clients, 7073
damage to gas exchange surface of lungs as result of freebase cocaine smoking, 21 & 27 yr olds, 10444
demographic & diagnostic & familial & drug abuse variables, suicide attempts, patients with residential drug treatment program, 8221
development of paranoid psychosis, female 36 yr old diethylpropion abuser, 10432
dextroamphetamine vs diazepam vs placebo, drug preference & mood, 21–32 yr olds, 12374
dextroamphetamine vs placebo, drug preference & mood, 21–32 yr olds, 12375
diagnostic classification model, subgroups of substance abusers, 10538
drug abuse prevalence, male vs female medical residents, India, 13049
drug abuse style & type & neuropsychological impairment, polydrug users, 8096
drug career of amphetamine & opiate abusers, followup studies, 6525
exclusive abuse of sedative-hypnotic drugs, field dependence, psychiatric patients, 3838
factors differentiating those who did vs did not commit suicide, patients at risk for suicide & who met criteria for alcohol abuse, 13041
generic vs single substance abuse model, alcohol addiction, 10570
issues in illegal narcotic use, young people, 10300
legal issues about confidentiality in family therapy with substance abusers, 2039
length & intensity of alcohol abuse, cortical atrophy, 30–49 yr old alcoholic males, 10425
length of time spent in methadone maintenance vs therapeutic community vs outpatient drug-free treatment, follow-up outcomes, drug abusers under 18 vs over 30 yrs old, 11054
MMPI two-point code type frequencies, 15–28 yr old drug abusers, 2509
natural history of drug abuse, US, 1960s–1970s, 6047
origins & symptoms & treatment, psychotropic drug use & abuse, females, 10210
patient characteristics & posttreatment alcohol abstinence & polydrug abuse, MMPI profile, inpatient alcoholics, 8219
pentazocine & tripelennamine abuse, medical & psychiatric complications, male veterans, 3840
serum cholesterol levels, 18–30 yr old male psychiatric inpatients with antisocial personality vs alcoholism vs drug abuse problems, 12932
simple count vs differential weighting, scaling life events, alcohol & drug abuse clients, 7101
type of drug abuser, outcome of institutional treatment program, 6533
validity & interrelationship & racial bias, MMPI alcohol & drug abuse scales, male prisoners with mean age 22.3 yrs, 11698
Drug Addiction [See Also Heroin Addiction]
age, psychological & pharmacological cigarette addiction, adult male VA outpatients, longitudinal study, 12729
causes & treatment methods, drug addiction & alcohol abuse, children & adolescents, West Germany, 1982
changes in ego structure, functional psychosomatic illness, opium addicts, 1395
chronic excessive glutethimide intake, severe hypocalcemia, 37 yr old female, 13137
current developments in epidemiology & characteristics & chemotherapy of narcotic addiction, 1977 conference proceedings, 1856
demographic characteristics & death attitudes, orientation toward abortion & suicide & euthanasia, adult male alcoholics & drug addicts & prisoners vs government employees, 10551
desipramine, withdrawal from chronic phencyclidine dependence, drug abusers, 13458
drug relevance of stimulus words, suppression of associations related to stages of addiction, male heroin or opiate addicts, implications for measurement of habit strength, 1517
evaluation of comprehensive pregnancy care program, female opiate addicts, 6 mo followup survey, 8424
function of endorphins in brain & possible role in opiate addiction & mental disorders, review of research, 698
MMPI profiles, physicians hospitalized in psychiatric institution vs drug treatment center vs healthy physicians, 1367
past history of audiogenic seizure testing, audiogenic seizure responses to ethanol addiction/withdrawal, male rats, 7701
prenatal narcotic addiction, behavioral concomitants including mental & psychomotor development & irritability of CNS, neonates, 3- & 6- & 12-mo followups, 6054
propoxyphene napsylate vs methadone hydrochloride, effectiveness as maintenance treatment, 19–55 yr old narcotic addicts, 11055
psychological & social factors in drug addiction & group therapy treatment, adolescents, 1530

regional cerebral blood flow during acute amphetamine intoxication, 25 yr old male addict, 10409
responses to process association tests of addiction, suppression vs enhancement of other responses & development of suppression scale, male opiate addicted prisoners, 7055
response to clean vs drug relevant vs drug word stimuli as indicator of stage of addiction vs steps in drug taking vs drug effects, male opiate vs heroin addicts, 13030
symbolic expression of psychedelic experiences through drawings & paintings, male 21 yr old drug addict, 13038
voluntary vs nonvoluntary drug abuse treatment, self reported psychopathology, drug addicts, reply to W. E. Penk & R. Robinowitz's criticism, 1988
Drug Administration Methods
acute & chronic morphine & nalorphine induced withdrawal, time-course response of brain & adrenal dopamine & norepinephrine induced by alpha-methylparatyrosine, female rats, 891
continuous vs bolus cholecystokinin-octapeptide injections to cerebral ventricles, feed intake, castrated male sheep, 875
drug & iv injection dose & access conditions for codeine vs cocaine vs etorphine, drug maintained leverpressing rates, rhesus vs pigtail macaques, 9973
haloperidol in 3 oral regimens, symptoms & side effects, hospitalized acute schizophrenics, 1841
injections of anisomycin 5 hr vs 20 min prior to training, amnesia & impairment of retention of passive avoidance, male mice, 872
intermittent haloperidol, caudate dopamine receptor binding, mice, implications for prevention of tardive dyskinesia, 3138
intermittent pimozide vs fluphenazine decanoate, relapse & side effects & plasma concentrations & prolactin levels, male chronic schizophrenics, 6400
long term dextroamphetamine, substantia nigra self stimulation response sensitization & depression & role of dopamine neurotransmission, rats, implications for animal model of amphetamine psychosis, 797
morphine self administration, neurotransmitter turnover, male rats, 5408
naloxone administration into periaqueductal gray vs icv vs systemically, behavioral syndromes, male rats, 9940
oral vs ip injections of methylphenidate hydrochloride vs dextroamphetamine sulfate vs placebo, level of locomotor activity, male rats, 7694
posttraining pentylenetetrazol, facilitation of single-problem discrimination learning vs learning set, rhesus monkeys, 866
self administration of cocaine vs dextroamphetamine vs phenmetrazine vs fenetylline, performance on FI vs VI vs FR schedules, rhesus monkeys, 12369
single vs repetitive oral tryptophan administration, blood tryptophan & serotonin & kynurenine concentrations, male 20–50 yr olds, 12416
standard vs sustained release methylphenidate, minimal brain dysfunction, 6–14 yr olds, 4109
subdiaphragmatic vagotomy & administration of ethanol via ip vs intragastric routes, acquisition & extinction of ethanol induced taste aversions, male rats, 841
Drug Adverse Reactions
acute loxapine overdose, medical complications & seizures, 19–34 yr old patients, 10718
chronic excessive glutethimide intake, severe hypocalcemia, 37 yr old female, 13137
combined lithium & haloperidol toxicity, male patient, 13354
lithium carbonate therapy, diabetes insipidus & renal damage & depletion of thyrotropin-stimulating hormone, 18 yr old male with Gilles de la Tourette syndrome, 4107
lithium carbonate treatment, neurological complications & organic brain syndrome & extrapyramidal side effects & seizures & EEG changes, 6383
lithium carbonate with vs without imipramine hydrochloride, prevention of relapse & subsequent illness, 18–65 yr old Bipolar I patients, 10935
longterm use & adverse effects of phenothiazines & lithium, 8589
maintenance lithium therapy combined with chlorpromazine & haloperidol, cardiac & respiratory arrest, 35 yr old manic female, 1861
neurochemistry & pathophysiology of parkinsonism & symptomatology of levodopa-induced psychosis, 1375
pentazocine & tripelennamine abuse, medical & psychiatric complications, male veterans, 3840
symptoms & use of physostigmine in diagnosis & treatment, anticholinergic psychosis, 1842
therapeutic doses of antidepressants, cardiovascular complications, 8578
thyroid replacement therapy, manic syndrome, hypothyroid patients, 6139
Drug Dependency [See Also Drug Addiction, Heroin Addiction]
acute vs chronic ethanol treatment & withdrawal, climbing fiber burst activity & total firing rates & rebound indicating tolerance & dependence, male rats, 3206
biological factors in cigarette smoking, 6035
catheterization, oral morphine consumption, male rats, 5299
chlormethiazole dependency, 40 yr old female treated for benzodiazepine & alcohol withdrawal symptoms, 10915
cigarette smoking as form of drug dependence, 12735
continuous-access phencyclidine self-administration, physical dependence, rhesus monkeys, 7620
contributing factors to suicide, adults with mean age of 45.5 yrs, retrospective study, 10547
dependence on benzodiazepines & criteria for maintaining drug treatment & withdrawal, 6418
fenmetozole, ethanol-induced impairment of aerial righting reflex, male rats & female mice, 3169
morphine & naloxone, EEG of medial thalamus & hippocampus & frontal cortex, drug naive & morphine dependent paralyzed male rats, 9947
morphine & naloxone, schedule-controlled response rates, morphine-dependent vs postdependent male rats, 7623
nutritionally complete & balanced liquid diet containing ethanol, induction of physical dependence on & tolerance to & withdrawal from ethanol, male rats, 909
pretreatment source of income, response to methadone maintenance, narcotic-dependent males, 6-month followup, 13456
prevalence of social phobias & agoraphobia, alcoholics admitted to treatment unit, 6042
self administered enkephalin, opiate seeking behavior, morphine-dependent rats, 3218
sociocultural & economic & pharmacologic aspects & psychiatric implications & role in oral carcinoma, betel chewing, Papua New Guinea, 1104
Drug Dosages [See Also Drug Overdoses]
advantages of high vs standard dosage antipsychotics, review of controlled trials, 6371
agreement with colleagues, recommendations for drug therapy & diagnostic tests, cardiologists vs psychiatrists, 8793
alcohol dosage level, mood, college students, 920
anesthetic doses of chlorpromazine, memory enhancement, chicks, 3156
antidepressive drug dosage & blood plasma level, therapeutic response, literature review, 6373
attitudes toward medication changes, chronic psychiatric patients, 13342
butaclamol in varying doses, level of improvement & side effects, acute schizophrenics, 1845
chlordiazepoxide, disruption of brightness discrimination, male rats, 3166
chlordiazepoxide vs dextroamphetamine & fenfluramine, rate & duration & latency of feeding, male rats, 5359
chlorpromazine & dextroamphetamine with vs without various dosages of naloxone, avoidance behavior changes, squirrel monkeys, 3178
clorgyline vs pargyline pretreatment, reduction in phenylethylamine dose required to produce checking & other behavioral changes, rhesus monkeys, 930
continuous-access phencyclidine self-administration, physical dependence, rhesus monkeys, 7620
corticosteroid therapy, psychiatric side effects, literature review, 1858
daily opiate injections of various dosages, log dose/response curve flattening, rats, 9951
decrease & discontinuation of neuroleptic therapy, tardive dyskinesia & relapse, chronic schizophrenics, 4080
delta-9-tetrahydrocannabinol & dosage levels, male White King vs Silver King pigeons, replication of study by W. D. Gouvier & A. L. Yehle, 12363
dextroamphetamine dose & age of pup, maternal behavior, primiparous rats & their pups, 7681
dextroamphetamine small vs moderate doses, hunger & mood & arousal, 22–32 yr old females, 7657
dextroamphetamine vs apomorphine, behavior, male rats, observational method for measurement & analysis, 5370

dextroamphetamine vs diazepam vs placebo, drug preference & mood, 21–32 yr olds, 12374
dextroamphetamine &/vs pentobarbital injection, discrimination response generalization, pigeons, 618
dextroamphetamine with vs without chlorpromazine, rate vs accuracy on repeated acquisition task, pigeons, 932
dosage level of endorphin analog, maze running speed & errors, hungry rats, 12378
dosage levels of buspirone vs diazepam, aggressive behavior & hypoactivity & ataxia, rhesus monkeys, 12408
dosage of methylphenidate, learning vocabulary words, normal adults, 3187
dosage of phenobarbital as discriminative stimulus, stimulus control, pigeons, 5091
dosage of yohimbine, paradoxical sleep, male rats, 5382
dosage of zinc tannate salts of heroin & levoalpha-acetylmethadol & hydromorphone, severity of opiate withdrawal syndrome, male Sprague-Dawley rats, 867
dosage of 5-methoxytryptamine, physical & social behavior, macaques, 9937
drug & iv injection dose & access conditions for codeine vs cocaine vs etorphine, drug maintained leverpressing rates, rhesus vs pigtail macaques, 9973
estradiol benzoate & testosterone & androstenedione & dihydrotestosterone, sexual behavior, ovariectomized female cattle, 7563
ethanol, firing rates of single neurons in dorsal hippocampus & cortical EEG activity, male rats, 7650
exogenous melatonin & 12:12 light-dark cycle, self administration of ethanol, rats, 5407
flurazepam, methylphenidate-induced stereotyped behavior, mice, 7687
frontalis EMG biofeedback, insulin dosage, 24 yr old female with juvenile diabetes, 1822
haloperidol in 3 oral regimens, symptoms & side effects, hospitalized acute schizophrenics, 1841
high dose diazepam, hallucinations & delusions & mood & behavior, schizophrenic patients, 10912
high dose loxapine, symptoms & side effects, chronic treatment-refractory male schizophrenics, 13341
intracranial self stimulation & ACTH 4–9 related synthetic peptides, response frequency & general activity, male rats, 9942
intraventricular muscimol & diazepam, anticonflict action, male rats, 3148
iv single dose diazepam with vs without N-desmethyldiazepam, side effects & mood & continuous RTs & EEG, 18–29 yr old females, 9928
ketazolam vs diazepam 1 vs 3 times/day, anxiety symptoms, anxious 18–67 yr old outpatients, 8569
lesions & dosage level of 6-hydroxydopamine in locus coeruleus with vs without desmethylimipramine, sexual behavior & catecholamine depletion & midbrain damage, male rats, 7556
low dosage haloperidol vs thiothixene & aftercare, side effects & maintenance, schizophrenic outpatients, 8604
megadoses of fluphenazine, treatment outcome, 23–61 yr old schizophrenics, 10916
methergoline & methysergide & mianserine & cyproheptadine & pizotifen administration & morphine & codeine & fentanyl induced catalepsy, catalepsy changes, male rats, 3191
metoclopramide, psychosis, 24–56 yr old male patients, 13355
morphine & dextroamphetamine sulfate & pentobarbital sodium, shock & light discrimination, male rats, 7649
morphine dosage, self stimulation & stimulation escape, male rats, 7690
morphine & drug dosage level & food deprivation vs nondeprivation, food vs water intake, rats, 12307
morphine & naloxone, performance under discriminated approach vs avoidance schedules, male rats, 7618
morphine & naloxone, schedule-controlled response rates, morphine-dependent vs postdependent male rats, 7623
morphine & pentazocine & naloxone & barbiturates & ice-water stress & heat, tail-flick latency, male rats, 7668
naloxone vs beta-endorphin dosages, shuttle avoidance learning & tone response habituation, female rats, 12372
nighttime diazepam therapy at different dosages, diminished symptoms, 26 yr old male with chronic & destructive sleepwalking, 1867
pentylenetetrazol, behavior & EEG activity & cyclic adenosine monophosphate & cyclic guanosine monophosphate brain levels, female mice, 5365
progesterone administration following spontaneous heat & coital stimulation, sexual receptivity, female rats, 7635
propranolol & flupentixol decanoate, symptoms, chronic schizophrenics, 4096
response contingent infusions of cocaine vs dextroamphetamine vs norcocaine with vs without pretreatment with phenoxybenzamine vs pimozide, relative potency determined by self administration behavior, dogs, 9957
single dose & chronic desipramine administration, plasma concentrations & side effects, 69–92 yr old depressed females, 13328
single dose diazepam vs N-desmethyldiazepam, anxiety & sedation in stressful situation, female surgical patients, 10925
single large daily dose of maprotiline, tranquilizing & soporific effects, depressed hospitalized patients, 1855
single & repeated doses of triazolam &/vs desipramine, pharmacologic responses & brain catecholamine levels, rats, 9945
single & repeated neuroleptic dosages, noradrenaline & 3-methoxy-4-hydroxyphenylethyleneglycol & cyclic adenosine monophosphate in forebrain & spinal cord, male rats, 9910
sodium n-dipropylacetate & muscimol hydrobromide & nipecotic acid amide & dosage, isolation-induced aggressive behavior, mice, 9954
standard vs sustained release methylphenidate, minimal brain dysfunction, 6–14 yr olds, 4109
subchronic desipramine treatment, dextroamphetamine anorexia, male rats, 7707
suggestions for dosage & frequency & injection site of perphenazine enantate to minimize occurrence of abscesses, neuroleptic drug therapy patients, 6411
systemic vs spinal cord administration of 5-methoxy-N- N-dimethyltryptamine, acoustic startle reflex, male rats., 7629
thioridazine dosage, hyperactivity & bizarre behavior & self stimulation, severely mentally retarded patients, 6409
thioridazine dosage, prolactin levels, 22–49 yr old male acute schizophrenics, 6390
trimipramine, efficacy & side effects & therapeutic dosage, 4104
various dosage levels of cocaine hydrochloride, spontaneous motor activity & stereotypy, rats, 3141
various dosages of ethanol & intensity of stimulus noise, RT, rhesus monkeys, 3194
various dosages of morphine hydrochloride, memory facilitation & involvement of reinforcement mechanisms, male mice, 3193

Drug Effects [See Also Drug Addiction, Drug Adverse Reactions, Drug Dependency, Drug Sensitivity, Heroin Addiction, Side Effects (Drug)]

acrylamide, axonal transport of proteins, 3 day old chickens, 12403
ACTH, consolidation of memory, 33–60 yr old ECT-treated & untreated depressive patients, 13178
ACTH, memory retrieval, 23–67 yr old ECT-treated depressive patients, 13179
ACTH &/vs naloxone, offspring growth & eye & vaginal opening & open field activity & threshold for heat, pregnant mice, 12389
ACTH 4-9 analog, mood, aged volunteers, 7634
acute & chronic ethanol treatment, brain & pituitary endorphin levels, male Sprague-Dawley rats, 928
acute & chronic LSD administration, startle response, male rats, implications for use of LSD in schizophrenia research, 9920
acute & chronic morphine & nalorphine induced withdrawal, time-course response of brain & adrenal dopamine & norepinephrine induced by alpha-methylparatyrosine, female rats, 891
acute low dose ethanol injections, attenuation of shock elicited aggressive responding, rats, 934
acute vs chronic administration of fluoxetine & paroxetine & zimelidine & trazodone & amitryptyline, potentiation of tranylcypromine- & levotryptophan-produced serotonin syndrome, male rats, 7655
acute vs chronic administration of lithium, serum testosterone levels, male rats, 7682
acute vs chronic delta-9-tetrahydrocannabinol administration, sequential pressing of 2 vs 5 differently colored keys, squirrel monkeys, 12348
acute vs chronic propylene glycol dinitrate exposure, operant avoidance behavior & visual evoked responses, monkeys, 5389
administration of long-acting gonadotropin releasing hormone, hormonal & behavioral response, male chimpanzees, 7633
administration of sleep-promoting factor & delta sleep-inducing peptide, REM & NREM sleep, mice, 913
adrenalectomy & sc corticosterone, diurnal pattern of activity & sleep, male rats, 5314

adrenergic antagonists, retrograde amnesia due to cortical stimulation, male rats, 3215
age & sexual behavior & estradiol benzoate & progesterone, luteinizing hormone secretion, ovariectomized rats, 7680
alcohol, RT, introverted vs extraverted Ss, 5354
alcohol & chlordiazepoxide & intruder in home cage vs neutral cage, attack & threat behavior, male mice, 3192
alcohol dosage level, mood, college students, 920
alcohol & expectancies & social setting & sex, self reported depression, college students, implications for alcoholism-depression relationship, 7622
alcohol & expectancy of alcohol, fear & avoidance behavior, snake-fearful Ss, 9956
alcohol & expectancy of alcohol, physiological & behavioral & subjective responses in stressful situation, male social drinkers, methodological implications, 9919
alcoholic consumption & aggression, literature review, 3587
alcohol intoxication & hangover, performance on tracking task at ground level vs simulated altitude, male vs female private pilots, 3152
alcohol intoxication & hangover, tracking performance at ground level vs simulated altitude, male vs female private pilots, 5358
alcohol vs marihuana after learning, subsequent facilitation of memory, male Ss, 3198
alcohol &/vs tobacco, amplitude of contingent negative variation during RT task, nonsmokers vs tobacco-deprived vs nondeprived smokers, 7664
alpha-methylparatyrosine pretreatment, mescaline-induced increase in avoidance rate, rats, 5375
ambient air pressure & oxygenation, alcohol induced nystagmus, rabbits, 3077
amiloride, lithium-induced diabetes-insipidus-like syndrome & lithium levels in plasma & brain & kidney & thyroid & red blood cells, rats, 12354
amobarbital sodium, successive gustatory contrast, male rats, 3164
amphetamine, circling behavior, female cats, implications for endogenous asymmetry in striatal dopamine activity, 12361
amphetamine, surrogate stimulus huddling, preweanling rats, implications for amphetamine treatment of hyperkinetic children, 9670
amphetamine & phenylpropanolamine & high fat vs pellet diet, food intake, female rats with ventromedial hypothalamus vs dorsal tegmental lesions, 12315
amphetamine vs chlorpromazine vs physical restraint, play behavior vs amicable social behavior vs selection of play partner preferences, juvenile ..ts, 12370
amygdala & stria terminalis lesions & familiarization with mice, parachlorophenylalanine-induced mouse killing, rats, 5321
amygdaloid brain stimulation, disruption of conditioned taste aversion, male rats, 807
amyl acetate vs suckling pheromone stimulation, olfactory bulb uptake of 2-deoxy-dextro-glucose, rat pups, 3216
analog of ACTH 4–9, maze behavior, male mice, evidence for attentional alteration, 9941
androgens, responsiveness to aggression & stress-related odors, male mice, 3127
anesthesia &/vs ECT, depression & plasma tryptophan & recovery, unipolar depressed patients, 1687
anesthetic doses of chlorpromazine, memory enhancement, chicks, 3156
anisomycin & estradiol & progesterone, cerebral protein synthesis & sexual behavior, ovariectomized female rats, 3201
antidepressant drugs, 5-hydroxytryptamine-induced behavior, chickens, 5381
antidepressants, predatory behavior, male ferrets, 3209
antidepressants & atropine & antiparkinson drugs & neuroleptics & pentobarbital & diazepam & methamphetamine, tetrahydrocannabinol induced long lasting muricide, male rats, 882
antidepressive drug dosage & blood plasma level, therapeutic response, literature review, 6373
antihistamine, ionizing radiation protection, sexually intact male rats, 908
antipsychotic drugs & benzodiazepines, in vitro inhibition of indoleamine n-methyltransferase, 3200
antipsychotics & antidepressants & neurotransmitters & diuretics & antihypertensives, intracellular lithium ratio, 5395
anxiolytic activity of benzodiazepines via indole system, stress induced changes in plasma corticosteriods, male rats, 12382
apomorphine, contralateral turning, male rats, 5387
apomorphine, elicited vs operant pecking, pigeons, 12345
apomorphine & biperiden & alpha-methylparatyrosine & physostigmine & muscimol & picrotoxin, haloperidol-induced dystonia, monkeys, 7625
apomorphine following stressful situations, aggressive behavior & weight loss, male rats, 12309
apomorphine & haloperidol induced changes in neostriatal dopaminergic activity, degree of self & externally produced constraints on behavior pattern selection, male rats, 9924
apomorphine & lateral hypothalamic stimulation in shuttlebox, locomotor initiation & escape behavior, male rats, 9914
apomorphine & potentiation effects of additional drugs under hypoxic & normoxic conditions, conditioned avoidance to hypoxia, female rats, 3143
apomorphine vs dextroamphetamine vs propylnorapomorphine, stereotypic cage climbing, male mice, 12413
apomorphine vs RU 24213 vs dextroamphetamine vs bromocriptine vs levodopa & lesions of nigrostriatal pathway, stereotyped behavior & locomotion & rotation & anorexia & emesis, mice & rats, 865
area postrema lesion, antiaggressive effects of lithium, rats, 801
area postrema lesions, taste aversions induced by lithium chloride & scopolamine methyl nitrate & amphetamine & antiaggressive effect of lithium, rats, 7576
arousal inducement through behavioral task & dextroamphetamine, gains in horizontal vestibullo-ocular reflex, male rhesus monkeys, 12358
assumed sobriety vs intoxication, expected effects of alcohol on assertiveness, male alcoholics vs social drinkers, 10573
atropine methyl nitrate vs 6-hydroxydopamine hydrobromide, differential classical conditioning of eye-blink & heart rate, rabbits, 9911
atropine & reserpine & nialamide, neocortical low voltage fast activity during immobility & tremor & face-washing vs walking & struggling & postural changes & head movement, male rats, 7704
attributed arousal & duration of effect of pills & positive vs negative intelligence test feedback, attitude toward test & reports about effects of pills, male 13–17 yr olds, 5452
automated method for study of stereotyped gnawing induced by methylphenidate, rats, 4720
beta-carboline-3-carboxylic acid ethyl ester, diazepam displacement from brain tissue blockade of pentylenetetrazole-induced clonic seizures, mice, 9968
beta-phenylethylamine vs pargyline vs apomorphine vs haloperidol, blink rate, male monkeys, 12377
bicuculline on visual cortex, restoration of input from deprived eye, cats deprived of vision from birth to 5 mo, implications for intracortical inhibition in deprivation amblyopia, 12350
bicuculline vs picrotoxin vs strychnine vs morphine vs aminooxyacetic acid vs 3-mercaptopropionate vs thiosemicarbazide, di-n-propylacetate-induced abstinence behavior, male rats, 12353
bilateral lesions of locus coeruleus & 6-hydroxydopamine, involvement of alpha-adrenergic receptors in postdecapitation reflex, rats, 3078
biochemical role of binding to & inhibition of calcium binding protein by antipsychotic drugs & endogenous proteins, 940
blood alcohol concentration, mood variables, male vs female 18–24 yr olds, 3205
bombesin, satiety vs malaise, rats, reply to J. A. Deutsch's criticism, 886
bombesin vs cholecystokinin, satiety vs malaise, rats, professional criticism of theory of J. Gibbs et al, 876
brain stem transection & estrogen &/vs progesterone, lordotic behavior, ovariectomized rats, 12296
brief tail shock vs social vs individual housing vs 1 vs 4 days of social isolation vs morphine, vocalizations, young rats, 12303
butoctamide hydrogen succinate, REM sleep, 20–22 yr old male medical students, 7677
caffeine induced arousal, verbal test performance, introverted vs extraverted college students, 10371
caffeine & REM sleep deprivation, REM sleep, male rats, 7683
caffeine vs chlordiazepoxide, DRL responding, rats & Mongolian gerbils, 926
cannabis resin injection during pregnancy, brain & body weight & emotionality & learning capacity in offspring, female rats, 897
cannabis smoke exposure & dietary protein levels before & during pregnancy, length of gestation & stillbirths & litter destruction & pup activity, female rats, 9829
castration & testosterone, aggressive behavior, male hamsters, 3080
castration & testosterone propionate, motor copulatory pattern, male rabbits, 7554

castration & testosterone replacement, courtship behavior & testicular weight & spermatogenic state & serum androgen levels & cell height of renal sex segment, male garter snakes, 12278
chloramphenicol, REM sleep, cats, 3160
chlordiazepoxide, disruption of brightness discrimination, male rats, 3166
chlordiazepoxide, predator induced flight & freezing defensive reactions, rats, 869
chlordiazepoxide, punishment & conditioned suppression, male rats, 9955
chlordiazepoxide & diazepam & food preference test, feeding behavior, male rats, 3154
chlordiazepoxide vs dextroamphetamine & fenfluramine, rate & duration & latency of feeding, male rats, 5359
chlordiazepoxide vs diazepam vs medazepam vs bromazepam with vs without amphetamines, spontaneous locomotor activity, male mice, 9960
chlordiazepoxide vs diazepam vs medazepam vs bromazepam, scopolamine-induced locomotor stimulation, mice, 12399
chlordiazepoxide with morphine vs cold water swims, change in jump thresholds, rats, 3142
chlormethiazole administration during alcohol intoxication, hangover symptoms, 24–46 yr old males, 3195
chlorpromazine, production of dyskinesia vs aggressive behavior vs social interactions, rhesus monkeys, 12388
chlorpromazine, vacuous chewing movements, rats with ablated frontal sensorimotor cortex or ablated sensorimotor connections to forebrain, implications for models of tardive dyskinesia, 3171
chlorpromazine & dextroamphetamine with vs without various dosages of naloxone, avoidance behavior changes, squirrel monkeys, 3178
chlorpromazine & metabolites crossing placenta to act on fetus, cell proliferation in developing brain, rats, implications for humans, 7679
cholecystokinin, food intake & taste, female rats, 3224
cholic acid, maternal pheromone induction, female rats, 3184
cholinergic & cholinomimetic & cholinergic blocking drugs, ontogeny & potentiation of cholinergically mediated yawning & head shaking, 4–12 day old rats, 892
cholinergic & serotonergic & alpha-adrenergic drugs, corticosterone secretion, rats, model for study of effects of antidepressant therapy, 12404
chronic dextroamphetamine administration, lateral hypothalamic self stimulation, male rats, 7665
chronic diphenylhydantoin, open field behavior during withdrawal, rats, 3157
chronic ethanol consumption, neuronal loss in hippocampus, rats, implications for alcohol effects in humans, 939
chronic lithium treatment, failure to inhibit amphetamine induced stereotypy & hyperactivity & hypothermia, rats, 879
chronic morphine withdrawal with apomorphine ester vs lergotrile, locomotor activity, male rats, 3220
chronic reserpine vs dextroamphetamine vs saline, self stimulation responding & depression, male rats, 12383
cigarette smoking, immediate & delayed recall for new vs previously presented words & categorization, habitual smokers, 888
circadian rhythms, LiCl-induced conditioned taste aversion, preweanling vs adult rats, 5356
citalopram, brain levels of serotonin & 5-hydroxyindoleacetic acid & wet-dog shakes induced by tranylcypromine & tryptophan, rats, 7661
click rate vs pentobarbital vs chronic brain lesions, sequence of auditory evoked potentials from vertex, cats, 12277
clomiphene citrate, EEG activity, sexually mature male rats, 7660
clonidine vs phentolamine following alpha-methylparatyrosine, sleep-waking cycle & REM & NREM sleep periods, cats, 901
clorgyline vs pargyline pretreatment, reduction in phenylethylamine dose required to produce checking & other behavioral changes, rhesus monkeys, 930
cognitive labeling, emotional & behavioral effects of alcohol, 938
concurrent administration of levotryptophan & levotyrosine over sleep-wake cycle & classical conditioning, EEG sleep patterns & sleep time, cats, 12391
constant light vs constant dark vs half light/dark & melatonin, food intake & body weight regulation, male albino rats, 12279
continuous vs bolus cholecystokinin-octapeptide injections to cerebral ventricles, feed intake, castrated male sheep, 875
corticosterone vs dexamethasone, alternation & exploration, adrenalectomized rats, 803
cycloheximide with vs without nicotine, retention of passive avoidance task, mice, implications for memory storage, 9965
daily opiate injections of various dosages, log dose/response curve flattening, rats, 9951
day length & testosterone, neuroendocrine-gonadal function, male rats, 12314
delta sleep inducing peptide & arginine vasotocin, sleep & motor activity, male rats, 5411
delta-9-tetrahydrocannabinol, morphine-induced locomotor activity, mice, 3222
delta-9-tetrahydrocannabinol & dosage levels, male White King vs Silver King pigeons, replication of study by W. D. Gouvier & A. L. Yehle, 12363
delta-9-tetrahydrocannabinol &/or pentobarbital, key selection discrimination, pigeons, 3182
delta-9-tetrahydrocannabinol with vs without cannabidiol, FI responding vs rate dependency, rhesus monkeys, 12347
deprenyl, sleep & mood & alertness & pre-sleep systolic blood pressure, 21–35 yr old males, 7699
description & effects, cocaine, 5383
desglycinamide-lysine vasopressin during conditioning &/vs extinction, resistance to extinction of conditioned taste aversions, male rats, 12410
desipramine vs GABA vs norepinephrine injected into frontal neocortex vs hippocampus vs lateral geniculate body, learned helplessness, male rats, 9961
development of supersensitivity to locomotor stimulant effect of apomorphine, rats with experimentally induced hypokinesia, 9970
dexamethasone suppression test, measurement of hypothalamic pituitary-adrenal axis activity, 18–65 yr old depressed vs nondepressed patients, 1481
dexamethasone suppression test scores as indication of recovery, unipolar & bipolar endogenous depressives, 1430
dextroamphetamine, augmentation vs attenuation of ambulation vs rearing vs stereotyped activity, female rats, 12368
dextroamphetamine, Sidman avoidance responding, male rats, 9944
dextroamphetamine, simultaneous & successive discrimination task with required response, marmosets, 5401
dextroamphetamine & apomorphine, flash-evoked afterdischarge as model of petit mal epilepsy, rats, 5385
dextroamphetamine dose & age of pup, maternal behavior, primiparous rats & their pups, 7681
dextroamphetamine & haloperidol, hippocampal EEG activity, male rabbits, 12349
dextroamphetamine & haloperidol, spontaneous neuronal activity in neostriatum vs nucleus accumbens, male rats, 7686
dextroamphetamine small vs moderate doses, hunger & mood & arousal, 22–32 yr old females, 7657
dextroamphetamine vs apomorphine, behavior, male rats, observational method for measurement & analysis, 5370
dextroamphetamine vs apomorphine with vs without pimozide & exposure to novel object, disruption of selective attention & habituation, gerbils, 3149
dextroamphetamine vs apomorphine & 6-hydroxydopamine injections into anterolateral hypothalamus vs mesolimbic & anterior striatal terminal fields, locomotor activity, male rats, 7641
dextroamphetamine vs diazepam vs placebo, drug preference & mood, 21–32 yr olds, 12374
dextroamphetamine vs gamma-butyrolactone vs haloperidol, motor activity & loss of righting reflexes & brain dopamine levels, mice bred for differing sensitivity to alcohol, 678
dextroamphetamine vs levoamphetamine, firing rates of dorsal substantia nigra vs ventral tegmental area dopamine neurons, rats, 9921
dextroamphetamine vs morphine vs clozapine & time limit variations, response under FR schedules of food presentation & stimulus shock termination, squirrel monkeys, 7671
dextroamphetamine &/vs naloxone, self stimulation thresholds, male rats, 3161
dextroamphetamine &/vs pentobarbital injection, discrimination response generalization, pigeons, 618
dextroamphetamine vs pentobarbital under concurrent FR schedules, keypecking, pigeons, 589
dextroamphetamine vs placebo, drug preference & mood, 21–32 yr olds, 12375
dextroamphetamine with vs without chlorpromazine, rate vs accuracy on repeated acquisition task, pigeons, 932
dextro- & levo-amino acids & morphine, analgesia & locomotor activity, male DBA vs C57 mice, 5349

diazepam & group vs individual testing, gap judging ability, drivers, 3225
diazepam vs tofisopam & ethanol, psychomotor skills & memory, 20–24 yr old medical students, 3210
diazepam withdrawal with vs without parachlorophenylalanine treatment, body weight losses after withdrawal, male rats, 9966
dichlorvos, open field behavior & motor activity & correlation with regional brain levels of norepinephrine & dopamine & serotonin, male rats, 859
different psychoactive drugs, serum & brain tryptophan levels, Albino-Swiss male mice, 936
diffuse noxious inhibitory controls, activity of trigeminal nucleus caudalis neurons, rats, 5303
diphenylhydantoin, spontaneous motor activity, male rats, 7696
diphenylhydantoin vs phenobarbital during specific gestation periods, conditioned avoidance behavior & learning deficits & birth defects in mature offspring, pregnant rats, 12360
dopamine analog called 6,7-dihydroxy-2-dimethylaminotetralin vs apomorphine, locomotor activity & pre- & postsynaptic receptor activity, rats, 9934
dorsal raphe noradrenergic input & 5,7-dihydroxytryptamine, innervation & identification of serotonin neurons, male rats, implications for serotonin cell activity during REM sleep, 9915
dorsal vs ventral midbrain tegmentum lesions & diet & amphetamine vs mazindol, food & water intake & weight gain, male rats, 12292
dosage level of endorphin analog, maze running speed & errors, hungry rats, 12378
dosage levels of buspirone vs diazepam, aggressive behavior & hypoactivity & ataxia, rhesus monkeys, 12408
dosage of methylphenidate, learning vocabulary words, normal adults, 3187
dosage of yohimbine, paradoxical sleep, male rats, 5382
dosage of zinc tannate salts of heroin & levoalpha-acetylmethadol & hydromorphone, severity of opiate withdrawal syndrome, male Sprague-Dawley rats, 867
dosage of 5-methoxytryptamine, physical & social behavior, macaques, 9937
doxepin vs amitriptyline, amplitude of cortical evoked potentials, 18–69 yr old depressive patients, 6382
drug induced changes in noradrenergic transmission, lordosis & steroid action within hypothalamic target cells, female guinea pigs, 9952
drug & iv injection dose & access conditions for codeine vs cocaine vs etorphine, drug maintained leverpressing rates, rhesus vs pigtail macaques, 9973
drug treatment of schizophrenics, cerebrospinal fluid norepinephrine elevation, schizophrenics, criticism of report by C. R. Lake et al & response by C. R. Lake et al, 6394
early postnatal chlomipramine, active sleep & sexual performance & learning problems, rats, 9950
ECS, corticosterone response to cholinergic & serotonergic & alpha-adrenergic stimuli & vasopressin, male rats, 12310
ECT & thyrotropin releasing hormone, thyroid stimulating hormone response, depressive & bipolar patients, 10469
effect of minor tranquilizers & convulsants & anticonvulsants applied to benzodiazepine receptor sites, male rats, 12393
electrical stimulation & acetylcholine chloride & potassium chloride & penicillin in pulvinar-lateral posterior complex, turning behavior, cats, 12323
electrical stimulation of periaqueductal grey matter & iv morphine & naloxone, activity of ascending axons from C & Ald fibers in spinal cord, rats, 3072
electrical stimulation of substantia nigra & electrolytic vs 6-hydroxydopamine lateral hypothalamus lesions, rotation, female rats, 12308
electric & drug stimulation of brain serotonergic system, mouse-killing behavior, male rats, 3074
electric shock vs flash bulb discharge & insulin vs saline injections, defensive burying, male rats, 7558
endogenous opiates, stress induced eating, male rats, 5394
enkephalin analog vs morphine, locomotor activity, male mice, 12406
epinephrine prior to electrical stimulation of frontal cortex, retrograde amnesia, male rats, implications for neuroendocrine response to training, 790
ergocornine hydrogen maleate & 2-bromo-alpha-ergocryptine, pituitary prolactin levels & lactation & aggression toward male intruders, parturient mice, 12386
eserine & atropine & ether & pentobarbital, hippocampal EEG & evoked potentials & behavior, male rats, 5388
estradiol benzoate, food intake & body weight & length & ano-nasal length, intact vs ovariectomized female rats on high calorie diet, 12390
estradiol benzoate, food intake & body weight & plasma triglycerides & free glycerol & fatty acids, ovariectomized female rats, 7684
estradiol benzoate, sexual behavior & morphology, male rats, 878
estradiol benzoate & progesterone & length of mating experience, sexual behavior & male vs female footstomping & fighting, ovariectomized female Mongolian gerbils, 7570
estradiol benzoate & testosterone & androstenedione & dihydrotestosterone, sexual behavior, ovariectomized female cattle, 7563
estradiol & progesterone & nipple development & presence of young, postpartum aggression, female rats & mice, 637
estradiol-17-beta, number of muscarinic receptors in hypothalamus, ovariectomized rats, 5400
ethanol, approach-avoidance conflict behavior, rats, interference-reduction vs tension reduction theory, 9922
ethanol, behavior change vs body temperature vs brain histamine, male mice, 12392
ethanol, cerebrospinal fluid levels of cyclic 3,5-adenosine & cyclic 3,5-guanosine monophosphate, 5413
ethanol, electrophysiological changes of cerebellar Purkinje neurons, mice lines with different sleep times, 9963
ethanol, firing rates of single neurons in dorsal hippocampus & cortical EEG activity, male rats, 7650
ethanol, multiple FI-FR schedule performances, pigeons, 5350
ethanol, potentiation of inhibition of cortical neurons by GABA, cats, implications for alcoholism etiology, 915
ethanol, stimulus generalization, pigeons & female rats, 3189
ethanol administration during gestation vs lactation, maternal behavior & developmental & behavioral & pharmacological characteristics of offspring, female rats, 9925
ethanol & phenobarbital & baclofen, ethanol withdrawal, rhesus monkeys, 7698
ethanol & tobacco, auditory vigilance performance, 18–30 yr old male smokers & drinkers, 933
ethanol &/vs caffeine, multiple FR/fixed time controlled keypecking, male pigeons, 5376
ethyl alcohol & pentobarbital injections into median thalamus & periaqueductal gray matter & nucleus of tractus solitarius & naloxone, sleep EEG, rabbits, 12407
ethyl bromoacetate as olfactory probe, frogs, 5360
etiology & symptoms of fetal alcohol syndrome, 3762
etiracetam, memory retrieval deficits, Wistar rats, 927
exogenous melatonin & 12:12 light-dark cycle, self administration of ethanol, rats, 5407
expectancy & pharmacological effects of alcohol, cognitive & motor performance, male college students, 5416
exposure to inescapable shock & clonidine & apomorphine prior to shock vs testing, escape deficits & mediation by dopamine & norepinephrine, male mice, 860
exposure to pheromone androstenol, responses to questionnaire regarding menstrual cycle & mood change, female college students, 12351
exposure to prenatal ethanol, organization of infrapyramidal mossy fibers in hippocampus, rat pups, implications for mental retardation in fetal alcohol syndrome, 12411
extinction vs pimozide & intermittent reinforcement, operant task response rate, male rats, 7700
fenmetozole, ethanol-induced impairment of aerial righting reflex, male rats & female mice, 3169
fetal exposure to methadone & heroin, sleep as measurement of nervous system disorders, neonates, 3158
fetal testosterone treatment, fighting in adult life, female mice, 5373
fluoxetine & clomipramine & imipramine, withdrawal-like behavior after chronic treatment with tetrahydrocannabinol, male Wistar rats, 937
flurazepam, methylphenidate-induced stereotyped behavior, mice, 7687
flurazepam & lorazepam & triazolam, sleep & recall & amnesia, normal male Ss, 9958
flutroline, EEG vs plasma prolactin vs behavior, 19–26 yr old males, 12355
food deprivation during light vs dark phase of light-dark cycle & naloxone, fluctuations in pain sensitivity & role of endogenous opioid system, male rats, 5390

footshock & ACTH in conjunction with cues & ACTH blocking by naloxone & naltrexone, avoidance learning, male rats, implications for endogenous opioid involvement in fear learning, 12025
glucose, suppression of basal firing of dopaminergic neurons & haloperidol induced increases in firing, male rats, 9959
glycerol, food intake, female rats, 7647
growth hormone administration, plasma concentrations & sleep, 18–25 yr olds, implications for sleep stage regulation by hormones, 5393
Haldol &/vs estradiol benzoate treatment, enhanced response to dextroamphetamine & apomorphine & synergism, rats, 889
haloperidol, 3H-4,5-leucine incorporation into limbic system, mice, 7651
haloperidol & apomorphine, spontaneous activity & stereotypy responses during & after haloperidol withdrawal, rats, implications for methodology in neuroleptic treatment studies, 9971
haloperidol with vs without benztropine mesylate, regulation of prolactin response, 24–29 yr old males, 12365
hashish extract, aggressive behavior & dominance, male drug-treated mice & untreated intruder, 9962
hashish extract, maternal nonsocial & nursing & locomotor activity & development of sucklings, lactating mice & their pups, 7642
hashish extract, social & overall activity & submissive & sexual & aggressive & nest-building behavior & dominance, male mice, 7691
herbicide 2,4,5-trichlorophenoxyacetic acid during incubation, learning & activity & jumping behavior, chickens, 12398
heroin vs codeine vs dextropropoxyphene vs pentazocine, progressive FR performance, rhesus monkeys, 5378
heroin vs levorphanol & naloxone, rigidity & explosive motor behavior, male rats, 5353
hippocampal brain damage vs delta-9-tetrahydrocannabinol intoxication, auditory & visual recent memory dysfunction, medical patients, 9926
hippocampus & neuroendocrine system, 3071
Hoffmann reflex recovery curves, 18–53 yr old psychiatric patients, 5983
hormones & olfactory-vomeronasal deafferentation & stimulus situational factors, initiation of maternal behavior, hysterectomized-ovariectomized nonpregnant female rats, 9859
human chorionic gonadotropin, serum testosterone levels & copulatory behavior, male rhesus monkeys, 12367
hydrocortisone, norepinephrine & serotonin & dopamine reuptake in hypothalamus, male rats, implications for clinical study of depression, 7669
hydrocortisone acetate vs deoxycorticosterone acetate, alcohol consumption, C57BL/Crgl vs C3H/Crgl/2 mice, 9935
hydroxyzine treatment at 10–29 vs 23–29 days of age, delayed spontaneous alternation behavior, male rats, implications for pediatric psychopharmacology, 3180
hypophysectomy, behavioral activation to morphine, adult male rats, 795
hypophysectomy & aurothioglucose, weight gain & obesity, mice, 809
hypophysectomy & naloxone, analgesia following ECS, male rats, 12293
hypothalamic estradiol benzoate implants, food intake & vaginal epithelium & adipose tissue lipoprotein lipase & cytoplasmic progestin receptors, female ovariectomized rats, 7573
hypothalamic noradrenaline, positive reinforcement in maze learning, male rats, 7627
hypothalamus & ventral tegmental area injections of 6-hydroxydopamine, 2-deoxy-dextroglucose incorporation, male rats, 3185
icv infusion of luteinizing hormone releasing hormone, behavior, homing pigeons, 7685
icv injections of eledoisin & physalaemin & substance P, modifications of drinking behavior & arterial blood pressure, rats & pigeons, 874
icv tonin & Angiotensin 2 antagonist, water intake & blood pressure, rats, 5386
icv 5-thioglucose, increased feeding & hyperglycemia, male rats, 7693
imipramine & physostigmine, REM sleep, male rats, 3177
imipramine vs amitriptyline, fetal malformations, hamsters, 12364
imipramine vs chlorimipramine vs protriptyline, individual differences in exploratory behavior, female rats, human depression implications, 3175
imipramine vs thyrotropin releasing hormone, metabolism vs uptake of brain catecholamines, male rats, 12395
immersion in water with pentobarbital sodium, attack behavior, male Siamese fighting fish, 3162
incidental intoxication with phencyclidine, 65 yr old female, 7617
induced stress & imipramine, plasma imipramine levels vs liver demethylase activity, male rats, 12381
induced stress & naloxone, hypnotic analgesia, highly hypnotizable college students, 3167
influence of availability of low nicotine cigarettes on smoking, teenage females, 10304
inhibitory role of 5-hydroxytryptamine, ejaculation latency & postejaculatory interval, male Wistar rats, 858
injection of GABA antagonists picrotoxin & bicuculline & agonist mucimol & benzodiazepines into raphe nucleus, control of serotonin neurons, male rats, 9931
injections of alpha-adrenergic agonists &/vs antagonists, REM & NREM sleep & drowsy & aroused waking, male cats, 900
injections of anisomycin 5 hr vs 20 min prior to training, amnesia & impairment of retention of passive avoidance, male mice, 872
injections of ethanol, amygdaloid kindled seizures, female rats, 9943
insulin, food intake & dietary self selection of proteins vs carbohydrates vs fats & body weight, male rats, 7659
insulin dose, food intake, swine, 3137
insulin induced hypoglycemia, active avoidance learning, male rats, 914
insulin pretreatments & lateral hypothalamic lesions, aphagia recovery period & gastric pathology & hyperthermia & sensorimotor dysfunctions, rats, 12285
inter- & intra-S differences, diazepam effects on computer-analyzed EEG & skin conductance levels, 22–34 yr old males, replicability of physiological effects of diazepam, 12371
intermittent haloperidol, caudate dopamine receptor binding, mice, implications for prevention of tardive dyskinesia, 3138
intestinal distension vs electrical stimulation & Tetracaine, water intake, water deprived rats, 9826
intracranial self stimulation & ACTH 4–9 related synthetic peptides, response frequency & general activity, male rats, 9942
intrahippocampal anisomycin, retention of brightness discrimination task, rats, 3174
intranigral injections of GABA & muscimol following pretreatment with bicuculline vs haloperidol vs atropine vs strychnine, circling behavior & role of nigrostriatal dopaminergic system, female rats, 896
intranigral 6-hydroxydopamine & denervation, dopamine receptors & adenosine cyclic monophosphate & dopamine content in caudate nucleus, male rats, 5315
intraspinal morphine & methionine-enkephalin & intravenous naltrexone, C-fiber & polysynaptic reflexes, decerebrate low spinal cats, 3139
intrastriatal kainic acid, regional brain glucose utilization, male rats, need for histological controls, 7708
intrastriatal kainic acid & pentylenetetrazol, induction & potentiation of clonic convulsions, male rats, animal model of human temporal lobe epilepsy, 5398
intrathecal administration of serotonin & norepinephrine & dopamine & their agonists, acoustic startle reflex, male rats, 9913
intraventricular carbachol vs muscarine vs eserine vs neostigmine, affective aggressive behavior & autonomic & motor phenomena & convulsions, cats, implications for central cholinergic mechanisms, 5351
intraventricular muscimol & diazepam, anticonflict action, male rats, 3148
intraventricular self administration of acetaldehyde as reinforcement in operant voluntary consumption of ethanol, male rats, 868
intraventricular vs periaqueductal gray injections of bombesin, receptor distribution in brain & nociception & locomotor activity, rats, 921
introversion & self reported reasons for & times of urge & role of tranquilizing properties, smoking, college students, 1202
in utero exposure to maternal antibody for nerve growth factor, pre- & postnatal destruction of dorsal root ganglion & sympathetic neurons, rats & guinea pigs, 7658
ip beta-endorphin & training & stimulation, memory retention & beta-endorphin immunoreactivity in brain, rats, 7656
ip GABA, haloperidol induced catalepsy, male rats, 862
iprindole & amfonelic acid, modulation of amphetamine-induced long lasting striatal dopamine depletion, male rats, 883
ip vs icv injection of 5-hydroxytryptophan, restoration of parachlorphenylalanine-induced insomnia, rats, 898

iv single dose diazepam with vs without N-desmethyldiazepam, side effects & mood & continuous RTs & EEG, 18–29 yr old females, 9928
iv 2-deoxydextroglucose, hunger & thirst ratings & solid-food & water intake & plasma epinephrine & glucose levels, 19–25 yr old males, 5414
kainic acid injection into dorsal hippocampus, neuronal depletion & acquisition & reversal of brightness discrimination & spontaneous alternation & locomotor activity & food & water intake & taste preferences, female rats, 7676
kainic acid vs electrolytic septal lesions, receptivity & rejection & reactivity, ovariectomized rats, 9847
kanamycin & exposure to intense auditory stimulus during critical neural development, cochlear hair cell damage, various mice strains differentially susceptible to priming-induced audiogenic seizures, 815
lanthanum microinjections, orofacial thermal & tail & paw nociception & naloxone & calcium reversibility of analgesia, male rats, 12379
lateral projections of medial preoptic area & castration & testosterone implants, urine marking & copulation, male rats, 3128
learning in drugged vs nondrugged state & continuous vs FR reinforcement, reward maximization, male rats, 7645
lesions & dosage level of 6-hydroxydopamine in locus coeruleus with vs without desmethylimipramine, sexual behavior & catecholamine depletion & midbrain damage, male rats, 7556
lesions of medial prefrontal cortex using 6-hydroxydopamine alone & with desipramine pretreatment, spontaneous motor activity & dextroamphetamine induced stereotyped behaviors & norepinephrine & dopamine turnover, male rats, 834
lesions of noradrenergic projections to paraventricular nucleus of hypothalamus & noradrenergic stimulation, feeding behavior, male rats, 7567
levodopa & levo-hydroxytrytophan doses, visual evoked response, cats, 3183
lidocaine slow infusion, functionally effective spread, male rats, 3136
lisuride-induced hypothermia & microsomal biotransformation & dopaminergic receptor stimulation, rats & rabbits, 9923
lithium, conditioned taste aversion, male Wistar rats, 929
lithium chloride, inhibition of denervation-induced increase in acetylcholine receptors in skeletal muscle, female rats, 5397
lithium chloride vs saline injection after exposure to petri dish of soiled bedding, conditioned aversion to bedding vs empty dish, 12–13 mo old male gerbils, 922
lithium chloride vs water injections & visual cues, ability to form illness-induced aversions, pigeons, 903
lithium &/vs stress, free amino acid brain levels, rats, 7637
localized brain administration of catecholamine vs protein synthesis inhibitors, induction of amnesia, male rats, 3165
long-acting testosterone treatment, behavior, free-living pied flycatchers, 5404
long-term antidepressant treatment, spiroperidol-labeled serotonin receptor binding, male rats, 5396
long term dextroamphetamine, substantia nigra self stimulation response sensitization & depression & role of dopamine neurotransmission, rats, implications for animal model of amphetamine psychosis, 797
long-term dietary levodopa, body weight & locomotor activity & number of dopamine receptors, C57 vs BALB/C mice, 7689
low doses of ethanol, RTs, male vs female college students, 9967
LSD, acquisition of CRs, rats, 890
LSD, classical conditioning of jaw movement response, rabbits, 7648
LSD, synapses in habenulae & interpeduncular nucleus, male frogs, 5384
LSD & mescaline & 5-methoxy-N,N-dimethyltryptamine, dose dependent rotational behavior, female rats, 5368
LSD usage, age at onset of illness, chronic schizophrenics, 8172
LSD & 2-bromo-LSD & methysergide & photic stimulation, response of single neurons in striate cortex, paralyzed anesthetized cat, 5361
LSD-25, avoidance behavior & locomotor activity, mice, 5355
manganese/zinc deficiencies & streptomycin, vestibular systems & hiding & withdrawal behavior, rhesus monkeys, 5319
MAO B inhibitor levodeprenyl, methylhistamine metabolism, implications for treatment of Parkinson's disease, 5363
marihuana, visual information processing, male marihuana users, 3144
marihuana extract & alcohol, pregnant rats & offspring, 9909
marihuana smoke & delta-9-tetrahydrocannabinol, brain function & ultrastructure, rhesus monkeys, 5377
maternal morphine, fetal spinal cord volume, rats, 7663
maternal &/vs sibling presence vs isolation, hyperactivity produced by neonatal 6-hydroxydopamine, rat pups, implications for human hyperactivity, 12311
melatonin & amphetamine administration, wakefulness & REM sleep & hatching, chicks, 861
melatonin vs levopropranolol, sleep, male rats, 7674
mepacrine treatment before immobilization-induced desensitization, prevention of decrease in beta-adrenoceptors in hypothalamus & brain stem, male rats, 12409
meta-chlorophenylpiperazine vs LM-5008 vs quipazine vs fenfluramine, anorexia & food intake & related serotonergic mechanisms, female rats, 925
methamphetamine, time discrimination performance, male rats, 12387
methergoline & methysergide & mianserine & cyproheptadine & pizotifen administration & morphine & codeine & fentanyl induced catalepsy, catalepsy changes, male rats, 3191
methionine & homocysteine, induction of convulsions, mice, 5371
methylphenidate, self punitive running, male rats, 3186
methysergide & cyproheptadine & melatonin, tonic immobility, chickens, 3176
microcomputer based simultaneous vigilance test, assessment of anticonvulsant effects, epileptics, 2346
microinjection of alpha-melanocyte-stimulating hormone & related peptides into periaqueductal gray, analgesia, male rats, 9972
monoamines & their agonists & precursors, atropine-resistant neocortical low voltage fast activity & motor activity, reserpinized rats, 7703
morphine, CA1 field potentials in hippocampal slices, male rats, 870
morphine & dextroamphetamine sulfate & pentobarbital sodium, shock & light discrimination, male rats, 7649
morphine dosage, self stimulation & stimulation escape, male rats, 7690
morphine injection into periaqueductal-periventricular gray & naloxone, septal-lesion-induced reactivity to somatosensory stimulation, male rats, 7561
morphine & naloxone, EEG of medial thalamus & hippocampus & frontal cortex, drug naive & morphine dependent paralyzed male rats, 9947
morphine & naloxone, performance under discriminated approach vs avoidance schedules, male rats, 7618
morphine & naloxone, pressing for intracranial stimulation of amygdaloid region, male rats, 7557
morphine & naloxone, tonic immobility, male guinea pigs, 911
morphine & pentazocine & naloxone & barbiturates & ice-water stress & heat, tail-flick latency, male rats, 7668
morphine self administration, neurotransmitter turnover, male rats, 5408
morphine vs haloperidol, catalepsy, male rats, 7630
morphine vs naloxone, acquisition & extinction of homing behavior, 917
nalorphine & shock increment schedules, response under electric shock titration, male squirrel monkeys, 7636
naloxazone vs naloxone, ACTH-induced grooming, mice, 9927
naloxone, frequency of distress vocalizations elicited by electrical stimulation of dorsomedial thalamus or septum-preoptic area, guinea pigs, 12286
naloxone, neuron response to noxious & non-noxious stimulation of spinal cutaneous receptive fields, male rats, 9946
naloxone, suppression of diazepam induced eating & leverpressing, male rats, 3213
naloxone administration into periaqueductal gray vs icv vs systemically, behavioral syndromes, male rats, 9940
naloxone pretreatment, electric shock induced aggression, female rats, 7638
naloxone-reversible enkephalinamide effects, behavioral activity, male rats, 7652
naloxone vs beta-endorphin, acquisition & memory & retrieval of shuttle avoidance & habituation learning, female rats, 3181
naloxone vs beta-endorphin dosages, shuttle avoidance learning & tone response habituation, female rats, 12372
neonatal exposure to haloperidol, subsequent increases in 5-hydroxyindole in certain parts of brain, 20 day old rats, 3199
neonatally placed septal lesions & estradiol benzoate & progesterone & testosterone, sexual behavior, male vs female vs androgenized female rats, 7571
neonatal thyroxine, classical conditioning, infant rats, 7662

neonatal 6-hydroxydopamine, hyperactivity & avoidance performance, rat pups reared with treated &/or nontreated littermates, 919
neuroleptic vs antidepressive drug therapy, depression, acute schizophrenic vs depressive patients, 8592
new glutarimide compounds & pentobarbitone, duration of barbiturate anesthesia, mice, 9953
nicotine, spontaneous motor activity & nicotine concentrations in brain & liver, male vs female & C57 vs C3H vs DBA strains of mice, 9936
nicotine & coffee, cigarette smoking, college students, 10303
nitrazepam & flurazepam & triazolam, EEG & EMG & EOG evidence of residual effects following sleep induction & maintenance, healthy volunteers, 916
N-n-propyl-norapomorphine & haloperidol, footshock-elicited & predatory & isolation-induced aggression, rats & male mice, 7619
noise stress & morphine, conditioned preference response, rats, 583
nortriptyline vs clomipramine, tyramine-induced increment in systolic blood pressure & plasma desipramine & nortriptyline & clomipramine & heart rate & systolic & diastolic blood pressure, medical students, 12401
novel environment & rate of illumination & chlordiazepoxide & single vs pair testing, plasma corticosterone levels, male rats, 7640
obesity & octapeptide cholecystokinin & bombesin, food intake, weanling rats, 5392
octapeptide of cholecystokinin, feeding behavior, obese vs lean rats, 7673
octapeptide vs impure cholecystokinin, feeding & drinking behavior, obese vs lean female rats, 7672
operant training to discriminate dextroamphetamine vs 2,5-dimethoxy-4-methylamphetamine from saline, generalization tested with mescaline vs methylphenidate, rats, 610
oral & ip thyrotropin releasing hormone & MK-771 & reserpine & alpha-methylparatyrosine & phenoxybenzamine & methazolamide & picolinic acid, flexor activity, female rats with spinal transections, 7569
oral vs ip injections of methylphenidate hydrochloride vs dextroamphetamine sulfate vs placebo, level of locomotor activity, male rats, 7694
organ of Corti destruction by amikacin, acoustically evoked neural activity from brainstem & auditory cortex, guinea pigs, 5300
oxotremorine & alfa-methyl-para-tyrosine methylester & nialamide, retention & dopamine & norepinephrine levels in brain, male mice, 5379
oxprenolol vs metaproterenol & induced anger vs neutral situation, heart rate & blood pressure & GSR & bodily & emotional state, male college students, 881
painful visceral stimulation & inhibition by naloxone, diffuse noxious inhibiting controls & evidence for role of endogenous opiates, male rats, 12290
parachlorophenylalanine & atropine, alert immobility & rhythmic slow activity, rats, 3170
parachlorophenylalanine & tryptophan, sleep & EEG & motor activity, male rats, 9918
parachlorophenylalanine vs 5-hydroxytryptophan vs dextroamphetamine sulfate vs levamphetamine sulfate, serotonin behavioral syndrome, male rats, 5405
past history of audiogenic seizure testing, audiogenic seizure responses to ethanol addiction/withdrawal, male rats, 7701
pentobarbital & chloral hydrate & meprobamate & chlordiazepoxide, effectiveness of auditory vs electrical CS in eliciting CR, cats, implications for drug-stimulus hypothesis & state-dependent learning, 9836
pentobarbitol vs other drugs, drug discriminative behavior, pigeons, 9938
pentylenetetrazol, behavior & EEG activity & cyclic adenosine monophosphate & cyclic guanosine monophosphate brain levels, female mice, 5365
pentylenetetrazole, conditioned taste aversion, rats, 887
personality & drug history, subjective intoxication on coltsfoot & placebo & marihuana, 21–31 yr old males, 12736
pharmacological treatment, phencyclidine-induced behavioral stimulation, female mice, 12357
phencyclidine, hippocampal modulation of amphetamine-induced rotation, female rats, 3172
phencyclidine administered through gestation, gestation & maternal behavior & characteristics of pups, female mice & their offspring, 3173
phencyclidine dose, behavioral tolerance, male rats trained in barpressing, 3207
phenobarbital tolerance, phenobarbital-induced depression of potassium-stimulated 5-hydroxytryptamine release in brain, male rats, 9948
physostigmine, mood & behavior & elevations in plasma cortisol & beta-endorphin, normal volunteer Ss, 5402
picrotoxin injections into ventral tegmentum followed by GABA injections into globus pallidus, locomotor activity, male rats, 910
pimozide prior to avoidance training, response learning, male rats, 3140
pipradrol & nonspecific stimulus change & feeding in test environment & prior exposure to conditioned stimulus, acquisition of responding with conditioned reinforcement, rats, replication of findings by R. T. Hill, 5352
pituitary-adrenal disinhibition as response to dexamethasone suppression test, subtyping primary vs secondary depression, 20–73 yr old depressed inpatients, 1409
placebo effects & related phenomena, annotated bibliography of books & articles published 1900–78, 935
plasma levels of phenelzine & acetylated metabolite, antidepressant response, 3196
polyethylene glycol, thirst & sodium appetite, male rats, 12405
polyethylene glycol, water vs saline intake, female gerbils, 12380
postnatal ethanol administration, brain growth & motor coordination, infant rat pups, 877
postnatal exposure to lead acetate, hyperactivity & emotionality, female rats, 884
posttraining icv corticosterone injection, memory of appetitive discriminative task, mice, 9949
posttraining ip injections of enkephalin & endorphin, memory consolidation of habituation of rearing task & shuttle avoidance, female rats, 894
posttraining pentylenetetrazol, facilitation of single-problem discrimination learning vs learning set, rhesus monkeys, 866
preexposure to delta-9-tetrahydrocannabinol, tetrahydrocannabinol induced conditioned taste aversion, rats, 9930
prenatal exposure to barbiturate, altered sensitivity to ethanol, female Sabra mice & their male offspring, 942
prenatal exposure to cannabis, crossing of placenta & growth & development & behavior, animals, literature review, 857
prenatal vs postnatal methadone, discrimination learning, adult rats, 3223
prenatal 1, 4, 6-androstatriene-3, 17 dione & testosterone propionate & castration, anogenital distance & body weight & sexual behavior, male rats, 7646
pretreatment with levodopa alone & with benserazide followed by drug challenge, locomotor stimulation & role of central dopamine receptor sensitivity, male mice, 895
progesterone administration following spontaneous heat & coital stimulation, sexual receptivity, female rats, 7635
progressive loss of reinforcement in FR schedule, condition similar to human reactive depression & reversal with chlordiazepoxide, male squirrel monkeys, 12023
progressive reductions in tar & nicotine content of cigarettes, carbon monoxide & saliva thiocyanate levels & smoking rate, Ss in smoking treatment program, 6531
propoxyphene napsylate vs methadone hydrochloride, effectiveness as maintenance treatment, 19–55 yr old narcotic addicts, 11055
propranolol, complex visual RTs, 3146
prostaglandins & clonidine & estrus, lordosis, ovariectomized guinea pigs, 9939
psychoactive drugs, hypnotizability, psychiatric inpatients & outpatients, 6410
psychomotor stimulants, abnormal behavior, 5362
psychotropic drugs, neurotransmitter receptors & schizophrenia & animal behavior, 5391
quipazine vs morphine & pizotifen maleate & naltrexone, hot-plate & tail-flick latencies, male mice, 7675
radio frequency lesions & intracranial hormone implants in nucleus intercollicularis region of midbrain, nest coos in response to male courtship & follicular growth, female ring doves, 9832
repeated ECS & antidepressants, dopamine autoreceptor subsensitivity, male rats, 7555
repeated tricyclic antidepressant administration, apomorphine depression of spontaneous activity of single dopamine neurons, male rats, 7626
reserpine & dextroamphetamine & maternal deprivation, hyperactivity & cardiac & respiratory rates & body temperature, rat pups, 9852

reserpine vs pimozide vs diethyldithiocarbamate vs methysergide vs dextroamphetamine, stereotypic behavior vs disaggregation of polyribosomes, rats, 12412
response contingent infusions of cocaine vs dextroamphetamine vs norcocaine with vs without pretreatment with phenoxybenzamine vs pimozide, relative potency determined by self administration behavior, dogs, 9957
reward & reinforced practice, behavioral tolerance to ethanol, rats, 3150
role of catecholamine neurotransmitters in anticonvulsant activity of chlordiazepoxide, male rats, 12415
saccharin flavor & lithium, aversion learning, 5 day old rats, 885
saline & cyclophosphamide, motor processes, rat offspring of treated males, 3134
sc haloperidol, immune response to 1-chloro, 2,4-dinitrobenzene, female mice, 12402
scotophobin, motor activity, mice, implications for effects on memory transfer, 941
self administered amphetamine, reinforcing & discriminative & activating properties, rats, 7653
self administered enkephalin, opiate seeking behavior, morphine-dependent rats, 3218
self administration of cocaine vs dextroamphetamine vs phenmetrazine vs fenetylline, performance on FI vs VI vs FR schedules, rhesus monkeys, 12369
serotonin & methysergide & noradrenaline, membrane mechanisms underlying modulatory effects on facial motoneurone excitability, rats, 5412
serotonin vs saline injections in lateral ventricle vs spinal cord, dose dependent depression vs increase of acoustic startle reflex, male rats, 873
sex, apomorphine's failure to induce dopamine receptor hypersensitivity, rats, 5369
sex & estrus-related differences, dextroamphetamine-stimulated release of dopamine from striatal & mediobasal hypothalamus tissues, rats, 9916
sex of interviewer & alcohol, mood & eye contact, male vs female 19–30 yr olds, 12384
sexually dimorphic motor nucleus, hormone accumulation & role in copulatory behavior, male rats, 7624
shock & morphine, antinociception & escape behavior, mice, 9857
single & repeated doses of triazolam &/vs desipramine, pharmacologic responses & brain catecholamine levels, rats, 9945
single & repeated neuroleptic dosages, noradrenaline & 3-methoxy-4-hydroxyphenylethyleneglycol & cyclic adenosine monophosphate in forebrain & spinal cord, male rats, 9910
single vs repetitive oral tryptophan administration, blood tryptophan & serotonin & kynurenine concentrations, male 20–50 yr olds, 12416
sniffing vs licking components of dextroamphetamine-induced stereotypy, male Sprague-Dawley rats, 880
social isolation, effect of salbutamol on hypothermia, male mice, 9932
social isolation & intracranial potassium chloride vs ouabain vs cycloheximide, memory formation for passive avoidance task, chickens, 7631
sodium amylobarbitone & chlordiazepoxide, discrimination between response-contingent & response-independent shock, male rats, 923
sodium lactate infusions with vs without imipramine or desipramine, induction & prevention of panic attacks, panic disorder patients, 4101
sodium n-dipropylacetate & muscimol hydrobromide & nipecotic acid amide &: dosage, isolation-induced aggressive behavior, mice, 9954
sodium pentobarbital injections to ventromedial hypothalamus & delay of food presentation, time course of food directed vs noneating acts, male rats, 904
species differences vs dopamine vs MAO inhibitors, drug deamination vs sensitivity, adult humans vs nonhuman primates vs rodents, 12359
specificity & sensitivity of dexamethasone test for endogenous cortisol hypersecretion, endogenously depressed patients, 12939
spiperone, feeding behavior on food preference test, rats, 3153
spontaneous & pentylenetetrazol-induced spike-wave discharges in electrocorticogram & locomotor arrest & clonic facial movements, rats, similarities to human petit mal epilepsy, 7485
stimulant & depressant drugs, RT, literature review, 3168
stimulus efficacy, effects of chlorpromazine, male rats, implication for deficits in schizophrenia, 3151
strychnine sulfate injections following T maze learning trials, facilitation of retention, male rats, test of consolidation vs retrieval models, 899
strychnine &/vs glycine & GABA, increase in spontaneous motility & strychnine antagonism of decreases, 7-day chick embryo, 3203
subchronic desipramine treatment, dextroamphetamine anorexia, male rats, 7707
subdiaphragmatic vagotomy, drinking to icv administered angiotensin II, male rats, 810
subfornical organ, effect of angiotensin II on drinking behavior, North American opossums, 5366
substance P in cerebral ventricle & other areas of brain, behavior & electrical activity & body temperature, adult fowls, 12397
substantia nigra transplantation to neostriatum, nigrostriatal dopamine pathway destruction, female rats, 5298
succynilcholine immobilization, response of lateral hypothalamic neurons to insulin, rats, 12366
superior colliculus lesions, amphetamine-induced increases in locomotor activity & stereotyped behavior, male rats, 9898
surgical removal of corpora allata, role of juvenile hormone vs ovarian nervous or hormonal involvement in initiation of biting behavior, female mosquitoes, 5313
systemic injections of dextroamphetamine & injections of apomorphine into substantia nigra, nigrostriatal impulse flow, male rats, 12362
systemic vs spinal cord administration of 5-methoxy-N- N-dimethyltryptamine, acoustic startle reflex, male rats., 7629
tactile stimulus velocity differences & pentobarbital, velocity discrimination vs signaling by cortical neuron firing frequency, humans vs rhesus monkeys, 5204
temazepam vs flurazepam vs barbiturate, cognitive & visual-motor & RT task performance, male college students, 5399
temporal patterns in smoking rate, mouth level nicotine exposure, 18–48 yr olds, 1207
test location novelty & E familiarity, modification of nonspecific motor activity by methamphetamine, female rats, 893
testosterone, odor-induced flank marking, male hamsters, 9854
testosterone, weight of syrinx & activity of choline acetyltransferase & acetylcholinesterase in syringeal motor neurons & muscle, castrated adult male zebra finches & neonatal canaries, implications for regulation of singing, 799
testosterone & estradiol & 1,4,6-androstatriene-3,17-dione, male sexual behavior, male rats, 3188
testosterone vs estrogen, ability to induce vs detect estrus in ewes, castrated vs vasectomized male sheep, 7643
tetrahydrocannabinol, stimulus discrimination & generalization, literature review, 5364
tetrahydrocannabinol & its derivatives, acetylcholine turnover in hippocampus, male rats, 3204
thiopentone vs methohexitone as anesthetics & benzodiazepine during treatment period, duration & number of seizures in ECT, 21–65 yr old psychiatric patients, 6214
thioridazine dosage, prolactin levels, 22–49 yr old male acute schizophrenics, 6390
thiorphan & naloxone, pain perception, mice, 7688
thyrotropin-releasing hormone, plasma prolactin response, depressive & bipolar patients receiving ECT, 10470
tiapride, homovanillic acid levels in human cerebrospinal fluid drawn at pneumoencephalography, male 27–61 yr olds, 9964
time of posttraining phentolamine &/vs propranolol administration into amygdala, retention, rats, 9933
tranylcypromine isomers, norepinephrine-H^3 metabolism in rat brain , 3202
trazodone, serum prolactin secretion, 24–41 yr olds, 12396
trifluoperazine, striatal & mesolimbic dopamine function, male rats, 5357
trifluoperazine vs sulpiride with vs without dexamethasone, opiate activity in pituitary extracts, male rats, 3214
tryptophan, motor activity & open field behavior as affected by 5-HT receptor blockers, male rats, 3219
tryptophol, brain 5-hydroxytryptamine metabolism, male mice, 5372
ultradian rhythms & chronic imipramine, specific dopamine receptor binding of tritiated spiroperidol in striatum, male rats, 912
unilateral 6-hydroxydopamine injections into lateral hypothalamus, paw preference, male rats, 7702
unilateral 6-hydroxydopamine injections into substantia nigra vs caudate nucleus, paw preference, male rats, 7692
use of fluorescent microscopy, visualization of specific angiotensin II binding sites, rats, 7666

various dosage levels of cocaine hydrochloride, spontaneous motor activity & stereotypy, rats, 3141
various dosages of ethanol & intensity of stimulus noise, RT, rhesus monkeys, 3194
various dosages of morphine hydrochloride, memory facilitation & involvement of reinforcement mechanisms, male mice, 3193
various indirectly acting sympathomimetic amines, stereotypy & norepinephrine uptake, male mice, 3221
various neuroleptics, induction of dystonia & dyskinesias & other extrapyramidal side effects, male squirrel monkeys, implications for animal models, 902
ventricular serotonin administration, 5,7-dihydroxytryptamine induced mouse killing & feeding & exploratory & motor behavior, male rats, 9912
water & food deprivation & osmotic thirst stimulus & naloxone, food & water consumption, male rats, 9833
withdrawal from chronic alcohol consumption & subsequent ethanol injection, impairment of avoidance behavior, male mice, 3211
yohimbine, desipramine-induced decrease of corticocerebral beta-adrenergic receptors, male rats, implications for clinical effects of antidepressants, 7706
zinc sulfate induced anosmia, reciprocal homosexual mounting behavior, male rats, 5410
2-deoxydextroglucose jugular vs hepatic-portal vein injections, food intake & plasma glucose levels, pigs, 7697
24 vs 48 hrs of sleep deprivation & cocaine, RT vs heart rate vs mood change, 21–30 yr olds, 12283
5,7-dihydroxytryptamine injections into fornix-fimbria, locomotor activity & 5-hydroxytryptamine hippocampal re-uptake, rats pretreated with desipramine, 12414
5, 7-dihydroxytryptamine median raphe nucleus lesions, ECS-induced retrograde amnesia of passive avoidance conditioning & brain 5-hydroxytryptamine levels, male rats, 12300
6-hydroxydopamine & adrenal enucleation, differential classical conditioning of somatic & cardiovascular changes, rabbits, 9855

Drug Induced Congenital Disorders
diphenylhydantoin vs phenobarbital during specific gestation periods, conditioned avoidance behavior & learning deficits & birth defects in mature offspring, pregnant rats, 12360
prenatal exposure to cannabis, crossing of placenta & growth & development & behavior, animals, literature review, 857

Drug Induced Hallucinations
amitriptyline treatment, hypnagogic & hypnopompic hallucinations, psychiatric patients, 8584

Drug Overdoses
acute loxapine overdose, medical complications & seizures, 19–34 yr old patients, 10718
plasma levels & in vivo methylation of tricyclic antidepressants, depressive 30 yr old female who suffered fatal nortriptyline overdose, 8602
rate of suicide attempts by self poisoning & self injury, 1973–77, Australia, 10564

Drug Potentiation
acute vs chronic administration of fluoxetine & paroxetine & zimelidine & trazodone & amitryptyline, potentiation of tranylcypromine- & levotryptophan-produced serotonin syndrome, male rats, 7655
apomorphine & potentiation effects of additional drugs under hypoxic & normoxic conditions, conditioned avoidance to hypoxia, female rats, 3143
cholinergic & cholinomimetic & cholinergic blocking drugs, ontogeny & potentiation of cholinergically mediated yawning & head shaking, 4–12 day old rats, 892
chronic lithium treatment, failure to inhibit amphetamine induced stereotypy & hyperactivity & hypothermia, rats, 879
clorgyline vs pargyline pretreatment, reduction in phenylethylamine dose required to produce checking & other behavioral changes, rhesus monkeys, 930
delta-9-tetrahydrocannabinol, morphine-induced locomotor activity, mice, 3222
ethanol, potentiation of inhibition of cortical neurons by GABA, cats, implications for alcoholism etiology, 915
imipramine-like antidepressants & anticholinergics, yohimbine toxicity, mice, 7667
intrastriatal kainic acid & pentylenetetrazol, induction & potentiation of clonic convulsions, male rats, animal model of human temporal lobe epilepsy, 5398
intraventricular muscimol & diazepam, anticonflict action, male rats, 3148
levodopa & melanocyte-stimulating-hormone inhibiting factor, disability score & intellectual functioning, Parkinson's disease patients, 4082
lithium carbonate &/vs haloperidol, improvement & side effects, 37–41 yr old manic patients, 10920
sodium n-dipropylacetate & muscimol hydrobromide & nipecotic acid amide & dosage, isolation-induced aggressive behavior, mice, 9954

Drug Rehabilitation
aspects of alcoholism & its treatment, 10577
behavioral contracts for counting behaviors & role of self control, reduction of smoking, college students, 1983
behavioral & physiological & cognitive factors in smoking, limitations of current research & treatment, 6530
causes & treatment methods, drug addiction & alcohol abuse, children & adolescents, West Germany, 1982
closing of drug clinic, readdiction to heroin & rise in arrest vs incarceration rates, methadone clients, 2-yr followup, 11051
comparative effectiveness of covert sensitization formats, cigarette smoking reduction, smokers, 11049
concepts & problems in drug abuse treatment evaluation, 6532
controlled evaluation studies of alcohol & drug abuse treatment, 6528
cue salience & source & amount of delay in self control procedure, smoking inhibition, college students, 4197
drinking related locus of control, prediction of attrition in alcohol drinking program, male alcoholics of mean age 42.9 yrs, 13459
drug career of amphetamine & opiate abusers, followup studies, 6525
electric shock with naloxone, craving for narcotics, methadone treatment patients, 4200
evaluation of comprehensive pregnancy care program, female opiate addicts, 6 mo followup survey, 8424
evaluation of open-ended discussion vs structured-behavioristic type group experiences, short term alcoholic inpatients, 4199
group vs individual social skills training vs traditional supportive therapy, alcohol intake vs social skills vs personality change, institutionalized chronic alcoholics, 1984
group vs private & on-site vs telephone program evaluation methodology, drug abuse agencies, 2045
hypnotherapy, treatment for smoking, 27–72 yr olds, 4194
hypnotherapy, treatment of smoking, literature review, 6527
length of time spent in methadone maintenance vs therapeutic community vs outpatient drug-free treatment, follow-up outcomes, drug abusers under 18 vs over 30 yrs old, 11054
locked up vs open door management, acting out & "jailification", inpatient adolescent drug abusers, 4177
measurement of self efficacy, posttreatment successful avoidance of smoking behavior, male & female heavy smokers, 8748
MMPI profiles, physicians hospitalized in psychiatric institution vs drug treatment center vs healthy physicians, 1367
multidimensional & descriptive scale for evaluation of drug users, treatment applications, 4793
multifaceted inpatient treatment program & emetic vs electric shock aversion therapy, alcoholism, males, followup study, 6524
nicotine chewing gum, smoking cessation, volunteers who wanted to stop smoking, 11050
nicotine fading & self monitoring, cigarette consumption & abstinence, smokers, 30-mo followup of study by R. M. Foxx & R. A. Brown, 11047
objective psychological measurement, treatment orientation & behavior & attitudes, alcoholics, literature review, 10563
origins & symptoms & treatment, psychotropic drug use & abuse, females, 10210
peer-regulated hospital program, rehabilitation, drug addicts, 6523
problems in evaluating drug abuse treatment, 6534
progressive reductions in tar & nicotine content of cigarettes, carbon monoxide & saliva thiocyanate levels & smoking rate, Ss in smoking treatment program, 6531
propoxyphene napsylate vs methadone hydrochloride, effectiveness as maintenance treatment, 19–55 yr old narcotic addicts, 11055
psychodrama vs small group therapy in Alcohol Rehabilitation Center, personality profiles & anxiety & prognosis, US Navy alcohol abusers, 6535
psychological & social factors in drug addiction & group therapy treatment, adolescents, 1530
psychosocial factors, smoking cessation, obstructive pulmonary rehabilitation patients, 1571
rapid & paced aversive smoking, aversion ratings & negative sensations, male & female smokers, 11048

rational behavior counseling, positive rational behavior & recidivism after parole, alcoholic male prison inmates, 4179
self control training procedure with increasing vs decreasing vs random delays, cigarette smoking inhibition, college students, 4196
self reinforcement &/vs self punishment, smoking reduction, 18–60 yr old Ss, 11052
sex roles & alcoholism & treatment recommendations, females, 10554
short term treatment program, alcoholism, 11053
social learning factors & behavioral treatment, American Indian alcohol abusers, 11046
social skills training, alcohol refusal & assertiveness in role play, hospitalized alcoholics, 8749
stressful life events, return to heroin use, methadone maintenance patients, 4195
survey of alcohol related problems & treatment, 8217
techniques to stop drinking, success in attaining abstinence & degree of social adjustment, 21–51 yr old socially adjusted alcoholics, 1986
therapy selection according to preferences, empathy & relaxation vs psychotherapy vs behavioral instructions vs communication of religious values, male alcoholic patients, 6526
token reinforcement procedures, cigarette smoking & reduction maintenance at 1-yr followup, psychiatric outpatients, 13451
type of drug abuser, outcome of institutional treatment program, 6533
use of alcohol before vs after treatment, validity & reliability of self report, alcoholics, 4193
use of symbolic gift exchange between staff & clients at drug treatment center, 6529
validity of Reasons for Smoking scale, smokers at smoking cessation clinic, implications for prediction of quitting success, 9362
voluntarism, drug treatment programs, reply to P. B. Sutker & A. N. Allain's criticism, 1985
voluntary vs nonvoluntary drug abuse treatment, self reported psychopathology, drug addicts, reply to W. E. Penk & R. Robinowitz's criticism, 1988
6-wk withdrawal program & sex & age & family status & self concept, abstinence & family & occupational situation & general health, alcoholics, 13455

Drug Sensitivity
apomorphine, contralateral turning, male rats, 5387
development of supersensitivity to locomotor stimulant effect of apomorphine, rats with experimentally induced hypokinesia, 9970
dexamethasone suppression test as prognostic indicator, depressed male 30 yr old & female 42 yr old, 8568
highest vs lowest degree of sensitivity to ethanol, response latencies vs avoidance, rats, 12075
lithium carbonate therapy, transient CNS hypersensitivity, 57 yr old male manic depressive alcoholic, 1847
practice & age & drug sensitivity, visual-motor tracking, 5–14 yr old hyperactive males, 13087
repeated ECS & antidepressants, dopamine autoreceptor subsensitivity, male rats, 7555
sex, apomorphine's failure to induce dopamine receptor hypersensitivity, rats, 5369
species differences vs dopamine vs MAO inhibitors, drug deamination vs sensitivity, adult humans vs nonhuman primates vs rodents, 12359
tricyclic antidepressants, sensitivity of catecholamine receptors, 924

Drug Synergism
alcohol & chlordiazepoxide & intruder in home cage vs neutral cage, attack & threat behavior, male mice, 3192
cardiotoxicity & cardiovascular side effects & drug-drug interactions, antidepressants & lithium carbonate & tranquilizers & sedatives & hypnotics, 13350
chlorpromazine & dextroamphetamine with vs without various dosages of naloxone, avoidance behavior changes, squirrel monkeys, 3178
combined lithium & haloperidol toxicity, male patient, 13354
delta-9-tetrahydrocannabinol &/or pentobarbital, key selection discrimination, pigeons, 3182
delta-9-tetrahydrocannabinol with vs without cannabidiol, FI responding vs rate dependency, rhesus monkeys, 12347
dextroamphetamine with vs without chlorpromazine, rate vs accuracy on repeated acquisition task, pigeons, 932
diazepam vs tofisopam & ethanol, psychomotor skills & memory, 20–24 yr old medical students, 3210
Haldol &/vs estradiol benzoate treatment, enhanced response to dextroamphetamine & apomorphine & synergism, rats, 889
methionine & homocysteine, induction of convulsions, mice, 5371
propranolol & flupentixol decanoate, symptoms, chronic schizophrenics, 4096
propranolol &/vs neuroleptic drug therapy, active & passive avoidance learning, 19–57 yr old schizophrenics, 4089
single & repeated doses of triazolam &/vs desipramine, pharmacologic responses & brain catecholamine levels, rats, 9945
taste synergism between monosodium glutamate & disodium 5-guanylate, college students, 331

Drug Therapy [See Also Sleep Treatment]
acoustic activation, heart & respiratory rate & skin potential & resistance, female with endomorph depression treated with thymoleptics, longitudinal study, 10514
advantages of high vs standard dosage antipsychotics, review of controlled trials, 6371
adverse behavioral sequelae of anticonvulsant drugs, literature review, 6415
age & degree of psychopathology & medication, tapping speed on Finger Tapping Test, 19–64 yr old female psychiatric inpatients, 10415
age & sex & prescription of drugs, thyroid dysfunction, psychiatric inpatients, 13176
aging & depression & probenecid administration, amino acid concentrations in cerebrospinal fluid, depressed patients, 6385
agreement with colleagues, recommendations for drug therapy & diagnostic tests, cardiologists vs psychiatrists, 8793
alprazolam vs diazepam therapy, anxiety reduction & side effects, 18–70 yr old outpatients with manifest anxiety, 1832
amitriptyline, obsessive compulsive neurosis, 26 & 29 yr old females, 4106
amitriptyline, plasma tricyclic drug levels, 19–67 yr old depressed patients, 4102
amitriptyline administration, REM sleep suppression & clinical response, depressed patients, 4093
amitriptyline treatment, hypnagogic & hypnopompic hallucinations, psychiatric patients, 8584
amitriptyline vs desipramine, anticholinergic activity, 19–30 yr olds, 8603
amitriptyline &/vs diazepam, depression & anxiety, neurotic outpatients, 1854
amitriptyline vs imipramine, interpersonal learning, depressed inpatients, 4087
amitriptyline &/vs psychological treatment, children with enuresis, 4–5 mo followup, 13193
anesthesiologic vs psychiatric treatment & sex & type of pain, MMPI scores, chronic pain patients, predictive implications, 1677
antidepressant & antianxiety effects of clorgyline vs pargyline, depressed patients, 6398
antidepressive drug dosage & blood plasma level, therapeutic response, literature review, 6373
antiparkinsonian medication, reversibility of tardive dyskinesia, 59 yr old female, 10923
antipsychotic drug therapy, incidence of breast cancer, psychiatric patients, 1969–78, 13331
arginine vasopressin, learning & memory, depressed cognitively impaired & ECT induced retrograde amnesia patients vs cognitively unimpaired adults, 13360
arousal & chlorpromazine & acoustic intensity & report by right vs left ear, recall of dichotically presented digit strings, 46 yr old male chronic schizophrenics, 5956
attitudes toward chemotherapy, schizophrenic & paranoid & manic depressive patients, 1859
attitudes toward medication changes, chronic psychiatric patients, 13342
behavioral manifestations of heritable metabolism disorder called Lesch-Nyhan syndrome, treatment possibilities including behavior modification & pharmacological methods, 6207
behavioral treatment & anticonvulsant medication, self stimulation & seizure activity & attention, 7 yr old male with cerebral palsy, 13177
behavior & environment & medication in diagnosis & treatment of hyperactive children, evolutionary model, 8351
behavior modification with vs without diethylpropion hydrochloride, weight loss, obese 22–69 yr olds, 1627
behavior therapy &/vs pharmacotherapy, treatment of obesity, 23–66 yr old females, 1-yr followup, 8389

beta-endorphin & method of iv injection, prolactin & EEG response & clinical symptom improvement, male chronic schizophrenics, 1837
biogenic amines, affective disorders, symposium proceedings, 3821
bromocriptine as treatment for chlorpromazine-induced galactorrhea, exacerbation of treated mania, bipolar manic depressive 19 yr old female, 8587
butaclamol in varying doses, level of improvement & side effects, acute schizophrenics, 1845
carbamazepine, overactivity, severely & profoundly mentally retarded overactive adult patients, 10936
carpipramine, treatment of asthenic syndromes, psychotics & psychopathological & characterological reaction patients, 6405
catecholamine measures, diagnosis & treatment of depressive disorders, 10436
cerebrospinal fluid GABA & homovanillic acid levels, psychotic drug-free vs haloperidol-treated patients, 10459
cerebrospinal fluid serotonin & dopamine levels & treatment with levo-5-hydroxytryptophan, clinical status, male 20–33 yr old 47,XYY patients, 10913
chlomipramine, spontaneous panic attacks, 23–54 yr olds with panic disorder or agoraphobia, 13330
chlormethiazole dependency, 40 yr old female treated for benzodiazepine & alcohol withdrawal symptoms, 10915
chlorpromazine, hemolytic anemia, female chronic schizophrenia, 1874
chlorpromazine vs propranolol, drug therapy, hospitalized schizophrenics, 10946
choline bitartrate, intellectual performance, 55–77 yr olds with Alzheimer-type dementia, 8577
cholinergic & serotonergic & alpha-adrenergic drugs, corticosterone secretion, rats, model for study of effects of antidepressant therapy, 12404
chronic renal insufficiency not being treated with chemodialysis, oneirism & delirium & other psychopathological symptoms indicating encephalopathy, patients, 1603
cigarette smoking & alcohol consumption, plasma level & metabolization of amitriptyline &/vs nortriptyline, depressed patients, 13343
citalopram, therapeutic & side effects, endogenously depressed inpatients, 8581
client characteristics, noncompliance to prescribed-as-needed medication use, asthmatic patients, 8591
clinical & endocrine effects of mesterolone, males with secondary impotence, 13326
clinical otovestibular measures, prognosis for acute idiopathic hypoacusis & anacusis, implications for medical treatment, 6448
clinical use vs pharmacology vs toxicology vs biology, lithium carbonate, 1978–80, bibliography, 12400
clomipramine, school refusal & neurotic disorders & depression, male vs female children, 13317
clomipramine hydrochloride as treatment for obsessive-compulsive disorder, cerebrospinal fluid metabolites, 6414
clomipramine treatment, MAO activity & onset of mania, unipolar depressed patients, 6419
clomipramine vs nortriptyline hydrochloride, treatment of obsessive-compulsive disorder, 19–60 yr old patients, 6413
clonidine before vs after clorgyline treatment, alpha-2-adrenergic autoreceptor desensitization, depressed patients, 4105
cognitive-behavioral & antidepressive drug therapy, exhibitionism, male Ss, 13195
cognitive therapy vs imipramine, depression, depressed patients, 12-mo followup, 10786
cognitive therapy vs imipramine, symptoms & treatment completion, depressed outpatients, 1-yr followup, 1653
combined antipsychotic & lithium & hormone treatment, severe premenstrual exacerbation of schizophrenia, 18 & 21 & 27 yr old females, 4088
combined lithium & haloperidol toxicity, male patient, 13354
complaints of drug side effects, amount of indirect vs verbal hostility vs irritability vs resentment, nonpsychotic drug therapy psychiatric outpatients, 10917
corticosteroid therapy, psychiatric side effects, literature review, 1858
cortisol levels in cerebrospinal fluid, depressed vs suicidal vs obsessive compulsive vs normal patients treated vs not treated with clomipramine, 1491
cosyntropin, mental confusion, geriatric patients, 1866
current developments in epidemiology & characteristics & chemotherapy of narcotic addiction, 1977 conference proceedings, 1856
deanol therapy, depression & hypomania, dyskinesia patients, 6378
decision making process, treatment of psychosis with antipsychotic drugs, 8588
decrease & discontinuation of neuroleptic therapy, tardive dyskinesia & relapse, chronic schizophrenics, 4080
degree of social stress, effectiveness of cloxazolam, college students, 1857
demographic characteristics, use vs nonuse of psychotropic drugs, patients with various symptoms of depression, 1863
demographic characteristics & diagnoses & drug treatment, psychiatric inpatients of Aro Neuropsychiatric Hospital, Nigeria, 4171
demographic characteristics including age & social class, diagnosis & treatment of depression, community residents, 1928
dependence on benzodiazepines & criteria for maintaining drug treatment & withdrawal, 6418
depot fluphenazine decanoate, therapeutic & side effects, hospitalized mentally handicapped patients with behavior disorders, 6379
Deprenil vs levo-5-hydroxytryptophan vs benserazide, antidepressant potentiation, bipolar vs unipolar depressed patients, 1860
depressive symptom severity & intracellular sodium ion & lithium concentrations, 32 yr old female with chronic retarded depression, 12980
desipramine treatment, depression, 18–62 yr old endogenomorphically depressed patients, 6412
development of Gilles de la Tourette syndrome during pemoline therapy, 14 yr old male, 10646
dexamethasone suppression test as prognostic indicator, depressed male 30 yr old & female 42 yr old, 8568
dextroamphetamine sulfate, suppression of plasma cortisol levels, hospitalized depressed patients, 1871
dextroamphetamines vs neuroleptics, negative vs positive symptoms of schizophrenia, 20–44 yr old schizophrenics, 13314
diagnosis & haloperidol treatment of Gilles de la Tourette syndrome, 6–12 yr old mentally retarded, 8579
diagnosis & treatment, schizopheniform psychosis with reversible primitive reflexes, 64 yr old males, 4081
diazepam &/vs neuroleptic treatment, urine levels & clinical management, patients with acute phencyclidine intoxication, 4108
dibenzepin, rapid depressive cycling, 48 yr old male with recurrent unipolar depression, 4095
dihydrogenated ergot alkaloids, treatment of tardive dyskinesia, 25–64 yr old patients, 1862
disulfiram, sedation of psychomotor excitement, patients, 6372
dothiepin, depression, literature review, 10922
double blind trial of 2-dimethylaminoethanol, aged patients with moderately severe vs severe Alzheimer's disease, 8576
doxepin & desipramine & imipramine, dexamethasone suppression test, 21–46 yr old depressed outpatients, 13312
drug therapy, 18–46 yr old psychiatric patients with minimal brain dysfunction, 1851
drug therapy & alternative treatments, hyperkinesis, children, literature review, 1683
drug therapy & ECT, auditory brain stem evoked potentials, psychiatric patients, 13194
drug treatment of schizophrenics, cerebrospinal fluid norepinephrine elevation, schizophrenics, criticism of report by C. R. Lake et al & response by C. R. Lake et al, 6394
duration of depot neuroleptic maintenance therapy & prognosis following discontinuation, schizophrenics, 6389
early & late symptoms of lithium toxicity, 1853
ECT, hormone responses to clonidine & methylamphetamine, depressed patients, 6212
education on pharmacological management & knowledge about nature of disorder, medication compliance, schizophrenics vs bipolar vs unipolar patients, 1872
effective serum haloperidol levels, schizophrenics vs patients with Gilles de la Tourette syndrome, 13353
efficacy of antianxiety drugs, fear & stress, implications for appropriate usage with physical vs psychiatric disorders, 1836
efficacy of drug therapy vs ECT, treatment of primary unipolar vs secondary depression, inpatients, 1637
efficacy of gamma-endorphin, schizophrenics, 13345
efficacy of monitoring saliva drug levels, depot neuroleptic clinic vs methadone program outpatients, humanitarian & clinical & economic implications, 8575
efficacy & risks & side effects, lithium therapy, 10937
electrolyte imbalance & depression, 75 yr old female on long term diuretic therapy, 10943
emotionality & REM sleep deprivation, swimming model, male rats, implications for drug therapy of depression in humans, 3784

endocrine activity & affective disorders, 10434
ethical issues regarding antiandrogen therapy for sexual deviations, 4231
etiology & diagnostic problems & lithium therapy effectiveness, male & female patients with bipolar psychosis onset before age 16, 5958
etiology vs clinical symptoms of disorder, response to antidepressant drugs, patients, 6417
femoxetine, reduction of whole blood serotonin & effectiveness, depressed females, 4079
fluctuations of catecholamine metabolism & adrenocortical hormones during recovery & drug therapy, patients with endogenous vs neurotic depression, 1875
fluphenazine, cerebrospinal fluid endorphins, acute vs reentry vs chronic schizophrenics, 1868
fluphenazine vs flupenthixol decanoate injections, maintenance treatment, schizophrenic outpatients, 6393
frontalis EMG biofeedback & shaping & generalization procedures, chronic tension headache & personality variables & psychosomatic complaints & medication intake, 25–60 yr old patients, 13272
GABA analog baclofen, treatment of self injurious behavior, 16–37 yr old institutionalized mental defectives, 6406
genetic & lithium treatment studies, reconsideration of bipolar-unipolar classification of affective disturbances, literature review, 6009
group pharmacotherapy, withdrawn schizophrenic patients, 8597
group vs individual cognitive therapy with vs without antidepression medication, neurotic depressive patients, 1670
growth hormone & sedative & hypertensive responses to clonidine, patients with endogenous depression, 13321
guidelines for use of tricyclic antidepressants for treatment of depression, 13325
haloperidol, extrapyramidal effects & utility in treatment of schizophrenia, 4085
haloperidol, extrapyramidal reactions, Asian vs Black vs White psychiatric patients, implications for racial differences, 13318
haloperidol, plasma concentration & prolactin levels & clinical status, female chronic schizophrenics, 6408
haloperidol & chlorpromazine & chlorprothixene & thioridazine, adverse reactions, 37 & 43 yr old disturbed retarded female phenylketonuria patients, 6416
haloperidol & contingency management, weight gain & hyperactivity, 17 yr old hospitalized anorectic female, 1658
haloperidol in 3 oral regimens, symptoms & side effects, hospitalized acute schizophrenics, 1841
haloperidol or fluphenazine treatment, platelet MAO activity, schizophrenics, extension of study by D. Leelavathi & R. Smith, 13322
haloperidol vs placebo, speech dysfluencies, 7–41 yr old stutterers, 6407
haloperidol vs thioridazine, clinical efficacy & side effects, 17–46 yr old restless moderately & severely retarded patients, 1876
high dose diazepam, hallucinations & delusions & mood & behavior, schizophrenic patients, 10912
high dose loxapine, symptoms & side effects, chronic treatment-refractory male schizophrenics, 13341
hypopituitarism without hypogonadotropinism after growth hormone therapy, postpubertal sexual functioning & social development, 26–36 yr old males, 6120
imipramine plus desmethylimipramine levels in blood & antidepressant effect, 21–66 yr olds with endogenous depression, 10914
imipramine vs amitriptyline, treatment of depression, 1835
imipramine vs desmethylimipramine, mitral valve prolapse, patients with panic disorders, 8580
imipramine vs maprotiline, pharmacokinetics & side effects, 75–83 yr old females, 8585
imipramine vs phenelzine, improvement, 52 yr old female with obsessive compulsive disorder, 13334
imipramine vs trazodone therapy, improved symptoms & behavior & side effects, 18–65 yr old patients with primary depression, 1844
imipramine withdrawal, rebound cardiac arrhythmia vs unmasking of pre-existing irritability, depressive 54 yr old female, 8572
intelligence test administration under standard vs reinforcement conditions & with vs without psychotropic medication, test performance, institutionalized mentally retarded adults, legal implications, 6491
intensive chemotherapy & prolonged hospitalization, social behavior, 18 mo through 21 yr old cancer patients, 10788
interaction of indomethacin & ibuprofen, lithium treated manic 28–55 yr olds, 8601
intermittent pimozide vs fluphenazine decanoate, relapse & side effects & plasma concentrations & prolactin levels, male chronic schizophrenics, 6400
interpersonal psychotherapy &/vs amitriptyline, symptoms & social adjustment, acutely depressed outpatients, 1-yr followup, 1686
isocarboxazide treatment, depression, patients resistant to tricyclic antidepressants, 13340
iv beta-endorphin, behavioral change, schizophrenic & depressed inpatients, 1846
ketazolam vs diazepam 1 vs 3 times/day, anxiety symptoms, anxious 18–67 yr old outpatients, 8569
lack of physician-patient communication & side effects & sense of well-being & depression & sick role & heresay & fear of diagnostic procedures, noncompliance with treatment, hypertensives, 13338
learned taste aversion, 17–70 yr olds receiving chemotherapeutic drugs, 5017
legal guardianship for medication against psychiatric patient's will, ethical dilemma, physicians, 6565
levodopa & decarboxylase inhibitors, electroretinogram, Parkinson's patients, 13335
levodopa & melanocyte-stimulating-hormone inhibiting factor, disability score & intellectual functioning, Parkinson's disease patients, 4082
levotryptophan for 10 days after delivery, "maternity blues" & psychiatric symptoms, bottle feeding multiparous females, 6386
levotryptophan vs clomipramine hydrochloride vs doxepin, plasma level & psychomotor effects, neurotically depressed outpatients, 6397
levotryptophan vs placebo, clinical improvement, elderly depressed patients, 1840
levo-5-hydroxytryptophan & carbidopa, recovery without side effects, depressed patients, 1877
lithium, aggressive behavior, 17–63 yr old mentally retarded patients, 8574
lithium, bradycardia & tardive dyskinesia & diabetes insipidus, female patient with manic depressive & paranoid psychosis, 13339
lithium & anticonvulsive drug therapy, increased petit mal seizures, 14 yr old female with seizures & affective disturbance, 4098
lithium carbonate, failure to treat dyskinesia, 56–70 yr old tardive dyskinesia patients, 6399
lithium carbonate, thyroid function, 16–79 yr old patients receiving lithium carbonate for 6 mo or more, 10929
lithium carbonate, weight gain, patients with bipolar affective disorder, 10934
lithium carbonate therapy, diabetes insipidus & renal damage & depletion of thyrotropin-stimulating hormone, 18 yr old male with Gilles de la Tourette syndrome, 4107
lithium carbonate therapy, transient CNS hypersensitivity, 57 yr old male manic depressive alcoholic, 1847
lithium carbonate treatment, memory, patients with chronic affective disorders, 13324
lithium carbonate treatment, neurological complications & organic brain syndrome & extrapyramidal side effects & seizures & EEG changes, 6383
lithium carbonate treatment, 58 yr old manic depressive with nephrotic syndrome, 1873
lithium carbonate &/vs haloperidol, improvement & side effects, 37–41 yr old manic patients, 10920
lithium carbonate with vs without imipramine hydrochloride, prevention of relapse & subsequent illness, 18–65 yr old Bipolar I patients, 10935
lithium & diazepam & oxazepam, plasma concentrations, depressed patients, 3–26 mo followups, 8594
lithium therapy, glycine level change, bipolar & unipolar depressed patients, reevaluation of findings of S. Rosenblatt et al, 4084
lithium therapy, megaloblastic anemia, 40 yr old male bipolar patient, 13348
lithium treatment for 1–10 yrs, glomular filtration & urine osmolality & urine volume, 24–89 yr old affectively ill patients, 1848
lithium vs amitriptyline, relapse rates, 25–65 yr olds who had recovered from depressive illness, 3-yr followups, 13352
long term chlorpromazine vs fluphenazine therapy, antipyrine elimination kinetics, 17–49 yr old psychotics, 4091
long term digoxin therapy, psychosexual behavior, male patients, 6402
long term lithium therapy, cognitive & affective functions, patients with affective disorders, 6392
long-term lithium therapy, glomerular filtration rate & calcium metabolism, 25–65 yr olds, 13356

long term lithium treatment, side effects, 20–65 yr old patients, 8605
longterm use & adverse effects of phenothiazines & lithium, 8589
low dosage haloperidol vs thiothixene & aftercare, side effects & maintenance, schizophrenic outpatients, 8604
loxapine succinate, psychosis, 13313
loxapine succinate therapy, sleep patterns, male chronic schizophrenics, 6376
maintenance lithium therapy combined with chlorpromazine & haloperidol, cardiac & respiratory arrest, 35 yr old manic female, 1861
manic depressive psychosis with daily shift of switching time in 48 hr cycle, 78 yr old male treated with lithium, 8167
MAO B inhibitor levodeprenyl, methylhistamine metabolism, implications for treatment of Parkinson's disease, 5363
MAO inhibitors, schizophrenia, literature review, 6377
maprotiline, level of activity & symptoms, anergic schizophrenic receiving neuroleptic drugs, 1881
measurement & treatment problems, adherence to medicine regimes, 8387
medical aspects & patient's rights, side effects from neuroleptic drugs, 13320
medical model & psychiatric practice, 11069
medroxyprogesterone acetate & milieu therapy, deviant behavior improvement, sex offenders, 4086
medroxyprogesterone acetate & psychotherapy, pathological hypersexuality, 24 yr old male, 3924
megadoses of fluphenazine, treatment outcome, 23–61 yr old schizophrenics, 10916
methyldopa, judgmental learning, hypertensive patients vs normal Ss, 4076
methylphenidate, behavior, homicidal & hypoglycemic prisoners, 6374
methylphenidate, spontaneous autonomic activity & classroom behavior, hyperactive children, 8599
methylphenidate & neuroleptics & withdrawal of phenothiazine & dyskinesia-dystonia, 2 yr old hyperkinetic male, 8586
methylphenidate & other treatment methods, hyperactivity, literature review, 8598
methylphenidate treatment, teacher & student interaction, 7–11 yr old hyperkinetic males, 1880
metkephamid as systematic analgesic, implications for therapeutic usage, 12356
metoclopramide, psychosis, 24–56 yr old male patients, 13355
misdiagnosis & response to lithium, 65 yr old male with depressive dementia, 10472
MMPI personality correlates of response to lithium carbonate, 20–71 yr old psychiatric patients, 1834
morphine vs naloxone vs enkephalin, tardive dyskinesia, psychiatric patients, 4078
mortality rate prior to vs post psychotropic drug use, psychiatric inpatients, 11003
multiallergen extract administered sublingually, behavioral improvement, hyperkinetic 5–13 yr olds, 1865
naloxone, auditory hallucinations, schizophrenic 25–67 yr olds, 13329
naloxone, enhancement of sexual arousal, adult females with low sexual arousability, 6375
naloxone, failure to reverse catalepsy, 35 yr old male schizophrenic, 8593
naloxone, hallucinations, chronic schizophrenic 22–59 yr old males, 8570
neurochemistry & clarification of basis for serious developmental disturbances & psychoactive medication, children, 12902
neuroleptic blood levels, clinical efficacy, acutely manic psychotic & schizophrenic patients, 8573
neuroleptic drugs, prevention of relapse in schizophrenia, report of workshop, 4092
neuroleptic induced reinnervation sprouting in CNS, model for development of tardive dyskinesia & supersensitivity psychosis, 10735
neuroleptics, neuromelanin levels in substantia nigra & locus ceruleus, schizophrenics, 3790
neuroleptics & methyldopa vs rubidium vs tryptophan-benserazide, symptoms, schizophrenics, implications for brain dopamine deficiency, 1838
neuroleptic vs antidepressive drug therapy, depression, acute schizophrenic vs depressive patients, 8592
neurological soft signs & diagnostic group & psychotropic drug effects, patients with alcoholism vs bipolar vs unipolar affective illness vs schizophrenia vs mixed diagnosis, 1365
nighttime diazepam therapy at different dosages, diminished symptoms, 26 yr old male with chronic & destructive sleepwalking, 1867
nitrazepam vs triazolam, 19–20 yr old male psychiatric insomniac inpatients, 13319
onset & characteristics & effect of haloperidol treatment, Gilles de la Tourette syndrome, mildly retarded female 16 yr old, 6388
overview of drug therapy, cognitive decline, aged patients, literature review, 4100
overview of psychotherapy & behavior & drug therapy & surgery, patients with sexual deviation disorders, 3948
oxypertine, tardive dyskinesia, 21–65 yr old patients, 6391
patient characteristics & clinician attitudes, prescribing of benzodiazepines, psychiatry & community medicine department staff members, 13332
pemoline therapy & presence vs absence of childhood hyperactivity, adults with attention deficit disorder, 1879
pencillamine, mental disorders associated with hepatolenticular degeneration, 8583
pharmacological approach, treatment of hyperactivity, children, 10930
pharmacological treatment vs orchydectomy vs brain surgery, sex drive reduction, male patients with deviant sexual behavior, 13182
pharmacotherapy as intervention in psychotherapeutic processes, 28–48 yr old patients, 6188
phenelzine sulfate therapy, rapid cycling disorder, 17 yr old male with depression, 4097
phenelzine therapy, improved adjustment, male veterans with war neurosis, 1850
phenelzine &/vs exposure to phobic situation, reduction of phobia, agoraphobic & socially phobic 18–47 yr olds, 13196
phenothiazine-induced tardive dyskinesia, pseudodementia, 1852
physostigmine dosage, learning & memory, Alzheimer patients, 13315
physostigmine infusion, subsequent response to lithium, 21–31 yr old schizophrenics, 10918
physostigmine &/vs arecoline iv, memory, Alzheimer presenile dementia patients, 13323
pimozide, norepinephrine concentrations in cerebrospinal fluid, schizophrenics, 10941
pimozide, symptoms & social behavior, 27–72 yr olds with personality disorders & social maladjustments & disturbed interpersonal relations, 1839
pimozide, treatment for monosymptomatic hypochondriacal psychoses, 6401
pimozide, treatment of minimal brain dysfunction, 22 yr old male, 6404
piperidine, chronic schizophrenia, patients with mean age of 3.5 yrs, 13344
plasma levels & in vivo methylation of tricyclic antidepressants, depressive 30 yr old female who suffered fatal nortriptyline overdose, 8602
predictability of MMPI scales, antidepressant responses to lithium therapy, male vs female outpatients, 9326
predictive ability of MMPI, imipramine response, hospitalized male depressives, replication of study by E. F. Donnelly et al, 11679
pretreatment nausea as conditioned response, cancer chemotherapy patients, 1864
prevalence of drug therapy, behavior problems & emotional disorders, institutionalized retarded children, 8600
prevalence of presumed tardive dyskinesia, psychiatric patients with & without exposure to neuroleptics, 5911
prevalence & patterns of psychotropic & antiepileptic drug treatment, behavior & seizure disorders, trainable mentally retarded children & adolescents in public schools, 6724
propranolol, cerebrospinal fluid amine metabolites & prolactin, schizophrenics, 4077
propranolol, therapeutic & metabolic effects, chronic schizophrenics, 8590
propranolol & flupentixol decanoate, symptoms, chronic schizophrenics, 4096
propranolol hydrochloride, psychotic symptoms & serum serotonin & prolactin levels & side effects, schizophrenics, 1849
propranolol & phenothiazine, electrodermal orienting & habituation responses to auditory stimuli, schizophrenics, 10924
propranolol therapy, toxic psychosis, mildly retarded female, 13349
propranolol &/vs neuroleptic drug therapy, active & passive avoidance learning, 19–57 yr old schizophrenics, 4089
psychiatric aspects of Parkinson's disease & effect of drug treatment, literature review, 3758

psychotherapy &/vs amitriptyline, symptoms & social adjustment, depressed patients, 1669
psychotherapy &/vs drug vs milieu therapy vs ECT, treatment of schizophrenia, 1st-admission schizophrenics, 3–5 yr followup, 8405
repeated oral lecithin, serum choline & lecithin levels & amelioration of tardive dyskinesia, long-term schizophrenic inpatients, 13336
repeated sleep deprivation & drug therapy, treatment of mood cycles in manic-depressive psychosis, 53 yr old postmenopausal female, 10762
Research Diagnostic Criteria, prevalance of schizoaffective disorder & assessments of family history vs drug response vs clinical vs laboratory variables, bipolar I depression patients, 1478
Research Diagnostic Criteria subtypes, prediction of response to amitriptyline & short term interpersonal psychotherapy, 18–65 yr old ambulatory depressed patients, 1665
research & treatment with 2nd generation antidepressant drugs, 10938
response cost program &/vs methylphenidate, behavior & academic performance, hyperactive 7 & 8 yr olds, 1667
role of counselor, maintenance of antipsychotic medical regimen, psychiatric patients, 4103
self hypnosis, nausea & emesis inadvertently conditioned during chemotherapy, cancer patients, 10956
self management program, self medication & awareness of symptoms & self control, children with chronic bronchial asthma, 1777
serotonin precursors, treatment of depression, literature review, 13357
severe tardive dyskinesia, 15–66 yr old Hungarian schizophrenic outpatients, implications for side effects of drug therapy, 10919
sex bias, psychoactive drug advertisements, 1959–75, 4237
single dose & chronic desipramine administration, plasma concentrations & side effects, 69–92 yr old depressed females, 13328
single dose diazepam vs N-desmethyldiazepam, anxiety & sedation in stressful situation, female surgical patients, 10925
single large daily dose of maprotiline, tranquilizing & soporific effects, depressed hospitalized patients, 1855
socioeconomic & psychosocial dimensions, self medication, 1833
sociotherapeutic & pharmacological program, outpatient treatment of discharged schizophrenics, 11008
sodium lactate infusions with vs without imipramine or desipramine, induction & prevention of panic attacks, panic disorder patients, 4101
sodium valproate, alcohol withdrawal symptoms & seizures, alcoholic patients, 10927
sodium valproate, symptoms & homovanillic acid & methoxyhydroxyphenyl glycol & GABA in cerebrospinal fluid, schizophrenics, 6395
standard vs sustained release methylphenidate, minimal brain dysfunction, 6–14 yr olds, 4109
stimulant drug therapy, hyperactive children, literature review, 13316
success vs resistance to chlorpromazine therapy, nuclear schizophrenics vs schizoaffectives, 1444
suggestions for dosage & frequency & injection site of perphenazine enantate to minimize occurrence of abscesses, neuroleptic drug therapy patients, 6411
sulpiride, nonorganic headache syndrome, patients, 6380
sulpiride & trifluoperazine, change in condition & side effects & plasma levels, chronic schizophrenics, 6381
symptoms & use of physostigmine in diagnosis & treatment, anticholinergic psychosis, 1842
therapeutic doses of antidepressants, cardiovascular complications, 8578
therapeutic drugs, classroom learning, children, 10945
thioridazine dosage, hyperactivity & bizarre behavior & self stimulation, severely mentally retarded patients, 6409
thioridazine vs SCH-12679, aggressive behavior, mentally retarded patients, 1843
thioridazine vs thiothixene, activity & parkinsonism & prolactin levels, chronic schizophrenic 18–65 yr old outpatients, 13327
thyroid releasing hormone with thyroid hormone pretreatment, endocrine & behavioral effects, 26–56 yr old unipolar depressed females, 10932
thyroid replacement therapy, manic syndrome, hypothyroid patients, 6139
thyrotropin releasing hormone, plasma growth hormone release, 20–60 yr old unipolar & bipolar depressive females, 6396
tolamolol vs diazepam & exposure to phobic object, stress-induced tachycardia & behavioral & subjective effects, phobic female adults, 8571
tranylcypromine, rapid therapeutic response, 22 yr old female & 39 yr old male with severe obsessive compulsive disorder, 13337
trazodone vs amitriptyline, improvement & side effects, neurotic depressed patients, 10921
treatment of obsessive compulsive disorders, literature review, 3968
trends in prescription of psychotropic drugs in state hospital, 1970–77, 6190
tricyclic antidepressants, cardiovascular effects & importance of blood level monitoring, depressed geriatric & cardiac disease patients, literature review, 10940
tricyclic antidepressants, depressed children, 13347
tricyclic antidepressants, treatment of allergy & depression, 6387
tricyclic antidepressants & lithium, treatment of tardive dyskinesia, 1869
tricyclic antidepressant vs other psychoactive drugs, depressive symptoms, depressed patients, 6420
trimipramine, efficacy & side effects & therapeutic dosage, 4104
urinary excretion levels of 3-methoxy-4-hydroxyl phenylglycol, 31–54 yr old asthmatics treated with sympathomimetics & 28–58 yr olds undergoing alcohol withdrawal, 8100
use of lithium, incidence of hospital admissions with mania, 10942
use of Mini-Mult profile signs to identify appropriate psychotherapeutic drugs, community mental health center clients, 11688
use of Research Diagnostic Criteria & amitriptyline vs perphenazine, diagnosis & treatment of major depressive & chronic mood disorders, outpatients aged 18 to over 45, 1870
validity & stability of MMPI panic-fear scale in asthma, 13–72 yr old asthmatics, 4781
valproate & anticonvulsants, therapeutic response & blood levels of anticonvulsants, epileptics, 13358
vanadium, manic & depressed patients, implications for etiology, 13346
viloxazine treatment, plasma viloxazine levels & depressive symptoms, 26–62 yr old depressive patients, 6403
viloxazine vs amitryptiline, endogenous depression, patients, 10926
viloxazine vs doxepin, therapeutic effects, depressive neurotics, 8595
withdrawal from antitremor drugs, extrapyramidal side effects, chronic schizophrenics, 10933
withdrawal from imipramine, gastrointestinal symptoms & other effects, depressed children, 4094
withdrawal of anticholinergic drugs while receiving antipsychotic drugs, vomiting, 18 yr old male, 13351
zimelidine, changes in augmentor-reducer tendency in visual evoked potentials vs pain measures, 25–65 yr old chronic pain patients, 10944
zimelidine, zimelidine & norzimelidine plasma levels & therapeutic & side effects, 20–70 yr old endogenously depressed patients, 4090
zimelidine vs amitriptyline, side effects & antidepressant efficacy, depressed inpatients, 4083
5-hydroxytryptophan & carbidopa & imipramine, self-mutilative behavior, 5–14 yr olds with Lesch-Nyhan syndrome, 8596

Drug Tolerance

acute & chronic LSD administration, startle response, male rats, implications for use of LSD in schizophrenia research, 9920
acute vs chronic delta-9-tetrahydrocannabinol administration, sequential pressing of 2 vs 5 differently colored keys, squirrel monkeys, 12348
acute vs chronic ethanol treatment & withdrawal, climbing fiber burst activity & total firing rates & rebound indicating tolerance & dependence, male rats, 3206
chlordiazepoxide with morphine vs cold water swims, change in jump thresholds, rats, 3142
daily opiate injections of various dosages, log dose/response curve flattening, rats, 9951
diazepam withdrawal symptoms, 60 yr old female, 4099
familiar vs novel environment, morphine tolerance of tail flick reflex, rats, 3135
haloperidol & apomorphine, spontaneous activity & stereotypy responses during & after haloperidol withdrawal, rats, implications for methodology in neuroleptic treatment studies, 9971
hashish extract, maternal nonsocial & nursing & locomotor activity & development of sucklings, lactating mice & their pups, 7642
hashish extract, social & overall activity & submissive & sexual & aggressive & nest-building behavior & dominance, male mice, 7691

nutritionally complete & balanced liquid diet containing ethanol, induction of physical dependence on & tolerance to & withdrawal from ethanol, male rats, 909
phencyclidine dose, behavioral tolerance, male rats trained in barpressing, 3207
phenobarbital tolerance, phenobarbital-induced depression of potassium-stimulated 5-hydroxytryptamine release in brain, male rats, 9948
reward & reinforced practice, behavioral tolerance to ethanol, rats, 3150
Drug Usage [See Also Drug Abuse, Drug Addiction, Drug Dependency, Glue Sniffing, Heroin Addiction, Marihuana Usage]
aircraft noise exposure, use of nonprescribed & psychotropic drugs & use of health care services, "very annoyed" vs "less annoyed" survey respondents over 16 yrs old, 11523
drug & drinking behavior, adolescents & young adults, literature review, 3588
drug usage & interactions with parents & peers & significant adults, male vs female 7th vs 8th vs 9th graders, 10165
drug usage patterns, college students, 1970–76, 5709
drug use, members of football team at small liberal arts college, 8000
drug use & lifestyle, college students, replication of study by P. A. Walters et al, 3589
employee attitudes on deviant behavior, theft vs alcohol use vs illicit drug use on the job, 16–57 yr old employees, implications for preemployment job applicant screening, 10562
experimental hallucinogenic drug usage, subsequent readiness to use hallucinogens, experiment volunteers, 7632
extent & determinants of use of alcohol & inhalants & marihuana & phencyclidine, Mexican American 9–17 yr olds, 5707
history of use & neurochemical action, hallucinogenic mushrooms, implications for search for endogenous hallucinogens in psychoses, literature review, 906
multidimensional & descriptive scale for evaluation of drug users, treatment applications, 4793
origins & symptoms & treatment, psychotropic drug use & abuse, females, 10210
patterns & prevalence of drug use, 7th–12th graders, 7999
perceived consequences & normative influences, use of oral contraceptives, college students, 5711
personality & drug history, subjective intoxication on coltsfoot & placebo & marihuana, 21–31 yr old males, 12736
psychosocial characteristics, 14–24 yr old male prostitutes, interviews & limited 1-yr followup, 8188
recreational use, amyl nitrate & butyl nitrate, 19–50 yr olds, Canada, 5705
research on military training & battalion systems & illicit drug use, US Army personnel, selected military reports, 2216
sensation seeking & drug usage, 10th–12th graders, 12590
sex differences, use of psychotropic drugs & help seeking behavior, women vs men, 1201
sex & ethnic & socialization differences, early drug use, Black vs Puerto Rican inner city 7th graders, implications for socialization into drug use causal model, 1107
sex & language spoken at home & self concept, extent of alcohol vs marihuana vs inhalant vs phencyclidine use, 9–17 yr old Spanish Americans in housing project, 12602
simplex vs common factor causal models of drug use, 7th–9th graders, 12589
social isolation, self administration of dimethyltryptamine, monkeys, 7578
Drug Usage Attitudes
change in attitudes toward smoking over 4-yr period, smoking vs nonsmoking patients in VA hospital, 7998
education on pharmacological management & knowledge about nature of disorder, medication compliance, schizophrenics vs bipolar vs unipolar patients, 1872
perceived consequences & normative influences, use of oral contraceptives, college students, 5711
persuasive communication, change of attitude & behavior & intentions on marihuana smoking, 13–18 yr old marihuana users vs nonusers, 1208
review of movement against alcoholism through 1941, Yugoslavia, 1205
sex differences, use of psychotropic drugs & help seeking behavior, women vs men, 1201
smoking behavior & related attitudes of cohort, 11–12 yr olds, 4-yr longitudinal study, 12734
threat of surveillance vs actual surveillance, expression of opinions on marihuana, college students, implications for deindividuation & reactance hypothesis, 1297
TV drug advertising, attitudes toward over-the-counter drugs, 8–13 yr olds, 7715
Drug Withdrawal
acute vs chronic ethanol treatment & withdrawal, climbing fiber burst activity & total firing rates & rebound indicating tolerance & dependence, male rats, 3206
alcohol withdrawal syndrome, platelet MAO activity, alcoholic patients, 13015
dependence on benzodiazepines & criteria for maintaining drug treatment & withdrawal, 6418
desipramine, withdrawal from chronic phencyclidine dependence, drug abusers, 13458
drug career of amphetamine & opiate abusers, followup studies, 6525
fluoxetine & clomipramine & imipramine, withdrawal-like behavior after chronic treatment with tetrahydrocannabinol, male Wistar rats, 937
nutritionally complete & balanced liquid diet containing ethanol, induction of physical dependence on & tolerance to & withdrawal from ethanol, male rats, 909
past history of audiogenic seizure testing, audiogenic seizure responses to ethanol addiction/withdrawal, male rats, 7701
psychosocial factors, smoking cessation, obstructive pulmonary rehabilitation patients, 1571
relaxation & EMG biofeedback training, treatment of diazepam withdrawal syndrome, female 24 yr old, 8489
urinary excretion levels of 3-methoxy-4-hydroxyl phenylglycol, 31–54 yr old asthmatics treated with sympathomimetics & 28–58 yr olds undergoing alcohol withdrawal, 8100
withdrawal from antitremor drugs, extrapyramidal side effects, chronic schizophrenics, 10933
Drug Withdrawal Effects
acute & chronic morphine & nalorphine induced withdrawal, time-course response of brain & adrenal dopamine & norepinephrine induced by alpha-methylparatyrosine, female rats, 891
alcohol withdrawal syndrome, platelet MAO activity, alcoholic patients, 13015
biological factors in cigarette smoking, 6035
caffeine withdrawal, anxiety & muscle tension & RT, college students, 5415
cessation of chronic consumption of ethanol vs tertiary-butanol vs pentobarbital, acquisition of shock avoidance task, male mice, 3212
chlormethiazole administration during alcohol intoxication, hangover symptoms, 24–46 yr old males, 3195
chlormethiazole dependency, 40 yr old female treated for benzodiazepine & alcohol withdrawal symptoms, 10915
chronic diphenylhydantoin, open field behavior during withdrawal, rats, 3157
chronic morphine withdrawal with apomorphine ester vs lergotrile, locomotor activity, male rats, 3220
continuous-access phencyclidine self-administration, physical dependence, rhesus monkeys, 7620
decrease & discontinuation of neuroleptic therapy, tardive dyskinesia & relapse, chronic schizophrenics, 4080
diazepam withdrawal symptoms, 60 yr old female, 4099
diazepam withdrawal with vs without parachlorophenylalanine treatment, body weight losses after withdrawal, male rats, 9966
dosage of zinc tannate salts of heroin & levoalpha-acetylmethadol & hydromorphone, severity of opiate withdrawal syndrome, male Sprague-Dawley rats, 867
ethanol & phenobarbital & baclofen, ethanol withdrawal, rhesus monkeys, 7698
haloperidol & apomorphine, spontaneous activity & stereotypy responses during & after haloperidol withdrawal, rats, implications for methodology in neuroleptic treatment studies, 9971
imipramine withdrawal, rebound cardiac arrhythmia vs unmasking of pre-existing irritability, depressive 54 yr old female, 8572
lithium withdrawal, relapse, bipolar manic depressives, 10928
methylphenidate & neuroleptics & withdrawal of phenothiazine & dyskinesia-dystonia, 2 yr old hyperkinetic male, 8586
neuroleptic drugs, induction of tardive dyskinesia & other movement disorders, handicapped children & youth, 8582
prenatal narcotic addiction, behavioral concomitants including mental & psychomotor development & irritability of CNS, neonates, 3- & 6- & 12-mo followups, 6054

propoxyphene napsylate vs methadone hydrochloride, effectiveness as maintenance treatment, 19–55 yr old narcotic addicts, 11055
relaxation & EMG biofeedback training, treatment of diazepam withdrawal syndrome, female 24 yr old, 8489
sodium valproate, alcohol withdrawal symptoms & seizures, alcoholic patients, 10927
withdrawal from antitremor drugs, extrapyramidal side effects, chronic schizophrenics, 10933
withdrawal from chronic alcohol consumption & subsequent ethanol injection, impairment of avoidance behavior, male mice, 3211
withdrawal from imipramine, gastrointestinal symptoms & other effects, depressed children, 4094
withdrawal of anticholinergic drugs while receiving antipsychotic drugs, vomiting, 18 yr old male, 13351
Drugs [See Also Related Terms]
ammonia in aversive therapy for self injurious behavior, difficulty in use & possible side effects, mentally retarded 13 yr old female & 8 yr old male, 8522
apomorphine & potentiation effects of additional drugs under hypoxic & normoxic conditions, conditioned avoidance to hypoxia, female rats, 3143
apomorphine vs dextroamphetamine vs propylnorapomorphine, stereotypic cage climbing, male mice, 12413
apomorphine vs RU 24213 vs dextroamphetamine vs bromocriptine vs levodopa & lesions of nigrostriatal pathway, stereotyped behavior & locomotion & rotation & anorexia & emesis, mice & rats, 865
attitudes toward clinical tests of new drugs, hospitalized & ambulant patients, 871
beta-carboline-3-carboxylic acid ethyl ester, diazepam displacement from brain tissue blockade of pentylenetetrazole-induced clonic seizures, mice, 9968
bicuculline vs picrotoxin vs strychnine vs morphine vs aminooxyacetic acid vs 3-mercaptopropionate vs thiosemicarbazide, di-n-propylacetate-induced abstinence behavior, male rats, 12353
bombesin, satiety vs malaise, rats, reply to J. A. Deutsch's criticism, 886
bombesin vs cholecystokinin, satiety vs malaise, rats, professional criticism of theory of J. Gibbs et al, 876
butoctamide hydrogen succinate, REM sleep, 20–22 yr old male medical students, 7677
clomipramine hydrochloride as treatment for obsessive-compulsive disorder, cerebrospinal fluid metabolites, 6414
clomipramine vs nortriptyline hydrochloride, treatment of obsessive-compulsive disorder, 19–60 yr old patients, 6413
computerized review system, orders of psychotropic drugs, 86
corticosterone vs dexamethasone, alternation & exploration, adrenalectomized rats, 803
demographic characteristics, use vs nonuse of psychotropic drugs, patients with various symptoms of depression, 1863
Deprenil vs levo-5-hydroxytryptophan vs benserazide, antidepressant potentiation, bipolar vs unipolar depressed patients, 1860
dextroamphetamine vs gamma-butyrolactone vs haloperidol, motor activity & loss of righting reflexes & brain dopamine levels, mice bred for differing sensitivity to alcohol, 678
different psychoactive drugs, serum & brain tryptophan levels, Albino-Swiss male mice, 936
dorsal raphe noradrenergic input & 5,7-dihydroxytryptamine, innervation & identification of serotonin neurons, male rats, implications for serotonin cell activity during REM sleep, 9915
drug induced changes in noradrenergic transmission, lordosis & steroid action within hypothalamic target cells, female guinea pigs, 9952
drug therapy, 18–46 yr old psychiatric patients with minimal brain dysfunction, 1851
drug use, members of football team at small liberal arts college, 8000
ethical issues regarding antiandrogen therapy for sexual deviations, 4231
ethyl bromoacetate as olfactory probe, frogs, 5360
etiracetam, memory retrieval deficits, Wistar rats, 927
femoxetine, reduction of whole blood serotonin & effectiveness, depressed females, 4079
fluphenazine vs flupenthixol decanoate injections, maintenance treatment, schizophrenic outpatients, 6393
hypophysectomy & aurothioglucose, weight gain & obesity, mice, 809
intelligence test administration under standard vs reinforcement conditions & with vs without psychotropic medication, test performance, institutionalized mentally retarded adults, legal implications, 6491
interaction of indomethacin & ibuprofen, lithium treated manic 28–55 yr olds, 8601
intranigral injections of GABA & muscimol following pretreatment with bicuculline vs haloperidol vs atropine vs strychnine, circling behavior & role of nigrostriatal dopaminergic system, female rats, 896
kainic acid lesions to anteromedial vs ventrolateral caudate nucleus & medial & sulcal prefrontal cortex, aphagia & adipsia, male rats, 9883
kainic acid vs electrolytic septal lesions, receptivity & rejection & reactivity, ovariectomized rats, 9847
levodopa & decarboxylase inhibitors, electroretinogram, Parkinson's patients, 13335
levodopa & melanocyte-stimulating-hormone inhibiting factor, disability score & intellectual functioning, Parkinson's disease patients, 4082
levotryptophan vs clomipramine hydrochloride vs doxepin, plasma level & psychomotor effects, neurotically depressed outpatients, 6397
medroxyprogesterone acetate & milieu therapy, deviant behavior improvement, sex offenders, 4086
mepacrine treatment before immobilization-induced desensitization, prevention of decrease in beta-adrenoceptors in hypothalamus & brain stem, male rats, 12409
mortality rate prior to vs post psychotropic drug use, psychiatric inpatients, 11003
oral & ip thyrotropin releasing hormone & MK-771 & reserpine & alpha-methylparatyrosine & phenoxybenzamine & methazolamide & picolinic acid, flexor activity, female rats with spinal transections, 7569
overview of drug therapy, cognitive decline, aged patients, literature review, 4100
painful visceral stimulation & inhibition by naloxone, diffuse noxious inhibiting controls & evidence for role of endogenous opiates, male rats, 12290
pharmacological treatment, phencyclidine-induced behavioral stimulation, female mice, 12357
piperidine, chronic schizophrenia, patients with mean age of 3.5 yrs, 13344
pretreatment with levodopa alone & with benserazide followed by drug challenge, locomotor stimulation & role of central dopamine receptor sensitivity, male mice, 895
prevalence & patterns of psychotropic & antiepileptic drug treatment, behavior & seizure disorders, trainable mentally retarded children & adolescents in public schools, 6724
psychiatric vs physical illness, accidents & traffic code violations, 18–67 yr old patients, 10407
psychoactive drugs, hypnotizability, psychiatric inpatients & outpatients, 6410
psychomotor stimulants, abnormal behavior, 5362
psychotropic drugs, neurotransmitter receptors & schizophrenia & animal behavior, 5391
reserpine vs pimozide vs diethyldithiocarbamate vs methysergide vs dextroamphetamine, stereotypic behavior vs disaggregation of polyribosomes, rats, 12412
response to clean vs drug relevant vs drug word stimuli as indicator of stage of addiction vs steps in drug taking vs drug effects, male opiate vs heroin addicts, 13030
saline & cyclophosphamide, motor processes, rat offspring of treated males, 3134
sc haloperidol, immune response to 1-chloro, 2,4-dinitrobenzene, female mice, 12402
self administration of cocaine vs dextroamphetamine vs phenmetrazine vs fenetylline, performance on FI vs VI vs FR schedules, rhesus monkeys, 12369
sex differences, use of psychotropic drugs & help seeking behavior, women vs men, 1201
sodium lactate infusions with vs without imipramine or desipramine, induction & prevention of panic attacks, panic disorder patients, 4101
sodium n-dipropylacetate & muscimol hydrobromide & nipecotic acid amide & dosage, isolation-induced aggressive behavior, mice, 9954
systemic vs spinal cord administration of 5-methoxy-N- N-dimethyltryptamine, acoustic startle reflex, male rats., 7629
tricyclic antidepressant vs other psychoactive drugs, depressive symptoms, depressed patients, 6420
Drunkenness [See Alcohol Intoxication]

Dualism
materialistic vs psychophysical dualist theory of mind-brain relationship, implications for neuropsychiatry, 6947
sexuality duality & religion & mythic imagination, 12640
Ducks
ascending vs descending synthetic maternal calls, preference, aurally isolated wood ducklings, implications for experimental precursors to seemingly instinctive behavior, 9690
brief presentations of moving imprinting stimulus, temporal patterns of attachment behavior & role of priming effect superimposed on low response probability & possible mediation by opiate peptides, ducklings, 633
development of filial attachment to static visual features of imprinting object, Khaki Campbell ducklings, 562
early development of vocalizations, Peking ducklings prior to hatching vs 48 hrs posthatching, 9717
embryonic experience & development of species-specific auditory perception & repetition rate of maternal call, maintenance of innate postnatal responsiveness, Peking ducklings, 534
environmental stimulation, recovery from experimentally induced problem solving deficits, ducklings, 9851
group rearing & reduction in group size & imprinting stimulus, emission of distress calls, ducklings, 12118
male species vs nuptial plumage vs own early experience, mate selection, female mallards reared with no experience of ducks vs with natural mother & siblings vs with other conspecifics but no males, 9701
own image in Plexiglas vs mirror vs age mate, relative attractiveness, ducklings, implications for imprinting, 2942
prenatal decreased oxygen consumption, learning deficits, neonatal ducklings, 9850
repetition rate of assembly vs reconnaissance maternal calls, vocal & behavioral inhibition, mallard ducklings, 651
silhouette of hawk vs goose, cardiac response, ducklings, 7370
social vs isolated rearing, response to mallard vs chicken maternal call, peking ducklings, 9719
testosterone injection, social displays & sexual behavior & hormone plasma level, male ducks, 12346
Duodenum [See Intestines]
Duration (Response) [See Response Duration]
Duration (Stimulus) [See Stimulus Duration]
Dwarfism (Pituitary) [See Hypopituitarism]
Dyads
analysis of videotaped communicative interactions, language disordered 7–10 yr old dyads, 8291
attractiveness of 3rd party arbitrator vs mediator, negotiating behavior, male college dyads, 5735
balance in use of interrogative form in verbal interactions, 2.8–3.2 & 4.5–5.5 yr old dyads, 9998
birth order & interaction in same vs opposite gender dyads, peer popularity, kindergartners, 7858
cartoon simulations of stressful dyadic interaction, perceived cohesiveness of same-sex dyads & friendship concept development, male vs female 1st–8th graders, 10162
coding system, dyadic peer interaction, preschool & school age children, 234
cognitive similarity, same-sex dyadic communication, college students, 5761
communication & interpersonal confidence, working dyads, 8013
comparative performance, detection of stimuli from visual field periphery, working dyad of directing operator & O, 7191
cooperation, school learning, 7–16 yr old student dyads, 2125
development & maintenance of trusting behavior in 2-person exchange situation, college students, 8010
dyadic verbal communication performance, learning disabled vs normally achieving male 4th & 5th graders, 13610
equilibria concepts for noncooperative 2-person games, 278
expectation of future interaction & partner low vs high task contribution & presence, reward allocation, female college student dyads, 8018
eye contact & discrepancy in perceptions of interpersonal proximity, conversation & subsequent personality ratings of partner, nursing student dyads, 10315
friendship, dyadic communication, 3.5–4.5 vs 4.5–5.5 yr olds, 5548
high vs low self monitoring of S & conversation with person with high vs low self monitoring, speech patterns & eye gaze, college students, 3600
interpersonal distances, affective responses, male-female dyads of friends vs strangers, 1218
interpersonal relations between individuals & couples, volitional effort in isometric contraction of upper limb, sports group members, 5275
interpersonal relationships, perceived crowding & loss of personal control, college students in double- vs triple-occupancy housing, 5731
marital quality & happiness & satisfaction & adjustment, 1970's, literature review, 10262
maternal care variables & maladjustment, mothers & their 7–8 yr old children, followup study, 7977
mixed vs like dyads, initiation strategies in peer interaction, hearing &/vs deaf dyads of 3.4–5.3 yr olds, 10742
model for observation & classification of triangulation in families & other groups, 7979
multimethod assessment, effects of race & sex & age on interpersonal distancing, Black vs White 7 vs 11 vs 15 yr old dyads, 1089
nonverbal sensitivity to facial cues vs unknown others vs dating partner, exclusively dating couples, 1241
pairing with nonretarded students & teacher praise for motor skill performance vs social interaction, social interaction, trainable mentally retarded 12.6–14.8 yr olds, 9040
paralanguage hierarchies, college students in dyads vs triads with strangers, 10333
participation in couple communication program, improvement in communication & relationship, married & unmarried couples, 4029
patterns of dyadic agreement in perceptions of family relationships, high school students & their parents, 12668
patterns of speech & gaze, male & female dyads, 5738
perceived property rights vs friendship vs reciprocity vs personal influence, sharing behavior, 3rd vs 4th grade boys, 12615
personality traits, satisfaction with relationship, White middle-class 25–35 yr old married & cohabitating couples, 5639
presence vs absence of friend vs nonfriend, activity & toy play, male vs female 3–5 yr olds, 5568
puzzle solving, strategy mediation, 6th–9th grade dyads, 10036
role of cognitive consistency, attitudes toward dyadic interaction, 6 & 9 & 12 yr olds, 7755
same- vs mixed-sex dyads, juggling performance, college students, 3603
self disclosure flexibility & empathy, perception of adjustment & attraction, male college student dyads, 1281
setting & demographic & partner characteristics, behavior categories for observation, mentally disabled adults, implications for communal facility setting, 8707
sex, upward communication strategies in superior-subordinate dyads, graduate students, 3624
sex composition, cooperative problem solving with communication via teletypewriter, dyads, implications for natural language computer design, 2275
sex & fear level, snake approach behavior, college student dyads, 2809
sexual satisfaction & femininity & feminism, females & their male partners, 1192
social perception game, dyads, 3649
stereotyped conceptions, estimation of work-related attitudes of partner, Australian-Japanese corporation managers in dyads, test of assimilation-contrast hypothesis, 3493
structural variation in social reinforcement contingencies, exchange & cooperation, college students, 5757
subjective stress during maintained eye contact with opposite sex partner in interpersonal experiment, male vs female Ss, 12755
symbiosis in learning therapy, hearing impaired & learning disabled 12 yr olds, 9007
topic of conversation & sex composition of dyads, ratings of affective tone of conversation, college students, 12765
trust, dating & married & divorced couples, 3533
use of behavioral cues in judges' perceptions of dominance in dyadic conversations, college students, 10365
utterance rules in enquiry openers, dyads, 3238
validity, measures of J. Lee's types of romantic love, dating couples, 4807
Dying [See Death and Dying]
Dying Patients [See Terminally Ill Patients]
Dysarthria [See Also Stuttering]
cerebellar stimulation, dysarthria, 11–30 yr olds with congenital cerebral palsy & traumatic brain damage, 7-mo followup, 10749
speaking rates & intelligibility as measurements of communication efficiency, dysarthric adults, 10751

supplementary motor region lesions, disturbances in language skills & speech emission & rhythm control & phonation & articulation, female 37–80 yr olds, 13113
tongue force & rate of syllable repetitions & articulatory defectiveness, normal vs dysarthric adults with amyotopic lateral sclerosis, 6099
Dyskinesia
antiparkinsonian medication, reversibility of tardive dyskinesia, 59 yr old female, 10923
chlorpromazine, production of dyskinesia vs aggressive behavior vs social interactions, rhesus monkeys, 12388
chlorpromazine, vacuous chewing movements, rats with ablated frontal sensorimotor cortex or ablated sensorimotor connections to forebrain, implications for models of tardive dyskinesia, 3171
deanol therapy, depression & hypomania, dyskinesia patients, 6378
decrease & discontinuation of neuroleptic therapy, tardive dyskinesia & relapse, chronic schizophrenics, 4080
dementia & tardive dyskinesia, schizophrenics, 5905
dihydrogenated ergot alkaloids, treatment of tardive dyskinesia, 25–64 yr old patients, 1862
intermittent haloperidol, caudate dopamine receptor binding, mice, implications for prevention of tardive dyskinesia, 3138
lateralization of neuroleptic induced dyskinesia as evidence of pharmacologic dominance in basal ganglia, psychiatric patients, 1878
lithium, bradycardia & tardive dyskinesia & diabetes insipidus, female patient with manic depressive & paranoid psychosis, 13339
lithium carbonate, failure to treat dyskinesia, 56–70 yr old tardive dyskinesia patients, 6399
longterm use & adverse effects of phenothiazines & lithium, 8589
lymphocyte MAO activity & plasma prolactin & growth hormone, female chronic schizophrenics with vs without tardive dyskinesia, 13112
methylphenidate & neuroleptics & withdrawal of phenothiazine & dyskinesia-dystonia, 2 yr old hyperkinetic male, 8586
morphine vs naloxone vs enkephalin, tardive dyskinesia, psychiatric patients, 4078
neuroleptic drugs, induction of tardive dyskinesia & other movement disorders, handicapped children & youth, 8582
neuroleptic induced reinnervation sprouting in CNS, model for development of tardive dyskinesia & supersensitivity psychosis, 10735
oxypertine, tardive dyskinesia, 21–65 yr old patients, 6391
phenothiazine-induced tardive dyskinesia, pseudodementia, 1852
prevalence of presumed tardive dyskinesia, psychiatric patients with & without exposure to neuroleptics, 5911
repeated oral lecithin, serum choline & lecithin levels & amelioration of tardive dyskinesia, long-term schizophrenic inpatients, 13336
severe tardive dyskinesia, 15–66 yr old Hungarian schizophrenic outpatients, implications for side effects of drug therapy, 10919
sub-syndromes of tardive dyskinesia, psychiatric patients, 5914
tricyclic antidepressants & lithium, treatment of tardive dyskinesia, 1869
trifluoperazine, striatal & mesolimbic dopamine function, male rats, 5357
various neuroleptics, induction of dystonia & dyskinesias & other extrapyramidal side effects, male squirrel monkeys, implications for animal models, 902
Dyslexia
ability to remember & draw arrows with correct spatial orientation, writing alphabet, normal 4–10 yr olds vs dyslexic 10 & 14 yr olds, 10617
auditory-verbal vs visual-spatial processing deficit, evoked potentials to word vs music chord stimuli, dyslexic 8–12 yr old males, 10670
characteristics & classification, dyslexic vs nondyslexic disabled male 2nd grade readers, 8277
correlation between reading of letters & words & sentence ordering & silent reading comprehension, dyslexic children aged 11 yrs & older, 13059
educational programs, reading & spelling achievement, dyslexic children, 11288
eye movements during reading & following sequentially moving light, 10–16 yr old dyslexics, 13066
foveal vs parafoveal presentation of words vs letters, recognition response latency, 11–15 yr old dyslexic vs normal readers, 6063
hemispheric dominance, dyslexic children & 1st degree family members, 10595
historical review of definitions & studies & etiological theories of dyslexia, 1896 to present, 10588
hyperactive & distractible syndromes vs dyslexia as categories of minimal brain dysfunction, 8094
intra- vs inter-modality matching, reversal errors in reading, 6–10 yr old beginning vs retarded vs dyslexic readers, 13601
listening vs reading, comprehension of text content, dyslexic 6th–9th grade males, 11308
literary creativity concurrent with developmental dyslexia & emotional difficulties, 3880
neuropsychological assessment & educational prescription, auditory-linguistic dyslexic 10 yr old male, 11301
neuropsychological models on role of CNS, developmental dyslexia, literature review, 8231
persisting auditory discrimination & speech comprehension problems, dyslexic young adults, 10601
relative importance of self esteem components, dyslexic vs nondyslexic 8–10 yr olds, 8278
relaxation & hemisphere strengthening exercises, dyslexia dysfunctions resulting from cerebral dominance problem, 15 yr old female, 3916
remediation techniques, spelling, dyslexic junior high school males, 11320
retarded development of hemispheric interaction, dyslexia, 8256
right hemispheric infarction, crossed dextral aphasia, right handed 61–68 yr old males, 10750
sex chromosome aberrations, delayed development & learning disorders & mental retardation, male 18–45 yr old dyslexics & sex chromosome disordered children & adults, 5910
short vs long term vs semantic memory, dyslexic 8–14 yr olds, 10607
symptom similarities of developmental dyslexia & acquired alexia, male dyslexic college students, etiological implications, 8299
Dysmenorrhea
hypnotherapy & Lamaze exercises & biofeedback training & desensitization, review of behavioral treatments for dysmenorrhea, 10865
phase of menstrual cycle, RT & detection tasks & pain & affect, female college students with increased negative affect around menstruation time, 753
Dysmetria [See Ataxia]
Dysmorphophobia
psychodynamics of dysmorphophobia & psychoanalytic psychotherapy, 18 yr old Greek female, 1470
Dysphasia
brain lesions in left vs right frontal vs central vs temporal vs parietal regions, performance of complex arm & facial movements, 12–55 yr olds, 13120
perception of phonemic categories, developmental dysphasic vs normal 5–9 yr olds, 6109
syllable presentation rate, acoustic & verbal processing, developmentally dysphasic 5–9 yr olds, 6108
visual-gestural vs auditory-verbal cuing, word-retrieval responses, 46–59 yr old dysphasics, 6432
Dysphonia
frequency of voice tremors, 40–81 yr old patients diagnosed as having spastic dysphonia vs essential (voice) tremor, implications for differential diagnosis, 10408
supplementary motor region lesions, disturbances in language skills & speech emission & rhythm control & phonation & articulation, female 37–80 yr olds, 13113
Dysphoria [See Restlessness]
Dyspnea [See Asthma]
Dysthymia [See Depression (Emotion)]
Dystonia [See Muscular Disorders]
Dystrophy (Muscular) [See Muscular Dystrophy]
Ear (Anatomy) [See Also Cochlea, External Ear, Labyrinth (Anatomy), Vestibular Apparatus]
biofeedback, voluntary control of pulse transmission time to ear, male college & graduate students, 7543
direction & degree of ear advantage, perception of dichotically presented speech with environmental sounds, British vs Japanese college students, 7200
family patterns, hand & eye & foot & ear preference, parent-offspring triads & sibling pairs, 7395
noise, human behavior, literature review, 3073
Ear Canal [See External Ear]
Ear Disorders [See Also Menieres Disease, Motion Sickness, Otosclerosis, Tinnitus]
auditory processing & speech discrimination & hearing problems, aged, literature review, 9524

clinical characteristics & auditory evoked potentials, cortical deafness, 40 yr old male with primary myocardiopathy & unable to recognize speech & environmental sounds, 1602
clinical otovestibular measures, prognosis for acute idiopathic hypoacusis & anacusis, implications for medical treatment, 6448
early middle ear pathology, auditory perception & academic achievement, 2nd–3rd graders, 10651
eye examinations, identification of cause of congenital hearing impairment, children, 10652
magnitude of hearing loss, acoustic reflex thresholds, 20–88 yr olds, 10731
psychiatric morbidity as measured by General Health Questionnaire, outpatients over 21 yrs of age referred for audiologic evaluation, 1392
remote masking as method of diagnosing cochlear partition rigidity, 8–90 yr olds with Meniere's disease & acoustic neuromata & sensorineural lesions & presbyacusis, 6118
right channel extinction in verbal dichotic listening, 2 patients with conduction aphasia, 1570
stimulus frequency & intensity, acoustic reflex patterns as measured by signal averaging technique, sensorineural impaired vs stapedectomized adults, 5198
time course of tone decay as indication of retrocochlear pathology, support for findings of T. Wiley & D. Lilly, 6173
Early Childhood [See Preschool Age Children]
Early Childhood Development
analysis & recommendations, early childhood intervention programs, 8906
construction of short screening procedure, identification of Ss at risk for learning disabilities, prekindergartners, 9101
correlations between results of McCarthy Scales of Children's Abilities & other measures of cognitive & motor & perceptual development, 2–5 yr olds, 2492
cross cultural differences, early childhood development & childrearing practices, European-American vs Chinese children from birth to 3 yrs old, US vs Hong Kong, comparison of longitudinal studies, 12565
early childhood interactions, educational potential, children, 10006
early childhood experiences & depressive disorders, 12955
early childhood & special education retraining for work with young handicapped children, previously certified teachers, 11146
factors from Neale preschool developmental index, prediction of longitudinal reading performance, children, 4812
Freudian theory of maternal role in growth in child's 1st 3 yrs, 970
individual differences, use of consonants during early phonological development, Ss aged 1 yr 4 mo–1 yr 10 mo, 5505
interrelationships of biomedical & environmental & developmental variables, Down's syndrome children followed from birth to 36 mo, 8265
nature of mother-child interaction, child development, 12–30 mo olds & their mothers, longitudinal study, 5647
observations of normal child development in child psychiatry training, 2022
"pandevelopmental retardation" & genetic history, neurobiologic disorders, pre-schizophrenic infants, literature review, 12910
parental pressure to suppress memories of childhood events & parents' disconfirmation of children's observations, subsequent psychopathology, 1404
paternal behavior during pregnancy & infancy & early childhood & father-child relationship, psychopathology in children, literature review, 5638
play behavior, childhood development, preschool age children, Hong Kong, 12572
program for early identification of problems & developmental stimulation procedures, preschoolers, 8397
Early Experience
absence of father in childhood, adult self concept & interpersonal relations with men, female college students, 3565
age & intellectual experiences at home & in day care provided by caregivers vs child with emphasis on language mastery, performance on intelligence tests at age 3, 1–3 yr olds, 989
age & visual stimulation in rearing environment, light seeking behavior, 15–90 day old rats, 9658
autonomous vs control rearing as child, self acceptance, young adults with mean age range 23.6–25.8 yrs, 12575
bias in recall of early sex role behavior, Swedish vs Australian male homosexuals, 12726
characteristics & childhood experiences & marital relations & perceptions & expectations of children, child-abusing parents, literature review, 8190
community size of early socialization, work needs in adulthood, accountants, 13703
cross-fostering after birth, development of olfactory preferences, male vs female cross-fostered vs in-fostered vs nonfostered adult lemmings, 9697
cross-fostering vs within-species-fostering vs nonfostering, social & sexual behavior, male vs female lemmings, 9696
disturbed mother-child communications, psychosomatic disorders & endogenous depression, children, 1388
early childhood experiences & depressive disorders, 12955
early death of mother, symptoms of psychiatric disturbance, female psychiatric patients, 12945
early environment & intelligence, criticism of study by H. M. Skeel, 12516
early experience, development of predatory aggression & defense, cats, 12087
early exposure to TV, perceived relationship between figures & emotional or abstract concepts, college students, 2625
early family experience & sex role identification & feminist attitudes, childbearing aspirations, unmarried female college students, 12664
early loss of parent & life event ratings, 70 yr old males vs females, 7891
early parental experiences, dependency & hypochondriasis & utilization of health care services in adulthood, 21–65 yr old general practice patients, 6446
early parental loss, depressed vs neurotic patients, 1479
early participation in sports, fear of success, graduate students, 8063
early postnatal contact, infant development & maternal attitudes, infants & their mothers, 36 hrs & 3 & 12 mo followups, 5636
early socialization experiences, empathy, male vs female college students, 5839
early vs late infant stimulation, adult schedule-induced polydipsia, rat pups & adults, 7396
efficacy of earliest childhood memory as psychodiagnostic technique, 5–11 yr olds, case reports, 8388
embryonic experience & development of species-specific auditory perception & repetition rate of maternal call, maintenance of innate postnatal responsiveness, Peking ducklings, 534
experiential & psychological factors, psychogenesis & onset of anorexia nervosa, 10647
filial attachments & sexual preferences, cockerels, 5178
Freudian theory of maternal role in growth in child's 1st 3 yrs, 970
hypnosis & psychotherapy, multiple personalities resulting from childhood & adolescent trauma, 29 yr old female, 1671
male species vs nuptial plumage vs own early experience, mate selection, female mallards reared with no experience of ducks vs with natural mother & siblings vs with other conspecifics but no males, 9701
maternal mental ability & education & training in child development & socioeconomic status & birth weight & child experiences, verbal comprehension & verbal expression, 3 yr olds, 7831
moving vs stationary prey & illumination vs darkness, prey catching responses, salamanders, 2937
neonatal stress, physiological & behavioral response during active-avoidance conditioning, lambs, 5088
number of caretakers & mother holding & degree of protectedness, emotional development, children, Kenya, 3441
parental death in childhood & demographic characteristics, subsequent depression as adult, 1488
parental pressure to suppress memories of childhood events & parents' disconfirmation of children's observations, subsequent psychopathology, 1404
parent-child relations, later development of physical symptoms, male college students, 8330
psychological & theological components & role of childhood experiences, R. C. Stapleton's ministry of inner healing, reply to criticism of J. M. Alsdurf & H. N. Malony, 7933
psychological & theological components & role of childhood experiences, R. C. Stapleton's ministry of inner healing, reply to criticism of W. Buell & L. Propst, 7930
psychological & theological components & role of childhood experiences, R. C. Stapleton's ministry of inner healing, criticism of J. M. Alsdurf & H. M. Malony's article, 7932
psychological & theological components & role of childhood experiences, R. C. Stapleton's ministry of "inner healing", 7929
psychological & theological components & role of childhood experiences, R. C. Stapleton's ministry of inner healing, reply to J. M. Alsdurf & H. N. Malony's criticism, 7940

psychological & theological components & role of childhood experiences, R. C. Stapleton's ministry of inner healing, reply to J. M. Alsdurf & H. N. Malony's criticism, 7950
recall of different parent-child experiences & listening to aversive cues from "parent" & sex of parent & child, performance on Stroop Test, college students, 7228
recall of significant childhood events through sculpturing, sculptor, parallels process of art therapy, 8421
self mutilation & personality disorders, nonpsychotic self mutilating patients, 6049
self reported abuse as children, males convicted of sexual crimes, 3852
time interval, organization of perceptions about maternal childrearing control & nurturance, 5 vs 8 vs 14–18 yr olds, implications for retrospective studies, 10057
toys & play experience, transference of early physical experience & emotional development, children, 7889
wooden eggs vs cubes & early experience, discrimination ability, chickens, literature review, 2884
Early Infantile Autism
genetic & environmental influences, school age same-sexed twins with 1 or both diagnosed as autistic, 12957
linguistic coding & memory, children with infantile autism, review of studies, 6002
Earthworms
earthworm hunting techniques, red fox, literature review, 2926
East German Democratic Republic
German university system & establishment of experimental psychology before 1944, 6916
laboratory method of research instruction & W. Wundt's Leipzig University laboratory, 19th century, Germany, 6919
surface analysis of TAT responses, Southern Germans, late 1950's, 12633
Eating [See Also Diets]
aversive training procedure, inappropriate eating behavior, retarded adolescent, 13305
cerebellar ablation, mastication duration & variability, guinea pigs, 5333
eating disorder as expression of group dynamics, kindergartners, 5927
educative & suppressive effects of positive practice & restitutional overcorrection, eating behavior & puzzle performance, severely retarded adults, 8721
manipulation of ward furniture & mealtime routine, verbal & tactile communication & eating behavior, senile dementia patients, 8704
praise & food reinforcement & physical prompts, reduction of rate of eating, 9–12 yr old profoundly mentally retarded rapid eaters, 8501
Eating Patterns
altered rest-activity & feeding schedule, shift of motor activity rhythm, mice, 5316
anorexia nervosa & obesity & binge eating & bulimia & bulimarexia & compulsive eating, bibliography, 6145
behavioral treatment, selective food refusal, moderately retarded 6–9 yr old females, 8552
behavioral treatment of unacceptable eating patterns after treatment of acute phase in anorexia nervosa, 11–21 yr old females, 6359
behavioral weight management techniques, weight loss & changes in eating behavior & home environment, obese 16 yr old females, 6322
biobehavioral model of diverse origins and treatments, obesity, 8512
conflicting attitudes toward their children's eating & dependency & depression, mothers of asthmatic sons, 1157
delay of gratification & locus of control & eating patterns, obese vs nonobese 3rd–5th graders, 10673
development & complications of self induced vomiting, 18–27 yr old females, 10667
development of inventory for measurement of eating practices, female college students, 9350
feedings at morning vs evenings, learning performance in visual discrimination task, young chickens, 12066
food deprivation during light vs dark phase of light-dark cycle & naloxone, fluctuations in pain sensitivity & role of endogenous opioid system, male rats, 5390
frequency & duration of binge-eating episodes, university bulimia outpatients, 13132
meal size & duration & bites & rate of ingestion, obese vs nonobese males, 10694
personal vs sociocultural factors, moderate obesity, 40–59 yr old male construction workers, 1592
praise & food reinforcement & physical prompts, reduction of rate of eating, 9–12 yr old profoundly mentally retarded rapid eaters, 8501
sex & field dependence & percentage overweight, visually based food preferences & amount eaten, college students, 3677
S sex & weight & model sex & amount of model eating, eating rates, obese vs normal college students, implications for externality hypothesis of obesity, 1569
vegetable vs meat breakfasts, self ratings of positive emotionality, male college students, Canada, 3057
weight & sex, eating behavior, 6–70 yr olds, 10402
Echolalia
communicative & cognitive functions of echolalia, 4–9 yr old autistic males, 10515
developmental differences & lexical difficulty of stimuli, quantity & manner of production & peak performance of echo reactions, 3–7 yr olds, 7788
Echolocation
auditory stimulation, response of cerebellar neurons, echolocating bats, 2983
developmental changes, echolocation behavior, young vs adult bats, 9691
Ecological Factors [See Also Pollution, Topography]
environmental analysis, human evolution & adaptation research, literature review, 2408
need to adopt ecological perspective when employing behavioral interventions, school psychologists, 9111
partisanship & liberalism & environmental concern & issue salience, policy preferences & voting behavior, state natural resources management officials, 6892
resources including health & income & social integration & knowledge about retirement & ecological conditions & life satisfaction & age, adjustment, aged Ss, 3290
visual spatial memory task performance, desert Aboriginal vs White Australian 10–16 yr olds, 7803
Ecology
anthropological studies on nomadic pastoralists, literature review, Africa, 7927
community waste recycling programs in sheltered workshops, 8745
consumer preferences, container law, voters, 6887
continued increase in hominid brain size, ecological adaptation vs intraspecific competition vs mental arms race amplifier hypothesis, 5192
ecological approach to social knowing, 12737
ecological changes & incentives, bus ridership, 9146
ecological perspectives of coping process, development of model for community psychology, 12861
need for naturalistic research in special education, 6738
Economically Disadvantaged [See Disadvantaged]
Economy
achievement motivation levels in 1950, electricity production growth from 1952–76, replication of D. C. McClelland's study, 1253
age & sex, understanding of socioeconomic concepts, 6–15 yr old Malaysian Chinese, 7836
attendance vs number of reading & mathematics courses vs college aptitude test scores, knowledge of consumer economics & competency, high school students, 13598
careers education emphasizing "free" sector of formal economy, 13724
economic conditions, residential satisfaction, rural vs urban residents aged 18 yrs & over, 10356
family structure & suicide & criminality & murder rates & economy, 1950–70, European countries, 12631
history of neoclassical microeconomic theory from perspective of rational choice theory, 4649
issues in mental health policy, need for scientific involvement, 10977
manipulation-proofness for widening scope of Arrowian welfare economics, political decision making procedures, 10271
Northern Athapaskan ethnology, 1970's, literature review, 7943
proportion of elderly in population & rate of economic growth, suicide rate in traditional vs industrialized countries, 1533
relationship of economic conditions to mental health admissions, comments on J. R. Marshall & D. P. Funch's critique of study by M. H. Brenner, 11020
relationship of economic conditions to mental health admissions, reply to K. S. Ratcliff's comments regarding critique of M. H. Brenner's study, 11014
sociocultural & economic & pharmacologic aspects & psychiatric implications & role in oral carcinoma, betel chewing, Papua New Guinea, 1104

technology transfer & community socioeconomic structures, projects for resettlement from densely to sparsely populated areas, Philippines, 7913
ECS Therapy [See Electroconvulsive Shock Therapy]
ECT (Therapy) [See Electroconvulsive Shock Therapy]
Educable Mentally Retarded
acceptance of mildly mentally retarded by nonretarded peers, literature review, 8987
advantages & disadvantages of minimum competency testing, mildly mentally retarded high school students, 11338
analysis of Revised WISC profiles for differential diagnosis, learning disabled vs educable mentally retarded vs emotionally disturbed vs other impaired 4–19 yr old students, 11337
attributions & instructional prescriptions for handicapped vs nonhandicapped students, regular classroom teachers, 8844
auditory sensory memory, educable mentally retarded adolescents vs normal 4th & 8th graders, 8226
auto-instructional device vs paired associate method, teaching word recognition, mildly intellectually handicapped adolescents, 9034
background music, motor skill performance, educable mentally retarded vs normal 10–12 yr old males, 3869
blocked vs random ordering & simultaneous vs sequential presentation, free recall, educable mentally retarded adolescents, educational implications, 8992
candy vs traditional vs culturally relevant social reinforcement, performance on Revised WISC, 9–11 yr old mildly mentally retarded Black males, 10616
changes in education, educable mentally retarded children, criticism of R. E. Childs's study, 8961
communicative competence in conversation, mildly mentally retarded male adults, 6059
comparability of WISC vs Revised WISC scores, 8–9 yr old mildly mentally handicapped special education students, longitudinal study, 9128
comparative effectiveness, time out vs response cost as punishment for noncompliance, educable mentally retarded 6–10 yr olds, 8995
connotations of terms identifying children with subnormal intellectual capacity, attitudes toward special education classes, mildly mentally handicapped vs nonhandicapped 10–16 yr olds, 9051
correlation between Revised WISC & Nonreading Aptitude Test Battery scores, educable mentally retarded 10th graders, 11403
correlations between McCarthy General Cognitive Index & Revised WISC with Wide Range Achievement Test Reading scores, educable mentally retarded & learning disabled 6–8 yr olds, 11672
court decision, use of standardized IQ tests for identification & placement, educable mentally retarded Black children, 9077
curriculum changes, educable mentally retarded children, reply to S. E. Warren's & B. Blatt's criticisms, 8975
curriculum for teaching coin skills, educable mentally retarded with mean age of 9.7 yrs, 11283
description & critique of Developing Models for Special Education, educable mentally retarded & learning disabled & emotionally disturbed kindergartners through 2nd graders, 2147
development & training principles & techniques, experimental programs for acquisition of work & social skills, mildly intellectually handicapped adolescents, 8727
discussion of curriculum approaches, educable mentally retarded children, 8974
educable mental retardation label &/vs psychometric information, teachers' attributions & instructional prescriptions, elementary school teachers, 8845
exceptionality status & art instruction & time between test administrations, Goodenough-Harris Drawing Test standard IQs, nonexceptional & learning disabled & educable mentally retarded students, 6768
extent of mainstreaming, 8–15 yr old educable mentally retarded, 2-yr followup, 9021
familial vs organic etiological basis of retardedness & correlation with IQ, profoundly vs severely vs moderately vs mildly mentally retarded, 1535
hierarchically sequenced introductory mathematics curriculum, moderately & severely retarded children, 4402
home environment & family adjustment, personal & social & cognitive development, trainable & educable mentally retarded children, 8257
incorporation of recreation in individualized education plans for mildly mentally retarded students, 8988
individualized instruction & simulation & integration into regular classes, work study program, mildly mentally handicapped 14–19 yr old students, 9041
intent vs consequences, moral judgment, educable mentally retarded vs normal school age children vs trainable mentally retarded adolescents, 8224
interaction of heredity & environment, behavioral development, normal Puerto Rican & mildly mentally retarded & multihandicapped children, longitudinal studies, 3410
introductory trade training, woodwork & cabinet making, 16–21 yr old slow learners & mildly retarded Ss, 8733
item analysis of Concept Assessment Kit-Conservation, measurement of intellectual development, educable mentally retarded children of 7.3–14.3 yrs CA & 3.7–10.8 MA, 9415
labeling child as educable mentally retarded, impressions of attractiveness & academic & behavioral potential of Black vs White vs Mexican American children, elementary school teachers, 6628
language performance patterns, educable mentally retarded children, 8227
lateral dominance & torque, emotionally disturbed vs educable mentally retarded vs speech & hearing vs learning disabled 3rd graders, 10406
locus of control & verbal praise, motor performance, educable mentally retarded elementary students, 8999
MA differences, picture classification in incidental learning task, educable mentally retarded children, 1539
mainstreaming, educable mentally retarded children, criticism of R. E. Childs's study, 9057
McCarthy Scales of Children's Abilities & General Cognitive Index & Revised WISC IQ, educable mentally retarded vs learning disabled vs normal 6–8 yr olds, 6083
metamemory & transfer of interrogative strategy, educable mentally retarded children, 3871
mnemonic strategies, short term memory in motor learning, educable mentally retarded, 3881
music, retention in paired associate task, male vs female educable mentally retarded 7–11 yr olds, 6732
parent education, management of child's behavior & learning, parents of educable mentally retarded children over age 6, 8410
participant modeling, desensitization of dog phobia, 32 yr old mildly retarded female, implications for extent of desensitization, 8519
participant modeling, high avoidance motor task performance, educable mentally retarded 12 yr old male, 3-wk followup, 10869
perceptions & expectations of independent living skills & social competencies, parents of mildly retarded 16–21 yr olds, 8272
perceptions of & attitudes toward Resource Specialist Program for educable mentally retarded students, elementary & second level teachers, 9014
placement in natural vs adoptive parent home vs foster vs group home, placement stability, behavior problem educable mentally retarded 5–23 yr olds, 6 & 12 & 18 mo followups, 8650
positive examiner verbal comments, Revised WISC performance, institutionalized educably mentally retarded students, 7092
propranolol therapy, toxic psychosis, mildly retarded female, 13349
psychoeducational assessment & goals & instructional objectives of Individualized Education Program, educable mentally retarded & emotionally disturbed & learning disabled students, implications for education of handicapped, 6737
reinforcement density & change in item difficulty subsequent to errors, disruptive behavior, mildly mentally retarded 3 yr old boys, 8483
relative effectiveness of productive training with vs without receptive pretraining, acquisition of spoken picture labeling, mild to moderately retarded 5.9–10.3 yr olds, 9015
remedial vs regular classroom placement, academic self concept, severely learning disabled & educable mentally retarded 8–12 yr olds, 8965
residence with family vs independently vs in sheltered care home, work performance & social behavior in sheltered workshops, mildly mentally retarded adults, 8675
revised Peabody Picture Vocabulary Test vs Revised WISC, educable mentally retarded 7.3–15.8 yr olds, 9399
self instructional program, learning addition & subtraction requiring regrouping skills, mildly mentally retarded 9–10 yr old students, 9011
self instruction vs modeling vs instructor-controlled strategy training, generalization of verbal abstraction strategies, educable mentally retarded students, 6720
sensitivity to orthographic structure in printed English words, educable mentally retarded special education students, 11263
sex education, trainable & educable retarded, 11306

social incompetence vs antisocial & emotionally disturbed behaviors, termination from competitive employment, mild & moderately retarded 23–59 yr olds, implications for vocational rehabilitation, 11035
social reinforcement, eye contact & speech, mildly intellectually handicapped 8–15 yr olds, 6351
socioeconomic bias in planning & placement decisions of Educational Placement & Planning Committees, learning disabled & educable mentally retarded & emotionally & otherwise impaired 4–19 yr old students, 11267
standardized IQ & behavior & achievement test scores, development of criteria for exit from special classes, educable mentally retarded 5–14.3 yr olds, 9063
superordinate & basic level object descriptions, semantic processing speed as measured by category decision times, educable mentally retarded vs normal adolescents, 3865
systematic instructional procedures, sentence forms of reversible passives & clause constructions, educable mentally retarded children, 6727
System of Multicultural Pluralistic Assessment, classification of mild mental retardation, White vs Black vs Hispanic vs Native American Papago students, 9117
tachistoscopically presented linear arrays & masks, iconic store readout, mildly retarded adolescents & adults vs college students matched for CA & elementary school students matched for MA, 8254
training in self assessment & self reinforcement in self managed token economy, on task behavior, mildly & moderately retarded 7–12 yr olds, 8556
training & placement in McDonald's restaurants, turnover, mildly & moderately mentally retarded 21–52 yr olds, 8719
visual & tactile & auditory feedback, pursuit rotor learning, mildly retarded children, 3868
whole task vs forward vs backward chaining methods, assembly skills training, mild & moderately retarded adults, 13447
word frequency & contextual information, word identification in sentence completion task, educable mentally retarded 8.5–11.2 yr olds, 10587
work skills &/vs social skills training, personal & social adjustment, educable mentally retarded 15–18 yr olds, 8735
Education (Driver) [See Driver Education]
Education [See Also Related Terms]
age difference & school attendance, future orientation & delay behavior, lower vs middle class children, 13523
alcohol consumption & alcoholism as educational problems, West Germany, literature review, 1113
analysis of psycho-educational research, 1910–74, 2405
application & usefulness of schemata in study of cognition, educational implications, 31
applied behavior analysis & premises & methods of education, 13517
BASIC computer program, determination of best suited statistical technique for research data set, 4728
citizenship education, 2 mo–12 yr olds, China, 5453
consumer information & education, cognition & choice behavior, male vs female new homeowners, 6904
critique of J. G. Anderson's identification & estimation of nonrecursive models, implications for educational research, 2606
early education in traffic safety, 4–8 yr old pedestrians, 11197
educational process & personality development, students, 8820
educational psychology & influence of education on personality development, 8821
education & counseling & assistance with bureaucracy, older people with cumulative disadvantage of social deprivation & disability, 8671
education of youth for life of work, USSR, 8816
evaluation of research on lecture notetaking, case study method, literature review, 9275
failures & causes & needed research & education, human planning, 1306
father absence, psychosocial development & education, children, 1093
intelligence & demographic & occupational characteristics, US Navy personnel applying for off-duty education, 6788
medicine & education & parent advocacy & legislation, mental retardation, New Zealand, literature review, 8271
metamemory research, children, implications for education, 10082
model for moral development education emphasizing cognitive & affective goals, gifted, 6745
models of educational research, 13540
Northern Athapaskan ethnology, 1970's, literature review, 7943
play in secular & religious education, Piaget's & M. Montessori's theories of play, 5550
proposal for development & evaluation of consumer curriculum, consumer education, 2086
psychodiagnostic vs Marxist emphases in vocational guidance, vocational choice, educational implications, 9161
remedial vs human development models of intervention, clinical practice of sport psychology, 11072
sex differences in mathematical reasoning, gifted 7th–10th graders, implications for environmental influences, 10019
social isolation from 7–19 yrs of age, thought patterns & educational problems, male S, 5454
sources & definition & history & effect on education, "back to basics" movement, 13521
suggestions for effective educational research, 13534
symbolic play training vs conservation training, male vs female 4.9–6.4 yr olds, 12496
tasks of psychology, educational problems, Czechoslovakia, 4267
training levels & areas & ESP beliefs & mental conflict, members of Parapsychological Association, 13494
training vs instructions, cognitive learning strategies, college students, 9599
types of fallacious aggregation of data about individuals in educational research, 11363
use of leisure time in education of masses, 1118
use of social interaction & nonverbal communication, facilitation of social competence in education & therapy, 8818
Educational Administration
application of theories of social change & organizational development to schools, Sweden, 6622
demographic characteristics & training needs, due process hearing officers for education agencies, 13554
financial & administrative obstacles, implementation of PL 94-142, symposium, 8993
past & present & future of educational administration, US, 8833
special care for gifted students within normal classroom environment, elementary school students, 8959
students' vs teachers' attitudes toward school organization, 6th form teachers & 11–18 yr old students, Wales, 11136
Educational Administrators [See School Administrators]
Educational Aspirations
age & sex & race & self esteem & self concept, educational & career goals & career commitment expectations & sex role attitudes, Black vs White 18–25 yr olds, 1356
educational goals & motivation & achievement & needs, female college students with vs without educational interruption, 2062
peer group influence, school achievement & occupational aspirations, elementary–high school students, data synthesis from 10 studies, 11223
sex & sex role attitudes, role model influence on choice of college & career, college students, 1186
student-faculty informal contact, college outcomes, literature review, 11249
Educational Audiovisual Aids
auto-instructional device vs paired associate method, teaching word recognition, mildly intellectually handicapped adolescents, 9034
cost effectiveness of audiovisual media, higher education, 13590
Educational Background [See Also Parent Educational Background]
academic & personal indicators, career success, former doctoral students in educational administration, implications for program candidate selection, longitudinal study, 4277
age differences, performance on Raven Coloured Progressive Matrices, 20–86 yr olds, 3372
age & educational level & number of children, childrearing & childbearing attitudes, 20–64 yr old parents, 12676
age & education & cardiovascular disease & high blood pressure, intelligence & memory, 70 vs 75 yr olds, 5-yr followup, 12479
age & income & job tenure & marital status & educational level & number of dependents, job satisfaction, steel industry 1st-line supervisors, 6862
ANOVA methodology for identification of biased test items, consideration of instructional level in achievement testing, 7019
change over time in age at 1st coitus & coital activity & orgasm & education & family size, 20–40 yr old females born from 1911–58, Czechoslovakia, 12724
changes in frequency of marital intercourse, females married for 1–4 yrs, 5660
conflicts arising from exposure to traditional & Western cultural influences, educated elite, Pacific islands & Australia, 10226

culture & organizational structure & educational level & achievement orientation, job satisfaction, factory workers, India vs Western countries, 6871
demographic & other variables, decision to have abortions, females, 1162
differential responses on physiognomic & imagery & aesthetic & creativity measures, nonartists vs dancers vs art students vs art professors, 960
education & age & political party & perceptions of energy situation, energy policy preferences, adults, 11521
educational background & psychotherapy selection processes, neurotic vs psychosomatic patients, 1694
educational background & urban vs rural environment, value orientation, 18–25 yr olds vs Ss over 40 yrs, 10197
educational & environmental background, attitudes toward marriage & family structure & traditionalism, 18–25 vs over 40 yr old males, 12600
educational & occupational status inconsistency & incompatibility, life & marital dissatisfaction, husbands & wives, 12667
education level & socioeconomic status, IQ, middle class Black vs White 10–18 yr olds, 10115
education & on-the-job experience & interruption & teacher salience, desire to influence & self description, college students, implications for symbolic self completion theory, 12830
education & single status & occupational success, 30–60 yr old females, Australia, 3476
factors affecting conjugal violence, couples, 3830
individual & organizational correlates, refusal of seniority-based promotions, production employees of average age 36.7 yrs, 11416
instruction & visual imagery & educational background, process control performance, male students, 4576
job experience & earnings & race & education & attitudes, locus of control change, 14–24 yr old male workers, 1061
labor market performance & race & education & collective bargaining affiliation, locus of control & hourly wages, young male survey respondents, longitudinal study, 9144
length of marriage & family size & educational level, personality traits & marital adjustment & dissolution rates, married couples in court ordered vs voluntary counseling, 1759
level of educational attainment, dogmatism, managers of agri-product industry, 11458
literacy, Porteus Maze performance, 13–16 yr old male Campas vs their parents, Peru, 5533
nativity & years of US residence & metropolitan vs nonmetropolitan environment & educational & occupational level, English language use, Mexican immigrants, 3498
physical attractiveness & educational attainment & occupational prestige, 1953 male college students, 12887
psychosocial characteristics, 14–24 yr old male prostitutes, interviews & limited 1-yr followup, 8188
rearing social class & education, criminal behavior, adult males, 8207
reliability of US Department of Labor's General Education Development scale, measurement of educational requirements of occupations, job analysts, 2548
religion & educational & economic & residency factors, daydreaming & attentional processes & curiosity, White 17–92 yr olds, 1317
schooling vs age vs sex vs language-culture, number vs length vs quantity vs area conservation, 3rd–6th graders, Papua New Guinea, 3385
sex & age & education & religious affiliation, attitudes toward euthanasia & suicide, adults, 3705
sex & age & procreation stage & educational level, fear of death, 16–83 yr olds, 3424
sex & employment & education & social class, psychological symptom levels, 20–60 yr olds, England, 1413
sex & household size & education & demographic characteristics, allocation of time to leisure activities, heads-of-households, Norway vs United States, 12621
social status including education & age & pay grade, incarceration rates for violent crime, Black US Marines, 1140
Taylor Manifest Anxiety Scale scores, 22–43 yr old Indian vs European South Africans with high vs low educational levels, 3736

Educational Background (Parents) [See Parent Educational Background]

Educational Counseling
analysis of educational & career guidance services for adults, Great Britain, 4498
collaborative action research, alternative approach to school counseling research, 2194
field based vs physical science/laboratory model for guidance & counseling research, programs in deliberate psychological education, 2199
guidance teachers' influence, curricular & vocational decisions, more vs less able school leavers, Scotland, 4427
guidelines for systematic research & evaluation, counseling in school setting, 2182
methods & objectives of school guidance centers, Belgium, 2176
sex bias in educational & vocational counseling, literature review, 1932
strategies & issues & guidelines, field research, university counseling center practitioners, 2172
student vs instructor vs course vs situational factors, course withdrawal, college students, implications for advisors & instructors & course selection, 6625
study skills counseling & behavioral self control, study habits, college student underachievers, bibliography, 13684

Educational Degrees
characteristics of minimum competency testing programs for high school graduation, 9107
edited translation & criticism of methodology & results, 1st experimental psychology doctoral thesis awarded to M. Friedrich in 1880, 6917
graduate degree objectives, prospective graduate students from 8 ethnic groups, 13597
licensure of members of American Psychological Association Division of Counseling Psychology, 13462
PhD as most appropriate credential for professional practice, criticism of E. J. Shoben's arguments, 6555
PhD as professional degree vs alternative PsyD, 6598
professional activities & plans, psychology graduates from University of Zurich, 1970–75, 8766
testing for student placement & certification & program evaluation, colleges, 6774

Educational Diagnosis
adequacy & appropriateness & interpretation, language & reading disorder assessment instruments, 9094
analysis of Individualized Educational Programs & psychoeducational assessments, learning disabled children, 2163
application of neuropsychological knowledge in school environment, reply to criticism by J. Sandoval & R. M. Haapmanen, 11359
assessment & education, cerebral palsied children, USSR, 9002
assessment of learning disabilities in mathematics, 7–12 yr olds, 4421
assessment & reestablishment of previously learned functional speech repertoire, profoundly mentally retarded 16 yr old, 6-yr followup, 8505
assumptions & procedures for adequate instructional diagnoses, 9085
cautions about oversimplification in use of neuropsychology in special education, critique of articles in present issue of journal, 11392
characteristics & classification, dyslexic vs nondyslexic disabled male 2nd grade readers, 8277
child characteristics & handicap label, attribution of 10 yr old male to handicap category, regular & special education elementary school teachers, 11142
choice of technically adequate vs inadequate tests, eligibility for special education services, educational personnel, response to D. Wright's criticism, 9135
computer administration & scoring & interpretation of psychoeducational tests, job security, school psychologists, 11325
computer-based Adaptive Diagnostic System, assessment of cognitive skills, students, 2191
concurrent & construct validity of Slingerland Screening Tests for Children with Specific Language Disability, 1st–4th graders, 4441
construction of vocational identity & occupational information & barriers scales, diagnoses for research & career counseling, high school & college students & workers, 6762
content of evaluative reports, diagnostic classifications & educational placement recommendations, educational psychologists, 11397
correlation of scores on short vs full version of Vernon Arithmetic-Mathematics Test, junior high school students, 11374
court decision, use of standardized IQ tests for identification & placement, educable mentally retarded Black children, 9077
critique of child identification systems required of state administrators by P.L. 94-142, 5682

cultural differences in teacher ratings of hyperactivity using Connors Abbreviated Symptom Questionnaire, normal & learning disabled 5.9–13.11 yr olds, Israel, 6769
demographic characteristics & daily activities, school psychologists under 65 yrs old, 11101
demographic & psychometric characteristics, Adaptive Behavior Inventory for Children, school age children, implications for cultural test bias & educational diagnosis & placement, 11377
Detroit Tests of Learning Aptitude subtests, prediction of academic achievement variables underlying process disorders, learning disabled 13–18 yr olds, 11379
development & validity of Student's Perception of Ability Scale, measurement of academic self concept & identification of learning problems, 3rd–6th graders, 4415
diagnostic characteristics of subgroups of reading learning disabilities, 4437
diagnostic labeling, special education placement decisions, educational personnel, 2161
diagnostic screening technique, classification of writing disabilities, 4th grade normal vs poor readers, 9045
differential diagnosis-prescriptive teaching instructional model in special education, literature review, 8955
early identification of language skills, assessment of skills needed for reading achievement, kindergartners, 9095
ecological variables & examiner biases, clinical assessment, developmentally handicapped 1–5 yr olds & female college students, 5906
educational objectives deemphasizing normative development sequences, assessment & instruction for severely/profoundly handicapped children, 9052
evaluation of handicapped under PL 94-142, 9033
evaluation of simulated decision making, criticism of study by J. Ysseldyke et al, 9134
factorial validity of test item classification on Boehm Test of Basic Concepts, Mexican American & Anglo preschoolers & kindergartners, 9112
family structure & behavior patterns, learning disabilities with vs without hyperactive syndrome in offspring, male 5–12 yr olds, 6074
feature evaluation & planning use, developmental diagnostic reports, early childhood teachers, 8825
framework for teaching child assessment skills based on classroom dynamics to teacher education students, kindergarten through 6th grade classrooms, 11135
Human Figure Drawing Test, early identification of academically nonready kindergartners, 11345
individual considerations, determination of least restrictive educational environment, handicapped students, 9054
individual differences, computer-simulated diagnostic evaluation of student, school psychologists vs special vs regular education teachers vs administrators vs support personnel, 2195
individualized education program assessment model, learning disabled children, 11305
informal diagnostic procedure, teacher assessment of written expression ability, 9113
Information subtest scores of Revised WISC & Peabody Individual Achievement Test, use of Peabody Individual Achievement Test as screening device, 7–11 yr olds, 4414
inservice training, ability to identify creatively gifted children, female day care workers, 4278
inservice training in scoring & scorer reliability, American Association on Mental Deficiency Adaptive Behavior Scale Public School Version Part 1, graduate students, 2183
interrater reliability of TARC Assessment Inventory for Severely Handicapped Children, assessment of current functioning level, profoundly mentally retarded 12.3–21.9 yr olds & special education college students, 9132
issues in diagnosis & education & treatment, emotionally disturbed children, 11262
Mazes vs Coding subtests of Revised WISC, assessment of giftedness, 6–12.3 yr old students, 11404
model Child Evaluation Center for psychoeducational services & training school psychologists, 11335
multidimensional actuarial classification, differential diagnosis of handicapped children, 5917
neuropsychological assessment & educational prescription, auditory-linguistic dyslexic 10 yr old male, 11301
neuropsychological model, interpretation of test data, learning disabled 9.5 yr old male, 10597
norms & factor analysis & cross correlation of 3 measures of classroom behavior, 1st graders rated by their teachers, 4412
predictive validity of Slosson Intelligence Test, identification of learning disabilities, high risk kindergartners, 4413
psychoeducational assessment & goals & instructional objectives of Individualized Education Program, educable mentally retarded & emotionally disturbed & learning disabled students, implications for education of handicapped, 6737
psychological assessment, development & implementation of Individual Education Program, 11368
quantitative vs qualitative assessment, cognitive skills, implications for educational diagnosis, literature review, 6763
reading style checklist, recording of teacher observations after diagnostic testing, 9074
receiver-operating-characteristic analysis, evaluation of special education decision making measures, 9093
regression discrepancy method using ability & achievement tests, identification of learning disabled children, 6780
reliability & concurrent validity of Light's Retention Scale, candidates for repeating 1st grade, 9122
reliability of McCarthy Screening Test, identification of potential learning problems, 5 & 6 yr old kindergartners, 11401
reliability & validity of MAKAM, diagnosis of reading disabilities at decoding level, upper class vs disadvantaged vs minimally brain disfunctioned vs disturbed vs mildly retarded children, 11360
school neuropsychology, 8781
screening questionnaire, spoken vs written language problems, students, 2193
separation of Digits Forward from Digits Backward of WISC Digit Span subtest, diagnosis of neurologically based learning disabilities, 5–15 yr olds, 11350
Slingerland Screening Tests for Identifying Children with Specific Language Disability, prediction of learning disabilities, learning disabled vs nondisabled 1st graders, 4419
sources of error in psychoeducational diagnosis of children, 9105
standardized IQ & behavior & achievement test scores, development of criteria for exit from special classes, educable mentally retarded 5–14.3 yr olds, 9063
subtest scatter on Revised WISC & higher intellectual potential, 8–17 yr olds in special classes for mentally retarded, 11388
System of Multicultural Pluralistic Assessment, classification of mild mental retardation, White vs Black vs Hispanic vs Native American Papago students, 9117
task analysis & cognitive functioning, construction of instructional program for diagnosis of learning difficulties, 2167
teacher responsibilities, determination of appropriate curriculum, severely & profoundly mentally retarded students, 8970
trends toward ethnic & racial mixture in special education classes, increased classification of Blacks as learning disabled, 6743
use of IQ vs adaptive behavior information, special education placement decisions, school psychology & special education graduate students, 8852
use of Revised WISC for intelligence assessment vs diagnosis, learning disabled students, literature review, 6757
use of Revised WISC vs McCarthy Scales of Children's Abilities vs Wide Range Achievement Test, differential diagnosis of learning disabled 2nd graders, 2200
utility & efficiency & effectiveness of procedures, screening for school learning difficulties, 11367
utility of existing tests, measurement of reading comprehension, 9119
validity of Structure of Intellect Learning Abilities Test, identification of & prediction of teacher perception of gifted children, high achieving 4th–6th graders, 2175
validity & reliability of Myklebust's Pupil Rating Scale, detection of reading & arithmetic difficulties, 1st & 2nd graders, 4438
weaknesses & suggested modifications, mental abilities tests, low achieving adolescents, 9066
3-stage assessment process of educational functioning, children, 11332

Educational Financial Assistance
education & training & underrepresentation in psychology, Hispanics, 4204
student recruitment & admissions criteria & financial aid & retention & faculty rank, Blacks in doctoral psychology programs, 8767

Educational Financial Need [See Educational Financial Assistance]

Educational Guidance [See Educational Counseling]

Educational Incentives
extrinsic reward, intrinsic motivation, literature review, implications for classroom reward practices, 8929

student-preferred incentives, academic achievement & study time & effort, college students, 6700
theory of adult education emphasizing proficency as means of motivation & evaluation, 6623
Educational Measurement [See Also Entrance Examinations, Grading (Educational)]
adaptation of T. M. Lodahl & M. Kejner's scale vs semantic differential measures, academic job involvement & verbal ability & personality traits & academic performance & course satisfaction, college students, 13675
advantages & disadvantages of minimum competency testing, mildly mentally retarded high school students, 11338
Basic School Skills Inventory, diagnostic preschool screening, 4423
bias & mean square errors of estimators, evaluation of competing analysis strategies in quasi-experiments, 2595
binomial & beta-binomial models, problems in mental test theory, 2617
brief screening battery, prediction of school achievement, 7 & 9 yr olds, 2181
change from use of nonalterable to alterable variables, educational research, 9069
characteristics of minimum competency testing programs for high school graduation, 9107
cognitive domain modeling vs estimation of degree of implementation, measurement of educational treatment, literature review, 9277
computer administration & scoring & interpretation of psychoeducational tests, job security, school psychologists, 11325
computer-based Adaptive Diagnostic System, assessment of cognitive skills, students, 2191
construction of short screening procedure, identification of Ss at risk for learning disabilities, prekindergartners, 9101
construct & predictive validity of California Entry Level Test, 1st graders, 4455
constructs, educational & psychological measurement, 200
content validity of school examinations, 9096
cross-cultural factor analysis of Milwaukee Academic Interest Inventory, 10th & 12th graders & college students, US vs Swaziland, 6782
current assessment procedures in school psychology, 6775
degree of hearing loss, educational & linguistic assessment, hearing impaired public school students, 6751
demographic characteristics & daily activities, school psychologists under 65 yrs old, 11101
dependent measures used for assessment of academic competence & effectiveness of study improvement programs, adults, 13575
development & validity of rational scale in use of human figure drawings, kindergarten screening measure, kindergartners, 2184
development & validity of Student's Perception of Ability Scale, measurement of academic self concept & identification of learning problems, 3rd–6th graders, 4415
evaluation method, measurement of student learning strategy level & amount of teacher-student interaction required for student task mastery, learning disabled children, 11310
evaluation of alternative measures of language proficiency skills, junior level college students in school of communications & professional studies, 4446
focused instruction & individual vs relative evaluation methods, mathematics achievement & attitudes, 7th graders, 11173
format of multiple choice items in mathematics problem solving test, item difficulty & discrimination, junior high school students, 6755
formulation & validity, computerized instructional adaptive testing model, 9097
framework for comparison of criterion-referenced tests, 11375
industrial & national-education testing, Philippines, 2513
informal diagnostic procedure, teacher assessment of written expression ability, 9113
in-house test of psychiatric knowledge, psychiatric residents, 4261
inservice training in scoring & scorer reliability, American Association on Mental Deficiency Adaptive Behavior Scale Public School Version Part 1, graduate students, 2183
log-linear & logit-linear models, analysis of contingency tables, implications for educational research, 2555
minimal competency evaluation of handicapped students, 9087
multidimensional scaling procedures, assessment of changes in perceptions of Othello vs Sherlock Holmes characters, college students vs Sherlock Holmes Society members, 11232
National Educational Development Tests performance, prediction of later scores on College Board Scholastic Aptitude Test, 9th graders, 4420
new methods & directions, educational measurement, 9133
nondiscriminatory psychological assessment for minorities, future of school psychology, 13688
procedures for estimation of variance in criterion referenced tests, 3rd–6th graders, implications for evaluation of Title I programs, 11380
psychological test administration & validity & training of test administrators, government & private & special educational institutions, Philippines, 4435
reliability & concurrent validity of Light's Retention Scale, candidates for repeating 1st grade, 9122
reliability & intervention effect & meaningfulness & generalizability, visual inference in single S studies, school psychologists, 11348
reliability of McCarthy Screening Test, identification of potential learning problems, 5 & 6 yr old kindergartners, 11401
school uses of standardized achievement & mental ability tests & parental & teacher attitudes toward testing, school children, 13670
short-answer vs multiple choice format, retention of research concepts & procedures, college students, 6759
Slingerland Screening Tests for Identifying Children with Specific Language Disability, prediction of learning disabilities, learning disabled vs nondisabled 1st graders, 4419
suggestions for educational measurement, gifted students, 6756
summary of research on reliability & validity of Group Inventory for Finding Creative Talent, kindergartners through 6th graders, 11389
test reliability, perceptual motor assessment, students, 11362
test taking strategies measured by Questionnaire of How You Take Tests & test anxiety, academic performance, college students, 2063
use of behavioral assessment strategies by school psychologist, academic & social problems, implications for Individual Education Program, 11365
use of criterion referenced vs norm referenced tests, special education teachers, 11361
utility & efficiency & effectiveness of procedures, screening for school learning difficulties, 11367
validity of Inventory of Learning Processes, measurement of learning style & correlation with vocabulary & reading rate & comprehension, college students, 2198
validity of Language Assessment Scales, 4418
validity of preschool assessment instruments, prediction of 1st grade achievement, male vs female kindergartners, 13691
validity of Structure of Intellect Learning Abilities Test, identification of & prediction of teacher perception of gifted children, high achieving 4th–6th graders, 2175
weaknesses & suggested modifications, mental abilities tests, low achieving adolescents, 9066
Educational Objectives
advocacy of student- vs product-centered schools, language arts researchers, 8876
agreement with perceived maternal & paternal educational goals for adolescent & grades & parental education, Black vs White male vs female 6th vs 8th vs 10th vs 12th graders, 12613
application of multiple statistical techniques, causal relationships in hierarchy of Bloom's Taxonomy, 2593
content validity of school examinations, 9096
cross-cultural & environmental factors & role of parents & schools, cognitive growth, children, implications for special education of cognitively incompetent children, 8979
demographic & other variables, decision to have abortions, females, 1162
educational objectives deemphasizing normative development sequences, assessment & instruction for severely/profoundly handicapped children, 9052
experimental approach to teaching Russian, learning, 4th graders, USSR, 8867
exposure to vs accidents vs accident probability vs observations of road crossing behavior, identification & development of pedestrian educational objectives, child pedestrians, literature review, 11214
family background & high school coursework & academic ability & success orientation & educational goals, entry into male-dominated fields, female 1972 high school graduates, 4489
feasibility of educational objectives, traffic safety education, young children, literature review, 11215
graduate degree objectives, prospective graduate students from 8 ethnic groups, 13597

guidelines for improvement, undergraduate education & residency in behavioral pediatrics, literature review, 1997
integration of Individualized Education Program & Guilford's Structure of Intellect model, instructional programing, gifted, 6726
level vs focusing effect of objectives, reading comprehension, college students, 6687
model of instructional variables, identification of influential factors affecting effectiveness of traffic safety education, 11206
multidimensional scaling, analysis of goals used in design of graduate therapeutic recreation curriculum, 2097
objectives for teaching & learning individual psychotherapy skills, 2055
objectives for 1-mo training program in development disabilities, pediatric residents, 8808
objectives of child pedestrian safety education, 11186
objectives of learning centers, 11277
pedestrian task analysis, aid to formulation of child traffic educational objectives, 11213
priorities, educational program planning for handicapped children, handicapped vs nonhandicapped college students, 9027
rational processes & creative thinking as necessary educational objectives, 4328
self vs externally imposed performance standards & reinforcement, persistence & accuracy on academic tasks, 3rd–6th graders, test of H. Kanfer's self regulation model, 2117
social comparison method, setting & evaluating academic objectives, learning disabled, 6723
Educational Personnel [See Also College Teachers, Elementary School Teachers, High School Teachers, Junior High School Teachers, Resource Teachers, School Administrators, School Counselors, School Principals, School Psychologists, School Superintendents, Special Education Teachers, Student Teachers, Teacher Aides, Teachers]
academic achievement, individual identification with parents vs peers vs school personnel, 16–18 yr old males, 7910
child abuse & mental retardation, literature review, implications for role of educators in prevention & treatment, 8114
content analysis, information presented at special education placement team meetings, 11171
development & reliability of Feedback Assessment Scale, measurement of performance feedback in organizations, manufacturing plant & university employees, 11658
development & validity of Belief Polarity Scale & level of dogmatism, measurement of racial prejudice, Black vs White educators, 2517
diagnostic labeling, special education placement decisions, educational personnel, 2161
factors influencing career choices, Black university faculty members, 8837
growth of psychology at Indiana University, influence of W. L. Bryan to B. F. Skinner, 2064
individual differences, computer-simulated diagnostic evaluation of student, school psychologists vs special vs regular education teachers vs administrators vs support personnel, 2195
interaction with juvenile justice system, educators, 4283
multidisciplinary Planning Teams, special education placement & programing decisions, 11321
perceptions of leadership behavior of school business manager, educational personnel, 4270
prestige attributed to chosen profession, early childhood education & institutional care students, 2061
ratings of successful job applicant characteristics, corporate recruiters vs students vs faculty, 6832
recommended curriculum for neuroeducators to aid learning disabled students, 6633
sex differences, attitudes toward working mothers, teachers vs administrators vs pupil personnel workers, 6646
team problems, multidisciplinary teams from urban school districts, 11162
training agency personnel to deliver parent training services, mental health & child welfare & educational personnel, 13460
Educational Placement
attitudes & personal characteristics, classroom teachers who had vs had not recommended transfer of low ability students to special classes, 6645
choice of technically adequate vs inadequate tests, eligibility for special education services, educational personnel, response to D. Wright's criticism, 9135
combination mainstream & homeroom special education program, behavior change & academic achievement, learning disabled 9–13 yr olds with behavior problems, 2152
comparability of WISC vs Revised WISC scores, 8–9 yr old mildly mentally handicapped special education students, longitudinal study, 9128
content analysis, information presented at special education placement team meetings, 11171
content of evaluative reports, diagnostic classifications & educational placement recommendations, educational psychologists, 11397
court decision, use of standardized IQ tests for identification & placement, educable mentally retarded Black children, 9077
decision making guidelines for mainstreaming handicapped children, 2159
degree & type of hearing loss, age & sex & educational placement & use of amplification, hearing impaired public school students, 6781
demographic characteristics & training needs, due process hearing officers for education agencies, 13554
diagnostic labeling, special education placement decisions, educational personnel, 2161
equivalence of Forms 1 & 3 of Quick Test, 6–17 yr old special education students, 4463
evaluation of simulated decision making, criticism of study by J. Ysseldyke et al, 9134
factors influencing special educational placement decisions, evaluation of 9 case reports, 9010
grade level & class prestige, self esteem, Form I vs II students, France, 4362
inclusion of cultural-economic disadvantaged children in learning disability special education programs & relationship to learning disabilities & brain dysfunction, 4391
individual considerations, determination of least restrictive educational environment, handicapped students, 9054
issues in diagnosis & education & treatment, emotionally disturbed children, 11262
multidisciplinary Planning Teams, special education placement & programing decisions, 11321
psychological assessment, development & implementation of Individual Education Program, 11368
receiver-operating-characteristic analysis, evaluation of special education decision making measures, 9093
reliability & concurrent validity of Light's Retention Scale, candidates for repeating 1st grade, 9122
remedial vs regular classroom placement, academic self concept, severely learning disabled & educable mentally retarded 8–12 yr olds, 8965
remediation of learning & behavior problems within regular classes, 8–11 yr olds with major academic skill deficits, 8962
response opportunity & teacher-student interaction & social acceptance as criteria for placement in regular classroom, learning disabled students, 13647
self contained special class placement, academic achievement & intellectual functioning, learning disabled 8 & 9 yr olds, 4377
Slosson Intelligence Test vs Peabody Picture Vocabulary Test vs Developmental Test of Visual-Motor Integration vs Revised WISC, screening for special education placement, 6–16 yr olds, 9078
Slosson Intelligence Test vs Scale for Rating Behavioral Characteristics of Superior Students vs Revised WISC, screening for giftedness, 1st–8th graders nominated for gifted programs, 9120
socioeconomic bias in planning & placement decisions of Educational Placement & Planning Committees, learning disabled & educable mentally retarded & emotionally & otherwise impaired 4–19 yr old students, 11267
special education placement in self contained learning disabled classes vs individual tutoring, self concept & reading achievement, 3rd grade males, 4409
special vs regular class placement, meta-analysis of effect size, students with below average IQ vs behavior disorders vs emotional disturbances vs learning disabilities, 6721
standardized IQ & behavior & achievement test scores, development of criteria for exit from special classes, educable mentally retarded 5–14.3 yr olds, 9063
teacher & pupil socioeconomic status & reading comprehension scores, assignment to reading groups, 4th–6th graders, 13600
techniques for identification of handicaps in young children, 10420
testing for student placement & certification & program evaluation, colleges, 6774

Test of Standard Written English scores, subsequent placement & achievement in English course, older upper division & master level students, 9126
trends toward ethnic & racial mixture in special education classes, increased classification of Blacks as learning disabled, 6743
use of IQ vs adaptive behavior information, special education placement decisions, school psychology & special education graduate students, 8852
Educational Process [See Education]
Educational Program Evaluation
assessment of school psychologists, elementary school principals, 8851
characteristics & advantages, doctoral vs nondoctoral school psychology programs, 8765
classroom social problem solving training program, cognitive skill improvement, suburban & inner city 3rd graders, 2114
cognitive domain modeling vs estimation of degree of implementation, measurement of educational treatment, literature review, 9277
college life orientation program, persistence & GPA & attitudes & perceptions, incoming college students, 2105
content analysis & evaluation of programed parent social learning, childrearing, parents, 13576
criteria for evaluation of reading program including transfer & integration & induction, 8870
decision rules, program evaluation, 2102
decisions in development & implementation & evaluation, Individualized Education Programs, handicapped children, 11307
dependent measures used for assessment of academic competence & effectiveness of study improvement programs, adults, 13575
description & critique of Developing Models for Special Education, educable mentally retarded & learning disabled & emotionally disturbed kindergartners through 2nd graders, 2147
direct assessment vs standardized tests, evaluation of reading programs, learning disabled 7–13 yr olds, 9102
direct instruction using Distar language & reading programs, attainment of literacy skills & cognitive growth, mentally retarded 8–14 yr olds, 5-yr longitudinal study, 8966
evaluation, instructional program on completing job applications, 15–18 yr old minimally retarded juvenile delinquents, 6518
evaluation of competency-based training program, psychological report writing & consultation competencies, 1st-yr & graduate school psychology students, 11200
evaluation of school special service programs, school psychologists, literature review, 11371
evaluation of transitional vocational services vs academic program, mentally retarded multiply handicapped high school students, 4397
evaluation perspectives & principles, special service programs in public school settings, 8888
Goals vs Systems Models for organizational effectiveness evaluation, special services departments in public schools, 11369
issues in program evaluation training, school psychologists, 6638
locus of control, evaluation of behavior modification program, male junior high school students, 4329
mediated-ranking vs conventional data collection strategies, Q-technique factor analysis of educational evaluation statements, school district program evaluators, 4878
methods for evaluating program implementation, school psychologists, 11208
methods of analysis & interpretation based on Career Intern Program evaluation, 2088
multifaceted framework for comprehensive evaluation of Individualized Education Program, 4394
multiple-baseline vs multiple-probe designs, assessment & evaluation of special education programs, 6731
procedures for estimation of variance in criterion referenced tests, 3rd–6th graders, implications for evaluation of Title I programs, 11380
process outcome measures & community need & change agent support, judgments of utility of community intervention, citizens, 3484
professional standards, evaluation of school psychological & special education programs, 11384
Program Analysis & Review System, evaluation of school-community prevention programs, 4141
program evaluation of special education day school, conduct problem adolescents, 11296
prototype & skill development presentation forms & formative evaluation, concept learning, 4th graders, 6674
reactions from supervising teachers, evaluation of teacher preparation programs, 8847
relative standing of clinical psychology programs based on publication frequency in clinical journals, 8771
remediation of learning & behavior problems within regular classes, 8–11 yr olds with major academic skill deficits, 8962
social comparison method, setting & evaluating academic objectives, learning disabled, 6723
sociometric mapping, assessment of mainstreaming effects on social achievement in elementary & junior high school classrooms, Israel & US, 6728
special care for gifted students within normal classroom environment, elementary school students, 8959
special vs regular class placement, meta-analysis of effect size, students with below average IQ vs behavior disorders vs emotional disturbances vs learning disabilities, 6721
strategies in evaluation of Individualized Education Program, 8887
teaching experience, perception of school psychologists, elementary school teachers, 8831
testing for student placement & certification & program evaluation, colleges, 6774
validity of standardized academic achievement tests, minority & disadvantaged children, 11647
Educational Program Planning
acceptance of cultural diversity in designing programs for changing behavior, counselors of emotionally disturbed children, 6776
assessment & education, cerebral palsied children, USSR, 9002
authoring systems vs languages & computer based instruction & artificial intelligence, implications for Department of Defense, 13692
computerized statistical cartography, special education research & planning, 9012
consideration of attribution theory & learned helplessness, development of methods for teaching learning disabled children, 11286
development of road safety parent training program, safe pedestrian education, 3–6 yr olds, 11193
feature evaluation & planning use, developmental diagnostic reports, early childhood teachers, 8825
framework for development & improvement of program consultation, special education services, 11266
instrumental vs expressive learning needs, older adults, implications for adult education program planning, 6658
integration of Individualized Education Program & Guilford's Structure of Intellect model, instructional programing, gifted, 6726
multidisciplinary Planning Teams, special education placement & programing decisions, 11321
multi-phase process for developing individualized education programs in accordance with Public Law 94-142, severely handicapped adolescents & young adults, 6719
need to adopt ecological perspective when employing behavioral interventions, school psychologists, 9111
priorities, educational program planning for handicapped children, handicapped vs nonhandicapped college students, 9027
psychoeducational assessment & goals & instructional objectives of Individualized Education Program, educable mentally retarded & emotionally disturbed & learning disabled students, implications for education of handicapped, 6737
remediation of learning & behavior problems within regular classes, 8–11 yr olds with major academic skill deficits, 8962
self-perceived need for change, level of community involvement in change process, community residents, 3483
setting up mainstreaming program for children with special needs, 9026
teacher guidelines for program planning, logic development in young children, 4290
trends in education of behaviorally disordered children, 6739
Educational Programs [See Also Foreign Study, Project Follow Through, Project Head Start]
achievement motivation training program, academic achievement, 3rd–11th grade underachievers, 6663
ALP minicalculator program, mathematics education, learning disabled elementary school students in 5th grade & over, 11268
analysis of Individualized Educational Programs & psychoeducational assessments, learning disabled children, 2163
analysis & recommendations, early childhood intervention programs, 8906
change vs continuity & current status of innovative instructional programs instituted at universities 10 yrs ago, 13559

classroom social problem solving training program, cognitive skill improvement, suburban & inner city 3rd graders, 2114
cognitive skills training program, trainable mentally retarded 13–14 yr olds, implications for use with minority students, 11322
combination mainstream & homeroom special education program, behavior change & academic achievement, learning disabled 9–13 yr olds with behavior problems, 2152
conferences in authority & leadership in public school program serving emotionally disturbed youth, teachers & teacher aids & mental health workers, 6635
creativity program presented in group vs individual form, creativity dimensions of fluency & flexibility & originality, 8th graders, 13571
CREST program, facilitation of choice-making skills, elementary & junior high school students, 4318
critique of child identification systems required of state administrators by P.L. 94-142, 5682
curricular & instructional design, intervention programs, preschool age handicapped children, 11265
decisions in development & implementation & evaluation, Individualized Education Programs, handicapped children, 11307
description & critique of Developing Models for Special Education, educable mentally retarded & learning disabled & emotionally disturbed kindergartners through 2nd graders, 2147
development & content of early childhood parent programs, 13557
development & legislation, college programs, mentally retarded adults, 9013
development of educational programs under Education for All Handicapped Children Act, 2149
discussion of behavior modification, implications for educational programs, literature review, 13580
early childhood education programs, Latin America, 6657
educational delivery models, adult education, aged, 6648
educational intervention in inner city schools, prevention & remedy of problems, elementary through high school students, 4308
educational programs, facilitation of social cognitive development described by stage sequence & utilization & acquisition processes model, 1st & 6th graders, 4299
educational programs, personal growth & value orientation, child care workers, 4239
educational programs, secondary school students with learning disabilities, 4383
education of youth for life of work, USSR, 8816
evaluation, instructional program on completing job applications, 15–18 yr old minimally retarded juvenile delinquents, 6518
evaluation of transitional vocational services vs academic program, mentally retarded multiply handicapped high school students, 4397
evaluation perspectives & principles, special service programs in public school settings, 8888
fading-tracing handwriting program & behavior modification, quality & size of handwriting, autistic-like 12 yr old, 8998
frequency of vs no home intervention, intellectual & social development, severely subnormal preschool children, 3-yr study, 13661
functional learning curricula model, handicapped secondary school students, 2169
history & present operation & accomplishment, Primary Mental Health Project, literature review, 6653
home based behavior modification programs, school learning & behavior problems, parents, literature review, 11334
imitation learning from nondelayed peers in integrated classroom, developmentally delayed preschoolers, 9058
individualized instruction & simulation & integration into regular classes, work study program, mildly mentally handicapped 14–19 yr old students, 9041
individualized 3-yr educational training program, visual perception & concept formation & language, male 10.5 yr old, 12.5-yr followup, 8958
innovative educational program, self actualization & psychosocial maturity, college students, 1-yr followup, replication of J. A. Goldman & F. V. Olczak's study, 4303
instructional program in calculator use for supermarket shopping, mentally retarded 13–17 yr olds, 11319
legislative & political involvement & need for legislative training programs, psychologists, 6590
mental health patterns & immigrant adjustment problems & programs, Israel, 6464
methods for evaluating program implementation, school psychologists, 11208
models of affective education, 13582
motivational program, school attendance, 13–14 yr old truant behavior disordered regular & special education students, 13536
need for research on special education programs, handicapped adolescents, literature review, 13655
nursery school vs parent-run nurseries, preschool socialization & goals & attitudes & behavior of nurses vs parents, literature review, 3444
objectives of child pedestrian safety education, 11186
on site psychiatry training program, medical students, 4212
organization of school system suicide prevention program, 13687
own attitudes & perception of attitudes of peers & teachers & parents toward identification as gifted & participation in special programs, gifted students, 2153
parental involvement in individualized educational programs, retarded children, 11303
parent-directed intervention program, learning disabled children, 4405
pedestrian task analysis, aid to formulation of child traffic educational objectives, 11213
peer facilitation program, disruptive behavior & interpersonal sensitivity & helping skills, 5th graders, 6664
peer-led school orientation program, transition facilitation, displaced elementary school pupils, 8930
psychological assessment, development & implementation of Individual Education Program, 11368
public school day care program, children of teenage mothers & pregnant teenagers, 11210
rate of & treatment for mental disorders & counseling & school psychologist training, college for deaf students, 2174
remediation of learning & behavior problems within regular classes, 8–11 yr olds with major academic skill deficits, 8962
school-based intervention programs, depressive symptoms, 5th & 6th graders, 4295
school based remedial parent training & educational camp for children, knowledge & teaching skills, parents of mentally retarded children, 11270
school programs, alleviation of divorce & separation effects, school psychologists, 11343
social learning program, learning of vocational skills & discouragement of inappropriate behavior, severely retarded 20–45 yr olds, 6349
special care for gifted students within normal classroom environment, elementary school students, 8959
special education programs, adolescents with behavior disorders, 9000
stimulation program, development of intellectual abilities, kindergartners, 2095
Study of Mathematically Precocious Youth, program for acceleration of 7th graders with mathematical ability, 13664
sugar in diet, judgment & learning ability & hyperactivity, children, implications for school nutrition & curriculum & teacher education, 11133
suggested characteristics for educational programs, severely & profoundly handicapped students, 8957
suggested guidelines, career education & employment programs, urban Black youth, 9156
teaching English as 2nd language through total development program & maintenance of 1st language, preschoolers, 2091
training programs, childrearing skills, single parents, implications for role of school psychologists, 11355
trends in education of behaviorally disordered children, 6739
use of behavioral assessment strategies by school psychologist, academic & social problems, implications for Individual Education Program, 11365

Educational Psychologists [See Also School Psychologists]
content of evaluative reports, diagnostic classifications & educational placement recommendations, educational psychologists, 11397
roles & training needs, educational psychologists in health sciences, 2071

Educational Psychology [See Also School Psychology]
analysis of psycho-educational research, 1910–74, 2405
derivation of operant factor structure for subjectivity using Isaac Newton's Fifth Rule & Q sort, application to educational psychology theory & practice, 6626
educational psychology as liberal arts college course, 11205
educational psychology & influence of education on personality development, 8821
fundamental directions of research in educational psychology, USSR, 8819

history & objectives & editorial practices, scholarly journal significant in establishment of educational psychology in Germany, letters of W. Wundt to E. Meumann, 6936
investigation of instructional programs through computer imitational modeling for educational psychology research, 8886
rhythms in human mental performance, review of literature from 1887–1951, 5285
survey of literature most frequently cited in introductory educational psychology textbooks, 2104
Educational Television
media dialog &/vs subtitles in 1st vs 2nd language, enhancement of 2nd language skills, 5th–6th grade English speaking French students, Canada, 13577
theoretical framework, factors affecting learning through educational TV, 13519
Edwards Personal Preference Schedule
concurrent validation of Kahn Test of Symbol Arrangement & EPPS, personality correlates of test scores, male vs female college students, 223
normative &/vs ipsative predictors, ipsative score estimations for EPPS, 4856
EEG (Electrophysiology) [See Electroencephalography]
Efficiency (Employee) [See Employee Efficiency]
Effort [See Energy Expenditure]
Ego
attitudes & values & ego development level, yogic community members, 5885
body-ego identity, G. Ammon's ego structure model, 24
changes in ego structure, functional psychosomatic illness, opium addicts, 1395
correlation between Barron's Ego Strength Scale & Smith's Non-Conformity Scale, female vs male college students, 2500
development & history of psychoanalytic pedagogy within concept of dynamic psychiatry, 6220
ego boundary disturbance as assessed by Rorschach scales, adolescent females with anorexia nervosa vs depression, 1394
ego defenses & affects, females with breast symptoms, 6179
ego development & cognitive complexity, 16–31 yr old males, 5590
ego development & theory of aggression, 1701
ego-structurally directed therapy, psychosomatic patients, 6305
employee ego strength & supervisor orientation, employee production & morale, blue collar workers & supervisors, 6876
exploration of how critical observing function of psychiatrist's ego views creating composer of music, 12840
Freudian psychoanalytic theory applied to ego paradoxes in Western religion & culture, 2338
group & individual ego pathologies, guilt & depression & witchcraft self accusations, preliterate societies, 1465
identity conflict & perception of body ego, level of clinical depression, 18–30 yr old male vs female abdominal operation patients, 1471
language usage, affective expression, patients with ego deficits, implications for social work treatment & diagnosis, 13403
level of ego development, prediction of type & severity of psychopathology, neurotic & psychotic & character disordered patients, replication of L. R. Vincent & K. R. Vincent's study, 1500
phenomenological model, ego-consciousness, schizophrenics, 13003
psychoanalytic psychotherapy, working through deflated self image prolonging treatment, 25–50 yr old patients, 6279
psychoanalytic theory & therapy, torticollis patients, 1604
psychotherapeutic treatment, body-ego disturbance, pregnant patients, 1715
psychotherapy with vs without medical treatment, changes in symptoms & ego strength, myasthenia gravis patients, 1654
questionnaire construction, measurement of unconscious ego function of constructive aggressiveness, 221
rational emotive therapy & abolition of human ego, 3985
reliability & national norms for male & female short forms of Loevinger's measure of ego development, 16–26 yr old college & noncollege Americans, 7064
scoring of sentence completion responses for ego development level & correlation with personality trait measures, 35–80 yr old males, 5873
symptoms & pathogenesis of megalomania, 8126
synergism of consciousness & unconsciousness, structure of dreams, 29
transactional analysis ego states as distinct & identifiable phenomena, 5851
transcendental meditation vs relaxation, anxiety & ego strength & dream content & recall, male college students, 3037
unsuccessful inner adaptation of nervous system & hormone production & role of ego, predisposition to psychosomatic illness, 1612
Egocentrism
advanced social role taking & cognitive development, White gifted 21–55 yr olds, 7756
aggressiveness & antisocial behavior & noncompliance & reactivity & depression & anxiety & egocentrism, 5–14 yr old male child psychiatry clinic patients, 12905
antisocial behavior & father absence, social egocentrism, 13–17 yr old Mexican American females, 12452
coding system for discrete social acts, measurement of social competence, 3 yr olds, 11584
decentering & role taking skills, popularity, learning disabled vs normal 3rd & 4th graders, 10600
decreased role taking ability, 7–13 yr olds with minimal brain dysfunction-590 02, 13145
degree of self focus & number of plausible causes & perceived choice, commitment to act, male college students, 5813
development of egocentrism & self concept, perception of E's visual experience of child with eyes closed, 2.5–5 yr olds vs college students, 12492
information about situation & norms & role taking ability, predictions of altruism vs self interest, 10 vs 13 vs 16 yr olds, 1055
intervention consisting of role taking ability training & role playing, donating & helping, 8 yr olds, 12586
measurement, social competence, 3 & 4 yr olds, 3459
movement & size of target relative to O & degree of articulation of surround, size estimates, 2684
perspective taking & social-cognitive competencies, interpersonal problem solving & teacher vs self ratings of interpersonal functioning, 8th graders, 10011
pretend play, spatial perspective taking, 4–6 yr olds, 7809
private vs social speech, egocentrism, 50–60 mo olds, 7817
role taking ability, paranoid vs nonparanoid psychotics, 12985
social behavior & perspective taking ability, 3–7 yr olds, 5464
social perspective taking & verbal justifications, mentally retarded children, 1-yr followup, 6062
subjective role taking ability, age differences in reactions to physically disabled, review of methodological inadequacies of past research, 5577
Egotism
altruistic & egoistic & empathic structures in humans, evolutionary & psychological models including group & kin selection & reciprocal altruism & inclusive fitness, 12767
expectations for distraction vs facilitation, performance after unsolvable problems, college students, implications for egotism explanation of problem solving, 11995
frequency of self reference & physiological measures & neuroticism & extraversion, degree of proneness toward cardiovascular disorders, Type A & Type B male college students, 8347
public vs private disclosure situtation, actor vs O attributions for success vs failure, female college students, 1294
Eidetic Imagery
eidetic imagery, recall accuracy, 3.5–4.5 yr olds, 3371
eidetic-like imagery in response to impending blindness, 12 yr old male, 8110
tachistoscopically presented linear arrays & masks, iconic store readout, mildly retarded adolescents & adults vs college students matched for CA & elementary school students matched for MA, 8254
tone offsets vs onsets to right vs left ear, laterality of responses indicating superior echoic memory for right ear, college students, 12202
Ejaculation [See Male Orgasm]
EKG (Electrophysiology) [See Electrocardiography]
Elavil [See Amitriptyline]
Elected Government Officials [See Government Personnel]
Elections (Political) [See Political Elections]
Elective Abortion [See Induced Abortion]
Elective Mutism
background factors & speech development & behavior, elective mute vs speech retarded vs normal 6–8 yr olds, 10629
behavioral treatment by speech therapist, generalization of speech, electively mute institutionalized female, 6437
combined behavioral & traditional therapeutic techniques, 7 yr old female with elective mutism, 4036
paraverbal therapy with another child patient as "assistant therapist", elective mutism & acting out, 9–13 yr old patients, 6245

stimulus fading with graded response criteria, speech reinstatement, selectively mute 6 yr old female, 6345
Electric Fishes
electrical jamming stimulation, phase-changing alteration of electric organ discharge & role of mesencephalic neurons in object localization, electric fish, 2965
Electrical Activity [See Also Alpha Rhythm, Auditory Evoked Potentials, Cortical Evoked Potentials, Delta Rhythm, Evoked Potentials, Olfactory Evoked Potentials, Somatosensory Evoked Potentials, Theta Rhythm, Visual Evoked Potentials]
absolute sensitivity of optomotor neuron in 3rd optic ganglion to single photons, female blowflies, 12221
action potential & intracellular stimulation of Mauthner cell, tail-flip, bullfrog tadpole, 9794
age differences, frequency composition of EEG & normal development of electrical activity in brain, 5–12 yr olds, 10007
age & fluphenazine & haloperidol & dextroamphetamine & norepinephrine & GABA & 6-hydroxydopamine & reserpine, spontaneous discharge of cerebellar Purkinje neurons, male rats, 7670
amygdala kindled seizures, reductions of muscarinic receptors in limbic system, male rats, kindling model of epilepsy, 9762
anatomical connections between anterior thalamus & cingulate-retrosplenial cortex, rabbits, correlation with neural activity during behavioral learning, 7435
application of protease & phospholipase & neuraminidase to tongue, neural response of single fungiform papilla, frogs, 738
atropine & reserpine & nialamide, neocortical low voltage fast activity during immobility & tremor & face-washing vs walking & struggling & postural changes & head movement, male rats, 7704
auditory stimulation, response of cerebellar neurons, echolocating bats, 2983
autonomic nervous system activity, psi performance, literature review, 4619
brain-stimulation reward & feeding, neuronal activity, rhesus & squirrel monkeys, 3003
cellular recognition of self & non-self, electrical activity, sea anemones, 2924
central & peripheral neural mechanisms for swimming, bullfrog tadpoles, 3008
delayed response performance & visual & acoustic stimulation, single cell activity in prefrontal cortex, squirrel monkeys, 5209
dextroamphetamine & haloperidol, spontaneous neuronal activity in neostriatum vs nucleus accumbens, male rats, 7686
discriminative conditioning of avoidance response, neuronal activity of circulate cortex & anteroventral thalamus, rabbits, 9767
electrical brain activity & ESP, literature review, 4626
electrical jamming stimulation, phase-changing alteration of electric organ discharge & role of mesencephalic neurons in object localization, electric fish, 2965
electrical stimulation of connectives & siphon nerve driving motor neurons in abdominal ganglia, inking behavior, Aplysia, 9867
electrical stimulation of periaqueductal grey matter & iv morphine & naloxone, activity of ascending axons from C & Ald fibers in spinal cord, rats, 3072
electrophysiological patterns in forebrain & hippocampus during sleep, male rats, 5210
ethanol, firing rates of single neurons in dorsal hippocampus & cortical EEG activity, male rats, 7650
fornix & entorhinal cortex lesions, hippocampal unit activity & spatial orientation, male rats, 3121
frequency of flicker light stimulation, striate cortex neuron response, cats, 12217
gustatory & mechanical stimulation of tongue, medullary responses, frogs, 2987
gustatory stimulation, development of chorda tympani nerve responses, 2–110 day old rats, 2979
luminance intensity, ciliary nerve response, rabbits, 7462
marihuana smoke & delta-9-tetrahydrocannabinol, brain function & ultrastructure, rhesus monkeys, 5377
mathematical modeling of ocular motoneurons, literature review, 5232
metacontrast masking & brightness discrimination, temporal response of striate cortex cells, monkeys, 2968
monoamines & their agonists & precursors, atropine-resistant neocortical low voltage fast activity & motor activity, reserpinized rats, 7703
monocular paralysis with bilateral lid suture, latencies of response onset for lateral geniculate nucleus cells following optic chiasm shock & role of extraretinal cues, cats, 811
moving & grating stimulation & receptive field organization of tectal neurons, pigeons, 5212
nerve stump length following transection of glossopharyngeal nerve, magnitude of summated taste solution-elicited responses, gerbils, 847
neuronal activity in nucleus parabrachialis medialis related to cardiac cycle during sleep-waking state, cats, 5239
ontogenesis of quiet sleep state & thermogenesis & thermoregulation, accompanying EEG activity, 48–79 day old Virginia opossums, 3033
operant control of precentral neurons, rhesus monkeys, 3012
pigment bleaching, fluctuations of outer segment current in rod photoreceptors, toads, 5221
pinna movement, discharge of brainstem neurons, cats, 7492
position holding, human spindle afferent activity from finger extensor muscles & position responses, 9800
psychomotor stimulants, abnormal behavior, 5362
quantitative structural neuronal circuit model, orientation selectivity in striate cortex, 5206
receptive fields on glabrous hand of neurons in areas of somatosensory cortex, cynomolgus monkeys, 5241
repeated tricyclic antidepressant administration, apomorphine depression of spontaneous activity of single dopamine neurons, male rats, 7626
rest & hyperventilation & photostimulation, normality of EEG traces & regularity of background alpha activity, healthy 40–60 yr olds, 2977
reversal learning, activity of cingulate cortex & anteroventral nucleus of thalamus, rabbits, 9769
rostral vs caudal reticular formation, ventromedial hypothalamic area neurons, cats, 3091
scratching, activity of fastigial nucleus neurons, cats, 5199
scratching, activity of interpositus & lateral nuclei neurons, cats, 5200
sex differences & estrus & endogenous gonadal steroids, pyramidal cell excitability in hippocampal brain slices, rats, 3217
signal-to-noise ratio of bar & visual background noise, threshold responses of single neurons in lateral geniculate nucleus & visual cortex, cats, 5216
simultaneous occurrence of rhythmical facial tremor & cortical EEG waves & thalamic neuronal bursts, awake female rats, 3004
sleep & activity rhythms, mice, literature review, 5228
somatic sensory stimulation & electrical stimulation of peripheral sensory nerves, neuronal activity of substantia nigra, male rats, 3094
source derivation as recording technique for EEG tracing, 5215
speech movement, platysma muscle motor unit activation, male S, 2994
spontaneous activity of neuronal pairs in nucleus parabrachialis medialis during sleep-waking state, cats, 5213
spontaneous & pentylenetetrazol-induced spike-wave discharges in electrocorticogram & locomotor arrest & clonic facial movements, rats, similarities to human petit mal epilepsy, 7485
stimulation of olfactory tract & olfactory epithelium with electric current & amino acids, electrical activity of olfactory bulb vs tract & role of neuroanatomical subdivisions, tenches, 704
stimulation of various sites in midbrain tegmentum, evoked synaptically-mediated excitation in pontine reticular formation neurons & evidence of excitatory projections, rats, 713
substance P in cerebral ventricle & other areas of brain, behavior & electrical activity & body temperature, adult fowls, 12397
suprachiasmatic lesions, sleep-wakefulness rhythms, mice, 5340
tactile stimulus velocity differences & pentobarbital, velocity discrimination vs signaling by cortical neuron firing frequency, humans vs rhesus monkeys, 5204
temporal distribution of increased unit activity in hippocampus, amplitude-time distribution of nictitating membrane response during classical conditioning, male rabbits, 697
theory of dreams focusing on behavioral & physiological adaptive value, 7509
use of superconducting quantum interference device, measurement of brain magnetic field, humans, 2371
wrist movements in pursuit tracking, gamma fusimotor vs alpha motoneuron activity, monkeys, 7489
Electrical Brain Stimulation
activation of superior colliculus, eye movements, neonatal kittens, 5328
adrenergic antagonists, retrograde amnesia due to cortical stimulation, male rats, 3215

age differences, kindling response to electrical stimulation of amygdala, rats, 9874
age & subseizure hippocampal stimulation, retention of inhibitory & active avoidance responses, rats, 2875
amygdaloid brain stimulation, disruption of conditioned taste aversion, male rats, 807
apomorphine & lateral hypothalamic stimulation in shuttlebox, locomotor initiation & escape behavior, male rats, 9914
brain-stimulation reward & feeding, neuronal activity, rhesus & squirrel monkeys, 3003
cerebellar stimulation, dysarthria, 11–30 yr olds with congenital cerebral palsy & traumatic brain damage, 7-mo followup, 10749
cerebral electrostimulation, frontalis EMG & MMPI & Profile of Mood State scores, alcoholic inpatients, 13200
chronic dextroamphetamine administration, lateral hypothalamic self stimulation, male rats, 7665
chronic reserpine vs dextroamphetamine vs saline, self stimulation responding & depression, male rats, 12383
cortical kindled convulsions, inhibitory avoidance performance, male rats, 3076
current intensity & pulse pair interval, ON- & OFF-responding for hypothalamic stimulation, rats, 7589
daily potentiating hippocampal stimulation, acquisition of lever-pressing for food vs stimulation, male rats, 818
duration & power of constant illumination vs darkness vs light-dark cycles, circadian rhythms in self reinforcement of brain stimulation, male rats, 9621
early malnutrition & electrical stimulation of fornix, hippocampal seizure threshold & potassium content, rats, 804
electrical brain stimulation as UCS, classical conditioning of nictitating membrane response, rabbits, 2866
electrical brain stimulation site & parameters, escape & approach latency, male rats, 9876
electrical hippocampal stimulation, latent inhibition in classical conditioning of nictitating membrane response, rabbits, 827
electrical stimulation at diencephalic vs brain stem vs cerebellar sites, aversive reactions vs elevation of tooth shock pain thresholds, rhesus monkeys, 826
electrical stimulation during light vs dark half of 12 hr cycle, development of kindled seizures, male rats, implications for circadian rhythms of epileptic seizures in humans, 9869
electrical stimulation of amygdala vs caudate, inhibitory shock avoidance learning & retention, male rats, 9875
electrical stimulation of central gray substance vs other neural structures, ultrasonic vocalization, rats, 5329
electrical stimulation of hippocampus, conditioning & latent inhibition, rabbits, 3092
electrical stimulation of medial amygdala & ventral amygdalofugal pathway lesions, gastric ulcers & hemorrhages, male rats, 3070
electrical stimulation of substantia nigra & electrolytic vs 6-hydroxydopamine lateral hypothalamus lesions, rotation, female rats, 12308
electrical stimulation of ventrolateral midbrain tegmentum, attack behavior, cats, 9877
electric & drug stimulation of brain serotonergic system, mouse-killing behavior, male rats, 3074
electrode placement in mesencephalic reticular formation, development of latent inhibition, rats, 5324
electrolytic vs kainic acid hypothalamus lesions, behavior & neocortical & hippocampal EEG activity, male rats, 9893
epinephrine prior to electrical stimulation of frontal cortex, retrograde amnesia, male rats, implications for neuroendocrine response to training, 790
exercise vs electrical stimulation of subthalamic locomotor region, respiration, unanesthetized decorticate cats, 12281
forced & self delivered electrical brain stimulation, water intake & control of self stimulation, male rats, 12321
frequency of stimulation to cerebral masticatory area, excitation vs inhibition of mesencephalic trigeminal nucleus masticatory proprioceptive cells, rabbits, 3088
hippocampal electrical stimulation, evoked potentials in hippocampal CA1 region & behavior & EEG, male rats, 5326
identification of ultradian rhythms, intracranial self stimulation & feeding patterns, male rats, 9645
intensity vs frequency of rewarding brain stimulation, adaptation to reward, male rats, 2849
intracranial electrical stimulation reinforcement, face washing & digging & open rearing & scratching & scrabbling & scent marking & wall rearing, hamsters, 5125
intracranial self stimulation & ACTH 4–9 related synthetic peptides, response frequency & general activity, male rats, 9942
lateral hypothalamic stimulation, approach & escape reactions, BALB/c vs DBA/2 mice, 5323
long term dextroamphetamine, substantia nigra self stimulation response sensitization & depression & role of dopamine neurotransmission, rats, implications for animal model of amphetamine psychosis, 797
median raphe electrical stimulation vs threatening CS, hippocampal & neocortical EEG & behavioral inhibition, male rats, 3067
morphine & naloxone, pressing for intracranial stimulation of amygdaloid region, male rats, 7557
naloxone, facilitation of kindled behavioral seizures induced by amygdaloid electrical stimulation & role of endogenous opioid blocking, female rats, 792
naloxone, frequency of distress vocalizations elicited by electrical stimulation of dorsomedial thalamus or septum-preoptic area, guinea pigs, 12286
peer-infant separation & rewarding brain stimulation, behavior, pigtail macaque & rhesus macaque infants raised in pairs from birth, 3089
pentobarbital & chloral hydrate & meprobamate & chlordiazepoxide, effectiveness of auditory vs electrical CS in eliciting CR, cats, implications for drug-stimulus hypothesis & state-dependent learning, 9836
posttraining ECS vs hippocampal stimulation in familiar vs unfamiliar setting, conditioned suppression, male rats, 7587
post-training hypothalamic self-stimulation, retention of associations formed during aversive & appetitive classical conditioning, male rats, 2847
pregnancy & amygdala kindling, convulsions & EEG responses, female rats, 7585
prior stimulation with 1 Hz current, retarded kindling induced by 60 Hz alternating current, male rats, 823
psychophysical function for mapping duration of rewarding brain stimulation to reward value, rats, 9868
pulse frequency & current variations, On & Off Times in intracranial self stimulation, rats, 9873
reserpine, phasic vs tonic electrocortical arousal, cats, 3065
reversal of REM sleep deprivation through amygdaloid stimulation, learning performance, rats, 814
rostral vs caudal reticular formation, ventromedial hypothalamic area neurons, cats, 3091
self stimulation, energizing & directing of behavior, rats, 824
self stimulation of lateral hypothalamus, interaction between actions of enkephalin & electrical stimulation, male rats, 805
self stimulation vs stimulation escape, evidence for mediation by same vs different medial forebrain bundle neurons, male rats, 7584
stimulation of amygdala & pyriform cortex & parahippocampal gyrus, quiet biting attack response & trigeminal sensory fields of lip due to hypothalamic stimulation, cats, 3085
stimulation of various sites in midbrain tegmentum, evoked synaptically-mediated excitation in pontine reticular formation neurons & evidence of excitatory projections, rats, 713
strong vs weak training & ECS & reticular formation stimulation & tone presentation as reminder treatment, heart rate & retention, male rats, 9878
substantia innominata stimulation, quiet biting attack & trigeminal sensory fields due to hypothalamic stimulation, cats, 3084
technique for measurement of intracranial spread of current from monopolar vs bipolar brain stimulation by using motor response from VII nerve stimulation, rats, 7588

Electrical Injuries
differential relaxation & thermal biofeedback, hand skin temperature increase, 22 yr old male electrical burn patient, 1769

Electrical Properties (Skin) [See Skin Electrical Properties]

Electrical Stimulation [See Also Electrical Brain Stimulation, Electroconvulsive Shock]
algebraic models, relationship of stimulus intensity to perception for painful vs nonpainful electric shock, college & graduate students, 11745
anomalous sympathetic innervation of hippocampus, spontaneous alternation & spinal maze learning, male rats, 7565
attentiveness to visual discrimination task & severed tendons in middle ear muscles & bipolar stimulation of olivocochlear bundle, auditory evoked potentials, cats, 3066
auditory stimulation & footshock & reticular formation lesions, startle response, male rats, 3118

biofeedback training &/vs transcutaneous electrical nerve stimulator, treatment of chronic pain, 8532
brief tail shock vs social vs individual housing vs 1 vs 4 days of social isolation vs morphine, vocalizations, young rats, 12303
conditioned H-reflexes prior to leg movement, healthy Ss, 829
cortical conditioning stimuli, responses of thalamic taste cells to stimulation of chorda tympani, male rats, 736
dishabituated visual & auditory stimuli in conditioning paradigm, latency of evoked EMG & head movements & visual cortex responses, cats, 12325
duration & intensity of low frequency electrical stimulation to amygdala, kindling of seizures, male rats, 3086
electrical foreleg stimulation as conditioned reinforcement, lethal self administration of morphine, female rats, 7293
electrical jamming stimulation, phase-changing alteration of electric organ discharge & role of mesencephalic neurons in object localization, electric fish, 2965
electrical stimulation, low threshold exteroceptive inhibition in masseter muscle, 21–37 yr olds, 12319
electrical stimulation & acetylcholine chloride & potassium chloride & penicillin in pulvinar-lateral posterior complex, turning behavior, cats, 12323
electrical stimulation of connectives & siphon nerve driving motor neurons in abdominal ganglia, inking behavior, Aplysia, 9867
electrical stimulation of hippocampus before vs after training, avoidance learning & hippocampal EEG & acetylcholinesterase activity & somatic & vegetative symptoms, cats, 825
electrical stimulation of periaqueductal grey matter & iv morphine & naloxone, activity of ascending axons from C & Ald fibers in spinal cord, rats, 3072
electrical stimulation of sulcal vs medial frontal cortex, eating & EEG activity, male rats, 12320
electrical stimulation of sural & peroneal superficialis nerves, sensory action potentials & flexor reflexes of lower limb & pain sensation, 22–36 yr olds, 7590
electrical stimulation of tooth pulps, sensory & pain thresholds, 16–61 yr old normotensive vs essential hypertensive unmedicated males, 8385
electrical stimulation of ventromedial hypothalamus, increased brown adipose tissue thermogenesis, rats, implications for hypothalamus regulation of energy balance, 12324
frequency & amplitude & pulse train of electrical stimulation to superficial radial nerve, defensive reactions, cats, 3093
frequency & intensity of conditioning & test pulse pairs, self stimulation of lateral hypothalamus & circling in raphe region, male rats, implications for use of trade-off double pulse technique, 12322
high fat diet, reactions to quinine adulteration & sugar solution & shock stimulation & drinking "shocked" water & activity level & food motivated operant behavior, early- vs late-onset obese male rats, 5309
high frequency olfactory tubercle stimulation & atropine, sleep & EEG & behavior, cats, 9827
high intensity cutaneous stimulation to hindlimb during various phases of step cycle, crossed extension & flexion responses to contralateral hindlimb, high decerebrate cats, 9870
intensity of monaural vs binaural tone bursts, inhibition of eyeblink reflexes elicited by percutaneous stimulation of supraorbital trigeminal nerve branch, adult Ss, audiometric implications, 708
intestinal distension vs electrical stimulation & Tetracaine, water intake, water deprived rats, 9826
locus coeruleus noxious & innocuous cutaneous electrical stimulation, lumbar spinal dorsal horn response, cats, 9871
naloxone pretreatment, electric shock induced aggression, female rats, 7638
noxious transcutaneous electrical stimulation, pain threshold, 23–42 yr old Nepalese porters vs 30–68 yr old Occidentals, 820
painful visceral stimulation & inhibition by naloxone, diffuse noxious inhibiting controls & evidence for role of endogenous opiates, male rats, 12290
perceived magnitude of multiple electrocutaneous pulses on abdomen vs auditory stimulation, normal hearing Ss, 7154
signaled vs unsignaled shock, preference & extinction of contextual fear, male rats, 12031
somatic sensory stimulation & electrical stimulation of peripheral sensory nerves, neuronal activity of substantia nigra, male rats, 3094
training to test interval & timing of pretest hippocampal electrical stimulation, retention of appetitive operant conditioning, male mice, 12040
train of electrical pulses to preferred & nonpreferred hand, thresholds for detection of train irregularity, adult males, 11743
transcutaneous electrical neurostimulation, physical & social interaction & pain behavior & treatment response, pain patients, 8412
varied frequency & site & interstimulus intervals of electrical stimulation of forelimb, stimulus & response generalization of habituation, neonatal & preweanling rats, 828

Electro Oculography
N-ethylmaleimide vapor, spike activity of receptor cells of olfactory epithelium, frogs, 12199
nitrazepam & flurazepam & triazolam, EEG & EMG & EOG evidence of residual effects following sleep induction & maintenance, healthy volunteers, 916
quantitative & qualitative stability, relationship between simultaneously recorded EOG & infrared eye movement measures, monozygotic twins, 2 yr followup, 7461
sleep & wakefulness & tonic immobility, cortical EEG & EOG & nuchal EMG, male rabbits, 9790

Electrocardiography
imipramine vs maprotiline, pharmacokinetics & side effects, 75–83 yr old females, 8585
neuronal activity in nucleus parabrachialis medialis related to cardiac cycle during sleep-waking state, cats, 5239
T-wave amplitude & P-Q interval of EKG & pulse transit time & carotid dP/dt & heart rate during mental arithmetic task as stressor, male college students, 7525

Electroconvulsive Shock [See Also Electroconvulsive Shock Therapy]
age & serial vs simultaneous unilateral vs bilateral septal lesions & complex vs impoverished environment, open field activity & shock avoidance, male rats, 7598
avoidance conditioning vs yoked procedure, plasma cholesterol levels, male rats, 9734
convulsive stimulation with different waveforms & current intensities & training-ECS intervals & pulse widths & stimulus durations, amnesia, male mice, 12326
ECS, brain synaptic proteins, rats, 12318
ECS, corticosterone response to cholinergic & serotonergic & alpha-adrenergic stimuli & vasopressin, male rats, 12310
ECS, open field behavior & spontaneous alternation, male rats, 822
ECS & cauterization of VIIIth nerve, vestibular compensation at various intervals, male rats, 812
ECS induced generalized seizures, hippocampal neuronal loss, female rats, 821
ECS power & number of paws grounded, amount of aversive stimulation, female rats, 7340
ECS vs carbon dioxide anesthesia within CS-UCS interval, acquisition of conditioned taste aversion, male rats, 813
EMG biofeedback training & threat of shock, frontal EMG levels & extent of worry & perceived painfulness of shock & physiological arousal & self report of arousal, college students, 7526
footshock stress vs cold exposure, plasma catecholamine & corticosterone levels, spontaneously hypertensive rats, 9831
hypophysectomy & naloxone, analgesia following ECS, male rats, 12293
instrumentation for measurement of time of received footshock, unrestrained male rats, 4732
intermittent electric shock, penile reflexes, male rats, 3087
morphine & dextroamphetamine sulfate & pentobarbital sodium, shock & light discrimination, male rats, 7649
nalorphine & shock increment schedules, response under electric shock titration, male squirrel monkeys, 7636
negative reinforcement, shock-induced aggression, male rats, 12044
neonatal thyroxine, classical conditioning, infant rats, 7662
N-n-propyl-norapomorphine & haloperidol, footshock-elicited & predatory & isolation-induced aggression, rats & male mice, 7619
number of ECS treatments, estrus, female rats, 3090
olfactory bulbectomy & flank shock, copulation, male rats, 5312
posttraining ECS vs hippocampal stimulation in familiar vs unfamiliar setting, conditioned suppression, male rats, 7587
prior single vs pair shock exposure & shock-induced fighting, ACTH levels, male rats, 3095
race & social distance, willingness to shock White vs Black S, White college students, 5734
repeated ECS & antidepressants, dopamine autoreceptor subsensitivity, male rats, 7555
repeated ECS preceded by footshock, orienting responses in open field test, male rats, implications for amnesic properties of ECS, 596

septal lesions & response-shock postponement interval, free operant avoidance, female rats, 9891
shock generating device, elimination of artifacts in polygraph recordings, 11586
strain differences, shock-induced fighting & mouse-killing behavior, rats, 7399
strong vs weak training & ECS & reticular formation stimulation & tone presentation as reminder treatment, heart rate & retention, male rats, 9878
tailshock restraint & opportunity to gnaw, gastric lesions, male rats, 9848
time of day & footshock stress, plasma epinephrine & norepinephrine levels, male rats, 9872
time of lithium & footshock pretreatment, preference for novel vs familiar auditory & visual & taste stimuli, rats, 9860
type of original training vs ECS following training vs reminder treatment, retention, male rats, 7305
5, 7-dihydroxytryptamine median raphe nucleus lesions, ECS-induced retrograde amnesia of passive avoidance conditioning & brain 5-hydroxytryptamine levels, male rats, 12300

Electroconvulsive Shock Therapy
ACTH, consolidation of memory, 33–60 yr old ECT-treated & untreated depressive patients, 13178
ACTH, memory retrieval, 23–67 yr old ECT-treated depressive patients, 13179
anesthesia &/vs ECT, depression & plasma tryptophan & recovery, unipolar depressed patients, 1687
arginine vasopressin, learning & memory, depressed cognitively impaired & ECT induced retrograde amnesia patients vs cognitively unimpaired adults, 13360
attitudes toward & side effects of ECT, patients who had ECT in 1971 or 1976, 1642
bilateral ECT, memory for past events, depressed patients, 7-mo followup, 1675
cognitive functioning, psychiatric patients with vs without complaints regarding ECT, 1643
cognitive functioning & memory, ECT- vs nonECT treated depressive patients, 4 & 7 mo followup studies, 1685
cued vs noncued & VI retention measures, retention, bilateral vs unilateral ECT patients vs college students, 6204
drug therapy & ECT, auditory brain stem evoked potentials, psychiatric patients, 13194
ECT, affective disturbances, elderly, 6217
ECT, erythrocyte adenosine triphosphatase activity, unipolar depressed patients, 8428
ECT, hormone responses to clonidine & methylamphetamine, depressed patients, 6212
ECT, monitoring deterioration & improvement with EEG & Rorschach scores, schizophrenics, 1635
ECT-induced status epilepticus followed by modified ECT, 49 yr old psychotically depressed male, 13199
ECT right unilateral shock, improvement in processing of sequential time dependent information, 22–59 yr old psychiatric patients, 3963
ECT & thyrotropin releasing hormone, thyroid stimulating hormone response, depressive & bipolar patients, 10469
efficacy of drug therapy vs ECT, treatment of primary unipolar vs secondary depression, inpatients, 1637
evaluation of patients' decision-making process regarding informed consent to ECT, psychiatrists, 13184
fronto-frontal vs temporo-parietal ECT, retrograde memory, depressive inpatients with mean age of 41.3 yrs, 13180
handedness & dichotic listening performance, ECT-treated patients with unipolar endogenous depression, 8409
history & side effects & effectiveness of ECT, position of Canadian Psychiatric Association, 1661
legislation & consent issues, ECT, Australia, 10765
multifaceted inpatient treatment program & emetic vs electric shock aversion therapy, alcoholism, males, followup study, 6524
new ECT techniques, severely depressed patients, 8411
psychotherapy &/vs drug vs milieu therapy vs ECT, treatment of schizophrenia, 1st-admission schizophrenics, 3–5 yr followup, 8405
social & clinical characteristics, patients receiving ECT, 3974
stab wound to brain & ECT & alcoholic Korsakoff syndrome, extent & patterns of remote memory impairment & retrograde amnesia, amnesiacs, 8315
thiopentone vs methohexitone as anesthetics & benzodiazepine during treatment period, duration & number of seizures in ECT, 21–65 yr old psychiatric patients, 6214
thyrotropin-releasing hormone, plasma prolactin response, depressive & bipolar patients receiving ECT, 10470
unilateral vs bilateral ECT, recovery time, 64–86 yr olds, 6191
verbal vs nonverbal & cued vs noncued retention measurement methods, retrograde amnesia following ECT, 38–61 yr old bilateral ECT recipients, 6205

Electrodermal Response [See Galvanic Skin Response]

Electrodes
electrode placement in mesencephalic reticular formation, development of latent inhibition, rats, 5324
infrequent visual vs auditory stimulation, endogenous potentials in hippocampal formation & amygdala, adults, 7455
method for recording simultaneous spike trains from 2 independent electrodes, awake monkeys, 2374
reproducibility of EMG recordings, cats, 7586
technique for implanting electrodes, infant rats, 9269
technique for measurement of intracranial spread of current from monopolar vs bipolar brain stimulation by using motor response from VII nerve stimulation, rats, 7588
techniques for electrode implantation, research animals, 2396
various electrode sizes, differences in electrodermal activity, college students, 100

Electroencephalography
actual & perceived UCS intensity & UCR magnitude & awareness of CS-UCS contingency, conditioned alpha blocking, college students, 675
actual vs perceived success of training in suppression vs enhancement of alpha brain waves, anxiety reduction, college students high in trait anxiety, 10892
age at illness onset & EEG & morbidity risk for affective disorder & alcoholism & antisocial personality in 1st-degree relatives, bipolar probands, 1485
age differences, frequency composition of EEG & normal development of electrical activity in brain, 5–12 yr olds, 10007
alcohol &/vs tobacco, amplitude of contingent negative variation during RT task, nonsmokers vs tobacco-deprived vs nondeprived smokers, 7664
application of Discrete Fourier Transformation, EEG data, 2387
attention directed toward stimuli, P300 component of average evoked potentials & habituation, 19–50 yr olds, 758
autoregressive analysis vs clinical behavioral audiometry, measurement of EEG vs heart rate changes, hearing impaired 3–6 yr olds, 11576
autoregressive time series model, detection of statistically significant change in cortical evoked responses to tones, sleeping neonates, 993
averaged electroencephalic response technique, study of speech & language processing, literature review, 9796
behavior & learning problems & personality disorders, EEG assessment, adults referred to vocational counseling, 9164
beta-endorphin & method of iv injection, prolactin & EEG response & clinical symptom improvement, male chronic schizophrenics, 1837
bilateral EEG biofeedback, verbal & visual spatial & creative skills, learning disabled male adolescents, 1778
biological vs cortical function differences, responsivity to treatment, manic patients, 8425
brain injections of immunoglobulin from acute schizophrenics, positive EEG recordings, rhesus monkeys, 864
cable technique for 24 hr EEG & EMG & brain temperature recording, rats, 83
clomiphene citrate, EEG activity, sexually mature male rats, 7660
computerized EEG profiles, schizophrenics, 3794
computer mapping programs for display of human EEG data, 55
concurrent administration of levotryptophan & levotyrosine over sleep-wake cycle & classical conditioning, EEG sleep patterns & sleep time, cats, 12391
continuous frequency analysis method of sleep scoring instrumentation, 97
degree of psychophysiological activity evaluated by EEG alpha activity, signal detectability, 779
deviations in developmental equations for EEG recordings, brain dysfunctions, 6–16 yr olds with learning disabilities & at risk for neurological disorders, 10404
dextroamphetamine & haloperidol, hippocampal EEG activity, male rabbits, 12349
diagnosis of neurologically produced temporal lobe epileptic vs hysterical seizures, implications for use of EEG, 8359
ECT, monitoring deterioration & improvement with EEG & Rorschach scores, schizophrenics, 1635

EEG abnormalities, language dysfunction & fluent posterior aphasia, affective disordered patients & schizophrenics, 10449
EEG alpha & theta & delta rhythm activity of right vs left occipital sites during melody detection task, right handed musically naive 17–43 yr olds, 7500
EEG analysis, arousal & REM & NREM sleep, male rats, 63
EEG characteristics, depressed patients, 3808
EEG & EMG spectral analysis & Hjorth method, sleep-wakefulness cycle, male rats, implications for physiological & pharmacological investigations, 58
EEG feedback as diagnostic method, borderline pathologies, 3950
EEG frequency, rheoencephalography, 18–43 yr olds, 9776
EEG readings before vs during vs after meditation, literature review, 527
EEG sleep indices, differential diagnosis of depression, 13 yr old male, 8133
electrical stimulation of hippocampus before vs after training, avoidance learning & hippocampal EEG & acetylcholinesterase activity & somatic & vegetative symptoms, cats, 825
electrical stimulation of sulcal vs medial frontal cortex, eating & EEG activity, male rats, 12320
electrolytic vs kainic acid hypothalamus lesions, behavior & neocortical & hippocampal EEG activity, male rats, 9893
eserine & atropine & ether & pentobarbital, hippocampal EEG & evoked potentials & behavior, male rats, 5388
ethanol, firing rates of single neurons in dorsal hippocampus & cortical EEG activity, male rats, 7650
ethyl alcohol & pentobarbital injections into median thalamus & periaqueductal gray matter & nucleus of tractus solitarius & naloxone, sleep EEG, rabbits, 12407
eyeblink frequency differences during reading vs TV viewing, EEG activity, young adults, 12244
family history & premorbidity & EEG status & response to treatment, paranoid schizophrenia vs Kretschmer's syndrome of sensitive delusions of reference, patients, 1418
flutroline, EEG vs plasma prolactin vs behavior, 19–26 yr old males, 12355
hemispheric EEG activity during self reference judgments vs volume discrimination, right handed male college students, 9758
high frequency olfactory tubercle stimulation & atropine, sleep & EEG & behavior, cats, 9827
hippocampal electrical stimulation, evoked potentials in hippocampal CA1 region & behavior & EEG, male rats, 5326
identification & characteristics of primary reading epilepsy as reflex epilepsy, 3931
inaccuracy in reporting distinction between single & polysyllabic vocal gestures, reply to criticism of B. H. Brooker & M. W. Donald on prespeech slow potentials study, 7470
inter- & intra-S differences, diazepam effects on computer-analyzed EEG & skin conductance levels, 22–34 yr old males, replicability of physiological effects of diazepam, 12371
iv single dose diazepam with vs without N-desmethyldiazepam, side effects & mood & continuous RTs & EEG, 18–29 yr old females, 9928
learning ability & postreinforcement EEG synchronization, cats, 9740
lithium carbonate treatment, neurological complications & organic brain syndrome & extrapyramidal side effects & seizures & EEG changes, 6383
locomotor activity & somatosensory orientation & EEG arousal, C57BL/6 vs DBA/2 male mice, 5196
maintenance & suppression of 40-Hz EEG, cognitive problem solving, male college students, 761
manic depressive psychosis with daily shift of switching time in 48 hr cycle, 78 yr old male treated with lithium, 8167
median raphe electrical stimulation vs threatening CS, hippocampal & neocortical EEG & behavioral inhibition, male rats, 3067
methods of data collection & processing & analysis, EEG recordings by computer, 2388
morphine & naloxone, EEG of medial thalamus & hippocampus & frontal cortex, drug naive & morphine dependent paralyzed male rats, 9947
natural sleep induction, EEG recordings, male vs female children under 15 yrs old, 6978
nitrazepam & flurazepam & triazolam, EEG & EMG & EOG evidence of residual effects following sleep induction & maintenance, healthy volunteers, 916
nutrition, EEG & hormones during sleep, normal Ss, literature review, 677
overview of sleep & sleep disorders & use of EEG, 3019
parachlorophenylalanine & tryptophan, sleep & EEG & motor activity, male rats, 9918
pentylenetetrazol, behavior & EEG activity & cyclic adenosine monophosphate & cyclic guanosine monophosphate brain levels, female mice, 5365
pregnancy & amygdala kindling, convulsions & EEG responses, female rats, 7585
processing of complex visual stimulation, EEG arousal changes & stimulus recognition, 25–49 yr old schizophrenics vs normals, 1483
psychological testing & right vs left hemisphere EEG recording during verbal & perceptual tasks, identification of academic aptitude, low birth weight 12–15 yr olds, 12499
quantitative hemispheric EEG, 11–18 yr old male patients with paranoid vs depressive symptoms, 13000
raphe nuclei lesions, sleep, male rats, 3114
referrer's medical discipline & provisional diagnosis & EEG results & patient age & sex, 4–68 yr olds referred for EEG, 8623
relaxation instructions & EMG biofeedback & threat of shock, frontal EMG & arousal, college students, 9807
reserpine, phasic vs tonic electrocortical arousal, cats, 3065
rest & hyperventilation & photostimulation, normality of EEG traces & regularity of background alpha activity, healthy 40–60 yr olds, 2977
review of cerebral laterality research, 12207
right vs left hemisphere EEG during performance of Piagetian tasks, right handed 6–8 yr olds, 10071
room air vs ozone, psychomotor task performance, Ss, 5306
rostral vs caudal reticular formation, ventromedial hypothalamic area neurons, cats, 3091
sex differences & left vs right occipital locations & reading vs TV vs resting vs imagining vs counting, EEG rhythms, college students, 7501
simultaneous occurrence of rhythmical facial tremor & cortical EEG waves & thalamic neuronal bursts, awake female rats, 3004
sleep deprivation & EEG sleep patterns, clinical improvement, depressed 19–59 yr olds, 10764
sleep EEG & depression, literature review, 10489
sleep & wakefulness & tonic immobility, cortical EEG & EOG & nuchal EMG, male rabbits, 9790
source derivation as recording technique for EEG tracing, 5215
stages of increase in brain weight, EEG development, humans & kittens & rats & mice & guinea pigs, 9737
statistical analysis of EEG records of febrile convulsions without primary CNS involvement, infants, 3938
suggestion vs transient olfactory stimulation, EEG evoked potentials & electrodermal response, males who wintered-over in Antarctica, 694
technical & physiological considerations, obtaining EEGs, aged, 5211
techniques for electrode implantation, research animals, 2396
threat of shock, anxiety & skin conductance & EEG auditory evoked potentials & alpha-blocking responses, 21–58 yr olds & 20–49 yr old anxious patients, 5271
unilateral vs bilateral hemispheric dysfunction, left-handedness in epilepsy & mental retardation, adults & children, Canada & Turkey & Netherlands & US, 6168
use of superconducting quantum interference device, measurement of brain magnetic field, humans, 2371
verbal vs nonverbal memory tasks, intrahemispheric EEG alpha coherence asymmetry & alpha band power, male right handed college students, 695

Electrolytes [See Also Chloride Ions, Potassium Ions, Sodium Ions]
electrolyte imbalance & depression, 75 yr old female on long term diuretic therapy, 10943
sex, rate of entry of lithium ion into erythrocytes, normal vs affective disorder patients, etiological implications, 3800

Electromyography
algorithm for EMG pattern recognition, voluntary control of above-knee prostheses, amputees, 6519
cable technique for 24 hr EEG & EMG & brain temperature recording, rats, 83
cerebral electrostimulation, frontalis EMG & MMPI & Profile of Mood State scores, alcoholic inpatients, 13200
cognitive therapy technique, depressed mood & heart rate & EMG & skin resistance & temperature, depressed patients, 10854
continuous frequency analysis method of sleep scoring instrumentation, 97

continuous vs intermittent biofeedback information, maintenance of low levels of frontal EMG activity, 25–59 yr old male patients, 8500
cue to signal muscle contraction & interspersal of control trials, role of voluntary intent on automatic long-latency stretch reflex, normal Ss, CNS anatomical implications, 3051
design & implementation of controlled evaluation of biofeedback treatment of migraine headaches, 1975 to present, 8554
diagnostic use of progressive relaxation & stress inoculation & EMG biofeedback training, chronic low back pain, male 44 yr old, 10905
EEG & EMG spectral analysis & Hjorth method, sleep-wakefulness cycle, male rats, implications for physiological & pharmacological investigations, 58
efficacy of frontalis EMG biofeedback vs other relaxation procedures, literature review, 8550
electrical stimulation, low threshold exteroceptive inhibition in masseter muscle, 21–37 yr olds, 12319
EMG biofeedback for tension control, learning & performance of pursuit rotor backing task, male college students, 764
EMG biofeedback & instructions to relax, generalization effects & frontalis EMG activity & heart rate, college students, 7529
EMG biofeedback training, control of arousal in stressful situation, college students, 776
EMG biofeedback training, low back pain, 10873
EMG biofeedback training, treatment of frontalis muscle tension, male 51–67 yr old hospitalized patients with chronic obstructive pulmonary disease, 8564
EMG biofeedback training, treatment of spasmodic torticollis, female 39 yr old, 8521
EMG biofeedback training, voluntary control of muscle spasticity below injury level, male quadriplegics, 8496
EMG biofeedback training & muscle tension reduction reinforcement, reduction of overactivity & problem behavior & increased attention to academic task, 6–10 yr olds, 1788
EMG biofeedback training & threat of shock, frontal EMG levels & extent of worry & perceived painfulness of shock & physiological arousal & self report of arousal, college students, 7526
EMG biological feedback training, fluency, adult chronic stutterers, 3–6 mo followup, 13366
EMG feedback, tinnitus & EMG activity of frontalis muscle, 60 yr old female, 10857
EMG muscle relaxation training, shortening 1st-stage labor in Lamaze childbirth method, women experiencing 1st pregnancy, 8611
EMG vs combined EMG & theta vs sensorimotor vs no biofeedback training, treatment of insomnia, adults, 8514
finger warming-forehead cooling vs frontalis EMG relaxation vs alpha enhancement vs vasoconstriction of temporal arteries biofeedback, migraine headaches, patients with mean age of 42 yrs, 10861
frontal EMG biofeedback vs relaxation training, manual motor functioning, Parkinson's patients, 1824
frontalis EMG biofeedback, insulin dosage, 24 yr old female with juvenile diabetes, 1822
frontalis EMG biofeedback & shaping & generalization procedures, chronic tension headache & personality variables & psychosomatic complaints & medication intake, 25–60 yr old patients, 13272
frontalis EMG feedback, generalization of EMG reduction to adjacent muscle groups, literature review, 9823
frontalis EMG feedback training vs progressive relaxation, chronic anxiety, patients, 6343
general relaxation & neuromuscular tension control using EMG biofeedback, memorization & rotary pursuits & RTs, female college students & secretaries, 4067
high vs low frontalis muscle tension & instructions as to rate of responding & schedule of reinforcement, buttonpress responding, 30–66 yr old schizophrenics, 13014
hippocampal vs cortical lesions, Pavlovian eyeblink & heart rate & EMG conditioning & free-field activity, rabbits, 9900
hypnotic analgesia & frontalis EMG feedback with vs without Jacobson progressive relaxation, chronic prefrontal muscle contraction headache, patients, 8418
implanted strain gauge & EMG amplifier, recording of axial movement, rats, 4738
inaccuracy in reporting distinction between single & polysyllabic vocal gestures, reply to criticism of B. H. Brooker & M. W. Donald on prespeech slow potentials study, 7470
locus of control & EMG biofeedback performance, literature review, 3060
movement strategy, muscle activity during ballistic movement, 25–36 yr old males, 12274
nicotine & extraversion, skin conductance & EMG & heart rate & self reported responses to emotional stimuli, habitual cigarette smokers, 7644
nitrazepam & flurazepam & triazolam, EEG & EMG & EOG evidence of residual effects following sleep induction & maintenance, healthy volunteers, 916
presence vs absence of therapist, EMG biofeedback training, tension vs mixed headache patients, 1770
relaxation & EMG biofeedback training, treatment of diazepam withdrawal syndrome, female 24 yr old, 8489
relaxation training, controllability of imagery & EMG activity & tension, college students, 8510
relaxation &/vs biofeedback training, treatment of essential hypertension, 29–65 yr old veterans, report after 4 yrs of 6-yr longitudinal study, 8507
reproducibility of EMG recordings, cats, 7586
self monitoring & EMG biofeedback, anxiety level & EMG, 18–52 yr olds, 1787
signaled escape & regular classical conditioning, heart rate & movement & EMG activity, restrained vs unrestrained female rats, 7411
sinusoidal tracking movements with forearm, reflex changes in EMG activity of biceps & triceps muscles, humans, 315
sleep & wakefulness & tonic immobility, cortical EEG & EOG & nuchal EMG, male rabbits, 9790
Electrophysiology [See Also Alpha Rhythm, Auditory Evoked Potentials, Basal Skin Resistance, Cortical Evoked Potentials, Delta Rhythm, Electrical Activity, Electrical Brain Stimulation, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electroplethysmography, Electroretinography, Evoked Potentials, Galvanic Skin Response, Olfactory Evoked Potentials, Rheoencephalography, Skin Electrical Properties, Skin Potential, Skin Resistance, Somatosensory Evoked Potentials, Theta Rhythm, Visual Evoked Potentials]
acoustic overstimulation, cochlear microphonic vs endocochlear potentials, guinea pigs, 12249
acquisition of associative behavior change, membrane depolarization, mollusks, 9752
constant flow rate olfactometer with calibrated concentrator for studying insect electroantennogram without thermic or mechanical interference, 62
differing measurement scales, electrodermal recovery times & other measures, 4736
electrophysiological study of early blink reflex, synaptic organization in facial nucleus, 29–54 yr olds with postfacial palsy contracture & mass contractions, 13079
extraocular photoreception on genitalia, Chinese yellow swallowtail butterflies, 9753
integrated circuit for stepwise or continuous microdrive advancement, 4710
interstimulus interval duration, contingent negative variation & RT, 20–30 yr olds, 7472
polysomnography, diagnosis & evaluation of insomnia, patients, 13170
REM sleep waves, dorsal pons, male rats, 2976
sleep vs wakefulness, role of paucisynaptic connections in theta wave origins in nucleus lateralis posterior & neocortex & hippocampus & pulvinar & thalamus, free-moving cats, 2972
Electroplethysmography
mood changes & impedance plethysmography parameters & arterial blood pressure & heart rate, 51 yr old female with circular type manic-depressive disorder, 5947
Electroretinography
age & background conditions, sensitivity of response & maximum response size of electroretinographic stimulus/response curves from developing retina, 10 day old through adult rats, 7452
levodopa & decarboxylase inhibitors, electroretinogram, Parkinson's patients, 13335
unilateral sectioning of optic nerve, pattern reversal electroretinographic responses, cats, 12335
Electroshock Therapy [See Electroconvulsive Shock Therapy]
Electrosleep Treatment
electrosleep therapy, anxiety neurosis, 17–52 yr old anxious neurotics, 8426
Elementarism [See Reductionism]
Elementary Education
assessment of school psychologists, elementary school principals, 8851

attitudes, value of affective education at elementary level, mothers & teachers, 8860
behavior modification in normal & special primary & secondary schools, Great Britain, literature review, 13584
demographic characteristics, hearing impaired graduates of elementary schools with integrated vs segregated frameworks, 11280
manuals for basal reader programs, comprehension instruction, 11182
traditional graded vs ungraded elementary schooling & IQ, affective & social & cognitive development, 7th graders, 2093
Elementary School Students
academic achievement, self evaluation of school work, 2nd & 3rd graders, 2134
academic achievement & school adjustment, 8 yr old children of Black young adolescents vs 20–24 yr olds, 4345
academic achievement & sex differences, locus of control & self concept, bright achieving & underachieving 4th graders, 2138
academic & emotional problems during 4th–6th grade, elementary school students, followup study, 13634
acceptance of cultural diversity in designing programs for changing behavior, counselors of emotionally disturbed children, 6776
acceptance of psycholinguistic vs decoding approach & strategies for word attack, 8–9 yr old remedial vs nonremedial readers vs 6–7 yr olds, 9005
achievement level, instructional cost & utilization of classroom time, 5th graders, 11251
achievement motivation training program, academic achievement, 3rd–11th grade underachievers, 6663
achievement orientation, 4th–9th graders of Western vs Eastern origin, Israel, longitudinal study, 6712
adaptive-remedial & teaching-learning organization & computer program for teaching mathematics, 5th graders, 13589
advance organizer lessons containing high-order social studies concepts &/vs high-order rules for hierarchical classification, learning of social studies concepts & hierarchical classification, kindergartners & 3rd & 5th graders, 4313
age, accuracy of self monitoring & subsequent changes in appropriateness of verbalizations, 1st–5th graders, 11198
ALP minicalculator program, mathematics education, learning disabled elementary school students in 5th grade & over, 11268
anxiety level & motivation & ability & sex differences & formal vs informal classroom environment, academic achievement, primary school students, 8925
assessment of learning disabilities in mathematics, 7–12 yr olds, 4421
attentional dysfunction, 8–11 yr old poor vs normal readers vs school problem students, 4336
auditory discrimination, reading ability, kindergartners through 4th graders, criticism of P. Groff, 2122
auditory sequential memory & attention training, reading accuracy & comprehension, 2nd & 3rd graders with reading deficits, 8882
auditory vs visual modality preference, differentiation of beginning reading instruction & reading success, children, literature review, 13578
auditory vs visual training &/vs reading, word knowledge & reading & arithmetic achievement & process skills, learning disabled 8–9 yr olds, 4382
auditory vs visual vs multisensory preferences & instruction modality & praise & verbal feedback, recall of new words, learning disabled elementary school students, 4395
awareness of syntactic structure in grammatical judgments & sentence repetitions & corrections, kindergartners through 2nd graders, 13607
behavioral self-control in educational settings, children & adolescents, literature review, 4324
behavioral vs relationship intervention effectiveness, prevention of school maladjustment, 1st–3rd graders, 2179
Behavior Analysis Model of Follow-through program, reading & mathematics achievement, Native American kindergartners through 3rd graders, 6665
brief screening battery, prediction of school achievement, 7 & 9 yr olds, 2181
canonical variate analysis of scores on Primary Mental Abilities Test vs Metropolitan Readiness Test vs Otis-Lennon Mental Abilities Test vs Iowa Test of Basic Skills, 6th graders, 9118
causal attributions for performance, 2nd–8th grade tutors & tutees, 6666
C group counseling, teacher attitudes & student self concept, teachers, 2177
changes in teachers' positive & negative reinforcement patterns, achievement & social behavior, 8–10 yr olds, 6669
characteristics & classification, dyslexic vs nondyslexic disabled male 2nd grade readers, 8277
characteristics of teachers' classroom directions, direction-following behavior, kindergartners through 5th graders, 8817
children's school examination performance & adult code switching & mixing, bilingual children & adults, India, 2132
classroom behavior, reflective vs impulsive 9 vs 11 yr old students, 4365
classroom cooperative learning methods, achievement & race relations & self esteem, elementary & secondary school students, literature review, 8902
classroom environment & interactions, academic achievement, 1st graders, 6713
classroom environment & student locus of control & sex differences, teacher ratings of achievement & behavior, 3rd–5th graders in open vs traditional classrooms, 2067
classroom instruction with vs without textbooks vs radio instruction with worksheets, mathematics achievement, 1st graders, Nicaragua, 11190
classroom physical vs verbal aggression toward same vs opposite sex, male vs female 6 vs 11 yr olds, 13617
classroom social problem solving training program, cognitive skill improvement, suburban & inner city 3rd graders, 2114
classroom structure, shared perception of ability, 5th & 6th graders & elementary school teachers, 4372
class size, teacher expectations & student-teacher attitudes & opinions & student achievement & self concept, elementary school teachers & 4th & 5th graders, 4375
cluster analysis to uncover underlying group structure in populations, 6–16 yr olds referred for psychological evaluations by their teachers, demonstration of J. H. Ward's method, 9092
cognitive-rational vs activity-experiential counseling, facilitation of self control, 4th & 5th graders, 9071
cognitive technique & aversive stimulus & positive nonverbal reinforcement, classroom thumb sucking, 4th grade female, 13682
color vision deficiency, learning disabled elementary school students, 4393
comparison of learning disabled vs normal regular classroom children, literature review, 2168
conceptual vs phonetic vs linguistic similarity of monosyllabic words, auditory free recall, male learning disabled vs normal 1st graders, 8276
concrete objects vs models, acquisition of knowledge, 5th & 6th graders, 4317
concurrent & construct validity of Slingerland Screening Tests for Children with Specific Language Disability, 1st–4th graders, 4441
concurrent validity of Woodcock Word Comprehension Test & measures of reading achievement & verbal intelligence, 6–16 yr old students, 11383
construct & predictive validity of California Entry Level Test, 1st graders, 4455
construct validity of Survey of Reading Attitudes, inner city 5th graders, 11331
consultation model for mainstreaming behaviorally disordered children, 11300
consulting teacher service, reading & math achievement, mildly handicapped students with mean age of 9 yrs, 11226
control vs autonomy orientation in giving rewards, students' self esteem & intrinsic motivation, 4th–6th grade teachers, 13561
cooperation, school learning, 7–16 yr old student dyads, 2125
cooperative vs competitive vs individualistic conditions, problem-solving performance, 1st graders, 4310
cooperative vs individualistic learning experiences, cross-ethnic interaction, 4th graders, 6706
cooperative vs individualistic learning experiences, interpersonal attraction & achievement, learning disabled & nonhandicapped 5th & 6th graders, 11264
copying from traditional still vs moving models, handwriting, 1st graders, 13593
correlation between Draw-A-Person results & Revised WISC IQs, male vs female elementary school students with academic difficulties, 2201
CREST program, facilitation of choice-making skills, elementary & junior high school students, 4318
cross age tutoring, tutor & tutee morpheme-reading performance, learning disabled 5th & 3rd & 2nd graders, 8973

cultural differences in teacher ratings of hyperactivity using Conners Abbreviated Symptom Questionnaire, normal & learning disabled 5.9–13.11 yr olds, Israel, 6769
deep muscle relaxation & covert positive reinforcement, maladaptive behavior, emotionally handicapped 6–12 yr olds, 6744
delayed vs immediate attention to errors, oral reading accuracy & self correction, 2nd graders, 13604
demographic correlates of item bias in Reading Comprehension section of Metropolitan Achievement Tests, Black vs White 5th vs 6th graders, 9100
description of group social skills training program & manual, elementary school children, 8884
developmental changes in school attitude & self esteem & locus of control & optimism & motivation, middle- & lowerclass children at beginning vs end of 1st grade, 11254
development of questionnaire for measurement of self concept of competency in German & communication skills, school children, 6767
development of self report scale, measurement of intrinsic vs extrinsic motivation for classroom learning, 3rd–9th graders, 4428
development of set of 3-class models, description of mathematical behaviors for ascertaining mastery levels, 7–11 yr olds, 9068
development & reliability of Puerto Rico self-concept scale & correlation of scores with academic achievement, 4th & 7th & 10th graders, Puerto Rico, 9062
development & validity of Classroom Behavior Rating Scale, measurement of learning related classroom behaviors, 1st–6th graders, 4454
development & validity of Olguin Diagnostic Test of Auditory Perception, Spanish language-oriented children, 4449
development & validity of Student's Perception of Ability Scale, measurement of academic self concept & identification of learning problems, 3rd–6th graders, 4415
diagnostic screening technique, classification of writing disabilities, 4th grade normal vs poor readers, 9045
difficulty of reading material, oral reading strategies, 4th–7th grade disabled readers, 8246
direct instruction method, oral & written language comprehension, learning disabled elementary school students, 9020
directional awareness training, letter reversals, 6–19 yr old deficient readers, 11297
dyadic verbal communication performance, learning disabled vs normally achieving male 4th & 5th graders, 13610
educational intervention in inner city schools, prevention & remedy of problems, elementary through high school students, 4308
educational programs, facilitation of social cognitive development described by stage sequence & utilization & acquisition processes model, 1st & 6th graders, 4299
electronic hand calculator in mathematics teaching, mathematics attitudes & achievement, 4th graders, 4319
elementary school student personality vs conduct problem behaviors, referral for school psychological services, regular vs special class teachers vs school psychologists, 11394
evaluation of own & classmates' ability vs teachers' ratings, kindergartners through 3rd graders, 6714
experimental approach to teaching Russian, learning, 4th graders, USSR, 8867
experimental curricular intervention for countering TV violence effects, perceived reality, arousal & aggression responses, 6th graders, 13563
experimental tutoring using contingent reinforcement, on-task behavior, 8 yr old male, 4407
extraversion & attendance at modern vs traditional school, academic attainment, 11–12 yr old males, Nigeria, 4341
factor analysis of subtest scores from revised Stanford Achievement Test, redundancy among subtests, 2nd graders, 4433
factorial redundancy in Iowa Tests of Basic Skills, 4th & 8th graders, 9099
factorial validity of Olguin Diagnostic Test of Auditory Perception, Spanish language-oriented children, 4448
factors in behavior ratings of students, 1st & 6th class teachers, Netherlands, 8928
factor structure of McCarthy Scales of Children's Abilities, 6–8.5 yr olds referred for school related problems, 188
fading-tracing handwriting program & behavior modification, quality & size of handwriting, autistic-like 12 yr old, 8998
fall change from Daylight Saving Time, classroom behavior, 3rd graders, 8936
family educational background & atmosphere & socioeconomic status, math & reading comprehension level, 3rd graders, Canada, 6684
family socioeconomic background & changes, academic achievement, 1st–3rd graders, 2118
family therapy, family relationships & reading performance, female 5th grader, 9116
feedback vs self monitoring vs self determined performance standards vs self reinforcement vs self instruction, arithmetic & verbal performance, 3rd–6th graders, 6649
feelings of inferiority at school & perception of school environment, 2 yr olds, 13629
Feingold diet, classroom behavior & reading achievement & personality change, 6–12 yr olds, 8811
Fernald technique as multisensory approach to reading instruction, reading & attitudes, 2nd grade male slow learners, 9059
framework for teaching child assessment skills based on classroom dynamics to teacher education students, kindergarten through 6th grade classrooms, 11135
French immersion vs traditional English curricula, development of plural & past tense morphological rules in English, elementary school students, longitudinal study in grades 1–4, 6656
friendship choice & racial attitudes, 4–10 yr old White vs non-White primary school students, 11240
Goodenough Harris Draw A Person Test, assessment of depression, male vs female 4th vs 5th graders, 11352
group assertiveness training, self & teacher reports of assertiveness, 4th graders, 4-wk followup, 6353
group games, vocational counseling programs, elementary school students, 4430
guidelines for development of school intervention programs for children in emotional conflict, followup to position paper of B. Enright & L. Linkous, 6753
hierarchical classification ability & reading comprehension, 3rd graders, 6686
high vs low interest reading material & student reading level, reading comprehension, 5th & 6th graders, implications for reading education of gifted, 6740
high vs low self vs others concept, perceptions of classroom environment, 5th graders & their teachers, 4358
home based reinforcement for early classroom intervention, academic performance, underachieving 2nd–5th graders, 6747
individual differences in French language speaking & listening comprehension achievement, native English speaking 1st graders in total early immersion program, Canada, 6685
individual & group feedback, reduction of oral reading errors, 5th grade learning disabled vs non-learning disabled underachievers, 6741
individualized 3-yr educational training program, visual perception & concept formation & language, male 10.5 yr old, 12.5-yr followup, 8958
Information subtest scores of Revised WISC & Peabody Individual Achievement Test, use of Peabody Individual Achievement Test as screening device, 7–11 yr olds, 4414
inservice training program with role playing, classroom implementation of role playing & its effect on student attitudes & behavior, elementary teachers, 6637
instruction about handicaps, attitudes toward handicaps, nonhandicapped 3rd vs 5th graders, 8941
intelligence & sociometric status & academic & attentional competence, preferences for & adult judgment of social desirability of ingratiation tactics, learning disabled vs nonlearning disabled 3rd–6th graders, 13618
internal consistency & reliability of measures of children's behavior, emotionally disturbed or learning disabled elementary school through high school students, 13672
internal locus of control, academic achievement, 6th–8th graders, Sri Lanka vs US, 2121
intraindividual consistency of response class of coercive behaviors in classrooms & on playground, 1st–2nd & 5th–6th grade males, 11246
intra- vs inter-modality matching, reversal errors in reading, 6–10 yr old beginning vs retarded vs dyslexic readers, 13601
invariance of factor structure of Metropolitan Readiness Tests, Black vs White male vs female 1st graders, 4453
language comprehension, American Indian vs White 5–6 yr olds, implications for language education, 11227
length of enrollment in bilingual education, 6th & 7th grade reading levels & GPA & self concept, Mexican American 7th graders, 13560

linguistic cue use in oral reading behavior, learning disabled children, 3879
linguistic philosophy of school, communication skills performance, deaf vs hearing elementary school students, 11269
listening comprehension in classroom, 3rd graders, 8920
listening vs reading, comprehension of text content, dyslexic 6th–9th grade males, 11308
locus of attribution & level of control over error correction, performance following context cue use reading instruction, 3rd–5th grade learning disabled & slowly developing readers, 11302
locus of control & self esteem & field independence, reading & math achievement, Anglo American vs Mexican American 4th & 5th & 6th graders, 13605
Lorge Thorndike Intelligence Test scores & grades, attributions of student ability & motivation, teachers of 6th–8th graders, 8814
maternal training in operant-direct contingent vs psychotherapy-indirect noncontingent intervention vs feedback, quantity of homework done, 3rd & 4th graders, 11185
mathematics & academic & general self concept & locus of control & achievement, 1st–12th graders, 4352
mathematics course based on empirical vs theoretical generalization, motivation for learning, 6th & 8th graders, 11199
Mazes vs Coding subtests of Revised WISC, assessment of giftedness, 6–12.3 yr old students, 11404
means & standard deviations & errors of measurement & reliability estimates for Survey of Reading Attitudes, 5th & 6th graders, 11402
metalinguistic competence, prediction of reading & spelling skills, kindergartners, 12-yr & 18-mo followups, 13603
method & general problems of playgroup therapy in school setting, maladjusted 7–8 yr olds, 13681
methylphenidate treatment, teacher & student interaction, 7–11 yr old hyperkinetic males, 1880
modified good behavior game, disruptive library behavior, 4th graders, 8868
morphographic spelling program, spelling skills, 8.6–10.1 yr olds, 13583
mother vs teacher reports of adaptive behavior, Black 2nd–4th graders in urban parochial school, 9130
motivational & cognitive aptitudes & choice vs no-choice treatment, performance & motivation, 4th & 5th graders, 6688
multilingualism & fluid language repertoire, implications for use of several languages in schools, 1st graders, Zambia, 2106
music, retention in paired associate task, male vs female educable mentally retarded 7–11 yr olds, 6732
mutual selection of playing partner & cohesiveness of group, learning from classroom simulation games, 5th graders, 6652
naturalistic contingencies, sharing behavior, 1st & 3rd graders, 4361
noniconic symbol system, verbal performance, 9 & 11 yr olds with severe learning difficulties, 13642
norms & factor analysis & cross correlation of 3 measures of classroom behavior, 1st graders rated by their teachers, 4412
number of sight words presented & response competition, sight word reading ability, 7–12 yr old learning disabled children, 11281
nurturance of cognitive memory & convergent & evaluative & divergent thinking in classroom, ratio of higher process to total thinking, 5th & 6th graders, 11212
optical scan computer-scorable vs regular hand-scored form, scores on Student's Perception of Ability Scale, 2nd–6th graders, 4416
own attitudes & perception of attitudes of peers & teachers & parents toward identification as gifted & participation in special programs, gifted students, 2153
panel presentation by physically disabled, attitudes toward disabled, 3rd graders, implications for mainstreaming, 11248
paradigmatic training, reading comprehension, learning disabled 7–10 yr olds, 10-wk followup, 11272
parent applied procedure for reducing self-stimulatory responses, classroom academic performance, autistic & autistic-like 9 yr old males, 8557
parent report of preschool development using Minnesota Child Development Inventory, prediction of reading difficulty, kindergartners, 3-yr followup at end of 2nd grade, 11339
passage difficulty & reading achievement level, changes in use of graphic & contextual information, 1st graders, 6680
past academic performance of 1st & 6th & 12th grade students, performance evaluation & prediction, college students, implications for teacher expectancy effects, 6694
peer comments on preferences vs performance, correct use of paragraphs in written composition, 4th graders, 6676
peer cooperation, comprehension of learning materials, 4th graders, 8897
peer facilitation program, disruptive behavior & interpersonal sensitivity & helping skills, 5th graders, 6664
peer group influence, school achievement & occupational aspirations, elementary–high school students, data synthesis from 10 studies, 11223
peer-led school orientation program, transition facilitation, displaced elementary school pupils, 8930
peer status & teacher preference & self appraisals of social status, mainstreamed learning disabled vs nondisabled 4th–6th graders, 4386
perceived characteristics of "good teacher", 3rd & 4th graders & college students, 2144
perceptions of student affect, elementary school teachers, 4367
perceptual motor test results & teacher ratings, evaluation of motor developmental differences, male vs female 3rd vs 6th graders, 4411
performance evaluation by comparison to own vs others' prior results & achievement motivation, goal setting & attribution to efforts, 11–13 yr olds, 6693
performance & modeling & teacher's self efficacy beliefs & locus of control & classroom climate, academic self efficacy expectations, 6th graders, 2139
performance on Developmental Test of Visual-Motor Integration & Wide Range Achievement Test & Student's Perception & Ability Scale & Revised WISC, learning disabled 3rd graders, 13673
performance on Revised WISC vs Woodcock-Johnson Tests of Cognitive Ability, learning disabled 4th graders, 11405
phonological awareness & reading performance, 1st graders, 11235
pictures, recall of newspaper articles, 4th graders, 4314
planning of environmental design of classroom, 3rd graders, 6677
predictive validity for 1st grade academic achievement, developmental tests, Black Head Start 5 yr olds, 6749
predictive validity of Metropolitan Readiness Test & Meeting Street School Screening Test, subsequent scores on Metropolitan Achievement Test, 1st graders, 9127
predictive validity of Stanford Early School Achievement Test, 2nd grade performance on Stanford Achievement Test, 1st graders, 4432
predictive validity of 1976 Edition of Metropolitan Readiness Tests, subsequent reading & math achievement, female vs male 1st graders, 4447
preskills & strategy training, acquisition of multiplication & division skills, 8–9 yr old males, 13579
procedures for estimation of variance in criterion referenced tests, 3rd–6th graders, implications for evaluation of Title I programs, 11380
programed reading unit, word recognition & words read correctly, disadvantaged elementary school students behind in reading ability, 4387
prototype & skill development presentation forms & formative evaluation, concept learning, 4th graders, 6674
psychosensory training, school achievement, 1st–3rd graders, 2110
pupil oral reading behaviors & background factors, corrections & cues & length of reading assignments, primary grade teachers, implications for teacher expectations, 13585
race & sex differences, differential validity of Horst Reversals Test as predictor of reading achievement, Black vs White 1st graders, 9098
racial preference & identification in doll selection procedure, White kindergartners through 3rd graders in multi- vs monoracial schools, replication of K. B. Clark & M. K. Clark's study, 2136
reading ability & sentence complexity, oral vs silent reading rate & comprehension, 2nd & 5th graders, 11225
reading & math achievement & height of drawings of self in reading & math context, 4th graders, implications for academic achievement prediction, 2131
receptive & expressive language skills, early elementary learning disabled students, 4388
relationship between Matching Familiar Figures Test & measurement of school achievement & adjustment, kindergartners & 2nd & 5th graders, 11346
reliability, Combined School Achievement Test & Basic Intelligence Test, 4th & 5th graders, 2495
reliability & concurrent validity of Light's Retention Scale, candidates for repeating 1st grade, 9122
reliability of difference scores of ability & achievement tests, 4th grade low achievers, 11324

reliability & validity of teacher rating scales of hyperactivity, teachers of 2nd–8th graders, 11393
remedial reading program vs regular classroom instruction, improvement of perceptual motor processes vs reading skills, 4th–6th graders, 8989
remedial vs regular classroom placement, academic self concept, severely learning disabled & educable mentally retarded 8–12 yr olds, 8965
remediation of learning & behavior problems within regular classes, 8–11 yr olds with major academic skill deficits, 8962
response cost program &/vs methylphenidate, behavior & academic performance, hyperactive 7 & 8 yr olds, 1667
Revised WISC vs teachers' evaluation of potential, prediction of learning, 6–11 yr old normal & special education students, 8914
role modeling, career education, elementary school students, 4289
scanning vs verbal self instruction strategies, impulsive cognitive tempo, 3rd graders, 2101
school-based family socialization program, reading achievement, inner city Black 1st–5th graders, 8926
school-based intervention programs, depressive symptoms, 5th & 6th graders, 4295
school behavior & achievement & physical fitness, sociometric selection of peers, 3rd–5th graders, 2145
schooling vs age vs sex vs language-culture, number vs length vs quantity vs area conservation, 3rd–6th graders, Papua New Guinea, 3385
school instruction, development of memory, preschoolers & 1st graders, 2089
school readiness & laterality & psychological handicaps, children entering school, 9104
scores on Peabody Picture Vocabulary Test vs Revised WISC, reading disabled elementary school students, 2197
seating arrangement, study behavior, underachieving 6th graders, 4287
segmented vs combined model of group discussion, learning of discussion skills, 2nd graders, 2085
self concept, rural Appalachian vs urban non-Appalachian 6th graders, 8946
self contained special class placement, academic achievement & intellectual functioning, learning disabled 8 & 9 yr olds, 4377
self determined reinforcement, accuracy of self reporting for correct daily work, 1st grade arithmetic pupils, 13588
self perception & academic achievement, male vs female Black vs White disadvantaged 3rd graders, 11217
self recording & tokens & contingent free time, reading comprehension, learning disabled 8.8–14.9 yr olds, 13665
self reinforcement, classroom behavior, underachieving & problem Black 6th grade females, 6355
self vs externally imposed performance standards & reinforcement, persistence & accuracy on academic tasks, 3rd–6th graders, test of H. Kanfer's self regulation model, 2117
semantic context & reading ability, word identification, 5th graders, 6690
semantic vs figural items, reversal errors & prediction of subsequent reading achievement, Black vs White 1st graders, 4431
sentence learning with repetition vs imagery instruction, contextual &/vs item interference on sentence information test, 4th graders, 11351
sex, school behavior problems & maladjustment, learning disabled vs normal 7–12 yr olds, 13620
sex & age & socioeconomic status, attitudes toward school & self & peers, 5th graders, 4355
sex differences, academic locus of control, 3rd–5th graders, 13619
sex differences, conservation of numbers as kindergartners as predictor of arithmetic achievement, 2nd graders, longitudinal study, 6682
sex differences & anxiety level & achievement motivation & formal vs informal classroom environments, classroom behavior, 10–11 yr olds, 8951
sex differences & high vs low self concept & attitude toward school, change when transferred from primary to secondary school, 5–13 yr olds, 8927
sex differences & participation in performance monitoring & reinforcement, achievement, 6th grade social studies students, 6699
sex & grade level & ethnicity & nonverbal problem-solving ability & socioeconomic status, oral language performance, reading disabled 2nd vs 4th vs 6th graders, 6075
sex & lower vs middle class, self esteem & locus of control & perception of classroom social climate, 4th–8th graders, 11247
sex & racial minority status & social position & intelligence & behavior differences, 2nd graders physically separated from classmates by teacher for disciplinary reasons, 6715
Slingerland Screening Tests for Identifying Children with Specific Language Disability, prediction of learning disabilities, learning disabled vs nondisabled 1st graders, 4419
Slosson Intelligence Test vs Peabody Picture Vocabulary Test vs Developmental Test of Visual-Motor Integration vs Revised WISC, screening for special education placement, 6–16 yr olds, 9078
Slosson Intelligence Test vs Scale for Rating Behavioral Characteristics of Superior Students vs Revised WISC, screening for giftedness, 1st–8th graders nominated for gifted programs, 9120
social acceptance, mainstreaming, learning disabled 1st–6th graders, replication of study of J. B. Sheare, 6734
social conversation patterns, learning disabled 3rd graders, 4403
social modeling & reinforcement & contracting, classroom social skills, behavior disordered 8.6–12.6 yr old students, 11294
sociocultural factors & type of school, nonverbal creative thinking, disadvantaged vs advantaged intermediate school children, 1130
sociometric mapping, assessment of mainstreaming effects on social achievement in elementary & junior high school classrooms, Israel & US, 6728
special care for gifted students within normal classroom environment, elementary school students, 8959
special education placement in self contained learning disabled classes vs individual tutoring, self concept & reading achievement, 3rd grade males, 4409
stimulus variation between positive vs negative examples, formation of misconceptions, 4–6 yr olds & 2nd–5th graders, 13556
stress vs play instructions, creative thinking, 6th graders, 4288
student ability & anxiety & teacher structuring & participation demand behavior, cognitive performance of classes & individual learners within classes, 3rd graders, 4331
student physical attractiveness vs grades vs ability ratings by teachers vs test scores, male vs female 6th–8th graders & 10th grade males, 13624
subject area & day of week & academic activity format & individual previous achievement growth, involvement time in learning activity, 4th graders, 6681
subject matter & readability of school's library books vs students' interests & reading level, 7–11 yr olds, 8878
surface structure of passages in reading comprehension tests & skill level, performance, students, 11344
symbiosis in learning therapy, hearing impaired & learning disabled 12 yr olds, 9007
system for use of standardized reading test scores to predict comprehension of reading materials at known difficulty levels, 4th–6th graders, 2188
task difficulty & IQ, characteristics of self instructions & temporal relationship of private speech to problem solving, 1st graders, 2126
teacher attitudes toward & achievement in mathematics, student attitudes & achievement, student teachers & their later 4th–6th graders, 11252
teacher guidelines for program planning, logic development in young children, 4290
teacher individual differences & student ability & performance, attributions for achievement of high- vs low-expectancy students, elementary school teachers, 4282
teacher & pupil socioeconomic status & reading comprehension scores, assignment to reading groups, 4th–6th graders, 13600
teacher ratings of child as withdrawn & aggressive & likeable & peer ratings of acceptance, male vs female 3rd–5th graders, 11366
teacher ratings of classroom hyperactivity & cognitive measures & patterns of ability, 105–148 mo old learning disabled vs 91–154 mo old nonlearning disabled children, 11340
teacher ratings vs standardized test scores, IQ & mathematics & English performance, 5th graders, Ireland, 6692
teacher reading achievement & attitudes, relationship to student achievement & attitudes, 4th–6th graders & student teachers, 13537
teacher responses to student miscues during oral reading, 2nd grade students & teachers, 8903
teachers' expectations & students' self concept & sex, motor performance expectations, 3rd & 4th graders, 2141
teacher training program entitled Project REACH, student creative thinking skills, elementary school teachers & students, 3-yr study, 6636

teacher vs self reinforcement, academic achievement, underachieving Black male 4th graders, 13564
teacher- vs student-owned problems, perceptions of & strategies for coping with problem students, elementary school teachers, 6701
teaching methods, acquisition of phonetics & spelling, 5–7 yr olds, 4327
teaching methods, motivation to learn, school children, 4315
teaching program, learning of projective drawing, 3rd graders, 13573
technical merit of Acting out-Mood-Learning scale, detection of school maladaptation, 4th–6th graders, 160
test anxiety & IQ & need for achievement, preference for complex play materials, 6–10 yr olds, 8935
test-retest stability of Wide Range Achievement Test scores for 1965 & 1978, kindergartners & 1st–2nd graders, 13680
therapy vs consultation interventions, kindergartners through 2nd graders, 6765
toilet training & cuing & praise & self cleaning, classroom encopresis, 6 yr old male, 1780
training course in test taking skills, reading achievement test scores, 4th graders, 8863
training in goal setting & intraindividual performance feedback in physical education, goal-setting behavior & achievement motivation, 5th graders, 8883
training in helping preschoolers, understanding of development & learning of communication skills, 6th & 7th graders, 2084
usefulness of 3-trees test for diagnosis of family disturbance, 8 & 11 & 14 yr old students, Switzerland, implications for use in child psychiatry, 9076
use of Revised WISC vs McCarthy Scales of Children's Abilities vs Wide Range Achievement Test, differential diagnosis of learning disabled 2nd graders, 2200
use of volunteers in resource rooms, learning disabled 5–13 yr olds, 11278
validity & interrater reliability, Devereux Child Behavior Rating Scale, teachers & male elementary school students, 11342
validity of McCarthy Scales of Children's Abilities, diagnosis of learning disabilities, learning disabled vs general education 7 yr olds, 9089
validity of Structure of Intellect Learning Abilities Test, identification of & prediction of teacher perception of gifted children, high achieving 4th–6th graders, 2175
validity of Wechsler Preschool & Primary Scale of Intelligence & Revised WISC, academic achievement, 5–11 yr old students, 11387
validity of Wide Range Achievement Test for determining ability/achievement discrepancies, 5–6 yr olds, 11354
validity & reliability of creativity measures, elementary school students, 4452
validity & reliability of Myklebust's Pupil Rating Scale, detection of reading & arithmetic difficulties, 1st & 2nd graders, 4438
verbal interrelationships, 4th–6th graders & teachers, 4368
verbal praise vs nonevaluative comments by examiner, validity of Revised WISC as predictor of academic achievement, intellectually superior elementary & secondary school students, 11391
videotape reinforcement, phonics & mathematics performance, 1st graders, 11187
visual & auditory perception & lateral orientation, reading abilities & difficulties, 1st graders, longitudinal study, 3870
visual & auditory short term memory, later reading achievement, 1st graders, 8908
visual pattern discrimination & reading skills, kindergartners through 3rd graders, 4337
visual skills training, reading achievement, 2nd graders with visual perceptual deficits, 11284
Wide Range Achievement Test vs Peabody Individual Achievement Test vs Slosson Oral Reading Test vs Revised WISC, 6.8–16.8 yr old students referred for poor academic performance, 11400
within-class analysis of teacher-student interaction, teacher behaviors & student achievement, 1st grade reading groups & teachers, 13630
word appearance in context vs isolation & reading material level of difficulty, word recognition, 4th grade good vs poor readers, 8907
work-bank instruction & language experience teaching approach, sight word vocabulary achievement, 1st graders, 13586

Elementary School Teachers

attitudes, value of affective education at elementary level, mothers & teachers, 8860
attitudes toward mental health vs behavioral school consultation, school psychologists vs elementary school teachers, 11372
attributions & instructional prescriptions for handicapped vs nonhandicapped students, regular classroom teachers, 8844
basic concepts in oral directions of group achievement tests, elementary school teachers, implications for teacher administration of primary level tests & test construction, 4417
child characteristics & handicap label, attribution of 10 yr old male to handicap category, regular & special education elementary school teachers, 11142
child's socioeconomic status & race/ethnic group, hyperkinesis attributed to Black vs White vs Mexican-American 8 yr old males, parents & elementary teachers & school psychologists, 11398
classroom social climate, behavior, teachers, 8839
classroom structure, shared perception of ability, 5th & 6th graders & elementary school teachers, 4372
class size, teacher expectations & student-teacher attitudes & opinions & student achievement & self concept, elementary school teachers & 4th & 5th graders, 4375
consultation with college students as change agents & enrollment in college credit course, student behavior modification, elementary school teachers, 11168
consulting teacher service, reading & math achievement, mildly handicapped students with mean age of 9 yrs, 11226
control vs autonomy orientation in giving rewards, students' self esteem & intrinsic motivation, 4th–6th grade teachers, 13561
cooperative small group learning instructional method, behaviors & attitudes & perceptions & personality, elementary school teachers, 11209
death education, elementary school teachers, 4276
development of Teacher Locus of Control Scale, measurement of expectations of control over student academic achievement, elementary school students, 13686
development & validity of Educational Attitudes Inventory, kindergarten & elementary school teachers, 9072
educable mental retardation label &/vs psychometric information, teachers' attributions & instructional prescriptions, elementary school teachers, 8845
educational program, attitude change toward slow learners, elementary school teachers, 4273
elementary school student personality vs conduct problem behaviors, referral for school psychological services, regular vs special class teachers vs school psychologists, 11394
evaluation of own & classmates' ability vs teachers' ratings, kindergartners through 3rd graders, 6714
good vs poor reading comprehension & age, spontaneous text lookbacks, 4th–10th graders, 11221
high vs low self vs others concept, perceptions of classroom environment, 5th graders & their teachers, 4358
inservice training program with role playing, classroom implementation of role playing & its effect on student attitudes & behavior, elementary teachers, 6637
labeling child as educable mentally retarded, impressions of attractiveness & academic & behavioral potential of Black vs White vs Mexican American children, elementary school teachers, 6628
peer sociometric ratings & teacher judgments, targeting children with interpersonal relationship problems, male vs female 3rd–5th graders, 13056
perceived socioeconomic status & ethnicity, attributions of positive & negative behavior of children, school psychologists & parents & teachers, 4285
perception of & intervention strategies for social conflict among children, kindergarten teachers, 8890
perceptions of & attitudes toward Resource Specialist Program for educable mentally retarded students, elementary & second level teachers, 9014
perceptions of student affect, elementary school teachers, 4367
pupil oral reading behaviors & background factors, corrections & cues & length of reading assignments, primary grade teachers, implications for teacher expectations, 13585
questioning strategies, primary & secondary teachers, implications for use of higher-level cognitive questioning, 4325
role concepts, public vs parochial high school & elementary school teachers, 11164
satisfaction with services of school psychologists with vs without teacher certification & experience, elementary & junior high school principals & teachers, 11147
self training, modification of verbalizations, 4th grade teachers, 13543
teacher individual differences & student ability & performance, attributions for achievement of high- vs low-expectancy students, elementary school teachers, 4282

teacher responses to student miscues during oral reading, 2nd grade students & teachers, 8903
teacher training program entitled Project REACH, student creative thinking skills, elementary school teachers & students, 3-yr study, 6636
teacher- vs student-owned problems, perceptions of & strategies for coping with problem students, elementary school teachers, 6701
teaching experience, perception of school psychologists, elementary school teachers, 8831
type & frequency, written instructional feedback, elementary school teachers, 8858
verbal interrelationships, 4th–6th graders & teachers, 4368
within-class analysis of teacher-student interaction, teacher behaviors & student achievement, 1st grade reading groups & teachers, 13630
Elementary Schools
need for reading disability training, elementary school counselors, 6641
peer-led school orientation program, transition facilitation, displaced elementary school pupils, 8930
validity of classroom social climate inventory for use at early elementary level, 9115
Elephants
physical & social & ecological traits, relevance to domestication, ungulates & elephants, 7383
Embarrassment
audience size & status & number of other performers, stage fright, college students, 12802
embarrassment induced by unexpected self disclosure of interviewer, self assessment of emotions & eye contact & body motion & speech disturbances, part time students, 5054
Embedded Figures Testing
convergent & discriminant validity of Group Embedded Figures Test & Raven Advanced Progressive Matrices, measurement of cognitive styles & abilities, college students, 2549
development & validity of Group Embedded Figures Test, field dependence, 2nd graders, 11632
norm figure uncertainty & embeddedness, generalizability of performance scores on Group Embedded Figures Test, college students, 7066
reliability & validity across life span, Group Embedded Figures Test, 17–72 yr olds, 2507
Embryo
embryonic experience & development of species-specific auditory perception & repetition rate of maternal call, maintenance of innate postnatal responsiveness, Peking ducklings, 534
prehatching stimulation with alarm calls, posthatching heart rate & eye opening & vocalization, chickens, 9726
prenatal decreased oxygen consumption, learning deficits, neonatal ducklings, 9850
strychnine &/vs glycine & GABA, increase in spontaneous motility & strychnine antagonism of decreases, 7-day chick embryo, 3203
Emergency Services
aspects of service organization & development of emergency room & mobile response models, emergency psychiatric services in community mental health centers, 13385
changes in duty assignments & supervision, personal comfort & number of admissions made & diagnostic discrepancies, psychiatric residents on call in hospital emergency psychiatric service, 2006
demographic & clinical characteristics, patients treated at psychiatric hospital emergency service, 1964
emergency psychiatric care, municipal hospitals, 6499
mental health care in hospital emergency rooms on weekends, 6510
physical disorders, emergency psychiatric patients, 8679
service quality & resources, problems in operation of emergency mental health units, 8705
trends in emergency psychiatric services, 1960–77, 4158
Emetic Drugs [See Apomorphine, Disulfiram]
EMG (Electrophysiology) [See Electromyography]
Emotional Adjustment [See Also Coping Behavior, Emotional Control, Identity Crisis]
academic & emotional problems during 4th–6th grade, elementary school students, followup study, 13634
age at onset, psychological adjustment, 5.8–36 yr old pediatric cancer survivors, 1593
amount of time since injury & locus of control, emotional distress & coping behavior, male spinal cord injury patients, 1618
attitudes toward success & failure, psychological maladjustment as measured by MMPI, male VA hospital inpatients, 1427
birth order & family size, behavior problems & psychological adjustment & socialized delinquency, White kindergartners through 8th graders, 3860
brain damage & subsequent long term verbal memory deficits, disruptions in vocational & social & emotional functioning, 20 yr old male, treatment implications, 8378
bulimic behavior & weight & family history & psychological adjustment & medical complications, female patients with bulimia, 13143
cerebral gigantism, social & emotional implications, female 23 mo old, 10701
changes in social support, level of psychological adjustment, adult family members, 1-yr longitudinal study, 8099
combat experience, posttraumatic stress reactions, male Vietnam veterans seeking treatment for drug abuse, 5919
concern for death & psychological adjustment, Mexican American vs Anglo American college students, 12650
confrontation of emotional risks in psychotherapy teaching & process, therapists & clients, 3997
construction of subscales for measurement of social status factors in personal adjustment, 208
degree of psychiatric contact & sophistication, attribution of personal problems to disposition vs environment & use of psychiatric & psychological services, college students, 13685
demographic characteristics of mother's educational level vs sex vs ethnicity vs source of income, ratings on behavior problems, parents of inner-city children with behavioral problems, 12683
divorce related problems, perceived distress & coping strategies, divorced persons, 12660
divorce & remarriage & desertion, 1970's, literature review, 10257
effects of family movement from rural to urban society, children & family members, 1106
emotional & psychological effects of prolonged stay in polar regions & underwater & space flight & sensory deprivation & isolation & reduced mobility, review of Soviet literature, 2292
emotional & social problems, adopted children of other races & nationalities, Netherlands, 7925
factors affecting pathological personality development, children, Czechoslovakia, longitudinal study, 1072
group discussion, improvement of understanding & management of disease, patients with diabetes mellitus, 1755
group discussion of emotional & psychological & social adjustment, posthysterectomy patients, 4122
group program, emotional support, hospitalized medical patients, 1954
home environment & family adjustment, personal & social & cognitive development, trainable & educable mentally retarded children, 8257
human figure drawings, inferences about intelligence & emotional adjustment & personality, learning disabled children, 8279
institutional size, resident- vs institution-oriented care & personal adjustment, mentally retarded, 8612
life histories & reactions to illness & psychodynamic issues, 29–69 yr old female breast cancer patients, 1558
long term adjustment to parents' divorce, White middle class 8–17 yr olds, 2-yr followup, 12670
marital separation & divorce, parent-child communication & child's adjustment, families with 3–17 yr olds, 1155
maternal care variables & maladjustment, mothers & their 7–8 yr old children, followup study, 7977
mental health problems, Black & Micmac college students, Canada, 4425
method & general problems of playgroup therapy in school setting, maladjusted 7–8 yr olds, 13681
neurophysical status & personality change & memory loss & work capacity & friendships, 16–39 yr old patients with severe head injuries, 2-yr followup study, 1625
parent vs social worker perception, adjustment to child's development, parents of mentally retarded children, 8285
perceptions of student affect, elementary school teachers, 4367
personality variables & menstrual symptoms, college students, 8301
physical illness & hospitalization, psychological reactions, adolescents, 13424
positive life experiences, well-being & social adjustment, college students, 12899
postsurgical psychological & sexual & socioeconomic adjustment, male-to-female & female-to-male transsexuals, 13375
preoperative anxiety, postoperative recovery & emotional state, 23–79 yr old gynecological surgery patients, 1898

preseparation lifestyle & current happiness, males vs females in process of divorce, 5633
prior life change, emotional impact of rape, adult female victims, 3851
psychodrama techniques in group psychotherapy, emotional development & socialization, learning disabled 12 yr old males with peer group adjustment problems, 1750
psychological adaptation to difficulty of classroom material, learning disabled children, 13668
psychological aspects, risk of mortality, widows, 1163
repeated unsuccessful foster home placements & proposed specialized foster home program, maladjusted foster children, 1923
school & social & emotional adjustment, mentally superior vs average high school males, 8949
self concept & emotional adjustment, women during 1st postpartum wk, 3551
self disclosure patterns, adjusted vs maladjusted male adolescents, 8212
self image & psychological adjustment & sexual problems, colostomy & ileostomy patients, 3941
self perception & personality traits, unemployed vs employed 20–35 yr old hemophiliacs, 6150
sex, reporting & rating of life events, diabetic vs healthy 18–67 yr olds, 1561
sex, school behavior problems & maladjustment, learning disabled vs normal 7–12 yr olds, 13620
sex reassignment, psychological & psychosexual adjustment & social behavior, 23 yr old Black raised as male, Zimbabwe, 12712
social & emotional consequences of day care, preschool age children, literature review, 7974
social & psychological prevention of cardiovascular diseases, 1601
socioeconomic status & adjustment, upper & lower socioeconomic 14–18 yr old males, 7903
S's age at time of parental divorce, emotional & behavioral adjustment, 7–17 yr old outpatients, 7967
stages of widowhood, widows over age 62, 3405
structured vs unstructured group treatment for divorce adjustment, coping skills & self concept, 21–61 yr olds, 1754
theory of survivor behavior with conservation-withdrawal & action-engagement, 3701
traditional graded vs ungraded elementary schooling & IQ, affective & social & cognitive development, 7th graders, 2093
transference in residential treatment, junior school age maladjusted children, 6269
use of Rorschach test, diagnosis of mental deficiency & intellectual potential, literature review, 6084
value orientations, 13 & 14 & 15 yr old delinquent vs nondelinquent males, implications for rehabilitative technique, 8213
variables involved in psychosocial adjustment, competent offspring of psychiatrically ill parents, 1058
work skills &/vs social skills training, personal & social adjustment, educable mentally retarded 15–18 yr olds, 8735

Emotional Content
confederate disagreement on intimate vs superficial topic after initial positive interactions, continuation of relationships as indicated by subsequent conversation topics, college students, 1250
emotional & artistic significance, art, mentally retarded, 8241
emotionally arousing words & S & E race & sex, free recall, Black vs White 6th graders, 1001
emotional words, nonverbal vs verbal anxiety responses & RTs & GSRs, repressor vs sensitizer Ss, 8084
expression of feeling & spatio-temporal displacement in dreams, emotionally expressive college students, 11731
hemispheric asymmetry, processing of affective stimuli & in manic depressive & affective disordered patients, literature review, 10506
intensity of emotional content in dreams recalled, college students, 12872
method for interpretation of manifest & latent content in Children's Apperception Test, 4759
method of K. Weltner vs W. L. Taylor's cloze procedure, measurement of determining subjective information in text, 6972
neutral vs emotionally loaded visual stimulation, GSR & respiration, male patients with dominant vs nondominant hemisphere damage & median ages of 60.8 vs 49.1 yrs, 13133
ongoing disease process & interviewer choice of words, patient choice of words referring to disease, cervical cancer patients, 6176
palmar conductance responses to emotionally charged vs neutral visual stimuli, temporal lobe epileptics, 13073
pleasantness & intensity of affect, retrieval of real life experiences from long term memory, college students, 4889
self referent vs semantic vs structural ratings of adjectives with depressed vs nondepressed content, recall, female 18–65 yr old depressed vs nondepressed psychiatric patients vs normal nondepressives, 8145
sex & attractiveness & content of self disclosures, perception & evaluation of disclosing Ss, college students, 1272
sex differences, recognition of emotional vs nonemotional words in right vs left visual field, 19–30 yr olds, 12208
topic of conversation & sex composition of dyads, ratings of affective tone of conversation, college students, 12765
valence vs intensity of associated emotion, long term memory for experiences, 7244

Emotional Control [See Also Coping Behavior]
age differences, knowledge of emotion, 6 vs 11 vs 15 yr olds, 10158
comparison of symptoms vs background vs mental status vs diagnosis, inhalant vs noninhalant users vs nondrug users, 1521

Emotional Development
adolescent childbearing, postnatal development, 3278
attachment to transitional objects, Black lower middle & lower income vs White middle & upper income preschool age children, 7878
attitudes, value of affective education at elementary level, mothers & teachers, 8860
authoritarian family, development, adolescents, 5635
change in expression & experience of emotions over lifespan, literature review, 7879
coalition formation among child & mother & father & child's social & emotional development, 2- & 3-child families with 15–17 yr old females, 5542
components & development, aesthetic emotions, 7274
confrontation of emotional risks in psychotherapy teaching & process, therapists & clients, 3997
Draw-a-Family Test, assessment of learning difficulties, 10 yr old male, 154
effect of J. S. Mill's emotional liberation from father on his political & social & economic theories, 1325
emotional & language development, home reared vs day care attending 3.5–4 yr olds, 2-yr followup, 10013
evolutionary & genetic model of emotions, decision making, 5468
influence of teachers as significant others, development of self esteem & self concept, school age children, 12599
language & biological & cognitive & personality development & social experience, 12462
linguistic & cognitive & emotional development, severely language disabled male followed from 5 to 11.6 yrs, 10628
number of caretakers & mother holding & degree of protectedness, emotional development, children, Kenya, 3441
nursery school activities, development, pre-school children, Poland, 6660
parental emotional attachments & arousal processes, response to fearful TV stimuli, school age children, 7743
perceptions of student affect, elementary school teachers, 4367
representations of joy & sadness & anger & fear, Ss with mean ages of 4.8 & 6.6 yrs, 965
severe deprivation & subsequent placement in foster home, intelligence & social & emotional development, male twins, 5458
sex differences, intellectual functioning & language arts & reading achievement & emotional development, 7th graders, 7768
stage in psychological education, emotional maturity displayed in hypothetical situation test, female college psychology students, 6571
toys & play experience, transference of early physical experience & emotional development, children, 7889
transference & countertransference, analysis of arrested development, psychoanalysis patients, 13227

Emotional Disorders [See Mental Disorders]

Emotional Immaturity
sociocultural causes, psychological problems, emotionally immature mothers, 10232
type of behavior exhibited by child vs teachers' level of tolerance for it, rating of child's likelihood of success, teachers, 2073

Emotional Inferiority
feelings of inferiority at school & perception of school environment, 2 yr olds, 13629
personality dynamics of early truants, 8–10 yr old male truants, 8210
prevalence of schizophrenia, relatives of paranoid psychotics, 3795
senex-puer archetype, inferiority problems, males entering puberty, 3411

Emotional Insecurity [See Emotional Security]
Emotional Instability
acceptance of cultural diversity in designing programs for changing behavior, counselors of emotionally disturbed children, 6776
guidelines for development of school intervention programs for children in emotional conflict, followup to position paper of B. Enright & L. Linkous, 6753
heritability for psychosocial instability & extraversion using short form of Eysenck Personality Inventory, twin pairs, Sweden, 3690
Emotional Maladjustment [See Emotional Adjustment]
Emotional Maturity
change in expression & experience of emotions over lifespan, literature review, 7879
concepts & diagnosis, social maturity, 7876
employee ego strength & supervisor orientation, employee production & morale, blue collar workers & supervisors, 6876
enrollment in regular classes with vs without additional assistance vs vocational training classes, social & vocational maturity, learning disabled high school students, 11292
self & spouse rating of emotional maturity & marital adjustment, spouses, decade replication, 3516
sex & psychosocial maturity, assertiveness, college students, 12584
stage in psychological education, emotional maturity displayed in hypothetical situation test, female college psychology students, 6571
Emotional Responses [See Also Conditioned Emotional Responses]
acute alcohol intoxication, vicariously aroused emotional responses assessed by heart rate & electrodermal responses, male social drinkers, 7538
age differences, affective response to repeated event, Down's syndrome mean age 9.8 mo vs 20.2 mo olds, 10596
age differences, consensual knowledge of experiential determinants of emotion, kindergartners & 3rd & 5th graders, 7847
age & sex differences, reactions to frustration, normal vs behaviorally disturbed 7–14 yr olds, 13043
alcohol use & offender remorsefulness & history & seriousness of crime & race, sentencing decisions, 10274
attachment in adulthood & distress responses to marital separation, 5632
attitude similarity between rejected & chosen male S & rejection by female, affective state & self evaluation, male college students, 3613
attitudes toward & emotional responses to terrorism & nuclear issues, Ss interviewed at random, 8080
cerebral dominance, facilitation vs inhibition of emotional responses viewing sexual vs aversive slides, college students, 441
construction & validation of questionnaire, measurement of emotional patterns elicited in response to normative situations, college & graduate students, 4823
crowding with physical contact vs uncrowded environment, physiological & cognitive & nonverbal responses, male college students, 10318
demographic & other variables, decision to have abortions, females, 1162
embarrassment induced by unexpected self disclosure of interviewer, self assessment of emotions & eye contact & body motion & speech disturbances, part time students, 5054
expectancy of future need & affect, helping behavior, college students, 3648
experimental curricular intervention for countering TV violence effects, perceived reality, arousal & aggression responses, 6th graders, 13563
explanation & research & models of human behavior & natural disasters, literature review, 1318
exposure to taped case histories & slides of child abuse, heart rate & finger pulse volume & GSR, male vs female & parent vs nonparent college students, implications for training program for child abuse hotline counselors, 10994
extrapunitive & intropunitive & impunitive responses to Blacks vs Whites vs Indians, Indian college students, South Africa, 12657
factor analysis, ratings of adjectives describing affective quality of molar physical environments, 6897
fear arousal & deindividuation, indirect & direct aggressive behavior, college students, 10342
group size, percentage of escapes from simulated panic situation & concession & aggressive responses, 10332
height & width/depth & shape of models of spaces, affective responses, implications for designing actual settings, 11828
high vs low intimacy self disclosure & freedom of choice, sender & receiver liking & trust for each other & attributions & feelings during disclosure, male college students, 12814
infant & O sex & O experience with young children, ratings of infants' emotional arousal, college students, 5688
interpersonal distances, affective responses, male-female dyads of friends vs strangers, 1218
intruder sex & saliency & place of personal space invasion, emotional reactions & speed of flight from invasion, male vs female Ss, 3597
locus of control & anger expression under stressful conditions, female hospitalized depressives & patients with seriously ill children & college students & acutely & chronically ill adults, 10445
matching emotional labels & visual forms, college students, 509
miscarriage vs stillbirth vs neonate death, emotional reactions, mothers, 3723
motivation & noise intensity & tobacco smoke exposure, annoyance response during task performance, 18–29 yr old nonsmokers, 2813
nature & acquisition of preference for chili pepper, 4–56 yr olds, Mexico vs United States, 1337
neighborhood familiarity, affective responses to photographs of neighborhoods, 21–30 yr old residents, 13789
nicotine & extraversion, skin conductance & EMG & heart rate & self reported responses to emotional stimuli, habitual cigarette smokers, 7644
object destruction & mourning, behavior & responses, psychotherapy patients, 1727
perceived invasion of personal space as reaction to being photographed, 8039
perception & adjustments to earthquake hazard, residents of west coast of North America, 11517
personality type & aircraft noise intensity & accompanying illumination intensity, annoyance judgments, 19–50 yr olds, 4600
personality type & aircraft noise levels & accompanying illumination, annoyance responses, 22–49 yr olds, 4599
positive vs negative partner evaluation, intensity of aggression directed against partner, 22–58 yr old aggressive vs nonaggressive criminals, 6058
presence vs absence of stress & free association technique, resistance & transference, asthmatics & healthy adults, 3914
pretherapy, development of reality contact & affect, chronic schizophrenics, 3990
proprioceptive & pictorial stimuli, emotional responses & facial expressions, normal vs overweight college students, 3919
reverse discrimination experience, reactions to Black confederate, White college students, 12805
role conflict, physiological & affective & performance variables, 20–48 yr old female nurses in simulated hospital experience, 2030
self vs situational cue response pattern in self perception, positive vs reverse placebo effects, college students, 5795
severe physical handicaps, helping behavior, college students, 6175
sex differences, asymmetry in facial expressions, college students, implications for hemispheric asymmetry in control of emotional expression, 12190
sex & interpersonal relationship & instructions regarding criteria in reacting to personal space encroachments, affective reactions, college students, 1219
sexual experience & guilt & casual vs committed interpersonal context for erotic guided imagery, sexual arousal & emotional response, female college students, 12720
silhouette of hawk vs goose, cardiac response, ducklings, 7370
S Machiavellianism & remorsefulness of wrongdoer, retaliatory aggression against confederate who stole money, female college students, 10327
social & spatial density, group performance & affective reactions to interactive motor task, male college students, 5736
stages of widowhood, widows over age 62, 3405
survival of Buffalo Creek flood disaster, behavior changes & developmental impairments, children under 12, 5462
survival of myocardial infarction, state & trait anxiety, female vs male coronary patients, implications for liaison psychology services in coronary care units, 6117
themes of posttreatment stress disorders, 20–75 yr old psychotherapy patients with bereavement or personal injury problems, 1376
therapist sex & clinical experience & theoretical orientation, affective reactions to & management of psychotherapy termination, psychotherapists, 2013

threat of surveillance vs actual surveillance, expression of opinions on marihuana, college students, implications for deindividuation & reactance hypothesis, 1297
trainer self insight & emotional responses to group participants, 11438
uncertainty of destruction portrayed in film, enjoyment, college students, support for aesthetic theory of affective response to destruction & design implications, 508
verbal vs imaginal cognitive strategies, inhibition of emotional arousal, male vs female college students, 7281
viewing antimale vs antifemale sexual cartoons, verbal & heart rate & skin conductance responses, male vs female college students, 12272
winning vs losing, emotional reactions & tactical & strategical change & motivation in game playing, college students, 7282
work context satisfactions, job scope & affective response, 11473
written descriptions vs videotape presentation of emotionally expressive vs controlled rape victims, credibility rating, college students, 12791
Emotional Restraint [See Emotional Control]
Emotional Security
anxiety & tension & insecurity & depression, cancer patients, 13139
planning & preparation for future crises, 70 yr olds, 3428
secure vs anxiously avoidant vs anxiously resistant attachment to mother, sociability & positive vs negative orientation to peers & mother, 20–23 mo olds, 3447
security of attachment, child's obedience to mother & stranger & internal controls & maternal intervention, 21 mo olds & their mothers, 3433
validity of short form of Security Insecurity Inventory, neurotic male adults, 11683
Emotional Stability
age & sex & somatic complaints, test performance & feelings, 55–75 yr olds, 7754
basic military training, emotional & social & intellectual functioning, male young adults, Sweden, 4514
personality type & aircraft noise intensity & accompanying illumination intensity, annoyance judgments, 19–50 yr olds, 4600
placement in natural vs adoptive parent home vs foster vs group home, placement stability, behavior problem educable mentally retarded 5–23 yr olds, 6 & 12 & 18 mo followups, 8650
target & discloser sex & timing of self disclosure, judgments of discloser's likeability & mental stability, college students, 5756
Emotional States [See Also Alienation, Boredom, Depression (Emotion), Distress, Doubt, Emotional Trauma, Endogenous Depression, Fear, Loneliness, Mental Confusion, Neurotic Depressive Reaction, Optimism, Panic, Pessimism, Pleasure, Psychotic Depressive Reaction, Reactive Depression, Restlessness]
ACTH 4-9 analog, mood, aged volunteers, 7634
actor vs observer & affect vs behavior & weather conditions, perceived causal influence of weather, college students, 10378
affect, moral reasoning, college students, 2753
age differences, knowledge of emotion, 6 vs 11 vs 15 yr olds, 10158
age differences, verbalization of affective distress, 7–10 vs 11–14 yr olds, 10204
alcohol dosage level, mood, college students, 920
allergens, cognitive-emotional symptoms & heart rate & mood & psychological performance, 17–56 yr old allergy patients, 13115
aphasia, emotional & psychotic reactions, patients with aphasia of circulatory origin, 10429
behavioral measures vs self reports of internal state changes, awareness of internal states, college students, 12895
blood alcohol concentration, mood variables, male vs female 18–24 yr olds, 3205
categorical set of words describing emotions portrayed in drawings, judgments of emotions & subjective semantic space, secondary school & college students, 12548
causes & personality determinants & effect on mood & experimental designs, premenstrual tension, review of research, 1559
cerebral asymmetry in facial expression & emotional attribution, reply to P. Ekman's & C. A. Nelson's & F. D. Horowitz's & S. I. Spinrad's comments on study by H. A. Sackheim et al, 2973
cerebral electrostimulation, frontalis EMG & MMPI & Profile of Mood State scores, alcoholic inpatients, 13200
cognitive & affective & demographic characteristics, relevance in distinguishing among exceptional categories, mentally retarded vs learning disabled vs emotionally disturbed 9–12 yr olds, 5908
combat reaction, 16–30 yr old soldiers, 1396
components & development, aesthetic emotions, 7274
conceptual & psychological analysis of "sumpong", implications for Philippine culture, 3502
demand characteristics in Velten mood induction procedure, mood, 4670
deprenyl, sleep & mood & alertness & pre-sleep systolic blood pressure, 21–35 yr old males, 7699
dextroamphetamine small vs moderate doses, hunger & mood & arousal, 22–32 yr old females, 7657
dextroamphetamine vs diazepam vs placebo, drug preference & mood, 21–32 yr olds, 12374
dextroamphetamine vs placebo, drug preference & mood, 21–32 yr olds, 12375
diet & emotional state & age & disease, medical hospital patients over 14 yrs old, 6160
dual process model of arousal in schizophrenia, implications for research, 10490
emotional state, performance on sentence verification tasks, 5052
emotional stress, decision making, 5006
emotions, memory & cognitive processes & social perception & judgment about others' personalities, 11724
emotive aspect of rational emotive therapy, 1731
erotic vs nonerotic auditory stimulation vs self generated fantasy, affective & physiological responses during sexual arousal, 19–63 yr old males, 7536
exposure to internal vs external emotion-attribution moral theories, cheating behavior, college students, 9601
exposure to pheromone androstenol, responses to questionnaire regarding menstrual cycle & mood change, female college students, 12351
facial expressions &/vs context, judgment of emotion in news magazine photographs, college students, 10363
factor analysis, measures of affective complexity, female college students, 2424
frequency of imagery in emotional experience, college students, 2810
hetero- & autoregulatory procedures including relaxation-activation, optimization of emotional states & resultant performance, athletes, 11410
high dose diazepam, hallucinations & delusions & mood & behavior, schizophrenic patients, 10912
humor & test anxiety, performance vs worry vs emotionality, college students, 8812
interrater reliability, facial affect scoring technique as mimic classification procedure for analysis of emotional states in social interactions, 11674
iv single dose diazepam with vs without N-desmethyldiazepam, side effects & mood & continuous RTs & EEG, 18–29 yr old females, 9928
jogging, mood change, 17–55 yr old experienced joggers, measurement implications, 3046
lack of control, subsequent attribution process, college students, 5822
language usage, affective expression, patients with ego deficits, implications for social work treatment & diagnosis, 13403
lapse of 1 yr or more, emotional state & life satisfaction, female rape victims, 6031
masking to maintain coverbal dimensions while destroying intelligibility of conversation, attributions of speakers' psychological states, college students, 11881
melodic patterns & emotional states, criticism of methodology of D. Cooke & C. Gabriel's attempted replication, 3255
melodic patterns & emotional states, criticism of C. Gabriel's study of D. Cooke's theory, 3262
melodic patterns & emotional states, reply to criticisms by N. Nettheim & N. Cazden, 3258
menstrual cycle, normal & abnormal & sexual behavior, human females, 5252
mental activity & emotional state, local cerebral blood flow, patients with cerebrovascular pathology, 8372
mental state & speech method & respiratory movement, graduate students, 3034
MMPI alexithymia & panic-fear personality scores, days of rehospitalization & severity of illness, adult asthmatics, 13116
mood, affective discrimination & recall of sentences, college students, 9579
moods & helping behavior, literature review, 12781
noise, human behavior, literature review, 3073
oxprenolol vs metaproterenol & induced anger vs neutral situation, heart rate & blood pressure & GSR & bodily & emotional state, male college students, 881

personal impairments in professional vs private lives, teachers, 4286
personality traits & biochemical & hemodynamic factors, 30–59 yr old male with arterial hypertension & coronary heart disease, polar regions of Russia, 1609
persuasive antismoking communication & emotional state & attitudes & perceived attitudes of others, smoking behaviors & intentions, college student smokers, 10299
phase of menstrual cycle, RT & detection tasks & pain & affect, female college students with increased negative affect around menstruation time, 753
physostigmine, mood & behavior & elevations in plasma cortisol & beta-endorphin, normal volunteer Ss, 5402
placebo treatment, improvement & attributes, university medical center & college health service patients, 3970
positive vs negative affect & cooperation vs competition, achievement performance, 7–9 yr olds, 12580
positive vs negative affect-provoking music & photographs of attractive vs unattractive males, evaluation of personal character & attraction, female college students, 10353
positive vs negative social information & mood, judgments of defendants' guilt or innocence, 35–45 yr old females, Israel, 5808
preoperative anxiety, postoperative recovery & emotional state, 23–79 yr old gynecological surgery patients, 1898
primitive conjunctions of emotion & language in patients after resolution of symptoms in psychotherapy, 10804
rating of emotions, 12–17 yr old males with many vs few conduct problems, 13037
recognition of emotions in facial expressions, Estonian vs Kirghiz college students, investigation of P. Ekman's model, 5820
repeated sleep deprivation & drug therapy, treatment of mood cycles in manic-depressive psychosis, 53 yr old postmenopausal female, 10762
self referent vs non self referent statements, induction of positive vs negative mood states, female nursing students, 442
self statements, affective states, college students, 7273
sex & bodily contact, reactions to crowding, college students, 5758
sex of interviewer & alcohol, mood & eye contact, male vs female 19–30 yr olds, 12384
site of cerebral excisions & injections of sodium amytal, spontaneous facial expressions & mood, 16–53 & 15–38 yr old patients, 13121
soothing vs stimulating vs aversive music, positive vs negative feelings & helpfulness, college students, 5438
spatial model representing interrelationships among affective dimensions, 5062
status & mood, testosterone levels, male graduate students, 7541
structure & changes in components of mental state, resistance to stress, males, 10387
subjective assessment of status with regard to desired outcome, relative felt deprivation, college students, 5786
supportive group intervention, psychological benefits, metastatic cancer patients, 4033
vascular element change, prediction of mood change, female manic depressive psychotic, longitudinal study, 1419
vegetable vs meat breakfasts, self ratings of positive emotionality, male college students, Canada, 3057
video display terminal use, attitudes toward work & office automation & mood & physical symptoms, office workers with mean age of 23 yrs, 13766
video display terminal use & working conditions, job stress & health complaints & psychological mood, clerical vs professional operators, 13777
weight & mood & dexamethasone suppression test results & norepinephrine metabolism, anorexia nervosa patients, 3908
24 vs 48 hrs of sleep deprivation & cocaine, RT vs heart rate vs mood change, 21–30 yr olds, 12283

Emotional Trauma
childhood separation from parent & emotional traumata, adolescent mental disorder, 14–19 yr olds, England, 5957
clinical syndromes & dream phenomena & treatment approach, Holocaust survivors in Hasidic & ultra-orthodox Jewish communities, 1733
combat experience, posttraumatic stress reactions, male Vietnam veterans seeking treatment for drug abuse, 5919
delayed development of psychosomatic skin disorders, survivors of Nazi concentration camps, 1619
developmental & separation-individuation conflicts & psychic trauma, children of Holocaust survivors, 1053
eidetic-like imagery in response to impending blindness, 12 yr old male, 8110
fundamental loss, type of grief process & subsequent crisis state, 20–80 yr olds, 3686
hypnosis & psychotherapy, multiple personalities resulting from childhood & adolescent trauma, 29 yr old female, 1671
importance & assessment of psychological factors, asthma, children, 8349
individual trauma & national response to external threat, college students who had vs had not been hurt in World War II & Yom Kipper War, Israel, 7921
mental disorders & attempted suicide & homosexual experiences & various problems, 6–16 yr olds with primary peptic ulcers, 1364
modified systematic desensitization, recurring nightmare of actual trauma, 29 yr old male Vietnam veteran, 1821
patient characteristics & treatment methods, psychotherapy, 2nd generation Holocaust survivors, 1730
phenelzine therapy, improved adjustment, male veterans with war neurosis, 1850
psychoanalytic interpretation & treatment, adolescent trauma, 7862
psychological aspects of Holocaust & precautions in professional mental health treatment of victims, 1707
reactivation of stress disorder, 55 yr old World War II veteran, 8141
reconstruction & reexperience of traumatic repressed memory of rape, unexplainable anxiety behavior, young woman, 1641
recurrent anniversary crises, neurotic & psychotic patients, 1453
theme of loss & depression, R. Burton's "Anatomy of Melancholy", 961
themes of posttreatment stress disorders, 20–75 yr old psychotherapy patients with bereavement or personal injury problems, 1376

Emotionality (Personality)
cognitive & emotional aspects of anxiety, review of literature generated by theory of R. M. Liebert & L. W. Morris, 9605
cognitive vs relaxation coping skills, treatment, test anxiety, college students, 9080
differences in cortical arousal & sensory thresholds & reactions to stimulation, physiological theory of creativity as response to stimulation, 3670
expression of feeling & spatio-temporal displacement in dreams, emotionally expressive college students, 11731
factor analysis, paralinguistic & analytical content & physiological & subjective arousal & emotionality & extraversion during presentation of speech, 7550
genetic factors, etiology of personality traits, pairs of twins 1–7 yrs old, longitudinal study, 12606
humor & test anxiety, performance vs worry vs emotionality, college students, 8812
sex role stereotyped behavior, male vs female central characters on prime-time TV, 7989

Emotionally Disturbed [See Also Autistic Children]
Adapted Modified Role Repertory Test, assessment of cognitive complexity, 8–15 yr old emotionally handicapped vs normal children, 2203
age differences, cognitive complexity, emotionally handicapped 8–15 yr olds, 8179
age & sex & socioeconomic status & race, parent-reported prevalence of behavior problems & social competence, disturbed vs normal Black vs White 4–16 yr olds, 1503
analysis of Revised WISC profiles for differential diagnosis, learning disabled vs educable mentally retarded vs emotionally disturbed vs other impaired 4–19 yr old students, 11337
anger & guilt & depression & withdrawal & identification & search for meaning, siblings of hospitalized emotionally disturbed children & adolescents, 10270
argument against increased use of residential units for disturbed adolescents, 1950
behavior modification, learning disabled 11 yr old male, 4378
classroom interaction patterns, emotionally disturbed students & teachers, 4399
cognitive & affective & demographic characteristics, relevance in distinguishing among exceptional categories, mentally retarded vs learning disabled vs emotionally disturbed 9–12 yr olds, 5908
cognitive differentiation of liked vs disliked objects vs persons, 10.5 yr old emotionally disturbed males, implications for vigilance & justification hypotheses, 3813
competitive vs noncompetitive recreation, aggressive behavior, emotionally disturbed 6–14 yr olds, 10574
conferences in authority & leadership in public school program serving emotionally disturbed youth, teachers & teacher aids & mental health workers, 6635
current trends & status of public residential facilities for mentally retarded, 8657

deep muscle relaxation & covert positive reinforcement, maladaptive behavior, emotionally handicapped 6–12 yr olds, 6744
description & critique of Developing Models for Special Education, educable mentally retarded & learning disabled & emotionally disturbed kindergartners through 2nd graders, 2147
diagnostic significance of Qualitative score on Porteus Maze Tests, emotionally disturbed vs normal 10–18 yr olds, 8175
elementary school student personality vs conduct problem behaviors, referral for school psychological services, regular vs special class teachers vs school psychologists, 11394
emotional disturbance & self esteem & significant others, adolescents, educational implications, 10513
extent of public school special education services, emotionally disturbed children, Canada, 13641
father-mother selection of Rorschach Cards IV & VII, emotionally disturbed 7–16 yr olds, 7058
group therapy, severely disturbed 8–12 yr old inpatients, 11022
group therapy program, development & use of competent social behavior, psychologically disturbed children, 13252
guidelines & recommendations for use of halfway houses, treatment of emotionally disturbed adolescents, 13376
induced success vs failure, expectations & performance, emotionally handicapped 4th & 5th grade males, 10454
instructional use of fantasy & guided visual imagery, learning disabled & emotionally handicapped 1st–6th graders, 8968
intelligence & achievement & visual-motor performance, learning disabled vs emotionally impaired children with mean ages of 10.32 vs 10.53 yrs, 10417
internal consistency & reliability of measures of children's behavior, emotionally disturbed or learning disabled elementary school through high school students, 13672
issues in diagnosis & education & treatment, emotionally disturbed children, 11262
lateral dominance & torque, emotionally disturbed vs educable mentally retarded vs speech & hearing vs learning disabled 3rd graders, 10406
literary creativity concurrent with developmental dyslexia & emotional difficulties, 3880
locus of control, disabled vs nondisabled college students, 8118
molar labeling interaction, 11 yr old emotionally disturbed males in residential treatment center & at home, 13279
molar labeling intervention, emotionally disturbed children, criticism of findings by R. Gilbert & A. Christensen, 13270
narcissistic traits, severely abused & emotionally disturbed 2 wk through 6 yr olds, 8186
parental communication deviance & affective style, subsequent schizophrenia, disturbed nonpsychotic adolescents, 5-yr followup, 12953
peer sociometric ratings & teacher judgments, targeting children with interpersonal relationship problems, male vs female 3rd–5th graders, 13056
philosophic tenets of Lowenstein Therapeutic Community, treatment of emotionally disturbed children, 13418
Positive Peer Culture & assertiveness training, teaching responsibility & coping behavior, teachers of disturbed adolescents, 2072
psychoeducational assessment & goals & instructional objectives of Individualized Education Program, educable mentally retarded & emotionally disturbed & learning disabled students, implications for education of handicapped, 6737
reciprocity of & agreement about needs & family disagreement & clarity of rules & rigidity of family expectations & anxiety & satisfaction, families with disturbed vs nondisturbed adolescents, 10237
residential treatment, adaptive behaviors, emotionally disturbed children with mean age of 10–10.4 yrs, 10973
role playing intervention & reinforcement contingencies, maladaptive classroom behavior, emotionally disturbed behavior disordered 14–15 yr old special education students, 13651
social skill training, social behavior, emotionally disturbed 10 yr old female & 11 yr old male patients, 8487
social status vs problem solving ability in social situations, emotionally disturbed 8–13 yr old males, 8202
socioeconomic bias in planning & placement decisions of Educational Placement & Planning Committees, learning disabled & educable mentally retarded & emotionally & otherwise impaired 4–19 yr old students, 11267
Source of Stress Inventory, measurement of sources of psychological stress in assessment process for use in intake/referral procedures, children with emotional adjustment problems, 9329
specialized foster care for placement of troubled children, 1916
special vs regular class placement, meta-analysis of effect size, students with below average IQ vs behavior disorders vs emotional disturbances vs learning disabilities, 6721
staff risk taking behavior, residential treatment, emotionally disturbed children, 11018
stress inoculation program, anger & anxiety & coping skills & classroom behavior, emotionally disturbed 10 yr old male in residential treatment, 1825
structure & philosophy & goals of halfway house, emotionally disturbed adolescents, 8633
teacher-student interaction profiles, emotionally disturbed vs nonidentified 7th–9th graders, 11238
therapeutic homes as alternative to traditional foster care without legal separation of parents & their emotionally disturbed children, 1920
token reinforcement program, command following & out-of-seat behavior, emotionally disturbed 4 yr olds of average intelligence, 13657
validity & interrater reliability, Devereux Child Behavior Rating Scale, teachers & male elementary school students, 11342
validity & reliability of Peabody Picture Vocabulary Test, emotionally disturbed 13–17 yr olds, 6-mo followup, 158
visual-perceptual integration, hyperactive & emotionally disturbed & learning disabled male 7–12 yr olds, 8097

Emotions [See Also Related Terms]

age, psychological well-being & involvement in gay community, 16–74 yr old male homosexuals, implications for professionals working with homosexuals & their parents, 7988
age differences, knowledge of emotion, 6 vs 11 vs 15 yr olds, 10158
age differences, verbalization of affective distress, 7–10 vs 11–14 yr olds, 10204
alexithymia, patients with chronic pancreatitis & peptic ulcer & ulcerative colitis & irritable colon syndrome, 1606
aspects of emotion & reinterpretation of psychology from Christian perspective, 11550
authoritarianism & emotions & sex differences & species of nonhumans, attribution of human traits to nonhumans, college students, 8065
change in expression & experience of emotions over lifespan, literature review, 7879
cognitive attribution & emotion & action model of judgments of help giving behavior, 3665
cognitive complexity & affect cognition, intimacy status in close relationships, college males, 3616
cognitive labeling, emotional & behavioral effects of alcohol, 938
cognitive vs affective vs conative health behavior, smokers vs nonsmokers, 1206
competitive vs individualistic goal structures & past performance, causal attributions & affect, 5th & 6th graders, 5445
components & development, aesthetic emotions, 7274
construction & validation of questionnaire, measurement of emotional patterns elicited in response to normative situations, college & graduate students, 4823
cross cultural differences, affective perceptions, US vs Indian vs mixed foreign college students, 1145
differential emotions theory vs facial feedback hypothesis, comments on theory of R. Tourangeau & P. C. Ellsworth, 11548
discussion of "Introduction to Biological Psychiatry" by R. Tissot et al, relationship of affective & cognitive structures, 981
early exposure to TV, perceived relationship between figures & emotional or abstract concepts, college students, 2625
ego defenses & affects, females with breast symptoms, 6179
emotional control of thinking, 2631
evolutionary & genetic model of emotions, decision making, 5468
expression of feeling & spatio-temporal displacement in dreams, emotionally expressive college students, 11731
facial expressions, indication of intensity of emotion, female 18–35 yr olds, 5797
facial expression sequence, judgments of emotion, female college students, 5831
facial image size, judgments of emotions vs attitudes vs personality traits, middle aged Os, 1259
factor analysis, paralinguistic & analytical content & physiological & subjective arousal & emotionality & extraversion during presentation of speech, 7550
feedback between cerebellum & septal region & hippocampus, emotions & epilepsy, animals, 5325
feelings & behaviors & counseling in stages of adjustment to disability, 11036

handedness of S & poser, perception of emotion in tachistoscopically presented faces & expression of emotion, male Ss, 12213
intensity of emotional content in dreams recalled, college students, 12872
interaction of cognitive & affective systems, multifactor individuality theory of emotion, literature review, 9611
intracranial self stimulation, emotion & pain & reward & learning mechanisms, literature review, 9787
judgment on negative vs positive poles of psychological vs physical constructs, statistical independence between constructs, college students, 4844
locus of control, perceived influence of weather on self vs other & positive vs negative emotions & behaviors, college students, 2291
marital relationships, attitudes toward child-bearing & affective reactions, females who had borne a child, 5662
methodological flaws in theory of facial expressions & experience of emotion, criticism of methodology used by R. Tourangeau & P. C. Ellsworth, 11580
musical intervals, variation in psychological effect, college students, 2725
nature of disorder, recognition of emotions in facial expressions, schizophrenic vs anxious depressed vs unsocialized aggressive school age children, 10534
overview of & questionnaires for measurement of alexithymia, 1556
parental communication deviance & affective style, subsequent schizophrenia, disturbed nonpsychotic adolescents, 5-yr followup, 12953
perception of locus & stability & controllability of causes of academic performance, affective reactions & expectations, college students, test of B. Weiner's model of attributions, 6683
pleasantness & intensity of affect, retrieval of real life experiences from long term memory, college students, 4889
positive & negative affect as measured by Personal Adjustment & Role Skills scale, psychological well-being, male medical & surgical patients, 5907
procedures for changing attitudes & emotions in classrooms, literature review, 8904
ratings of humorous vs violent vs factual vs affective interpersonal relationship passages in English vs Filipino, bilingual 16–22 yr old college students, Philippines, implications for translator training, 3241
ratings of vocal verbal & nonverbal communication discrepancy, schizophrenic vs non-schizophrenic families, 1432
recognition of American vs Malay facial expressions, American vs Temuan adults vs Malay male secondary students, 5611
recognition of vocal expression of emotions, college students, 11859
relationship of values vs emotions vs behaviors, schizophrenics vs neurotics vs patients with personality disorders, 12975
repression-sensitization status & sex role perceptions & target sex, expression of emotional discomfort, male college students, 8069
rule concerning talking about vs acting on feelings, group therapy, institutionalized young delinquents, 1976
sex & cerebral dominance, discriminative RT to facial emotions, college students, 5220
sex differences, spontaneous vs enacted encoding & decoding of nonverbal emotional messages, college students, 1262
sex & neutral vs negative imagery & perceived emotionality of faces, right hemisphere superiority for discriminating memorized from nonmemorized faces, college students, 9781
slide tape vs film strip affective mental health education unit, self awareness, high school students in elective health education class, 6678
spatial model representing interrelationships among affective dimensions, 5062
speech rate & affect, 19–65 yr olds, 6010
subjective assessment of status with regard to desired outcome, relative felt deprivation, college students, 5786
theoretical implications of relations between thinking & feeling, comments on work of R. Zajonc, 9609
theory of emotions & intentionality & meaning of life, implications for psychotherapy, 13211
theory of emotions & intentionality & meaning of life, implications for psychotherapy, professional criticism of article by C. Goldberg, 13223
theory on facial responses & experience of emotion, professional rebuttal to criticism of R. Tourangeau & P. C. Ellsworth, 11607
unitization techniques, study of emotion in spontaneous nonverbal behavior, 5789
valence vs intensity of associated emotion, long term memory for experiences, 7244
value & imminence of goals & disrupted goal striving & other affect variables & commitment intensity, frequency with which goals thought about, college students, 5806
written transcripts vs content-filtered speech vs silent video information, judgment of conveyed emotion, college students, 12808

Empathy
altruistic & egoistic & empathic structures in humans, evolutionary & psychological models including group & kin selection & reciprocal altruism & inclusive fitness, 12767
anxiety & reactivity & empathy toward & perception of victim suffering, intensity of aggression, female 17–19 yr olds, 12739
communication skills training, self disclosure & empathy, 16–17 yr olds, 5-mo followup, 10754
conceptualization & measurement, empathy, review of research, 182
constructs & measures & measurement properties of social role taking, literature review, 10349
development & reliability of multidimensional individual difference measure of empathy, 4780
early socialization experiences, empathy, male vs female college students, 5839
empathic language in psychotherapy, 6244
empathy, prosocial behavior, 10366
empathy instructions & positive vs negative outcome in conversation & similarity information, liking of people heard in conversation, 1st graders, 7854
empathy scale, assessment of empathic content in therapist's responses to client, 7108
encouragement of empathy, sharing behavior, 4–8 yr olds, 7869
fear of parental physical punishment, empathy, 9–10 yr olds from Greek island, 7896
Guerney Relationship Enhancement Program vs lectures & discussions on relationship development, self disclosure & empathy skills, 18–24 yr old premarital dating couples, 6-mo followup, 8457
impulsiveness & venturesomeness & empathy & psychoticism & extraversion & neuroticism & social desirability, 17–21 yr old male delinquents, 13025
instructor empathy, perceived learning climate in interpersonal communication class, college students, 11242
low vs high empathy vs ease of escape, egoistic vs altruistic motivation to help victim, female college students, 12785
participation in relationship therapy, ability to form adequate relationships & decrease residual symptoms, 14–20 yr olds, England, 2-yr followup study, 6243
perception of Chinese vs White clients & normality & empathic ability, Chinese-American vs White therapists, 6257
programmed learning vs microtraining, interview performance & empathy ratings, telephone hotline workers, 6606
respect for law & empathy & peer influence, involvement in prior automobile accidents, US males enrolled in "driving while drunk" classes, replication of study by A. W. Clark in Australia, 6041
self disclosure flexibility & empathy, perception of adjustment & attraction, male college student dyads, 1281
sex & emotional empathy, rating of defendant's actions in simulated trial, college students, 5664
situational & personality & behavioral factors, development of empathy, children, 7871
therapy selection according to preferences, empathy & relaxation vs psychotherapy vs behavioral instructions vs communication of religious values, male alcoholic patients, 6526

Emphysema (Pulmonary) [See Pulmonary Emphysema]

Empirical Methods [See Also Observation Methods]
application of polynomial approximation in psychology, 290
arousal as determinant of aesthetic preference, 5060
assessment of psychological factors in pain disability, chronic pain patients, 9418
coding & analysis of dialog, cognitive complexity & appropriateness of initiations & responses, 3 yr old females, 4666
contributions of D. Berlyne to scientific study of aesthetics, 5053
effectiveness of placebos in alcoholic beverage studies, literature review, 11585
empirical phenomenological approach, assessment of personal descriptions of fear, college students, 1301
empirical research by regulatory agencies, advertising legal inquiries & adjudication, 4609
empirical research & statistical investigation, hysterical personality, literature review, 12993
environmental attitude/behavior congruence & recommendations for empirical research approach, 2293

history & empirical research, mental retardation, West Germany, literature review, 8244
internal events as subject for study, radical vs methodological behaviorism, 9244
jogging, mood change, 17–55 yr old experienced joggers, measurement implications, 3046
pictures vs open ended questions as elicitation stimuli & location & use of wireless radio telemetry, expressive language samples, normal vs language disordered 4–6 yr olds, 2359
speaking rates & intelligibility as measurements of communication efficiency, dysarthric adults, 10751
statistical distributions, application to social research, 289
structuralism & speculative & interpretive approach to experimental aesthetics, 5058

Employability
factor analysis, predictors of employability of psychologists by universities, 6833
personality & attitude factors, successful employment & work adjustment, mentally retarded adults in halfway house, 13439
ratings of successful job applicant characteristics, corporate recruiters vs students vs faculty, 6832

Employee Absenteeism
absenteeism & personal characteristics & job situation & satisfaction, production employees, evaluation of R. M. Steers & S. R. Rhodes's model, 9195
collective bargaining contract policies, absenteeism, transportation service employees, 4548
fixed vs rotating work schedules, mental health & job satisfaction & organizational commitment, nurses & industrial workers, 13769
flexitime, productivity & absenteeism & morale & transportation, line employees & division directors in Kentucky state government, 11474
need strengths & perceptions of job scope & task characteristics, turnover & absenteeism, state & county government employees, 13774
no fault disciplinary system, employee absenteeism, 13772
performance contingent rewards & productivity, data entry processors, 11442
sex differences & minor psychiatric morbidity, employee absenteeism, workers, 13771
turnover & absenteeism & job satisfaction, house managers & administrator/supervisors in community residential facilities for mentally retarded, 6561

Employee Attitudes [See Also Job Satisfaction]
absenteeism & personal characteristics & job situation & satisfaction, production employees, evaluation of R. M. Steers & S. R. Rhodes's model, 9195
accurate interpretation of employee attitude surveys through analysis of organizational context, 2257
age, institutional & professional attitudes & demographic characteristics, academic professional personnel, 11417
age & attitude toward environment, length of stay in isolated mining community, skilled & unskilled employees, Australia, 11522
analysis of multivariate structure of design evaluation, conceptualizations of hospital wards, nurses, 246
attitudes about unions, morale & job involvement, blue collar workers, 11496
attitudes toward union role in negotiating quality of worklife & productivity & traditional issues, railroad union members, 6869
combat simulation vs conventional rifle training, motivation & job satisfaction, US Army personnel, 11440
development of management evaluation scale, measurement of employee opinion, social workers, 11681
employee attitudes & company policies toward job relocation, 9160
employee attitudes on deviant behavior, theft vs alcohol use vs illicit drug use on the job, 16–57 yr old employees, implications for preemployment job applicant screening, 10562
employee attitudes toward participation in decision making, Black vs White clerks, South Africa, 13775
employee ego strength & supervisor orientation, employee production & morale, blue collar workers & supervisors, 6876
employee & organizational factors, career planning process, 2211
employee performance evaluation interview, process characteristics & outcome, nurses, 13467
flexitime, attitudes, employees, 4551
flexitime, productivity & absenteeism & morale & transportation, line employees & division directors in Kentucky state government, 11474
geographical location & occupation & agency type vs personality traits & attitudes about mental illness, health providers, Alaska, 6542
high vs medium vs low cognitive complexity, perceived characteristics of work environment, US Navy enlisted personnel, 2261
individual higher order need strength, attitudes toward job & job characteristics, 16 yr olds, followup study, 2259
individual & organizational correlates, refusal of seniority-based promotions, production employees of average age 36.7 yrs, 11416
industrial job satisfaction & self evaluation of personal vs technical qualities, high school vs vocational-technical school graduates, 2262
job change, interest & utilization & satisfaction attitudes, Air Force radio operators, 11484
job characteristics approach to task design, review of exploratory research & future alternatives, 4560
job expectancy & perceptions of job & company & selling constraints & personal characteristics, selling success, industrial salespeople, 4535
job satisfaction & age & rater nationality, neutral responses in supervisory trait rating, assembly line operators, 13741
mail survey, response characteristics, workers & employees, 2401
management by objectives in American cities, 11467
mental health & work attitudes & age, workers aged 20–29 vs 30–39 vs 40–49 vs 50–59 vs over 60, 4558
need strengths & perceptions of job scope & task characteristics, turnover & absenteeism, state & county government employees, 13774
organizational commitment, manager's ratings of employee performance, bus service employees, 2242
organizational commitment vs job satisfaction, motivation to resign from job, employees, 11497
organizational structure, reactions to work & work context, employees, 2265
perceived commander's behavior & organizational climate & unit effectiveness & subordinate's behavior, US Army company enlisted personnel, 4550
perceived goal orientation & participation & relevance of performance appraisals, opinions of appraisal system, research & development organization employees, 4521
perceived leadership behavior & job satisfaction, White vs Indian salesmen, South Africa, 9192
position in status vs functional system in mental health services, role conflict, paraprofessionals, 6540
predictors of salary satisfaction, managerial & professional & technical personnel, 13767
preference for reward vs recognition & task performance & job type, tank crews, 11480
previous supervision by woman, perceptions of competence of women as managers, male & female managers, 6857
prolonged labor disputes, distress level & perceptions of anxiety & health & general functioning, air traffic controllers, Canada, 4 & 10 mo followups, 6872
reaction to organization structure, Japanese vs Japanese-American vs American employees of Japanese-owned firms in US, 2263
relationship of self report measures to supervisory & administrative ratings, individual & unit level performance & morale, US Army enlistees in combat unit, 13701
rewards & costs & alternatives & investments, job satisfaction & commitment & turnover, college students, 11481
role conflict & ambiguity, employee ability & tolerance for conflict & supervisory support & group cohesion, nurses & respiratory therapists, 2038
sex differences, dominance behavior toward & from opposite-sex coworkers & superiors, university employees, 6809
sex differences, job involvement & attitudes toward women as managers, professional vs managerial vs nonmanagerial personnel, Northern Ireland, 6855
sex role & occupational preference, attractiveness as coworker & to prospective employer & social, college students, 12727
type of information disclosed & permission granted & consequences & recipients, perceived invasion of privacy in hypothetical situation, employees, 9194
type of role stress, dissatisfaction with co-workers & job, work organization employees, 11471
union membership & military, attitudes toward union vs management, federal government workers, 11465
validity & generalizability of multivariate predictive model of organizational commitment, employees at facilities for developmentally disabled, 13773

video display terminal use, attitudes toward work & office automation & mood & physical symptoms, office workers with mean age of 23 yrs, 13766
withdrawal of performance contingent pay system involving monetary incentives, perceptions of supervisors' influence & power, paper plant personnel, 13755
work experience, perceived characteristics of work environment & intent to reenlist, US Navy enlistees, 4553
work outcome preference & evaluation, Europeans vs Maori vs Samoans, 12649
work related attitudes as mediating factor between individual & situational variables & mental health, chemical firm professionals & store managers, 11507
Employee Benefits [See Also Salaries, Workmens Compensation Insurance]
attitudes toward union role in negotiating quality of worklife & productivity & traditional issues, railroad union members, 6869
collective bargaining contract policies, absenteeism, transportation service employees, 4548
Employee Efficiency
efficiency & reliability, mechanical vs human systems, 9150
Employee Health Insurance [See Workmens Compensation Insurance]
Employee Motivation
absenteeism & personal characteristics & job situation & satisfaction, production employees, evaluation of R. M. Steers & S. R. Rhodes's model, 9195
battlefield simulation in training, job motivation & satisfaction, soldiers, 6787
combat simulation vs conventional rifle training, motivation & job satisfaction, US Army personnel, 11440
criteria for successful employee incentive programs, 9184
development & influence of work motivation, 9139
development of work motivation program using wage incentives, productivity, key entry operators, 13745
individual differences in attentiveness to opportunities for influencing supervisors, effect of influence on job performance & satisfaction, Navy enlisted aircraft maintenance personnel, 13770
job expectancy & perceptions of job & company & selling constraints & personal characteristics, selling success, industrial salespeople, 4535
leader's influence tactics & assessment of followers' motivation vs actual follower production, evaluations of followers, college students, implications for employee evaluations, 9147
locus of control & task characteristics & work attitudes, research project leaders & team members, 13765
motivational variables, job performance & satisfaction & work attitudes, 4470
multidimensional scaling analysis of work outcomes, criticism of extrinsic vs intrinsic dichotomous models, 243
organizational commitment vs job satisfaction, motivation to resign from job, employees, 11497
Performance-Contingent Reward System using economic incentives, analysis of cost effectiveness in terms of production, civil service data transcribers, 13740
preference for reward vs recognition & task performance & job type, tank crews, 11480
review of contingency management in industrial & business settings, 6856
simulated battlefield conditions, motivation & satisfaction, soldiers, 6877
taxonomies of employee work motivation, electronics company repairmen & salesmen, 4490
Employee Performance Appraisal [See Job Performance, Personnel Evaluation]
Employee Productivity
attitudes toward union role in negotiating quality of worklife & productivity & traditional issues, railroad union members, 6869
auditory RT & threshold & critical flicker frequency, resistance to monotony on visual tracking task performance, male adults, implications for work productivity, 9472
development of work motivation program using wage incentives, productivity, key entry operators, 13745
employee ego strength & supervisor orientation, employee production & morale, blue collar workers & supervisors, 6876
flexitime, productivity & absenteeism & morale & transportation, line employees & division directors in Kentucky state government, 11474
job expectancy & perceptions of job & company & selling constraints & personal characteristics, selling success, industrial salespeople, 4535
leader's influence tactics & assessment of followers' motivation vs actual follower production, evaluations of followers, college students, implications for employee evaluations, 9147
management by objectives in American cities, 11467
method for determining keyprocessing operator performance, 11448
organizational climate & communications & job satisfaction & perceived productivity as criteria for assessment of organizational effectiveness, Air Force personnel, 11486
performance contingent rewards & productivity, data entry processors, 11442
Performance-Contingent Reward System using economic incentives, analysis of cost effectiveness in terms of production, civil service data transcribers, 13740
recommendations for action by industrial & organizational psychologists to increase productivity & growth, 2249
reconceptualized expectancy model used for predictions of key entry performance, actual average performance, key entry operators, 11447
Employee Selection [See Personnel Selection]
Employee Skills [See Also Clerical Secretarial Skills]
antecedents & role in information transfer into organizations, boundary spanning professionals, 4563
employee ability, relationship of role conflict & ambiguity to job satisfaction, middle management personnel, 13750
fatigue from wearing AN/PVS-5 night vision goggles, helicopter operation skills, aviators, 9200
identification & measurement procedure development, flight skills, fighter pilots, 11428
measurement of working ability, 9181
occupational intelligence & work setting, 13743
simulated vs real industrial task, verbal protocol as indication of control skills, grid control engineers, 6854
taxonomy of perceptual motor abilities, occupational success in various Air Force career fields, 13746
test development using functional job analysis procedure, measurement of achievement of training standards, heavy equipment operators, 6849
validity of Threshold Trait Analysis technique, job analysis & prediction of job performance level, clerical & administrative & technical employees, 11668
work behavior & product vs job knowledge & mechanical aptitude, test-retest reliability, trainee lathe operators, 11449
Employee Termination [See Personnel Termination]
Employee Turnover
fixed vs rotating work schedules, mental health & job satisfaction & organizational commitment, nurses & industrial workers, 13769
intent to stay & opportunity & general training & job satisfaction, causal model of turnover, nurses, 13500
intervention programs for supervisors, employee turnover, bank tellers, 4542
job satisfaction & rated job performance, voluntary turnover, hospital employees, 11502
need strengths & perceptions of job scope & task characteristics, turnover & absenteeism, state & county government employees, 13774
realistic job previews, reduced turnover, retail store employees, 13768
rewards & costs & alternatives & investments, job satisfaction & commitment & turnover, college students, 11481
training & placement in McDonald's restaurants, turnover, mildly & moderately mentally retarded 21–52 yr olds, 8719
turnover & absenteeism & job satisfaction, house managers & administrator/supervisors in community residential facilities for mentally retarded, 6561
Employees [See Personnel]
Employer Attitudes
mail survey, response characteristics, workers & employees, 2401
manager & assignee sex, assignment of stimulus person to dull vs challenging task, banking executives & college students, 13757
ratings of successful job applicant characteristics, corporate recruiters vs students vs faculty, 6832
sex role & occupational preference, attractiveness as coworker & to prospective employer & social, college students, 12727
work related attitudes as mediating factor between individual & situational variables & mental health, chemical firm professionals & store managers, 11507
Employment [See Occupations]

Employment History
career patterns & attitudes & path potential, ineffective vs effective plateaus vs no plateaus in career, managers, 13761
chance & contingency factors vs personal qualities, vocational choice, 18–63 yr olds, 11420
employee & organizational factors, career planning process, 2211
employment & age at 1st arrest & number of address changes, recidivism & maintenance of employment, male probationers, 12-mo followup, 13449
handicap & career guidance received in school, employment experience, 18 yr old leavers, 4464
pretreatment source of income, response to methadone maintenance, narcotic-dependent males, 6-month followup, 13456
social class & employment status, attribution of responsibility & blame for economic success & failure, White males, 5807
work experience vs no experience, locus of control, housewives over age 65, 3739
Employment Interviews [See Job Applicant Interviews]
Employment Processes [See Personnel Recruitment]
Employment Tests
advantages & disadvantages of "truth in testing" legislation, Congressional hearings, 1183
antidiscrimination legislation, validity criteria for job selection process, Australia, 6826
criterion-related vs content vs construct aspects of validity of measurement, personnel testing, 2475
English vs Spanish instructions, employment test scores, Hispanic job applicants, 9173
industrial & national-education testing, Philippines, 2513
job task differences, moderation of aptitude test validity, clerical personnel, 2525
task analysis & candidate experience exam as job performance predictor & method of employee selection, 2235
use of computer generated sampling distributions, variance in petroleum industry employment test validation studies, 7033
US Supreme Court decision on Detroit Edison v National Labor Relations Board case, open vs secure testing for personnel selection, 2240
validity generalization & rational methods for estimation of validity & theories about trait-performance relationships, future use of criterion related validity in personnel psychology, 141
validity generalization & reliability, cognitive tests for employment in petroleum industry, personnel in 2 job types, 7094
Encephalitis
chronicity effect of left temporoparietal lesion, 30 yr old male with encephalitis, 6-yr longitudinal study, 1614
learning performance, pneumo-encephalitic patients, 3937
Encephalography [See Electroencephalography, Pneumoencephalography, Rheoencephalography]
Encephalography (Air) [See Pneumoencephalography]
Encephalopathies (Toxic) [See Toxic Encephalopathies]
Encopresis [See Fecal Incontinence]
Encounter Group Therapy [See Also Marathon Group Therapy]
effectiveness of growth groups in facilitating enduring changes in interpersonal relationships, literature review, 10846
encounter groups, assimilative projection measured by repertory grid task, 19–48 yr olds, 4031
personality traits, subjective encounter group experience, college students, 6312
person-centered encounter group participation, psychological changes, psychotherapy clients, 10848
Encounter Groups [See Sensitivity Training]
Encouragement
mothers' encouragement of verbalization & knowledge of letters & numbers, 3 yr olds, 12538
motivations & social support, medical career decision, male vs female medical students, 13491
social sharing with mothers & maternal praise & encouragement, Black 19 mo old lower income infants & mothers, 3426
Endocrine Disorders [See Cushings Syndrome, Diabetes, Diabetes Insipidus, Diabetes Mellitus, Goiters, Hyperthyroidism, Hypopituitarism, Hypothyroidism, Klinefelters Syndrome, Premenstrual Tension, Testicular Feminization Syndrome, Thyroid Disorders, Thyrotoxicosis, Turners Syndrome]
Endocrine Gland Secretion [See Also Adrenal Gland Secretion]
stability of ego defenses & endocrine responses, female breast biopsy patients, 10-yr followup, 8329
Endocrine Gland Surgery [See Adrenalectomy, Castration, Hypophysectomy, Male Castration, Ovariectomy]
Endocrine Glands [See Adrenal Glands, Gonads, Ovaries, Pineal Body, Pituitary Gland, Testes, Thyroid Gland]
Endocrine Sexual Disorders [See Klinefelters Syndrome, Premenstrual Tension, Testicular Feminization Syndrome, Turners Syndrome]
Endocrine System [See Also Adrenal Glands, Gonads, Ovaries, Pineal Body, Pituitary Gland, Testes, Thyroid Gland]
hippocampus & neuroendocrine system, 3071
isometric & psychological & pain stress, blood pressure & heart rate & stroke volume & cardiac output & arginine vasopressin & renin concentrations, 16–65 yr olds, 769
protein & environmental deprivation during 1st 7 wks, growth & hormonal changes & brain structure & sex-associated activity & spatial skills, rats, implications for biosocial theory, 783
Endogenous Depression
citalopram, therapeutic & side effects, endogenously depressed inpatients, 8581
classification of depressive disorders into major & minor & endogenous & situational categories, depressed patients, 5931
clinical vs research vs neuroendocrine criteria, validity of endogenous depression diagnosis, depressed outpatients, 5938
cognitive processes, 6 & 10 yr old males during & after remission of endogenous depressive episode, 3770
dexamethasone suppression test scores as indication of recovery, unipolar & bipolar endogenous depressives, 1430
disturbed mother-child communications, psychosomatic disorders & endogenous depression, children, 1388
erythrocyte catechol-O-methyltransferase activity, endogenous vs neurotic depressed vs manic vs normal patients, 1423
fluctuations of catecholamine metabolism & adrenocortical hormones during recovery & drug therapy, patients with endogenous vs neurotic depression, 1875
growth hormone & sedative & hypertensive responses to clonidine, patients with endogenous depression, 13321
handedness & dichotic listening performance, ECT-treated patients with unipolar endogenous depression, 8409
imipramine plus desmethylimipramine levels in blood & antidepressant effect, 21–66 yr olds with endogenous depression, 10914
premorbid personality traits, development of unipolar depression, 13–74 yr olds, 1435
primary affective disorder criteria, diagnosis of endogenous vs reactive depression, hospitalized patients, 1466
Research Diagnostic Criteria subtypes, prediction of response to amitriptyline & short term interpersonal psychotherapy, 18–65 yr old ambulatory depressed patients, 1665
salivation & sleep disturbance, neurotic vs endogenous unipolar depressed patients, 10451
specificity & sensitivity of dexamethasone test for endogenous cortisol hypersecretion, endogenously depressed patients, 12939
standardization & validity & clinical utility of dexamethasone suppression test, diagnosis of melancholia, psychiatric patients, 1411
total sleep deprivation & thyrotropin releasing hormone stimulation, endogenous depression & serum thyrotropin response, 27–89 yr old patients, 13186
viloxazine vs amitryptiline, endogenous depression, patients, 10926
zimelidine, zimelidine & norzimelidine plasma levels & therapeutic & side effects, 20–70 yr old endogenously depressed patients, 4090
24-hr pattern of serum thyrotropin stimulating hormone, endogenous depressed patients, 6019
Endurance [See Physical Endurance, Psychological Endurance]
Energy Expenditure
athletes' nonverbal expressiveness, attributions for athletic effort & performance, volunteer Ss, 5823
attributed arousal & duration of effect of pills & positive vs negative intelligence test feedback, attitude toward test & reports about effects of pills, male 13–17 yr olds, 5452
category scales vs semantically constructed scales vs heart rate, ratings of perceived exertion during bicycle riding, experienced vs untrained vs inexperienced Ss, 2448
congruent vs incongruent teacher success expectancy & feedback communication, reading comprehension & effort expended, low-achieving high school students, 4342
crawling speed, power of locomotion & oxygen consumption, terrestrial slugs, 740
customary performance alone vs in groups, social loafing during group effort, college students, 5750
delay vs effort expenditure requirement, load size in central foraging, rats, 12133

distress & effort, cortisol & catecholamine excretion, college students, 3044
effort required to control aversive event, anxiety & physiological arousal associated with event, male college students, 5064
exposure to ozone during exercise, perception of effort & sensitivity to respiratory responses, 12299
failure of effort under conditions of over- vs underactivation or arousal, stress, 3052
force band level & width, differential reinforcement of finger press response peak force, adults, 11734
grouping vs isolation, feeding & food conversion & energy expenditure, domestic chicks, 5193
individual vs group activity, level of effort exerted & loafing, male college students, 12831
load-incremented bicycle ergometer stress test, perceived exertion at anaerobic threshold, 21–37 yr olds, 5291
locus of control & energy level of whole-body vibration, accuracy on tracking task & RT & heart rate & oxygen uptake, 19–38 yr old males, 4900
monotonous vigilance vs various undemanding vs self paced RT vs color-word conflict tasks vs non-engaging movie, adrenal & noradrenaline & cortisol excretion levels & distress & effort, 18–34 yr old college students, 9818
muscle force required in self paced hand movements, increase in premovement slow potentials in premotor & motor & somatosensory cortices, adult monkeys, 5214
outcome on bicycle riding task, attributions of ability &/vs effort &/vs task difficulty &/vs luck, male college students, 1335
physical conditioning, preferred work load level & performance on bicycle ergometer, female soccer players, 2642
psychological demands of agricultural production tasks, factor analysis, 9199
quality of competitive participation, injured Type A vs B intercollegiate football players, 10367
self estimates of effort & time vs actual time spent on activity, soldiers, 11452
sex & stage in breeding cycle, time & energy budgets, polyandrous spotted sandpipers, 7369
stimuli positively vs negatively correlated with monetary reinforcement & degree of effort, key pressing & observing & plunger pulling behavior, 26–34 yr old male industrial workers, 9588
student-preferred incentives, academic achievement & study time & effort, college students, 6700
success vs failure on important vs unimportant test, attribution of causality as lack of effort vs ability, male college students, 1284
time investment & task outcome, causal attributions & self esteem, female college students, 5889
transitivity & O agreement in judgments of articulation effort, college students O's, 9299
use of stairs vs elevator to ascend 4-story building, obese vs overweight vs normal weight Ss, 3901
work load during bicycle riding & heart rate & severity of disease, ratings of chest pain, males with angina pectoris, 13078
Engineering Psychology
outline of information theory in psychology & engineering psychology & mental models of problem solving, 11560
Engineers
behavioral decision making modeling, measurement of need for power & affiliation & achievement, scientists & engineers & graduate students & management executives, 3696
locus of control, job satisfaction, 26–32 yr old engineers, 6875
personality traits as measured by California Psychological Inventory, engineers vs engineering- vs non-engineering-trained managers, 4538
questionnaire construction, elicitation of predominant responses to potentially ambiguous display-control relations & labeling & word usage, male engineers vs women vs human factors specialists, 9212
reasoning & spatial ability, prediction of success in engineering drawing & design course, 1st yr engineering students, 13611
simulated vs real industrial task, verbal protocol as indication of control skills, grid control engineers, 6854
structural formalization, role ambiguity & conflict & identification with organization & alienation, engineers & scientists in organizations, 11495
England
attitudes toward religion, 9–11 yr olds, England, 3418
authoritarian personality & attitudes & racial attitudes, Ss in US & England & Scotland & South Africa & Australia, replication of 1950 study by T. W. Adorne et al, 1141
cross cultural differences, Visual Aesthetic Sensitivity Test scores, children & adults, Hong Kong vs England vs Japan, 3272
demographic & phenomenological characteristics, psychotic 15–45 yr old immigrants, England, 12979
descriptive analysis, suicide mortality, England & Wales, 1876–1975, 13036
development of criteria for assessment of alcohol related driving impairment & review of legislation, England, 10279
differential use of & referral to psychiatric hospital or outpatient services, West Indian vs West African vs English patients in London, 8626
epidemiology, psychological disorders, Indian immigrants, England, 12949
epidemiology of educational & psychiatric & physical disorders, Isle of Wight studies, 9–11 yr olds, 1964–74, 5923
government's Work Experience Programme, development of confidence about working potential, unemployed 16–18 yr olds, England, 13719
legal & administrative influences on suicide rate data collection, England & Wales since 1900, 6036
mental hospital admissions rates & psychiatric symptoms, immigrants, England, 5937
personality factor analysis, Eysenck Personality Inventory, English vs Japanese 10–15 yr olds, 7011
personality inventory item parameter values within & among populations, college students, England vs Australia, 131
personality structure, Australian vs English adults, 5850
personality traits, police, England vs US, 1328
personality types & psychological tensions, interethnic marriage, England vs China vs US, 12688
political factors in explanations of insanity, 17th & 18th century, England, 10497
postgraduate clinical training, hospital junior psychiatrists, England, 3-yr longitudinal study, 13471
professional issues & problems, prison psychologists, England, 6553
psychiatric hospital 1st admissions & mental illness rates, Polish & Russian refugees, England, 5963
rates & methods of suicide, Australia vs England vs Wales, 10582
sex, criminal homicide & suicide, England vs Wales vs US, 10572
sex differences, prevalence of psychiatric disorders, West-Indian vs Irish-born immigrants, England, 12940
sex differences & coeducational vs one-sex schools, science & reading achievement & attitudes, 14 yr old students, US & Sweden & England, 4335
sex & employment & education & social class, psychological symptom levels, 20–60 yr olds, England, 1413
symptomatology & phenomenology, acute psychotic reactions, 25–45 yr old West Indian & West African migrant patients, England, 12978
Visual Aesthetic Sensitivity Test scores, male & female Japanese vs English 11–14 yr olds vs college students, 2481
English (Nonstandard) [See Nonstandard English]
English Language [See Language]
Enhancement (Drugs) [See Drug Potentiation]
Enjoyment [See Pleasure]
Enlisted Military Personnel
attitudes toward Computer-Assisted Instruction, training performance, army enlisted personnel, 11432
dimensionality & validity of multidimensional locus of control scale, prediction of health & job related outcomes in military environments, US Navy enlisted men, 11630
job satisfaction, intent to reenlist, Navy enlistees, 13776
perceived commander's behavior & organizational climate & unit effectiveness & subordinate's behavior, US Army company enlisted personnel, 4550
relationship of self report measures to supervisory & administrative ratings, individual & unit level performance & morale, US Army enlistees in combat unit, 13701
Skill Qualification Test, measurement of levels of competence in job performance, enlisted US Army personnel, 6845
Enlistees [See Volunteer Military Personnel]
Enlistment (Military) [See Military Enlistment]
Enrollment (School) [See School Enrollment]
Entrance Examinations
advantages & disadvantages of "truth in testing" legislation, Congressional hearings, 1183
development & validity of entrance examination for autonomous university, college students, Mexico, 9064
prediction of A-level grades from O-level grades & teachers' estimates, university applicants, Great Britain, 8922

validity generalization & situational specificity of Law School Admission Test, prediction of 1st-yr grades in law school, 13677
Entrapment Games
participant identifiability, exploitive behavior in commons dilemma situation, college students, 5752
Enuresis [See Urinary Incontinence]
Environment [See Also Academic Environment, Animal Environments, Classroom Environment, College Environment, Communities, Home Environment, Kibbutz, Neighborhoods, Rural Environments, School Environment, Social Environments, Suburban Environments, Urban Environments, Working Conditions]
adoption studies, interaction of heredity & childhood environment factors in psychiatric disorders, 1361
age & situational context, characteristics of speech in responding to questions & role of cognitive & linguistic & sociolinguistic factors, 3–5 yr olds, 991
antilitter signs with threatening vs cooperative message & littered vs unlittered environment, littering behavior, public parking lot users, 6895
behavior & environment & medication in diagnosis & treatment of hyperactive children, evolutionary model, 8351
choice of traits vs situations vs interaction as "cause" of behavior, college students, 1251
concept of "disadvantaged" for social & economic & political inequality, ethnic & lower class children, 12454
cottage vs classroom setting, adaptive behavior ratings, institutionalized mentally retarded with mean age 18.32 yrs, 7006
cultural factors & school & home environment & family characteristics, cognitive & perceptual & personality development, American vs Mexican 6.7 vs 9.7 vs 12.7 yr olds, 6-yr longitudinal study, 12459
definitions & theoretical & empirical analyses, situations, 2380
dimensional analysis of perceptions of compliance-gaining situations, college students, 3630
divergent selection on locomotor activity, Drosophila melanogaster of distinct geographical origin, 690
early environment & intelligence, criticism of study by H. M. Skeel, 12516
ecological approach to social knowing, 12737
environmental factors, formal structure of actions & reason & construction of internal organization of contents, 1027
environmental vs biological determination, gender identity & role behavior & sexual object choice, 5684
environmental vs personality factors, responses to neuroticism inventory, male 15–60 yr olds, 2419
environment & cognitive maps vs tactual vs visual stimulation, orientation shifts, Ss, 299
factor analysis, ratings of adjectives describing affective quality of molar physical environments, 6897
genetic & environmental determinants, individual differences in sensory contingent bar pressing, rats, implications for motivation, 2864
genetic & environmental influences, school age same-sexed twins with 1 or both diagnosed as autistic, 12957
genetic vs environmental influences, cognitive abilities, 5–12 yr old twins, 10042
handled vs enriched environment, arousal & barpressing in presence of free food, rats, 9655
heredity & development, cerebral dominance & handedness, literature review, 1002
heredity & environmental factors, oral & obsessive & hysterical personality syndrome, 20–70 yr old female vs male twin pairs, 6013
immediate vs remembered visual vs auditory esthetic judgments of familiar environments, college students, 11958
interaction of heredity & environment, behavioral development, normal Puerto Rican & mildly mentally retarded & multihandicapped children, longitudinal studies, 3410
interrelationships of biomedical & environmental & developmental variables, Down's syndrome children followed from birth to 36 mo, 8265
long term dark rearing, postnatal development of presynaptic grid in visual cortex, rabbits, 12302
long term interaction of personality & environment, alcoholism, literature review, 3853
military service as providing needed structured environment, borderline patients with severe personality disturbance, 8130
model for hospital ward design evaluation, working environment satisfaction, nurses, 6573
movement patterns & structural aspects of environment, cognitive representation of spatial relationships, college students, 307
multidimensional environmental assessment of sheltered care residences, 10996
multivariate analyses of genetic & environmental correlations, scholastic abilities, twins, 686
nativity & years of US residence & metropolitan vs nonmetropolitan environment & educational & occupational level, English language use, Mexican immigrants, 3498
need for taxonomies, psychology of situations, 9231
nonshared environmental influences, differential development, siblings, 12469
number of Os & room size, pegboard task performance, junior high school students, 12535
personality & environmental characteristics, effective aftercare functioning, chronic psychiatric patients aged 30–65 and over, 1464
phenotypic correlations & cultural & genetic factors, monozygotic & dizygotic twins & their families, 2957
preference for ethanol in geographic populations, fly larvae, Australia & New Guinea, 2954
protein & environmental deprivation during 1st 7 wks, growth & hormonal changes & brain structure & sex-associated activity & spatial skills, rats, implications for biosocial theory, 783
psychodynamic theories about stress reactions & long term health deterioration after mass disasters, 1412
psychoesthetic environmental design, pediatric hospital settings, 1958
random-response technique vs direct questionnaire & environment & examiner, measurement of self esteem, college students, 151
relief shading vs layer tints as supplements to contour lines, map use problem solution, military personnel, 2207
religious & moral values & setting with constraints vs no constraints on return of money, individual differences in money returning, college students, 1216
sensitivity to variation in physical & social environments, high- vs low-reactive 14–15 yr old males, 12849
social density & wall posters & sex & group composition, anagram solving & perception of self vs physical vs social environment, college students, 1275
testing environment & examiner, assessment of personality dynamics, adult Ss, 201
traditional institutional design vs normalized ward, activity & social relations & self help skills, female mentally retarded patients, 6514
type of attitude similarity & situational relevance, attraction, college students, 1230
type of living accommodation, environmental perception & interaction preferences regarding privacy & solidarity, 60–89 yr old nursing home residents, 8691
user generated modifications of hospital ward design, mood & morale & perceived quality of health care, patients & staff & visitors, 1942
views of D. Berlyne & others, order vs uncertainty in art & architectural aesthetics, 5444
VI schedule of reinforcement & conditioned suppression paradigm & novel environments, CS extinction, rats, 12036
within family environmental influences, social responsiveness, infant twins, 1085
Environmental Adaptation
adaptations of egg characteristics & breeding behavior to breeding on cliff ledges, guillemots, 12129
adaptive strategies in peasant agricultural production, literature review, 7926
age & attitude toward environment, length of stay in isolated mining community, skilled & unskilled employees, Australia, 11522
aircraft noise, attentional strategies vs learned helplessness vs performance on cognitive task vs blood pressure, 3rd vs 4th graders, 1-yr longitudinal study, 12487
client characteristics & environmental factors, community adaptation after deinstitutionalization, mentally retarded, 8686
deterioration vs improvement in maternal care following adoption, adaptation disturbance, newborns to 2 wk olds, 5663
development of cognitive organization of new environment, college freshmen, 2758
discussion of "Introduction to Biological Psychiatry" by R. Tissot et al, relationship of affective & cognitive structures, 981
environmental analysis, human evolution & adaptation research, literature review, 2408
ethology & environmental adaptation, understanding human aggression, 12884

evaluation of plan configuration & ability to find way in university building, college students, 2298
forest invasion & adaptation, savannah monkeys, Cameroon, 5158
neuropsychiatric adaptation syndromes & interplanetary magnetic field sector polarity, reanalyses of data of YU. S. Nikolev et al & A. M. Cernuch, 5296
physical aspects of apartment & ability to form social networks, satisfaction with urban highrise living, highrise residents, West Germany, 6899
play in species adaptation, literature review, 7752
protein & environmental deprivation during 1st 7 wks, growth & hormonal changes & brain structure & sex-associated activity & spatial skills, rats, implications for biosocial theory, 783
sleep environment, sleep & dreams, college students, 5068
Environmental Attitudes
age differences, attitude toward energy conservation, power company customers, 9217
age differences & amount of elapsed time, attitudes toward nuclear plant accidents, 4th–8th graders vs 10th–12th graders, 7900
analysis of multivariate structure of design evaluation, conceptualizations of hospital wards, nurses, 246
attitudes & evaluations & beliefs about peaceful use of nuclear energy, Dutch social & natural scientists, 13788
attitudes toward & emotional responses to terrorism & nuclear issues, Ss interviewed at random, 8080
beliefs & values, attitudes toward nuclear power plant, participants in nuclear energy workshop, 6888
consumer attitudes toward energy conservation, 9220
consumer preferences, container law, voters, 6887
education & age & political party & perceptions of energy situation, energy policy preferences, adults, 11521
efforts & evaluation of community group & community psychologist support system, decrease of dog litter on community sidewalks & lawns, 1917
environmental attitude/behavior congruence & recommendations for empirical research approach, 2293
evaluation of energy conservation program, university buildings, 2294
geosocial urban population, attitudes toward recycling, Canada, 4598
image of environment & environmental map drawing, kibbutz residents over 18 yrs old, Israel, 6886
measurement, environmental attitudes & knowledge, replication of study by M. F. Maloney & M. P. Ward, 2535
partisanship & liberalism & environmental concern & issue salience, policy preferences & voting behavior, state natural resources management officials, 6892
perception of personal threat & knowledge about flooding, support for land use planning, floodplain residents, 6889
perceptions of general public attitudes about nuclear energy, policy making civil servants, Austria, 9224
unidimensional vs multidimensional & generalized vs situation specific measures of locus of control, prediction of environmental activism & personal conservation & antipollution activities, activists vs nonactivists, 11655
US Environmental Protection Agency vs consumer avoidance vs industry authority source, evaluation of environmental quality standards, college students, 2289
Environmental Effects [See Also Atmospheric Conditions, Cold Effects, Gravitational Effects, Heat Effects, Noise Effects, Seasonal Variations, Temperature Effects, Underwater Effects]
activity & population fluctuations at roosting site, small green bee-eater, 5177
constant light vs constant dark vs half light/dark & melatonin, food intake & body weight regulation, male albino rats, 12279
day vs night & environmental factors, grazing vs walking vs ruminating vs resting vs drinking behavior, Shorthorn cows, Australia, 7365
dissolved oxygen concentration & life cycle stage, surfacing behavior & buccal movement, frog tadpoles, 3021
effects of environmental stressors on human performance in continuous Army operations, 6794
environmental context, conditioning, literature review, 2862
environmental factors, preference for thyme plants, ants, 2852
environment of cyclohexanone vs deodorized air, olfactory sensitivity, male rat pups, 7566
familiar vs novel environment, morphine tolerance of tail flick reflex, rats, 3135
human factors in mining, annotated bibliography of research from sources outside US, 1970–80, 13781
human factors in mining, annotated bibliography of research in US, 1970–80, 13782
locus of control, perceived influence of weather on self vs other & positive vs negative emotions & behaviors, college students, 2291
perceived intensity of angular vs vertical vibrations in roll vs pitch vs yaw, 4585
perceptions of wave action & motion sickness in small craft harbors, boat owners & marina manager/owners, British Columbia, 6898
repeated testing, reliability of time judgments, US Navy enlisted men, implications for performance evaluation tests for environmental research, 11749
sleep & activity rhythms, mice, literature review, 5228
solar light-dark cycles & circadian rhythms, pursuit tracking task, workers in high Arctic, 4593
tectonic strain & seismic activity accompanying earthquakes, number of antecedent reports of unidentified flying objects, 4597
weather, severe psychopathology, patients, 1393
Environmental Stress
age vs stressful life events vs illness vs war, integrative complexity in personal correspondence, British novelists, 12444
clinical features of political exile vs grief from personal bereavement, Chilean exiles, Great Britain, 2 case reports, 7919
effects of environmental stressors on human performance in continuous Army operations, 6794
environmental & occupational stress, neurotic & psychotic & other mental disorders, Norwegian islanders, 1426
environmental stress, infanticide, gray langur monkeys, criticism of S. B. Hrdy, 2905
intensity of traffic noise, level of aspiration & causal attribution on recognition tasks, high school students, 12593
isolation at 3 vs 17 vs 25 days of age in comfortable vs uncomfortable conditions, vocalizations indicating separation distress, beagles vs Telomians vs reciprocal F_1 hybrids, 3069
life stressors & coping styles, urban 18–64 yr olds, 1321
lifestyle view & internal resonance according to Rorschach test, children, 5536
occupation & socioeconomic status & personality attributes, evaluation of residential stressors, residents of family housing projects vs private moderate vs high income apartments, 2296
parent educational program in poor urban environment, prevention of child abuse & neglect, Black mothers, 8648
physical restraint & heat, sexual & aggressive behavior, rats, 9713
privacy & territoriality sentiments & locus of control, proneness to experience of crowding, female college students, Japan, 3702
psychological status & psychosocial situation, patients before vs after open heart surgery, 1902
public control of environmental health hazards, 1979 conference proceedings, 2290
situation-redefinition coping mechanism, interpersonal behavior & stress due to crowding, Ss in high vs low density norms, 8027
Envy [See Jealousy]
Enzymes [See Also Acetylcholinesterase, Alcohol Dehydrogenases, Dehydrogenases, Esterases, Hydroxylases, Isozymes, Monoamine Oxidases, Oxidases, Phosphatases, Transferases]
anxiety, platelet MAO & enzymes, anxious subjects, 10430
application of protease & phospholipase & neuraminidase to tongue, neural response of single fungiform papilla, frogs, 738
brain glutamic acid decarboxylase activity & glutamate & GABA concentrations, open-field activity, BALB/cJ vs C57BL/6J mice, 5186
carbamyl phosphate synthetase I deficiency, cognitive ability, 12 & 16 yr old sisters, 6167
enzyme activity of glucose-6-phosphate dehydrogenase vs gamma-glutamyl transpeptidase vs lysozyme in serum vs red vs white blood cells, schizophrenia, implications for functional deficiency in neutrophils of schizophrenics, 10450
icv tonin & Angiotensin 2 antagonist, water intake & blood pressure, rats, 5386
long term chlorpromazine vs fluphenazine therapy, antipyrine elimination kinetics, 17–49 yr old psychotics, 4091
operant blood pressure conditioning, plasma catecholamine & renin levels & systolic & diastolic blood pressure & heart rate, male baboons, 9738
reduced activity of angiotensin converting enzyme in postmortem study of basal ganglia in early onset schizophrenia, 1401
serum alanine aminotransferase & brain enolase in blood or cerebrospinal fluid, patients with delirium tremens, 12916
EOG (Electrophysiology) [See Electro Oculography]
Ependyma [See Cerebral Ventricles]

Epidemiology
age differences, acute psychiatric syndromes, females, 1398
age & sex, changes in suicide rates, 1910–77, Australia, 8193
aggressive suicide, sex & age & method & race, Midwest vs South, 1969–76, 8199
antipsychotic drug therapy, incidence of breast cancer, psychiatric patients, 1969–78, 13331
causality & logic models in epidemiological psychiatry, comment on P. Bebbington's paper, 4858
causal models in epidemiological psychiatry using contingency tables, comment on P. Bebbington's paper, 4853
causal models in epidemiological psychiatry, comment on P. Bebbington's paper, 4876
characteristics of primitive societies, incidence of wife-beating, 13035
child abuse prevalence in school population & role of school psychologist, 11364
clinical features & course & etiology & epidemiology & differential diagnosis & management of Asperger's syndrome, 10537
clinical vs epidemiological differences, concept of neurosis, 5948
community-based psychiatric epidemiology, 5986
cost & sensitivity of 3 methods of psychiatric case detection, village population, India, 4701
deficiency in social relationships & adversity & prevalence of neurosis, Ss from general population, Australia, 10485
definitions of incidence & prevalence, special education texts, 9023
demographic characteristics, psychiatric referrals of mentally handicapped, Scotland, 6080
diagnostic distribution & prognosis & outcome & mortality, psychogeriatric disorders, aged patients, US vs UK vs Canada, 4-yr followup, 1420
epidemiological research, organization of extramural psychiatry, proceedings of Second European Symposium on Social Psychiatry, 8423
epidemiology, psychological disorders, Indian immigrants, England, 12949
epidemiology & assessment of stress disorders, 10737
epidemiology of educational & psychiatric & physical disorders, Isle of Wight studies, 9–11 yr olds, 1964–74, 5923
etiology & incidence & diagnosis & treatment, developmental dyspraxia, 10661
family structure & suicide & criminality & murder rates & economy, 1950–70, European countries, 12631
frequency & symptoms & causes & treatment, depression, patients of general practitioners, France, 1461
G. Gilmore's execution, number of homicides, US, 13034
genetics & family research problems in prevalence of neurosis, 5936
history & reliability & validity of Iowa Structured Psychiatric Interview, psychiatric epidemiological screening, 9427
incidence & characteristics of mental retardation, Aboriginal children under 19 yrs, North Australia, 8281
incidence of alcoholism, Jews, 1523
incidence of anorexia nervosa, 10693
incidence of hysteria, Italy, 1966–1978, 3769
incidence of minimal brain dysfunction, 5–7 yr old children of mothers aged 35 or older at time of birth, 8326
incidence of polygamy, Africa, 12686
incidence of psychiatric treatment for mental disorders in 1966, male vs female 15–19 yr olds, British Columbia, 1659
incidence of riots & armed internal conflicts & homicide & suicide rates, cross-national study, 8205
incidence of suicide, psychiatric inpatients & former patients, Sweden, 1965–66 & 1970–71 & 1975–76, 8214
kinds & degrees of impairment & frequency in population, mentally retarded born between 1951–55, British city, 8267
length of residence, life experiences & minor psychiatric morbidity, urban population, Australia, 10464
linear models in psychiatric epidemiology, 9443
mental hospital admissions rates & psychiatric symptoms, immigrants, England, 5937
method for estimation of lifetime prevalence of schizophrenia & other mental disorders, 5974
methodological problems, epidemiology & depression, 12954
methods for estimation of prevalence of bipolar affective disorders, 10475
milk & wheat consumption & July temperature, prevalence of schizophrenia, 10531
patterns of cigarette smoking usage & cessation & related illnesses since 1955, US & Canada, 5704
physical disorders, emergency psychiatric patients, 8679
premarital sex, 1970's, literature review, 10286
pre- & perinatal characteristics, victims of Sudden Infant Death Syndrome vs survivors, 10700
prevalence, peptic ulcer, institutionalized mentally retarded 10–72 yr olds, 10424
prevalence & distribution of "known" & "hidden" alcoholism, males, Sweden, 1528
prevalence estimates, mental retardation, US, 8240
prevalence in county of Cornwall, mental handicaps, birth to 19 yrs old, England, 10603
prevalence of Capgras delusions among private practice psychiatric patients, 5984
prevalence of psychoses & other mental disorders, Tonga, 5985
prevalence of schizophrenia & other mental disorders, Ireland, 6018
prevalence & sociomedical correlates of depression, 60–94 yr old urban residents, 12997
provision of mental health services & treatment prevalence, psychiatric outpatients in rural vs urban areas, Finland, 8644
psychiatric hospital 1st admissions & mental illness rates, Polish & Russian refugees, England, 5963
psychiatric morbidity & patient characteristics, adults in public service sectors, France, 8137
psychosocial variables & stress, incidence of cancer & internal diseases, Yugoslavia, 1965–1975, implications for prediction, 1584
rate of suicide attempts by self poisoning & self injury, 1973–77, Australia, 10564
rates & methods of suicide, Australia vs England vs Wales, 10582
rates of affective disorders, relatives of depressed & manic Ss in Iowa vs New York City vs Boston vs Chicago, 10471
relative fertility, female psychiatric 1st admissions, Norway, 8165
reliability of Present State Examination, assessment of psychiatric symptoms in general population survey by psychiatrists & clinical psychologists, Australia, 162
seizure histories, mentally retarded vs borderline 22 yr olds, retrospective study, 8113
sex differences, prevalence of psychiatric disorders, West-Indian vs Irish-born immigrants, England, 12940
sex differences & lack of occupational training & religious affiliation & psychiatric problems in family, prevalence of psychosomatic & neurotic syndromes, 19–20 yr olds, Switzerland, 12944
sex & employment & education & social class, psychological symptom levels, 20–60 yr olds, England, 1413
sex ratio & gender differences & demographic variables, depression, adults responding to questionnaire, 10456
sex & urban vs rural residence & age & geographic locale, prevalence of mild mental retardation, Anglo vs Black vs Mexican American vs Papago Indian 1st–9th graders, 6087
shift in age distribution of suicide & homicide & violent death rates, 1966–75, US, 13048
social class distribution, fathers of autistic children, 8184
social class & sex & in- vs outpatient status, patterns of psychopathology, 12–18 yr olds, 6020
sociodemographic differences, prevalence of depressive symptoms, adults with mean age of 37 yrs, Australia, 10463
suicide rates & variations among specific tribes, Native Americans, 13039
techniques & role of mental health evaluation, literature review, 1926
unemployment & suicide rates, 1962–1976, Canada & France & West Germany & Japan & Sweden & US & Italy & Great Britain, 13020
urbanization, psychiatric morbidity & suicide & violent crime in Victoria, Australia, 10426
vulnerability model in epidemiological psychiatry, comment on P. Bebbington's paper, 4849
Epilepsy [See Also Epileptic Seizures, Experimental Epilepsy, Grand Mal Epilepsy, Petit Mal Epilepsy]
discrepancies between WAIS Vebal & Performance IQs, 15–53 yr old epileptics, 2497
early crossover on variable foreperiod RT task, schizophrenics vs temporal lobe epileptics vs generalized seizure patients, 1371
epilepsy as psychiatric entity, DSM-III, 6181
feedback between cerebellum & septal region & hippocampus, emotions & epilepsy, animals, 5325
hypnosis, differentiation of true epilepsy vs pseudoepilepsy & schizophrenic vs dissociative reaction hallucinations, 10421
identification & characteristics of primary reading epilepsy as reflex epilepsy, 3931

intrastriatal kainic acid & pentylenetetrazol, induction & potentiation of clonic convulsions, male rats, animal model of human temporal lobe epilepsy, 5398
job placement program including comprehensive diagnostic & workshop evaluations & work exposure, employment, multiply handicapped epileptics, 2-yr followup, 1979
light stimuli & origins of photosensitive epilepsy, human & nonhuman primates, literature review, 6155
microcomputer based simultaneous vigilance test, assessment of anticonvulsant effects, epileptics, 2346
misdiagnosis of insane automatism, 36 yr old male with frontal lobe tumor, 6123
neurochemistry & clarification of basis for serious developmental disturbances & psychoactive medication, children, 12902
orientation course on emotional problems among school children, evaluation of counseling potential, teachers, 13548
palmar conductance responses to emotionally charged vs neutral visual stimuli, temporal lobe epileptics, 13073
personality traits & history of neurosis & symptoms of anxiety & depression, epileptics, 1391
psychodiagnostic comparison & classification, 18–58 yr old epileptic psychotic patients vs process schizophrenics, 5920
psychotherapy, counteraction to negative societal attitude & attainment of psychic equilibrium, epileptics, 6274
referrer's medical discipline & provisional diagnosis & EEG results & patient age & sex, 4–68 yr olds referred for EEG, 8623
right temporal foci, neurotic temporal lobe epileptics, 3760
seizure histories, mentally retarded vs borderline 22 yr olds, retrospective study, 8113
sound localization & precedence effect, 6–16 yr olds with temporal lobe epilepsy vs monaural hearing losses, 13106
temporal lobe epilepsy as premenstrual behavioral syndrome, 44 yr old female, 10720
unilateral vs bilateral hemispheric dysfunction, left-handedness in epilepsy & mental retardation, adults & children, Canada & Turkey & Netherlands & US, 6168
valproate & anticonvulsants, therapeutic response & blood levels of anticonvulsants, epileptics, 13358
Epileptic Seizures [See Also Experimental Epilepsy]
diagnosis of neurologically produced temporal lobe epileptic vs hysterical seizures, implications for use of EEG, 8359
differential reinforcement vs interruption of behavior chains vs aversive conditioning, control of seizures, epileptics, literature review, 8539
ECT-induced status epilepticus followed by modified ECT, 49 yr old psychotically depressed male, 13199
electrical stimulation during light vs dark half of 12 hr cycle, development of kindled seizures, male rats, implications for circadian rhythms of epileptic seizures in humans, 9869
eye closure & sudden disappearance of light, epileptic seizures, patients, 1621
Epinephrine
catecholamine measures, diagnosis & treatment of depressive disorders, 10436
construction of Day-to-Day Stress Scale, prediction of physiological arousal from habitual subjective arousal, male vs female college students, 168
epinephrine administered following shock, learning to new environmental cues paired with epinephrine injection, rats, 550
epinephrine prior to electrical stimulation of frontal cortex, retrograde amnesia, male rats, implications for neuroendocrine response to training, 790
iv 2-deoxydextroglucose, hunger & thirst ratings & solid-food & water intake & plasma epinephrine & glucose levels, 19–25 yr old males, 5414
morning vs afternoon immobilization stress, plasma & adrenal corticosterone & brain epinephrine & norepinephrine & dopamine levels, male rats, 9864
operant blood pressure conditioning, plasma catecholamine & renin levels & systolic & diastolic blood pressure & heart rate, male baboons, 9738
stress of public speaking, plasma epinephrine levels, physicians, 9810
sympathetic activation & immune function & illnesses, college males rated high in need for power & inhibition & power stress, 1600
time of day & footshock stress, plasma epinephrine & norepinephrine levels, male rats, 9872
Epistemology
assumptions made by attribution theory about everyday epistemology, 9250
construction as ego-metaphysics, reply to R. L. Fetz, 6961
cybernetic model showing impossibility of justification of scientific knowledge by epistemological constructivism, 6960
derivation of operant factor structure for subjectivity using Isaac Newton's Fifth Rule & Q sort, application to educational psychology theory & practice, 6626
epistemiological issues & psychological theory, 4637
knowledge & action, A. Suarez's critique of constructivism, 6942
philosophical discussion, decision making, 5009
Piagetian epistemology, integration of sciences & theology, 12653
Piaget's genetic epistemology vs biographical accounts of J.-P. Sartre, theories of human growth & cognitive development, 32
problems in inference of competence from performance, criticism of Piaget's logical competence models, 5477
Epithelium [See Skin (Anatomy)]
Equality (Social) [See Social Equality]
Equilibrium
prolonged vision reversal, postural control & adaptation as measured by ability to maintain balance while standing or walking on rails with eyes open vs closed, 20–48 yr olds, 319
strength & balance & kinesthesis & flexibility & rhythm & motor ability, female dancers vs gymnasts vs athletes vs untrained Ss, 7506
Equipment [See Apparatus]
Equity (Payment)
attraction & internal vs external cause of need, allocation of money, male vs female high school students, 10334
division of payoffs & resources, coalition formation, male college students, 1278
individual vs group gains, just vs unjust allocations of resources, 3642
judgments of others' just vs equal vs equitable allocations, evaluation of equality principle & own allocations, male vs female college students, 3641
level of certainty about tasks, equity vs maximization associated with pay satisfaction, managers, contingency model of equity, 10306
moral development, social equity phenomenon in simulated job performance, college students, 10201
participation in pay plan development, job & pay satisfaction & understanding of plan & trust in management, manufacturing employees, 11487
personal & situational factors, self allocation of rewards in achievement situation, 10328
predictors of salary satisfaction, managerial & professional & technical personnel, 13767
social vs expectancy comparisons, judgments of fairness & satisfaction with reward, college students, 5785
Equity (Social) [See Also Equity (Payment)]
concept of "disadvantaged" for social & economic & political inequality, ethnic & lower class children, 12454
criticism of recent attempts at devising equity formula, 4845
disadvantage in means of obtaining monetary resources, inherent inequality in age & class stratification, 5608
equal vs unequal allocation of scarce resources, theory of tragic choices, 12630
equitable vs equal reward allocation for sex-appropriate tasks, male vs female college students, 12776
equity & changing patient characteristics & treatment patterns, psychiatric patients, 1950–75, 6202
equity & self interest, perceptions of intent & liking & desire to reciprocate, graduate & college students, 8034
group satisfaction & agreements & heterogeneity & equity norms & time-origin-destination constraints, continued participation in ridesharing group, ridesharing participants & dropouts, 6894
individual utility & impartiality, equity, 5724
inferior vs equal vs superior task performance, reward allocation by friend, 4.5–6.5 yr olds, 7906
judgments of others' just vs equal vs equitable allocations, evaluation of equality principle & own allocations, male vs female college students, 3641
perceived marital equity, depression, married couples aged 19–91 yrs, 10261
psychological & sociological implications, population policy, India, 5605
Erection (Penis)
diagnostic advances, functional origins of erectile dysfunction of penis, 8379
erotic stimulation, serum testosterone levels & penile tumescence, 20–29 yr old males, 7515

intermittent electric shock, penile reflexes, male rats, 3087
maximum amplitude vs total response measurement methods, penile & verbal responses to sexual cues, normal Ss vs 17–50 yr old sexual deviates, 4656
measurement of nocturnal penile tumescence, differential diagnosis of psychogenic vs organic impotence, 49 yr old male, 10745
neonatal spinal transection, penile vs other reflexes, male rats, 3110
nocturnal penile tumescence conditioning procedure, erectile impotence & unconsummated marriage, middle aged couple, 1779
number of ejaculations, penile reflexes, male rats, 3025
olfactory bulbectomy & flank shock, copulation, male rats, 5312
penile sheath removal & spinal transection, penile reflex, male rats, 3119
psychophysiological reactions to neutral vs erotic film, males with psychogenic erectile failure vs premature ejaculation vs impotence, 13118
REM sleep & nocturnal penile tumescence, implications for etiology & diagnosis & treatment of male impotence, 6141
symptom profiles & psychological aspects, males with premature ejaculation vs psychogenic erectile failure vs diabetes related impotence, 13119
symptoms & surgical treatment, vasculogenic erectile impotence, 10743
Ergonomics [See Human Factors Engineering]
Eroticism
development of "psychose passionnelle", 32 yr old female with mother who developed similar syndrome 22 yrs earlier, 5933
erotic fantasies during & outside of heterosexual activity, 20–45 yr old males, 12710
erotic stimulation, serum testosterone levels & penile tumescence, 20–29 yr old males, 7515
erotic tape vs film vs self generated fantasies, vaginal pulse amplitude vs self reported sexual arousal, married vs unmarried 21–58 yr old females, 5280
erotic vs nonerotic auditory stimulation vs self generated fantasy, affective & physiological responses during sexual arousal, 19–63 yr old males, 7536
neutral vs aggressive vs aggressive & erotic film & neutral vs angry interaction with male vs female, aggression toward female vs male, male college students, 3602
psychodynamics of erotomania & schizophrenic sexual delusions, 2 case reports of female patients, 1473
sex differences, eroticism & romanticism, Black vs White college students, 10164
sex differences & erotic vs nonerotic contact, sexual intercourse with patients, psychologists, 8778
theory of erotic orientation development, 5698
Error Analysis
classification & recommendations for prevention & remediation of human errors made in automatic data processing, 94
computer program, analysis & coding of oral response recognition errors to visually presented words, 88
error factor analysis, sensory motor conceptual learning, children, 12521
left vs right presentation of 2nd word synonym vs homophone in word-pair recognition task, error patterns & RTs, college students, 2756
listener agreement, detection of articulation errors of 4–5 yr olds, experienced listeners, 3366
norms & error analysis of Inference Test, measurement of deductive reasoning, college students, 11636
pattern reproduction, 1st–7th graders, Scotland vs Bukusu, 3305
phonological development & analysis of lexical errors, preschool age children, 10121
preferred vs nonpreferred hand, visual localization of points in a plane, right-handed Italian vs American 19–30 vs 50–72 yr olds, 9481
psychometric approach to error analysis of computerized adaptive testing, response patterns on mathematics achievement test, 13690
relative vs absolute adjectives & sentence syntactic form, memory RT & errors, college & graduate students & nonstudent Ss, 438
systematic errors, memory for maps & spatial environments & visual forms, 7271
teacher planning strategy, mathematics performance, 15–18 yr old behavior disordered students, 2111
Errors [See Also Prediction Errors]
age & intelligence differences, errors & response latency on Matching Familiar Figures Test, impulsive 1st vs 4th graders, 7883
alignment errors in Poggendorff displays, 395
articulatory errors, speech intelligibility, hearing impaired & deaf 8–20 yr olds, 8327
backward chaining preguidance vs postguidance vs whole preguidance vs postguidance, training time & task performance & errors, moderately & severely retarded adults, 8746
bias & mean square errors of estimators, evaluation of competing analysis strategies in quasi-experiments, 2595
classification & recommendations for prevention & remediation of human errors made in automatic data processing, 94
comment on fundamental attribution error, social perception, 12800
dextroamphetamine with vs without chlorpromazine, rate vs accuracy on repeated acquisition task, pigeons, 932
explicit informational feedback about errors, learning miniature artificial language, college students, 11938
extent of movement & terminal position & practice, range effect in positioning task as seen in over- & undershooting errors, college students, 2656
generative theory of systematic errors or "bugs" in procedural skills for problem solving, 11541
grammatical or referential mistakes in presentation of miniature artificial language, language acquisition, college students, 12434
identification of text anomalies, type of anomaly, college students, 4974
insertion of artificial phoneme or nonphoneme in short sentences, perception of slips of tongue, college students with normal hearing & mean age of 23 yrs, 9532
instructions & target-to-background contrast, target acquisition RT & errors & response bias, US Army helicopter pilots, 2237
"intuitive lawyering" alternative to scientific model in attribution process, 8041
knowledge of reliability of measurement of 3rd variable, testing partial correlations, 7131
laterality & visual field & birth trauma, vocal response to laterally presented letter strings, dextral & familial vs nonfamilial sinistral college students, 5180
learning aptitude & error tolerance & achievement level, visual tracking task performance, US Army helicopter pilot training students vs dropouts, selection & training implications, 2241
level of error in data, validity of multidimensional scaling in estimations of conceptual level, college students, 273
levels of common variance & error & under- vs overrotation of factors, distortion & total amount of variance for which matrix accounts, 257
locus of attribution & level of control over error correction, performance following context cue use reading instruction, 3rd–5th grade learning disabled & slowly developing readers, 11302
logical errors in testing of dark adaptation hypotheses, 4913
modeling & tuition & sanctions, self control of motor behavior, 6 vs 7 vs 9 vs 11 yr olds, 3346
multiple-choice verbal learning task, error repetition, male vs female high school students, 12519
neurological & psychological factors in reversal & sequencing errors, relationship to reading disabilities & achievement, children, literature review, 7802
organization of letters in columns vs rows, role of reading experience on errors in letter identification, 4–6 yr olds vs English-speaking adults vs bilingual Chinese, 353
overt vs covert vs no self evaluation, errors in self reinforcement in discrimination task, male Ss, 6361
phonemic similarity & syllable position, phonemic speech & order errors in short term memory, college students, 7139
phonological errors, second language learning, college students, 3244
precision of knowledge of results, gross motor coincidence-anticipation task performance, college students, 11744
prediction of future moves, problem solving tasks, college students, 9535
predict & request vs information & request vs information only vs predict only task, "self erasing" of prediction errors, female college students, 3660
quantitative description method, identification of patterns of segmental speech errors, hearing impaired & deaf 8–11 yr olds, 8345
reduced auditory feedback & increased kinesic self stimulation, regulation of cognitive interference on Stroop Color-Word Test & resultant errors, 18–28 yr olds, 320
reinforcement density & change in item difficulty subsequent to errors, disruptive behavior, mildly mentally retarded 3 yr old boys, 8483
reinforcement of errors in signal detection procedure, pigeons, 554

repetitive study of & testing on same set inclusion structure & immediate feedback, conversion errors & RTs on test for integration of related information in prose, college students, 421
round robin vs diagnostic error detection strategies in oral reading, implications for teacher education, 2098
semantic vs figural items, reversal errors & prediction of subsequent reading achievement, Black vs White 1st graders, 4431
sex & age & left vs right visual hemifield stimulation, accuracy & vocal RT, right-handed 5–11 yr olds, 5534
social vs cognitive & linguistic bases of pronoun reversals, autistic children, 8139
spatial organization & cognitive development sources of letter recognition errors, children, implications for labeling, 7780
structure of normal slips-of-tongue & aphasic errors, use of pathological data to study normal language processes, 6115
superficial markers of coreference vs semantic contents containing contradictory information, judgments of coherency of passage, 4978
time & ease of learning 2-letter & number vs 4-letter message reference code, army officers & enlisted personnel, 11437
verbal responses to word cues, learning & retention of prior response associate errors, high school students, implications for response-strength concept in cognitive theory, 12520
vocal feedback, RT & accuracy & interference during performance on Stroop Color Word Test, male college students, 313
Erythrocytes
amiloride, lithium-induced diabetes-insipidus-like syndrome & lithium levels in plasma & brain & kidney & thyroid & red blood cells, rats, 12354
antipsychotics & antidepressants & neurotransmitters & diuretics & antihypertensives, intracellular lithium ratio, 5395
anxiety, platelet MAO & enzymes, anxious subjects, 10430
ECT, erythrocyte adenosine triphosphatase activity, unipolar depressed patients, 8428
enzyme activity of glucose-6-phosphate dehydrogenase vs gamma-glutamyl transpeptidase vs lysozyme in serum vs red vs white blood cells, schizophrenia, implications for functional deficiency in neutrophils of schizophrenics, 10450
erythrocyte catechol-O-methyltransferase activity, endogenous vs neurotic depressed vs manic vs normal patients, 1423
erythrocyte & leucocyte & cyclic adenosine monophosphate levels in manic & depressive phases, manic depressive female, 10462
erythrocyte membrane cation carrier, manic depressive psychotics in manic vs depressed stage, 5987
induced stress & imipramine, plasma imipramine levels vs liver demethylase activity, male rats, 12381
phosphate transport & adenosine triphosphate metabolism in red cells, 22–62 yr olds with bipolar & unipolar & neurotic depression, 10529
red blood cell distribution of lithium & sodium, depressed patients, 1454
Escape [See Avoidance]
Escape Behavior (Animal) [See Animal Escape Behavior]
Escape Conditioning
amygdalectomy in infancy vs adulthood, escape & avoidance conditioning time, female monkeys, 9903
avoidance conditioning vs yoked procedure, plasma cholesterol levels, male rats, 9734
brightness &/or position cues, escape task/discrimination learning in T maze, toads, 582
buzzer CS vs novel buzzer, self punitive running, male rats, 2855
buzzer vs tone as CS in shock escape learning, self punitive running during extinction, male rats, 5108
escape conditioning response-transfer procedure, assessment of aversiveness of tones of various sound pressure levels, female rats, 577
exposure to escapable shock with subsequent inescapable shock, escape behavior & norepinephrine depletion in hypothalamus & hippocampus & cortex, male mice, 737
exposure to inescapable shock & clonidine & apomorphine prior to shock vs testing, escape deficits & mediation by dopamine & norepinephrine, male mice, 860
goal vs alley punishment & drop box vs guillotine door, response behavior & learning extinction, male rats, 2857
handling by tail vs body & additional CS-shock treatment, hurdle jumping escape from fear performance, female rats, 7321
intertrial detention in vs removal from shock compartment in classical fear conditioning, escape response performance, rats, 7323
intertrial interval following escape vs avoidance response, avoidance response, male rats, 5119
methylphenidate, self punitive running, male rats, 3186
opportunity to escape shock, escape vs defensive burying behavior, male rats, 7325
parameters of tooth pulp stimulation, escape & avoidance responses, cats, 2853
partial vs continuous reinforcement with vs without interpolated experiences, extinction rate, male rats, 5115
passive escape training vs noncontingent inescapable shock, degree of interference/helplessness in instrumental escape conditioning, male rats, 2863
self stimulation vs stimulation escape, evidence for mediation by same vs different medial forebrain bundle neurons, male rats, 7584
signaled escape & regular classical conditioning, heart rate & movement & EMG activity, restrained vs unrestrained female rats, 7411
Eserine [See Physostigmine]
Eskimos
acculturation stress & transitional role conflict & psychopathology, adolescent & young adult male Eskimos, Canada, 1143
psychiatric social work program, acting out & anxiety & depression, Eskimo & Aleut & Indian secondary boarding school students from large vs small communities, 6761
Esophagus
development, 6–24 mo old esophageal atresia infants, 3903
esophageal training, psychogenic regurgitation, 40 yr old male, 13287
evaporation cooling from inflated esophagus, thermoregulation, doves, 5253
postvocalic consonants, vowel duration in esophageal speech, laryngectomized 50–58 yr old males, 3907
visual vs auditory vs auditory-visual sentence presentation, speech intelligibility for sentences read, esophogeal vs normal speakers, 5428
ESP (Parapsychology) [See Extrasensory Perception]
Essential Hypertension
electrical stimulation of tooth pulps, sensory & pain thresholds, 16–61 yr old normotensive vs essential hypertensive unmedicated males, 8385
feedback, discrimination of pulse transit time, normal male S & hypertensive female, 13295
laboratory & home relaxation training, laboratory & home blood pressures, 28 yr old Black female & 24 yr old White female with essential hypertension, 13296
relaxation &/vs biofeedback training, treatment of essential hypertension, 29–65 yr old veterans, report after 4 yrs of 6-yr longitudinal study, 8507
stressful life events & psychological distress & alexithymia, hypertensive vs nonhypertensive patients, 8354
Esteem (Self) [See Self Esteem]
Esterases [See Also Acetylcholinesterase]
electrophoretic examination of esterases & identification of pheromone-degrading esterases in antennae, cabbage loopers, 741
hypothalamic estradiol benzoate implants, food intake & vaginal epithelium & adipose tissue lipoprotein lipase & cytoplasmic progestin receptors, female ovariectomized rats, 7573
obesity-inducing hypothalamic knife cuts & insulin, adipose tissue lipoprotein lipase activity, female rats, 3075
Estimation [See Also Time Estimation]
accuracy of estimates of own body dimensions, 16–26 yr old male athletes vs nonathletes, 3729
age differences, association of absolute numbers with sensory magnitudes, 5 & 6 yr olds & college students, 5535
ANOVA test reliability estimation, criticism of K. H. Lu's modification of C. Hoyt's original procedure, 135
Bayesian approach, confirmatory factor analysis, 9449
Bayesian least squares technique, estimation of stimulus-response curves, 9438
bias & mean square errors of estimators, evaluation of competing analysis strategies in quasi-experiments, 2595
correlation between recall & self predicted likelihood of free recall of words presented once vs twice & in massed vs distributed practice, college students, 5049
critique of J. G. Anderson's identification & estimation of nonrecursive models, implications for educational research, 2606
cross modal matching of self adjusted brightness of light to estimated architectural complexity of houses shown on slides, college students, application of psychophysical scaling, 108

crude classification of observations vs normal & continuous distribution, robustness of maximum likelihood factor analysis, 2596
estimation of choice probabilities subject to linear inequality constraints, 2578
estimation of choice RTs to pictographic symbols, 5025
estimation of degree of overlap of circles vs squares, 16–18 yr olds, implications for graphing correlation coefficients, 999
evaluation of magnitude of Very Simple Structure, goodness of fit index for factor solutions of increasing rank, 2604
extrapolation of abstract centers of rolling wheel-generated point-light displays, movement judgments, college students, 4936
least absolute value & Chebychev estimations, linear programing in exploratory data analysis, 2553
linear discriminator & ordinal estimator & uncertain counter models for inconsistency of ratio scaling, 11704
linear relationship between 1st eigenvalue & underlying correlations, measurement of primary cluster in matrix, 256
method for estimation of lifetime prevalence of schizophrenia & other mental disorders, 5974
method for obtaining subjective probability estimates, 4871
model-free regression vs Rasch model evaluation of equating & scaling, estimation of differential ability-induced test bias on Metropolitan Achievement Tests, 7004
models, processes underlying magnitude estimation, 11591
necessary & sufficient conditions for solution of unconditional & conditional maximum likelihood estimation equations in Rasch model, 255
new methods for estimation of internal consistency reliability, 4851
normative &/vs ipsative predictors, ipsative score estimations for EPPS, 4856
on-the-job training capacity & mission performance quality, US Air Force operational units, implications for development of estimation methodology, 6797
optimization algorithm & estimator including RT & future discounting restraints, model of dynamic decision making & work load in multitask supervisory control, 121
partial report & sampling procedures vs click technique, overestimation of duration of iconic memory, college students, 757
Rasch model procedures vs norm-referenced grade-equivalent scale estimates, equating test scores for 6 levels of Reading Comprehension Test of Iowa Tests of Basic Skills, 9–14 yr olds, 7122
robustness of Rasch model, invariant item & ability parameter estimates on Iowa Tests of Educational Development data, 9th–12th graders, 7119
sampling rates in computerized analysis of dialog behavior, estimates of durations of pauses & vocalizations, conversational partners, 7001
sex & length & phase of menstrual cycle, magnitude estimation of sucrose pleasantness & sweetness & feeding behavior, college students, 5-wk longitudinal studies, 754
small & large colored circles exposed to right vs left vs center visual field, perceived duration, right handed college students, 2695
speakers' recorded speech sample, consistency of listener judgments of speakers' heights & weights, college students, 9474
speed judgments of moving targets & spatial estimates of visual displays, gunner trainees, 4508
statistical model of power law estimation in psychophysics, 286
tables for quick power estimates, comparison of means in ANOVA & analysis of covariance situations, 11706
task success & failure, estimation of number of successes & failures, helpless vs mastery-oriented 4th–6th graders, 7859
technique for isolation & quantification of photomechanical influences on visual adaptation, 117
vehicle size, estimate of approach velocity, male 22–48 yr old pedestrians, implications for road safety, 13694
very short extents, magnitude estimation & production, college students, 7178
2-stage conditional estimation procedure for unrestricted latent class models, 2590

Estradiol
age & sexual behavior & estradiol benzoate & progesterone, luteinizing hormone secretion, ovariectomized rats, 7680
anisomycin & estradiol & progesterone, cerebral protein synthesis & sexual behavior, ovariectomized female rats, 3201
estradiol benzoate, food intake & body weight & length & ano-nasal length, intact vs ovariectomized female rats on high calorie diet, 12390
estradiol benzoate, food intake & body weight & plasma triglycerides & free glycerol & fatty acids, ovariectomized female rats, 7684
estradiol benzoate, sexual behavior & morphology, male rats, 878
estradiol benzoate & progesterone & length of mating experience, sexual behavior & male vs female footstomping & fighting, ovariectomized female Mongolian gerbils, 7570
estradiol benzoate & testosterone & androstenedione & dihydrotestosterone, sexual behavior, ovariectomized female cattle, 7563
estradiol & dihydrotestosterone, sexual behavior, male rats, 7517
estradiol & progesterone & nipple development & presence of young, postpartum aggression, female rats & mice, 637
estradiol vs dihydrotestosterone, absolute refractory period of testosterone-sensitive neurons of stria terminalis, castrated male rats, 796
estradiol-17-beta, number of muscarinic receptors in hypothalamus, ovariectomized rats, 5400
estrogen & antiestrogen, sexual receptivity, female lizards, 3132
estrogen & progesterone, proceptive behavior, female rats, 3130
Haldol &/vs estradiol benzoate treatment, enhanced response to dextroamphetamine & apomorphine & synergism, rats, 889
hypothalamic estradiol benzoate implants, food intake & vaginal epithelium & adipose tissue lipoprotein lipase & cytoplasmic progestin receptors, female ovariectomized rats, 7573
neonatally placed septal lesions & estradiol benzoate & progesterone & testosterone, sexual behavior, male vs female vs androgenized female rats, 7571
olfactory tubercle vs corticomedial amygdaloid lesions & female estradiol benzoate & progesterone treatment & ovariectomy, sexual behavior, male rats, 7575
prepubertal ovarian hormones, feminization of adult open-field behavior, rats, 3129
progesterone & estradiol & dihydrotestosterone, extinction rate in testosterone induced conditioned taste aversion, gonadectomized female rats, 784
sex differences & estrus & endogenous gonadal steroids, pyramidal cell excitability in hippocampal brain slices, rats, 3217
testosterone & estradiol & 1,4,6-androstatriene-3,17-dione, male sexual behavior, male rats, 3188

Estrogens [See Also Estradiol]
age differences, duration of mating, female rhesus monkeys, 9732
brain stem transection & estrogen &/vs progesterone, lordotic behavior, ovariectomized rats, 12296
drug induced changes in noradrenergic transmission, lordosis & steroid action within hypothalamic target cells, female guinea pigs, 9952
ethynyl estradiol vs mestranol vs estradiol & progesterone, food & water intake & sexual behavior & body weight, ovariectomized rats, 5409
hormones & olfactory-vomeronasal deafferentation & stimulus situational factors, initiation of maternal behavior, hysterectomized-ovariectomized nonpregnant female rats, 9859
ovariectomy & food intake, body weight, female rats, 9896
radio frequency lesions & intracranial hormone implants in nucleus intercollicularis region of midbrain, nest coos in response to male courtship & follicular growth, female ring doves, 9832
testosterone vs estrogen, ability to induce vs detect estrus in ewes, castrated vs vasectomized male sheep, 7643

Estrus
aversively motivated discrimination task, anogenital odor discrimination & detection of physiological estrus, male vs female guinea pigs, 662
breeding season, aggressive behavior, female rhesus monkeys, 12140
estrus, exploratory behavior, rats, 5259
female sexual cycle & sex pheromones, male agonistic behavior, rats, 7382
number of ECS treatments, estrus, female rats, 3090
olfactory sensitivity & estrus cycle, female mice, 12187
ovariectomy & seasonal anovulation, sexual behavior, pony mares, 3096
postpartum mating vs mating at freely cycling estrus, maternal behavior, virgin female rats, 9688
progesterone administration following spontaneous heat & coital stimulation, sexual receptivity, female rats, 7635
prostaglandins & clonidine & estrus, lordosis, ovariectomized guinea pigs, 9939
REM sleep deprivation, estrus cycles, 36 vs 90 vs 270 day old female rats, 12294
reproductive state & home cage vs neutral environment, aggressive behavior, female mice during proestrus vs pregnancy vs lactation, 7402
selection for age of sexual maturation, mice, implications for population regulation, 9736

sex differences & estrus & endogenous gonadal steroids, pyramidal cell excitability in hippocampal brain slices, rats, 3217
sex & estrus-related differences, dextroamphetamine-stimulated release of dopamine from striatal & mediobasal hypothalamus tissues, rats, 9916
social dominance, entrainment of estrous cycle, female hamsters, 5255
stage of estrous cycle & pseudopregnancy, circadian activity rhythms, female rats, 9801
testosterone vs estrogen, ability to induce vs detect estrus in ewes, castrated vs vasectomized male sheep, 7643
Ethanol
acute & chronic ethanol treatment, brain & pituitary endorphin levels, male Sprague-Dawley rats, 928
acute low dose ethanol injections, attenuation of shock elicited aggressive responding, rats, 934
acute vs chronic ethanol treatment & withdrawal, climbing fiber burst activity & total firing rates & rebound indicating tolerance & dependence, male rats, 3206
alcohol & chlordiazepoxide & intruder in home cage vs neutral cage, attack & threat behavior, male mice, 3192
alcohol intoxication & hangover, performance on tracking task at ground level vs simulated altitude, male vs female private pilots, 3152
alcohol intoxication & hangover, tracking performance at ground level vs simulated altitude, male vs female private pilots, 5358
alcohol &/vs tobacco, amplitude of contingent negative variation during RT task, nonsmokers vs tobacco-deprived vs nondeprived smokers, 7664
cessation of chronic consumption of ethanol vs tertiary-butanol vs pentobarbital, acquisition of shock avoidance task, male mice, 3212
chronic ethanol consumption, neuronal loss in hippocampus, rats, implications for alcohol effects in humans, 939
cognitive labeling, emotional & behavioral effects of alcohol, 938
crowded vs isolated housing conditions, alcohol consumption & corticosterone levels & adrenal functioning, male vs female rats, 9849
desglycinamide-9-arginine-8-vasopressin, ethanol hypothermic tolerance, recombinant inbred mice, 3155
diazepam vs tofisopam & ethanol, psychomotor skills & memory, 20–24 yr old medical students, 3210
ethanol, approach-avoidance conflict behavior, rats, interference-reduction vs tension reduction theory, 9922
ethanol, behavior change vs body temperature vs brain histamine, male mice, 12392
ethanol, cerebrospinal fluid levels of cyclic 3,5-adenosine & cyclic 3,5-guanosine monophosphate, 5413
ethanol, electrophysiological changes of cerebellar Purkinje neurons, mice lines with different sleep times, 9963
ethanol, firing rates of single neurons in dorsal hippocampus & cortical EEG activity, male rats, 7650
ethanol, multiple FI-FR schedule performances, pigeons, 5350
ethanol, potentiation of inhibition of cortical neurons by GABA, cats, implications for alcoholism etiology, 915
ethanol, stimulus generalization, pigeons & female rats, 3189
ethanol administration during gestation vs lactation, maternal behavior & developmental & behavioral & pharmacological characteristics of offspring, female rats, 9925
ethanol & phenobarbital & baclofen, ethanol withdrawal, rhesus monkeys, 7698
ethanol & tobacco, auditory vigilance performance, 18–30 yr old male smokers & drinkers, 933
ethanol &/vs caffeine, multiple FR/fixed time controlled keypecking, male pigeons, 5376
ethyl alcohol & pentobarbital injections into median thalamus & periaqueductal gray matter & nucleus of tractus solitarius & naloxone, sleep EEG, rabbits, 12407
etiology & symptoms of fetal alcohol syndrome, 3762
exogenous melatonin & 12:12 light-dark cycle, self administration of ethanol, rats, 5407
exposure to prenatal ethanol, organization of infrapyramidal mossy fibers in hippocampus, rat pups, implications for mental retardation in fetal alcohol syndrome, 12411
fenmetozole, ethanol-induced impairment of aerial righting reflex, male rats & female mice, 3169
generalization of 3-carboxysalsolinol, male Sprague-Dawley rats trained to discriminate ethanol & apomorphine from nondrug condition, 608
genotypic homozygosity for electrophoretically fast vs slow null alleles at alcohol dehydrogenase locus, role of acetaldehyde buildup in avoidance responses to various ethanol concentrations, Drosophila larvae, 7508
highest vs lowest degree of sensitivity to ethanol, response latencies vs avoidance, rats, 12075
injections of ethanol, amygdaloid kindled seizures, female rats, 9943
intraventricular self administration of acetaldehyde as reinforcement in operant voluntary consumption of ethanol, male rats, 868
ip ethanol & naloxone, ethanol aversion, male rats, implications for animal model of ethanol dependence, 9654
low doses of ethanol, RTs, male vs female college students, 9967
maternal alcohol administration during lactation, shock avoidance & maze performance & behavioral development & maternal behavior, rat pups, 9917
nutritionally complete & balanced liquid diet containing ethanol, induction of physical dependence on & tolerance to & withdrawal from ethanol, male rats, 909
past history of audiogenic seizure testing, audiogenic seizure responses to ethanol addiction/withdrawal, male rats, 7701
pentobarbitol vs other drugs, drug discriminative behavior, pigeons, 9938
preference for ethanol in geographic populations, fly larvae, Australia & New Guinea, 2954
prenatal exposure to barbiturate, altered sensitivity to ethanol, female Sabra mice & their male offspring, 942
reward & reinforced practice, behavioral tolerance to ethanol, rats, 3150
state of hydration & blood protein & hemoglobin & iron & alcohol concentrations & hematocrit & erythrocyte & reticulocyte count, patients with delirium tremens, 12915
subdiaphragmatic vagotomy & administration of ethanol via ip vs intragastric routes, acquisition & extinction of ethanol induced taste aversions, male rats, 841
various dosages of ethanol & intensity of stimulus noise, RT, rhesus monkeys, 3194
withdrawal from chronic alcohol consumption & subsequent ethanol injection, impairment of avoidance behavior, male mice, 3211
Ether (Anesthetic)
eserine & atropine & ether & pentobarbital, hippocampal EEG & evoked potentials & behavior, male rats, 5388
Ethics [See Also Experimental Ethics, Personal Values, Professional Ethics, Social Values, Values]
critical issues in behavior therapy, 8561
cultural & sex differences, moral judgment, Hindu vs Muslim 10 & 11 yr olds, India, 5585
development & validity of Ethics Position Questionnaire, measurement of ethical perspectives including situationism & absolutism & subjectivism & exceptionism, college students, 2467
dynamic psychiatry & ethical monotheism & Judaism, 7931
ethical issues concerning confidentiality, criminology research, 4756
fallacy of attempts to form moral basis for behavior from examination of self actualized individuals, 9242
nature & development of values, moral decision making & values & ethical norms as intuitive vs intellectual operations, implications for religious education & rituals, 5627
parallels between concepts & tactics of international politics & family therapy & role of ethical imperatives, comment on R. Belson's article, 13250
philosophical discussion, decision making, 5009
representation of Boolean functions, model of ethical choice process, 11708
role of neurosciences in development of ethical values, 4617
utilitarian ethics & rational choice, superpowers' decisions on nuclear power deterrence, 5597
Ethnic Groups [See Also American Indians, Asian Americans, Eskimos, Mexican Americans, Spanish Americans, Tribes]
achievement orientation, 4th–9th graders of Western vs Eastern origin, Israel, longitudinal study, 6712
age & social inhibition, recognition & imitation of facial expressions, 6–7 & 9–10 yr olds & college students, US vs Zambia, 5457
bogus results on art preferences & ethnic values creating social categories vs common fate, change in attitude toward aborigines, college students, Australia, 1136
characteristics of parents, Greek & Jewish Ss with mean ages of 16.3 & 16.6 yrs, Australia, 10219
child's socioeconomic status & race/ethnic group, hyperkinesis attributed to Black vs White vs Mexican-American 8 yr old males, parents & elementary teachers & school psychologists, 11398

concept of "disadvantaged" for social & economic & political inequality, ethnic & lower class children, 12454
conflicts arising from exposure to traditional & Western cultural influences, educated elite, Pacific islands & Australia, 10226
cooperative vs individualistic learning experiences, cross-ethnic interaction, 4th graders, 6706
counselor ethnicity & sex & amount of information provided about qualifications, client preference, Chicano vs Anglo college students, 3956
cross cultural differences, beliefs about out of body experiences, Papua New Guinea, 6929
demographic characteristics, alcoholic drinking behavior assessed through barroom attendance, Irish- vs English- vs Italian- vs Jewish-American survey respondents, 12624
demographic characteristics of mother's educational level vs sex vs ethnicity vs source of income, ratings on behavior problems, parents of inner-city children with behavioral problems, 12683
demographic & phenomenological characteristics, psychotic 15–45 yr old immigrants, England, 12979
diagnosis of personality disorders, Aborigines, Australia, 10503
differential use of & referral to psychiatric hospital or outpatient services, West Indian vs West African vs English patients in London, 8626
epidemiology, psychological disorders, Indian immigrants, England, 12949
ethnic involvement & native born vs recent immigration, magnitude of ethnic vs minority identity, male vs female Armenian American high school students, 10224
ethnicity of fathers vs mothers, ethnicity of spouses, twice-married brides & grooms of mixed ethnic parentage, test of psychoanalytic theory of mate selection, 5640
ethnic origin & socioeconomic class & reading direction, handedness, high school students, Israel, 5465
ethnic & socioeconomic background, self concept, Euro- vs Afro- vs Mexican American middle vs lower income 10 yr old females, 1062
extrapunitive & intropunitive & impunitive responses to Blacks vs Whites vs Indians, Indian college students, South Africa, 12657
geographic mobility, ethnic tolerance, Anglo-Celtics vs French-Canadians vs other ethnic groups, Canada, 7941
graduate degree objectives, prospective graduate students from 8 ethnic groups, 13597
guidelines for research with ethnic minority communities, Australia, 4673
incidence & characteristics of mental retardation, Aboriginal children under 19 yrs, North Australia, 8281
intergroup contact, ethnic change, Israeli Jews & West Bank Arabs, 12644
intra- vs interindividual conflict condition & spatial transformation tasks, performance, Pakeha vs Pacific Island children, New Zealand, 3435
job satisfaction & age & rater nationality, neutral responses in supervisory trait rating, assembly line operators, 13741
Latin American social psychology, annotated bibliography, 1976–79, 10305
methodological problems, field study of psychosocial processes, mixed couples of Black African males & French women, 2404
patient's & therapist's ethnicity & psychiatric diagnosis, Black vs White vs Hispanic psychiatric outpatients & therapists, 10980
perceived characteristics of male & female stereotypes, male vs female Indian college students, South Africa, 8032
perceived leadership behavior & job satisfaction, White vs Indian salesmen, South Africa, 9192
perceived socioeconomic status & ethnicity, attributions of positive & negative behavior of children, school psychologists & parents & teachers, 4285
perceived value similarity & commonality, social interactions, indigenous vs Australian high school students, Papua New Guinea, 5613
preference for classification vs seriation responses to cardboard figures varying in size & color, male vs female 60–89 yr old Indian Ss, South Africa, 12480
problems in provision of mental health services for ethnic minority females, 10991
recognition of American vs Malay facial expressions, American vs Temuan adults vs Malay male secondary students, 5611
recognition of emotions in facial expressions, Estonian vs Kirghiz college students, investigation of P. Ekman's model, 5820
sex & grade level & ethnicity & nonverbal problem-solving ability & socioeconomic status, oral language performance, reading disabled 2nd vs 4th vs 6th graders, 6075
social & economic factors, incidence of love within marriage & indications of change, Akan matrilineal elite, Ghana, 3479
social factors in racial intolerance, Black vs White vs Hispanic groups in adolescent correctional institution, 11039
socioeconomic & ethnic differences, sibling variables & family learning environments, Anglo-Australian vs Greek vs Southern Italian families, Australia, 12638
symptomatology & phenomenology, acute psychotic reactions, 25–45 yr old West Indian & West African migrant patients, England, 12978
training of high-status by low-status group, influence of low status group, 7th & 8th grade males of Middle Eastern vs Western background, Israel, implications for mixed status classrooms, 6704
Type A personality, coronary artery disease, Irish vs Italian Catholic vs White Anglo Saxon Protestant 18–70 yr old males, 1572
underlying factor structure of Revised WISC, Anglo vs Mexican-American 8–15 yr olds, 7037

Ethnic Identity
age & sex & ethnic background, self concept, Anglo &/vs Franco-American kindergartners vs 1st graders, 7861
dynamics of Jewish identity rejection & reawakening, 7934
ethnic involvement & native born vs recent immigration, magnitude of ethnic vs minority identity, male vs female Armenian American high school students, 10224
ethnic traditions & meaning & influence on personal & gender identity, names & naming customs, Canada, 1142
family income & sex & familism, locus of control as measurement of fatalism, Anglo vs Mexican American high school students, 1132
influence of Holocaust on identity & psychodynamic issues, 19 yr old daughter of concentration camp survivor, 1333
questionnaire survey of cultural identification written in Chinese vs English administered by Chinese vs Western E, ethnic affirmation, bilingual college students with Chinese as 1st language, 12659
racial & ethnic identification & preferences, 4 & 5 yr old White vs Black vs Mexican American Head Start children, 3450
self esteem & ethnocultural identity, reapplication of self attitude formation theories, 10400
size & concentration of Jewish population, cultural pluralism & communal & pietistic identification, 7938
training in Somalia vs US, racial identity & theory of cultural "in-betweenity", Somalian students, 3490
variations in socioeconomic structure, Mexican American communities, 7937

Ethnic Values
bogus results on art preferences & ethnic values creating social categories vs common fate, change in attitude toward aborigines, college students, Australia, 1136
conflicts arising from exposure to traditional & Western cultural influences, educated elite, Pacific islands & Australia, 10226
maschismo as salient component in ethos, truck drivers, Peru, 3488
traditional structured vs free play school settings vs open education to match cultural values, American Indian children, 8869
value systems & perceptions of others' values, 16–20 yr olds, Australia vs Papua New Guinea, 3495

Ethnocentrism
conservatism & general vs specific ethnocentrism, Protestant vs Catholic adolescents, Northern Ireland, 12655
preference & perceived similarity & ethnic self labeling, development of outgroup attitudes, Black vs White preschoolers & 1st graders, 7846

Ethnography
early childhood precursors of adolescent initiation ceremonies, 182 societies, 3406

Ethnolinguistics
ethnolinguistic status & 2nd-language fluency, social interaction & friendship choices, 3–5 yr old Anglophones vs Francophones attending preschools operating in 1st vs 2nd language, Canada, 8932
origin & simplicity of Creole languages & children's language, 7835
significance of expression of insults in Bangwa vs French vs Pidgin, Bangwa children & adolescents, Cameroon, 7892

Ethnology [See Also Related Terms]
ethnic involvement & native born vs recent immigration, magnitude of ethnic vs minority identity, male vs female Armenian American high school students, 10224

Northern Athapaskan ethnology, 1970's, literature review, 7943
variations in socioeconomic structure, Mexican American communities, 7937

Etiology
adopted-away offspring of schizophrenic parents & evidence for genetic etiology of schizophrenia, critique of Danish-American studies by D. Rosenthal et al, 10496
aggressiveness & pathogenic variables, aggressive 2–5 yr olds, 7874
antibody levels to herpes simplex virus, severely & profoundly retarded adults, 6086
attitudes toward cause & treatment of mental disorders, mental hospital personnel & high school students, West Germany vs US, 6014
binding process & narcissistic psychopathology, 3786
biochemical processes in schizophrenia, literature review, 3768
biological determination vs social response to stress as causes of depressive disorders, children, 12964
causality & logic models in epidemiological psychiatry, comment on P. Bebbington's paper, 4858
causal models in epidemiological psychiatry using contingency tables, comment on P. Bebbington's paper, 4853
causal models in epidemiological psychiatry, comment on P. Bebbington's paper, 4876
causes & behavioral treatment of paranoid behavior, 81 yr old female, 13271
causes & patient demographic variables & prevalence & treatment, insomnia, 3942
causes & social psychological factors & treatment, obesity, females, 10682
causes & treatment, insomnia, 6182
causes & treatment of chronic pain in schizophrenia & neurosis & hysteria, 10707
choroid plexus & system disease, mental illness, 6001
clinical features & course & etiology & epidemiology & differential diagnosis & management of Asperger's syndrome, 10537
contributing factors to suicide, adults with mean age of 45.5 yrs, retrospective study, 10547
defensive style & stuttering frequency & disfluency, 19–32 yr old stutterers, implications for etiology, 6102
definition & etiology, narcoleptic syndrome, 5912
definition & etiology & treatment of school phobia & followups & methodology, literature review, 5954
degree of psychiatric contact & sophistication, attribution of personal problems to disposition vs environment & use of psychiatric & psychological services, college students, 13685
development & familial occurrence of schizophrenia & paranoia, midlife paranoia patients, 1499
development of teaching program, psychodynamics of psychosomatic pathogenesis, medical students & psychiatric residents, 2031
dopamine autoreceptors, role in psychiatric disorders, review of clinical & preclinical research, 2996
dopamine hypothesis, pathophysiology of schizophrenia, 3764
Draw-a-Family Test, assessment of learning difficulties, 10 yr old male, 154
early childhood experiences & depressive disorders, 12955
early symptoms of bipolar affective psychosis, 1497
ethanol, potentiation of inhibition of cortical neurons by GABA, cats, implications for alcoholism etiology, 915
etiological factors in development of asthma, 13144
etiological weighting of primary & secondary symptoms, schizophrenia, 8125
etiology & clinical manifestations & management of delirium, 3803
etiology & diagnostic problems & lithium therapy effectiveness, male & female patients with bipolar psychosis onset before age 16, 5958
etiology & incidence & diagnosis & treatment, developmental dyspraxia, 10661
etiology & phenomenology, pain, schizophrenia, 13013
etiology & sex therapy, 22–48 yr old married men with ejaculatory incompetence, Hong Kong, 3842
etiology & symptoms of early childhood minimal brain dysfunction, 13088
etiology & symptoms of fetal alcohol syndrome, 3762
etiology & treatment, anorexia nervosa, literature review, 3976
etiology & treatment of exhibitionism, literature review, 1506
etiology vs clinical symptoms of disorder, response to antidepressant drugs, patients, 6417
experiential & psychological factors, psychogenesis & onset of anorexia nervosa, 10647
eye examinations, identification of cause of congenital hearing impairment, children, 10652
familial transmission of infantile autism, male vs female autistic children of mean age 6.6 yrs, 10533
familial vs organic etiological basis of retardedness & correlation with IQ, profoundly vs severely vs moderately vs mildly mentally retarded, 1535
family background & psychological correlates, juvenile delinquency, literaure review, 10540
frequency & symptoms & causes & treatment, depression, patients of general practitioners, France, 1461
function of endorphins in brain & possible role in opiate addiction & mental disorders, review of research, 698
genetic & environmental influences, school age same-sexed twins with 1 or both diagnosed as autistic, 12957
genetic factors, etiology of schizophrenia, implications for counseling, literature review, 3796
genetic & family interaction variables, etiology of schizophrenia, literature review, 3801
guilt over thoughts of harming their babies & self concept as inadequate mother, postpartum depression, mothers, treatment implications, 6226
historical review of definitions & studies & etiological theories of dyslexia, 1896 to present, 10588
kernel & accessory behaviors of stuttering as composing response class, 18–40 yr old stutterers, implications for development of stuttering, 10624
lifestyle factors, cancer, critique of article by R. Peto, 13095
medicalization of deviant behavior, 3850
mental health & frequency & etiology of mental disorders, college students, 1422
model of functional psychoses, 5989
motion level changes, mental disorders, 10516
neurochemistry & pathophysiology of parkinsonism & symptomatology of levodopa-induced psychosis, 1375
neuroleptics & methyldopa vs rubidium vs tryptophan-benserazide, symptoms, schizophrenics, implications for brain dopamine deficiency, 1838
organic etiology & differential diagnosis, phasic catatonic psychosis, male adolescent, 8129
parental pressure to suppress memories of childhood events & parents' disconfirmation of children's observations, subsequent psychopathology, 1404
perceptual & physiological abnormalities, early onset psychosis, literature review, 3787
premarital sex, 1970's, literature review, 10286
premorbid personality traits, development of unipolar depression, 13–74 yr olds, 1435
psychiatric factors, etiology & control of diabetes mellitus, 12936
psychoanalytic reappraisal, psychosomatic diseases as somatization phenomena, 1589
psychodynamic-clinical vs sociological approach, etiology of juvenile delinquency, 10578
psychosocial factors, development & treatment of hypertension, hypertensives, 1580
rearing social class & education, criminal behavior, adult males, 8207
REM sleep & nocturnal penile tumescence, implications for etiology & diagnosis & treatment of male impotence, 6141
role of prolactin in schizophrenia & affective disorders & premenstrual syndrome & alcoholism, review of research, 12906
season-of-birth effect, etiology of schizophrenia, 1450
secondary premature ejaculation due to partner's semen sensitivity, 37 yr old male, 10748
sex, rate of entry of lithium ion into erythrocytes, normal vs affective disorder patients, etiological implications, 3800
social factors & etiology, depression, females, 8168
socialization through labeling, juvenile delinquency, adolescents, 10586
stab wound to brain & ECT & alcoholic Korsakoff syndrome, extent & patterns of remote memory impairment & retrograde amnesia, amnesiacs, 8315
symptomatology & etiological theories of conversion reactions, proneness of people with hysterical personalities, implications for physical therapist referrals, 1455

symptom profiles & psychological aspects, males with premature ejaculation vs psychogenic erectile failure vs diabetes related impotence, 13119
symptoms & etiology & treatment, retarded ejaculation, 10730
symptoms following cerebellar tumor surgery as evidence for role of circulatory insufficiency to temporoparieto-occipital region during space flight motion sickness induced visual hallucinations, 6170
symptoms following intracerebral lesions as evidence for role of circulatory insufficiency to temporoparieto-occipital region during space flight motion sickness induced visual hallucinations, 6172
symptom similarities of developmental dyslexia & acquired alexia, male dyslexic college students, etiological implications, 8299
symptoms & pathogenesis of megalomania, 8126
symptoms & surgical treatment, vasculogenic erectile impotence, 10743
theoretical speculation concerning specific abilities lacking in social interaction & communication & imagination impairment syndrome, autistic & mentally retarded children, outgrowth of study by L. Wing & J. Gould, 5929
thyroid hormone & catecholamine interaction, affective disorders, 1502
time of neuropathological lesions, development of mental subnormality, 8230
transient paranoia, terminally ill 43 yr old male, implications for psychiatric treatment, 6206
types & loci of stuttering, reversal of some adult patterns, 3.9–5.6 yr old stutterers, etiological implications, 10621
vanadium, manic & depressed patients, implications for etiology, 13346
vulnerability model in epidemiological psychiatry, comment on P. Bebbington's paper, 4849
Etymology
roots & images of "disability", 3253
Eugenics
abstract & concrete levels of sociobiology, literature review, 2949
Europe
attitudes toward polygamy & bride price & traditional African vs Western lifestyles, 15–23 yr olds, Africa, 10208
availability & acceptability of lethal instruments, suicide mortality, Europe & Australia & US, 13026
beliefs about human nature, male vs female adolescent Fijians vs Indo-Fijians vs Europeans, 3662
cross cultural differences, locus of control, African vs European vs Indian nurses, 10225
family structure & suicide & criminality & murder rates & economy, 1950–70, European countries, 12631
human factors in mining, annotated bibliography of research from sources outside US, 1970–80, 13781
non-traditional youth mental health services, UK & Denmark & Sweden & Netherlands & Poland & Czechoslovakia, 4146
return of migrants from North America back to European homelands, effects of cross cultural changes, literature review, 7914
Taylor Manifest Anxiety Scale scores, 22–43 yr old Indian vs European South Africans with high vs low educational levels, 3736
work outcome preference & evaluation, Europeans vs Maori vs Samoans, 12649
Euthanasia
bioethical issues, medical care, defective newborns, 6551
demographic & attitudinal & behavioral variables associated with euthanasia attitudes, adults, 12864
demographic characteristics & death attitudes, orientation toward abortion & suicide & euthanasia, adult male alcoholics & drug addicts & prisoners vs government employees, 10551
psychiatric & medical & ethical & legal issues, euthanasia, 2020
sex & age & education & religious affiliation, attitudes toward euthanasia & suicide, adults, 3705
sex & health status & rural vs urban residence, death anxiety & euthanasia attitudes, college students & healthy vs life-threatened 60–97 yr olds, 12847
Evaluation [See Also Course Evaluation, Educational Program Evaluation, Mental Health Program Evaluation, Personnel Evaluation, Self Evaluation, Teacher Effectiveness Evaluation]
application of analysis of covariance in evaluation settings & importance of reporting strategy, 249
attitude change, negative evaluations, college students, 5782
audit systems for review & evaluation of psychiatric care, Ontario psychiatric facilities, Canada, 1891
behavior rating scales, treatment screening & prescription & monitoring, children, 9310
categorical evaluation behavior, 434
choice of technically adequate vs inadequate tests, eligibility for special education services, educational personnel, response to D. Wright's criticism, 9135
comparative validity of Likert behavior inventories vs forced choice vs projective tests, measurement of achievement motivation, male students, 216
computer model for simulated message handling in field exercises, US Army personnel, 6884
construct validity of leadership effectiveness criteria, leaders & peers & subordinates, 4760
counselor's role & evaluation guidelines & research design, career development & guidance programs, 2222
curriculum development & organizational variables, evaluation of military & nonmilitary course authoring systems, 2096
description & delivery system & long range evaluation of effects on foster parents, Foster Parent Skills Training Program, 1914
description of career by male vs female, ratings of career's advancement potential, female college students, 4480
developmental model of career/vocational assessment, handicapped students, 2165
development & evaluation of videotape simulation performance test, US Army personnel, 6882
development of automated measurement & grading system for instrument flight training in UH-1 flight simulators, 9203
development of management evaluation scale, measurement of employee opinion, social workers, 11681
development of psychological-vocational evaluation referral instrument, 172
development & publication of reading & mathematics materials, consumer-oriented evaluation of instructional media, 13568
development & reliability of rating instrument based on Program Analysis of Service test, assessment of residential units for mentally ill & retarded, 11656
development & systems evaluation of computerized career information delivery systems, 6802
development & validity of Scale for Evaluation of Group Counseling Experiences, college students, 9109
differential evaluations, status generalization, female college students, 1266
effectiveness of 3 training techniques, establishment & disruption of position stereotyping of responses during color discrimination training, nonverbal autistic 6.3–7.2 yr olds, 8149
equation for finding asymptotic relative efficiency of Wilcoxon rank-sum test & independent means t-test under mixtures of 2 distributions, 2561
evaluation of administration & facilities & activities & services of National Industrial Recreation Association, association members, 9145
evaluation of anticrime program, Jamaica, 6458
evaluation of cognitive behavioral procedures from theoretical & methodological points of view, 13307
evaluation of energy conservation programs, 9223
evaluation of Examination for Professional Practice in Psychology, 6593
evaluation of mental load on operator of man-machine system, 6885
evaluation of own & classmates' ability vs teachers' ratings, kindergartners through 3rd graders, 6714
evaluation of parent training methods, media assisted use of timeout, parents, 4061
evaluation of research on lecture notetaking, case study method, literature review, 9275
evaluation of simulated decision making, criticism of study by J. Ysseldyke et al, 9134
evidentiary value vs theme probability models, evaluation of judicial evidence in criminal cases, judges & prosecutors, 5675
expectations, internal assessment, experienced vs naive college students, 6716
factor analysis, combat intelligence rating structure, 4765
factorial dimensions in revised scales for evaluation of counselors in university counseling & testing center, counseling clients, 9124
factors in successful course of adoption, adoptees & adopting families, 1–3 yr followup, implications for future selection guidelines, 1150
goal-based evaluation of school psychological service departments, 11370
goals & themes & evaluation, midlife career decision making workshop, 13706

group vs private & on-site vs telephone program evaluation methodology, drug abuse agencies, 2045
guidelines for involvement in educational evaluation process, 6620
guidelines for systematic research & evaluation, counseling in school setting, 2182
"hard-science" &/vs "anthropological" approach to evaluation research, 11582
high vs low self-ideal discrepancy, changes in self and/vs other evaluations, female 16–18 yr olds, 5581
instrumental & expressive dimensions, consumer appraisal of product performance, replication of study by J. E. Swan & L. J. Combs, 6911
interpersonal consequences & cooperative vs solitary task, evaluation of hypothetical actor's task achievement & outcome attributions & moral judgment, male vs female college students, 1214
issues in evaluation of psychiatric services, 10972
issues in evaluation of psychiatric services, comment on P. W. Burvill's article, 10978
justification of intervention evaluation, 4734
management-consulting approach to evaluation, 13762
management skills training program, Black social workers, South Africa, 9187
McCarron-Dial Work Evaluation System, development of vocational goals & objectives within individualized education program, 16–21 yr old handicapped students, 2160
method for formative evaluation of learning hierarchies by R. T. White & R. M. Gagne, 2178
model for hospital ward design evaluation, working environment satisfaction, nurses, 6573
notational system for planning & analysis of evaluative research, 9271
ontogenesis of emotional & conceptual evaluations, 3328
past academic performance of 1st & 6th & 12th grade students, performance evaluation & prediction, college students, implications for teacher expectancy effects, 6694
performance evaluation by comparison to own vs others' prior results & achievement motivation, goal setting & attribution to efforts, 11–13 yr olds, 6693
policy-capturing, indirect attitude measure to detect prejudice in organizational diagnoses, male college students, 4803
positive &/vs negative neutral evaluation information before vs after seeing film, ratings, graduate students, 11901
positive vs negative partner evaluation, intensity of aggression directed against partner, 22–58 yr old aggressive vs nonaggressive criminals, 6058
presence of another individual vs evaluation apprehension, behavioral performance on hidden word task & measure of autonomic arousal, college students, 1257
pretest-posttest designs, errors in evaluation of delinquency program effectiveness, 1975
primacy vs recency effects, consumer product taste test results, 13–49 yr old Ss, 2300
problems with evaluation studies, 9289
receiver-operating-characteristic analysis, evaluation of special education decision making measures, 9093
relationship between interviewers' evaluations of applicants & applicants' evaluations of interviewers, recruiters & applicants in college placement center, 13725
reliability of scale for ratings of textbook impact, college students, 13679
reporting analysis of covariance results in evalution settings, additions to article by J. L. DiCostanzo & R. T. Eichelberger, 274
response-shift bias, evaluation of experimental interventions with self report measures, 183
role of psychologists in evaluation of programs contributing to public interest, 13489
role & responsibilities of human rights committees, monitoring conditions in residential facilities for mentally disabled, 8637
scaling & estimation of truth of sentences, implications for theory of evaluation of imprecise information, 5007
self reported confidence in evaluation of product & dogmatism, college students, implications for consumer judgment & behavior, 12856
sequential &/vs partial withdrawal designs, evaluation of response maintenance, 2394
sex & attractiveness & content of self disclosures, perception & evaluation of disclosing Ss, college students, 1272
Ss' race & physical attractiveness, White raters' evaluations of Ss' essays, Black vs White males, 5812
stereotyped & evaluative attitudes toward mental health disciplines, psychiatrists vs psychiatric social workers vs clinical psychologists, 8763
strategy for evaluation of service programs, 8622
subjective indicators in evaluation of community life quality, 6474
success of Alcoholics Anonymous treatment program, alcoholic patients, 6- & 12- & 24-mo followups, 13450
supervisor power & interdependence with subordinate & performance feedback & level, evaluations, college students, 1269
tape recording vs supervisory evaluation, anxiety, graduate student counselor trainees, 4208
teacher creativity, student evaluations & teaching practice, 8840
use & evaluation of Famous Sayings Test, partial summary of references, 2430
US Environmental Protection Agency vs consumer avoidance vs industry authority source, evaluation of environmental quality standards, college students, 2289
use of consumer feedback in planned change & evaluation of health service delivery, 8621
valance of evaluation & distinctiveness of evaluator, causal attributions & predictions of evaluator's future behavior, evaluated vs noninvolved college student Os, 5798
Evaluation (Educational Program) [See Educational Program Evaluation]
Evaluation (Mental Health Program) [See Mental Health Program Evaluation]
Evaluation (Personnel) [See Personnel Evaluation]
Evaluation (Self) [See Self Evaluation]
Evaluation (Treatment Effectiveness) [See Treatment Effectiveness Evaluation]
Evangelists
personality traits & psychopathology, evangelical seminarians vs Catholic nuns vs male vs female college graduates, Colombia, 12857
Evoked Potentials [See Also Auditory Evoked Potentials, Cortical Evoked Potentials, Olfactory Evoked Potentials, Somatosensory Evoked Potentials, Visual Evoked Potentials]
alcohol &/vs tobacco, amplitude of contingent negative variation during RT task, nonsmokers vs tobacco-deprived vs nondeprived smokers, 7664
attention directed toward stimuli, P300 component of average evoked potentials & habituation, 19–50 yr olds, 758
auditory-verbal vs visual-spatial processing deficit, evoked potentials to word vs music chord stimuli, dyslexic 8–12 yr old males, 10670
brain stem input, local hippocampal CA1 circuit, rats, evidence for model of behavioral modulation of averaged evoked potentials, 12220
buttonpress vs counting choice RT tasks & response on same vs opposite side of stimulus, spatial & temporal characteristics of hemispheric electrical activity, 3002
classical conditioning, neuronal responses recorded from limbic system brain structures, rabbits, 2967
development of standardized time constant, 4686
difficulty level of auditory discrimination task, latency & amplitude of N250 vs P300 evoked potentials during event counting, adult Ss, 778
diffuse noxious inhibitory controls, activity of trigeminal nucleus caudalis neurons, rats, 5303
electric tooth pulp stimulation, brain stem evoked potentials, 11–66 yr olds, 995
English vs Swiss-German vs imagined homophone noun & verb meanings, evoked potential topography, native English vs Swiss-German speaking Ss, 9757
eserine & atropine & ether & pentobarbital, hippocampal EEG & evoked potentials & behavior, male rats, 5388
event-related brain potential, index of task workload, males vs females, 683
event related potential during silently reading sentences, 18–25 yr olds, 9779
functional role in information processing & psychophysiology, P300 component of human average evoked potential, literature review, 721
hippocampal electrical stimulation, evoked potentials in hippocampal CA1 region & behavior & EEG, male rats, 5326
hippocampal neuron activity in classical conditioning, literature review, 3009
hypnosis, contingent negative variations in brain potentials, 22–32 yr old normal Ss, 523

infrequent visual vs auditory stimulation, endogenous potentials in hippocampal formation & amygdala, adults, 7455
interstimulus interval duration, contingent negative variation & RT, 20–30 yr olds, 7472
light as imperative stimulus, accuracy of contingent negative variation audiometry, 19–25 yr old medical students & physicians, 9527
locus coeruleus noxious & innocuous cutaneous electrical stimulation, lumbar spinal dorsal horn response, cats, 9871
method for optic discrimination of action potentials, 6975
morphine, CA1 field potentials in hippocampal slices, male rats, 870
naloxone, neuron response to noxious & non-noxious stimulation of spinal cutaneous receptive fields, male rats, 9946
nonstressful restraining device, rats & guinea pigs, 2389
pattern reversal evoked potential norms, male vs female 4–90 yr olds, 5236
preparation to execute motor acts, premovement brain potentials, male college students, 7468
probability learning & stimulus monetary value, P3 component of average evoked responses, college students, 772
random vs repetitive presentation averaged evoked potential technique, measurement of auditory discrimination, 14–18 wk olds, 9768
slow potential shifts occurring before warning signal, contingent negative variation amplitude in interval between warning & imperative signal of RT task, 5208
stimulus probability vs modality, late positive component of averaged evoked potential, cats, implications for human averaged evoked potential, 12246
stimulus word class & rating scale dimension, semantic differential & evoked potentials, 18–50 yr olds, 9759
use of event-related potentials, hemispheric specialization during language vs nonlanguage tasks, deaf Ss vs patients with alexia vs agraphia vs normal adults, 10711
visual pattern reversal evoked potentials, differential diagnosis of multiple sclerosis, 6128

Exercise
acute physical activity, anxiety reduction, 3973
adapted physical activity program, learning disabled children, 8990
aerobic exercise, treatment of anxiety & depression, 3965
aerobic walking & jogging exercises, weight loss, literature review, 13181
air & mean radiant temperature & relative humidity & air velocity & clothing & physical activity & time, thermal comfort & energy conservation strategies, 9221
altered rest-activity & feeding schedule, shift of motor activity rhythm, mice, 5316
attention to external vs internal cues, perception of physical symptoms & fatigue during exercise, college students, 2664
attitudes toward sport & physical activities, 12–14 yr old athletes, Canada, 7899
auditory stimulation & footshock & reticular formation lesions, startle response, male rats, 3118
behavioral counseling vs nutrition education, weight loss & maintenance & diet & exercise, overweight females, 7-mo followup, 8394
choice vs no choice in type of activity, attendance at exercise program, female adults, 2814
contact & lottery procedures, attendance & fitness in aerobic exercise groups, female college students, 8009
degree of self consciousness, estimation of heart rate following physical exertion, adults, 3040
deprivation, exercise play, male vs female 2.1–4.9 yr olds, 5584
evaluation of education & exercise program, asthmatic 6–17 yr olds & their parents, 6450
exercise, sucrose & caloric intake, female rats, 9743
exercise vs electrical stimulation of subthalamic locomotor region, respiration, unanesthetized decorticate cats, 12281
exposure to ozone during exercise, perception of effort & sensitivity to respiratory responses, 12299
hypnotherapy & Lamaze exercises & biofeedback training & desensitization, review of behavioral treatments for dysmenorrhea, 10865
individually calibrated sustained static exercise, time to sleep onset & slow wave sleep, college students, 7440
isometric exercise vs relaxation vs hypo- vs hyperventilation with vs without feedback, heart rate mediation, college students, 3038
jogging, mood change, 17–55 yr old experienced joggers, measurement implications, 3046
load-incremented bicycle ergometer stress test, perceived exertion at anaerobic threshold, 21–37 yr olds, 5291
local & central physiological adjustments, differential perceptions of leg & chest exertion during submaximal cycle ergometer exercise, male college students, 2668
mode of sensory integration of differential perceptions of leg & chest exertion during submaximal cycle ergometer exercise, male college students, 2667
performance of exercises using ergometer, male college student introverts vs extraverts, 335
physical activity, sleep, literature review, 3032
physical conditioning, preferred work load level & performance on bicycle ergometer, female soccer players, 2642
single episodes of maintained forced exercise, cardiac weight & histology, young vs mature female rats, 5263
stimulus control & self reinforcement procedures, acquisition & maintenance of exercise program, overweight 47–56 yr old males, 1797
supervised exercise program, physiological & psychological variables, Type A vs B 25–61 yr olds, 5270
use of stairs vs escalators, obese vs nonobese Ss, 3922
validity of Borg Scale, measurement of perceptions during recovery from exercise & heart rate, untrained males & females, 2503
work load during bicycle riding & heart rate & severity of disease, ratings of chest pain, males with angina pectoris, 13078
Exhaustion [See Fatigue]
Exhibitionism
cognitive-behavioral & antidepressive drug therapy, exhibitionism, male Ss, 13195
etiology & treatment of exhibitionism, literature review, 1506
questionnaire construction, measurement of curiosity & exhibitionism, college students, 4791
Existentialism
gender & sex role identity, avoidance confrontation of existential issues, male vs female 16–50 yr old psychiatric inpatients, 3810
key themes of European tradition of psychotherapy, 10809
ontological confrontation of death & loneliness, psychological distress, male maximum security inmates, 8220
theoretical commonality of diverse developmental schemes, 5451
words most weighted with existential meaning, generative words & implications for religious education, young people from 3 US religious groups & Haiti & Shanghai & Japan, 9988
Exogamous Marriage [See Also Interracial Marriage]
personality types & psychological tensions, interethnic marriage, England vs China vs US, 12688
Expectations [See Also Experimenter Expectations, Role Expectations, Teacher Expectations]
ability & objective probability, subjective expectations of success & task performance, male college students, 9606
alcohol & expectancies & social setting & sex, self reported depression, college students, implications for alcoholism-depression relationship, 7622
alcohol & expectancy of alcohol, fear & avoidance behavior, snake-fearful Ss, 9956
alcohol & expectancy of alcohol, physiological & behavioral & subjective responses in stressful situation, male social drinkers, methodological implications, 9919
amount of course credit as reward & E knowledge of S's fear & stated purpose of test, measurement of fear with Behaviour Avoidance Test, college students, 2473
assumed sobriety vs intoxication, expected effects of alcohol on assertiveness, male alcoholics vs social drinkers, 10573
attention to internal vs external stimuli & expectations, performance on steadiness task, college students, 314
attitudes vs social normative beliefs vs behavioral intentions, actual weight loss, 15–68 yr old females, 8417
behavior therapy with labeling & expectations of success, restoration of morale & coping with learning difficulties, students & patients, 1826
boiling vs distractive questioning vs both, temporal duration experience in "watched pot" phenomenon, college students, 7145
certainty of detection, pupil size in pupillometry lie detection, male college students, 7523
characteristics & childhood experiences & marital relations & perceptions & expectations of children, child-abusing parents, literature review, 8190

chronic self esteem level vs current task feedback, emotional preferences vs cognitive expectations for success, college students, 12873
client expectancy & motivation & approach tendency & avoidance tendency, therapeutic success in client-centered counseling, 20–40 yr olds, 4000
cognitive set of lability vs stability, psychological & physiological parameters of psychological stress, Ss, 7549
college life orientation program, persistence & GPA & attitudes & perceptions, incoming college students, 2105
competition & achievement expectations & pressure to be slim, development of anorexia nervosa vs excessive dieting concerns, college students studying professional dance vs modelling vs music, 13102
confederate compliance confirming vs disconfirming Ss' expectancies, attributions of confederates' helping behavior, college students, implications for attributions of stereotyped out group members, 12821
construction of scale, measurement of attribution of mental illness, mentally ill vs healthy persons, 4805
coronary prone behavior & irrational beliefs, college age vs older males, 12869
current life satisfactions & view of self vs others as aging individuals, college students, 12877
dimensionality & validity of multidimensional locus of control scale, prediction of health & job related outcomes in military environments, US Navy enlisted men, 11630
disconfirmed expectations & unattained goals, attributions to crowding, college students, 1263
discrepancy from expectation & retention interval & literal vs inferential comprehension type, learning & retention of prose material, 5th & 6th graders, 10029
economic conditions, residential satisfaction, rural vs urban residents aged 18 yrs & over, 10356
effectiveness of placebos in alcoholic beverage studies, literature review, 11585
expectancies & causal attribution & locus of control & achievement motivation & sex role, career innovativeness, Black vs White college females, 13714
expectancies of reinforcement vs nonreinforcement, enhanced conditional discrimination performance, pigeons, 600
expectancy, electrodermal response to signaled noise, college students, 767
expectancy, time estimation in watched-pot phenomenon, male college students, 7149
expectancy & desire for hypnotic experience, reported depth of hypnotic experience, college students, 12006
expectancy disconfirmation & contradictory role demands & sense of external control & loss of affiliative satisfactions & developmental life changes, personal & social alienation, professionals & managers, 4486
expectancy effects, attribution & labeling theory explanations, 3629
expectancy effects in psychotherapy & systematic desensitization, literature review, 1663
expectancy of future need & affect, helping behavior, college students, 3648
expectancy of test type & word frequency, level of recall vs recognition of high vs low frequency words, college students, 5016
expectancy & pharmacological effects of alcohol, cognitive & motor performance, male college students, 5416
expectation of death vs will to live, outcome, 6 case reports, implications for medical & psychiatric care, 8695
expectation of future interaction & partner low vs high task contribution & presence, reward allocation, female college student dyads, 8018
expectation of help in therapy, borderline syndrome patients, 13228
expectation of reduction of hidden pain in hypnotherapy, reports of hidden pain, college students, 6428
expectations, internal assessment, experienced vs naive college students, 6716
expectations about future motion of unpredictable targets, slow eye movement direction & velocity, Ss, 11811
expectations for child mastery of developmental skills, mothers of 4 yr olds, Japan vs US, 12635
expectations for treatment success & self concept & depression & demographic variables, reported relief from low back pain, medical patients, 13425
expectations of other people's prosocial behavior in situation of conflicting interests, consistent groupings of traits, 10351
expectations of outcome, attributions of athletic competition successes & failures in newspaper accounts, 3644
expectations & preferences of teaching methods, college students, 4374
expectations & values of employment, married 26–36 yr old mothers of children aged 4 yrs & younger, 4496
expected unchangeability of life stress, adjustment to economic &/vs health problems, aged Ss, cognitive theory of aging, 5467
group members' vs leaders' expectations, development of group cohesion, male vs female college vs graduate students, 10338
helpers' physical attractiveness & expectations for future interaction, help seeking behavior, female college students, 5817
high vs low history of success & presence vs absence of audience & audience awareness of S's prior performance, social facilitation effect on task performance, college students, 3659
individual differences in decisions on effort level, high school & graduate students, behavioral decision approach to V. H. Vroom's expectancy theory, 512
induced success vs failure, expectations & performance, emotionally handicapped 4th & 5th grade males, 10454
information about purpose of test results, scores on Minnesota Teacher Attitudes Inventory, college students, implications for validity, 2459
information about situation & norms & role taking ability, predictions of altruism vs self interest, 10 vs 13 vs 16 yr olds, 1055
interpersonal consequences & cooperative vs solitary task, evaluation of hypothetical actor's task achievement & outcome attributions & moral judgment, male vs female college students, 1214
labeling, failure attribution & success expectations, college students, 8055
learned attribution of failure to controllable vs uncontrollable factors, prediction of future success at same task, college students, 5783
lithium induced sickness following taste solution presentation & delay between CS presentation & taste solution & juxtaposition of expected vs unexpected UCS preexposure, taste aversion conditioning to 2nd flavor, rats, 559
location of small reward reinforcement, negative contrast, male rats, 2839
locus of control & efficacy expectations, persistence in problem solving, college students, comparison of theories of A. Bandura & J. B. Rotter, 10373
locus of control & social interaction vs no interaction, generalized vs specific behavioral expectancies, 3619
Machiavellianism & locus of control as constructs of instrumentality-expectancy systems, 1326
manipulated skill related feedback, expectancies of future outcome & performance on WISC Coding test, 8th graders, 3384
match between listener expectancies & coarticulatory cues, perception of speech, college students, 406
maternal expectations, interactions between mother-son vs mother-daughter, 10246
model of self fulfilling prophecy, 5846
model similarity & self efficacy statements, O efficacy expectations & muscular endurance, female college students, 3635
motivation & success expectations & physiological monitoring & voice intonation & spectral analyses, assessment of emotional stress during skill performance, aviators & astronauts & controllers, 6852
negatively valued physical characteristics, perceptions of impact on social behavior, college students, 8014
neuroticism & social desirability, anticipations & attributions affecting self disclosure, college students, 5876
past success vs failure, attribution to stable vs unstable causes & expected future performance, clerks, 8074
perceived expectations of family & friends & social functioning, 2 structured interviews separated by 3-yr interval, 21–75 yr old chronic hemodialysis patients, 10713
perception of locus & stability & controllability of causes of academic performance, affective reactions & expectations, college students, test of B. Weiner's model of attributions, 6683
perceptual or expectational bias vs anxiety arousal, learned helplessness effect in signal detection task, college students, 9471
performance & modeling & teacher's self efficacy beliefs & locus of control & classroom climate, academic self efficacy expectations, 6th graders, 2139
Personal Assessment of Intimacy in Relationships, measurement of perceived vs expected intimacy, 18–61 yr old married vs unmarried Ss, 11686

positive vs negative future events & knowledge of unrealistic optimism of others, prediction of occurrence for self & others, college students, 8087
predict & request vs information & request vs information only vs predict only task, "self erasing" of prediction errors, female college students, 3660
premessage expectancy & information on communicator's background, attribution & opinion change & comprehension of communicator's message, female college students, 12832
prognostic expectations, outcome of brief therapy, recipients of community mental health services, 4136
public statement of self efficacy, behavioral avoidance performance, snake fearful college students, 6333
questionnaire-related positive vs negative neutral information, scores on attitudinal questionnaire, college students, 9081
realistic job previews, reduced turnover, retail store employees, 13768
recall vs recognition vs no expectations, recall vs recognition performance of high vs low imagery words, college students, 505
reciprocity of & agreement about needs & family disagreement & clarity of rules & rigidity of family expectations & anxiety & satisfaction, families with disturbed vs nondisturbed adolescents, 10237
reconceptualized expectancy model used for predictions of key entry performance, actual average performance, key entry operators, 11447
reference level model of expectancy & alcohol intoxication, literature review, 1204
relationship between speaker's expectations & message context & requirements of listener, accuracy of interpersonal verbal communication, college students, 8012
scale presence & position & distances between control knob & display & pointer direction, stereotyped expectations for direction of movement for rotary controls, right handed Ss, replication of findings of J. Brebner & B. Sandow, 4582
self concept & demographic & cultural variables & prospect of personal involvement, expectations about school busing, 9–17 yr old Mexican American students, 6710
self imposition of achievement standard vs self administration of rewards, college students, 9603
sex & crowded dormitory conditions, values & expectancies of privacy & coping behavior, college freshmen, 2297
social learning theory analysis of learned helplessness, individual & situational differences in development of helplessness, 3748
social vs expectancy comparisons, judgments of fairness & satisfaction with reward, college students, 5785
status organizing processes, literature review, 3598
stimulus duration & expectations & threat of shock & white noise, phasic arousal & visual vigilance, male college students, 2822
target speed & length of viewing time, coincidence anticipation in velocity judgment, normal vs mentally retarded 8–13 yr olds, 1551
task performance attribution & pleasant vs unpleasant food expectation, intensity of self administered shock, college students, 1258
teachers' expectations & students' self concept & sex, motor performance expectations, 3rd & 4th graders, 2141
theoretical model, effects of expectancies on placebo effect, 11555
time investment & task outcome, causal attributions & self esteem, female college students, 5889
token economy vs expected vs unexpected rewards for drawing, subsequent intrinsic interest, preschoolers, 7884
training of high-status by low-status group, influence of low status group, 7th & 8th grade males of Middle Eastern vs Western background, Israel, implications for mixed status classrooms, 6704
visual stimulus intensity & foreperiod duration & location probability, oculomotor & manual choice RT, college students, 11909
Expectations (Experimenter) [See Experimenter Expectations]
Expectations (Role) [See Role Expectations]
Experience (Practice) [See Practice]
Experience Level (Job) [See Job Experience Level]
Experiences (Events) [See Also Early Experience, Life Experiences, Vicarious Experiences]
age differences, affective response to repeated event, Down's syndrome mean age 9.8 mo vs 20.2 mo olds, 10596
amount of previous sexual experience & frequency of testing, retention of copulatory behavior following castration, male golden hamster, 9342
ascending & descending synthetic maternal calls, preference, aurally isolated wood ducklings, implications for experimental precursors to seemingly instinctive behavior, 9690
differential types of causal events as distinguished from synchronistic events & paranormal causality, 6931
evaluation of television appearance experience, psychologists, 13463
experiences & role of "presences" in mourning process, 3699
experience with infants, knowledge of infant care, unmarried female college students, 3526
increase in temporal distance from event, causal analysis of events & comparison of own behavior to others, college students, 5816
individual differences & biological vs experiential bases of natural abilities, 765
integration of 1st hand crime victimization & indirect exposure to crime, judgments about frequency of crime & personal vulnerability, adults, 2764
learning of episodic material, retrieval of semantic information, 17–34 yr olds, 5014
life events & visual average evoked potentials, depressive patients, 3825
number of events independent of person's control or disorder, likelihood of serious suicide attempt, 18–65 yr old primary depressive suicide attempters, 8116
pleasantness & intensity of affect, retrieval of real life experiences from long term memory, college students, 4889
prior experience, mock juror case judgments, male college students, 1280
provision of preparatory information about time onset vs nature of aversive stimulus vs real life events, reactions to depression, 5051
rejection of phenomenalism, comments on C. I. Lewis, 4650
reliability of spouses as observers of events occurring in own marriage, distressed vs nondistressed couples, 77
spatial characteristics of graphic maps, individual experience of environment, adult male factory workers, 4594
time referents, recall of personal events & accuracy of dating of public events, 7260
valence vs intensity of associated emotion, long term memory for experiences, 7244
Experiences (Life) [See Life Experiences]
Experiential Psychotherapy
technique & rationale for paradoxical experiential therapy, 13217
Experiment Controls
cerebral asymmetry in facial expression & emotional attribution, reply to P. Ekman's & C. A. Nelson's & F. D. Horowitz's & S. I. Spinrad's comments on study by H. A. Sackheim et al, 2973
forecasting vs interrupted time series analysis vs contrasting results with controlled environment, design for experimental law enforcement program, 9298
intrastriatal kainic acid, regional brain glucose utilization, male rats, need for histological controls, 7708
multiple baseline analysis techniques in single group social skills treatment studies, 9274
Experiment Volunteers
academic aptitude & achievement, volunteering vs not volunteering for reading & writing study, college students, 8919
demographic characteristics & level of depression & assertion & personality & social adjustment, solicited vs nonsolicited 20–60 yr old female unipolar depressives for treatment outcome study, 9272
field dependence, voluntary participation in research, college students, implications for bias & generalizability of results, 54
measurement & definition of interference on Stroop Color Word Test, volunteer vs nonvolunteer Ss, 11684
S's refusal to participate in research & subsequent sampling bias in mother-infant interaction study, pregnant females, 66
volunteer S bias, industrial & organizational psychology research, 2209
willingness to participate in high vs low risk research, psychiatric vs medical patients, 4259
Experimental Apparatus [See Apparatus]
Experimental Design [See Also Followup Studies, Hypothesis Testing, Longitudinal Studies]
absolute vs relative judgments for feeling of knowing, investigation of predicted recognition for nonrecalled items, 6985
adherence to discipline in game design, 2356
advantages of 6 research designs for study of developmental change in individuals & families, 4665
age & method of 1st trial presentation & 1st trial outcome, learning set acquisition, 3 vs 5 yr olds, 7777
ambient noise level, attention distribution between tracking & detection task components, normal hearing Ss, replication of study by G. R. Hockey & critique of study of P. M. Forster & A. T. Grierson, 12002

analysis of covariance, interpretation of tests of attribute & treatment interactions, 2565
analysis of dichotomous variables in repeated measures experiments, 7123
analysis of philosophical & mathematical characteristics of catastrophe theory, implications for experimental design, 9230
ANOVA using transformation of dependent variable, tests of equality of cell variances, 271
application of H. Tajfel's model, intergroup discrimination, reply to criticism of K. M. Aschenbrenner & R. E. Schaefer, 10313
application of H. Tajfel's model, study of intergroup conflicts in minimal group situations, critique of study by A. Branthwaite et al, 10311
attitudes about scientific value & career impact of replication research, noneditor & journal editor American Psychological Association members, 11128
BASIC computer program, determination of best suited statistical technique for research data set, 4728
BASIC computer program for microprocessor, 2- or 3-way ANOVA for randomized or randomized-block factorial design, 4748
benefits of artificiality in social psychology research design, 4698
bias in stimulus presentation using up & down method with forced choice responding, measurement of psychophysical thresholds, 4904
bias & mean square errors of estimators, evaluation of competing analysis strategies in quasi-experiments, 2595
biphasic membrane penetration model for action of gymnemic acids & ziziphins on taste receptor cells, methodological & experimental design implications, 742
carotid dP/dt as index of sympathetic myocardial effects, 5257
carotid dP/dt as index of sympathetic myocardial effects, reply to criticism by R. Heslegrave & J. Furedy, 5289
causes & personality determinants & effect on mood & experimental designs, premenstrual tension, review of research, 1559
caveats concerning use of visual masks, 4687
coding & measurement of message control intensity, 4819
cognitive bias vs task manipulation, experimental results vs hypothesis testing about personal attributes, college students, critique of M. Snyder & W. B. Swann's study, 10362
COMOV computer program in PDP-8 OS78 BASIC or FORTRAN IV, analysis of relationship between 2 time series, 4731
computer program in FORTRAN IV, ANOVA with repeated measures, 4689
concurrent vs retrospective assessment, test anxiety levels & performance & positive vs negative thoughts & bodily sensations, college students, 9267
controlled evaluation studies of alcohol & drug abuse treatment, 6528
counselor's role & evaluation guidelines & research design, career development & guidance programs, 2222
critical review of research on self instruction training with children, assessment & design & independence from developmental theory, 6323
criticism of pooled error estimates used with repeated measures, computation of alternative robust tests, 265
criticism of recent attempts at devising equity formula, 4845
criticism of use of everyday situations & familiar test stimuli to achieve ecological validity in cognitive development research, 4769
critique of methodology & theoretical framework of research on swinging, benefits for couples, 9258
cross validation vs jackknife procedure, appropriateness for discriminative analysis in psychophysiology, 6–18 yr olds, 7118
demographic characteristics & level of depression & assertion & personality & social adjustment, solicited vs nonsolicited 20–60 yr old female unipolar depressives for treatment outcome study, 9272
description of behavior in prototypical situation in laboratory vs in real world setting, literature review, 9264
design & implementation of controlled evaluation of biofeedback treatment of migraine headaches, 1975 to present, 8554
design of followup study, rehabilitated chronic schizophrenics released from state hospital, 20-yr followup, 11581
differing measurement scales, electrodermal recovery times & other measures, 4736
epidemiology & assessment of stress disorders, 10737
equivalence & reversibility of generalized Thurstone models for ranking experiments, 9465
evolution of research methodology, studies on social perception, 57
examination of product descriptions vs products, cognitive processes & eye movements & determinant attributes & protocol content in choice behavior, household members, 6915
experimental design, errorless discrimination learning, mentally retarded 8–16 yr olds, 85
experimental design in social psychological experiments in which Ss receive stimuli only once, 4705
experimental procedure, measurement of individual preference in choice of grocery store, 4822
experimental tasks of similar structure hypothesis of cognitive development, normal vs mentally retarded &/vs organically impaired Ss, implications for training of mentally retarded, 8282
experimenter control of Type I errors among different significance tests using data from single experiment, 4870
extension of Kruskal-Wallis procedure for factorial design, 2613
feedback function of response rate determining reinforcement rate in VI reinforcement, 4722
flaws in research procedures of Piaget's work & reassessment of children's cognitive competence & performance in everyday environments, 10124
forecasting vs interrupted time series analysis vs contrasting results with controlled environment, design for experimental law enforcement program, 9298
foveal retinal locus & RT & detection paradigms, visual search, implications for automatic letter encoding stage, 7189
go/no-go vs 2 choice paradigms, auditory discrimination learning, animals, literature review, 2838
guidelines for value orientation analysis in counseling research, adaptation of F. Kluckhohn's anthropological model, 4675
hippocampus, memory, rats, 3124
inadequacy of abstract triads in studies based on F. Heider's principle of cognitive equilibrium, 2390
in vivo exposure, treatment of phobias, literature review, 8530
least squares analysis of time series & discontinuity quasi-experimental research design, 7135
levels of statistical knowledge needed to use time-series designs, 4868
limitations in use of conceptual model & performance measures of signal detection theory, measurement of vigilance & visual search & auditory detection, college students, 7153
limitations of preference methodology for study of auditory–visual coordination, 3 & 7 & 10 mo olds, 7799
measurement & description of magnitude of observer agreement, 4847
measurement & measurement reliability & experimental designs in applied behavior analysis research, 11587
measurement of contingency between 2 binary variables in judgment tasks, 2552
method of transmission of knowledge of results information, length of RT prior to longer lasting responses, college students, critique of study by B. Kerr, 11746
methodological problems, experimental validity, 2340
methodological problems in experimental study of differences in cognitive processes, 4662
methodological problems in life events research, 9261
model, study of family & child & school relations during school initiation stress, 11260
multiple baseline analysis techniques in single group social skills treatment studies, 9274
noncontingent reinforcement schedules, operant conditioning, 2375
order of participation in ESP task, task performance level, percipients, experimental replication, 4621
overview of reliability of psychiatric diagnosis, 1372
parent training programs, need for special guidelines for investigation & reporting & evaluation, parents of retarded children, 8470
path analysis in counseling research, 4862
possible confound & role of olfaction in aggressive interaction, mice, 2377
prenatal exposure to alcohol & IQ, vigilance task performance, preschoolers, 3332
probability summation calculations, description of visual contrast detection, Ss, 11620
procedure for use of research evidence from many studies to synthesize outcomes, 2386
procedures & statistical methods, assessment of 2-flash threshold, 2379
PRTCM, FORTRAN subroutine for rapid observation of correlations within large correlation matrix, 4747
pseudogroup & quasi-F statistical analyses of group vs individuals design, 11714

psychotherapy, depressed elderly patients, ethical & design & implementation of research implications, 9281
random response technique, assessment of accuracy of self reports, 2342
rate of artifact control procedures used in research, 2402
recency & amplitude of prior activity, electrodermal recovery rate, 16–25 yr olds, extension of R. Bundy's research, 7530
RECEST, computer software package for estimation of parameters of dynamic linear systems, 4667
reconstructive vs specific memory effects in within-Ss transformational picture memory test design, college students, replication of J. M. Mandler & G. H. Ritchey's study, 480
research design, estimation of context dependence in reading comprehension, 7th & 8th graders, 5495
research methods, biofeedback therapy, 9294
research problems in semantic equivocality of verbal designations, conceptual or undefined vs behavioral or defined personality traits, 2372
reward magnitude, within-day trial-by-trial analysis of runway behavior, male rats, 12026
role of biopsychosocial model in psychiatric research, 2393
selection of variables & generalizations, attitudes toward & studies of transsexualism, critique of study by J. Meyer & D. Reter, 7991
sequential &/vs partial withdrawal designs, evaluation of response maintenance, 2394
S & E screening procedures, effects of feedback on ESP task performance criticism of C. T. Tart's study, 15
shock-reinforced Y-maze procedure, measurement of color preferences, goldfish, 2409
statistical & experimental design aspects, research on evaluation of games, 9288
stimulus familiarity, semantic memory, college students, 2789
stimulus governed biases, kinesthetic figural aftereffects, comments on A. Petrie, 2345
stimulus-response compatibility in numeral-verbal vs numeral-motor ensembles, RTs in choice reaction & memory scanning tasks, college students, 302
suggestions for applicability of psychological research, 84
taxonomy for problem solving & decision making research design & review, 60
time interval, organization of perceptions about maternal childrearing control & nurturance, 5 vs 8 vs 14–18 yr olds, implications for retrospective studies, 10057
types of field research, social sciences, 6988
use of multivariate analysis in probability pyramiding, 4846
use of sibling data in educational & psychological psychometric research, 2482

Experimental Epilepsy

acetylcholine hippocampal muscarinic receptors in kindling, male rats, 3104
concentration of GABA, GABA-ergic neurons & receptors in epileptic vs nonepileptic hemispheres, rhesus monkeys, 12328
duration & intensity of low frequency electrical stimulation to amygdala, kindling of seizures, male rats, 3086
ECS induced generalized seizures, hippocampal neuronal loss, female rats, 821
electrical stimulation during light vs dark half of 12 hr cycle, development of kindled seizures, male rats, implications for circadian rhythms of epileptic seizures in humans, 9869
frequency of stimulation to cerebral masticatory area, excitation vs inhibition of mesencephalic trigeminal nucleus masticatory proprioceptive cells, rabbits, 3088
injections of ethanol, amygdaloid kindled seizures, female rats, 9943
naloxone, facilitation of kindled behavioral seizures induced by amygdaloid electrical stimulation & role of endogenous opioid blocking, female rats, 792
pregnancy & amygdala kindling, convulsions & EEG responses, female rats, 7585
spontaneous & pentylenetetrazol-induced spike-wave discharges in electrocorticogram & locomotor arrest & clonic facial movements, rats, similarities to human petit mal epilepsy, 7485

Experimental Ethics

animal welfare, satisfaction of needs & determination of suffering, animals, 7344
definition & methodology for study & ethical concerns in experimentation, aggression, 5746
dual importance of construct validity & ethical application, psychometrics, 7017
ethical issues, treatment of severely impaired newborns & minors without parental consent & research involving children, 6584
ethics of use of laboratory animals, reply to criticism of G. G. Gallup & S. D. Suarez, 42
experimental hallucinogenic drug usage, subsequent readiness to use hallucinogens, experiment volunteers, 7632
issues in applied research with mentally retarded, 6984
psychotherapy, depressed elderly patients, ethical & design & implementation of research implications, 9281
willingness to participate in high vs low risk research, psychiatric vs medical patients, 4259

Experimental Instructions

appropriate verbal behavior & purpose of therapy instructions, participation in group psychotherapy, psychiatric inpatients, 4021
attention focusing instructions, free recall & clustering of objects, 4th graders, 3313
audience presence during overt practice, learning of familiar vs unfamiliar words, college students, 11928
audience & task- vs ego-oriented motivational instructions, short term memory & arousal as measured by GSR, students, 11990
biased instructions & presence of offender & consequences for offender & realism, willingness to make lineup choice & identification errors, college students, 12699
clear vs ambiguous performance criteria, self estimation of performance on task, male vs female college students, 5868
contingent vs yoked feedback & attention vs direction instructions, voluntary control of heart rate, college students, 5287
delayed auditory feedback & rate instructions & age, sentence repetition performance, college students vs 7–8 vs 4–5 yr olds, 5527
demand characteristics in Velten mood induction procedure, mood, 4670
difficulty of distractor task & interpair interval & incidental learning instructions, long term serial position effects in free recall of word pairs, college students, 463
EMG biofeedback & instructions to relax, generalization effects & frontalis EMG activity & heart rate, college students, 7529
EMG biofeedback training, control of arousal in stressful situation, college students, 776
empathy instructions & positive vs negative outcome in conversation & similarity information, liking of people heard in conversation, 1st graders, 7854
evaluation apprehension instructions vs negative feedback, heart rate while rating series of photographs, college students, implications for E expectancy effects, 6966
expectation of reduction of hidden pain in hypnotherapy, reports of hidden pain, college students, 6428
experience & instructions & preferences, compressed speech comprehension, US Army personnel, 2720
experimental instructions, UCR & conditioned alpha blocking, college students, 7524
fixed vs sequential vs nonfixation conditions, Necker Cube Illusion reversals, college students, implications for satiational vs cognitive theories, 2717
forced choice vs no choice option lineup instructions & vandal presence vs absence, correct identifications, college eyewitnesses, 10352
goal information presentation method, performance in number ordering task, 18–19 yr olds, 7776
guessing instructions vs familiarity with stimuli vs array structure vs retinal location, letter recognition accuracy, college & graduate students, 11802
high vs low mental image activity level & instructions to tense vs relax, heart rate, female college students, 773
imagery instructions vs direct exposure, attitudes toward elderly, college students, 1298
impression formation vs memory task instructions, recall of behavior descriptions with vs without distinctive items, college & graduate students, 4984
inadmissible evidence for vs against conviction vs none & judge's instructions, verdicts, adult mock jurors, 12704
increase in time delay between tones, transfer of response from loud to normal volume instructions, profoundly mentally retarded 13–16 yr olds, 8559
information presented & experimental instructions, probability learning, college students, 11966
information seeking strategies & instructions & experience & preferences, speed & comprehension in listening to compressed speech, US Army enlisted personnel, 4958
instructional demand variations & level of speech anxiety, anxiety behavior during public speaking, college students, 11989

instruction & reinforcers, awareness vs performance in verbal conditioning, French-speaking college students, 11957
instructions & category exemplar presentation mode, encoding of category size information, college students, 411
instructions & contingency of reinforcement, operant conditioning of phasic heart rate change, college students, 7545
instructions & contingent points, novelty of test answers, college students, 6672
instructions & target-to-background contrast, target acquisition RT & errors & response bias, US Army helicopter pilots, 2237
instructions to falsify responses, personality questionnaire completion time, students, 8052
instructions to increase memory encoding distinctiveness & word frequency, word recognition, college students, 457
instructions-to-learn vs item repetition & retention interval, long term free recall, college students, 11931
instructions & visual experience, accuracy of relative distance judgments, adventitiously vs congenitally blind vs sighted 21–60 yr olds, 8361
instructions with vs without biofeedback, increase & decrease of systolic blood pressure, college students, 1785
instruction & visual imagery & educational background, process control performance, male students, 4576
intellectual skills & instructions & prior knowledge & congeniality of essay with own attitudes, recall of essay on student activism, college students, 11986
intentional vs incidental learning instructions & immediate recall test & list structure, long term retention, college students, 9582
interactive vs separation learning instructions, recognition, college students, 7265
interpretation of ambiguous preliminary instruction & susceptibility to hypnosis, hypnotic amnesia, college students, 5082
job seniority & experimental instructions, styles of ingratiating behavior, technical vs nontechnical male workers, 2266
memory vs neutral instructions, recall of picture information in game context, 4 & 5 yr olds, 5526
mental task instructions, optokinetic nystagmus to left & right, right handed male college students, 388
monetary incentive vs information, voluntary heart rate control, male college students, 12260
motivational instruction & age & race, paired associate learning, Black vs White females, 2801
number of steps in presentation of instructions, performance in conditional discrimination task, college students, 9548
orientation context instructions, free recall vs recognition of words, 5th & 6th graders, 1010
performance & verbal reports, hypnotized college students experiencing vs not experiencing "hidden observer" effect during age regression, extension of E. R. Hilgard's studies, 7286
positive affect induction &/vs instructions, delay of gratification, 4 vs 8 yr olds, 10205
priority vs posteriority instructions, retrograde amnesia in free recall, college students, 11934
problem-finding instructions, problem detection & adjustment of standards for evaluation, 8 vs 10 yr olds, 5509
reading purpose & passage difficulty, reading rate flexibility, 8th & 11th graders, 11220
reading with vs without explicit purpose, text comprehension, college students, 2766
rehearsal instructions & trials, serial order short term memory performance, reading disabled 2nd vs 5th graders, implications for mediation vs production deficiency, 1543
relaxation instructions & EMG biofeedback & threat of shock, frontal EMG & arousal, college students, 9807
semantic vs nonsemantic vs no encoding instructions, recall & recognition, 45–67 yr old Korsakoff patients vs alcoholics, 12919
sentence learning with repetition vs imagery instruction, contextual &/vs item interference on sentence information test, 4th graders, 11351
sex & interpersonal relationship & instructions regarding criteria in reacting to personal space encroachments, affective reactions, college students, 1219
sex & method of testing, field dependence, college students, 7207
simulation of mental illness vs normality instructions, discriminative ability of Rorschach, nonschizophrenic vs latent vs residual schizophrenic vs schizophrenic psychotic legal offenders, 2529
size instructions, length judgments of nonbody stimuli vs body parts, female college students, 7183
social communicative vs self memorial vs associative instructions for verbal encoding of figures, communicability of codes, 2nd vs 5th graders vs college students, 12513
standard vs elaborated pictorial presentation & lists of noun pairs & instructions, pictorial elaboration effects in incidental paired associate memory, kindergartners vs 2nd graders, 10068
statement contents regarding delay & level of role involvement, self control in reward taking, 3.5–6.1 yr olds, 7907
stimulus materials & experimental procedures & type of feedback & trial pacing & instructions, learned discrimination between reinforced vs nonreinforced displays with vs without salient feature, college students, 5039
structured vs unstructured reward conditions, group tower building task performance, 3rd graders, 10137
syntactic structure & knowledge of source of nonspeech sounds, categorization performance, college students, 11868
test knowledge & distortion of self presentation instructions, validity of obvious vs subtle personality measures, college students, 178
training vs instructions, cognitive learning strategies, college students, 9599
type of verbally communicated criteria for equivalence matching of variously oriented stimuli, orientation judgments, 3–4 yr olds, methodological implications, 1025

Experimental Laboratories

activities of Research Service of I.N.O.P. & of Differential Psychology Laboratory, cognitive development & student attitudes & interests & personality, 1970–74, France, 109
analysis of data categories & research issues in laboratory vs field setting, industrial & organizational psychology, 2208
computer based laboratory facilities, experimental research on physiological correlates of paranormal processes, 4
establishment by E. A. Pace of department of psychology & psychological laboratory at Catholic University, 1891, 6959
establishment of experimental psychology & laboratory by D. J. Mercier at University of Louvain, Belgium, 1891, 6956
events leading to establishment of 1st experimental psychology laboratory, Chile, 11540
field based vs physical science/laboratory model for guidance & counseling research, programs in deliberate psychological education, 2199
inexpensive microcomputer for experimental psychology laboratory, 11598
interactive TV laboratory, study of verbal & nonverbal interpersonal behavior, 1248
laboratory & home relaxation training, laboratory & home blood pressures, 28 yr old Black female & 24 yr old White female with essential hypertension, 13296
laboratory method of research instruction & W. Wundt's Leipzig University laboratory, 19th century, Germany, 6919
psychological laboratory computer techniques, psychodiagnosis, 2360
status & problems of training laboratories, Japan, 13266

Experimental Methods

addition of experimental &/or control groups, probability of replication of previous study findings, 4664
advantages of augmented biofeedback vs operant conditioning procedures for research & clinical use, 8486
alcohol & expectancy of alcohol, physiological & behavioral & subjective responses in stressful situation, male social drinkers, methodological implications, 9919
amount of previous sexual experience & frequency of testing, retention of copulatory behavior following castration, male golden hamsters, 842
analysis of close relationships, literature review, 12771
analytical problems & classification method proposal, hallucinations, 5075
applicability of research on intuitive judgment to applied fields of psychology, reply to critique by H. Berbalk, 10774
applicability of scientist-professional model & future trends in clinical psychology, 2018
approach response mediation & response competition, operant transfer of learning in noncontingent phase, male rats, implications for methodological validity of transfer experiments, 597
appropriateness of pretest- vs posttest-only designs, field experiment, college students, 11596
assessment potential & limitations of continuous self report by cognitive lever, genital response to erotic stimulation, male & female college students, 11612

autoradiographic study, septal & amygdalar efferents to hypothalamus which facilitate hypothalamically elicited intraspecific aggression & hissing, cats, 730
body marking vs handling, variations in mast cell numbers in brain, preweanling rats, 12394
bogus pipeline manipulation, self & other deceptive components in social desirability responding & need for approval, college students, 10389
coding procedures & open vs closed response format, temporal estimates of life event occurrence, college students, 7232
cognitive bias vs task manipulation, experimental results vs hypothesis testing about personal attributes, college students, critique of M. Snyder & W. B. Swann's study, 10362
colony intruder paradigm, analysis of aggression & its motivation, rats, 92
combination of longitudinal design & structural equation methodology, separation of loneliness & depression constructs for experimental study, college students, 4754
comparison of methods, measurement of job satisfaction, chemical industry workers, 9191
computational judging procedure, assessment of free response data in remote perception experiments, 11537
confounding between orthogonal perceived spatial frequency shift & vertical-horizontal illusion, criticism of D. W. Heeley's methodology, 9516
content analysis & critique, published research in community psychology & mental health & applied social psychology, 1975–78, 6981
critique of methodology & theoretical framework of research on swinging, benefits for couples, 9258
developmental differences, taste sensitivity & preferences, children & adults, literature review, 7782
development of standardized time constant, 4686
discussion of E bias & scientific method as observation & hypothesis & experiment, 2378
escape conditioning response-transfer procedure, assessment of aversiveness of tones of various sound pressure levels, female rats, 577
experimental procedure differences, performance on 1- vs 2-way avoidance conditioning tasks following septal lesions, female rats, 7610
experimental teaching methods for the blind, criticism of L. E. Magee & J. M. Kennedy's experiment, 2166
familiar urban scenes, recognition, high school & college students, 3373
field based vs physical science/laboratory model for guidance & counseling research, programs in deliberate psychological education, 2199
frequency & intensity of conditioning & test pulse pairs, self stimulation of lateral hypothalamus & circling in raphe region, male rats, implications for use of trade-off double pulse technique, 12322
fundamental directions of research in educational psychology, USSR, 8819
generalization of experimental results to clinical psychology, critique of E. H. Liebhart's study, 10755
handling by tail vs body & additional CS-shock treatment, hurdle jumping escape from fear performance, female rats, 7321
hippocampal neuron activity in classical conditioning, literature review, 3009
historical & theoretical basis for hostility to parapsychology, 4625
humanistic strategy for study of Black's self definition, 2368
idiothetic vs nomothetic paradigm, study of individual personality differences vs personality development, 12867
imagery instructions vs direct exposure, attitudes toward elderly, college students, 1298
induction of elated vs depressed moods, accessibility of memories of happy vs unhappy experiences, female college students, 11997
laboratory vs field studies, findings in attitude-behavior research, 6973
lack of reliable performance in imprinting research, chicks, 12161
level of training & forced vs free choice procedure, acquisition & extinction of taste aversion, female rats, 12055
location in storage container, mating behavior, male Drosophila of the same laboratory strain, 9741
measurement of contingency between 2 binary variables in judgment tasks, 2552
measurement of effects of psychological pressure on performance in working & experimental conditions, 2246
measurement of general obesity using Lee obesity index, rats, 2400
measurement of residual vision after occipital lobe damage, humans vs animals, 5348
melodic patterns & emotional states, criticism of methodology of D. Cooke & C. Gabriel's attempted replication, 3255
melodic patterns & emotional states, criticism of C. Gabriel's study of D. Cooke's theory, 3262
melodic patterns & emotional states, reply to criticisms by N. Nettheim & N. Cazden, 3258
method for automatic recording of topological differences in keypecking for food & water reinforcement, 115
method for producing infantile malnutrition, maternal behavior, female rats, 9834
method for recording simultaneous spike trains from 2 independent electrodes, awake monkeys, 2374
methodological reduction of competing & noxious stimuli, discrimination learning of instrumental response, Drosophila melanogaster, 5117
methodological & theoretical issues concerning external vs self reinforcement, literature review, 2788
methodology, assessment of sensitivity to bitterness of phenylthiocarbamide, 19–46 yr olds, 11747
methodology, social development research using concepts of dominance & bidirectionality, 9270
methodology & advancement of knowledge in psychology in past century, 11531
methodology & relationship to theoretical science, applied psychology, 11406
methods for identifying community leaders including reputation & decision & position measures, 107
noise effects, divided attention & performance on dual tracking & signal detection task, answer to criticism reply by P. M. Forster, 12004
noise level, attention distribution & performance on dual tracking & signal detection task, reply to criticism of L. R. Hartley, 12001
notational system for planning & analysis of evaluative research, 9271
overview of behavioral studies using genetically defined mice, bibliography, 2399
path analysis in counseling research, 4862
path analysis with psychophysiological data, 276
pendulum techniques for paradoxical sleep deprivation, recovery patterns of slow wave & paradoxical sleep during dark vs light periods, male rats, 12312
physiologic mechanisms in animal models of "sudden death", 2367
place & nature of sport psychology research, critique of R. Martens, 4745
postural asymmetry assessed by tail pinch vs suspension vs holding vs path walking & dextroamphetamine, prediction of circling direction, male vs female rats, 9785
potentiation of habituation of visual evoked potentials as seen in single trial analysis, college students, 5245
problems with evaluation studies, 9289
procedural effects vs actual reward value, measurement of reward strength of self stimulation behavior, male rats, 7300
procedures & statistical methods, assessment of 2-flash threshold, 2379
reduction-method model, 3-dimensional memory traces, college students, 2792
repeated testing, catalepsy following saline injections, male nondrugged rats, 3208
research methods, biofeedback therapy, 9294
research on miniature artificial languages, understanding nature of 1st vs 2nd language learning, 5431
resistance to basic paradigm change, interdisciplinary social-behavioral sciences, 11532
scientific utility & generalization possibilities, 6-level classification for personality study, 9266
statistical vs literary approach, assessment of findings on sex differences in conformity behavior, critique of H. M. Cooper's analysis of literary reviews of E. E. Maccoby & C. N. Jacklin & A. H. Eagly, 5722
stimulus materials & experimental procedures & type of feedback & trial pacing & instructions, learned discrimination between reinforced vs nonreinforced displays with vs without salient feature, college students, 5039
strategy for research on use of nonvocal communication systems, special reference to severely mentally retarded children, UK, 6198
subjective role taking ability, age differences in reactions to physically disabled, review of methodological inadequacies of past research, 5577

surgical manipulation of amniotic fluid, psychopharmacological assessments, rat fetuses, 11564
teaching techniques for the blind, rebuttal to criticism of G. J. Vermeij, 2157
technique for implanting electrodes, infant rats, 9269
technique for measurement of intracranial spread of current from monopolar vs bipolar brain stimulation by using motor response from VII nerve stimulation, rats, 7588
techniques for electrode implantation, research animals, 2396
test location novelty & E familiarity, modification of nonspecific motor activity by methamphetamine, female rats, 893
time decay, validity & reliability of binary coding of speech & glances, 7000
time series experimentation as research tool in clinical practice, 2019
treatment of data, scientific status of psychology, 9255
triangular vs 3-alternative forced choice methods, measurement of signal detection with olfactory stimuli, Ss, 11578
type of verbally communicated criteria for equivalence matching of variously oriented stimuli, orientation judgments, 3–4 yr olds, methodological implications, 1025
types of field research, social sciences, 6988
use of anal probe to measure pelvic muscle contractions during orgasm, 24–35 yr old males, 11565
use of consistent missing techniques for hypothesis testing in ESP experiments, 13
validity of research methodologies, indigenous psychology, Asia & Philippines, 6924
various electrode sizes, differences in electrodermal activity, college students, 100
2-alternative forced choice vs standard clinical measurement, high frequency auditory thresholds, normal hearing adults, 2358
2 methods of studying perception of 2 successive sound bursts, 2382

Experimental Neurosis

progressive loss of reinforcement in FR schedule, condition similar to human reactive depression & reversal with chlordiazepoxide, male squirrel monkeys, 12023

Experimental Psychology

applicability of research on intuitive judgment to applied fields of psychology, reply to critique by H. Berbalk, 10774
citations of W. Wundt's publications in published American experimental psychology papers, 1887–1977, 6937
cognitive motivational psychology & other experimentation trends in general psychology, 2747
edited translation & criticism of methodology & results, 1st experimental psychology doctoral thesis awarded to M. Friedrich in 1880, 6917
establishment by E. A. Pace of department of psychology & psychological laboratory at Catholic University, 1891, 6959
establishment of experimental psychology & laboratory by D. J. Mercier at University of Louvain, Belgium, 1891, 6956
events leading to establishment of 1st experimental psychology laboratory, Chile, 11540
German university system & establishment of experimental psychology before 1944, 6916
inexpensive microcomputer for experimental psychology laboratory, 11598
laboratory method of research instruction & W. Wundt's Leipzig University laboratory, 19th century, Germany, 6919
nature of W. Wundt's achievements in establishment of experimental psychology, 6938
prominence & popularity in US & contributions to experimental psychology of W. Wundt, 6934
rhythms in human mental performance, review of literature from 1887–1951, 5285
themes & common orientations, experimental papers from 1979 American Psychological Association meeting, 6951

Experimental Replication

achievement motivation levels in 1950, electricity production growth from 1952–76, replication of D. C. McClelland's study, 1253
achievement vs affiliation orientations, male vs female high school vs college students, replication of P. W. Lunneborg & L. M. Rosenwood's study, 3706
actor-O effect in attributions of own vs friend's preferences, 4.7 yr olds, replication of study by R. E. Nisbett et al with adults, 10130
actual performance of vs mere observation of performance of facial feature recognition task, transfer of learning, adolescents, replication of M. H. Marx's study, 5036
addition of experimental &/or control groups, probability of replication of previous study findings, 4664
ambient noise level, attention distribution between tracking & detection task components, normal hearing Ss, replication of study by G. R. Hockey & critique of study of P. M. Forster & A. T. Grierson, 12002
authoritarian personality & attitudes & racial attitudes, Ss in US & England & Scotland & South Africa & Australia, replication of 1950 study by T. W. Adorne et al, 1141
blockage of invisible gratings by stereoscopically raised planes, differentiated adaptation, college students, replication of N. Weisstein's experiment, 2692
cognitive dissonance & perception of political candidates before & after presidential election, college students, replication of findings by G. Stricker, 5667
cognitive structure & content, obsessive compulsive patients, replication of F. Makhlouf-Norris & H. Norris's results, 8163
communicator credibility & S ego involvement, self esteem after exposure to counterattitudinal message, college students, replication of authors' initial investigation, implications for psychotherapy, 3633
concordance of deviant smooth pursuit eye movements, monozygotic & dizygotic twins discordant for schizophrenia, replication of authors' earlier study, 1439
connotative incongruity of color-word pairs, color naming, college students, replication of study by D. R. Ridley et al, 2757
conservation task performance, underestimation of cognitive development, 4–6 yr olds, replication of J. McGarrigle & M. Donaldson's study, 10034
counselor sex & experience, counseling session return rates, male vs female clients, replication of N. E. Betz & S. L. Shullman's study, 8436
delta-9-tetrahydrocannabinol & dosage levels, male White King vs Silver King pigeons, replication of study by W. D. Gouvier & A. L. Yehle, 12363
development of psychological conservatism, children with mean age of 10.2 yrs, attempt to replicate findings of G. E. Powell & R. A. Stewart, 10132
development of understanding & recognition of spoken word, 5–9.5 yr olds, replication & extension of study by J. Downing & P. Oliver, 1012
dimensional & similarity & configural classification of integral & separable stimuli, college students, replication & extension of S. Handel & S. Imai's study, 7217
DRO in nonexclusionary time out procedure, control of behavior across settings, 19 yr old severely retarded male, replication of findings by R. M. Foxx & S. T. Shapiro, 10880
drug use & lifestyle, college students, replication of study by P. A. Walters et al, 3589
E bias, observation of teachers' social approval vs disapproval, graduate students, experimental replication, 6967
experimental arousal, individual differences in extraversion & story recall, Ss admitted for clinical psychological assessment, replication of findings of P. N. Johnson-Laird & R. Stevenson, 11728
extraversion/introversion & belief in ESP in abstract vs based on personal experience, college students & adults, replication of M. A. Thalbourne & E. Haraldsson's experiments, 6932
general vs situationally specific anxiety factors on imagined response scales, college students, replication of study by D. Magnusson & B. Ekehammer, 5866
human postural signals, intentions to depart, African vs American dyads vs singles, replication of J. S. Lockard et al, 5419
Hypnotic Induction Profile vs Stanford Hypnotic Susceptibility Scale Form C, college students, replication of previous studies, 4762
hypnotizability, ability to learn thermal biofeedback, college students, replication of studies by A. H. Roberts et al & R. Engstrom, 9813
identification of items for evaluation of graduate level teaching assistants, college students, experimental replication, 4444
induction to influence another child, imitation of other child, 2.9–4.9 yr olds, replication of study by M. H. Thelen, 10145
inner-other directedness & defiant S effect & previous experience, conformity, male vs female college students, replication of S. E. Asch's study, 3714
innovative educational program, self actualization & psychosocial maturity, college students, 1-yr followup, replication of J. A. Goldman & F. V. Olczak's study, 4303
instrumental & expressive dimensions, consumer appraisal of product performance, replication of study by J. E. Swan & L. J. Combs, 6911

inter- & intra-S differences, diazepam effects on computer-analyzed EEG & skin conductance levels, 22–34 yr old males, replicability of physiological effects of diazepam, 12371
level of ego development, prediction of type & severity of psychopathology, neurotic & psychotic & character disordered patients, replication of L. R. Vincent & K. R. Vincent's study, 1500
low levels of anxiety & depression, obese rural 17–70 yr olds, replication of A. H. Crisp & B. McGuinness's study, 13090
measurement, environmental attitudes & knowledge, replication of study by M. F. Maloney & M. P. Ward, 2535
order of participation in ESP task, task performance level, percipients, experimental replication, 4621
pantomimic expression & recognition deficits, aphasic vs right hemisphere damaged patients with mean ages of 63 & 64.2 yrs, replication of study by R. J. Duffy et al, 13093
parent-mediated treatment based on social learning theory, conduct problems, 3–12 yr olds, replication of study by G. R. Patterson, 6330
participation in construction &/vs training in use of behaviorally anchored rating scales, cognitive complexity, college students, partial replication of study of C. E. Schneier, 11685
passage with vs without title & sex, interpretation of ambiguously worded passage, physical education vs art majors, replication of study by R. C. Anderson et al, 4350
pipradrol & nonspecific stimulus change & feeding in test environment & prior exposure to conditioned stimulus, acquisition of responding with conditioned reinforcement, rats, replication of findings by R. T. Hill, 5352
predictive ability of MMPI, imipramine response, hospitalized male depressives, replication of study by E. F. Donnelly et al, 11679
presence vs absence of mother vs stranger, separation anxiety & exploratory behavior & crying, 1 yr olds, Brazil, replication of M. D. Ainsworth & S. Bell's study, 3408
prior biasing context, lexical ambiguity of phonemes, college students, replication & extension of study of D. A. Swinney & D. T. Hakes, 5422
purpose vs no purpose, quality of names for symbols, replication of experiment of D. Olson, 2735
racial preference & identification in doll selection procedure, White kindergartners through 3rd graders in multi- vs monoracial schools, replication of K. B. Clark & M. K. Clark's study, 2136
reconstructive vs specific memory effects in within-Ss transformational picture memory test design, college students, replication of J. M. Mandler & G. H. Ritchey's study, 480
reliability & norms of Dutch translation of Self Consciousness Scale, measurement of private & public self consciousness & social anxiety, college students, 9432
reliability & validity & discriminative ability of Diagnostic Interview for Borderlines, borderline vs schizophrenic vs depressed patients, replication of J. G. Gunderson & J. E. Kolb's study, 13006
respect for law & empathy & peer influence, involvement in prior automobile accidents, US males enrolled in "driving while drunk" classes, replication of study by A. W. Clark in Australia, 6041
response dominance of Hindi words as measured by associative technique, college students, replication of B. J. Underwood & J. Richardson's study, implications for cross cultural perceptual differences, India, 9522
scale presence & position & distances between control knob & display & pointer direction, stereotyped expectations for direction of movement for rotary controls, right handed Ss, replication of findings of J. Brebner & B. Sandow, 4582
schedule & delay of reinforcement, acquisition training performance, rats, replication of experiment by E. J. Capaldi, 9640
sex, verbal vs visuo-spatial alphabet task performance, college students, implications for hemispheric specialization, replication of study by M. Coltheart et al, 9774
sex differences, recall of letters &/vs letter positions, 8–11 yr olds, Ghana vs Scotland, replication of study by R. V. Kail & A. W. Siegel, 3500
sex of infant, choice of toys, college students, replication of study by C. Seavey et al, 3582
size constancy for elements subtending angles less than .5 degrees, testing of conclusions of J. Ross et al, 7165
social acceptance, mainstreaming, learning disabled 1st–6th graders, replication of study of J. B. Sheare, 6734
social desirability in responding, female vs male adults, experimental replication, 4699
socioeconomic class & powerlessness, recognition of mental illness & recommendations for treatment, females, US vs Mexico, replication of study by P. L. Heller et al, 5616
strategy training & novel tasks, academic remediation & motivation, reading disabled 10–12 yr olds, replication of D. Kaufman & P. Kaufman's study, 9047
student E expectancy bias about intelligence, performance on maze learning task, rats, replication of R. Rosenthal & K. L. Fode's study, 6976
tactical intelligence indications, intelligence analysis, military intelligence specialists, replication of study by D. Jaarsma, 11444
temporal changes in social & political values from 1973 to 1976, continuity of guilty verdicts in response to rape film, college students, 5818
test reliability, measurement of children's attitudes toward TV commercials, 8–12 yr olds, replication & extension of J. R. Rossiter's study, 4818
test-retest factorial validity of Piers-Harris Children's Self Concept Scale, replication of study by present authors, 7081
timing signal & duration of foreperiod, high order sequential effect in RT task, experimental replication, 2665
TV viewing, alienation & fear of walking near one's home at night, replication of study by Gerbner et al & General Social Surveys of 1975 & 1977, 7712
validity of M. J. Kirton's theory & measure of adaptive vs innovative personalities, 21–54 yr old managers, Singapore & Malaysia, 6863
validity of WAIS subtests, diagnosis of temporal lobe vs generalized seizures, patients with mean age of 31.2 yrs, replication of study by W. Millberg et al, 9321
variations in local retinal sensitivity & velocity, pattern adaptation, replication of studies by C. Blakemore & F. W. Campbell, 11806
verbal vs visual presentation of sex stereotyped stimuli, pupillary responses, male vs female college students, replication of E. H. Hess & J. M. Polt's report, 2647
voiced vs voiceless sounds, frequency of dysfluencies while reading, 3rd–7th grade stutterers, replication of M. R. Adams & R. Reis's study with adults, 10637

review of research performed by General Psychology Unit, Department of Psychology, University of Goteborg, Sweden, 4890
role conflict, physiological & affective & performance variables, 20–48 yr old female nurses in simulated hospital experience, 2030
role of biopsychosocial model in psychiatric research, 2393
role of neurosciences in development of ethical values, 4617
role of W. Wundt in experimental psychology & criticism of contemporary social psychology experimentation, 2336
scholars & cultural influences, psychological research at university at Turku, Finland, 6927
scientific utility & generalization possibilities, 6-level classification for personality study, 9266
sexism, abstracts of studies using disguised or unobtrusive measures, 1188
shipping of pregnant females, mortality rate in offspring, rats, 9292
simple & multiple regression analysis, validity of open field test on individual activities of 2 groups in novel field, male rats, 7132
simulator task system & apparatus, human performance vigilance research, 2268
social systems planning as primary issue in psychology of management research, 9186
sociopsychological research & constructs, small group processes understanding & therapy, psychotic families, 6290
special class model of service delivery & ecological concepts in mental retardation & learning disabilities & emotional disorders, current transformation of special education, literature review, 13645
state notation programing languages, psychology, 4713
statistical assumptions, univariate analysis of repeated measures experiments, 2588
statistical distributions, application to social research, 289
statistical validity & calibration differences, self observation vs use of telephone for reporting headache activity, headache sufferers, 47
status organizing processes, literature review, 3598
stimulus familiarity, semantic memory, college students, 2789
strategies in psychiatric clinical research, 4709
strategies & issues & guidelines, field research, university counseling center practitioners, 2172
structural modeling techniques vs learning hierarchy model as approaches to analysis of skilled behavior, literature review, 9561
study of abnormal behavior, domestic vs captive animals, 2910
suggestions for applicability of psychological research, 84
suggestions for effective educational research, 13534
suggestions for social psychological research of naturally occurring instances of social phenomena, 3592
supportive organization climate, action research by counselors in school systems, 2189
survey of social psychological experiments, bogus-pipeline paradigm, literature review, 43
system for interfacing of strain-gauge transducer with laboratory microprocessor, 4727
tailshock & body restraint technique, acute induction of gastric lesions, rats, 72
tasks of psychology, educational problems, Czechoslovakia, 4267
taxonomy for problem solving & decision making research design & review, 60
taxonomy of helping derived by multidimensional scaling analyses, implications for helping research, 9284
taxonomy of organization development research variables & methodologies, literature review, 9295
technical reports of Air Force Human Resources Laboratory, 1978, bibliography, 2224
theoretical directions in schizophrenia research, 12989
theoretical model, humanistic counseling research, 99
theories of consciousness & introspectionism in contemporary social psychology, implications for research, 10308
theories & research, links between creativity & psychopathology, literature review, 5999
theory & research, instruction & learning aspects of play, children, 2066
theory vs research, integration of psychology & theology, 7944
theory vs research in integration of psychology & Christian theology, reply to observations by R. E. Larzelere & G. R. Collins, 7942
timer for acoustic research, 93
training to rate videotapes for child behavior therapy research, female foster grandparents, 4749
trends & directions for family research & theories, 1980's, 10231
trends in personality theory & research, survey of articles in Journal of Personality & Journal of Personality & Social Psychology, 1973–76, 10377
types of fallacious aggregation of data about individuals in educational research, 11363
use & evaluation of Famous Sayings Test, partial summary of references, 2430
use of contingency tables in analysis for memory research, reply to criticism of D. L. Hintzman, 4863
use of educational research for improvement of teaching skills, response to article by J. H. Dettre, 6671
use of simulation, social psychological research, literature review, 56
use of social psychology research in car-buying consumer interest, car salesmen, 6902
use of World Health Organization's Schedule for Standard Assessment of Depressive Disorders, investigation of depressive symptomatology, depressed patients in Canada vs Iran vs Japan vs Switzerland, 11604
validity & methodology & situational factors, peer evaluation research, literature review, 11443
volunteer S bias, industrial & organizational psychology research, 2209
5-yr experience of team conducting research through community mental health center, 6454

Experimenter Bias

cross cultural differences, data collection on psychopathology through interviews, 2353
discussion of E bias & scientific method as observation & hypothesis & experiment, 2378
E bias, observation of teachers' social approval vs disapproval, graduate students, experimental replication, 6967
ecological variables & examiner biases, clinical assessment, developmentally handicapped 1–5 yr olds & female college students, 5906
E effects on family correlations in adoption studies, reanalysis of studies of G. M. Horn et al & R. A. Weinberg, 7429
experimenter variables, quality of parapsychological research, 4628
researcher sex & sex typed communication, sex differences in influenceability, college students, 8008
research hypotheses & S characteristics, observer bias in special education research, literature review, 6736
S & E screening procedures, effects of feedback on ESP task performance criticism of C. T. Tart's study, 15
student E expectancy bias about intelligence, performance on maze learning task, rats, replication of R. Rosenthal & K. L. Fode's study, 6976

Experimenter Expectations

evaluation apprehension instructions vs negative feedback, heart rate while rating series of photographs, college students, implications for E expectancy effects, 6966
experimenter variables, quality of parapsychological research, 4628
interpersonal expectancy effects, comments on study by R. Rosenthal et al, 6968

Experimenters

Black vs White testers, performance on perceptual organization task, 3.11–5.9 yr old Blacks in federally funded preschool programs, implications for preschool screening of low-income Black children, 11373

effectiveness of training handbook, measurement of activity by elderly residents, researchers & health & social services staff, 65
emotionally arousing words & S & E race & sex, free recall, Black vs White 6th graders, 1001
experimenter variables, quality of parapsychological research, 4628
levels of statistical knowledge needed to use time-series designs, 4868
locus of control & E status, prediction of hypnotic suggestibility, college students, 5878
questionnaire survey of cultural identification written in Chinese vs English administered by Chinese vs Western E, ethnic affirmation, bilingual college students with Chinese as 1st language, 12659
researcher sex & sex typed communication, sex differences in influenceability, college students, 8008
tactile stimulation by self vs others & presence vs absence of E, heart rate, Ss with mean ages of 26.4 & 25.8 yrs, 9811
test location novelty & E familiarity, modification of nonspecific motor activity by methamphetamine, female rats, 893
Expert Testimony
criticism of use of psychological reports as part of psychiatrists' testimony in court, implications for psychologists' role, 2054
dominance of legal process by psychiatry & mental health expert witnesses, criticism of G. E. Dix's allegations, 10275
ethical problems in expert testimony, psychologists, 8753
expert psychological advice, judgment of accuracy of eyewitness testimony, jurors, 12705
expert testimony, decisions & behaviors & beliefs in eyewitness accuracy, jurors, 12693
expert testimony regarding eyewitness accuracy, judgment of eyewitness reliability, community resident vs college student jurors, 12692
guidelines for reducing dominance of legal process by mental health expert witnesses, 10273
historical background & future focus of child custody disputes, 5674
legal behaviors & strategic responses for improvement of skills as expert witness, family therapists, 11109
multiple psychologists as expert witnesses vs child-specialist-implemented consultation model, child custody determination, 1166
psychological significance of eyewitness research, 12707
role of marital/family therapist in forensic activities, 1175
Exploratory Behavior [See Also Animal Exploratory Behavior]
behavioral analysis, explanation for exploratory behavior, infants & animals, 9626
career expectations & demographic & personality characteristics & sex, career exploration, graduate students 7 & 4 mo prior to graduation, 13721
dynamic vs static cues, correction of mistaken perceptual assumptions, 6–14 & 18–45 yr olds, 3391
exploratory hand movements in performance of haptic conservation of solid amounts judgments, congenitally blind 9–16 yr olds vs sighted 5–12 yr olds, 6125
presence vs absence of mother vs stranger, separation anxiety & exploratory behavior & crying, 1 yr olds, Brazil, replication of M. D. Ainsworth & S. Bell's study, 3408
sex & socioeconomic status & CA & IQ, Lock Box performance, mentally retarded vs normal 2–7 yr olds, 6072
Exposure Time (Stimulus) [See Stimulus Duration]
Expressions (Facial) [See Facial Expressions]
Expressive Psychotherapy
organization of Gender Identity Clinic & group & individual & expressive psychotherapy vs sex reassignment surgery, treatment of gender dysphoric patients, 10775
Extended Family
family therapy model, independence of aged family members & improved intergenerational relationships, 13255
External Ear
pinna movement, discharge of brainstem neurons, cats, 7492
External Rewards
attractiveness of reward &/vs behavior constraint, overjustification effect, 4th & 5th graders, 5591
contingent reinforcement, work performance & behavior, retail clerks, 9180
external reward, level of internal motivation, 5066
external vs internal vs no consequences, motivation attributions, kindergartners vs 3rd vs 6th graders vs college age adults, 10141
extrinsic reinforcement, intrinsic motivation, college students, 3674
extrinsic reward, intrinsic motivation, literature review, implications for classroom reward practices, 8929
extrinsic rewards, intrinsic motivation in classroom activities, 2116
high motivation level task, effect of external rewards on intrinsic motivation, female college students, 11992
locus of control, effectiveness of rewards vs punishment in individualized instruction, college students, 4322
possible undermining effects of rewards in token economy programs, 13310
reward vs response cost & locus of control for positive vs negative outcomes & sex & age, task performance, 5th vs 6th graders, social learning theory implications, 1069
self vs externally imposed performance standards & reinforcement, persistence & accuracy on academic tasks, 3rd–6th graders, test of H. Kanfer's self regulation model, 2117
token economy vs expected vs unexpected rewards for drawing, subsequent intrinsic interest, preschoolers, 7884
Extinction (Learning)
abrupt reductions in reward magnitude with dry food vs milk, successive negative contrast effect & resistance to extinction, preweanling rats of various ages, 12021
acquisition & extinction of conditioned avoidance & maze learning employing fear vs reward motivation, plasma alpha-melanotropin levels, male rats, 755
acquisition & extinction & reversal performance of operant visual spatial tasks, male rats with superior colliculus lesions, 856
amount of exposure to CS during flooding, extinction of avoidance response, college students, 2778
appetitive acquisition & extinction & discrimination, retention of running response, male Holtzman rats, 590
behavioral learning paradigm components, marketing, 6913
buzzer CS vs novel buzzer, self punitive running, male rats, 2855
buzzer vs tone as CS in shock escape learning, self punitive running during extinction, male rats, 5108
component duration, contrast during reinforcement vs extinction, pigeons, 12083
conditioned stimulus intensity, speed of acquisition & acute extinction of conditioned emotional response, rats, 581
continuously vs partially reinforced runway training & reacquisition trials & extinction, response persistence, weanling & adolescent rats, 9628
continuous reinforcement with vs without partial reinforcement, resistance to extinction, college students, 11961
continuous vs partial reinforcement, treatment of learned helplessness vs naturally occurring depression & maintenance of change, female college students, 7277
continuous vs partial reinforcement with nonrewarded-rewarded vs rewarded-nonrewarded trial transitions during acquisition of discrete-trial keypecking vs lever pressing response, extinction, male pigeons & rats, 570
counterconditioning & tone stimuli hierarchy & CS exposure, extinction of avoidance responding, college students, 2779
CR with equal VI reinforcement schedules & use of extinction vs reinforcement of not responding, response elimination durability, pigeons, 7324
CS contingency & duration & brain lesions, acquisition & extinction of avoidance responses, male cats, 9908
delayed vs immediate reinforcement using token system, work behavior in classroom setting, mentally retarded 14 yr old male & 17 yr old female, 9024
desglycinamide-lysine vasopressin during conditioning &/vs extinction, resistance to extinction of conditioned taste aversions, male rats, 12410
experimental instructions, UCR & conditioned alpha blocking, college students, 7524
extinction of stimulus vs response association in behavior conditioned by stimulus & response reinforcement, persistence of responding, male rats, 9653
extinction vs pimozide & intermittent reinforcement, operant task response rate, male rats, 7700
flooding procedures, extinction of avoidance response & conditioned fear, literature review, 6329
food deprivation level at time of initial exposure to food reinforcer, acquisition & extinction of instrumental response, male rats, 12062
goal vs alley punishment & drop box vs guillotine door, response behavior & learning extinction, male rats, 2857
hippocampal vs cortical lesions, Pavlovian eyeblink & heart rate & EMG conditioning & free-field activity, rabbits, 9900
increase in arousal after extinction of fear response, disinhibition, dogs, 7326
interstimulus interval & delay vs trace paradigm, skin conductance conditioning to potentially phobic stimuli, college students, 771

length of delay & amount of lithium chloride & choice vs no-choice testing, retention of taste sickness associations, 18–53 day old female rats, 12053
level of training & forced vs free choice procedure, acquisition & extinction of taste aversion, female rats, 12055
morphine vs naloxone, acquisition & extinction of homing behavior, 917
nonreward vs delay of reward vs punishment training, persistence, male rats, 7307
number of models & absence of shock UCS, level of imitative choice responses to avoidance-conditioned models, guppies, 2876
partial reinforcement, learning of persistence, 10–11 vs 12–13 day old rats, 2842
partial vs continuous reinforcement schedule & subsequent abrupt change in reinforcement magnitude, resistance to extinction, male rats, 598
partial vs continuous reinforcement with vs without interpolated experiences, extinction rate, male rats, 5115
partial vs continuous vs changed reinforcement vs nonreinforcement, speed of acquisition & extinction & transfer on runway task & 2-wk retention, 14–15 day old rats, 2843
personality correlates, resistance to punished vs regular extinction, college students, 1303
positive contrast following extinction in response-independent schedule, male Sprague-Dawley albino rats, support for traditional reinforcement theory, 580
positive induction during conditioning & extinction, male rats, 12038
postconditioning devaluation of instrumental reinforcer, extinction performance, male rats, 5090
post-training hypothalamic self-stimulation, retention of associations formed during aversive & appetitive classical conditioning, male rats, 2847
presence vs absence of food signals & termination of reinforcement to 1 key, switching to reinforced key & continued pecking of extinguished key & role of signals as reinforcers vs informants, doves, 5096
progesterone & estradiol & dihydrotestosterone, extinction rate in testosterone induced conditioned taste aversion, gonadectomized female rats, 784
readaptation vs memory decay, reduction of prism aftereffects, female college students, 2636
repeated extinction & reacquisition, response rates, male rats with complete vs lateral vs medial septal lesions, 9899
repeated taste aversion trials, acquisition rate & attenuation of schedule induced polydipsia, female rats, 602
response prevention research, bibliography, 5107
retrieval & extinction of learning during tonic immobility, chickens, 2851
selective breeding for high vs low avoidance task performance, acquisition & extinction of taste aversion, rats, 12182
sex differences, taste aversion learning, deer mice, 7329
signaled & unsignaled reinforcement, response rate, pigeons, 2867
signaled vs unsignaled shock, preference & extinction of contextual fear, male rats, 12031
stimuli positively vs negatively correlated with monetary reinforcement & degree of effort, key pressing & observing & plunger pulling behavior, 26–34 yr old male industrial workers, 9588
subdiaphragmatic vagotomy & administration of ethanol via ip vs intragastric routes, acquisition & extinction of ethanol induced taste aversions, male rats, 841
taste & odor & cage & bottle stimuli, taste aversion conditioning & extinction, male rats, 541
time out vs extinction, reduction of inappropriate verbalizations, severely retarded 15 yr old female, 8515
transitions from nonrewarded to rewarded trials, discriminative behavior in differential conditioning & subsequent resistance to extinction, rats, 7309
truly random control vs backward conditioning vs CS-only response elimination procedures, reacquisition of autoshaping, pigeons, 615
type of original training vs ECS following training vs reminder treatment, retention, male rats, 7305
UCS intensity during Pavlovian conditioning of skin-conductance response, role of instrumental reinforcement process in CR amplitude & resistance to extinction, college students, 485
vagotomy, acquisition & extinction of learned taste aversions, male rats, 12042
VI schedule of reinforcement & conditioned suppression paradigm & novel environments, CS extinction, rats, 12036
vocational response chains, performance during extinction, severely retarded 40 yr old male & 24 & 52 yr old females, 8729

Extracurricular Activities [See Also Fraternity Membership, School Club Membership, Sorority Membership]
frequency & methods & correlates of college cheating, college students, 8189
school size, alienation & participation in & importance of school activities, high school students, 4359
school size, participation in extracurricular activities, students, 2099
sex, academic achievement & vocational interests & intelligence & salience of school activities, 10th graders, 11253

Extramarital Intercourse
attitude & social norms, extramarital sexual behavior intention, males vs females, 12709
sex & fraternity/sorority membership & religiosity, extramarital sexual attitudes, college students, 10292

Extrapyramidal Tracts
haloperidol, extrapyramidal effects & utility in treatment of schizophrenia, 4085
haloperidol, extrapyramidal reactions, Asian vs Black vs White psychiatric patients, implications for racial differences, 13318
lithium carbonate treatment, neurological complications & organic brain syndrome & extrapyramidal side effects & seizures & EEG changes, 6383
various neuroleptics, induction of dystonia & dyskinesias & other extrapyramidal side effects, male squirrel monkeys, implications for animal models, 902

Extrasensory Perception [See Also Clairvoyance, Psychokinesis]
belief discrepant vs consistent ESP demonstration, attitude change & reactions, college students, 3639
computational judging procedure, assessment of free response data in remote perception experiments, 11537
electrical brain activity & ESP, literature review, 4626
extraversion/introversion & belief in ESP in abstract vs based on personal experience, college students & adults, replication of M. A. Thalbourne & E. Haraldsson's experiments, 6932
immediate feedback, ESP performance & reliability, reply to J. E. Kennedy's criticism, 18
information processing in ESP, 14
mental preconditioning, choosing number from group, college students, 6933
nonverbal communication & ESP & other psi phenomena, 11535
order of participation in ESP task, task performance level, percipients, experimental replication, 4621
scientific credibility of ESP, response to K. R. Rao's criticism, 16
S & E screening procedures, effects of feedback on ESP task performance criticism of C. T. Tart's study, 15
S familiarity with free-response target pool, ESP & memory processing in ESP task, 12
use of consistent missing techniques for hypothesis testing in ESP experiments, 13

Extraversion
acquiescence in extraversion & neuroticism & authoritarianism questionnaires, 153
alcohol, RT, introverted vs extraverted Ss, 5354
alcohol dosage level, mood, college students, 920
antisocial behavior & criminal propensity & extraversion & neuroticism & psychoticism & lie scale scores, 13–15 yr old well vs badly behaved vs delinquent males, 13046
authoritarianism & extraversion, Australia, 3726
caffeine induced arousal, verbal test performance, introverted vs extraverted college students, 10371
childrearing practices, extraversion, 17 yr olds, 3453
consolidation vs reactive inhibition, individual differences in reminiscence in rotary pursuit task, extraverted vs introverted college students, 9604
dogmatism & extraversion & neuroticism, high school students, 7864
experimental arousal, individual differences in extraversion & story recall, Ss admitted for clinical psychological assessment, replication of findings of P. N. Johnson-Laird & R. Stevenson, 11728
extraversion & attendance at modern vs traditional school, academic attainment, 11–12 yr old males, Nigeria, 4341
extraversion & intelligence, 15–16 yr olds, rejection of W. S. Anthony's theory, 7745
extraversion/introversion & belief in ESP in abstract vs based on personal experience, college students & adults, replication of M. A. Thalbourne & E. Haraldsson's experiments, 6932
extraversion & neuroticism, choice & avoidance of social situations, college students, 12851

extraversion & neuroticism & achievement need, job mobility, textile mill workers, 2267
extraversion & neuroticism & muscle tonus & pulse frequency, continuous performance task, 20–26 yr old male endurance athletes, 5283
factor analysis, paralinguistic & analytical content & physiological & subjective arousal & emotionality & extraversion during presentation of speech, 7550
frequency of self reference & physiological measures & neuroticism & extraversion, degree of proneness toward cardiovascular disorders, Type A & Type B male college students, 8347
heritability for psychosocial instability & extraversion using short form of Eysenck Personality Inventory, twin pairs, Sweden, 3690
impulsiveness & venturesomeness & empathy & psychoticism & extraversion & neuroticism & social desirability, 17–21 yr old male delinquents, 13025
introversion-extraversion & menstrual distress, unmarried females of mean age 21 yrs, 13085
introversion vs extraversion & astrological signs, college students, 3703
intro- vs extraversion & positive ratings of words & immediate vs delayed interval posttest, recall, 11949
Jungian psychological types of work of S. Aleichem, 3259
level of anxiety & neuroticism & extraversion & motivation, subjective memory scores, 11973
marginal orientation & extraversion & neuroticism, college students, 12896
neuroticism & self esteem & sex & parental characteristics & extraversion & locus of control, vulnerability to depression, postgraduate students, 8077
nicotine & extraversion, skin conductance & EMG & heart rate & self reported responses to emotional stimuli, habitual cigarette smokers, 7644
noise vs silence, attention on oral vs written tasks, introverted vs extraverted college students, 5083
performance of exercises using ergometer, male college student introverts vs extraverts, 335
personality characteristics, on-stage &/vs backstage participation, 18–65 yr olds involved in community theater productions, 12866
personality tests as basis for personality impression, job applicants, Netherlands, 2411
personality type & aircraft noise intensity & accompanying illumination intensity, annoyance judgments, 19–50 yr olds, 4600
personality type & aircraft noise levels & accompanying illumination, annoyance responses, 22–49 yr olds, 4599
rational beliefs & extraversion & neuroticism, college students, 12874
relationship between P. Kline's & E. Howarth's scales, assessment of anality/psychoticism & oral optimism/extraversion & oral pessimism/neuroticism, college students, 11654
running time & oxygen consumption & extraversion/introversion, 13–26 yr old male middle distance runners, performance prediction implications, 3036
sex & introversion-extraversion, field dependence, college students, 5842
validity of Draw-A-Tree test, measure of extroversion vs neuroticism, college students, 9361

Extrinsic Motivation
attractiveness of reward &/vs behavior constraint, overjustification effect, 4th & 5th graders, 5591
developmental differences & discounting vs perceived control vs reactance vs competing responses vs cognitive scripts, mediation of reward-induced motivation decrements, 4–10 yr olds, 5574
development of self report scale, measurement of intrinsic vs extrinsic motivation for classroom learning, 3rd–9th graders, 4428
external vs internal vs no consequences, motivation attributions, kindergartners vs 3rd vs 6th graders vs college age adults, 10141
extrinsic incentives & perception of control over outcomes, intrinsic motivation & performance, college students, 5832
internal vs external motivational factors, vocational choice, Vietnamese & Czechoslovakian students, 8943
job involvement & need satisfaction, intrinsically vs extrinsically motivated managers, India, 11466
male vs female audience & novice vs expert players, squash performance, squash players, implications for R. B. Zajonc's drive hypothesis, 2210
multidimensional scaling analysis of work outcomes, criticism of extrinsic vs intrinsic dichotomous models, 243
task design & reward contingency, task performance & satisfaction & measures of extrinsic & intrinsic motivation, college students, 5067
taxonomies of employee work motivation, electronics company repairmen & salesmen, 4490

Extrinsic Rewards [See External Rewards]

Eye (Anatomy) [See Also Cones (Eye), Iris (Eye), Lens (Eye), Pupil (Eye), Retina, Rods (Eye)]
anatomy & physiology of binocular system, frog, 705
circadian clocks, ommatidial structural changes & visual acuity vs sensitivity, horseshoe crabs, 7392
edge detection mechanism of eye vs mathematically optimal frequency domain filter, 9498
eye enucleation, visual images, adult, 10675
eye structure & visual discrimination, jumping spider, 9750
family patterns, hand & eye & foot & ear preference, parent-offspring triads & sibling pairs, 7395
habitat selection, maintenance of deleterious allele, Drosophila, 7363
lateral preferences for hand & foot & eye & scholastic achievement, Chinese 4th & 5th graders vs college students, 5532
light-dark schedule, sleep-waking cycle, anophthalmic mice, 7400
luminance intensity, ciliary nerve response, rabbits, 7462
neocortical lesions, olfactory discrimination, male rats blinded by enucleation, 5346
optical mechanisms of compound eyes, traditional concept of optically inhomogeneous lens cylinder vs mirror mechanism, crustacea, 7514
patterns of eyestrain as measured by binocular accommodation & critical flicker fusion frequency, inspection vs clerical workers, 4534
removal of right eye & crushing of optic nerve of left eye, ability of ipsilateral optic tectum to mediate vision when containing only spontaneous ipsilateral optic tectal projection, goldfish, 854
sex & eye color & shape complexity & symmetry, rated pleasantness of visual shapes, college students with blue vs brown eyes, 11851
size of eye & visual acuity, depth of focus, 7171
unilateral sectioning of optic nerve, pattern reversal electroretinographic responses, cats, 12335

Eye Contact
age of child, gaze patterns, mothers & their 6 vs 20 vs 36 mo old children, 3521
client deception vs truth telling in counseling, eye contact patterns, Black & White female college students, 1938
deception of perceived expert vs nonexpert, facial cues & eye contact & successfulness, college students, 12798
development of eye contact with mother, normal vs Down's syndrome infants during 1st 6 mo of life, 13058
direct & averted gaze & sex of pictured person, heart rate & skin conductance, male vs female college students, 12264
distance & eye contact & verbal reinforcement, attitude change, college students, 1264
embarrassment induced by unexpected self disclosure of interviewer, self assessment of emotions & eye contact & body motion & speech disturbances, part time students, 5054
eye contact & discrepancy in perceptions of interpersonal proximity, conversation & subsequent personality ratings of partner, nursing student dyads, 10315
eye contact & vocal loudness & fluency, perceptions of peers' assertiveness, male college students, 3651
high vs low self monitoring of S & conversation with person with high vs low self monitoring, speech patterns & eye gaze, college students, 3600
negotiators' visual accessibility & accountability, cooperation & competition in bargaining, college students, 12757
patterns of speech & gaze, male & female dyads, 5738
perceived status relative to confederate, visual submissive vs dominant behavior, female college students, 5741
repressor vs sensitizer status & stress level, eye contact & personal space manipulation in nonverbal communication, college students, 8025
rhythm & development of interactions, newborn infants & their mothers, 10258
S & adult sex, gazes toward adults & interpretation of adult gazes toward other children, 4–5.1 yr olds, 10203
sex of interviewer & alcohol, mood & eye contact, male vs female 19–30 yr olds, 12384
social behavior while alone vs with interactive vs passive mother vs stranger, 15 vs 30 wk olds, 10142

social reinforcement, eye contact & speech, mildly intellectually handicapped 8–15 yr olds, 6351
sociometric measures such as social competence vs visual regard vs dominance status vs attention rank, measurement of aggression & play behavior, 4 yr olds, 2426
speaker gaze at ends of complete utterances, speaker turn-taking in dyadic conversations, male college students, 5733
subjective stress during maintained eye contact with opposite sex partner in interpersonal experiment, male vs female Ss, 12755
target gaze patterns & interaction with liked vs disliked person, personality ratings & attributions, college student Os, 5787
victim's gaze & S's degree of solitude, bystander effect in assisting stranger, adult females, 5777
white light vs blacklight, eye-contact training, visually impaired spastic cerebral palsied 6–7 yr olds, 8356
Eye Disorders [See Also Amblyopia, Cataracts, Color Blindness, Hemianopia, Myopia, Nystagmus, Strabismus]
effectiveness of preschool examinations, detection of visual defects, school entrants with mean age 5.6 yrs, England, 13374
infant astigmatism & disappearance with age, 1 mo to 3 yr olds, 10645
lithium carbonate, thyroid function, 16–79 yr old patients receiving lithium carbonate for 6 mo or more, 10929
symposium proceedings on intense light hazards, eye damage, 13156
Eye Examination [See Ophthalmologic Examination]
Eye Movements
activation of superior colliculus, eye movements, neonatal kittens, 5328
analysis & generalization of word meanings, EEG & EMG & RT & eye movements, adult Ss, 3049
angular selectivity of monocular rivalry with achromatic gratings & computer simulation, college students, 9489
application of Stiles-Crawford function data, determination of foveal fixation, 33 yr old female, 38
automatic device called "Biodigitiser" for measurement & timing of eye movements, 2385
bilateral labyrinthectomy, horizontal & vertical optokinetic reflexes, rabbits, 3098
central vs off-center fixations, visual field limits, 4929
cognitive activity, lateral eye movements, 16–30 yr olds, 7488
concordance of deviant smooth pursuit eye movements, monozygotic & dizygotic twins discordant for schizophrenia, replication of authors' earlier study, 1439
development of electromagnetic eye movement sensors & signal converter, 4712
direction & position of stimulus light displacement, displacement detection during saccadic eye movements, college students, 11803
displays of different numbers of targets & target direction & distance & practice & individual differences, saccadic latencies, college students, 356
engagement of right vs left hemisphere & dream recall, lateral eye movements, 2984
examination of product descriptions vs products, cognitive processes & eye movements & determinant attributes & protocol content in choice behavior, household members, 6915
expectations about future motion of unpredictable targets, slow eye movement direction & velocity, Ss, 11811
eye movements, mirror & nonmirror image pattern discrimination of spatially simple vs complex stimuli, adults, 11839
eye movements, perceptual & cognitive processes, bibliography, 1976–80, 11727
eye movements during reading & following sequentially moving light, 10–16 yr old dyslexics, 13066
eye movements during rest, hypnotic susceptibility, college students, 524
eye movements & single neurone activity of the superior colliculus, integration of visual & auditory space, female cats, 7456
fixation on spot of light followed by vertical sinusoidal grating stimuli, eye movements & narrow spatial & temporal frequency tuning in visual evoked potential, Java monkeys, 714
foveal warning stimuli, frequency of predictive saccades to constant-location target, college students, 11837
hemispheric lateralization & cerebral dominance & conjugate saccadic behavior, identification of creatively gifted, 722
interdisciplinary directory, scientists involved in study of eye movements, 2034
interobject distance & number of dimensions & perspective, eye movement & scanning time, 9506
lateral eye movements & checkerboard stimulus, event-related brain potentials, right-handed young adults, 5237
lesions of mossy fiber visual pathway to cerebellum flocculus, eye movements, albino rabbits, 5343
light vs dark & horizontal vs vertical oblique saccades, prolongation of short components, cats, 7510
linguistic cues to right of current fixation point, control of size & duration of next saccade while reading, French Ss, 5433
location of & amount of detail at fixation point, discernment of line elements alone vs in 3-dimensional coherent contexts, college students, continuation of study by A. Williams & N. Weisstein, 4908
matched vs unmatched eye movement primary representational systems, perceived counselor trustworthiness, right handed female college student clients, 8437
mathematical modeling of ocular motoneurons, literature review, 5232
microcomputer analysis of eye movement recordings, 2341
movement predictability, visual tracking of actively & passively moved hand vs target light, college students, 371
movements of spatial attention, saccadic eye movements, paid volunteers, 7143
narrow-band high vs low spatial frequency disparate texture displays, role of frequency tuned channels in control of vergence movements, 4912
number of microsaccades preceding optical judgment task requiring high acuity visual information, Os, 4906
passive body rotation & absence of textured & stationary visual field, head stabilization & eye movements & visual inattentiveness, female rabbits, 12284
perceptually mislocalized visual vs nonvisual targets, guidance of saccadic eye movements, 20–38 yr olds, 9500
personality correlates & cognitive style, lateral eye movements, female vs male college students, 3721
photoelectric system, measurement of 2-dimensional eye movements, 11568
poetic hypnograms, induction of hypnosis, 5081
processing visual & auditory & tactual information, eye movements, college students, testing of neurolinguistic programing hypothesis, 7496
quantitative & qualitative stability, relationship between simultaneously recorded EOG & infrared eye movement measures, monozygotic twins, 2 yr followup, 7461
reading ability & eye movements, 3rd & 5th graders & college students, 1-yr followup, 5504
reading proficiency & cognitive style & dynamic vs static stimuli, scanning strategies, 3rd graders, implications for TV research, 3301
right- vs left-embedded sentences in related vs unrelated discourse, visual processing of syntactic structures, graduate students, 2733
saccadic eye movements, responses of simple vs complex striate cortex cells, cats, 536
slowing of reading speed, eye movements, 7516
spatial vs verbal analytic questions, lateral eye movements, 2–11 yr olds, 3378
stimuli presented tachistoscopically in both visual fields simultaneously, postexposural eye movement direction & locus of recognition, college students vs 7 yr olds, 1022
stimulus processing time & emphasis on speed vs accuracy & sequential dependencies across successive fixations & amplitude of preceding & following saccades, duration of eye fixation, 3029
stimulus size, fusional & vergence amplitudes, S, 9499
superior colliculus lesions, gaze shifts to eccentrically displayed stimuli & visual discrimination, rhesus monkeys, 3117
superior colliculus projections to tactile areas of cerebellar hemispheres, control of eye & head movements, rats, 7464
suppression differences over time during binocular rivalry, microsaccadic activity level, right handed males, 4942
surgically induced strabismus, role of anomalous visual input of deviated eye vs neurophysiological factors in reduced visuomotor capacity, cats, 786
surgical technique for implantation of magnetic search coils in front of insertions of extraocular muscles, measurement of eye position, animals, 79
target variations, smooth pursuit eye movements, schizophrenics vs manic depressives under 40 yrs old, 12977
target velocity vs retinal position, size & speed of smooth pursuit eye movements, 10–40 yr old males, 384
theories on eye movements & stability of perceived world, 4928
time courses of horizontal saccades & quick phases of vestibular nystagmus, cats, 7511

time decay, validity & reliability of binary coding of speech & glances, 7000
typical leftward vs rightward reflective eye movements on spatial vs nonspatial syllogisms, visual tracking performance, right handed females, 7497
verbal command vs gestural directions vs illuminated target appearance, eye &/vs head movements, mentally retarded vs normal children, 6061
verbal vs spatial fixation stimuli & frequency of nouns, word recognition & visual field superiority, college students, 2688
vertical whole body rotation with restrained vs unrestrained head movement, voluntary saccade & role of vestibulo-collic reflex & linkage between head & eye movement, rabbits, 636
vestibulo-ocular reflex function, monkeys, literature review, 5189
visual scanning strategies on Motor-Free Visual Perception Test, perceptually impaired 9.2–11.5 yr olds, 13063
visual stimulus intensity & foreperiod duration & location probability, oculomotor & manual choice RT, college students, 11909
voluntary saccades vs nystagmus, assessment of strength between retinal image subjective stabilization & saccadic suppression, 4933
Eyeblink Reflex
applicability of method of descending limits, audiometric test potential of eyeblink reflex modulation, male college students, 11599
beta-phenylethylamine vs pargyline vs apomorphine vs haloperidol, blink rate, male monkeys, 12377
electrophysiological study of early blink reflex, synaptic organization in facial nucleus, 29–54 yr olds with postfacial palsy contracture & mass contractions, 13079
eyeblink frequency differences during reading vs TV viewing, EEG activity, young adults, 12244
hippocampal vs cortical lesions, Pavlovian eyeblink & heart rate & EMG conditioning & free-field activity, rabbits, 9900
illumination & touch, inhibition of eyeblink reflex & attention to target area, 7166
intensity of eyeblink-eliciting airpuff, modification of eyeblink reflex by auditory stimulus preceding CS, college students, 468
intensity of monaural vs binaural tone bursts, inhibition of eyeblink reflexes elicited by percutaneous stimulation of supraorbital trigeminal nerve branch, adult Ss, audiometric implications, 708
monaural & binaural acoustic prestimulation, inhibition of glabella reflex, college students, 7513
physiological changes during short term memory tasks, male college students, 5297
properties of signaling stimulus & interstimulus interval, response to aversive stimulation, college students, 11988
speech motor activity, blink frequency, 19–44 yr olds, 7519
tone loudness in quiet vs white noise, eyeblink reflex modulation, college students, 11877
warning stimulus preceded vs not preceded by discriminative stimulus, eyeblink reflex elicitation & inhibition & heart rate, college students, 7537
Eyelid Conditioning
atropine methyl nitrate vs 6-hydroxydopamine hydrobromide, differential classical conditioning of eye-blink & heart rate, rabbits, 9911
complexity of reinforcement contingencies in differential classical eyelid conditioning, role of contingency awareness in probability of conditioning, 452
concurrent visual & acoustic input, augmentation of air puff-elicited eye blink, college students, 2655
conflict between components of CS, differential classical eyelid conditioning, college students, 450
hippocampectomy, Pavlovian conditioned heart rate & eyeblink responses, rabbits, 7595
neural unit activity in sensorimotor cortex during classical conditioning of nictitating membrane response, albino rabbits, 2981
pre-exposure to ready signal, human eyelid conditioning, female college students, 2662
sound vs shock conditioning stimuli, electrodermal vs vasomotor vs eyelid reactions, 17–30 yr old college students, differential analysis of human conditioning, 9286
trace conditioning as inhibitory procedure, eyelid conditioning, rabbits, 575
visual CSs projected to left vs right visual field, role of cerebral processing asymmetries in differential classical eyelid conditioning, attempt to replicate E. Saltz's findings, 451
Eysenck Personality Inventory
computer vs manual administration of Eysenck Personality Inventory, reliability, mental health patients, 9366
correlations between Eysenck's & Jung's & Sheldon's typologies, 4647
Eysenck Personality Inventory Lie scale as measure of conformism, high school & college students, 13678
personality factor analysis, Eysenck Personality Inventory, English vs Japanese 10–15 yr olds, 7011
simple factor analysis vs complex nonmetric multidimensional scaling method, structure of Eysenck Personality Inventory, nursing & college students, 9309
social desirability ratings & susceptibility to intentional distortion, Eysenck Personality Inventory items, adults, 11637
F Test
pseudogroup & quasi-F statistical analyses of group vs individuals design, 11714
sample size, robustness of Z & t & F tests, 11700
statistical analysis of successive measurements F tests to control probability of false positives in psychophysiological research, computer applications, 4859
variance stabilizing transformations, significance level & power of F test, 2563
Face (Anatomy)
facial image size, judgments of emotions vs attitudes vs personality traits, middle aged Os, 1259
misleading information about face, memory for face, college students, 11952
perception of whole vs half facial drawings, patients with right vs left cortical lesions, 1562
sex of Ss & stimulus face & presentation to left vs right visual field, facial recognition, right handed college students, 11725
stimulation to face vs hand, hemisphere superiority of tactile perception, 5 yr olds, 3363
Facial Expressions [See Also Smiles]
age & sex, verbal recall of observed simulated assault & theft & recognition of assailant & victim & friend, 15–26 vs 65–90 yr old eyewitnesses, 12833
age & social inhibition, recognition & imitation of facial expressions, 6–7 & 9–10 yr olds & college students, US vs Zambia, 5457
asymmetry of facial expressions, left vs right handed 8–10 yr olds, 5234
categorical set of words describing emotions portrayed in drawings, judgments of emotions & subjective semantic space, secondary school & college students, 12548
cerebral asymmetry in facial expression & emotional attribution, reply to P. Ekman's & C. A. Nelson's & F. D. Horowitz's & S. I. Spinrad's comments on study by H. A. Sackheim et al, 2973
deception of perceived expert vs nonexpert, facial cues & eye contact & successfulness, college students, 12798
differential emotions theory vs facial feedback hypothesis, comments on theory of R. Tourangeau & P. C. Ellsworth, 11548
facial expressions, indication of intensity of emotion, female 18–35 yr olds, 5797
facial expression sequence, judgments of emotion, female college students, 5831
facial expressions &/vs context, judgment of emotion in news magazine photographs, college students, 10363
fearful vs happy facial expression & neutral cue & aversive stimulation, conditioned emotional response to cue vs expression, college students, 5059
handedness of S & poser, perception of emotion in tachistoscopically presented faces & expression of emotion, male Ss, 12213
imitation of tongue protrusion & mouth opening, 17–20 day olds, 12458
interrater reliability, facial affect scoring technique as mimic classification procedure for analysis of emotional states in social interactions, 11674
methodological flaws in theory of facial expressions & experience of emotion, criticism of methodology used by R. Tourangeau & P. C. Ellsworth, 11580
nature of disorder, recognition of emotions in facial expressions, schizophrenic vs anxious depressed vs unsocialized aggressive school age children, 10534
nonverbal sensitivity to facial cues vs unknown others vs dating partner, exclusively dating couples, 1241
normal orientation of facial features on inverted face, attenuation of reduced ability to recognize upside-down faces, 4946
physical feature vs abstract trait orienting strategies, facial recognition, college students, 488
positiveness of facial expression which accompanied mentioning 1976 presidential candidates' names, TV news anchorpersons, 5418

presentation in left vs right visual field, perception of facial expression or identity, right handed college students, 7495
presentation of sad vs happy faces to right vs left visual field, identification of facial expressions, 18–27 yr olds, implications for hemispheric specialization, 12233
proprioceptive & pictorial stimuli, emotional responses & facial expressions, normal vs overweight college students, 3919
recognition of American vs Malay facial expressions, American vs Temuan adults vs Malay male secondary students, 5611
recognition of emotions in facial expressions, Estonian vs Kirghiz college students, investigation of P. Ekman's model, 5820
responses to positive vs negative facial emotions, schizophrenics vs neurotics vs alcoholics, 3751
retention interval, recognition for facial identity & expression & orientation, 18–31 yr old females, 5047
sex & cerebral dominance, discriminative RT to facial emotions, college students, 5220
sex differences, asymmetry in facial expressions, college students, implications for hemispheric asymmetry in control of emotional expression, 12190
sex & iris pigmentation, response to pupillary attributions of happy & angry faces, male vs female college students, 3667
side of brain damage & type of expression, choosing most expressive of chimerical symmetrical faces, patients with mean age of 55.2 yrs, implications for central asymmetrical processor, 13083
site of cerebral excisions & injections of sodium amytal, spontaneous facial expressions & mood, 16–53 & 15–38 yr old patients, 13121
theory on facial responses & experience of emotion, professional rebuttal to criticism of R. Tourangeau & P. C. Ellsworth, 11607
unitization techniques, study of emotion in spontaneous nonverbal behavior, 5789
viewer & interactant sex & viewer age & facial expression & stimulus realism, perception & evaluation of aggression, 3rd & 5th & 7th & 9th & 11th graders & college & graduate students, 1088

Facial Features
ability to discriminate between mother's vs stranger's photographs, 3 mo olds, 10017
accuracy of verbal description vs "Photofit" constructed likeness of target face, 29–63 yr olds, implications for eyewitness identification, 7248
actual performance of vs mere observation of performance of facial feature recognition task, transfer of learning, adolescents, replication of M. H. Marx's study, 5036
age, recognition of White vs Japanese faces & inverted faces, White preschool age through adult Ss, implications for schema theory, 464
attention training & features & orientations of cartoon faces, perceptual learning, 4–6 yr olds, 12529
cerebral dysfunction & Capgras syndrome & prospagnosia, literature review, 6147
complexity & common vs unusual images, RT for correct identification of schematic faces, college students, 9496
discrimination between familiar vs unfamiliar faces, 3 mo olds, 10018
field dependence/independence & creativity & physiognomy, males vs females, 12838
help requester with unsightly appearance, helping behavior of passersby, individuals stopped on busy street, 12787
normal orientation of facial features on inverted face, attenuation of reduced ability to recognize upside-down faces, 4946
physical feature vs abstract trait orienting strategies, facial recognition, college students, 488
production of face composite, subsequent recognition of facial photograph, college students, implications for eyewitness identification, 7264
retention interval, recognition for facial identity & expression & orientation, 18–31 yr old females, 5047
right vs left hemisphere advantage, face recognition, literature review, 726
sex & iris pigmentation, response to pupillary attributions of happy & angry faces, male vs female college students, 3667
sex of viewer vs viewed, recognition & attractiveness rating of Canadian vs British faces, males vs females, Canada, 12816

Facial Muscles
electrical stimulation, low threshold exteroceptive inhibition in masseter muscle, 21–37 yr olds, 12319
feedback control, orbicularis oris reflex & voluntary lip muscle activation, 29–41 yr olds, 12261
pain thresholds measured by signal detection methods, female myofascial pain dysfunction patients vs college students, 13127
short term relaxation training with EMG feedback, tension levels of muscles in forehead vs back of neck, 20–67 yr olds, 7544
simultaneous occurrence of rhythmical facial tremor & cortical EEG waves & thalamic neuronal bursts, awake female rats, 3004

Facial Nerve
chemical stimulation of epiglottis vs tongue taste buds, responses from chorda tympani nerve & superior laryngeal nerve fibers, cats, 12240
cortical conditioning stimuli, responses of thalamic taste cells to stimulation of chorda tympani, male rats, 736
early affective deprivation & masked depression & dental or facial intervention & emotional stress, onset of facial pain, cluster headache vs atypical facial neuralgia, 13161
electrophysiological study of early blink reflex, synaptic organization in facial nucleus, 29–54 yr olds with postfacial palsy contracture & mass contractions, 13079
gustatory stimulation, development of chorda tympani nerve responses, 2–110 day old rats, 2979
serotonin & methysergide & noradrenaline, membrane mechanisms underlying modulatory effects on facial motoneurone excitability, rats, 5412
technique for measurement of intracranial spread of current from monopolar vs bipolar brain stimulation by using motor response from VII nerve stimulation, rats, 7588

Facilitation (Social) [See Social Facilitation]

Factor Analysis [See Also Cluster Analysis, Interaction Analysis (Statistics), Item Analysis (Statistical), Oblique Rotation, Orthogonal Rotation, Statistical Rotation, Varimax Rotation]
age differences, ability factor structure, 15–67 yr olds, 994
alpha factor analysis, new model for analysis of image correlation matrix, 2579
analysis of 5-factor model, natural language of personality, 133
application of factor analysis, USSR, 2585
application of LISREL model of multivariate change structures to longitudinal data, 268
Bayesian approach, confirmatory factor analysis, 9449
cognitive dimensional analysis, stressful life events, children, 1086
comparison of methods for estimation of general factor using standardization data for Revised WISC, 11622
computational methods, greatest lower bound to reliability vs constrained minimum trace in factor analysis, 9460
computerized factor rotation in interactive BASIC, 129
confirmatory factor analysis, estimation of method vs personality factor variance on construct validity of Personality Research Form, 140
congruence coefficient, relationship of factors from one factor-analytic study to another, 4864
construction of subscales for measurement of social status factors in personal adjustment, 208
construct validity of Survey of Reading Attitudes, inner city 5th graders, 11331
cross-cultural factor analysis of Milwaukee Academic Interest Inventory, 10th & 12th graders & college students, US vs Swaziland, 6782
cross-validation of Wright-Tedeschi factors, Interpersonal Trust Scale, high school students vs adults, 9424
crude classification of observations vs normal & continuous distribution, robustness of maximum likelihood factor analysis, 2596
determinacy of common factor in infinite domain of variables, proof of theorem, 270
development & factor structure of rating scale for teacher's directiveness, perceptions of teachers' style, 10th graders, 9121
development of Difficulty in Assertiveness Inventory, 3-mode factor analysis of self reported difficulty, female college students, 2416
development & replication of factor analytic structure of original population, Menstrual Attitude Questionnaire, college students & female adolescents, 9325
dimensional analysis of perceptions of compliance-gaining situations, college students, 3630
ecological factor analysis, state characteristics, 7128
error factor analysis, sensory motor conceptual learning, children, 12521
evaluation of magnitude of Very Simple Structure, goodness of fit index for factor solutions of increasing rank, 2604
factor analysis, Barrett-Lennard Relationship Inventory, married couples, 4797
factor analysis, characteristics of play behavior, 3–4 yr olds, 1091
factor analysis, combat intelligence rating structure, 4765

factor analysis, Conflict Resolution Inventory scores, male vs female college students, 2414
factor analysis, Creative Imagination Scale, 9354
factor analysis, demographic & behavioral characteristics, 16–65 yr old female prison inmates, 11037
factor analysis, demographic characteristics, adult & juvenile prisoners, 1974
factor analysis, demographic characteristics, male & female incarcerated juvenile offenders, 1973
factor analysis, dimensions of perception of physical characteristics of homes & neighborhoods & high schools & university residence rooms, 9th & 10th graders & college students, 7016
factor analysis, East-West Questionnaire & Zen Scale & Consciousness 1 & 2 & 3 Scale performances, college students, 5854
factor analysis, group vs individual forms of Rorschach, male medical students, 7096
factor analysis, measures of affective complexity, female college students, 2424
factor analysis, measures of anxiety & neuroticism & psychoticism & intelligence & academic achievement, male postgraduate students, 6783
factor analysis, occupational role conflict & ambiguity scales developed by J. R. Rizzo et al, 9426
factor analysis, paralinguistic & analytical content & physiological & subjective arousal & emotionality & extraversion during presentation of speech, 7550
factor analysis, planning & simultaneous-successive coding processes as reflected in task choice, 8th graders, 12476
factor analysis, predictors of employability of psychologists by universities, 6833
factor analysis, Quality of Life Scale, 9–58 yr old community mental health center clients, 2486
factor analysis, ratings of adjectives describing affective quality of molar physical environments, 6897
factor analysis, responses to J. M. Yinger's nondoctrinal religious scale & religious fundamentalism scale, college students, Australia, 12646
factor analysis, results of Symptom Checklist-90, state hospital outpatients, 2463
factor analysis & construct validity, sex differences in McCarthy Scales of Children's Abilities, 3–9 yr olds, 241
factor analysis of A-B personality type of C. D. Jenkins et al, Australian Ss, 6164
factor analysis of Adult Nowicki-Strickland Locus of Control Scale, college students, 2466
factor analysis of California Psychological Inventory, 9377
factor analysis of Crites's Maturity of Vocational Attitudes Scale, high school leavers, Switzerland, longitudinal study, 11624
factor analysis of demographic & behavioral characteristics, male prisoners, 1972
factor analysis of Improvisation Test for Individuals, assessment of interpersonal style, adults, 171
factor analysis of items in Bem Sex Role Inventory & Personal Attributes Questionnaire & Masculinity & Femininity scales of Adjective Check List, college students, 2510
factor analysis of primary symptoms of minimal brain dysfunction/hyperkinesis, variance due to information sources, 4–12 yr old males, 6144
factor analysis of responses to Children's Behavioral Classification Project instrument, parents of 6–13 yr olds, 4783
factor analysis of student ratings of instruction, factorial invariance, college students, 11616
factor analysis of verbal behavior, implications for methodology & theory, 4735
factor analysis of WAIS scores, 18–19 vs 25–34 yr olds, 213
factor analysis & statistical reliability of clericalism & conservatism, high school & college students, 280
factor analysis & validity of WISC & Revised WISC, 6–9 yr olds with various neuropsychological diagnoses, 198
factor analytic reexamination of mental health attitude surveys, community organization volunteers, 4879
factor analytic structure, measure of faith in God & people & self & technology & relation to locus of control scores, 17–70 yr olds, 2543
factor analytic study of construct validity of Self-Directed Search, measurement of vocational choice consistent with personality, professional accountants, 7084
factorial analysis of social status as measured by Social Status Study scale, schizophrenics vs alcoholics vs executives vs prisoners, 210
factorial composition of Comrey Personality Scales, 17–30 yr old male vs female US Navy personnel, 7030
factorial compositions of social status as measured by Social Status Study scale, incarcerated felons vs alcoholics vs management consultants vs chronic schizophrenics, 209
factorial structure of Mach V scale, proclivities for interpersonal manipulation & deceit, White vs Mexican American college students, 11669
factors in adjustment, US settlers, Australia, 4757
factor structure, verbal & logical & visuospatial & mathematical ability, male vs female college students, 1050
factor structure & internal consistency & reliability & validity of Manifest Needs Questionnaire, registered nurses, 2451
factor structure of Stability of Self Scale, self esteem & self concept, college students, 11645
factor structure & reliability of Crites's Maturity of Vocational Attitudes Scale, developmental trends, high school & college students, France & US, literature review, 11635
factor structure & specific variance of Wechsler Preschool & Primary Scale of Intelligence subtests, 4–6.5 yr olds at 6 age levels, 9328
forced-free distinction in Q technique, 132
guide to factor analysis, 283
halving time of P-technique, statistical-psychometric reliability, use of Motivational Analysis Test for alcoholic S, 4852
invariance of personality questionnaire factors, Netherlands, 2545
item & factor analysis of Therapist Behavior Scale, assessment of client attitudes toward therapist directiveness, college students, 4784
levels of common variance & error & under- vs overrotation of factors, distortion & total amount of variance for which matrix accounts, 257
linear structural model for comparison of quasi-Markov models across populations & factor analytic formulation for between group comparisons, 7136
measurement, environmental attitudes & knowledge, replication of study by M. F. Maloney & M. P. Ward, 2535
measure of sampling adequacy for factor analytic data matrices, revision of H. F. Kaiser's measure, 7124
mediated-ranking vs conventional data collection strategies, Q-technique factor analysis of educational evaluation statements, school district program evaluators, 4878
model for 4-mode component analysis, assessment of viewer response to repetitive TV advertising, 269
multivariate analyses of genetic & environmental correlations, scholastic abilities, twins, 686
norms & factor analysis & cross correlation of 3 measures of classroom behavior, 1st graders rated by their teachers, 4412
personality factor analysis, Eysenck Personality Inventory, English vs Japanese 10–15 yr olds, 7011
personality structure, Australian vs English adults, 5850
posterior analysis, implications for standard factor analysis model, 2556
procedure & computer programs for 3-mode factor analysis, 2607
psychological demands of agricultural production tasks, factor analysis, 9199
psychometric analysis & development of norms for Willoughby Personality Schedule, implications for use in assertion & social skills training, 9428
psychometric properties & development of scales, measurement of 3 sec-order factors of inner experience & daydreaming & fantasy, 184
reanalysis of W. C. Halstead's correlational matrix of neuropsychological tests, factor solution, 7009
reliability & factor analysis, Performance Evaluation Form, Infantry vs Quartermaster Branch officers, 6842
reliability & factor analysis of Social Anxiety Inventory, measurement of social anxiety & skill, 18–67 yr old psychiatric patients, 7036
reliability & factorial complexity & predictive validity of Test of Syntactic Abilities Screening Test, differentiation of hearing impairments, mildly vs severely vs profoundly deaf 8–12 yr olds, 222
reliability & validity of Maine Scale of paranoid & nonparanoid schizophrenia, 18–60 yr old hospitalized psychiatric patients, 4804
scheduling theory, additive factors method of analyzing RTs in tasks involving concurrent mental processing, 440
Second order factor structure of Czech version of High School Personality Questionnaire, 9315
self esteem as multidimensional construct, college students, 8061

semistandard regression coefficient, application to factor vs canonical vs path analysis, 281
sex & major & school year & academic performance, factors of satisfaction with instruction, college students, 8942
simple factor analysis vs complex nonmetric multidimensional scaling method, structure of Eysenck Personality Inventory, nursing & college students, 9309
simple & multiple regression analysis, validity of open field test on individual activities of 2 groups in novel field, male rats, 7132
standardization of Revised Children's Manifest Anxiety Scale, 6–19 yr old male vs female Blacks vs Whites, 4817
techniques for analysis of item bias, 2420
time & sample invariance, clinical symptoms, 7130
uniqueness of minimum rank solutions in factor analysis, revision of J. S. William's theorem, 291
use of G index in factor analysis designs, 2615
use of Q methodology to provide operant & objective measure of self, 2609
validity & reliability & factor analysis, Attitudes Toward Women Scale, male & female tennis players, 4830
validity & reliability of Least Preferred Co-Worker Scale, measurement of least preferred co-worker's social characteristics & S's task competence, college students, 219
Factorial Validity
construct validity of Fennema-Sherman Mathematics Attitudes Scales, junior high school students, 9070
convergent & discriminant validity of Group Embedded Figures Test & Raven Advanced Progressive Matrices, measurement of cognitive styles & abilities, college students, 2549
development & validity of Educational Attitudes Inventory, kindergarten & elementary school teachers, 9072
factor analysis of Armed Services Vocational Aptitude Battery for use in high school vocational guidance, 6754
factor analytic study of construct validity of Self-Directed Search, measurement of vocational choice consistent with personality, professional accountants, 7084
factorial composition of Comrey Personality Scales, 17–30 yr old male vs female US Navy personnel, 7030
factorial dimensions in revised scales for evaluation of counselors in university counseling & testing center, counseling clients, 9124
factorial redundancy in Iowa Tests of Basic Skills, 4th & 8th graders, 9099
factorial validity of positive & negative components of Depression Adjective Check Lists, 7089
factorial validity of test item classification on Boehm Test of Basic Concepts, Mexican American & Anglo preschoolers & kindergartners, 9112
factorial validity of vocational interest scales of Vocational Preference Inventory, high school students, Australia, 7025
Graduate Record Examinations Aptitude Test, measurement of analytical ability & correlation with verbal & quantitative performance, 9114
test-retest factorial validity of Piers-Harris Children's Self Concept Scale, replication of study by present authors, 7081
Factors (Sociocultural) [See Sociocultural Factors]
Factory Environments [See Working Conditions]
Faculty [See Educational Personnel]
Fads and Fashions [See Clothing Fashions]
Failure [See Also Academic Failure]
age & ability to make comparative temporal judgments, self evaluation & cognitive assumptions after success & failure in competitive task, 28–44 mo olds, 12456
attitudes toward success & failure, psychological maladjustment as measured by MMPI, male VA hospital inpatients, 1427
causal attributions & behavioral prescriptions, college students, 12803
causal attribution & sex & professional status & past experiences, behavioral response to failure, rejected authors, 5844
choice of performance enhancing vs inhibiting drug after task success vs failure, Type A vs B male college students, 13163
chronic self esteem level vs current task feedback, emotional preferences vs cognitive expectations for success, college students, 12873
conceptions & measurement of achievement motive, literature review, 10401
cultural socialization, attributions of success & failure, Asian Indian vs Caucasian 8–10 yr olds, Canada, 5554
degree of effort rewarded in conceptual task, persistence in perceptual task, college students, 2808
depression & helplessness & failure attribution, college students, 3747
disconfirmed expectations & unattained goals, attributions to crowding, college students, 1263
expectations for distraction vs facilitation, performance after unsolvable problems, college students, implications for egotism explanation of problem solving, 11995
expectations of outcome, attributions of athletic competition successes & failures in newspaper accounts, 3644
failure detection in proprioceptive vs visual information processing channels, right handed male college students, 397
failures & causes & needed research & education, human planning, 1306
fear of failure, Indian vs Afro-Asian 17–23 yr old male college students, India, 5620
game win vs loss, stability of causal attributions over 4 wks, male high school football players, 3675
high vs low history of success & presence vs absence of audience & audience awareness of S's prior performance, social facilitation effect on task performance, college students, 3659
induced stress, perceptual vs conceptual task performance, high vs low achieving 9–10 yr olds instructed in English vs Bengali vs Hindi, India, 8912
induced success vs failure, expectations & performance, emotionally handicapped 4th & 5th grade males, 10454
intensity of traffic noise, level of aspiration & causal attribution on recognition tasks, high school students, 12593
internal vs external attributions for failure, learned helplessness, college students, 1268
labeling, failure attribution & success expectations, college students, 8055
learned attribution of failure to controllable vs uncontrollable factors, prediction of future success at same task, college students, 5783
locus of control & efficacy expectations, persistence in problem solving, college students, comparison of theories of A. Bandura & J. B. Rotter, 10373
locus of control & sex, internal vs external attribution for failure, college students, 3647
memory for own vs others' drawings & block constructions & maze paths, play following failure, 3–4 yr olds, 10086
outcome on bicycle riding task, attributions of ability &/vs effort &/vs task difficulty &/vs luck, male college students, 1335
past success vs failure, attribution to stable vs unstable causes & expected future performance, clerks, 8074
public esteem, causal attributions for success vs failure on anagrams task, female college students, 10381
public vs private disclosure situtation, actor vs O attributions for success vs failure, female college students, 1294
self-esteem, attributions in known vs unknown tasks, 13 yr old students, 3431
self serving attribution bias in interpersonal influence situations, literature review, 12753
sex & sentence cues with male vs female stimulus person succeeding vs failing in occupations with varying sex domination, approach & avoidance imagery, college students, 2220
social class & employment status, attribution of responsibility & blame for economic success & failure, White males, 5807
success vs failure at task, causal attribution & satisfaction, male college students, 8031
success vs failure in swimming competition, causal attributions, male vs female competitive swimmers, 1254
success vs failure in task affecting self esteem, helping behavior in similar vs different task, female college students, 2807
success vs failure on attention concentration test, motivation to change performance level, 11996
success vs failure on important vs unimportant test, attribution of causality as lack of effort vs ability, male college students, 1284
task success & failure, estimation of number of successes & failures, helpless vs mastery-oriented 4th–6th graders, 7859
Type A coronary-prone behavior, fear of failure orientation, male college students, 1316
winning vs losing, emotional reactions & tactical & strategical change & motivation in game playing, college students, 7282
Faith Healing
belief in role of suggestion in illness & healing, Christian Scientist college students, 5622
psychological & theological components & role of childhood experiences, R. C. Stapleton's ministry of inner healing, reply to criticism of W. Buell & L. Propst, 7930

psychological & theological components & role of childhood experiences, R. C. Stapleton's ministry of inner healing, reply to J. M. Alsdurf & H. N. Malony's criticism, 7940
psychological & theological components & role of childhood experiences, R. C. Stapleton's ministry of inner healing, criticism of J. M. Alsdurf & H. M. Malony's article, 7932
psychological & theological components & role of childhood experiences, R. C. Stapleton's ministry of "inner healing", 7929
psychological & theological components & role of childhood experiences, R. C. Stapleton's ministry of inner healing, reply to J. M. Alsdurf & H. N. Malony's criticism, 7950
psychological & theological components & role of childhood experiences, R. C. Stapleton's ministry of inner healing, reply to criticism of J. M. Alsdurf & H. N. Malony, 7933
treatment methods & effects, faith healers, India, 6215
Faking [See Also Malingering]
faking on Adjective Check List, test scores, students, 4795
hypnosis vs simulation vs instructed faking, narrowing of visual field, college students, 5074
simulation of mental illness vs normality instructions, discriminative ability of Rorschach, nonschizophrenic vs latent vs residual schizophrenic vs schizophrenic psychotic legal offenders, 2529
test knowledge & distortion of self presentation instructions, validity of obvious vs subtle personality measures, college students, 178
False Pregnancy [See Pseudocyesis]
Familiarity
ability to discriminate between mother's vs stranger's photographs, 3 mo olds, 10017
age differences, memory for stories containing easy vs difficult to understand spatial relationships, 1st vs 3rd vs 5th graders, 10106
age of S & melody familiarity & key distance, recognition of transposed melodies, musically experienced vs inexperienced college students & kindergartners through 3rd graders, 982
amygdala & stria terminalis lesions & familiarization with mice, parachlorophenylalanine-induced mouse killing, rats, 5321
audience presence during overt practice, learning of familiar vs unfamiliar words, college students, 11928
birth order differences, sociability with unfamiliar peer, 2.8 yr olds, 10194
changes in reward after conditioning, maze behavior, male rats, 7314
consensus &/vs goodness-of-fit rules for causal attributions for strangers vs acquaintances, college students, 10360
consistency of previously generated hypothesis with salient vs unusual interpretations of data, hypothesis generation performance, 7226
criticism of use of everyday situations & familiar test stimuli to achieve ecological validity in cognitive development research, 4769
development of negative reactions to strangers, infants, 12614
diet of oats vs wheat, preference for familiar food, house vs wood mice vs bank vs short-tailed voles, 12061
discrimination between familiar vs unfamiliar faces, 3 mo olds, 10018
ecological variables & examiner biases, clinical assessment, developmentally handicapped 1–5 yr olds & female college students, 5906
exposure to death & dying, fear of death & anxiety, college students, 10375
exposure to escapable shock with subsequent inescapable shock, escape behavior & norepinephrine depletion in hypothalamus & hippocampus & cortex, male mice, 737
exposure to story with vs without information about setting, story comprehension & memory, 2nd graders, 12553
exposure to unfamiliar neonates & parity, maternal behavior & fluid secretion from nipples, female rhesus monkeys, 12128
facilitative effect of advance organizers, learning & retention, 4340
familiarity, visual information processing, college students, 2772
familiarity & concreteness of stimulus nouns, paired associate learning, college students, 9564
familiarity & imagery & interest & reading ease & word frequency, comprehension of reading passages, middle school students, 13567
familiarity of background music & test difficulty, reading comprehension test scores, college students, 4429
familiarity of content, sentence comprehension, elementary school students with mean ages of 5.9 & 6.10 & 7.8 yrs, 3310
familiarity with others & breed, spatial behavior, castrated male sheep, 7389
familiar urban scenes, recognition, high school & college students, 3373
fear of snakes & flooding sessions, fear reduction, wild vs laboratory reared monkeys, 12009
feeding on one or other of differently moving prey types, preference for familiar vs unfamiliar type, 3-spined sticklebacks, 12146
frequency of exposure to stimuli, attitude enhancement, Ss, 12828
game vs nongame slides, speed of location of volleyball, female college athletes vs nonathletes, 4881
guessing instructions vs familiarity with stimuli vs array structure vs retinal location, letter recognition accuracy, college & graduate students, 11802
handling & order of sucrose vs saline solution presentation, drinking behavior & pituitary-adrenal responses, female rats, 7427
high vs low performance model & task experience, goals & performance & performance satisfaction, male college students, 1288
immediate vs remembered visual vs auditory esthetic judgments of familiar environments, college students, 11958
increased aggressiveness in familiar locations, variations in agonistic tendencies with location, male yellow-hooded blackbirds, 672
inner-other directedness & defiant S effect & previous experience, conformity, male vs female college students, replication of S. E. Asch's study, 3714
instructions to form common vs bizarre images as visual mediators, paired associate learning, college students, 482
instructions & visual experience, accuracy of relative distance judgments, adventitiously vs congenitally blind vs sighted 21–60 yr olds, 8361
intellectual skills & instructions & prior knowledge & congeniality of essay with own attitudes, recall of essay on student activism, college students, 11986
isolation vs presence of mother vs peer from same vs different social group, plasma cortisol levels & agitated behavior & physical contact & vocalization, mother-reared rhesus monkeys captured from their social groups, 7404
length of musical training, preference for right vs left ear in identification of recurring melodies & excerpts, college faculty vs student musicians vs nonmusicians, 7499
level of musical competence, degree of left ear superiority for perception of dichotically presented musical chords, professional vs amateur musicians, 402
local stimuli & familiarity with release site vs clock shifted release times, initial orientation, homing pigeons, 9638
male vs female Christian names, familiarity & favorability, Australian & English Ss, 12844
mathematics experience, use of left hemisphere in response to mathematical questions, right handed college students, 12215
meaning dependent ratings of imagery & age of acquisition & familiarity & concreteness, ambiguous words, college students, 5425
melody vs title cues of songs, familiarity vs time of popularity judgments vs lyric recall, middle aged vs elderly, 11927
mother-infant interactions, 20–30 yr old true vs unfamiliar mothers & neonates, 12663
multilevel race model, orthographic & lexical familiarity effects in simultaneous alphabetic letter matching task, college & graduate students, 950
musical content & familiarity with piece & musical training, musical preference & equality ratings, college students, 5440
neighborhood familiarity, affective responses to photographs of neighborhoods, 21–30 yr old residents, 13789
oral vs tactual familiarization with shape, visual recognition memory & cross-modal transfer, 25.5–32 wk olds, 12543
organization of letters in columns vs rows, role of reading experience on errors in letter identification, 4–6 yr olds vs English-speaking adults vs bilingual Chinese, 353
orthographic structure & familiarity, word superiority effect in physical & phonetic & semantic & lexical decision tasks, criticism of findings of T. H. Carr et al, 4986
outlines as advanced organizers & familiarity with material & text genre, free recall of prose, college students, 455
pairs of letters vs rotated letters vs nonsense forms presented simultaneously vs successively, RT for "same" vs "different" judgments, college students, 11852
passive vs active exploration with palm vs fingers for 2 sec vs unlimited exposure time, form detection, college students, 2654
phonetic construction & word familiarity & word context & speaker & recording characteristics, intelligibility of words, 5427
pictorial stimulus novelty & familiarity, same/different recognition, right- vs left-hemisphere-damaged adults, 13138

pictures of parents vs strangers, social perception & responses, 9–24 mo olds, 12568
positive &/vs negative neutral evaluation information before vs after seeing film, ratings, graduate students, 11901
presentation to right vs left visual field, naming & discrimination of Chinese characters, male Chinese vs North American Ss, 9772
pretraining on covariation concept & response format & cognitive strategies, accuracy of identification of relationship between events, 10th graders & college students, 7238
previous background feeding & color vs taste vs nutritional value of foods, food preferences, bank voles, 12060
prior experience, mock juror case judgments, male college students, 1280
prior exposure to experiment topic, understanding of experimental material at time of presentation, 6–6.7 yr olds, 3304
prior knowledge of fixed target set of letters, word superiority effect in letter identification task, college students, 5026
prior knowledge of verbal rules, comparative judgments of container fullness, 5–15 yr olds vs adults, 12523
prior knowledge vs brief study & familiarity vs unfamiliarity of map, estimation of distance between sites, college students, 11730
ratings of randomly selected nouns for age of acquisition & imagery & concreteness & familiarity & ambiguity, college students, 5426
reading ability, recall of familiar vs unfamiliar text, 3rd & 5th graders, 5531
repeated demonstration of sensorimotor actions, changes in imitation, 6 mo olds, 6-mo study, 3339
repetition of infrequent familiar vs unfamiliar visual patterns, event related brain potentials, male college students, 12218
sentence context presentation rate, recognition of likely sentence completions vs lexical semantic anomalies, college students, 949
sentence recognition test delay, differential recognition & memory for script changes vs script implications in stories, college students, implications for script knowledge for everyday activities, 461
sexual composition of rearing group, preference for novel vs familiar member of opposite sex, Japanese quail, 12094
S familiarity with free-response target pool, ESP & memory processing in ESP task, 12
similarity of task, transfer of release of proactive interference obtained through orienting tasks, college students, 7243
situational vs emotional information & familiarity of setting, reduction of crowding stress, college students, 12756
stimulus familiarity, semantic memory, college students, 2789
stimulus familiarization, aesthetic judgment of paintings, 7–7.11 yr old males & females, 964
structured vs nonstructured basketball game information, recall level, female college basketball players vs nonplayers, 5013
subspecies differences, curiosity & activity, Bolivian vs Columbian squirrel monkeys, 9745
target speed & length of viewing time, coincidence anticipation in velocity judgment, normal vs mentally retarded 8–13 yr olds, 1551
unguided learning instructions vs high- vs low-level orienting task, recognition memory for faces & random shapes, 55–59 yr old male amnesic alcoholic Korsakoff patients, 8107
verbal vs nonverbal communication with strangers vs acquaintances, Down's syndrome 17–37 yr olds, 10602
viewing vs not viewing S. Milgram's obedience film, predictions of punishment level in obedience situation, college students, 1291
visual repetition of words in same vs different language, facilitation of lexical decision, Hindi-English bilingual postgraduates & high school students, 9976

Family Background [See Also Family Socioeconomic Level, Parent Educational Background, Parental Occupation]
academic & nonacademic employee qualifications, selection strategies, employers, implications for guidance counseling, 4499
background factors & speech development & behavior, elective mute vs speech retarded vs normal 6–8 yr olds, 10629
behavior problems, 3 yr olds with West Indian vs British parents, England, 1511
bulimic behavior & weight & family history & psychological adjustment & medical complications, female patients with bulimia, 13143
childhood & adolescent role models, occupational choice, college professors vs blue collar workers from blue collar backgrounds, 10223
cultural factors & school & home environment & family characteristics, cognitive & perceptual & personality development, American vs Mexican 6.7 vs 9.7 vs 12.7 yr olds, 6-yr longitudinal study, 12459
demographic characteristics of family & contraception knowledge & practice & motivation for & boyfriend & parents' reaction to pregnancy & premarital sexual activity, unwed pregnant teenagers vs sexually active adolescents seeking contraception, 3568
demographic & diagnostic & familial & drug abuse variables, suicide attempts, patients with residential drug treatment program, 8221
factors affecting conjugal violence, couples, 3830
family background & behavior, 8–21 yr olds referred for residential treatment & identified as fire-setters, 10556
family background & high school coursework & academic ability & success orientation & educational goals, entry into male-dominated fields, female 1972 high school graduates, 4489
family background & psychological characteristics & treatment recommendations, 23–62 yr old wives of transvestites, 13231
family background & psychological correlates, juvenile delinquency, literaure review, 10540
family background & respect for mothers & fathers, heterosexual vs homosexual females, 3474
family educational background & atmosphere & socioeconomic status, math & reading comprehension level, 3rd graders, Canada, 6684
family experiences & professional functioning, psychotherapists of mean age 36.1 yrs, 11118
family history of affective disorders & alcoholism, agoraphobic vs social phobic vs miscellaneous-specific phobic patients, 10504
family & social characteristics of home, behavior problems, preschool age children & their British vs West Indian parents, England, 1-yr followup, 1512
family variables associated with child abuse, literature review, 10544
parent & sibling sinistrality variables, degree of handedness indicating incidental intrafamilial learning as negligible factor, college students & teachers, 12219
perception of parent's childrearing practices, offspring of Holocaust survivors vs offspring of general population, Israel, 7960

rapid social change, problems in differentiation of normal vs deviant behavior, 7912
reactions of parents of children undergoing hemodialysis, 4134
Research Diagnostic Criteria, prevalance of schizoaffective disorder & assessments of family history vs drug response vs clinical vs laboratory variables, bipolar I depression patients, 1478
segregation & genotype linkage analysis, predisposition & incidence of unipolar depression, family members, 12950
sex differences & lack of occupational training & religious affiliation & psychiatric problems in family, prevalence of psychosomatic & neurotic syndromes, 19–20 yr olds, Switzerland, 12944
sex roles & family & society, literature review, 10220
women's family roles & mental health, 10216
Fantasies (Thought Disturbances)
aggressive fantasies & behavior, 16–21 yr old incarcerated females, 8206
behavior therapy within Karma Yoga setting, 43 yr old Hindu female with obsessive fantasies, 6364
psychological & social factors, mystical possession, socially marginal Chinese-Mexican 39 yr old male with hysterical personality, Mexico, 8142
Fantasy (Defense Mechanism)
analytical music therapy, exploration of fantasy & unconscious material, 32 yr old male schizophrenic, 6266
erotic fantasies during & outside of heterosexual activity, 20–45 yr old males, 12710
group formation & group fantasy, psychohistory of medical school as group cultural setting, 1243
Farmers [See Agricultural Workers]
Fascism
Holocaust as public policy in 3rd Reich, historical background, 9238
methodological criticism, studies of children of Nazi Holocaust survivors, literature review, 6994
perception of parent's childrearing practices, offspring of Holocaust survivors vs offspring of general population, Israel, 7960
psychotherapy, Holocaust victims, 13208
short-term therapy awareness groups, young adults whose parents survived Holocaust, 8667
Fat Metabolism [See Lipid Metabolism]
Fatalism
family income & sex & familism, locus of control as measurement of fatalism, Anglo vs Mexican American high school students, 1132
Father Absence
absence of father in childhood, adult self concept & interpersonal relations with men, female college students, 3565
adult male death, household permanence & agricultural success, pioneer Japanese farmers, Bolivia, 10213
antisocial behavior & father absence, social egocentrism, 13–17 yr old Mexican American females, 12452
father absence, psychosocial development & education, children, 1093
father absence & socioeconomic status, verbal & mathematics skills, males, 3362
father loss, evaluation of parents, college students, 3540
father loss through death vs divorce, self concept & evaluations of happiness of family situation, 5th–8th graders, 12601
number of years of father loss through death vs divorce, level of external locus of control, college students, 8076

personality traits of wife/mother, family dysfunction & adjustment, families with husband/father missing in action, 3515
psychotherapy, coping with chaotic environment, 4 yr old female, 6234
socioeconomic status & father's absence & family size & birth order, conceptual style preference, male vs female 6th graders, Jamaica, 976
TAT measures of castration anxiety as index of gender identity, father present vs absent college males, 2532
use of aggression & coercion to elicit compliance, mother-only vs intact & deviant vs normal families, 10561
Father Child Relations
characteristics & intervention & prevention, father-daughter incest, 10559
childhood development & relationship with mother & father, psychodynamics of male homosexuality, homosexuals & their parents, 1190
effect of intense father-child relationship on therapeutic strategy, 9 yr old male with school phobia & his psychotic father, 13235
effect of J. S. Mill's emotional liberation from father on his political & social & economic theories, 1325
family background & respect for mothers & fathers, heterosexual vs homosexual females, 3474
family risk factors, females who had incestuous vs seductive relationships with their fathers during childhood, 8201
father child interaction patterns & self esteem, children & fathers in suburban middle class Black working families, 10248
functions & roles of fathers, childhood psychological & social development, 1154
interaction quality at 2 mo, attachment security at 7 mo, father-infant dyads, longitudinal study, 7856
language patterns obscuring occurrence of father-daughter incest, diagnosis by child protection professionals, 1628
parental preference & vocational aspiration & self concept & leadership, female college students, 7955
parental relationships, schizophrenics vs their siblings, 8177
parent-child attitudes & communication patterns, 28–50 yr old parents of stuttering vs nonstuttering 4–13 yr olds, 8290
paternal behavior during pregnancy & infancy & early childhood & father-child relationship, psychopathology in children, literature review, 5638
paternal influence, socialization process, literature review, 7969
paternal relationships & adolescent personality, marihuana use, female adolescents, 3466
paternal warmth & child centeredness & methods of control & accompanying maternal traits, marihuana use, 16–20 yr old males, 10136
perceptions of praise & affection & confidence & discipline given by mothers & fathers, male vs female high school students, Senegal, 1097
performance & similarity in age & sex & occupation, sibling identification & friction & father-son closeness, college students, self esteem maintenance model, 3549
presence of mother vs age vs sex of child vs behavior setting, responses to child's demands in shopping center, fathers, 7973
psychological characteristics of "good" & "bad" fathers, 7965
research methods, study of fathering & father's role, 74
self disclosure patterns, adjusted vs maladjusted male adolescents, 8212
Fathers
evolution of identity congruence, 28–51 yr old gay fathers, 10285
father child interaction patterns & self esteem, children & fathers in suburban middle class Black working families, 10248
father's occupation & delinquent peer associations & rationalization & self reported minor vs predatory vs aggressive delinquency, Anglo vs Mexican American college students, 1524
functions & roles of fathers, childhood psychological & social development, 1154
mothers' & fathers' sex role conflicts, expectant/new parents, 10222
parental influence, animistic responses, 5th & 6th graders, implications for development of concept of life, 985
paternal influence, socialization process, literature review, 7969
paternal relationships & adolescent personality, marihuana use, female adolescents, 3466
perceived parental practices, evaluation of self & mother & father, college students, 3537
political & religious attitudes of self & youths' attributions of parents' attitudes, mothers & fathers & their 16–26 yr old youths, 3460
presence of mother vs age vs sex of child vs behavior setting, responses to child's demands in shopping center, fathers, 7973
psychiatric treatment subsequent to artificial insemination, donors & mothers & sterile fathers & children, 1662
psychological characteristics of "good" & "bad" fathers, 7965
research methods, study of fathering & father's role, 74
social class distribution, fathers of autistic children, 8184
sociological analysis, Freudian symbolism of father, 2316
Fatigue
attention to external vs internal cues, perception of physical symptoms & fatigue during exercise, college students, 2664
auditory fatigue, intensity vs perception thresholds & pitch perception & temporal integration of sound & function of sound, 401
dextroamphetamine vs diazepam vs placebo, drug preference & mood, 21–32 yr olds, 12374
duration in communication by cries, infants, 3380
fatigue from wearing AN/PVS-5 night vision goggles, helicopter operation skills, aviators, 9200
individually calibrated sustained static exercise, time to sleep onset & slow wave sleep, college students, 7440
patterns of eyestrain as measured by binocular accommodation & critical flicker fusion frequency, inspection vs clerical workers, 4534
personal & occupational factors, fatigue, 24–42 yr old factory workers, Japan, 11500
practicing motor skill under fatigue vs nonfatigue condition, learning & performance under heavy fatigue condition, male college students, 2679
removal of milk & butter & yogurt from diet, symptoms of confusion & delusion & memory impairment & poor mental efficiency & fatigue, patients with thought disorders, 10757
selective fatigue in human motor systems, female 17–38 yr olds, 2978
tonic & phasic heart rate, measurement of mental fatigue, 9821
video display terminal use, attitudes toward work & office automation & mood & physical symptoms, office workers with mean age of 23 yrs, 13766
Fatty Acids [See Also Phosphatides]
estradiol benzoate, food intake & body weight & plasma triglycerides & free glycerol & fatty acids, ovariectomized female rats, 7684
meal consumption & cues & ventromedial hypothalamic lesions, serum corticosterone & glucose & free fatty acids, male rats, 7597
prostaglandins & clonidine & estrus, lordosis, ovariectomized guinea pigs, 9939
Fear [See Also Panic]
age & religiosity, adult males with high vs low fear of death, 1314
age & sex, development & projection of fear, 1st–4th graders, 5551
alcohol & expectancy of alcohol, fear & avoidance behavior, snake-fearful Ss, 9956
amount of course credit as reward & E knowledge of S's fear & stated purpose of test, measurement of fear with Behaviour Avoidance Test, college students, 2473
amygdaloid vs striaterminalis lesions, maternal behavior & fear response, nulliparous female rats, 7599
anticipation of affective stimulation & fear of mutilation, heart rate & evoked potentials & contingent negative variation, male college students, 7409
anxiety vs fear & sense of self & effective functioning, 1305
assessment of perceptions of danger, implications for research on safety strategies, 5790
aversion relief & systematic desensitization & modified flooding & cognitive rehearsal & anxiety management, fear of choking, male 21–75 yr olds, 4070
aversive classical conditioning, defensive responses & depression of appetitive response as evidence of conditioned fear, Aplysia californica, 12081
behavior therapy, night fears & sleeplessness, 5 yr old male & 8 & 13 yr old females, 1798
cold pressor test & sensory information, distress judgments, high vs low fear female college students, 12297
coping response training vs biofeedback assisted in vivo densensitization, fear reduction, female college students, 1809
correlation of freezing & conditioned suppression of barpressing vs licking vs spontaneous activity, female rats, 7295
covert modeling for reduction of children's fears, critique of paper by S. L. Chertock & P. H. Bornstein, 10904
efficacy of antianxiety drugs, fear & stress, implications for appropriate usage with physical vs psychiatric disorders, 1836
empirical phenomenological approach, assessment of personal descriptions of fear, college students, 1301

experience of helplessness & existential fear & sensory input overload, correctional officers held as hostages, 13031
experimental procedure differences, performance on 1- vs 2-way avoidance conditioning tasks following septal lesions, female rats, 7610
exposure to fear-provoking stimulus, fear reduction, 4045
fear arousal & deindividuation, indirect & direct aggressive behavior, college students, 10342
fear of failure, Indian vs Afro-Asian 17–23 yr old male college students, India, 5620
fear of parental physical punishment, empathy, 9–10 yr olds from Greek island, 7896
fear of snakes & flooding sessions, fear reduction, wild vs laboratory reared monkeys, 12009
fear & risk & consequences of crime, urban men vs women, 3691
field dependence & scores on MMPI Hysteria & Psychasthenia scales, female psychiatric patients, 1448
flooding procedures, extinction of avoidance response & conditioned fear, literature review, 6329
footshock & ACTH in conjunction with cues & ACTH blocking by naloxone & naltrexone, avoidance learning, male rats, implications for endogenous opioid involvement in fear learning, 12025
frequency of imaginary vs realistic fears, developmental changes in structure of fears, kindergartners vs 2nd vs 6th graders, 5541
hopes & fears concerning self & others & society & world, household interview respondents, implications for social marketing in promotion of human services programs, 13395
increase in arousal after extinction of fear response, disinhibition, dogs, 7326
injury, activation of fear motivation system & accompanying defensive behaviors & pain motivation & accompanying recuperative behaviors, animals, 5138
lack of physician-patient communication & side effects & sense of well-being & depression & sick role & heresay & fear of diagnostic procedures, noncompliance with treatment, hypertensives, 13338
observational scale for measurement of anxiety & pain, reply to criticism by S. Shacham & R. Daut, 4800
paired training, facilitation of synaptic input to motor neurons indicating aversive associative learning, Aplysia californica, 12020
parental emotional attachments & arousal processes, response to fearful TV stimuli, school age children, 7743
psychosexual development, panic-fear personality types, 14–76 yr old asthmatic patients, 1573
psychotherapeutic intervention as emotional support, terminally ill children, 3982
rape, general fears & fear of rape, female rape victims & nonvictim college students, 3862
representations of joy & sadness & anger & fear, Ss with mean ages of 4.8 & 6.6 yrs, 965
self vs situational cue response pattern in self perception, positive vs reverse placebo effects, college students, 5795
sex & fear level, snake approach behavior, college student dyads, 2809
sex & high vs low fear conditions, affiliation motivation, Mexican vs Anglo American 10th–12th graders, 1083
signaled vs unsignaled shock, preference & extinction of contextual fear, male rats, 12031
S locus of control & level of fear appeal in questionnaire, attitudes & intentions, community residents, 8057
social desirability & sex, self reported fears, college students, 3680
territorial marking, fear of theft & assault, Ss under 65 vs over 65 yrs, 1287
TV viewing, alienation & fear of walking near one's home at night, replication of study by Gerbner et al & General Social Surveys of 1975 & 1977, 7712
Type A coronary-prone behavior, fear of failure orientation, male college students, 1316
validity & stability of MMPI panic-fear scale in asthma, 13–72 yr old asthmatics, 4781

Fear of Success

conceptions & measurement of achievement motive, literature review, 10401
early participation in sports, fear of success, graduate students, 8063
fear of success, intrinsic motivation & causal attribution & choice behavior, college students, 5898
fear of success, motivation & personality traits, female college students, 1342
fear of success, theory & methodology & research, 10393
high vs low status & same-sex vs mixed-sex competition, RT performance & group vs personal goals & achievement motivation & anxiety, college students, 8022
perceived parental response toward autonomy & success, fear of success, male vs female college students, 10388
personality & occupational deviance & sex & role overload, fear of success, 30–60 yr olds, 3566
sex & sentence cues with male vs female stimulus person succeeding vs failing in occupations with varying sex domination, approach & avoidance imagery, college students, 2220
theory of success anxiety attributed to competition, working women, 4492

Fecal Incontinence

hypnotic treatment, thumb-sucking & enuresis & encopresis, 9 yr old male, 6429
progressive muscle relaxation & desensitization, toilet phobia, 4 yr old male with encopresis, 1828
social work intervention & behavior modification, fecal incontinence, encopretic 5–11 yr old males, 6365
toilet training & cuing & praise & self cleaning, classroom encopresis, 6 yr old male, 1780
token reward system treatment, encopretic 9–11 yr old males, 1800

Feeblemindedness [See Mental Retardation]

Feedback [See Also Auditory Feedback, Biofeedback, Biofeedback Training, Delayed Auditory Feedback, Delayed Feedback, Knowledge of Results, Sensory Feedback, Visual Feedback]

attributed arousal & duration of effect of pills & positive vs negative intelligence test feedback, attitude toward test & reports about effects of pills, male 13–17 yr olds, 5452
behavioral feedback procedure, reduction of nonattending behavior, hyperactive 6–8 yr old males with vs without attentional deficits, 1823
behavior modification training manual with monitoring & feedback, use of behavioral principles with mentally retarded clients, direct care staff, 13469
bogus results on art preferences & ethnic values creating social categories vs common fate, change in attitude toward aborigines, college students, Australia, 1136
chronic self esteem level vs current task feedback, emotional preferences vs cognitive expectations for success, college students, 12873
cognitive vs outcome feedback & task congruence & properties, probability learning, college students, 446
commentary on F. M. Toates's concept of homeostasis & drinking, 6935
computerized early warning system, prevention of genocide, 50
computer system response time variability, interactive graphical problem solving, college students, 4570
configurality in multiple cue probability learning, college students, 11956
congruent vs incongruent teacher success expectancy & feedback communication, reading comprehension & effort expended, low-achieving high school students, 4342
contingent restraint, reduction of stereotyped body rocking, profoundly retarded 8–31 yr olds, 8551
control vs no control over noise & success vs failure vs no feedback on performance, cognitive task performance, male college students, 297
data entry procedures & response sensitive instructional strategy, data entry accuracy & training time, US Army enlisted personnel, 2231
development of survey feedback tool for assessment of management styles & attitudes & organizational analysis, plastics firm top managers, 2435
development & reliability of Feedback Assessment Scale, measurement of performance feedback in organizations, manufacturing plant & university employees, 11658
discrete vs continuous approaches to study of judgment & choice & functional & dysfunctional aspects of judgmental heuristics, 9542
dyadic verbal communication performance, learning disabled vs normally achieving male 4th & 5th graders, 13610
EEG feedback as diagnostic method, borderline pathologies, 3950
effectiveness of 3 training techniques, establishment & disruption of position stereotyping of responses during color discrimination training, nonverbal autistic 6.3–7.2 yr olds, 8149
evaluation apprehension instructions vs negative feedback, heart rate while rating series of photographs, college students, implications for E expectancy effects, 6966
explicit informational feedback about errors, learning miniature artificial language, college students, 11938

exteroceptive feedback stimulus, shuttlebox avoidance behavior during short intertrial intervals, male rats, 12078
family assessment & feedback technique, family therapy, families, 2 case reports, 13245
feedback control, orbicularis oris reflex & voluntary lip muscle activation, 29–41 yr olds, 12261
feedback & feedforward & feedwithin strategic systems information, 41
feedback for correct detections & false alarms, vigilance task performance, hyper- vs hypoactive 6–10 yr olds, 1607
feedback function of response rate determining reinforcement rate in VI reinforcement, 4722
feedback vs self monitoring vs self determined performance standards vs self reinforcement vs self instruction, arithmetic & verbal performance, 3rd–6th graders, 6649
focusing information &/vs videotape self confrontation feedback in assertiveness training, self report & behavioral measurements of ability to refuse unreasonable requests, nonassertive female college students, 10850
goal setting & feedback, prevocational manual training task performance, trainable mentally retarded 15–18 yr olds, 11044
high vs low impulsiveness & standard test administration vs verbalization &/vs feedback, performance on Raven Coloured Progressive Matrices, 2nd graders, 4840
ideal requirements for feedback of automobile fuel consumption for conservation of gasoline, failure of current standard equipment, 11524
immediate feedback, ESP performance & reliability, reply to J. E. Kennedy's criticism, 18
individual & group feedback, reduction of oral reading errors, 5th grade learning disabled vs non-learning disabled underachievers, 6741
information feedback, time interval estimation, college students, 2634
instruction in use of self evaluation model, focus of attention on self vs teaching performance vs students during split-screen videotape feedback, student teachers, 6640
intensive training, probability assessments & generalization, 7259
interview skills training using modeling & rehearsal & videotape vs verbal feedback, responsiveness & eye contact & smiling & intelligibility & attractiveness, institutionalized mentally retarded Ss, 6327
learner control & advertisement, computer assisted instruction, 12th graders, 4326
locus of control, perceived utility of feedback, male vs female college students, 3725
majority vote feedback vs no feedback, occurrence of parapsychological phenonmena in experimental situation, 32 yr old male, 4623
maternal training in operant-direct contingent vs psychotherapy-indirect noncontingent intervention vs feedback, quantity of homework done, 3rd & 4th graders, 11185
microteaching as teacher education technique using cybernetic principles, 6644
modeling with varied feedback & prerequisite skills in seriation learning hierarchy, positive transfer for superordinate skills, 2.9–5.1 yr olds, 983
monetary incentive vs information, voluntary heart rate control, male college students, 12260
monthly feedback, residential electricity consumption, adults, 9218
motor performance feedback, self confidence & motor performance, male vs female 6–10 yr olds, 3274
negative feedback, use of effective problem solving strategies, Black vs White children identified as retarded vs nonretarded, 8283
personality traits & feedback, operant heart rate conditioning, male college students, 3047
precise vs general feedback, reduction of field dependence, college students, 2740
presence vs absence of therapist, EMG biofeedback training, tension vs mixed headache patients, 1770
reactions from supervising teachers, evaluation of teacher preparation programs, 8847
repetitive study of & testing on same set inclusion structure & immediate feedback, conversion errors & RTs on test for integration of related information in prose, college students, 421
Rorschach Experience Actual-Experience Potential variable, persistence in frustrating pursuit rotor task with feedback, 17–45 yr old nonpatients, 2815
S & E screening procedures, effects of feedback on ESP task performance criticism of C. T. Tart's study, 15
social comparison feedback, color discrimination performance, 10–11 yr old males, 3295
social reinforcement & verbal feedback, increase in rehabilitative behaviors in token economy program with psychiatric patients, support personnel, 13479
social skills training, unipolar depression, 25–57 yr old unipolar nonpsychotic female depressives, 8516
social skill training, social behavior, emotionally disturbed 10 yr old female & 11 yr old male patients, 8487
source & nature of students' evaluative feedback & teacher characteristics, effect on teacher performance, literature review, 8822
stimulus materials & experimental procedures & type of feedback & trial pacing & instructions, learned discrimination between reinforced vs nonreinforced displays with vs without salient feature, college students, 5039
student feedback on teaching style including organized demeanor & dynamism & flexibility & warmth & acceptance, student ratings on changes in teaching, student teachers, 13553
supervisor power & interdependence with subordinate & performance feedback & level, evaluations, college students, 1269
test feedback checklist, performance on announced vs unannounced posttest, low vs high achiever high school students, 13602
token economy with contingency management vs information feedback, chronic psychiatric patients in day hospital setting, 6369
training in goal setting & intraindividual performance feedback in physical education, goal-setting behavior & achievement motivation, 5th graders, 8883
training strategies for teaching sequential procedures, initial training & retention & transfer to actual occupational task, 16–34 yr olds, 9169
type & combination of feedback, conceptual & academic learning, children, review of laboratory research, 8909
type & frequency, written instructional feedback, elementary school teachers, 8858
use of consumer feedback in planned change & evaluation of health service delivery, 8621
valence & mode of feedback & cultural context & groups, pluralistic ignorance in receptiveness to interpersonal feedback, Israel vs US groups, 5715
validating vs invalidating feedback of Ss judgments, conceptual organization, college students, 8047
videotaped vs field based feedback, development of applied clinical skills, music therapist trainees, 11088
videotape feedback given early &/vs midway through instructional cycle vs no feedback, tennis serving form, beginner & intermediate tennis players, 2666
videotape feedback of assertive role playing, perceived competence & satisfaction, college students, 6319
videotape recording & playback, resistance & transference, analytic psychotherapy group, 8480
voiscope feedback, speech improvement, profoundly deaf 7–14 yr olds, 8609
Feeding Behavior (Animal) [See Animal Feeding Behavior]
Feeding Practices [See Also Bottle Feeding, Breast Feeding, Weaning]
maternal sensitivity & vocalization during infant feedings, 6 & 9 mo olds & their mothers, 3547
Feelings [See Emotions]
Feet (Anatomy)
family patterns, hand & eye & foot & ear preference, parent-offspring triads & sibling pairs, 7395
lateral preferences for hand & foot & eye & scholastic achievement, Chinese 4th & 5th graders vs college students, 5532
sex differences, foot size asymmetries, right handed 7 & 11 & 15 yr olds, 12466
Felonies [See Crime]
Female Animals
accuracy of rank-related attractiveness model, adult female monkeys, 5150
ACTH &/vs naloxone, offspring growth & eye & vaginal opening & open field activity & threshold for heat, pregnant mice, 12389
adrenalectomy, puberty-delaying pheromone, female mice, 5337
age differences, duration of mating, female rhesus monkeys, 9732
age & sexual behavior & estradiol benzoate & progesterone, luteinizing hormone secretion, ovariectomized rats, 7680
alliance formation & proximity & rank & competition, grooming behavior, adult female monkeys, 5169

amygdaloid vs striaterminalis lesions, maternal behavior & fear response, nulliparous female rats, 7599
anisomycin & estradiol & progesterone, cerebral protein synthesis & sexual behavior, ovariectomized female rats, 3201
behavioral sequences & strategies during group formation, crab-eating monkeys, 5179
brain stem transection & estrogen &/vs progesterone, lordotic behavior, ovariectomized rats, 12296
breeding season, aggressive behavior, female rhesus monkeys, 12140
cannabis smoke exposure & dietary protein levels before & during pregnancy, length of gestation & stillbirths & litter destruction & pup activity, female rats, 9829
characteristics of bleats, ewes, 9728
cholic acid, maternal pheromone induction, female rats, 3184
circadian rhythms, locomotor activity & drinking behavior, reproductively senescent female rats in entrained & free running conditions vs young rats with normal estrous cycles, 746
conspecific intruders, aggressive behavior, 10 day to 13 wk old female deer mice, 5133
consumption by mother rats of pups' urine as indicated by transfer of radioactive water from pups to mothers, female rats & offspring, 12117
copulation solicitation strategy & male guarding behavior, female birds, reply to criticism of S. Lumpkin, 12098
cytosol & cell nuclear androgen receptors in brain, perinatal female rats, implications for brain sexual differentiation, 2991
development from prepuberty to adulthood, sexual approach behavior toward males & females, male rats, 12113
dexamethasone, sexual behavior, ovariectomized mares, 3097
diet palatability & caloric content & dorsomedial hypothalamic lesions, food consumption & lipogenesis, mature female rats with dietary obesity, 12276
diphenylhydantoin vs phenobarbital during specific gestation periods, conditioned avoidance behavior & learning deficits & birth defects in mature offspring, pregnant rats, 12360
dominance & flock leadership, ewes, 621
dual cuts in preoptic area & hypothalamus, lordosis behavior, ovariectomized rats, 7616
ecological model, female bonding, female primates, 12170
ergocornine hydrogen maleate & 2-bromo-alpha-ergocryptine, pituitary prolactin levels & lactation & aggression toward male intruders, parturient mice, 12386
estradiol benzoate, food intake & body weight & length & ano-nasal length, intact vs ovariectomized female rats on high calorie diet, 12390
estradiol benzoate, food intake & body weight & plasma triglycerides & free glycerol & fatty acids, ovariectomized female rats, 7684
estradiol benzoate & progesterone & length of mating experience, sexual behavior & male vs female footstomping & fighting, ovariectomized female Mongolian gerbils, 7570
estradiol benzoate & testosterone & androstenedione & dihydrotestosterone, sexual behavior, ovariectomized female cattle, 7563
estradiol & progesterone & nipple development & presence of young, postpartum aggression, female rats & mice, 637
estrogen & antiestrogen, sexual receptivity, female lizards, 3132
estrogen & progesterone, proceptive behavior, female rats, 3130
ethanol administration during gestation vs lactation, maternal behavior & developmental & behavioral & pharmacological characteristics of offspring, female rats, 9925
ethynyl estradiol vs mestranol vs estradiol & progesterone, food & water intake & sexual behavior & body weight, ovariectomized rats, 5409
evolution of leks & benefits & preferences for least costly males, female animals, 9733
exposure to unfamiliar neonates & parity, maternal behavior & fluid secretion from nipples, female rhesus monkeys, 12128
female flank glandectomy, sexual behavior, male hamsters, 3105
female sexual responsiveness & copulation soliciting, onset of guarding behavior by males, birds, criticism of theory of T. R. Birkhead, 12139
fetal testosterone treatment, fighting in adult life, female mice, 5373
food restriction, investment of lactation energy in male vs female offspring, female wood rats, 12298
gastric brooding & oral birth, frogs, 12256
hashish extract, maternal nonsocial & nursing & locomotor activity & development of sucklings, lactating mice & their pups, 7642
hormones & olfactory-vomeronasal deafferentation & stimulus situational factors, initiation of maternal behavior, hysterectomized-ovariectomized nonpregnant female rats, 9859
imipramine vs amitriptyline, fetal malformations, hamsters, 12364
infant handling, maternal behavior & pup vocalizations & temperature changes, C57BL/6J vs A/J female mice & cross-fostered pups, 9739
kainic acid vs electrolytic septal lesions, receptivity & rejection & reactivity, ovariectomized rats, 9847
lactation, meal patterns, female rats, 7422
lesions vs electrochemical stimulation of amygdaloid nuclei, sexual receptivity, ovariectomized female rats, 800
licking & mother's milk, cues for labeling offspring, mother goats, 12121
male size, preference in mate selection, female flies, 12101
male species vs nuptial plumage vs own early experience, mate selection, female mallards reared with no experience of ducks vs with natural mother & siblings vs with other conspecifics but no males, 9701
maternal alcohol administration during lactation, shock avoidance & maze performance & behavioral development & maternal behavior, rat pups, 9917
mating call & size of male, selection of sexual mate, female frogs, 664
medial preoptic area lesions, maternal behavior, pregnant hysterectomized & ovariectomized rats, 7612
method for producing infantile malnutrition, maternal behavior, female rats, 9834
natural selection model, sex ratio control, parasitic wasps, 2899
neonatally placed septal lesions & estradiol benzoate & progesterone & testosterone, sexual behavior, male vs female vs androgenized female rats, 7571
nipple growth & suckling stimulation & lactation, maternal aggression, female parturient vs hysterectomized & fostered young mice, 7377
number of ECS treatments, estrus, female rats, 3090
olfactory bulbectomy, ultrasound production & scent marking, female hamsters, 3115
olfactory sensitivity & estrus cycle, female mice, 12187
olfactory tubercle vs corticomedial amygdaloid lesions & female estradiol benzoate & progesterone treatment & ovariectomy, sexual behavior, male rats, 7575
ovariectomy & food intake, body weight, female rats, 9896
ovariectomy & seasonal anovulation, sexual behavior, pony mares, 3096
postpartum mating vs mating at freely cycling estrus, maternal behavior, virgin female rats, 9688
pregnancy & amygdala kindling, convulsions & EEG responses, female rats, 7585
presence of placenta vs amniotic fluid on pups, onset of maternal behavior, virgin female rats, 12134
presence of rams, gonadotropin & prolactin levels & ovulation, female sheep, 2955
preweaning exposure to enriched environment, subsequent maze learning, female rats & their pups, 578
progesterone administration following spontaneous heat & coital stimulation, sexual receptivity, female rats, 7635
prostaglandins & clonidine & estrus, lordosis, ovariectomized guinea pigs, 9939
pup age & weight & cessation of lactation, cessation of nursing behavior, female hamsters, 669
radio frequency lesions & intracranial hormone implants in nucleus intercollicularis region of midbrain, nest coos in response to male courtship & follicular growth, female ring doves, 9832
removal of males, sex reversals, female coral reef fish, 2941
REM sleep deprivation, estrus cycles, 36 vs 90 vs 270 day old female rats, 12294
reproductive state & home cage vs neutral environment, aggressive behavior, female mice during proestrus vs pregnancy vs lactation, 7402
rivalry over nesting burrows, female digger wasps, 5144
sensory stimulation & adrenal progesterone, reflex ovulation, female light-induced persistent estrus rats, 3113
sex roles & mental health needs & care, females in prisons, 11043
sexual experience, social contact during postejaculatory interval, estrus female rats, 12119
shipping of pregnant females, mortality rate in offspring, rats, 9292
small medial preoptic area lesions, nest building & retrieving & crouching & nursing, lactating female rats, 3111
social dominance vs subordination & exposure to females, frequency of spontaneous ejaculation, male mice, 2914
social facilitation, pup-directed activities, maternal lactating vs virgin rats, 2889

social grooming frequency, mother rank-order, 2–14 mo old female monkeys, 2890
spatial position & social & habitat-related behavior, female baboons in one-male-units, 12163
stage of estrous cycle & pseudopregnancy, circadian activity rhythms, female rats, 9801
strain differences & selection for isolation-induced interfemale aggression, maternal aggression, female mice, 682
tobacco smoke exposure during gestation & nicotine, fertility & maternal care & tissue nicotine levels & liver weight & offspring survival & activity, female mice bred for high vs low open field activity, 9825
vaginocervical stimulation, selective increases in brain metabolic activity, female rats, 12191
vagino-cervical stimulation of "stretching response" in mating, female rats, 654
ventral bundle noradrenergic neurons, sensory components of sexual behavior & pseudopregnancy, rats, 706
Female Criminals
demographic characteristics & medical & psychiatric disorders & treatment implications, 17–39 vs 40–54 yr old female offenders, 13431
menstrual cycle phase, violent crime, female criminals, 1510
sex of felon, degree of criminal stigmatization, male vs female college students & heads of household, 3856
variables related to rule infractions & penalties imposed, inmates incarcerated 6 mo or longer at Louisiana Correctional Institute for Women, 1976, 8724
Female Delinquents
aggressive fantasies & behavior, 16–21 yr old incarcerated females, 8206
factor analysis, demographic characteristics, male & female incarcerated juvenile offenders, 1973
self monitoring & assertion skill & positive statements, lying & provocative peer statements & appropriate social behavior, 18 yr old female delinquent, 9-mo followup, 10887
Female Genitalia [See Also Cervix, Ovaries, Vagina]
attitudes toward infibulation or clitoridectomy or other excision of female sexual organs, male vs female college students, Sudan, 12718
aversively motivated discrimination task, anogenital odor discrimination & detection of physiological estrus, male vs female guinea pigs, 662
extraocular photoreception on genitalia, Chinese yellow swallowtail butterflies, 9753
Female Orgasm
change over time in age at 1st coitus & coital activity & orgasm & education & family size, 20–40 yr old females born from 1911–58, Czechoslovakia, 12724
couples therapy, improvement, females with sexual unresponsiveness vs orgastic dysfunction, 10824
systematic desensitization vs directed masturbation, sexual self acceptance & pleasure, 19–42 yr old females with primary inorgasmia & sexual anxiety or aversion, 10851
Females (Human) [See Human Females]
Femininity
analysis of factor structure, Bem Sex Role Inventory, male vs female college students, 2490
androgynous sex role development as adults & sex & age of siblings, male vs female college students, 1193
androgyny & descriptions of individual's mental health, mental health professionals, 10772
Bem Sex Role Inventory as measure of individual differences in self concepts vs global self images of masculinity & femininity, reply to J. T. Spence & R. L. Helmreich's criticism of gender schema theory, 4773
Bem Sex Role Inventory as measure of individual differences in self concepts vs global self images of masculinity & femininity, criticism of S. L. Bem's gender schemata, 4832
body type, sex role stereotyping, college students, 3695
changes in sexual behavior & conceptions of masculinity & femininity, male vs female college students, 13627
childhood sexual identity vs religiosity vs homophobia, development of transsexualism vs homosexuality vs heterosexuality, transsexual vs homosexual vs heterosexual males, 10290
classification methodology, sex role affiliations, male vs female college students vs hospitalized alcoholic males vs members of Veterans of Foreign Wars, 9285
development & validity of male & female versions of sex role behavior & preferences self report inventory, male vs female college students, 4831
factor analysis of items in Bem Sex Role Inventory & Personal Attributes Questionnaire & Masculinity & Femininity scales of Adjective Check List, college students, 2510
gender-based schematic processing, sex typing, male & female college students, 5685
gender constancy, willingness to play with toy advertised by both gender children, 4–6 yr olds, 10189
gender & sex role identity, avoidance confrontation of existential issues, male vs female 16–50 yr old psychiatric inpatients, 3810
interpretation of frieze on Villa of the Mysteries in Pompeii, depiction of female principle in individuation process, 7733
masculine & masculine-derived & neutral vs feminine names, personality characteristics including femininity, female college students, 5848
masculine vs androgynous vs feminine candidates, choice for agentic vs communal roles, college students & business owner/managers, 12715
masculine vs feminine males vs females, attraction in sex role preferences, college students with traditional vs nontraditional attitudes toward females, 8051
masculinity & femininity & androgyny, influence on marriage, 22–52 yr old married males vs females, 3545
masculinity & femininity assessed by MMPI vs Bem Sex Role Inventory vs Personal Attributes Questionnaire, 238
masculinity & femininity & self esteem & attitudes toward women, female college athletes, 3567
masculinity & femininity & sensation seeking, male vs female college students, 12891
masculinity vs femininity, achievement motivation & college achievement & health, male vs female college students, 5694
maternal employment, perception of mother & development of masculinity-femininity, 13–17 yr old females, 12453
measurement of masculinity & femininity using MMPI Mf vs California Psychological Inventory Fe scales, 4774
needs for achievement & autonomy & self-monitoring & masculinity-femininity, hypnotic susceptibility, males vs females, 5073
parental marital adjustment & masculinity-femininity, masculinity-femininity, 12–15 yr olds, 3425
personality & behavioral correlates & importance for mental health, psychological androgyny, 10289
psychological androgyny & creativity, male vs female 9–11 yr olds, 12587
psychological androgyny & attitudes toward women, adult education students, 12893
psychological aspects of masculinity & femininity & achievement motivation, 3583
self perceived masculinity & femininity, college students, 3578
separation of instrumentality & expressiveness personality traits from sex role attitudes & behaviors, 12888
sex differences, masculinity & femininity & verbal vs spatial ability & stress reactions, college students, 3678
sex differences, reactions to children's cross gender verbal behavior, teachers vs college students, 10284
sex & home economics vs physical education major, assignment of ideal male vs female traits, college students, 3576
sex role attributes & anxiety & severity of menstrual distress & oral contraceptive use, Catholic vs Protestant vs Jewish females, 1581
sex role orientation & occupational choice, male registered nurses & high school teachers, 12716
sex role orientation & schizophrenia & depression & neurosis & anxiety & self esteem, annotated bibliography, 5702
sex role orientation & self reported assertiveness, male vs female college students, 12721
sexual satisfaction & femininity & feminism, females & their male partners, 1192
treatment involving parents, gender disturbances, 5–12 yr old males, 6299
validity of Arabic version of MMPI Masculinity-Femininity scale, male vs female college students, Kuwait, 11693
Feminism
beliefs about university as meritocracy & awareness of sex discrimination & feminist group membership, female faculty in predominantly male departments, 2083
development & reliability & validity of Feminist Attitudes toward Rape Scale, males vs females, 4798

early family experience & sex role identification & feminist attitudes, childbearing aspirations, unmarried female college students, 12664
female role orientation & acceptance of changing social norms & self perception, women with problem pregnancies who chose vs did not choose abortion, 1197
feminism, job-seeking behavior, dual-career couples, 3572
impact of feminism on psychotherapy, 1696
psychological androgyny & attitudes toward women, adult education students, 12893
sex-stereotyped & social desirability ratings of personality traits, feminist vs nonfeminist college students, 12725
sexual satisfaction & femininity & feminism, females & their male partners, 1192
types & rates of mental disorders & psychiatric treatment, human females, criticism of W. Gove's paper, 1651
Feminization Syndrome (Testicular) [See Testicular Feminization Syndrome]
Femoral Nerve [See Spinal Nerves]
Fenfluramine
behavior therapy &/vs pharmacotherapy, treatment of obesity, 23–66 yr old females, 1-yr followup, 8389
chlordiazepoxide vs dextroamphetamine & fenfluramine, rate & duration & latency of feeding, male rats, 5359
meta-chlorophenylpiperazine vs LM-5008 vs quipazine vs fenfluramine, anorexia & food intake & related serotonergic mechanisms, female rats, 925
Fertilization
artificial insemination with husband or donor's semen, physically handicapped, 4115
electroejaculation, fertility, paraplegic males, 4114
fertilization action during oviposition, production of male vs female offspring, female wasps, 12110
psychiatric treatment subsequent to artificial insemination, donors & mothers & sterile fathers & children, 1662
Fetishism
concept of fetishistic thought in analysis of cross cultural colonialism, 12629
imperative ideas & actions with similar or identical content in siblings & across generations, 680
orgasmic reconditioning & covert sensitization, fire-setting behavior associated with masturbation for sexual gratification, 20 yr old male, 13289
Fetus
cannabis smoke exposure & dietary protein levels before & during pregnancy, length of gestation & stillbirths & litter destruction & pup activity, female rats, 9829
etiology & symptoms of fetal alcohol syndrome, 3762
fetal heart rate & perinatal & maternal factors, prediction of sex of fetus, 3026
fetal testosterone treatment, fighting in adult life, female mice, 5373
imipramine vs amitriptyline, fetal malformations, hamsters, 12364
maternal morphine, fetal spinal cord volume, rats, 7663
surgical manipulation of amniotic fluid, psychopharmacological assessments, rat fetuses, 11564
Fever [See Hyperthermia]
Fiction [See Literature]
Field (Visual) [See Visual Field]
Field Behavior (Animal) [See Animal Open Field Behavior]
Field Dependence
boundary confusion vs lack of familiarity hypotheses, predisposition to hallucinate, alcoholics who did vs did not hallucinate, 13044
cognitive & instructional style, learning performance, college students, 6662
cognitive style & reading achievement, implications for assessment & remediation, literature review, 10070
comparison of level of psychological functioning, cross cultural test of personality integration hypothesis, immigrant vs indigenous Polynesian vs immigrant vs indigenous European male supervisors, New Zealand, 5875
creativity & intelligence & sex & field dependence, problem finding, college students, 2732
development & validity of Group Embedded Figures Test, field dependence, 2nd graders, 11632
dogmatism & field dependency, cognitive vs perceptual style vs openness of attitude, 12880
exclusive abuse of sedative-hypnotic drugs, field dependence, psychiatric patients, 3838
field dependence, perceived duration of spiral aftereffect, female college students, 11797
field dependence, perception of line orientation on unilateral tactile test with left vs right hand, right handed college students, 3013
field dependence, restructuring ability in logical problem solving, adolescents, 12526
field dependence, voluntary participation in research, college students, implications for bias & generalizability of results, 54
field dependence/independence & creativity & physiognomy, males vs females, 12838
field dependence & rote learning & verbal reasoning performance, college students, implications for correlation with general intelligence, 1309
field dependence & scores on MMPI Hysteria & Psychasthenia scales, female psychiatric patients, 1448
field dependence & sensation seeking, preference for paintings, college students, 8086
field dependence vs field independence & noise, reaction to simulated driving emergency, male college students, 4566
field dependence vs independence, cerebral hemispheric differentiation as seen in spatial ability & dichotic listening performance, college students, 294
field dependence vs independence, fencing ability, 17–58 yr old fencers, 5897
field dependence vs independence, preference for figural complexity, college students, 7215
field independence, concept conservation, 6–11 yr olds, 3334
field independence & intelligence & GPA, female high school students, Philippines, 13614
influence of field dependence-independence, development of formal operational thought, 6th–8th graders, 12493
locus of control & self esteem & field independence, reading & math achievement, Anglo American vs Mexican American 4th & 5th & 6th graders, 13605
mathematical ability & field independence & afterimage perception, college students, 9470
misuse of rod & frame test in measurement of field dependence, 167
model competency & attitudes & S field dependence, task attitudes, college students, implications for job attitudes, 1296
perseverance & flexibility & field dependence, incubation period during problem solving, 2743
physical fitness & field independence, male vs female 4th–6th graders, 971
precise vs general feedback, reduction of field dependence, college students, 2740
sex & field dependence & percentage overweight, visually based food preferences & amount eaten, college students, 3677
sex & field independence & spatial & communication skills, deaf college students, 3929
sex & introversion-extraversion, field dependence, college students, 5842
sex & method of testing, field dependence, college students, 7207
stimulus input grouping & field dependence, free recall task performance, college students, 11959
strategy choice & field independence effect, abstaction & storage & retrieval, college students, 2744
visual stimulus complexity & field independence, information processing, college students, 4976
Fighting [See Aggressive Behavior]
Figure Ground Discrimination
age differences, ranking difficulty level in detection of novel line figures, 7–15 yr olds vs adults vs Ss over age 60, 12495
background intensity & duration, RT for detection of increment field in rod & cone systems, 9486
border & surround effects, binocular synthesis of visual field, 4939
congruent vs incongruent distractors & onset asynchrony & spatial separation between target & distractor, oral naming latency for visually displayed digits, graduate students, 11789
immediate knowledge of placement accuracy & use of borders, reproduction of spatial placement of dot, college students, 5038
instructions & target-to-background contrast, target acquisition RT & errors & response bias, US Army helicopter pilots, 2237
masking stimulus energy & set vs non-set conditions & duration of target stimulus, recognition of target, implications for figure-ground segregation, 390
self observation phenomenological method, pictorial symbolization of faces-goblet stimulus display, graduate students, 391
similarity between pattern & background, visual search time, 2696
Film Strips
erotic tape vs film vs self generated fantasies, vaginal pulse amplitude vs self reported sexual arousal, married vs unmarried 21–58 yr old females, 5280

slide tape vs film strip affective mental health education unit, self awareness, high school students in elective health education class, 6678
social modeling films, smoking knowledge & intentions & behavior, 7th–9th graders, 10301
Filtered Speech
acoustic filtering, consonant recognition, 17–55 yr olds with unilateral hearing impairment, 13162
masking to maintain coverbal dimensions while destroying intelligibility of conversation, attributions of speakers' psychological states, college students, 11881
vocal feedback filtering & amplification, regulation of vocal intensity, college students, 11864
Financial Assistance (Educational) [See Educational Financial Assistance]
Fine Motor Skill Learning
cognitive processes & strategies, learning & performing complex motor behaviors, 11758
cognitive processes & strategies for learning complex motor behaviors, 2674
imagery vs chunking vs verbalization vs informed choice learning strategies, acquisition & retention & transfer of motor skill, college vs graduate students, 7268
knowledge of results, short term retention of linear positioning task, 24–31 yr old males, 2645
learning of programmed vs feedback based processes controlling 2-dimensional positioning response, college stuents, 11737
motor training, psychomotor performance of preferred & nonpreferred hand, right handed Ss, 7152
presentation & test trial training, motor acquisition & retention, adult Ss, 2651
sensorimotor training using means-ends & relating to objects schemes, protoimperative & protodeclarative performative communication, 7–9 mo olds, 10111
Finger Tapping
age & degree of psychopathology & medication, tapping speed on Finger Tapping Test, 19–64 yr old female psychiatric inpatients, 10415
concurrent activities such as silent vs oral reading vs solving block design problem, interference with left vs right index finger tapping, college students, 7457
handedness, left vs right hand fingertapping & heartbeat, right handed Ss, 7528
left vs right handed tapping while reciting rhyme vs animal names vs memorizing shapes, right handed 3–12 yr olds, implications for development of speech output lateralization, 734
prolonged practice, preferred hand superiority in finger tapping, 20–27 yr olds, 11753
Fingers (Anatomy)
age & sex & task difficulty, lateralized finger recognition, 3 vs 4 yr olds, implications for cognitive development, 1043
application of bitter substance to finger modification of nocturnal finger sucking, 4 yr old male, 1801
component analysis, biofeedback-induced control of finger temperature, college students, 7539
passive vs active exploration with palm vs fingers for 2 sec vs unlimited exposure time, form detection, college students, 2654
position holding, human spindle afferent activity from finger extensor muscles & position responses, 9800
Fingerspelling
bandwidth requirements, video transmission of sign language & finger spelling, 7727
Finland
developmental & clinical & environmental research, University of Tampere, Finland, 8786
history, occupational psychology, Finland, 9148
history & development, professional psychology, Finland, 8787
industrial psychology research, Helsinki University of Technology, Finland, 8774
obstetric complications & seasonal variations, births to schizophrenic mothers, Finland, 8185
orientation of research, Department of Psychology at University of Jyvaskyla, Finland, 8801
proceedings of VI National Congress of Finnish Psychological Society, 1978, 2306
provision of mental health services & treatment prevalence, psychiatric outpatients in rural vs urban areas, Finland, 8644
research at Abo Akademi Department of Psychology, Finland, 8782
research at Psychological Institute of North Karelia, Finland, 8776
research at University of Helsinki's Department of Social Psychology, Finland, 8794
research at University of Turku Department of Psychology, Finland, 8807
research & educational work, Division of Applied Psychology at Helsinki University, Finland, 8805
research programs, Department of General Psychology at University of Helsinki, Finland, 8806
scholars & cultural influences, psychological research at university at Turku, Finland, 6927
social psychology at University of Tampere, Finland, 8761
working through ambivalent feelings about motherhood, females studied at University of Turku, Finland, 7972
Firearms [See Weapons]
Fishes [See Also Carp, Cichlids, Electric Fishes, Goldfish, Sticklebacks]
alanine sensitivity in olfactory membrane, skate, 12228
chemosignal activity & perceived similarity, goldfish & Belontiidae species, 7408
defense of own offspring & young cichlids, parent bagrid catfishes, 9704
development of agonistic behavior vs larval motor processes vs early intraspecific social interactions, newly hatched to 4 mo old blue gourami, 9722
discrimination of predatory vs nonpredatory species, humbug damselfish, 2901
distribution of taste buds on lips & inside of mouth, adult minnows, implications for feeding behavior, 743
engulfing snout of brooding female, food gathering technique vs fighting, pedophagous haplochromine cichlid, 7387
genetics, feeding behavior, Mexican characin cave fish, 7417
gustatory responses, Japanese minnows, 2985
high vs low copulation success & female receptivity, courtship displays vs rape attempts, male guppies, 9682
immersion in water with pentobarbital sodium, attack behavior, male Siamese fighting fish, 3162
intermale competition vs female choice vs sexual selection, reproductive success, male guppies, 7401
interspecific communication, antipredator defense, humbug damselfish, 2900
invertebrates' toxicity to fish, fish feeding & community structure & evolutionary theory, Great Barrier Reef in Australia, 12092
irradiation of parent, courtship activity of offspring, male guppies, 7583
juvenile social interaction, growth rate & size & age at maturity & social behavior, male fish, 2909
latent visual learning, memory trace of visual pattern, crucians & goldfish, 9636
lunar phases, thyroxine surge prior to seaward migration, hatchery-reared salmon & anadromous trout, 12252
mate preferences, female mottled sculpins, 5148
migratory & feeding & swimming behavior, wild juvenile plaice, 9687
mirror elicited display, combat behavior, male Siamese fighting fish, 9705
multiple mating behavior, male vs female blue gourami, 12152
nest building behavior, male Siamese fighting fish, 12103
nonolfactory sensory pathway to telencephalon, teleost fish, 7450
number of models & absence of shock UCS, level of imitative choice responses to avoidance-conditioned models, guppies, 2876
pinealectomy, ultradian rhythms & short term activity, lake chubs, 840
predator population density & increase in prey dispersion, communication & aggressive behavior, pygmy sunfish, 12157
preferential response to objects which move vertically by retinal amacrine cells, catfish, 9786
presence vs absence of retinal & extraretinal photoreceptors, light responses & entrainment of circadian locomotor activity rhythms, lake chubs, 7604
prior social experience, agonistic displays vs behavior, male Siamese fighting fish, 7350
prior visual experience with paradise fish vs own mirror image, aggressive display toward conspecific vs paradise fish vs mirror image, male Siamese fighting fish, 12145
removal of males, sex reversals, female coral reef fish, 2941
retinal neuron specialization, California horned shark, 7483
reward vs nonreward training technique, learning ability, predators of humbug damselfish, 2845
social density vs sex vs dominance vs territoriality, competition for food, pygmy sunfish, 12156

social organization & maintenance of aggressive behavior, community housed male Siamese fighting fish, 627
social responsiveness of opponent vs size of physical space, agonistic behavior, Siamese fighting fish, 7349
stimulation of olfactory tract & olfactory epithelium with electric current & amino acids, electrical activity of olfactory bulb vs tract & role of neuroanatomical subdivisions, tenches, 704
technique for testing eliciting effects of color patterns, fishes, 120
territorial & courtship behavior, chromis cynanea, 632
territory size, mating vs parental roles during broodcare, triggerfish, 9684
Fixed Interval Reinforcement
concurrent shock-postponement FI shock-presentation schedule, maintenance of responding, squirrel monkeys, 543
delta-9-tetrahydrocannabinol with vs without cannabidiol, FI responding vs rate dependency, rhesus monkeys, 12347
development & measurement of schedule-induced drinking, pigeons, 2856
ethanol, multiple FI-FR schedule performances, pigeons, 5350
exogenous melatonin & 12:12 light-dark cycle, self administration of ethanol, rats, 5407
FI reinforcement schedule of food presentation, schedule induced behavior patterns, pigeons, 7294
FI vs DRO schedules of reinforcement, keypecking behavior, pigeons, 9647
inhibitory effects of reinforcement & model of FI performances, comments on A. Catania's version of R. Herrnstein's model, 584
ratio vs interval reinforcement schedules with comparable interreinforcement times, keypecking, pigeons, 549
schedule-induced polydipsia, water intake regulation, male rats, 7320
self administration of cocaine vs dextroamphetamine vs phenmetrazine vs fenetylline, performance on FI vs VI vs FR schedules, rhesus monkeys, 12369
stimuli correlated with 3 alternating FI schedules, extent & rates of observing responses maintained, pigeons, 7296
subdiaphragmatic vagotomy, schedule-induced licking & drinking & schedule-dependent lever pressing, male rats reduced in body weight, 7581
true discrimination vs single stimulus vs pseudodiscrimination training with line angles & variable vs fixed reinforcement schedules, transfer to wavelength discriminations, pigeons, 9656
Fixed Ratio Reinforcement
access to mirror &/vs timeout key under multiple FR schedule, pecking behavior, pigeons, 9624
added counter to FR schedule, amplification of discriminative control by number of pecks since reinforcement, pigeons, 564
conditioned suppression, acquisition of avoidance response, male rats, 12043
dextroamphetamine vs morphine vs clozapine & time limit variations, response under FR schedules of food presentation & stimulus shock termination, squirrel monkeys, 7671
dextroamphetamine vs pentobarbital under concurrent FR schedules, keypecking, pigeons, 589
ethanol, multiple FI-FR schedule performances, pigeons, 5350
feature-positive vs negative learning, monkeys vs pigeons, 12059
FR & VR reinforcement schedules, point card token economics, 6339
heroin vs codeine vs dextropropoxyphene vs pentazocine, progressive FR performance, rhesus monkeys, 5378
interreinforcement response frequency, postreinforcement pause length, pigeons, 9623
learning in drugged vs nondrugged state & continuous vs FR reinforcement, reward maximization, male rats, 7645
progressive loss of reinforcement in FR schedule, condition similar to human reactive depression & reversal with chlordiazepoxide, male squirrel monkeys, 12023
ratio vs interval reinforcement schedules with comparable interreinforcement times, keypecking, pigeons, 549
self administration of cocaine vs dextroamphetamine vs phenmetrazine vs fenetylline, performance on FI vs VI vs FR schedules, rhesus monkeys, 12369
VR vs VI vs FR in single vs multiple schedules, response rate, pigeons, 12064
Flexibility (Personality) [See Adaptability (Personality)]
Flexion Reflex
anesthesia of knee joint capsule, modulation of transmission in flexion reflex pathways, decerebrate cats, 7621
anticipation of pain-induced stress, monosynaptic & nociceptive flexion reflex & heart rate & respiratory frequency, 21–35 yr olds, 3058
electrical stimulation of sural & peroneal superficialis nerves, sensory action potentials & flexor reflexes of lower limb & pain sensation, 22–36 yr olds, 7590
high intensity cutaneous stimulation to hindlimb during various phases of step cycle, crossed extension & flexion responses to contralateral hindlimb, high decerebrate cats, 9870
oral & ip thyrotropin releasing hormone & MK-771 & reserpine & alpha-methylparatyrosine & phenoxybenzamine & methazolamide & picolinic acid, flexor activity, female rats with spinal transections, 7569
Flicker Fusion Frequency [See Critical Flicker Fusion Threshold]
Flies [See Diptera]
Flight Instrumentation
development of automated measurement & grading system for instrument flight training in UH-1 flight simulators, 9203
display joints & scene inserts, design of visual simulation systems, US Air Force pilots, 4575
flight simulator with Fresnel Lens Optical Landing System, glideslope guidance during carrier landings, pilots, 13784
visual behavior during ground control approach in fighter aircraft simulation, pilots, 4581
Flight Simulation
aircrew training requirements & aircrew training device fidelity features, US Air Force personnel, 13737
alcohol intoxication & hangover, performance on tracking task at ground level vs simulated altitude, male vs female private pilots, 3152
applications of flight simulators for maintenance training, 6820
auxiliary task loading conditions, visual search performance in simulated remotely piloted vehicle utilization, pilot & nonpilot Os, 6881
computer generated day vs night scenes, training effectiveness for acquisition of takeoff & landing skills, novice Air Force pilots, 11434
computer simulation model, simultaneous control over continuous & discrete tasks, 11512
day vs night visual scenes, jet pilot training, 4512
depth perception, design of flight simulators, 4574
development of automated measurement & grading system for instrument flight training in UH-1 flight simulators, 9203
device for replication of pilot/seat interaction cues during aircraft acceleration in flight simulator, 2273
display joints & scene inserts, design of visual simulation systems, US Air Force pilots, 4575
duration of vibratory angular acceleration, detection thresholds for constant angular acceleration in darkness vs with visual reference, pilots & nonpilots, 4568
efficacy of simulator visual systems, KC-135 flight training, 6836
factors influencing use of aircrew training devices, US Air Force Personnel, 13726
flight simulator with Fresnel Lens Optical Landing System, glideslope guidance during carrier landings, pilots, 13784
frequency of voice, hypoxia-induced fatal aircraft accident, 6798
induced cyclic changes of deep body temperature, performance in flight simulation, male Ss, 5254
physiological correlates of pilot attention & task difficulty, development of flight simulation training programs, 6829
platform motion cuing & visual field of view, simulator training effectiveness in T-37 aircraft, student pilots, 6830
potential use of state-of-the-art simulation, flight simulator maintenance training, US Air Force personnel, 6789
psychophysical criteria for visual simulation systems, 11513
ratio of runway's vertical height to width of far end in retinal image, visual judgment of nighttime runway approach angle, 21–58 yr old experienced pilots, 9207
research issues & perceptual information requirements for flight simulator visual systems, flight training, 13732
runway textured visual cues, flight simulator landing performance, military instructor pilots, 6818
simulated runway type & textural information cues, pilot performance, US Air Force pilots, 9138
simulator field of view requirements for carrier landing training, 11425
summary of purposes, Similar Training Requirements & Effectiveness Study, 13738
training effectiveness, platform motion simulators, pilots & pilot trainees, 11435

training effectiveness, visual & motion simulation, US Air Force pilots, 13739
visual behavior during ground control approach in fighter aircraft simulation, pilots, 4581
visual test results & low-visibility landing performance on advanced simulator for pilot training, 22–28 yr old Air Force primary student pilots vs 23–29 yr old graduating pilots vs pilot instructors, 11433
Flooding Therapy [See Implosive Therapy]
Fluency [See Verbal Fluency]
Fluphenazine
depot fluphenazine decanoate, therapeutic & side effects, hospitalized mentally handicapped patients with behavior disorders, 6379
fluphenazine, cerebrospinal fluid endorphins, acute vs reentry vs chronic schizophrenics, 1868
fluphenazine vs flupenthixol decanoate injections, maintenance treatment, schizophrenic outpatients, 6393
haloperidol or fluphenazine treatment, platelet MAO activity, schizophrenics, extension of study by D. Leelavathi & R. Smith, 13322
intermittent pimozide vs fluphenazine decanoate, relapse & side effects & plasma concentrations & prolactin levels, male chronic schizophrenics, 6400
long term chlorpromazine vs fluphenazine therapy, antipyrine elimination kinetics, 17–49 yr old psychotics, 4091
megadoses of fluphenazine, treatment outcome, 23–61 yr old schizophrenics, 10916
radioimmunoassay for plasma concentrations of fluphenazine, 6983
Folie A Deux
day hospital treatment including psychodrama, 21 yr old twin females with folie a deux, 6239
Folk Medicine
perceptions of psychiatric & folk-medical disorders, curanderos vs mental health professionals, 12645
popular beliefs about concept of nervous breakdown, 18–71 yr olds, 12988
Western psychotherapeutic techniques vs traditional Akan healing methods, psychosomatic illness, Ghana, 1695
Folklore [See Myths]
Folktales [See Myths]
Followup (Posttreatment) [See Posttreatment Followup]
Followup Studies
abstinence vs alcoholism & psychiatric disorders, male alcoholics over age 65 yrs, 3-yr followup, 10580
academic & emotional problems during 4th–6th grade, elementary school students, followup study, 13634
achievement test performance as predictor of high school mathematics grades, 8th graders, 1–3 yr followup, 2068
acquisition & representation of abstract materials in long term memory, college & graduate students, 2-yr followup, 448
aggression & antisocial behavior & criminal activity & psychiatric involvement, aggressive & disturbed 17–20 yr olds, 18-yr followup, 10550
amitriptyline &/vs psychological treatment, children with enuresis, 4–5 mo followup, 13193
assessment & reestablishment of previously learned functional speech repertoire, profoundly mentally retarded 16 yr old, 6-yr followup, 8505
autism & recovery rates, 2.5–5 yr old children with congenital rubella, followup at 8–9 yrs of age, 12901
behavioral counseling vs nutrition education, weight loss & maintenance & diet & exercise, overweight females, 7-mo followup, 8394
behavioral program with vs without spouse participation, weight loss & maintenance of loss, overweight females, 3- & 6- & 12-mo followups, 1813
behavioral treatment & response prevention, chronic hair pulling, male 3 yr old, 6-mo followup, 10885
behavior modification, female 13 yr old with obsessive compulsive neurosis, followup study, implications for treatment in Malaysian Chinese, 10890
behavior modification of child's disruptive behavior, mother's severe abdominal pain, disturbed male 8 yr old & his mother, 2-yr followup, 10867
behavior therapy &/vs pharmacotherapy, treatment of obesity, 23–66 yr old females, 1-yr followup, 8389
cerebellar stimulation, dysarthria, 11–30 yr olds with congenital cerebral palsy & traumatic brain damage, 7-mo followup, 10749
clinical psychiatric syndrome prevalence, mentally retarded 4–22 yr olds, followup study, 8112
closed head injury, long term recovery from acute aphasia & residual language deficits, 16–45 yr olds, 10699
closing of drug clinic, readdiction to heroin & rise in arrest vs incarceration rates, methadone clients, 2-yr followup, 11051
cognitive functioning & memory, ECT- vs nonECT treated depressive patients, 4 & 7 mo followup studies, 1685
cognitive therapy vs imipramine, depression, depressed patients, 12-mo followup, 10786
communication skills training, self disclosure & empathy, 16–17 yr olds, 5-mo followup, 10754
comprehensive therapy, chronic intractable asthmatic 6–16 yr olds in psychosomatic unit, 6 mo to 2 yr followups, 4173
conjoint vs nonconjoint marital therapy, divorce at 5-yr followup, former clients, 8460
consistency of seat activity & cognitive & motor steadiness measures, reading retarded 7–12 yr olds, 2-yr followup, 2429
definition & etiology & treatment of school phobia & followups & methodology, literature review, 5954
demographic variables & treatment attendance rate, outcome of oppositional child treatment, families, followup study, 13309
denial of abortion to mother, somatic & psychosocial development, initially unwanted children, 15-yr followup, 12451
depressive disorders & polycystic kidney disease, 21–76 yr old patients entering home hemodialysis training, 3-mo followup, 6146
design of followup study, rehabilitated chronic schizophrenics released from state hospital, 20-yr followup, 11581
development of hypertension & somatization & anxiety & other reactions, 35–84 yr old female flood victims, 5-yr followup, 1379
diagnosis & prognosis, mental breakdown, 14–19 yr olds, England, 2-yr followup study, 6501
diagnostic distribution & prognosis & outcome & mortality, psychogeriatric disorders, aged patients, US vs UK vs Canada, 4-yr followup, 1420
diet restriction at 5 mo of age, sexual behavior, obese 6 mo old male rats, 4-mo followup, 787
distributed &/vs massed practice, group assertion training effectiveness, female college students, 4-wk followup, 1748
drug career of amphetamine & opiate abusers, followup studies, 6525
early postnatal contact, infant development & maternal attitudes, infants & their mothers, 36 hrs & 3 & 12 mo followups, 5636
effectiveness & durability of behavioral treatments for self injurious behavior, mentally retarded 6–13 yr olds, 3-yr followup, 10900
effectiveness of behavioral technology intervention techniques, dog litter reduction, followup study, 13283
emotional & language development, home reared vs day care attending 3.5–4 yr olds, 2-yr followup, 10013
employment & age at 1st arrest & number of address changes, recidivism & maintenance of employment, male probationers, 12-mo followup, 13449
evaluation of comprehensive pregnancy care program, female opiate addicts, 6 mo followup survey, 8424
evaluation of group counseling in 3rd–5th grades, 12–16 yr old junior & senior high school students, 6777
extent of mainstreaming, 8–15 yr old educable mentally retarded, 2-yr followup, 9021
factors in successful course of adoption, adoptees & adopting families, 1–3 yr followup, implications for future selection guidelines, 1150
family & social characteristics of home, behavior problems, preschool age children & their British vs West Indian parents, England, 1-yr followup, 1512
fertility attitude similarity, subsequent birth rates, spouses, Taiwan, 4-yr followup, 10235
frequency of spontaneous fluctuations vs orienting response recovery time vs amplitude, 18–45 yr old male nonrecidivistic domestic offenders vs highly recidivistic public offenders, followup study, 1518
functional recovery & psychological & psychosocial circumstances, 15–39 yr old stroke victims, 9 mo to 5 yr followup study, 1577
goal structuring assistance, attributes considered in job choice decision making, 8th graders, 3-mo followup, 5475
grief reactions, bereaved 65–85 vs 26–63 yr old spouses, 18-mo followup, 10190
Guerney Relationship Enhancement Program vs lectures & discussions on relationship development, self disclosure & empathy skills, 18–24 yr old premarital dating couples, 6-mo followup, 8457

head injury & pretraumatic neuroticism, posttraumatic psychiatric disturbance, 16–55 yr olds, 3-mo followup, 12918
hospital school program, subsequent school adjustment, 12–18 yr old psychiatric patients, 1-yr followup, 1947
hydrocephalus & spina bifida, distinguishing the "cocktail party" syndrome, 5 yr olds, 2- & 5-yr followups, literature review, 8377
individual higher order need strength, attitudes toward job & job characteristics, 16 yr olds, followup study, 2259
individualized 3-yr educational training program, visual perception & concept formation & language, male 10.5 yr old, 12.5-yr followup, 8958
influences on sociability development, former institutionalized juvenile delinquents after age 20, 8218
innovative educational program, self actualization & psychosocial maturity, college students, 1-yr followup, replication of J. A. Goldman & F. V. Olczak's study, 4303
inpatient & outpatient group psychotherapy, effectiveness evaluation, neurotic & psychosomatic patients, followup study, 1762
insular vs noninsular patterns of community contact & parent training, mother–child interactions & coping with child's coerciveness & change in blame orientation, mothers, 4-mo followup, 6311
job placement program including comprehensive diagnostic & workshop evaluations & work exposure, employment, multiply handicapped epileptics, 2-yr followup, 1979
job search counseling, welfare payments received, clients, 6-mo followup, 4479
language disorders diagnosed at 8–60 mo of age, subsequent speech & language & academic abilities, 4–10 yr olds at 4–5 yr followups, 8286
length of time spent in methadone maintenance vs therapeutic community vs outpatient drug-free treatment, follow-up outcomes, drug abusers under 18 vs over 30 yrs old, 11054
life status, tolerance for ambiguity, female 12th graders, 3-yr followup, 5575
lithium vs amitriptyline, relapse rates, 25–65 yr olds who had recovered from depressive illness, 3-yr followups, 13352
long term adjustment to parents' divorce, White middle class 8–17 yr olds, 2-yr followup, 12670
mailed questionnaire vs leaving questionnaire with respondent vs telephone vs personal interview as followup procedures, survey results, 9290
masculinity & desire for sexual intercourse after vasectomy, vasectomized males, 6-mo followup, 5703
maternal care variables & maladjustment, mothers & their 7–8 yr old children, followup study, 7977
metalinguistic competence, prediction of reading & spelling skills, kindergartners, 12-yr & 18-mo followups, 13603
mild vs severe childhood head vs orthopedic injuries, course of psychological recovery & extent & nature of resulting cognitive vs behavioral impairment, children, followup study, 13148
mortality rate, females with Briquet's syndrome vs primary unipolar depression, 42-yr followup study, 10412
multifaceted inpatient treatment program & emetic vs electric shock aversion therapy, alcoholism, males, followup study, 6524
neurophysical status & personality change & memory loss & work capacity & friendships, 16–39 yr old patients with severe head injuries, 2-yr followup study, 1625
nicotine fading & self monitoring, cigarette consumption & abstinence, smokers, 30-mo followup of study by R. M. Foxx & R. A. Brown, 11047
outcome as evaluation of J. P. Feighner's diagnostic criteria, schizophrenic vs manic vs depressive patients, 40-yr followups, 13010
paradigmatic training, reading comprehension, learning disabled 7–10 yr olds, 10-wk followup, 11272
parental communication deviance & affective style, subsequent schizophrenia, disturbed nonpsychotic adolescents, 5-yr followup, 12953
parent report of preschool development using Minnesota Child Development Inventory, prediction of reading difficulty, kindergartners, 3-yr followup at end of 2nd grade, 11339
participant modeling, high avoidance motor task performance, educable mentally retarded 12 yr old male, 3-wk followup, 10869
participation in relationship therapy, ability to form adequate relationships & decrease residual symptoms, 14–20 yr olds, England, 2-yr followup study, 6243
participation in therapeutic daycamp program, classroom behavior & social adjustment, behavior disordered 7.6–12.3 yr olds, 1-yr followup, 11390
phenomenology of cure & recovery, discharged psychiatric patients, followup, 3969
physical attractiveness, courtship progress, couples, 9-mo followup, 5779
placement in natural vs adoptive parent home vs foster vs group home, placement stability, behavior problem educable mentally retarded 5–23 yr olds, 6 & 12 & 18 mo followups, 8650
pretreatment source of income, response to methadone maintenance, narcotic-dependent males, 6-month followup, 13456
preventive care instruction &/vs fee reduction, plaque control, periodontal patients, 6-mo followup, 4120
prolonged labor disputes, distress level & perceptions of anxiety & health & general functioning, air traffic controllers, Canada, 4 & 10 mo followups, 6872
psychodiagnostic stability, schizophrenics vs unipolar vs bipolar patients, 30–40 yr followup, 3978
psychosocial adjustment, former inmates of residential care institution for children with conduct disorders, 20-yr followup, 1970
psychosocial characteristics, 14–24 yr old male prostitutes, interviews & limited 1-yr followup, 8188
psychotherapy &/vs drug vs milieu therapy vs ECT, treatment of schizophrenia, 1st-admission schizophrenics, 3–5 yr followup, 8405
quantitative & qualitative stability, relationship between simultaneously recorded EOG & infrared eye movement measures, monozygotic twins, 2 yr followup, 7461
reading ability & eye movements, 3rd & 5th graders & college students, 1-yr followup, 5504
recidivism, male offenders found guilty of sex offenses against females under 13 yrs old in 1951 & 1961, 24 & 15 yr followups, 13433
reciprocity vs discussion-type counseling, marital adjustment, 20–50 yr old couples, 24-mo followup, 10820
religious beliefs & practices & moral judgments, adolescents, Northern Ireland, replication of 1968 study, 3496
removal of brain hemisphere in infancy, written language acquisition, 10.3–11.8 yr olds, 3-yr followup, 10663
Revised WISC IQ subtest scores, learning disabled & mentally retarded 8–14 yr olds, 2 yr followup, 237
school performance & attendance, male 10th & 11th & 12th graders 5–6 yrs after enrollment in special learning disabilities program, 13653
school & social & vocational adjustment, 16.1–23.4 yr olds who received educational services for learning disabilities as children, followup study, 13643
self initiated time out from speaking &/vs response cost contingency, stuttering, male 18 yr old, 6–12-mo followups, 8520
self monitoring & assertion skill & positive statements, lying & provocative peer statements & appropriate social behavior, 18 yr old female delinquent, 9-mo followup, 10887
sex & interference of pathology, developmental progression groupings, mid-latency children, followup of nursery school study, 5571
short-term institutionalization, 9 yr old severely & profoundly mentally retarded, followup study, 8690
social class, diagnosis & prognosis & treatment & family structure, 14–18 yr old adolescent former psychiatric inpatients, 2-yr followup, 3797
social class & criminal behavior, Klinefelter males with karyotype 47,XXY & hypogonadal males with karyotype 46,XY, 10-yr followup, 1384
social perspective taking & verbal justifications, mentally retarded children, 1-yr followup, 6062
social skills training, social skills & generalization to real life encounters, 10–16 yr old male offenders, 3-mo followup, 10902
stability of childrearing attitudes over time, mothers of 8 mo olds, followup when infants 3.5 yrs old, 7962
stuttering treatment program, speech fluency & rate & attitude toward communication, adult stutterers, 2- & 12–18 mo followups, 10960
success of Alcoholics Anonymous treatment program, alcoholic patients, 6- & 12- & 24-mo followups, 13450
supernumerary X-chromosome, mental & behavioral disturbances, mentally retarded 17.5–26 yr olds, 10-yr followup, 6070
survey of incidence of psychiatric disorder & risk factors & treatment sought, 8-yr followup study, 6022
time & family vs individual therapy, rehospitalization, adolescents, 3-yr followup study, 8453
validity & reliability of Peabody Picture Vocabulary Test, emotionally disturbed 13–17 yr olds, 6-mo followup, 158

1st-rank symptoms of K. Schneider in prediction of outcome, schizophrenic patients, 14-yr followup, 1403
Food
acceptance of jowar in food preparation, college students, India, 5318
amount & location of food, frequency & direction of emigrations, army ants, 9723
aversive vs nonaversive food stimuli & stimulus novelty, food burying, rats, implications for species-typical defensive behavior, 7291
blood antibodies for milk vs egg vs gluten, 20–75 yr old schizophrenics vs affective disordered patients, 12982
brain-stimulation reward & feeding, neuronal activity, rhesus & squirrel monkeys, 3003
dangers of using peanut products in treatment of communication disorders, 6438
development of learned food aversions during tumor growth, development of tumor anorexia, rats, 544
FI reinforcement schedule of food presentation, schedule induced behavior patterns, pigeons, 7294
food availability vs climate vs temperature, distribution of feeding flocks, house sparrows, 7553
high calorie sucrose ingestion, imagined vs real food tastes, overweight vs normal vs underweight college students, 318
high vs moderate water deprivation, development of sucrose preferences, male rats, 2846
Sizzlean vs Hormel Black Label vs Armour Star bacon, perceptions of meat leanness & flavor, college students, 11527
Spanish vs English taste descriptions & food naming differences, 19–35 yr old monolingual & bilingual Mexicans & monolingual Californians, 327
vegetable vs meat breakfasts, self ratings of positive emotionality, male college students, Canada, 3057
Food Additives
addition of sucrose octaacetate to 1 or both protein food sources, protein vs carbohydrate selection & nutrient balance & total calorie intake, female rats, 798
artificial food coloring, hyperactive 8–13 yr old males, 13158
behavioral effects of artificial food coloring, hyperactive children on Feingold diet, 13130
diet changes vs relaxation exercises vs nondirective group counseling, migraine headaches, 8–11 yr olds, 8416
Feingold diet, classroom behavior & reading achievement & personality change, 6–12 yr olds, 8811
food dyes, impairment of performance, hyperactive children, comments on study by J. M. Swanson & M. Kinsbourne, 13096
multiallergen extract administered sublingually, behavioral improvement, hyperkinetic 5–13 yr olds, 1865
Food Allergies
multiallergen extract administered sublingually, behavioral improvement, hyperkinetic 5–13 yr olds, 1865
need for testing for food allergies in psychosomatic practice, 1624
Food Deprivation
acquisition & extinction of conditioned avoidance & maze learning employing fear vs reward motivation, plasma alpha-melanotropin levels, male rats, 755
adjunctive stereotyped spot pecking, captive food deprived pigeons, 655
age & free feeding vs caloric restriction, food-motivated behavior, male obese vs lean rats, 7423
aversive diet & food restriction, feed efficiency, male rats, 7572
deprivation shift & reward magnitude, running speed, male rats, 2848
dorsomedial hypothalamic lesions & food & water deprivation & cellular glucoprivation & dehydration & extracellular hypovolemia & insulin, food & water intake & body weight, male rats, 9882
early food intake restriction, perception of sensory cues in homing to nest, rat pups, 9840
fasting, cholecystokinin binding to receptors in hypothalamus & olfactory bulb & insulin binding, male mice, 12306
fasting, restraint-induced gastric lesions, female rats, 7582
fasting for 1–3 days, decreases in hypothalamic vs pituitary beta-endorphin, male rats, implications for physiological adaptation to food deprivation, 9844
feeding schedule variations, occurrence of polydipsia, rats, 3079
food deprivation, weight change during winter flocking phase & dominance behavior, silvereyes, 7564
food deprivation hoarding behavior, gerbils, 7574
food deprivation level at time of initial exposure to food reinforcer, acquisition & extinction of instrumental response, male rats, 12062
food deprivation & warm vs cool ambient vs body temperature, feeding behavior, 3–15 day old rats, 9853
food restriction, investment of lactation energy in male vs female offspring, female wood rats, 12298
food vs water deprivation & lithium chloride poisoning & grape juice vs milk, flavor aversion learning, male rats, 12065
independent ingestive behavior & food deprivation dependency, 3–12 day old rats, 641
method for producing infantile malnutrition, maternal behavior, female rats, 9834
morphine & drug dosage level & food deprivation vs nondeprivation, food vs water intake, rats, 12307
obesity-inducing hypothalamic knife cuts & insulin, adipose tissue lipoprotein lipase activity, female rats, 3075
operant testing of food motivation, rehabilitated malnourished adult Long-Evans rats, learning implications, 572
salivary sodium levels & sodium deprivation, sodium chloride intake, male rats, 3064
salt & sugar concentration of liquid food, schedule-induced water intake, food deprived rats, 808
spontaneous vs post-food restriction body weight gain, feeding efficiency, dormice, 802
stimulation-bound feeding, stimulus generalization along the dimension of food objects, male rats, 3068
strain differences, food vs water intake vs water intake after food deprivation, adult male rats, 691
subdiaphragmatic vagotomy, schedule-induced licking & drinking & schedule-dependent lever pressing, male rats reduced in body weight, 7581
temporary food restriction at dawn & dusk & advanced light onset, bimodal feeding patterns, male rats, 12287
ventromedial hypothalamic vs septal lesions & levels of food deprivation, discrete trial DRL task, female rats, 9841
water & food deprivation & osmotic thirst stimulus & naloxone, food & water consumption, male rats, 9833
water vs saline intake following dehydration vs fasting, plasma volume & body water changes, male hamsters, 7560
Food Intake [See Also Diets, Eating]
addition of sucrose octaacetate to 1 or both protein food sources, protein vs carbohydrate selection & nutrient balance & total calorie intake, female rats, 798
afferent duodenal receptor signals, activation of hypothalamic noradrenergic inhibitory neurons to control feeding upon satiation, 3024
amphetamine & phenylpropanolamine & high fat vs pellet diet, food intake, female rats with ventromedial hypothalamus vs dorsal tegmental lesions, 12315
appetitive food stimulation, defensive reflexes, slugs, 622
aversive diet & food restriction, feed efficiency, male rats, 7572
avoidance conditioning vs yoked procedure, plasma cholesterol levels, male rats, 9734
behavioral treatment, selective food refusal, moderately retarded 6–9 yr old females, 8552
bilateral electrolytic hypothalamic lesions, food intake & fecal & urine output, male rats, 835
bombesin, conditioned taste aversion, male rats, 9635
cholecystokinin, food intake & taste, female rats, 3224
constant light vs constant dark vs half light/dark & melatonin, food intake & body weight regulation, male albino rats, 12279
constant light & water vs food deprivation, circadian rhythms for food vs water consumption, male mice, 3027
continuous vs bolus cholecystokinin-octapeptide injections to cerebral ventricles, feed intake, castrated male sheep, 875
delay vs effort expenditure requirement, load size in central foraging, rats, 12133
development of learned food aversions during tumor growth, development of tumor anorexia, rats, 544
diet & feeding behavior, Brachydeutera longipes maggots, 5174
diet palatability & caloric content & dorsomedial hypothalamic lesions, food consumption & lipogenesis, mature female rats with dietary obesity, 12276
diurnal presentation of palatable diet, daily feeding rhythm & total food intake, male rats, 791
dorsal vs ventral midbrain tegmentum lesions & diet & amphetamine vs mazindol, food & water intake & weight gain, male rats, 12292

dorsomedial hypothalamic lesions at weaning & bilateral ovariectomy after maturity, body weight & food intake & efficiency of food utilization & growth & glucose incorporation into lipids, rats, 9879
dorsomedial hypothalamic lesions & food & water deprivation & cellular glucoprivation & dehydration & extracellular hypovolemia & insulin, food & water intake & body weight, male rats, 9882
estradiol benzoate, food intake & body weight & length & ano-nasal length, intact vs ovariectomized female rats on high calorie diet, 12390
estradiol benzoate, food intake & body weight & plasma triglycerides & free glycerol & fatty acids, ovariectomized female rats, 7684
ethynyl estradiol vs mestranol vs estradiol & progesterone, food & water intake & sexual behavior & body weight, ovariectomized rats, 5409
exercise, sucrose & caloric intake, female rats, 9743
exposure to Pavlovian conditioned suppression & acceleration procedures following VI food reinforcement training, leverpressing vs "freeloading" pellet consumption rates in presence of Pavlovian CSs, male rats, 553
food intake for 1 hr daily & unlimited running wheel activity, development of stomach ulcers & levels of liver glycogen & bilirubin & serum proteins & glucose, male rats, 5317
food quantity, frequency & duration of ruminating, 19–24 yr old mentally retarded males, 4065
free feeding & gastric counterinfusion, intragastric pressure & gastric relaxation, male rats, 12259
frequency & duration of binge-eating episodes, university bulimia outpatients, 13132
gastric nutrient content vs volume of nutrient content required for satiation, male rats, 7559
glycerol, food intake, female rats, 7647
handling in infancy & removal of right vs left neocortex, retention of learned taste aversion, rats, 5302
hypothalamic estradiol benzoate implants, food intake & vaginal epithelium & adipose tissue lipoprotein lipase & cytoplasmic progestin receptors, female ovariectomized rats, 7573
instrumentation for simultaneous measurement of feeding duration & weight of food eaten, free feeding rats, 11595
insulin, food intake & dietary self selection of proteins vs carbohydrates vs fats & body weight, male rats, 7659
insulin dose, food intake, swine, 3137
intermeal interval & pellet magnitude, schedule-induced water intake, male rats, 12305
iv 2-deoxydextroglucose, hunger & thirst ratings & solid-food & water intake & plasma epinephrine & glucose levels, 19–25 yr old males, 5414
kainic acid injection into dorsal hippocampus, neuronal depletion & acquisition & reversal of brightness discrimination & spontaneous alternation & locomotor activity & food & water intake & taste preferences, female rats, 7676
lactation, meal patterns, female rats, 7422
liquid meal intake, pre- vs postmeal self perception of fatness vs anxiety level vs sexual arousal, obese Ss, 10724
lithium chloride induced illness, taste aversion conditioning & food consumption, bats, 614
liver temperature, food intake & chewing, male rats, 9837
meal cost, meal frequency & size, ferrets, 2919
meal cost, meal frequency & size, uncaged male cat, 2920
meal size & duration & bites & rate of ingestion, obese vs nonobese males, 10694
meta-chlorophenylpiperazine vs LM-5008 vs quipazine vs fenfluramine, anorexia & food intake & related serotonergic mechanisms, female rats, 925
morphine & drug dosage level & food deprivation vs nondeprivation, food vs water intake, rats, 12307
obesity & octapeptide cholecystokinin & bombesin, food intake, weanling rats, 5392
octapeptide of cholecystokinin, feeding behavior, obese vs lean rats, 7673
octapeptide vs impure cholecystokinin, feeding & drinking behavior, obese vs lean female rats, 7672
ovariectomy & food intake, body weight, female rats, 9896
overlapping symptom clusters & lowered threshold in food intake mechanisms, anorexia nervosa, 24 yr old suicidal female, 8313
pipradrol & nonspecific stimulus change & feeding in test environment & prior exposure to conditioned stimulus, acquisition of responding with conditioned reinforcement, rats, replication of findings by R. T. Hill, 5352
postingestional factors, glucose & saccharin solution drinking, male rats, 3030
presentation of food vs sand, development of food recognition, young chicks, 12037
quantitative analysis of feed consumption & feeding rhythms, dwarf vs normal weight chicken populations, 12172
rearing in cold vs warm environment & length of exposure & food intake & body temperature, reinforcement rate for heat & thermoregulatory behavior, pigs, 793
salivary sodium levels & sodium deprivation, sodium chloride intake, male rats, 3064
sex & length & phase of menstrual cycle, magnitude estimation of sucrose pleasantness & sweetness & feeding behavior, college students, 5-wk longitudinal studies, 754
spontaneous vs post-food restriction body weight gain, feeding efficiency, dormice, 802
strain differences, food vs water intake vs water intake after food deprivation, adult male rats, 691
subchronic desipramine treatment, dextroamphetamine anorexia, male rats, 7707
subdiaphragmatic denervation & liver temperature, food intake, male rats, 9838
sucrose vs glucose solutions & daily pellet meal, caloric intake, rats, 12035
supervision program, staff performance in supervising food intake, 4.4–5.8 yr old institutionalized profoundly retarded males, 11010
ventral noradrenergic bundle lesions, food intake & body weight & running activity & body composition & insulin & growth hormones & hypothalamic norepinephrine concentrations & body length, male rats, 7592
ventral tegmental lesions & disproportionate amounts of dietary amino acids, hyperphagia & food intake, male rats, 5342
2-deoxydextroglucose jugular vs hepatic-portal vein injections, food intake & plasma glucose levels, pigs, 7697

Food Preferences

acceptance of jowar in food preparation, college students, India, 5318
addition of sucrose octaacetate to 1 or both protein food sources, protein vs carbohydrate selection & nutrient balance & total calorie intake, female rats, 798
behavioral treatment, selective food refusal, moderately retarded 6–9 yr old females, 8552
caloric density as UCS, taste preference conditioning, female rats, 12014
chlordiazepoxide & diazepam & food preference test, feeding behavior, male rats, 3154
color & density & frequency of food types, food selection, 5 day old chicks, 5132
conditioned taste aversion, dietary preference for bitter tasting quinine vs sucrose octa acetate, female rats, 3061
diet & feeding behavior, Brachydeutera longipes maggots, 5174
diet of oats vs wheat, preference for familiar food, house vs wood mice vs bank vs short-tailed voles, 12061
early high vs low fat diet, preference for high vs low sucrose solution, rats, 9828
generalization, snack food preferences, 3 & 4 yr olds, 10023
high fat diet, reactions to quinine adulteration & sugar solution & shock stimulation & drinking "shocked" water & activity level & food motivated operant behavior, early- vs late-onset obese male rats, 5309
learned taste aversion, 17–70 yr olds receiving chemotherapeutic drugs, 5017
nature & acquisition of preference for chili pepper, 4–56 yr olds, Mexico vs United States, 1337
postingestional factors, glucose & saccharin solution drinking, male rats, 3030
potassium deficiency, preference for potassium deficient vs sufficient fluids, male mice, 3082
previous background feeding & color vs taste vs nutritional value of foods, food preferences, bank voles, 12060
progestin level in oral contraceptives & trimester of pregnancy, sweetness preference, 17–31 yr old females, 3159
sex & field dependence & percentage overweight, visually based food preferences & amount eaten, college students, 3677
social & demographic & personality characteristics, gourmets vs vegetarians, 12754
spiperone, feeding behavior on food preference test, rats, 3153
stimulation-bound feeding, stimulus generalization along the dimension of food objects, male rats, 3068
water vs sugar solution, choice behavior, opossums, 2915

Football
drug use, members of football team at small liberal arts college, 8000
expectations of outcome, attributions of athletic competition successes & failures in newspaper accounts, 3644
game win vs loss, stability of causal attributions over 4 wks, male high school football players, 3675
knowledge of team name, rating of football team quality & prediction of game outcome, college student fans vs oddsmakers, implications for use of mathematical model, 429
organizational objectives, winning vs losing, National Football League teams, 4555
quality of competitive participation, injured Type A vs B intercollegiate football players, 10367
status as "starters" vs "nonstarters" & need for achievement, college football players, 513
Forced Choice (Testing Method)
bias in stimulus presentation using up & down method with forced choice responding, measurement of psychophysical thresholds, 4904
comparative validity of Likert behavior inventories vs forced choice vs projective tests, measurement of achievement motivation, male students, 216
distance of fixation from critical detail in complex picture, performance in 2-alternative forced choice recognition test, college students, 377
explicity stated subjective weight vs inferred objective weight method in self-report choice situations, social desirability response bias, graduate management students, 2433
forced choice adaptive procedure, subjective judgments in psychophysical measurement, 4703
preference for free choice vs forced choice, pigeons, 531
right score vs right minus wrong score vs paired item score, scoring methods for true-false tests, 2415
2-alternative forced choice vs standard clinical measurement, high frequency auditory thresholds, normal hearing adults, 2358
Foreign Language Education
French immersion vs traditional English curricula, development of plural & past tense morphological rules in English, elementary school students, longitudinal study in grades 1–4, 6656
importance of work conditions & satisfaction & desired changes & relation between inside vs outside occupations, Francophones vs Anglophones working as 2nd language instructors, Canada, 11148
ratings of humorous vs violent vs factual vs affective interpersonal relationship passages in English vs Filipino, bilingual 16–22 yr old college students, Philippines, implications for translator training, 3241
teaching English as 2nd language through total development program & maintenance of 1st language, preschoolers, 2091
type of school & duration of English instruction & length of stay in English speaking countries & time between high school graduation & university admission, English reading proficiency, psychology students, West Germany, 4333
visual imagery in sequence vs spatial vs comparison/contrast format, teaching 2nd language, 8901
Foreign Language Learning
approach & cognitive styles, foreign language learning, multilingual vs monolingual 21–61 yr olds, 955
causes of failure & remedial teaching strategies, school learning of English as foreign language, high school students, West Germany, 2164
critical period vs optimum age vs developmental theory of second language acquisition, literature review, 5487
grammatical or referential mistakes in presentation of miniature artificial language, language acquisition, college students, 12434
individual differences in French language speaking & listening comprehension achievement, native English speaking 1st graders in total early immersion program, Canada, 6685
keyword method, foreign language learning, US Army personnel, 4504
keyword method of teaching Spanish language vocabulary, keyword learning, kindergartners & preschoolers, 11201
media dialog &/vs subtitles in 1st vs 2nd language, enhancement of 2nd language skills, 5th–6th grade English speaking French students, Canada, 13577
mnemonic keyword method, foreign language learning, college students, 5028
multilingualism & fluid language repertoire, implications for use of several languages in schools, 1st graders, Zambia, 2106
phonological errors, second language learning, college students, 3244
sociocultural factors, motivational aspects of English language acquisition, French speaking 11th graders, Canada, 11218
teaching English as 2nd language through total development program & maintenance of 1st language, preschoolers, 2091
type of school & duration of English instruction & length of stay in English speaking countries & time between high school graduation & university admission, English reading proficiency, psychology students, West Germany, 4333
unidimensional scaling, assessment of cognitive structure of interest in English lessons, secondary education students, Germany, longitudinal study, 4370
visual imagery in sequence vs spatial vs comparison/contrast format, teaching 2nd language, 8901
2nd language learning, voice onset time for production of Spanish vs English word initial stop consonants, 4 yr old normal vs 7 yr old language disordered Spanish speaking sisters learning English, 10623
Foreign Language Translation
assumptions in assessment of intelligence, Latinos, US, 4776
development & reliability of Urdu translation of Achievement Oriented Attitude Scale, estimation of achievement oriented attitudes, high school students, 11623
diagnostic ability of Hebrew Revised WISC, learning disabled 8–12 yr old males, Israel, 13683
left hemisphere intracerebral hemorrhage, mixed aphasia, 56 yr old right handed monolingual Chinese female, 8352
Portuguese translation & validation & standardization of children's form of Spielberger's State-Trait Anxiety Inventory, 4th–6th graders, Brazil, 2450
ratings of humorous vs violent vs factual vs affective interpersonal relationship passages in English vs Filipino, bilingual 16–22 yr old college students, Philippines, implications for translator training, 3241
Second order factor structure of Czech version of High School Personality Questionnaire, 9315
standardization & reliability of Hebrew version of Depression Adjective Check List, 196
translation, validity of personality inventories, Philippines, literature review, 2494
validation of Dutch translation of Spielberger State-Trait Anxiety Inventory, Netherlands, 2544
Foreign Languages
age & personal background & motivation, dominance of Hungarian vs Russian language, bilingual 3.4–4.8 vs 5.8–6.9 yr olds, Hungary, 12508
decline in international scientific community spirit & foreign language illiteracy of English speaking psychologists & individual motivation, publication of papers in English, psychologists, West Germany, 8762
development & validity of Olguin Diagnostic Test of Auditory Perception, Spanish language-oriented children, 4449
English vs Spanish instructions, employment test scores, Hispanic job applicants, 9173
factorial validity of Olguin Diagnostic Test of Auditory Perception, Spanish language-oriented children, 4448
induced stress, perceptual vs conceptual task performance, high vs low achieving 9–10 yr olds instructed in English vs Bengali vs Hindi, India, 8912
Kahn Test of Symbol Arrangement, determination of pathological thought processes, German speaking psychotics, 4813
language & sex, ambiguity in Thematic Apperception Test, college students, Philippines, 2546
lexical storage & retrieval, performance on picture word interference task, Spanish-English bilingual young adults, 947
memory units for Chinese letters called Kanji vs Japanese letters called Kana, students, 489
monolingual American English vs bilingual American English-Cantonese, taste descriptive vocabulary, monolingual Americans of Chinese descent vs bilingual Chinese 20–24 yr olds, 954
physical identification & phonetic classification of characters in English vs Hebrew alphabets, bilingual college students, 956
politeness expressions in foreign languages, 3235
redundancy of social ordering information, French & English anagram solutions, implications for neuro- & psycholinguistic phenomena, 7211
sensitivity to intonational cues, native vs nonnative speakers of English, 7195
significance of expression of insults in Bangwa vs French vs Pidgin, Bangwa children & adolescents, Cameroon, 7892

Spanish vs English taste descriptions & food naming differences, 19–35 yr old monolingual & bilingual Mexicans & monolingual Californians, 327
time compression of English & French sentences, intelligibility, college students, France, 7718
trends & contents & origins & international reception, articles published in English between 1967–78, psychologists, West Germany, 8754
validity of Language Assessment Scales, 4418
visual field preferences for Hebrew & English words, right handed 12–13 yr olds, Israel, 12478
Foreign Policy Making
utilitarian ethics & rational choice, superpowers' decisions on nuclear power deterrence, 5597
Foreign Students
attitudes about & satisfaction with experience in Denmark & self esteem, willingness to accept abbreviated forename, US college students, Denmark, 5794
fear of failure, Indian vs Afro-Asian 17–23 yr old male college students, India, 5620
internal vs external motivational factors, vocational choice, Vietnamese & Czechoslovakian students, 8943
investigation through multidimensional scaling techniques, cognitive maps of selected African countries, African college students, US, 4982
measurement of cultural distance related to medical consultation & anxiety & examination performance, foreign college students, Scotland, 4353
public vs private self consciousness, opposition to negative reference group opinions, Cuban American college students, 12792
self esteem & attributions for future exam success/failure, Filipino college students, Australia, 6717
short term residence in other country, existential anxiety, French & German & British teachers, France, 5728
training in Somalia vs US, racial identity & theory of cultural "in-betweenity", Somalian students, 3490
type of training program vs year of graduation vs foreign vs US medical graduate, job choice, psychiatrists, 11099
Foreign Study
short term residence in other country, existential anxiety, French & German & British teachers, France, 5728
type of school & duration of English instruction & length of stay in English speaking countries & time between high school graduation & university admission, English reading proficiency, psychology students, West Germany, 4333
Foremen (Industrial) [See Industrial Foremen]
Forensic Psychiatry
forensic psychiatry & psychology, 1979 New York Academy of Sciences symposium, 1185
motivation for & perceived outcome of treatment, therapists vs clients, 4190
unconscious motivation of guilt, crime, 49 yr old male, 1526
Forgetting
cued discrimination of visual stimuli & subsequent reactivation with positive vs negative stimulus, long term retention, 78–92 day olds, 3321
cues to forget vs remember & comparison task, directed forgetting, pigeons, 12052
developmental differences, learning rate & rate of forgetting in serial recall task, 3.3 vs 4.9 yr olds, 1037
discrepancy from expectation & retention interval & literal vs inferential comprehension type, learning & retention of prose material, 5th & 6th graders, 10029
forgetting & retentive recall & paired associate learning, 20–40 vs 41–70 yr olds, 7818
fronto-frontal vs temporo-parietal ECT, retrograde memory, depressive inpatients with mean age of 41.3 yrs, 13180
models of prospective membership & anxiety associated with forgetting vs remembering without performing, college students, 11955
pretest exposure to contextual cues, facilitation of retrieval of complex maze learning, male rats, 558
recall of related us unrelated & precued vs postcued & to-be-remembered vs -forgotten word lists, college students, 5031
recall of significant events over 2 yr period, 56 yr old male alcoholic, 8122
retention of abstract vs specific material after 1 wk vs 1 vs 2 mo, college students, 5021
sentence recognition test delay, differential recognition & memory for script changes vs script implications in stories, college students, implications for script knowledge for everyday activities, 461
simulation of exemplar-based classification model for demonstrating differential forgetting of prototypes & old instances, 4987
validity of TV test, assessment of remote memory, Ss with mean age of 45.2 yrs, 11691
visibility of target & starting point & locomotor & target distance from starting point & direction, maintenance of orientation during locomotion in unfamiliar environment, college students, 7148
Form and Shape Perception
accuracy with which Golden Section & various proportions are drawn, college students, 7164
aesthetic preferences for length-to-breadth ratios, college students, implications for golden section hypothesis, literature review, 11732
age, left vs right handed tactual recognition performance, 20–84 yr olds, 9792
age differences, ranking difficulty level in detection of novel line figures, 7–15 yr olds vs adults vs Ss over age 60, 12495
amount of light in surround vs spatial distribution, parafoveal cone dark adaptation curves, Os, 7161
amplitude & phase of sinusoidal edge profiles, detectability & perception of raggedness of edges, Os, 9492
angle & line changes, perception of Bourdon illusions, 4941
attention training & features & orientations of cartoon faces, perceptual learning, 4–6 yr olds, 12529
bilateral lesions of pretectum & superior colliculus, learning of pattern vs object discrimination, male rhesus monkeys, 7596
changing orientation, perception of structure & form, 110–130 day old males, 3300
color relationship between inspection & test stimuli, thresholds for detection of form vs motion, adult Ss, 366
contour lightness variations, judgment of size of inner circle in Delboeuf illusions, college students, 358
developmental differences, effect of distortion-induced discrepancy between visual & tactual images on spatial judgments & role of visual dominance, 8–10 yr olds vs adults, 5520
developmental differences, effect of predictability of display order on piecemeal visual shape recognition, 8–11 vs 21–22 yr olds, 5493
development of filial attachment to static visual features of imprinting object, Khaki Campbell ducklings, 562
differences in visual discrimination & perceptual skills in size & form & order, Mongoloid vs subnormal non-Mongoloid vs normal children, 6091
discriminating & categorizing functions of verbal label associations, delayed recognition memory for ambiguous shape, college students, 490
discrimination of vertical vs horizontal symmetrical vs asymmetrical forms, 4 mo olds, 10040
early deprivation of patterned vision & subsequent ablation of superior colliculus pretectum, object discrimination, cats, 9907
early exposure to TV, perceived relationship between figures & emotional or abstract concepts, college students, 2625
encoding strategy & processing time & stimulus compatibility, recognition memory for shapes, US Navy recruit trainees, 9569
estimation of degree of overlap of circles vs squares, 16–18 yr olds, implications for graphing correlation coefficients, 999
fixation area, apparent figure size, 19–25 yr olds, 2694
handedness & sex & task complexity, hemisphere dominance & visual field form recognition & visuospatial ability, 16–42 yr olds, 7436
height & width/depth & shape of models of spaces, affective responses, implications for designing actual settings, 11828
illumination reduction, fragmentation of real vs subjective contours in luminous designs, college students, 7173
individual differences, rectangle aesthetics, college students, 9503
matching emotional labels & visual forms, college students, 509
memory interval & sex & individual differences & anxiety, dichhaptic perception of nonsense forms, right handed college students, 2652
oral vs tactual familiarization with shape, visual recognition memory & cross-modal transfer, 25.5–32 wk olds, 12543
orientation of embedding field contours, search time in finding embedded figures, college students, 11768
passive vs active exploration with palm vs fingers for 2 sec vs unlimited exposure time, form detection, college students, 2654
perception of elasticity as object property, 3 mo olds, 12560

perceptions of centroid of curvilinearly bounded shapes, college students, 11834
position cues, visual discrimination, Down's syndrome vs other mentally retarded 6.8–15.3 yr olds, 10615
practice & awareness of study's purpose, detection of global 3-dimensional organization of visual patterns corresponding to projection of rotating sphere, Os, 361
preference for symmetrical vs nonsymmetrical figures, Down's syndrome 6.4–15.8 yr olds vs non-Down's syndrome subnormal 7.8–16.4 yr olds vs normal 3.9–4.5 yr olds, 8274
proportion judgments in haptic & visual form perception, college students, 2635
ratio of runway's vertical height to width of far end in retinal image, visual judgment of nighttime runway approach angle, 21–58 yr old experienced pilots, 9207
relative depth positions of target & mask, metacontrast masking, graduate students, 7176
relief assessment test, measurement of effect of supplementing contour lines with other relief formats on map reading, 9507
sex & eye color & shape complexity & symmetry, rated pleasantness of visual shapes, college students with blue vs brown eyes, 11851
size & complexity & shape & density of geometric figures, matching pure tones to figures, college students, implications for universal phonetic symbolism, 11752
stimulus uncertainty, classification time for letters presented as stereograms vs 2-dimensional physical contours, 309
systematic errors, memory for maps & spatial environments & visual forms, 7271
target distance & size & camouflage & relational congruity, single fixation photointerpretation of novel scene, college students, 346
upper vs lower case & alone vs as part of pseudoword presentation, identification of alphabet letter, college students, 4911
verbal & imaginal encoding & stimulus codability & exposure, recognition memory for shapes, US Naval recruit trainees, 7250
visual cortex ablation & contrast & parameters of patterns, visual form discrimination, cats, 3099
visual perception of 2 dimensional forms, bibliography, 1974–78, 11853
Form Classes (Language) [See Also Adjectives, Adverbs, Nouns, Pronouns, Verbs]
age differences, use of indefinite article referents, 5–8 yr olds, 12561
Broca's vs Wernicke's aphasia, oral & written production vs auditory & visual perception of prepositions, patients with mean age of 50.6 yrs, 13100
causal statements linked by "because" vs "so" vs "and", sentence comprehension & recall performance, 1st vs 3rd vs 5th graders, 1013
grammatical & behavioral distinctions between auxiliary & copular "is", male 5 yr olds, 5497
item by item cueing & semantic categorization vs noncategorization of stimulus words, recall of selected words, 2770
multidimensional analysis, prepositions of space localization, French-speaking 18–20 yr olds, 3250
picture vs name vs category encoding processes, memory, college students, 9555
presentation to right vs left visual field, ease of identification of parts of speech of Kanji words, Japanese college students, 7448
reading passages with vs without connectives, free & probed recall, 10th graders vs college seniors, 5488
research problems in semantic equivocality of verbal designations, conceptual or undefined vs behavioral or defined personality traits, 2372
semantically related vs nonrelated preceding verb, speed of lexical access to words beginning with target phoneme, college students, 4975
synonym vs antonym vs rhyme production & intervening tasks, semantic activation & facilitation effects, college students, 4999
syntactic form class of missing word & number of lexical options, performance on sentence completion task, 49–72 yr old Broca's aphasics, 8384
underlying cognitive structures, acquisition of prepositions, 3–5 yr olds, 3298
word category size, serial memorization, college students, 2777
word frequency & abstraction level & grammatical class & presentation speed, paradigmatic word associations, aphasic vs normal 26–83 yr olds, 10676
Form Perception [See Form and Shape Perception]
FORTRAN [See Computer Programing Languages]
Forward Masking [See Masking]
Foster Care
conceptual models of family image & psychological family & relationship to custody & adoption & foster care, 7978
federal policies & events leading to enactment of Adoption Assistance & Child Welfare Act & implications for problems in foster care placement, 1169
formula for determining reimbursement of consultants & foster parents of retarded children, 6462
history of deinstitutionalization movement & development of special foster care for family oriented treatment needs of exceptional children, 1912
legal & psychological dilemmas, parentless children & foster care parents, 8645
permanent foster home placement, dependent & neglected & abused children, 13381
placement in natural vs adoptive parent home vs foster vs group home, placement stability, behavior problem educable mentally retarded 5–23 yr olds, 6 & 12 & 18 mo followups, 8650
problems in foster care system & recommended training for human service professionals involved in child placement, 1911
repeated unsuccessful foster home placements & proposed specialized foster home program, maladjusted foster children, 1923
selection & training factors, role of surrogate parents in care of handicapped children, 8634
severe deprivation & subsequent placement in foster home, intelligence & social & emotional development, male twins, 5458
specialized foster care for placement of troubled children, 1916
status changes in foster care including discharge & adoption & hospitalization, Ss 12 yrs & under, longitudinal study, 6481
therapeutic homes as alternative to traditional foster care without legal separation of parents & their emotionally disturbed children, 1920
unmet needs in mental health & foster & institutional & day care, children, 13370
Foster Children
health care & needs & mental impairment, foster children up to age 15 yrs, 13398
legal & psychological dilemmas, parentless children & foster care parents, 8645
psychiatric symptoms & MMPI schizophrenia scale scores & attentional deviance, adolescent offspring of schizophrenic mothers raised in foster homes, 1451
repeated unsuccessful foster home placements & proposed specialized foster home program, maladjusted foster children, 1923
specialized foster care for placement of troubled children, 1916
Foster Homes [See Foster Care]
Foster Parents
changing legal status of foster parents, 5679
description & delivery system & long range evaluation of effects on foster parents, Foster Parent Skills Training Program, 1914
formula for determining reimbursement of consultants & foster parents of retarded children, 6462
Foster Parent Skills Training Program, acceptance of children, foster parents, 1913
legal & psychological dilemmas, parentless children & foster care parents, 8645
selection & training factors, role of surrogate parents in care of handicapped children, 8634
Fowl [See Birds]
Foxes
earthworm hunting techniques, red fox, literature review, 2926
food-caching behavior, captive-reared male red foxes, 2917
France
activities of Research Service of I.N.O.P. & of Differential Psychology Laboratory, cognitive development & student attitudes & interests & personality, 1970–74, France, 109
factor structure & reliability of Crites's Maturity of Vocational Attitudes Scale, developmental trends, high school & college students, France & US, literature review, 11635
frequency & symptoms & causes & treatment, depression, patients of general practitioners, France, 1461
identity & value norms, male delinquent vs nondelinquent French vs North African adolescents, France, 5598
individual & family & social characteristics, psychiatric patients referred to "L'Infirmerie Psychiatrique", France, 8649
IQ & father's socioprofessional level & family educational background, cognitive development, 7–8 yr olds, rural France, 3333
migration, marriage & birthrate & urban demographic structure, France, 1906, 5599
modern viewpoints of industrial psychology, France, 4478

papers from meeting of Medico-Psychological Society, France, 1979, 1674
proceedings of 1978 joint meeting of French Societe Medico-Psychologique & American Psychiatric Association, 1989
psychiatric morbidity & patient characteristics, adults in public service sectors, France, 8137
sociocultural class, different psychiatric morbidity, male vs female psychiatric patients, France, 4004
tabulated data from 90 provinces for mean IQ & intellectual achievement & earnings & unemployment & infant mortality & migration, France, 10215
unemployment & suicide rates, 1962–1976, Canada & France & West Germany & Japan & Sweden & US & Italy & Great Britain, 13020
Frankness [See Honesty]
Fraternity Membership
group affiliation, assimilation & contrast effects biasing rating of organizations, male college students, 12817
sex & fraternity/sorority membership & religiosity, extramarital sexual attitudes, college students, 10292
Free Recall
attention focusing instructions, free recall & clustering of objects, 4th graders, 3313
category typical vs atypical exemplars & cues, free recall, college students, implications for differential category encoding, 9573
computer-controlled interactive word presentation & selective tagging & list length, multitrial free recall performance, college students, 460
conceptual vs phonetic vs linguistic similarity of monosyllabic words, auditory free recall, male learning disabled vs normal 1st graders, 8276
congruity between mnemonic learning & type of task, free recall of verbal material, 2803
correlation between recall & self predicted likelihood of free recall of words presented once vs twice & in massed vs distributed practice, college students, 5049
difficulty of distractor task & interpair interval & incidental learning instructions, long term serial position effects in free recall of word pairs, college students, 463
duration of study time of labeled map with vs without mimetic drawings, amount & categorization of map free recall, college students, 476
emotionally arousing words & S & E race & sex, free recall, Black vs White 6th graders, 1001
increased study time for selected items in middle of list, subsequent level of & position in free recall for those items, college students, 11936
instructions-to-learn vs item repetition & retention interval, long term free recall, college students, 11931
item recovery & hypermnesia in free recall, college students, 11953
layout & serial order of text compounds, free recall, college students, 7245
learning of relational aspects of items &/vs individual items, free recall & recognition, college students, 5023
method for representation of clustering, free recall, 2591
motor enactment vs imagination vs viewing of demonstration vs no cues, memory for action phrase, students, 7249
organization training, grouping & recall of words in list, 4–6 yr old kindergartners, 2100
orientation context instructions, free recall vs recognition of words, 5th & 6th graders, 1010
outlines as advanced organizers & familiarity with material & text genre, free recall of prose, college students, 455
placement of information high vs low in passage structure, free recall, college students, 5020
predetermined word order in serial anticipation task vs order reconstructed by S in free recall task, learning, 7209
presence of map, free & cued recall of associated discourse, college students, 9591
priority vs posteriority instructions, retrograde amnesia in free recall, college students, 11934
process similarity, simultaneous acquisition retention phenomenon, college students, 11981
Search of Associative Memory theory of long term memory retrieval, integration of 2 models including cue development probabilistic sampling & recovery from associative retrieval networks, literature review, 491
sentence frame-target congruity & sentence frame complexity, free vs cued recall, college students, 9575
simultaneous free recall learning task, incidental development of associations, college students, 11980
stimulus input grouping & field dependence, free recall task performance, college students, 11959
subjective organization of personal adjectives in free recall, short vs long term depressive adults, 1417
task performance vs observation & ease of conceptualization, verbal discrimination learning & retention, high school students, 7263
temporal structure vs sense modality, memory organization in free recall, college students, 11935
test anxiety, breadth of encoding in immediate & delayed free recall, 9607
test structure & reading time & title, comprehension & recall, college students, 9981
timing of awareness of category relations in free recall, 2nd & 3rd vs 6th graders, 986
type of interference during free recall, orderliness of recall, college students, 9596
use of semantic vs perceptual organization strategies, free recall & recognition tasks, 4 vs 6 vs 10 yr olds vs adult vs aged Ss, 10127
Freedom
contributions of psychological theory to policy discussions of freedom, 3684
feeling of being understood/misunderstood by other group with regard to values of freedom & equality, groups of conservative vs liberal college students, 12741
locus of control & amount of freedom attributed to reinforcement agents, college students, 10397
perceived freedom of choice, shift to autonomous mode of behavior regulation, 3711
sex differences & activity & time of day, subjective experience of freedom in daily life, 19–65 yr olds, 3679
Frequency (Pitch) [See Pitch (Frequency)]
Frequency (Response) [See Response Frequency]
Frequency (Stimulus) [See Stimulus Frequency]
Frequency Distribution [See Also Normal Distribution, Skewed Distribution]
analysis of self reported alcohol consumption, New Zealand, 10302
computer programs using raw score vs deviation score formulas, precision of standard deviation of distribution of scores, 78
configural frequency analysis vs log-linear models, analysis of interdependence, 9448
continuity correction, R. A. Fisher's exact probability test, 2597
proportional cell frequencies in 2-by-2 analysis of variance, 275
redundancy of social ordering information, French & English anagram solutions, implications for neuro- & psycholinguistic phenomena, 7211
reversal of questionnaire response scales, response distribution, 2461
robustness of distribution theory, product moment correlation coefficient, 2584
robustness of 1- & 2-tailed Z & t statistics from various sized samples in L-shaped population distribution, 4848
statistical distributions, application to social research, 289
use of cutting scores in selection procedures with bivariate normal distributions, 2598
use of t test vs Wilcoxon's rank-sum test with non-normal distributions, power advantages, 2560
Freud (Sigmund)
comment on "Freudian slip" contained in letter written by Freud, Freud's problematic nature, 11551
contemporary psychoanalytic perspective on paranoid process, reexamination of early case study of Freud, 12983
examination of Freud's high school years, 6950
interpretations of Freud's psychic determinism, 2315
philosophies & theories of D. H. Lawrence & Freud, 6940
psychodynamic determinants seen in personal life & writings, Freud's mysticism, 9253
similarities & differences between the works of Plato & Freud, 9234
survey of people most important to post-World War II American psychology in terms of scientific & professional accomplishments, 6945
Freudian Psychoanalytic School
concept of truth, Freud's metapsychology, 6963
Freudian psychoanalytic theory applied to ego paradoxes in Western religion & culture, 2338
Freudian theory of maternal role in growth in child's 1st 3 yrs, 970
historical development of psychoanalysis, artifacts & artifices of psychoanalytic concepts, 4635
similarities & differences between the works of Plato & Freud, 9234
sociological analysis, Freudian symbolism of father, 2316

Friendship
administration & coding of semistructured interview, measurement of identity formation in areas of occupation & religion & politics & social concerns, adolescents, 11579
age & popularity & nursery school experience, accuracy of reporting own vs peers' best friend, 3–4 yr old nursery school students, 10193
age & sex differences, prosocial intentions & behavior toward friends vs acquaintances, kindergartners vs 2nd vs 4th graders, 10134
analysis of close relationships, literature review, 12771
cartoon simulations of stressful dyadic interaction, perceived cohesiveness of same-sex dyads & friendship concept development, male vs female 1st–8th graders, 10162
culture & gender differences, cross-sex friendships, 5th graders, US vs Sweden, 7857
ethnolinguistic status & 2nd-language fluency, social interaction & friendship choices, 3–5 yr old Anglophones vs Francophones attending preschools operating in 1st vs 2nd language, Canada, 8932
frequency of reinforcing & neutral & punishing social behavior, popularity & friendship selection & interaction with liked vs disliked vs neutral peers, 4–5 yr olds, 3438
friendship, dyadic communication, 3.5–4.5 vs 4.5–5.5 yr olds, 5548
friendship choice & racial attitudes, 4–10 yr old White vs non-White primary school students, 11240
friend vs stranger with high vs low cost for helping, help seeking behavior, female college students, 1293
home vs school context variables, friendship expectation development, 13–16 yr olds, India, 5583
inferior vs equal vs superior task performance, reward allocation by friend, 4.5–6.5 yr olds, 7906
in- & out-of-school settings, age segregation, 13–19.9 yr olds, 10177
interpersonal distances, affective responses, male-female dyads of friends vs strangers, 1218
mathematical model, friendship choice distribution, 11722
neurophysical status & personality change & memory loss & work capacity & friendships, 16–39 yr old patients with severe head injuries, 2-yr followup study, 1625
perceived expectations of family & friends & social functioning, 2 structured interviews separated by 3-yr interval, 21–75 yr old chronic hemodialysis patients, 10713
perceived property rights vs friendship vs reciprocity vs personal influence, sharing behavior, 3rd vs 4th grade boys, 12615
personal & social ties, satisfaction & perceptions of strain in changing neighborhood, 19–90 yr old females, 12634
presence vs absence of friend vs nonfriend, activity & toy play, male vs female 3–5 yr olds, 5568
prosocial intentions & behavior between friends, 1st vs 4th graders, longitudinal study, 7850
relevance of task to self esteem, helping behavior toward friends vs strangers, male college students, 12777
reliability & validity & friendship bias & user reactions, peer nominations vs ratings, police officers & their supervisors, 9450
reliability & validity of Interview Schedule for Social Interaction, measurement of availability & perceived adequacy of social relationships, Ss in psychiatric clinics vs physical rehabilitation vs club for elderly, 11648
sex differences, best-friend relationships, adolescents, 7895
sex differences, perceptions of factors influencing male or female best friend relationships, college students, 1211
sex & interpersonal relationship & instructions regarding criteria in reacting to personal space encroachments, affective reactions, college students, 1219
social support, 1st-time parents attending parenting groups, 8670
type of interpersonal relationship & task performance, choice of distribution rule for reward allocation, female college students, 5730
unreciprocated vs mutual friendships, personality similarity, male college students, 5754
Frigidity
counseling & behavioral therapy, sexual dysfunction, married couple, 1763
couples therapy, improvement, females with sexual unresponsiveness vs orgastic dysfunction, 10824
Frogs
action potential & intracellular stimulation of Mauthner cell, tail-flip, bullfrog tadpole, 9794
anatomy & physiology of binocular system, frog, 705
anthracene-9-carboxylic acid, myotonia, frogs & toads, 3145
application of protease & phospholipase & neuraminidase to tongue, neural response of single fungiform papilla, frogs, 738
body temperature & tone frequency, auditory thresholds, frogs vs toads, 12313
central & peripheral neural mechanisms for swimming, bullfrog tadpoles, 3008
discrimination between siblings vs nonsiblings, tadpoles separated before hatching & reared alone, 12099
dissolved oxygen concentration & life cycle stage, surfacing behavior & buccal movement, frog tadpoles, 3021
dynamic rotational vestibular &/vs optokinetic stimulation, convergence of vestibularly & visually evoked signals in mesencephalon, frogs, 12239
ethyl bromoacetate as olfactory probe, frogs, 5360
gastric brooding & oral birth, frogs, 12256
gustatory & mechanical stimulation of tongue, medullary responses, frogs, 2987
LSD, synapses in habenulae & interpeduncular nucleus, male frogs, 5384
mating behavior & success, male vs female woodfrogs, 5156
mating call & size of male, selection of sexual mate, female frogs, 664
N-ethylmaleimide vapor, spike activity of receptor cells of olfactory epithelium, frogs, 12199
position of hindlimbs & forelimbs, wiping reflex of hindlimb, spinal frogs, 5304
social density vs individual size vs illumination, parallel structure orientation in schooling, clawed frog tadpoles, 12132
Frontal Lobe [See Also Motor Cortex]
auditory & visual stimulation, frontal cortex single cell responses, awake squirrel monkeys, 5248
clomiphene citrate, EEG activity, sexually mature male rats, 7660
delayed response performance & visual & acoustic stimulation, single cell activity in prefrontal cortex, squirrel monkeys, 5209
frontal lobe dysfunction & hyperkinesis in children, literature review, 6151
fronto-frontal vs temporo-parietal ECT, retrograde memory, depressive inpatients with mean age of 41.3 yrs, 13180
hippocampus vs amygdala vs caudate nucleus vs frontal cortex lesions, spatial memory, male rats, 5331
lesions of medial prefrontal cortex using 6-hydroxydopamine alone & with desipramine pretreatment, spontaneous motor activity & dextroamphetamine induced stereotyped behaviors & norepinephrine & dopamine turnover, male rats, 834
morphine & naloxone, EEG of medial thalamus & hippocampus & frontal cortex, drug naive & morphine dependent paralyzed male rats, 9947
parieto-occipital vs frontal lesions, visuo-constructive deficits & visual cue vs action compensation, cerebral lesion patients, 8355
prefrontal cortex dysfunction, odor perception, patients with prefrontal lesions vs alcoholic Korsakoff patients, 10719
role of brain protein synthesis in memory formation, criticism of P. E. Gold & D. B. Sternberg's work by L. R. Squire et al & rebuttal, 3054
site of lesion & visual stimulation, evoked potential amplitudes & fluctuations & asymmetry, Ss with frontal lobe & other lesions, implications for attention, 13091
Fruit Fly [See Drosophila]
Frustration
age differences, frustration & lack of satisfaction, male 20–60 yr olds, 3409
age & sex differences, reactions to frustration, normal vs behaviorally disturbed 7–14 yr olds, 13043
blocking & winning, aggression in competitive game, college students, 10329
commonality in reward vs nonreward odor excretions, runway response patterns, male vs female pathmaking vs pathfinding rats, 7303
frustration, aggressive behavior, pigs, 2887
location of small reward reinforcement, negative contrast, male rats, 2839
mathematical formula & theory of aggressive response to frustration, 3
opponents' aggression & shooting percentage & number of turnovers, aggression & total fouls, high school basketball players, 5560
personality correlates of life satisfaction & frustration, 17–60 yr old males, 1331
personality dynamics of early truants, 8–10 yr old male truants, 8210

plasma testosterone level & physical dimensions, physical & verbal aggression & frustration tolerance, 15–17 yr old males, 5290
rational casework & rational emotive therapy, low frustration tolerance, young adult male methadone maintenance client, 13454
reward magnitude shift in double runway, response speed, male rats, implications for frustration effect, 2836
Rorschach Experience Actual-Experience Potential variable, persistence in frustrating pursuit rotor task with feedback, 17–45 yr old nonpatients, 2815
sex & bodily contact, reactions to crowding, college students, 5758
value & imminence of goals & disrupted goal striving & other affect variables & commitment intensity, frequency with which goals thought about, college students, 5806
Fulfillment [See Satisfaction]
Functionalism
application of Wundtian vs cognitive psychology to immediate & mediate experience & nonfunctionalism & functionalism & status of experiment, 11554
Fundamentalism
factor analysis, responses to J. M. Yinger's nondoctrinal religious scale & religious fundamentalism scale, college students, Australia, 12646
psychological & theological components & role of childhood experiences, R. C. Stapleton's ministry of "inner healing", 7929
value patterns & motive orientations, groups of Jehovah's Witnesses vs Jews vs Muslims vs Pentecostals vs Quakers vs Roman Catholics vs Lutherans, 1138
Galvanic Skin Response
acute alcohol intoxication, vicariously aroused emotional responses assessed by heart rate & electrodermal responses, male social drinkers, 7538
audience & task- vs ego-oriented motivational instructions, short term memory & arousal as measured by GSR, students, 11990
autogenic vs opposite autogenic verbal suggestions, GSR & basal skin resistance, adults, 12262
complex sequences of stimuli, generalization of habituation of electrodermal component of orienting response, college students, 7522
conflict, facilitation of GSR latency reduction as measured by probe stimulus technique, college students, 780
discriminative properties of conditioned stimulus, stuttering frequency & autonomic arousal as measured by GSR, stutterers, 1888
emotional words, nonverbal vs verbal anxiety responses & RTs & GSRs, repressor vs sensitizer Ss, 8084
expectancy, electrodermal response to signaled noise, college students, 767
exposure to taped case histories & slides of child abuse, heart rate & finger pulse volume & GSR, male vs female & parent vs nonparent college students, implications for training program for child abuse hotline counselors, 10994
high vs low oral imagery & working alone vs being alone with no task vs working alone accompanied by confederate working alone, electrodermal arousal, male Ss, 12266
hypoxia & sensory deprivation, psychophysiological changes, high vs low reactive 18–24 yr old males, 12267
neutral vs emotionally loaded visual stimulation, GSR & respiration, male patients with dominant vs nondominant hemisphere damage & median ages of 60.8 vs 49.1 yrs, 13133
pictorial slides depicting personal recreational interest, GSR & relation to orienting response, male college students, 7504
predictability of aversive stimulus, GSR amplitude & cardiac anticipatory acceleration, male infarction patients & Ss with high vs low infarction risk, 8383
propranolol & phenothiazine, electrodermal orienting & habituation responses to auditory stimuli, schizophrenics, 10924
psychophysiological differences, psychopaths vs schizophrenics, maximum security patients, 5962
sound vs shock conditioning stimuli, electrodermal vs vasomotor vs eyelid reactions, 17–30 yr old college students, differential analysis of human conditioning, 9286
suggestion vs transient olfactory stimulation, EEG evoked potentials & electrodermal response, males who wintered-over in Antarctica, 694
tape recording vs supervisory evaluation, anxiety, graduate student counselor trainees, 4208
typicality of stimuli, concept identification & accompanying GSR, students, 11887
various electrode sizes, differences in electrodermal activity, college students, 100
visual stimuli, habituation & skin conductance, agitated vs retarded depressed patients of mean age 24.2–26.9 yrs, 13002
waking vs sleep, reliability of amplitude vs frequency of electrodermal response, cats, 12203
Gambling
anchoring & adjustment in primed response time task, gambling decisions, college students, 4995
group participation &/vs knowledge of other's positions, choice shifts in blackjack gambling & advice-giving situations, male college students, 1242
involvement in gambling, depletion of options, compulsive vs noncompulsive gamblers, 6039
locus of control, choice of gambling in games of luck vs skill, college students, 10384
variable vs random ratio reinforcement in computer-simulated "slot machine" task, choice of game & strategy, college students, 5057
Game Theory
descriptive accuracy of mathematical theories, structural properties & outcomes of games, 3-person groups, 9458
equilibria concepts for noncooperative 2-person games, 278
group size & communication opportunities, coalition bargaining & outcome in veto games, college students, study of core vs value vs weighted probability models, 3612
mixed motive vs no conflict games with vs without choice dominance, perception of matrices & improvement, 2796
strategic game theory, primitive games involving 2 persons with 2 choices each, 9248
Games [See Also Childrens Recreational Games, Entrapment Games, Prisoners Dilemma Game, Simulation Games]
adherence to discipline in game design, 2356
blocking & winning, aggression in competitive game, college students, 10329
characterizations of Black males in play objects, 3510
coalition formation, social system subgroups, 3615
cognitive structure & ambiguity tolerance & category width, game playing behavior, business students, 9558
cooperative games program, sharing & happiness while playing games outside of school, 5 yr old kindergartners, 8893
creative alternative game, interpersonal influence processes, 3621
descriptive accuracy of mathematical theories, structural properties & outcomes of games, 3-person groups, 9458
development & application of recreational board games, remediation of sensory deprivation & social isolation, nursing home residents, 8685
development of group problem solving strategies in tower of patience game, 9 & 10 & 14 & 16 yr olds, 3344
diverse interpretations of game between adults & 1–3 yr olds, 7894
games, development of helping behavior toward peers, preschoolers, 3400
games analysis, motor development & sex-appropriate play patterns & peer acceptance, 10 yr old gender disturbed male, 8537
graphic respresentation of games, development of logical thinking, 3rd vs 4th graders, 5506
group cohesiveness, group performance in Executive Game, college students, 5760
group games, vocational counseling programs, elementary school students, 4430
homogeneous vs heterogeneous achievement grouping with concept & skill games, mathematics learning, 7th graders, 4291
mixed motive vs no conflict games with vs without choice dominance, perception of matrices & improvement, 2796
modified good behavior game, disruptive library behavior, 4th graders, 8868
popularity with peers & social interaction revealed in "present" game, 4–9 yr olds in physically handicapped ward, 11015
predictors of disagreement, bargaining games, 6980
social perception game, dyads, 3649
social play & games, 10–11 yr olds, New Zealand, 1092
statistical & experimental design aspects, research on evaluation of games, 9288
strategic game theory, primitive games involving 2 persons with 2 choices each, 9248
training of parents & paraprofessionals, systematic instruction of severely mentally retarded 8–10 yr olds in table game skills, 8404
winning vs losing, emotional reactions & tactical & strategical change & motivation in game playing, college students, 7282

Gamma Aminobutyric Acid
age & fluphenazine & haloperidol & dextroamphetamine & norepinephrine & GABA & 6-hydroxydopamine & reserpine, spontaneous discharge of cerebellar Purkinje neurons, male rats, 7670
apomorphine & biperiden & alpha-methylparatyrosine & physostigmine & muscimol & picrotoxin, haloperidol-induced dystonia, monkeys, 7625
brain glutamic acid decarboxylase activity & glutamate & GABA concentrations, open-field activity, BALB/cJ vs C57BL/6J mice, 5186
cerebrospinal fluid GABA & homovanillic acid levels, psychotic drug-free vs haloperidol-treated patients, 10459
cerebrospinal fluid GABA levels, patients with depression vs schizophrenia vs mania vs anorexia nervosa, 10418
concentration of GABA, GABA-ergic neurons & receptors in epileptic vs nonepileptic hemispheres, rhesus monkeys, 12328
desipramine vs GABA vs norepinephrine injected into frontal neocortex vs hippocampus vs lateral geniculate body, learned helplessness, male rats, 9961
ethanol, potentiation of inhibition of cortical neurons by GABA, cats, implications for alcoholism etiology, 915
ethanol & phenobarbital & baclofen, ethanol withdrawal, rhesus monkeys, 7698
GABA analog baclofen, treatment of self injurious behavior, 16–37 yr old institutionalized mental defectives, 6406
GABA & picrotoxin & clonidine & morphine & cyproheptadine, locomotor activity & gross behavior, male rats & mice & rabbits, 5406
GABA transport in nerve endings, normal vs vitamin B-12 deficient fruit bats, 5203
injection of GABA antagonists picrotoxin & bicuculline & agonist mucimol & benzodiazepines into raphe nucleus, control of serotonin neurons, male rats, 9931
intranigral injections of GABA & muscimol following pretreatment with bicuculline vs haloperidol vs atropine vs strychnine, circling behavior & role of nigrostriatal dopaminergic system, female rats, 896
ip GABA, haloperidol induced catalepsy, male rats, 862
picrotoxin injections into ventral tegmentum followed by GABA injections into globus pallidus, locomotor activity, male rats, 910
sodium n-dipropylacetate & muscimol hydrobromide & nipecotic acid amide & dosage, isolation-induced aggressive behavior, mice, 9954
sodium valproate, symptoms & homovanillic acid & methoxyhydroxyphenyl glycol & GABA in cerebrospinal fluid, schizophrenics, 6395
strychnine &/vs glycine & GABA, increase in spontaneous motility & strychnine antagonism of decreases, 7-day chick embryo, 3203
Ganglia [See Also Basal Ganglia, Spinal Ganglia]
correspondence between neurological factors & optics of eye & acuity data on smallest foveal channel, 367
in utero exposure to maternal antibody for nerve growth factor, pre- & postnatal destruction of dorsal root ganglion & sympathetic neurons, rats & guinea pigs, 7658
orientation bias of retinal ganglion cells, cats, 2990
retinal projection of displaced & giant ganglion cells to accessory optic nuclei, turtles, 9791
unilateral sectioning of optic nerve, pattern reversal electroretinographic responses, cats, 12335
Ganglion Blocking Drugs [See Nicotine]
Gastrointestinal Disorders [See Also Diarrhea, Fecal Incontinence, Gastrointestinal Ulcers, Ulcerative Colitis, Vomiting]
alexithymia, patients with chronic pancreatitis & peptic ulcer & ulcerative colitis & irritable colon syndrome, 1606
insulin pretreatments & lateral hypothalamic lesions, aphagia recovery period & gastric pathology & hyperthermia & sensorimotor dysfunctions, rats, 12285
life change before disease onset, colorectal vs gastric cancer patients, 10698
withdrawal from imipramine, gastrointestinal symptoms & other effects, depressed children, 4094
Gastrointestinal System [See Also Intestines, Liver, Stomach]
free feeding & gastric counterinfusion, intragastric pressure & gastric relaxation, male rats, 12259
Gastrointestinal Ulcers
death from complications of ruptured gastric ulcers, 15 yr old female with anorexia nervosa, 3913
dependency, development of cancer vs benign tumors vs hypertension vs gastrointestinal ulcers, male VA domiciliary residents, 10679
dorsomedial vs posterolateral amygdala lesions, restraint-induced gastric ulcers & hemorrhages, male rats, 7602
electrical stimulation of medial amygdala & ventral amygdalofugal pathway lesions, gastric ulcers & hemorrhages, male rats, 3070
fasting, restraint-induced gastric lesions, female rats, 7582
food intake for 1 hr daily & unlimited running wheel activity, development of stomach ulcers & levels of liver glycogen & bilirubin & serum proteins & glucose, male rats, 5317
ingestion of bulk diet, reduction of ventromedial hypothalamic lesion induced stomach ulceration, male rats, 806
mental disorders & attempted suicide & homosexual experiences & various problems, 6–16 yr olds with primary peptic ulcers, 1364
prevalence, peptic ulcer, institutionalized mentally retarded 10–72 yr olds, 10424
tailshock restraint & opportunity to gnaw, gastric lesions, male rats, 9848
Gastropods [See Mollusca]
Gender Differences [See Human Sex Differences]
General Anesthetics [See Ether (Anesthetic), Methohexital]
General Hospital Psychiatric Units [See Psychiatric Hospitals]
General Practitioners
assessment of deliberate self poisoning patients, doctors vs nurses, 6549
clinical psychology community services, Great Britain & Northern Ireland, 8632
feelings about psychiatry & general practice, spouses of psychiatrists & general practitioners, 11085
frequency & symptoms & causes & treatment, depression, patients of general practitioners, France, 1461
judgment of severity of depression & prescriptions for treatment, general physicians, implications for research & training in psychiatry & psychopharmacology, 13475
knowledge & treatment of depressive conditions, general practitioners, 1682
psychotherapy in general medical practice settings, 6282
Generalization (Cognitive) [See Cognitive Generalization]
Generalization (Response) [See Response Generalization]
Generalization (Semantic) [See Semantic Generalization]
Generalization (Stimulus) [See Stimulus Generalization]
Generation Gap
disadvantage in means of obtaining monetary resources, inherent inequality in age & class stratification, 5608
family therapy model, independence of aged family members & improved intergenerational relationships, 13255
Generators (Apparatus)
shock generating device, elimination of artifacts in polygraph recordings, 11586
Genes
autosomal-recessive allele M sub 1 in homozygous state, prerequisite for IQ's over 130, successful mathematics competitors, 7428
habitat selection, maintenance of deleterious allele, Drosophila, 7363
Genetic Counseling
genetic counseling, decisions about childbearing & marriage, people at risk for Huntington's chorea, 4130
genetic disorders & mental retardation, 13061
genetic factors, etiology of schizophrenia, implications for counseling, literature review, 3796
suggestions for counseling, patients with genetic disorders, 4121
Genetic Disorders [See Also Albinism, Chromosome Disorders, Crying Cat Syndrome, Downs Syndrome, Hemophilia, Klinefelters Syndrome, Phenylketonuria, Sex Chromosome Disorders, Sex Linked Hereditary Disorders, Testicular Feminization Syndrome, Trisomy, Turners Syndrome]
behavioral manifestations of heritable metabolism disorder called Lesch-Nyhan syndrome, treatment possibilities including behavior modification & pharmacological methods, 6207
biological determination vs social response to stress as causes of depressive disorders, children, 12964
familial transmission of infantile autism, male vs female autistic children of mean age 6.6 yrs, 10533
genetic disorders & mental retardation, 13061
genetic & environmental influences, school age same-sexed twins with 1 or both diagnosed as autistic, 12957
group treatment for psychosocial problems, adolescent sickle-cell anemia patients, 4015
incidence of color blindness, Cook Island males, New Zealand, implications for genetic factors, 1575
professional screening for social & psychological problems vs identification of own needs, sickle cell patients, 6445

psychiatric symptoms & distortion of perception of severity vs prognosis of child's illness, parents of children with cystic fibrosis & leukemia, 13101
quality of relationship with adoptive family, mentally retarded children adopted 1940–76, 8237
speech & language characteristics of genetic syndromes, diagnostic aids for speech & language clinicians, 13155
suggestions for counseling, patients with genetic disorders, 4121
5-hydroxytryptophan & carbidopa & imipramine, self-mutilative behavior, 5–14 yr olds with Lesch-Nyhan syndrome, 8596
Genetic Recessiveness
lethal recessive mutations, haplodiploid sex ratios due to increased male mortality, parasitoid species, 7418
Genetics [See Also Related Terms]
abstract & concrete levels of sociobiology, literature review, 2949
actual vs psychic reality in individual's life history, genetic vs developmental points of view in psychoanalysis, 1716
adopted-away offspring of schizophrenic parents & evidence for genetic etiology of schizophrenia, critique of Danish-American studies by D. Rosenthal et al, 10496
adoption studies, interaction of heredity & childhood environment factors in psychiatric disorders, 1361
age at illness onset & EEG & morbidity risk for affective disorder & alcoholism & antisocial personality in 1st-degree relatives, bipolar probands, 1485
alcohol dehydrogenase polymorphism, mating success, Drosophila melanogaster, 2956
amyotrophic lateral sclerosis & dementia & psychosis, 4 generations of single family, 8095
analysis of evaluation of animal strategies, conflict of sexes & maternal behavior, 12159
animal strain differences & septal lesions, avoidance behavior, mice, 845
anorexia nervosa in 1 vs both twins, female monozygotic twins, 1557
audiogenic seizure susceptibility & proposal for systematic nomenclature, Rb-1 vs Rb-2 vs DBA/2J mice, 9747
auditory stimulation, cortical evoked potentials, 8–13 yr old monozygotic twins vs unrelated children, 2960
autosomal-recessive allele M sub 1 in homozygous state, prerequisite for IQ's over 130, successful mathematics competitors, 7428
biological factors in cigarette smoking, 6035
biological & genetic influences in acquisition & maintenance of phobic fears, 8204
biological vs socialization basis of language acquisition, criticism of E. H. Lenneberg's theory, 959
biological vs sociocultural factors, handedness, related vs nonrelated adoptive families, 5181
bipolar & unipolar affective disorders, 1st degree relatives of patients with both illness types, 1402
borderline psychopathology & genetics, 12999
brain glutamic acid decarboxylase activity & glutamate & GABA concentrations, open-field activity, BALB/cJ vs C57BL/6J mice, 5186
brain levels of phenylethanolamine & m-octopamine & p-octopamine, Roman strains of rats, 702
breeding, agonistic behavior, female mice, 7406
chemosignal activity & perceived similarity, goldfish & Belontiidae species, 7408
choice of various oviposition sites, behavior & genetic variability, Drosophila melanogaster, 2943
chromosomal differences, breadth of foraging activity & feeding rate, Drosophila melanogaster larvae, 7419
chromosome differences, lines of Drosophila melanogaster selected for locomotor activity, 689
circadian patterning of various diurnal activities, various species of muroid rodents, 623
clinical & demographic & historical variables related to abnormal brain function & cortical dysfunction, familial vs nonfamilial manics, 1486
cochlear development & electrophysiological determinants of deafness, "deafness" strain of mice, 7421
concordance of deviant smooth pursuit eye movements, monozygotic & dizygotic twins discordant for schizophrenia, replication of authors' earlier study, 1439
conditioned defensive burying, 30 vs 60 vs 90 day old rats vs CD-1 vs CF-1 vs BALB mice vs hamsters vs gerbils, 12080
con- vs heterospecific male odors, competition for space, voles, 5182
correlation of normal personality dimensions within families using constructs of H. Sjobring, adolescents & adults, Sweden, 5849
correlations of subtest scores on Primary Mental Abilities Test, 5–7 yr old twin pairs, 7416
critique of diagnostic criteria, manic depressive illness, 8–18 yr olds with 1 manic depressive parent, implications for developmental approach, 8159
cross fostering, species-specific agonistic behavior, North American lemmings, 5157
cyclothymia as measured by 16PF, depressed Ss & their relatives, literature review, 3827
decapitation &/vs immobilization stress, adaptation of peripheral neuroendocrine mechanisms of sympatho-adrenal system, Wistar-Kyoto vs Brown-Norway rat strains, 9845
delta-9-tetrahydrocannabinol & dosage levels, male White King vs Silver King pigeons, replication of study by W. D. Gouvier & A. L. Yehle, 12363
development, infants from birth through 1 yr of age born to parents with serious mental disorders, implications for vulnerability for schizophrenia, longitudinal studies, 12981
development & familial occurrence of schizophrenia & paranoia, midlife paranoia patients, 1499
dextroamphetamine vs gamma-butyrolactone vs haloperidol, motor activity & loss of righting reflexes & brain dopamine levels, mice bred for differing sensitivity to alcohol, 678
dextro- & levo-amino acids & morphine, analgesia & locomotor activity, male DBA vs C57 mice, 5349
discrimination between siblings vs nonsiblings, tadpoles separated before hatching & reared alone, 12099
distribution of schizophrenia on maternal & paternal sides of family, schizophrenics, 5932
divergent selection on locomotor activity, Drosophila melanogaster of distinct geographical origin, 690
dunce mutation of learning, cyclic adenosine monophosphate defect, fruitfly, 2827
emotionality & conditionability, rate of acquisition & extinction in active vs passive avoidance & active approach conditioning, Roman high vs low avoidance vs Maudsley reactive vs nonreactive rat strains, 5095
environmental vs biological determination, gender identity & role behavior & sexual object choice, 5684
ethanol, electrophysiological changes of cerebellar Purkinje neurons, mice lines with different sleep times, 9963
ethology & environmental adaptation, understanding human aggression, 12884
evaluation of heredity in reading & learning problems, family & twin studies, 6066
evolutionary & genetic model of emotions, decision making, 5468
familial similarities, mental disorders, schizophrenics vs affective psychotics & 1st-degree relatives, 10520
familial vs demographic vs clinical vs laboratory variables, bipolar vs unipolar dichotomy, institutionalized unipolar vs bipolar probands, 1487
family incidence of sleepwalking & night terrors, genetic implications, 3912
family medical histories & life events prior to disease onset, families of 3–17 yr old cancer patients, 1590
family patterns, hand & eye & foot & ear preference, parent-offspring triads & sibling pairs, 7395
family resemblance in serum uric acid level, biologically related nuclear family members, 7390
food recruitment strategies, ant species, 5140
free-operant avoidance task, successful shock avoidance, C57BL/6J vs DBA/2J vs B6D2F$_1$ mice, 7312
frequency & severity of stuttering, adult stutterers & their 1st-degree relatives, 6100
generation differences & familial resemblance & maternal effects, hand preference, college students, 7413
genetic & age factors & time of day, aggregation, juvenile terrestrial snails, 9672
genetic approach to nervous system development, literature review, 5197
genetic deficiency for vasopressin in suprachiasmatic nuclei, circadian rhythms in locomotor activity & drinking & pineal serotonin N-acetyltransferase, Brattleboro rats, 749
genetic & environmental determinants, individual differences in sensory contingent bar pressing, rats, implications for motivation, 2864
genetic & environmental factors, intelligence, twins, Peru, 12497
genetic & environmental influences, school age same-sexed twins with 1 or both diagnosed as autistic, 12957

genetic factors, etiology of personality traits, pairs of twins 1–7 yrs old, longitudinal study, 12606
genetic factors, etiology of schizophrenia, implications for counseling, literature review, 3796
genetic & family interaction variables, etiology of schizophrenia, literature review, 3801
genetic heterogeneity of reading disabilities, male & female reading disabled children & their families, 3874
genetic influences, manual torque, male & female twins & their 4–9 yr old siblings, 3357
genetic influences, selective attention & speed, 12–38 yr old monozygotic vs dizygotic twin pairs, 7391
genetic influences & developmental correlates, academic learning difficulties, identical vs fraternal twins, 6081
genetic influences & objectively assessed personality traits, twin children, 5190
genetic & lithium treatment studies, reconsideration of bipolar-unipolar classification of affective disturbances, literature review, 6009
genetic model, research in schizophrenia, 3781
genetic propensity in alcoholism, 1531
genetic research in schizophrenia, 3809
genetics, feeding behavior, Mexican characin cave fish, 7417
genetic selection for differences in behavioral reactivity, blood pressure & heart rate & plasma norepinephrine levels under resting conditions, reactive vs nonreactive rats, 7393
genetics & family research problems in prevalence of neurosis, 5936
genetic theory & validation of indicators of high risk genotype & diagnosis, children of schizophrenics, 12968
genetic vs environmental factors & characteristics of biological vs adoptive parents, inheritance of alcoholism, 23–43 yr old adopted males reared by nonrelatives, 10548
genetic vs environmental influences, cognitive abilities, 5–12 yr old twins, 10042
genetic vs postnatal genotype-dependent maternal influences, behavior & growth, male DBA/2 vs C57BL/6 mice, 9748
genotype, frequencies and temporal patterns of jumping over barriers, inbred mice strains & their F sub 1 hybrids, 7405
genotype, life span changes in electrophysiological vs behavioral auditory thresholds & cochlear hair cell & hearing loss, 2 strains of mice, 5256
genotypic homozygosity for electrophoretically fast vs slow null alleles at alcohol dehydrogenase locus, role of acetaldehyde buildup in avoidance responses to various ethanol concentrations, Drosophila larvae, 7508
hereditary aspects, abnormal skin conductance responses as evidence of limbic dysfunction, Huntington's chorea patients & 1st-generation asymptomatic offspring, 8341
hereditary resemblances, cognitive abilities, parents & their offspring, 7420
heredity & development, cerebral dominance & handedness, literature review, 1002
heredity & environmental factors, oral & obsessive & hysterical personality syndrome, 20–70 yr old female vs male twin pairs, 6013
heredity vs learning, handedness & laterality, humans vs monkeys, 7426
heritability, 2nd-order intelligence factors, 12–18 yr old male identical vs fraternal twins vs siblings, 9735
heritability for psychosocial instability & extraversion using short form of Eysenck Personality Inventory, twin pairs, Sweden, 3690
hippocampal rhythmic slow activity & possible species differences, literature review, 5233
human lymphocyte antigen similarities, sibling pairs concordant vs disconcordant for primary affective disorder, 13005
human lymphocyte antigen-typing & genetics & family history, bipolar vs unipolar vs schizoaffective disorder vs alcoholism, 44–58 yr old siblings, 12931
hydrocortisone acetate vs deoxycorticosterone acetate, alcohol consumption, C57BL/Crgl vs C3H/Crgl/2 mice, 9935
immobilization stress, catecholamine & choline acetyltransferase responses, Wistar-Kyoto vs Brown-Norway rats, 9846
imperative ideas & actions with similar or identical content in siblings & across generations, 680
individual differences & hereditary influences in language acquisition, 10024
infant handling, maternal behavior & pup vocalizations & temperature changes, C57BL/6J vs A/J female mice & cross-fostered pups, 9739
interaction of heredity & environment, behavioral development, normal Puerto Rican & mildly mentally retarded & multihandicapped children, longitudinal studies, 3410
intermale competition vs female choice vs sexual selection, reproductive success, male guppies, 7401
interocular transfer of brightness vs pattern discriminations, hooded vs albino rats, 9782
intrauterine environment & genetics & childrearing practices, social behavior & alertness & activity, neonates, Zambia vs US, 5447
irradiation of parent, courtship activity of offspring, male guppies, 7583
irradiation of paternal spermatozoa, offspring agonistic behavior, male mice, 7577
isolation at 3 vs 17 vs 25 days of age in comfortable vs uncomfortable conditions, vocalizations indicating separation distress, beagles vs Telomians vs reciprocal F_1 hybrids, 3069
isolation rearing, response to blue vs yellow models of conspecifics, male cichlid fish, 12114
kanamycin & exposure to intense auditory stimulus during critical neural development, cochlear hair cell damage, various mice strains differentially susceptible to priming-induced audiogenic seizures, 815
lateral head position preference, newborn infants with right handed vs non-right-handed parents, 7471
lateral hypothalamic stimulation, approach & escape reactions, BALB/c vs DBA/2 mice, 5323
laterality & visual field & birth trauma, vocal response to laterally presented letter strings, dextral & familial vs nonfamilial sinistral college students, 5180
light-dark schedule, sleep-waking cycle, anophthalmic mice, 7400
liquid food from weaning, circadian amounts & rhythms of slow wave & paradoxical sleep & tongue activity, C57Br mice, 12282
location in storage container, mating behavior, male Drosophila of the same laboratory strain, 9741
locomotor activity & somatosensory orientation & EEG arousal, C57BL/6 vs DBA/2 male mice, 5196
long-term dietary levodopa, body weight & locomotor activity & number of dopamine receptors, C57 vs BALB/C mice, 7689
lymphocyte production of sodium pump sites, manic depressives vs recovered manic depressives, 12183
male competition for mates, control of polymorphism, butterflies, 12188
measurement technique, long term food hoarding behavior in home environment, mice, 39
mimics of sexual flash signals, male fireflies, 7410
model based on asymmetry in mate selection, study of familiar similarity, 12175
morbidity risks for affective illness & schizophrenia, 1st degree relatives of schizoaffective probands, 10501
morbidity risks of schizophrenia vs affective disorders, 1st degree relatives of schizophrenics vs manics vs depressives, implications for diagnostic distinctions, 6016
mother & pup inbreeding, retarded postnatal development, mouse pups, 2961
multivariate analyses of genetic & environmental correlations, scholastic abilities, twins, 686
musicality, parents vs children, 5184
mutations involving photoreceptors, mating success, drosophila melanogaster, 684
nicotine, spontaneous motor activity & nicotine concentrations in brain & liver, male vs female & C57 vs C3H vs DBA strains of mice, 9936
open field activity & rate of food ingestion & rate of development of autoshaped operant response, BALB/cJ vs C57BL/6J vs DBA/1J vs CBA/CaJ mice, implications for evolutionary history, 9620
overview of behavioral studies using genetically defined mice, bibliography, 2399
"pandevelopmental retardation" & genetic history, neurobiologic disorders, pre-schizophrenic infants, literature review, 12910
perceived vs actual genetic similarity, co-twin differences in cognitive & personality & physical development, monozygotic & heterozygotic same-sex twin pairs, methodological implications, 979
perceptions of family similarity in intelligence & personality test scores vs actual scores, adoptive vs biological families of adolescents, 9746
personal & family background & psychological assessment & treatment, female monozygotic twins discordant for obsessive compulsive neurosis, implications for genetic predisposition, 1437

phenotypic correlations & cultural & genetic factors, monozygotic & dizygotic twins & their families, 2957
physiological & biochemical & genetic factors, personality development, 3454
prevalence of antisocial personality, biological relatives of schizophrenic adoptees, Denmark, 3753
prevalence of schizophrenia, relatives of paranoid psychotics, 3795
quantitative analysis of feed consumption & feeding rhythms, dwarf vs normal weight chicken populations, 12172
rape & courtship behavior, wild drosophila vs strain selected for light-independent mating, 12184
recombinant inbred strains, intracranial self stimulation behavior in lateral hypothalamus, male mice, 819
reproductive isolation, lines of Drosophila melanogaster selected for locomotor activity, 688
reward vs nonreward training technique, learning ability, predators of humbug damselfish, 2845
role of duetting songs, courtship behavior, female Drosophila vs Zaprionus species, 9677
saline & cyclophosphamide, motor processes, rat offspring of treated males, 3134
segregation & genotype linkage analysis, predisposition & incidence of unipolar depression, family members, 12950
selection for age of sexual maturation, mice, implications for population regulation, 9736
selection for wing vibration component of courtship, 44 generations of Oregon-R stock of Drosophila melanogaster, 685
sex differences, spatial ability, literature review, 679
sex differences & familial vs nonfamilial dextrality vs sinistrality, WAIS performance & word/nonword & face discrimination, college students, 12193
sleep & activity rhythms, mice, literature review, 5228
song variation & species-typical stimulation, reproductive isolation, captive female molothrus ater ater vs molothrus ater obscurus cowbirds, implications for importance of experience & learning in song development, 9700
species differences, tonic & dorsal immobility response, rodents, 9749
species differences & pheromonal communication, aggregation formations, Australian reptile tick larvae vs nymphs vs adult males vs females, 12151
strain differences, courtship sequences, male Drosophila melanogaster vs simulans vs hybrids, 9751
strain differences, courtship sounds, drosophila mercatorum, 7407
strain differences, food vs water intake vs water intake after food deprivation, adult male rats, 691
strain differences, sexual isolation & selection, drosophila immigrans, 7398
strain differences, shock-induced fighting & mouse-killing behavior, rats, 7399
strain differences & selection for isolation-induced interfemale aggression, maternal aggression, female mice, 682
strain differences & territoriality & formation of leks & courtship displays, male orchid bees, 9699
strain & individual differences, developmental period for cardiovascular system, Bailey recombinant inbred vs progenitor strains of mice, 681
subspecies differences, curiosity & activity, Bolivian vs Columbian squirrel monkeys, 9745
time, photobehavior, Drosophila species, 9744
tobacco smoke exposure during gestation & nicotine, fertility & maternal care & tissue nicotine levels & liver weight & offspring survival & activity, female mice bred for high vs low open field activity, 9825
visual complexity of maze, activity & exploratory behavior, various strains of male mice, 650
wheel-running behavior, muroid rodent species, 5146
Geniculate Bodies (Thalamus)
afferent projections to ventral lateral geniculate nucleus, cats, 9773
monocular paralysis with bilateral lid suture, latencies of response onset for lateral geniculate nucleus cells following optic chiasm shock & role of extraretinal cues, cats, 811
signal-to-noise ratio of bar & visual background noise, threshold responses of single neurons in lateral geniculate nucleus & visual cortex, cats, 5216
Genital Disorders [See Dysmenorrhea, Infertility, Klinefelters Syndrome, Menstrual Disorders, Premenstrual Tension, Pseudocyesis, Sterility, Testicular Feminization Syndrome, Turners Syndrome]
Genitalia (Female) [See Female Genitalia]
Genitalia (Male) [See Male Genitalia]
Geniuses [See Gifted]
Genotypes
adoption studies, interaction of heredity & childhood environment factors in psychiatric disorders, 1361
evidence for diploidy & random mating & recombination, trypanosomes, 7379
genetic theory & validation of indicators of high risk genotype & diagnosis, children of schizophrenics, 12968
genotype, frequencies and temporal patterns of jumping over barriers, inbred mice strains & their F sub 1 hybrids, 7405
genotypic homozygosity for electrophoretically fast vs slow null alleles at alcohol dehydrogenase locus, role of acetaldehyde buildup in avoidance responses to various ethanol concentrations, Drosophila larvae, 7508
pigmentation & light deprivation, light reactivity, mice, 7425
segregation & genotype linkage analysis, predisposition & incidence of unipolar depression, family members, 12950
social isolation rearing, abnormalities in social & individual behavior & exploration, pigtailed vs rhesus vs crab-eating macaque monkeys, 2939
time, photobehavior, Drosophila species, 9744
Geographic Regions [See Geography]
Geographical Mobility
employee attitudes & company policies toward job relocation, 9160
geographic mobility, ethnic tolerance, Anglo-Celtics vs French-Canadians vs other ethnic groups, Canada, 7941
plant shutdowns & relocations, suicide rate & anomie & life satisfaction & social integration, plant workers, 13696
residential mobility, interpersonal relations, adolescents, New Zealand, 1073
Geography
geographical analysis of suicide rates, 1940 vs 1977, 13040
in vivo exposure in groups zoned vs unzoned according to neighborhood geography, increased social contact, agoraphobics with mean age of 36.33 yrs, 10901
relief shading vs layer tints as supplements to contour lines, map use problem solution, military personnel, 2207
sex & race & region, methods of suicide, test of theories of lethality of intent & different socialization with firearms, 3858
sex & urban vs rural residence & age & geographic locale, prevalence of mild mental retardation, Anglo vs Black vs Mexican American vs Papago Indian 1st–9th graders, 6087
speech fluency & knowledge of preliminary grade, evaluations of students' achievement on oral geography examination, secondary school teachers, 13671
tabulated data from 90 provinces for mean IQ & intellectual achievement & earnings & unemployment & infant mortality & migration, France, 10215
variations in mean IQ between geographic regions, Great Britain, criticism of R. Lynn's paper, 10214
Geometry [See Mathematics Education]
Gerbils
caffeine vs chlordiazepoxide, DRL responding, rats & Mongolian gerbils, 926
classification & description of ultrasounds emitted during various phases of copulation, male & female gerbils, 642
conditioned defensive burying, 30 vs 60 vs 90 day old rats vs CD-1 vs CF-1 vs BALB mice vs hamsters vs gerbils, 12080
development & incidence of pup cannibalism, juvenile vs adult male vs female gerbils, 9680
dextroamphetamine vs apomorphine with vs without pimozide & exposure to novel object, disruption of selective attention & habituation, gerbils, 3149
diurnal cycle, spontaneous rotational behavior, female gerbils, 5167
early rearing as cagemates & subsequent isolation, agonistic behavior, ovariectomized female & castrated vs noncastrated male gerbils, 12090
estradiol benzoate & progesterone & length of mating experience, sexual behavior & male vs female footstomping & fighting, ovariectomized female Mongolian gerbils, 7570
food deprivation hoarding behavior, gerbils, 7574
lithium chloride vs saline injection after exposure to petri dish of soiled bedding, conditioned aversion to bedding vs empty dish, 12–13 mo old male gerbils, 922
mechanisms of ultrasonic emissions, Mongolian gerbils, 7518
nerve stump length following transection of glossopharyngeal nerve, magnitude of summated taste solution-elicited responses, gerbils, 847
polyethylene glycol, water vs saline intake, female gerbils, 12380

saliva-related stimuli, oral directed responses during specific phases of social interchange, Mongolian gerbils, 12100
sex differences & stomach load of NaCl vs water, water intake & weight loss, gerbils vs rats, 12289
test area size, social investigation of 3 mo old male conspecific, adult male gerbils, implications for crowding effects, 2932
ultrasonic vocalizations & open field behavior before vs after establishment of dominance, male gerbils, 7358
water deprivation, behavioral & physiological functions, Harderianectomized vs intact male gerbils, 7580
Geriatric Patients
classroom vs ward reality orientation training, cognitive functioning & behavior change, psychogeriatric hospital & old people's home dementia patients with mean ages of 79 & 81 yrs, 13372
cosyntropin, mental confusion, geriatric patients, 1866
diagnostic processes & assessment of therapeutic measures & need for reliable rating scales, geriatric psychiatry, 8449
direct observation of patient behavior during occupational therapy, evaluation of sessions & patient change, psychogeriatric ward patients, 6441
geriatric psychology & psychiatry, sociocultural aspects of mental illness, aged psychiatric patients, India, 1494
individual psychotherapy, 80–96 yr old geriatric & gerontopsychiatric patients in geriatric hospital, 6229
intervention programs to enhance residents' perceptions of personal control, short vs long term results, institutionalized aged, 11019
lost nerve cell components in temporal lobe, aged patients with Alzheimers disease, 1560
manipulation of ward furniture & mealtime routine, verbal & tactile communication & eating behavior, senile dementia patients, 8704
model of risk of falling, psychogeriatric patients, 1366
music based treatment, reality orientation, geriatric patients, 8413
pre- vs post-operative disorders, elective surgery patients with mean age of 73 yrs, 12920
psychodiagnostic evaluative package, assessment of elderly psychiatric patients, 13202
regression equation for prediction of Wechsler Memory Scale visual reproduction subtest scores, geriatric patients with visual or manual dexterity handicaps, 2471
reliability & validity of Clifton Assessment Schedule & Shortened Stockton Rating Scale, measurement of cognitive & behavioral functioning, institutionalized mentally retarded 60–82 yr olds, 11690
role of psychology & psychologists, geriatric institutions, 1953
sex & environmental choice & control in community care settings, elderly patients, 11016
social-recreational programs for nursing home care, psychogeriatric patients, 4163
social reinforcement of activity vs problem solving training, depression, nursing home patients over 60 yrs of age, 1789
staff response to dependent vs independent self care skills, 52–97 yr old nursing home residents, 11001
token economy program, independent living skills, geropsychiatric inpatients, 8698
tricyclic antidepressants, cardiovascular effects & importance of blood level monitoring, depressed geriatric & cardiac disease patients, literature review, 10940
validity & reliability of Psychogeriatric Dependency Scales, assessment of elderly mentally ill by nurses, 4842
vocal range assessment, geriatric patients, 6193
Geriatric Psychotherapy
diagnostic processes & assessment of therapeutic measures & need for reliable rating scales, geriatric psychiatry, 8449
problems & prospects in geriatric psychiatry, 4251
psychiatric syndromes & psychodiagnosis, aged, 1362
Geriatrics
development & evaluation of London Psychogeriatric Rating Scale, prediction of discharge from psychogeriatric unit, aged inpatients, 7061
problems & prospects in geriatric psychiatry, 4251
problems & resolutions, staff of interdisciplinary geriatric research-assessment team, 8783
German Measles [See Rubella]
Gerontology
anthropological view of old age, literature review, 7750
description of Nurenberg Gerontological Inventory, 206
educational delivery models, adult education, aged, 6648
geriatric psychology & psychiatry, sociocultural aspects of mental illness, aged psychiatric patients, India, 1494
problems & resolutions, staff of interdisciplinary geriatric research-assessment team, 8783
Q sort technique, gerontological research, 2540
sociological functionalism & exchange theory, applications to gerontology, 12450
usage & conceptualization of mental health constructs, gerontologists, 7905
Gestalt Psychology
applicability of K. Lewin's field theory, decision theory, 4631
Gestalt principles in phenomenological perspectives, 9239
Gestalt view of human valuing & morality, 5891
main points of agreement & difference between phenomenology & Gestalt psychology, 9241
review & interpretation of M. Wertheimer's "Productive Thinking" from phenomenological perspectives, 9549
theory of constancy & historical development of Gestalt psychology, 9246
Gestalt Therapy
active imagination Gestalt experiments, female with psychosomatic arthritis, 6228
anthropological considerations, Gestalt therapy, 1693
applicability of M. Buber's philosophy to Gestalt therapy, 6231
counselor experience & Gestalt vs eclectic orientation, reported levels of awareness & discomfort & conflict resolution & behavior change & progress, 20–46 yr old clients, 1-wk followup, 8438
gestalt marathon group, self actualization, college students, 4032
holistic philosophy of Gestalt therapy, 4646
periodic vs marathon group sessions in Gestalt therapy, therapeutic effectiveness, 13240
seating patterns, Gestalt therapy groups, 1751
speech rhythm characteristics of client centered vs Gestalt vs rational emotive psychotherapy interviews, 6232
systematic desensitization including relaxation training & fantasy & Gestalt technique, anxiety about birds, female client, 13288
taxonomy of verbal response modes in client centered & psychoanalytic & gestalt psychotherapy, 6280
therapist-imposed structures, Gestalt therapy, 6260
training program in Gestalt 2-chair method, 2012
Gestation [See Pregnancy]
Gestures
age & sex, gender differentiation through body gestures, 11–18 yr olds, implications for gender disturbances, 10183
classification of nonverbal signals in decoding pantomimes, 36–71 yr old aphasics & 18–64 yr old right hemisphere damaged Ss, 13098
unitization techniques, study of emotion in spontaneous nonverbal behavior, 5789
validity & reliability of code for classification of hand movements, 170
Velten's mood-induction procedure, nonverbal behaviors associated with depression including head-down position & hand movements, female college students, 9608
visual-gestural vs auditory-verbal cuing, word-retrieval responses, 46–59 yr old dysphasics, 6432
Gifted
advanced social role taking & cognitive development, White gifted 21–55 yr olds, 7756
age & individual differences, creative thinking & problem solving, gifted 2nd–6th graders, 1009
curriculum development, education of gifted & talented, 4401
hemisphericity, creative functioning, superior adults, 1348
hemispheric lateralization & cerebral dominance & conjugate saccadic behavior, identification of creatively gifted, 722
hemispheric specialization, gifted learning disabled children, 3873
high vs low interest reading material & student reading level, reading comprehension, 5th & 6th graders, implications for reading education of gifted, 6740
inservice training, ability to identify creatively gifted children, female day care workers, 4278
integration of Individualized Education Program & Guilford's Structure of Intellect model, instructional programing, gifted, 6726
Mazes vs Coding subtests of Revised WISC, assessment of giftedness, 6–12.3 yr old students, 11404
model for moral development education emphasizing cognitive & affective goals, gifted, 6745
murder of Bobby Franks by 2 highly gifted adolescent males, 1505
own attitudes & perception of attitudes of peers & teachers & parents toward identification as gifted & participation in special programs, gifted students, 2153

performance on WISC vs Revised WISC, gifted 3rd & 5th graders, 7114
personality patterns, gifted females, literature review, 1304
personality traits, academically handicapped vs gifted students, 4389
procedure for estimation of Stanford-Binet IQs, mentally retarded & gifted Ss, 2533
psychoanalytic interpretation of mother child relationship, severely neurotic learning disordered gifted 13 yr old male, 12903
relaxation-guided fantasy vs arithmetic exercises, creative thinking & writing, gifted 4th–6th graders, 1006
self concept & attitudes toward learning & peer relations, gifted vs normal children of mean age 9.8 yrs, 12567
sex differences, Revised WISC scores, 6–16 yr old gifted students, 1014
sign language instruction, performance & motivation & creativity, exceptional students, 11279
simulation gaming, stereotyped sex role attitudes, gifted females, 6725
Slosson Intelligence Test vs Scale for Rating Behavioral Characteristics of Superior Students vs Revised WISC, screening for giftedness, 1st–8th graders nominated for gifted programs, 9120
special care for gifted students within normal classroom environment, elementary school students, 8959
special high school programs for gifted, achievement & awards & attitudes, gifted, 6742
Study of Mathematically Precocious Youth, program for acceleration of 7th graders with mathematical ability, 13664
suggestions for educational measurement, gifted students, 6756
summary of research on reliability & validity of Group Inventory for Finding Creative Talent, kindergartners through 6th graders, 11389
traditional graded vs ungraded elementary schooling & IQ, affective & social & cognitive development, 7th graders, 2093
validity of short form of Revised WISC, gifted 6–16 yr olds, 9365
validity of Structure of Intellect Learning Abilities Test, identification of & prediction of teacher perception of gifted children, high achieving 4th–6th graders, 2175
value of leisure, gifted & talented persons, 1327
verbal praise vs nonevaluative comments by examiner, validity of Revised WISC as predictor of academic achievement, intellectually superior elementary & secondary school students, 11391
wishes, male vs female 4th–7th grade gifted students, 10168

Gilles de la Tourette Disorder
development of Gilles de la Tourette syndrome during pemoline therapy, 14 yr old male, 10646
diagnosis & haloperidol treatment of Gilles de la Tourette syndrome, 6–12 yr old mentally retarded, 8579
effective serum haloperidol levels, schizophrenics vs patients with Gilles de la Tourette syndrome, 13353
imperative ideas & actions with similar or identical content in siblings & across generations, 680
lithium carbonate therapy, diabetes insipidus & renal damage & depletion of thyrotropin-stimulating hormone, 18 yr old male with Gilles de la Tourette syndrome, 4107
onset & characteristics & effect of haloperidol treatment, Gilles de la Tourette syndrome, mildly retarded female 16 yr old, 6388

Glands [See Also Adrenal Glands, Gonads, Ovaries, Pancreas, Pineal Body, Pituitary Gland, Testes, Thyroid Gland]
female flank glandectomy, sexual behavior, male hamsters, 3105
role of exocrine glands, trailing behavior, Argentine ants, 9716
season & sexual maturity, urinary marking, male wild bank voles, 739
water deprivation, behavioral & physiological functions, Harderian-nectomized vs intact male gerbils, 7580

Globulins [See Antibodies, Immunoglobulins]

Globus Pallidus
neuronal peptide concentration, circadian variations in substance P & luliberin & thyroliberin in hypothalamic & extrahypothalamic nuclei, male rats, 12216

Glossopharyngeal Nerve [See Cranial Nerves]

Glucose [See Also Blood Sugar]
amyl acetate vs suckling pheromone stimulation, olfactory bulb uptake of 2-deoxy-dextro-glucose, rat pups, 3216
dorsomedial hypothalamic lesions at weaning & bilateral ovariectomy after maturity, body weight & food intake & efficiency of food utilization & growth & glucose incorporation into lipids, rats, 9879
enzyme activity of glucose-6-phosphate dehydrogenase vs gamma-glutamyl transpeptidase vs lysozyme in serum vs red vs white blood cells, schizophrenia, implications for functional deficiency in neutrophils of schizophrenics, 10450
glucose, suppression of basal firing of dopaminergic neurons & haloperidol induced increases in firing, male rats, 9959
hypothalamus & ventral tegmental area injections of 6-hydroxydopamine, 2-deoxy-dextroglucose incorporation, male rats, 3185
icv 5-thioglucose, increased feeding & hyperglycemia, male rats, 7693
intrastriatal kainic acid, regional brain glucose utilization, male rats, need for histological controls, 7708
iv 2-deoxydextroglucose, hunger & thirst ratings & solid-food & water intake & plasma epinephrine & glucose levels, 19–25 yr old males, 5414
postingestional factors, glucose & saccharin solution drinking, male rats, 3030
succynilcholine immobilization, response of lateral hypothalamic neurons to insulin, rats, 12366
sucrose vs glucose solutions & daily pellet meal, caloric intake, rats, 12035

Glue Sniffing
neuropathology & social factors, glue sniffing, 8090

Glutamic Acid
brain glutamic acid decarboxylase activity & glutamate & GABA concentrations, open-field activity, BALB/cJ vs C57BL/6J mice, 5186

Glutethimide
chronic excessive glutethimide intake, severe hypocalcemia, 37 yr old female, 13137

Glycine
lithium therapy, glycine level change, bipolar & unipolar depressed patients, reevaluation of findings of S. Rosenblatt et al, 4084
strychnine &/vs glycine & GABA, increase in spontaneous motility & strychnine antagonism of decreases, 7-day chick embryo, 3203

Glycogen
food intake for 1 hr daily & unlimited running wheel activity, development of stomach ulcers & levels of liver glycogen & bilirubin & serum proteins & glucose, male rats, 5317

Goals [See Also Educational Objectives]
age & locus of control & achievement motivation, attributions of teachers' motive-thematic goals described in relation to individual vs social norms, students, 13635
attractivity of associated goals, affective judgment of attitude object, 10383
candidates' vs recruiters' assessments, perceived attainability of job related goals, college students registered at placement office, 13710
components of organizational control system including goal setting & measurement & corrective actions, satisfaction & performance, managers, 11454
controlled drinking treatment goal in individualized behavior therapy, controlled drinking & abstinence outcomes, male alcoholics, 8750
critical issues in behavior therapy, 8561
cultural implications of play, 5615
demographic & other variables, decision to have abortions, females, 1162
design aids & expressed goals, practicality & originality in strategies for complex building design problem, college students, 2286
disconfirmed expectations & unattained goals, attributions to crowding, college students, 1263
focused integrated active psychotherapy with goal definition, goal attainment, short term therapy patients, 8450
goal information presentation method, performance in number ordering task, 18–19 yr olds, 7776
goal setting, performance, literature review, 1969–80, 7276
goal setting behavior & level of aspiration, children from family environment vs children's home, 1054
goal setting & feedback, prevocational manual training task performance, trainable mentally retarded 15–18 yr olds, 11044
goal structuring assistance, attributes considered in job choice decision making, 8th graders, 3-mo followup, 5475
high vs low performance model & task experience, goals & performance & performance satisfaction, male college students, 1288
high vs low status & same-sex vs mixed-sex competition, RT performance & group vs personal goals & achievement motivation & anxiety, college students, 8022

incompatibility of manifest vs latent social function of psychological services, implications for policy formulation, 13389
incongruent marital role expectations, goal value consensus, newly married couples, longitudinal studies, 7959
mathematical model, US Air Force recruiting resources & goal allocation decisions, 6859
methodology, analysis of goal structure within & between persons in social situations, female occupational therapy & nursing students, 10325
need for change & innovation & leadership & goals in communities, 1127
norms & self reward, goal setting & subsequent anagrams task performance, college students, 8527
perceived goal orientation & participation & relevance of performance appraisals, opinions of appraisal system, research & development organization employees, 4521
performance evaluation by comparison to own vs others' prior results & achievement motivation, goal setting & attribution to efforts, 11–13 yr olds, 6693
psychiatric treatment & record organized by objectives, modifications of the Weed system, 11120
relationship of therapist's treatment goals to therapist & patient characteristics & institution variables, 10801
socioeconomic status & age, future time perspective in motivational goals, 18–25 vs 26–45 vs 46–65 yr olds vs 66 yrs old & older, 1075
time-limited group psychotherapy, self improvement & self esteem & goal attainment, psychiatric inpatients, 6287
training in goal setting & intraindividual performance feedback in physical education, goal-setting behavior & achievement motivation, 5th graders, 8883
treatment goals, willingness to accept psychological treatment for test anxiety, male college students, Nigeria, 4462
type of treatment goal, brief psychotherapy outcome, outpatients, 6242
value & imminence of goals & disrupted goal striving & other affect variables & commitment intensity, frequency with which goals thought about, college students, 5806
Goats
color vision, domestic goats, 12173
flehmen behavior elicited by female urine, vomeronasal organ function, male goats, implications for reproductive cycle, 646
licking & mother's milk, cues for labeling offspring, mother goats, 12121
play partner preferences, goats, 7348
short term social isolation, behavioral responses, 2.5 mo old domestic sheep & goats, 2933
God Concepts
concepts of God & blasphemous expressions, 10 & 13 yr old males, 3427
factor analytic structure, measure of faith in God & people & self & technology & relation to locus of control scores, 17–70 yr olds, 2543
ontogenetic development of mental & interpersonal functioning & relationship with God & reality testing, 1131
status of laws of behavior as human artifacts or cosmic dictates, 9233
Goiters
lithium carbonate, thyroid function, 16–79 yr old patients receiving lithium carbonate for 6 mo or more, 10929
Goldfish
chemosignal activity & perceived similarity, goldfish & Belontiidae species, 7408
latent visual learning, memory trace of visual pattern, crucians & goldfish, 9636
presentation of novel stimuli, magnitude of arousal & cardiac & ventilatory changes & their habituation, goldfish, 744
removal of right eye & crushing of optic nerve of left eye, ability of ipsilateral optic tectum to mediate vision when containing only spontaneous ipsilateral optic tectal projection, goldfish, 854
response vs nonresponse contingent discriminative cues, avoidance conditioning, goldfish, 620
shifts in magnitude of shock US, shift in respiration level, goldfish, 546
shock-reinforced Y-maze procedure, measurement of color preferences, goldfish, 2409
Gonadotropic Hormones [See Also Luteinizing Hormone, Prolactin]
human chorionic gonadotropin, serum testosterone levels & copulatory behavior, male rhesus monkeys, 12367
hypopituitarism without hypogonadotropinism after growth hormone therapy, postpubertal sexual functioning & social development, 26–36 yr old males, 6120
neuroregulatory & neuroendocrine gonadotropin-releasing hormone pathways in hypothalamus & forebrain, baboons, 712
presence of rams, gonadotropin & prolactin levels & ovulation, female sheep, 2955
Gonadotropin [See Gonadotropic Hormones]
Gonads [See Also Ovaries, Testes]
androgen independent brain masculinization, testicular feminized adult rats, 668
day length & testosterone, neuroendocrine-gonadal function, male rats, 12314
Goodenough Harris Draw A Person Test
construction & validity of Goodenough Harris Draw A Person Test, measurement of intelligence, literature review, 227
correlation between Draw-A-Person results & Revised WISC IQs, male vs female elementary school students with academic difficulties, 2201
exceptionality status & art instruction & time between test administrations, Goodenough-Harris Drawing Test standard IQs, nonexceptional & learning disabled & educable mentally retarded students, 6768
Goodenough Harris Draw A Person Test, assessment of depression, male vs female 4th vs 5th graders, 11352
scores on Draw-a-Person test vs Culture Fair Intelligence Test, rural 4th graders, Peru, implications for appropriateness of Culture Fair Intelligence Test, 240
Gorillas
development of early infant relationships within natal group, development of reproductive tactics in adulthood, young gorilla males, 12125
Government
description of executive job in government bureaucracy, rating of projected degree of satisfaction & probability of job acceptance, civilian professionals & military officers in postgraduate administrative training, Peru, 13712
determinants of county mental health expenditures, 8642
perspectives on relationship of Federal government to American Indian tribes, 3463
Government Agencies
action research in US Department of Labor programs with counseling & guidance components, 2217
partisanship & liberalism & environmental concern & issue salience, policy preferences & voting behavior, state natural resources management officials, 6892
recipients of 1 million dollars or more in National Institute of Mental Health Funds, 1948–80, 8636
US Environmental Protection Agency vs consumer avoidance vs industry authority source, evaluation of environmental quality standards, college students, 2289
Government Bureaucracy [See Government]
Government Personnel [See Also Air Force Personnel, Army Personnel, Commissioned Officers, Enlisted Military Personnel, Law Enforcement Personnel, Marine Personnel, Military Personnel, National Guardsmen, Navy Personnel, Noncommissioned Officers, Police Personnel, Prison Personnel, Probation Officers, ROTC Students, Volunteer Military Personnel]
coping with adversary relationships, elected public officials, 12700
demographic characteristics & death attitudes, orientation toward abortion & suicide & euthanasia, adult male alcoholics & drug addicts & prisoners vs government employees, 10551
flexible work schedule, self report of family time allocation assessed through log entries, federal workers, 9196
flexitime, productivity & absenteeism & morale & transportation, line employees & division directors in Kentucky state government, 11474
management level, difficulty & variety of tasks, local government managers, 13751
need strengths & perceptions of job scope & task characteristics, turnover & absenteeism, state & county government employees, 13774
partisanship & liberalism & environmental concern & issue salience, policy preferences & voting behavior, state natural resources management officials, 6892
perceptions of general public attitudes about nuclear energy, policy making civil servants, Austria, 9224
Performance-Contingent Reward System using economic incentives, analysis of cost effectiveness in terms of production, civil service data transcribers, 13740

primary child mental health care program, community workers, 1915
reading grade levels, US Air Force civilian personnel, 6792
union membership & military, attitudes toward union vs management, federal government workers, 11465
validity, Professional & Administrative Career Examination as predictor of job performance, Social Security Administration claims authorizers, 6853
Government Policy Making [See Also Abortion Laws, Foreign Policy Making, Gun Control Laws, Laws, Legislative Processes]
consumer information sources, implications for government information policy, 6900
criticism of court-mandated review of psychiatric treatment by independent therapists in private hospitals, public policy implications, 13422
decision delay & avoidance in bureaucracy & government, implications for management methods, 9193
development of educational programs under Education for All Handicapped Children Act, 2149
energy conservation & public policy, US, 9219
federal policies & events leading to enactment of Adoption Assistance & Child Welfare Act & implications for problems in foster care placement, 1169
federal transportation energy conservation policy, implications for social science research, 9225
gasoline shortage, automobile driver behavior & adoption of rationing plans, US, 6896
group satisfaction & agreements & heterogeneity & equity norms & time-origin-destination constraints, continued participation in ridesharing group, ridesharing participants & dropouts, 6894
Holocaust as public policy in 3rd Reich, historical background, 9238
issues in mental health policy, need for scientific involvement, 10977
market research, development of public recreation & leisure policy, 6903
maternal deprivation in early childhood, mental health, children, implications for mother's decision to work & governmental policy, 10249
minimal competency evaluation of handicapped students, 9087
outside demands on field of psychological testing, 142
partisanship & liberalism & environmental concern & issue salience, policy preferences & voting behavior, state natural resources management officials, 6892
perceptions of general public attitudes about nuclear energy, policy making civil servants, Austria, 9224
priority issues in mental health administration, participants in 1977 National Institute of Mental Health conference, 6469
psychology & public policy, 2308
public control of environmental health hazards, 1979 conference proceedings, 2290
public policy & laws & funding & enrollment & professional issues, problems in school psychology, 13520
recommendations for federal standards for daycare services, 12628
reliability of US Department of Labor's General Education Development scale, measurement of educational requirements of occupations, job analysts, 2548
roles of professional psychologists in promotion of equality in public policy & practice, mental health treatment, females, 11123
social science research, formulation of social policies & day care programs for young children, 4320
Government Programs [See Also Project Follow Through, Project Head Start, Welfare Services (Government)]
characteristics & experiences, Vietnam era US Army deserters in Special Discharge Review Program, 6786
current research areas of Center for Rehabilitation Research & Training in Mental Health, 6515
establishment of Cayo Santiago primate colony, US National Regional Primate Research Center Program, 5089
evaluation of anticrime program, Jamaica, 6458
familism, participation in government work-training programs, Chicanos 55 yrs of age & over, 12639
government's Work Experience Programme, development of confidence about working potential, unemployed 16–18 yr olds, England, 13719
history & present operation & accomplishment, Primary Mental Health Project, literature review, 6653
recipients of 1 million dollars or more in National Institute of Mental Health Funds, 1948–80, 8636
technology transfer & community socioeconomic structures, projects for resettlement from densely to sparsely populated areas, Philippines, 7913
use of leisure, mentally handicapped 13.3–19.7 yr olds, 6065
Gradepoint Average [See Academic Achievement]
Grading (Educational)
academic achievement, self-evaluation of academic performance & knowledge of instructor's grading criteria, college students, 6691
expectations, internal assessment, experienced vs naive college students, 6716
grading scale for distractor identification tests, 11327
individual differences, grading practices & attitudes, college faculty members, 2075
lesson plan forms & grading system, resource teachers of learning disabled students, 9061
measurement theoretic view, student examination assessment, 4422
model for adjustment of examination marks, 9090
traditional graded vs ungraded elementary schooling & IQ, affective & social & cognitive development, 7th graders, 2093
Graduate Degrees [See Educational Degrees]
Graduate Education [See Also Clinical Psychology Grad Training, Graduate Psychology Education, Medical Education, Psychiatric Training]
canonical correlation, prediction of graduate school success, 2512
comprehension of terms & concepts in statistics course, index for evaluation of course instruction, graduate students, 2351
early childhood & special education retraining for work with young handicapped children, previously certified teachers, 11146
graduate degree objectives, prospective graduate students from 8 ethnic groups, 13597
judgment of severity of depression & prescriptions for treatment, general physicians, implications for research & training in psychiatry & psychopharmacology, 13475
multidimensional scaling, analysis of goals used in design of graduate therapeutic recreation curriculum, 2097
proposed curriculum, preparation for work in juvenile justice system, psychologists, 11084
roles & training needs, educational psychologists in health sciences, 2071
Graduate Psychology Education [See Also Clinical Psychology Grad Training]
accreditation of bilevel training programs in school psychology, 11090
application of school psychology scientific problem solver model, conflicts over school psychologists' training, 6631
characteristics & advantages, doctoral vs nondoctoral school psychology programs, 8765
consultation training, school psychology training programs, 11158
description of school psychology graduate programs, US, 13545
distribution of psychology graduate students among localities & subfields, US, 6592
doctoral programs in clinical & counseling & school psychology approved by the American Psychological Association, 1980, 11059
graduate & internship training programs in medical psychology, 11082
PhD as most appropriate credential for professional practice, criticism of E. J. Shoben's arguments, 6555
PhD as professional degree vs alternative PsyD, 6598
practicum experience in university clinic, school psychology graduate students, 11100
rate of & treatment for mental disorders & counseling & school psychologist training, college for deaf students, 2174
role diversity & emphasis & continuing education & job satisfaction, urban vs rural school psychologists, implications for training, 11092
student recruitment & admissions criteria & financial aid & retention & faculty rank, Blacks in doctoral psychology programs, 8767
supervisor-appraised levels of general professional competence, professional psychology trainees, 6588
survey of employment & educational history, continuing education involvement, members of New Zealand Psychological Society, 11074
survey of professional characteristics & opinions about work & training, school psychologists, Israel, 11132
training groups for professional role development, psychology graduate students, 11080
trends in continuing education for psychologists as requirement for competency demonstration, 6608
use of groups in school consultation practicum course, graduate students in school psychology, 6-year study, 8752

Graduate Record Examination
construct validity of free response vs machine scorable versions of Formulating Hypotheses test, college students, implications for graduate student selection, 6785
Graduate Record Examinations Aptitude Test, measurement of analytical ability & correlation with verbal & quantitative performance, 9114
Graduate Schools
accreditation of bilevel training programs in school psychology, 11090
doctoral programs in clinical & counseling & school psychology approved by the American Psychological Association, 1980, 11059
sex differences & personality traits & demographic characteristics & publication rate & citations, attainment in academic psychology, personality & social psychologists, 8777
Graduate Students
achievement & perceptions of psychology & psychologists, college vs postgraduate students in education vs college students in science, 8809
attitudes & satisfaction & training recommendations, clinical psychology interns, 1968–77, 11126
behavioral decision making modeling, measurement of need for power & affiliation & achievement, scientists & engineers & graduate students & management executives, 3696
biases in causal attributions of actor's deviant vs nondeviant behavior, psychiatrists & psychologists & social workers vs psychology graduate students & college students, 2016
California Psychological Inventory & Opinion Scale, prediction of success in counselor education Master's degree program, graduate students, 4450
consultation with college students as change agents & enrollment in college credit course, student behavior modification, elementary school teachers, 11168
differential predictability in selection model, graduate students, implications for validity testing, 4445
distribution of psychology graduate students among localities & subfields, US, 6592
education & training & underrepresentation in psychology, Hispanics, 4204
evaluation of competency-based training program, psychological report writing & consultation competencies, 1st-yr & graduate school psychology students, 11200
faculty ratings & nonverbal communications test scores, prediction of occupational success, graduate students in psychology & counseling, 13493
group counseling, graduate students, 4467
interviewer-interviewee & interviewer-interviewer similarity, selection interview ratings, faculty interviews & undergraduate & graduate student physical therapy applicants, 13689
practicum experience in university clinic, school psychology graduate students, 11100
sex differences & cloze test & mathematics pretest performance, course grades, graduate students in educational statistics courses, 13615
sex & locus of control & other affective characteristics, evaluations of instructors, graduate students, 4369
student recruitment & admissions criteria & financial aid & retention & faculty rank, Blacks in doctoral psychology programs, 8767
Test of Standard Written English scores, subsequent placement & achievement in English course, older upper division & master level students, 9126
training groups for professional role development, psychology graduate students, 11080
usefulness of worker function profiles, differentiation of intraoccupational specialties in psychology, psychology graduate students, 13515
use of IQ vs adaptive behavior information, special education placement decisions, school psychology & special education graduate students, 8852
Grammar [See Also Adjectives, Adverbs, Form Classes (Language), Inflection, Morphology (Language), Nouns, Orthography, Phonology, Pronouns, Sentence Structure, Syntax, Verbs]
awareness of syntactic structure in grammatical judgments & sentence repetitions & corrections, kindergartners through 2nd graders, 13607
comprehension of word order in sentences, adult agrammatic aphasics, 1616
English "good and" intensifier as example of creative analogy, implications for theory of language acquisition & evolution, 12426
grammatical category & syllabic structure & phonemic characteristics of neologisms & paraphasias, 46 yr old female aphasic, 10714
grammatical or referential mistakes in presentation of miniature artificial language, language acquisition, college students, 12434
influence of grammar vs prosody, determinants in stuttering, 8298
judgment of sentence "acceptability" & rule violations & grammaticality rating, male college students vs schizophrenics, 12984
knowledge of grammatical relations in illocutionary sentences, deaf & hearing 9–10 yr olds, 3899
lesion site, phonemic vs lexical errors, fluent aphasics with mean age of 57.4 yrs, 13084
nonimitative modeling & mimicry, use of singular copula, Black 4 yr old dialect speakers, 8877
phonetic cues in beginning spelling & parsing & pronunciation & reading, school age children, 10098
processes in comprehension of & memory for stories, criticism of J. B. Black & R. Wilensky's evaluation of story grammar, 12418
psychological basis of teaching punctuation, Russia, 2092
quality of structure & grammar & clarity & content of narrative & procedural discourse, normal vs aphasic 54–70 yr olds, 8382
sentence grammaticality, judgment & repetition performance, kindergartners & 2nd & 4th graders, 3381
transference from psychological to grammatical word sequences in early speech development, children, 10117
usefulness of story grammars, criticism of J. B. Black & R. Wilensky's evaluation, 12420
word order deficit in production of simple declarative sentences, adult agrammatic aphasics, 1615
Grammar Schools [See Elementary Schools]
Grand Mal Epilepsy
mental disorders suffered & family acceptance of disease, grand mal epileptics, 6165
Graphology [See Handwriting]
Grasshoppers
isolation vs group rearing, flight behavior, successive generations of desert locusts, 9706
Gravitational Effects
free fall & increased gravitoinertial force in parabolic flight, visual & postural aftereffects, 301
grape juice vs rotation vs high gravity, taste aversion, rats, 9652
placement on inclined surface & age differences, orientation & move toward gravity, male rats, 9720
Great Britain
analysis of educational & career guidance services for adults, Great Britain, 4498
attitudes toward psychiatric treatment, psychiatrists & patients & nurses & social workers, Great Britain & US, literature review, 6587
behavior modification in normal & special primary & secondary schools, Great Britain, literature review, 13584
clinical practice & research & training & role of psychotherapy, psychiatry, Great Britain, 11081
clinical psychology community services, Great Britain & Northern Ireland, 8632
construct validity, attitude measure on marriage & sexual attitudes, 15–31 yr old Iranian vs British males vs females, 9355
cross cultural differences, probabilistic thinking, college students raised under Asian vs British culture, 12897
direction & degree of ear advantage, perception of dichotically presented speech with environmental sounds, British vs Japanese college students, 7200
scores on AH4 Group Test of General Intelligence, 11th graders, Canada vs Great Britain, 9103
sex differences in General Certificate of Education entry statistics & success rates, 1951–1977, Great Britain, 6772
system of local dialects & song types, corn bunting, Great Britain, 12141
variations in mean IQ between geographic regions, Great Britain, criticism of R. Lynn's paper, 10214
Great Grandparents [See Ancestors]
Greece
ABO blood type, neuroticism, 18–65 yr olds, Greece, 1474
attitudes toward having children, economic & social-psychological values & costs, Australian vs Greek vs Italian parents, 12626
fear of parental physical punishment, empathy, 9–10 yr olds from Greek island, 7896

Grief
affective attachment to deceased & personality change, mothers who had experienced recent vs distant loss of infant, 8081
clinical features of political exile vs grief from personal bereavement, Chilean exiles, Great Britain, 2 case reports, 7919
counseling, parents of sudden infant death syndrome children, 1933
death concept formation & reactions to death, children, guidelines for therapists & parents, 7761
death of spouse vs child vs parent, bereavement intensity, 18–84 yr old newly bereaved Ss, 5887
experiences & role of "presences" in mourning process, 3699
fundamental loss, type of grief process & subsequent crisis state, 20–80 yr olds, 3686
grief reactions, bereaved 65–85 vs 26–63 yr old spouses, 18-mo followup, 10190
hypnotic induction & use of differing hemisphere functions, psychotic grief reaction after adoption of baby, 17 yr old female, 10955
interpretation of "Phillip Sparrow" by J. Skelton, understanding child's response to death, 1100
object destruction & mourning, behavior & responses, psychotherapy patients, 1727
open communication & experiences with death of pets, development of healthy attitudes & understanding of death, young children, educational implications, 967
parental death in childhood & demographic characteristics, subsequent depression as adult, 1488
psychological aspects, risk of mortality, widows, 1163
research & theory on anticipating grief within psychosocial context, literature review, 1644
themes of posttreatment stress disorders, 20–75 yr old psychotherapy patients with bereavement or personal injury problems, 1376
theory of survivor behavior with conservation-withdrawal & action-engagement, 3701
viewing videotape of children's reactions to death, subsequent verbalizations about death, 7–15 yr olds in family therapy who had lost family member, 13264
Grooming Behavior (Animal) [See Animal Grooming Behavior]
Gross Motor Skill Learning
learner strategies, acquisition & retention & transfer of serially learned limb positioning tasks, college age Ss, 11760
mnemonic strategies, short term memory in motor learning, educable mentally retarded, 3881
order of learning & recall of arm positioning movements, absence of proactive interference, 21 yr olds, 7147
precision of knowledge of results, gross motor coincidence-anticipation task performance, college students, 11744
Ground Transportation [See Also Automobiles, Railroad Trains]
analysis of disruptive behaviors on school bus & intervention in form of rewards, reduction of disruptive behaviors, 6th–8th graders, 4052
ecological changes & incentives, bus ridership, 9146
long range recognition & identification for camouflaged armored vehicles, training implications for helicopter crewmen, 7193
unobtrusive measure of vehicle headway, 9201
Group Behavior [See Collective Behavior]
Group Cohesion
basic-assumption oneness in large group setting, dynamics of group in search of utopia, 10336
group cohesiveness, group performance in Executive Game, college students, 5760
group members' vs leaders' expectations, development of group cohesion, male vs female college vs graduate students, 10338
mutual selection of playing partner & cohesiveness of group, learning from classroom simulation games, 5th graders, 6652
positive team building intervention, overall organizational effectiveness, supervisor group, 11472
role conflict & ambiguity, employee ability & tolerance for conflict & supervisory support & group cohesion, nurses & respiratory therapists, 2038
variables affecting perceptions of cohesiveness in team & individual sports, high school male athletes & coaches, 10139
Group Counseling
C group counseling, teacher attitudes & student self concept, teachers, 2177
development & validity of Scale for Evaluation of Group Counseling Experiences, college students, 9109
diet changes vs relaxation exercises vs nondirective group counseling, migraine headaches, 8–11 yr olds, 8416
efficacy of client planning groups in vocational rehabilitation, clients having problems with traditional rehabilitation process, 4191
evaluation of group counseling in 3rd–5th grades, 12–16 yr old junior & senior high school students, 6777
evaluation of open-ended discussion vs structured-behavioristic type group experiences, short term alcoholic inpatients, 4199
group cognitive restructuring technique with vs without religious imagery, group interaction & depression, depressed college students with high religiosity, 1815
group counseling, graduate students, 4467
group teacher training, facilitation of mental health & improvement of ability to cope with personal feelings & students' problems, teachers, 8843
learning through interaction vs individual problem solving method of group vocational counseling, counseling effectiveness & evaluation, people- vs task-oriented college students, 9158
parent educational program in poor urban environment, prevention of child abuse & neglect, Black mothers, 8648
payment of counseling fees, group counseling outcome, clients paying vs not paying fees, 6307
social support, 1st-time parents attending parenting groups, 8670
Group Decision Making
diversity of individual opinions & group discussion, polarization of group position, male vs female college students, 12796
effectiveness of participation in group problem solving task with peers, learning disabled vs normal 3rd–8th graders, 10589
efficiency vs democracy in small group decision making, 12762
knowledge of group consensus & social support, assignment of popular vs unpopular meaning to stimulus word, college students, 5781
methodology for inferring hierarchical choice processes from panel data, 4730
multidisciplinary Planning Teams, special education placement & programing decisions, 11321
policy capturing, individual & group judgments, bibliography, 8011
role of family conference in family therapy, 10831
SCHEME, FORTRAN computer program to analyze & simulate group decision data, 4721
self esteem, group decision making, graduate students, 3620
Group Discussion
assertiveness training vs discussion group programs, childrearing attitudes, urban vs suburban parents, 1819
attitude polarization & extremization, interpersonal affinities, group members, 3625
cognitive retraining through group discussion of beliefs & attitudes & daily rehearsal of positive feeling statements, self reported happiness, adult volunteers, treatment implications, 9602
diversity of individual opinions & group discussion, polarization of group position, male vs female college students, 12796
evaluation of open-ended discussion vs structured-behavioristic type group experiences, short term alcoholic inpatients, 4199
group discussion, improvement of understanding & management of disease, patients with diabetes mellitus, 1755
group discussion of emotional & psychological & social adjustment, posthysterectomy patients, 4122
group discussions of values with "working coaches" as leaders, easing transition into working life, unemployed youth, 13704
group surveillance & sex, attitude conformity, college students, 12797
group TV news watching & discussion, current affairs awareness, predelinquent vs delinquent mentally retarded 13–17 yr old males, 6522
interrater reliability coefficients before vs after pooling of evaluations, simulation group exercise evaluators & candidates at assessment center, 6827
leaderless group discussion, coping behavior in conflict areas, 27–35 yr old female mental health professionals, 2003
previous attack & defense of issue, inoculation of controverted belief through group discussion, college students, 10339
segmented vs combined model of group discussion, learning of discussion skills, 2nd graders, 2085
sexual awareness & desire for sex education, spastic & mentally retarded further education students, 4379
small group discussion & explicit audiovisual programing, reassessment of sexual attitudes, former psychiatric patients, 4182
teacher-parent discussion group & jigsaw instructional methods & youth tutoring youth programs, self esteem, students, 11237
type of question vs statements by teachers in discussion classes, length of responses, high school students, 11180

Group Dynamics [See Also Group Cohesion, Group Discussion, Group Participation, Group Performance, Group Size, Group Structure, Intergroup Dynamics]
achievement style & homogeneous vs heterogeneous groups & type of task, perceptions of small group learning, college students, 2127
action sociometry, competence of group therapist & group therapy dynamics, 6289
basic-assumption oneness in large group setting, dynamics of group in search of utopia, 10336
behavioral sequences & strategies during group formation, crab-eating monkeys, 5179
characteristics of peer groups, male vs female adolescents, Senegal, 12577
communication & social processes as therapeutic factors in psychoanalytic group therapy, 6300
concern for people & results vs cooperation & assertiveness, handling of conflict behavior during cooperation within groups, teachers, Netherlands, 3611
conferences in authority & leadership in public school program serving emotionally disturbed youth, teachers & teacher aids & mental health workers, 6635
conflict & special service teams, school psychology, 9073
consensus & justification, attitudes toward leader, college students, 5727
consultant style & group environment, attitude toward consultant & group mental health consultation, student teachers, 8663
cooperation & divergent interests of 2 small groups, group narratives, 10326
decision rules distribution of power in unequal power groups, college students, 10319
degree of intimacy motivation on TAT, group behavior & content of original dramatic scenario, college students, 12813
demonstrated task-related competence, influence potential in male-dominated groups, male vs female college students, 3599
development & history of psychoanalytic pedagogy within concept of dynamic psychiatry, 6220
dominance structure in play group, 2 yr olds, 5553
eating disorder as expression of group dynamics, kindergartners, 5927
effectiveness of growth groups in facilitating enduring changes in interpersonal relationships, literature review, 10846
efficacy of Prisoner's Dilemma Game for study of interpersonal conflict, 1235
efficiency vs democracy in small group decision making, 12762
evaluation and demise, New York Center of the A. K. Rice Institute, 6583
evaluation & design & outcome, advanced training experience using Tavistock method of group study, conference participants, 5732
family relationships & dynamics, personality changes, children studied in psychoanalytic kindergarten, 1390
framework for study, Muslim "millat" character, 2381
group cognitive restructuring technique with vs without religious imagery, group interaction & depression, depressed college students with high religiosity, 1815
group communication, quality of task solution, college students, 3605
group discussion with acute patients, hospital discharge, chronic psychiatric patients, 6494
group dynamics in Balint groups, handling aggression & setting of limits & coping with outsiders, teachers, 2074
group financial incentives, energy conservation, residents of master-metered apartments, 6893
group formation & group fantasy, psychohistory of medical school as group cultural setting, 1243
group satisfaction & agreements & heterogeneity & equity norms & time-origin-destination constraints, continued participation in ridesharing group, ridesharing participants & dropouts, 6894
group size, dynamics in group psychotherapy, neurotic & borderline patients, 1747
group structure & function & membership characteristics, taxonomy of community groups, 6472
group success/failure & member competence & race, development of interpersonal attraction, cooperating interracial groups, 8019
group therapy model, short-term psychiatric inpatients, 6507
identification of combat unit leader skills & leader-group interaction processes, US Army personnel, 4526
identification of leader & follower & isolate personality types in small groups, Black & White college students, 1213
implementation of internal change team in urban school district, facilitation of school integration, 11159
Jewish Sabbath morning services as portraying stages of small group growth & development, 5618
leader & group member sex, group satisfaction & productivity & leader role comfort & perceived competency in male vs female oriented task, college students, 5721
life history of multidisciplinary psychiatric staff groups, hospital psychiatric unit staff, 6616
management style as group phenomenon & strategic interaction, examination of Governor R. Reagan's style, 13753
mass line leadership & thought reform, People's Republic of China, 12622
maternal alcohol administration during lactation, shock avoidance & maze performance & behavioral development & maternal behavior, rat pups, 9917
model for observation & classification of triangulation in families & other groups, 7979
models, initiating vs receiving propensities vs role differentiation vs reciprocal interaction, small discussion groups, 1225
motivation & moral judgment ability & social pressure, acquiescent behavior & moral action, female college students, 5725
nature & process of groups, meaning of group experience to individuals, 5759
observational rating grid, assessment of verbal & nonverbal group interaction, 20–25 yr olds, 5729
organizational analysis, scapegoating, study groups in Tavistock Group Relations training conference, 10317
perceived leader/group member competence & potential reciprocity, member compliance with leader's task suggestions, college students, 8023
philosophy & principles of therapeutic community, soma & psyche & social situations, patients, 6455
preference & perceived similarity & ethnic self labeling, development of outgroup attitudes, Black vs White preschoolers & 1st graders, 7846
pseudogroup & quasi-F statistical analyses of group vs individuals design, 11714
psychoanalytic theory of group development, 4027
relationship of psychoanalytic theories on group processes to regressive trends in unstructured large group dynamics, 5753
severe psychotic decompensation following participation in marathon group emphasizing intensive confrontation, group participants subsequently hospitalized, 1766
severe vs pleasant initiation to interesting vs uninteresting group, attraction to group, college students, 5742
sex of juror & verdict & congruence vs incongruence between juror & confederate verdicts, confidence of juror in verdict, male vs female college students, 5743
short term residence in other country, existential anxiety, French & German & British teachers, France, 5728
small group learning process using student consultants & senior supervisors, 6670
social & educational applications, group transaction techniques, 1246
social organization & group behavior, psychotherapists, 4258
sociopsychological research & constructs, small group processes understanding & therapy, psychotic families, 6290
spatial position & social & habitat-related behavior, female baboons in one-male-units, 12163
S status, conformity to vs deviation from goal facilitative vs detrimental group norm, 4-member male groups, 8020
status in group, person's liking for other group members, test of M. Mulder's power distance theory, 3606
tasks inhibiting vs stimulating fighting & dependency, group culture & individual behavior, college students, 8005
team problems, multidisciplinary teams from urban school districts, 11162
theory of cooperative vs exploitative processes in small group dynamics, 9240
therapeutic roles of group members & analyst in group psychotherapy, 6294
thinking vs feeling personality type, personal participation & perception of group functioning in simulation games, college students, 5764
transitional objects & group dynamics in child psychotherapy, children, 6284
Group Instruction
classroom behavior, reflective vs impulsive 9 vs 11 yr old students, 4365
computer assisted team training, review & evaluation of literature, 2234

cooperative learning instructional techniques, review of classroom research, 2108
cooperative vs individualistic learning experiences, cross-ethnic interaction, 4th graders, 6706
creativity program presented in group vs individual form, creativity dimensions of fluency & flexibility & originality, 8th graders, 13571
group teacher training, facilitation of mental health & improvement of ability to cope with personal feelings & students' problems, teachers, 8843
individual vs small group instruction, learning, multihandicapped 4.3–5.5 yr olds, 8984
interactive individualized instruction within small groups, severely handicapped students, 9009
lecture vs small group discussion vs experiential task & videotapes, teaching family assessment, medical students, 8802
models of student behavior & achievement in small group vs individual settings, implications for teaching & classroom grouping practices, 2113
small group learning process using student consultants & senior supervisors, 6670
training groups for professional role development, psychology graduate students, 11080
use of groups in school consultation practicum course, graduate students in school psychology, 6-year study, 8752

Group Participation

age differences, social participation in mixed vs single age groups, 3 & 4 yr olds, implications for preschool education, 11245
appropriate verbal behavior & purpose of therapy instructions, participation in group psychotherapy, psychiatric inpatients, 4021
Arkansas ACLD Adult Committee, self help group for learning disabled adults, 8400
customary performance alone vs in groups, social loafing during group effort, college students, 5750
duration of self contact in group, depression, 30–35 yr old males, 8082
effectiveness of participation in group problem solving task with peers, learning disabled vs normal 3rd–8th graders, 10589
empirical test of M. A. Nowakowska's 2-group model of group participation, 287
group affiliations to religion & family & citizenship & national origin, 11–16 yr olds, Kuwait, 1108
group participation &/vs knowledge of other's positions, choice shifts in blackjack gambling & advice-giving situations, male college students, 1242
group program, emotional support, hospitalized medical patients, 1954
group satisfaction & agreements & heterogeneity & equity norms & time-origin-destination constraints, continued participation in ridesharing group, ridesharing participants & dropouts, 6894
information on own unpopularity, decrease in attractiveness of peer group members & consistency of self evaluation, 18–19 yr old males, 12760
in vivo exposure in groups zoned vs unzoned according to neighborhood geography, increased social contact, agoraphobics with mean age of 36.33 yrs, 10901
large group participation training, psychiatric staff, implications for therapeutic communities, 8770
mutual selection of playing partner & cohesiveness of group, learning from classroom simulation games, 5th graders, 6652
personal & situational factors, self allocation of rewards in achievement situation, 10328
psychological correlates, group participation in therapeutic community meetings, psychiatric patients, 6308
short-term therapy awareness groups, young adults whose parents survived Holocaust, 8667
social evolution, emergence & perception of leadership, college students, 5714
social representations & proposed strategies, ability of student protest leaders to attract allies, college students, 10316
type of question vs statements by teachers in discussion classes, length of responses, high school students, 11180

Group Performance

aggression, managerial effectiveness & group task accomplishment, middle managers of large firms, 11456
behavioral styles of female managers of high- vs low-performing groups, attributions, college students, 12820
group cohesiveness, group performance in Executive Game, college students, 5760
group performance & leader & rater sex, ratings of leader behavior, college students, 10314
group size, attitudes toward & performance in simulation games, college students, 10324
information & social interaction components, individual vs group performance on hypothesis generation task, 8007
interrater reliability coefficients before vs after pooling of evaluations, simulation group exercise evaluators & candidates at assessment center, 6827
leader task orientation vs supportive-interpersonal orientation, prediction of group performance, US Air Force enlisted men, test of validity of least preferred coworker scale interpretation, 4770
locus of control & leadership style & effectiveness in groups, Special Forces Reserves, implications for effectiveness of military units, 1311
meta-analytic investigation, statistical validity of F. E. Fiedler's contingency model of leadership effectiveness, 10341
rhythmic cadence, synchronization of responses to single stimulus, male vs female college students in same sex groups, 2719
social & spatial density, group performance & affective reactions to interactive motor task, male college students, 5736
tactical engagement simulation system, assessment of combat unit effectiveness, army personnel, 11445
task interdependence & reward contingency, group productivity, college students, 5767
validity of Remote Associates Test, prediction of productivity in brainstorming groups, college students, 11642

Group Problem Solving

communication control, telecommunications & quality of problem solving & leadership, small groups, 12774
concern for people & results vs cooperation & assertiveness, handling of conflict behavior during cooperation within groups, teachers, Netherlands, 3611
conflict & special service teams, school psychology, 9073
customary performance alone vs in groups, social loafing during group effort, college students, 5750
decision rules distribution of power in unequal power groups, college students, 10319
development of group problem solving strategies in tower of patience game, 9 & 10 & 14 & 16 yr olds, 3344
effectiveness of participation in group problem solving task with peers, learning disabled vs normal 3rd–8th graders, 10589
external environment & behavioral predispositions & committee structure, facilitation of problem solving in bargaining, labor-management committee members, 11459
group communication, quality of task solution, college students, 3605
hierarchical vs anarchic design of distributed network of physical environment sensor devices, situation assessment, implications for human group problem solving, 126
individual vs heterogeneous grouping conditions, mathematical task performance, high vs medium vs low ability 11th graders, 11216
information & social interaction components, individual vs group performance on hypothesis generation task, 8007
level of death anxiety, individual vs group problem solving ability, female college students, 5748
problem solving training, 1-parent families, 8459
role of family conference in family therapy, 10831
sex composition, cooperative problem solving with communication via teletypewriter, dyads, implications for natural language computer design, 2275
S status, conformity to vs deviation from goal facilitative vs detrimental group norm, 4-member male groups, 8020
structured vs unstructured reward conditions, group tower building task performance, 3rd graders, 10137
tasks inhibiting vs stimulating fighting & dependency, group culture & individual behavior, college students, 8005
third-party consultation, social conflict resolution, Indian vs Pakistani nationals, 5744
validity of Remote Associates Test, prediction of productivity in brainstorming groups, college students, 11642

Group Psychotherapy [See Also Encounter Group Therapy, Marathon Group Therapy, Therapeutic Community]

action sociometry, competence of group therapist & group therapy dynamics, 6289
analytic group psychotherapy, theoretical concepts & technique, psychoanalytic group therapists, 8467
appropriate verbal behavior & purpose of therapy instructions, participation in group psychotherapy, psychiatric inpatients, 4021
assertive group therapy, 18 yr old battered female, 13299

assessment of applicability of group therapy, psychiatric inpatients, 6486
behavioral group treatment, sexual behavior & attitude change, spinal cord injured couples, 4028
client-centered group psychotherapy, anorexia nervosa, adolescents, 10840
communication & social processes as therapeutic factors in psychoanalytic group therapy, 6300
conceptual model & theoretical framework, training group therapists, 4201
direct observation & behavioral profile, psychotherapy groups of borderline & dependent patients with personality disorders, implications for treatment effectiveness evaluation, 6291
distributed &/vs massed practice, group assertion training effectiveness, female college students, 4-wk followup, 1748
efficacy of group therapy, adolescent victims of intrafamilial sexual abuse, 13248
ego-structurally directed therapy, psychosomatic patients, 6305
ensuring attendance compliance, outpatient schizophrenics in group psychotherapy, 8477
evaluation of open-ended discussion vs structured-behavioristic type group experiences, short term alcoholic inpatients, 4199
excerpts from group therapy, parents of children in residential treatment center for intractable asthma, 8456
experience with men's & women's groups, group therapy outcomes & sex role definition & identity, 10822
experiential & didactic aspects of learning, psychoanalytic group therapy seminar outline, 6594
experiential & didactic models, workshop for teaching psychoanalytic group therapy, mental health professionals, 4243
group discussion with acute patients, hospital discharge, chronic psychiatric patients, 6494
group pharmacotherapy, withdrawn schizophrenic patients, 8597
group play psychotherapy, intelligence & personality, "defective" vs "blocked" children, 4024
group psychotherapy, adult stutterers, 4112
group psychotherapy, hospitalized children & adolescents, 4164
group psychotherapy, interpersonal skills, antisocial developmentally disabled adolescents in residential treatment center, 11028
group psychotherapy, neurotic outpatients, 13237
group psychotherapy, review of 1978 literature, 10832
group psychotherapy, summary of 1977 literature, 4023
group psychotherapy, 72–99 yr olds in private retirement home, 8458
group psychotherapy & psychodrama, psychotic patients, 6309
group size, dynamics in group psychotherapy, neurotic & borderline patients, 1747
group therapy, behavior improvement & method of assessment by O, 5–7 yr old behaviorally disturbed males, 1746
group therapy, education & support & insight, parents of anorexia nervosa children, 8474
group therapy, review of outcome literature, 11–21 yr old juvenile delinquents, 8465
group therapy, severely disturbed 8–12 yr old inpatients, 11022
group therapy, treatment of marital & sexual dysfunction, 6301
group therapy model, short-term psychiatric inpatients, 6507
group therapy program, development & use of competent social behavior, psychologically disturbed children, 13252
group therapy vs behavioral modification, classroom behavior, 6–9 yr olds, 3949
group treatment for psychosocial problems, adolescent sickle-cell anemia patients, 4015
group vs individual cognitive behavior therapy vs interpersonal group therapy, treatment of depression & anxiety & assertiveness, 21–40 yr olds, 8419
group vs individual cognitive therapy with vs without antidepression medication, neurotic depressive patients, 1670
group vs individual social skills training vs traditional supportive therapy, alcohol intake vs social skills vs personality change, institutionalized chronic alcoholics, 1984
history of problem oriented & consciousness raising psychotherapy group for battered women, 6303
holistic group therapy, adjustment outside hospital, schizophrenic patients, 8479
hospital self help programs, control of chronic benign pain, veterans, 8672
individual vs group context, cognitive-behavioral self control treatment, 3rd–5th graders, 6340
inpatient & outpatient group psychotherapy, effectiveness evaluation, neurotic & psychosomatic patients, followup study, 1762
interpersonal skill vs cognitive group therapies & treatment intensity, depressed college students, 1753
large vs small & contract & transition group therapy formats for weekend retreat, psychotherapy clients, 4012
locus of control, attitudes toward biofeedback vs relaxation training vs group therapy, male pain patients, 10761
long term group psychotherapy, manic depressive illness, 18–63 yr old patients, 6310
marital communication workshop as problem prevention service, couples & mixed groups, 4014
method of teaching social network concepts in workshop or group setting, 6298
models of analytic group psychotherapy, 13260
narcissistic focal interpretive approach, group psychotherapy, hospitalized borderline personality patients, 6295
need for training & practice standards, group psychotherapy, 2042
organization of Gender Identity Clinic & group & individual & expressive psychotherapy vs sex reassignment surgery, treatment of gender dysphoric patients, 10775
paraprofessional therapist training in simple advice & instruction & alternatives, group psychotherapy outcomes, 10825
perceived therapeutic factors, 20–39 yr old group therapy patients & therapists, 6288
periodic vs marathon group sessions in Gestalt therapy, therapeutic effectiveness, 13240
poetry, facilitation of couples group therapy, 13253
poetry as therapeutic tool in individual & group & family therapy, troubled adolescents, 10776
problems involving funding & management & personal bias & theoretical issues, establishment of group therapy program for suicide attempters in varied administrative settings, 1752
psychoanalytic theory of group development, 4027
psychocinema as psychotherapeutic technique, psychotic patients, 13251
psychodrama techniques in group psychotherapy, emotional development & socialization, learning disabled 12 yr old males with peer group adjustment problems, 1750
psychodrama vs small group therapy in Alcohol Rehabilitation Center, personality profiles & anxiety & prognosis, US Navy alcohol abusers, 6535
psychological & social factors in drug addiction & group therapy treatment, adolescents, 1530
rule concerning talking about vs acting on feelings, group therapy, institutionalized young delinquents, 1976
seating patterns, Gestalt therapy groups, 1751
sexual dysfunction & treatment, 16–69 yr old female alcoholics, 13254
sex vs status roles, verbal interaction patterns in small & mixed-sex therapy groups, teachers & husbands & wives, 8026
short term group psychotherapy with "Angry Group" technique, couples, 1749
short-term therapy awareness groups, young adults whose parents survived Holocaust, 8667
structured group treatment, married couples with both individuals experiencing sexual dysfunctions, 10837
structured vs unstructured group treatment for divorce adjustment, coping skills & self concept, 21–61 yr olds, 1754
therapeutic factors in group psychotherapy, literature review, 4013
therapeutic roles of group members & analyst in group psychotherapy, 6294
time-limited group psychotherapy, self improvement & self esteem & goal attainment, psychiatric inpatients, 6287
training & utilization in behavior therapy clinic, nurse therapists, 4062
use of behavioral procedures, group therapy, 10828
verbal & play & activity & behavior modification groups, literature review of effectiveness of group psychotherapy with children., 6285
videotape pretraining & role induction interviews prior to group behavior modification, manifest anxiety, mental health center clients, implications for treatment outcome, 3953
videotape recording & playback, resistance & transference, analytic psychotherapy group, 8480

Group Size

basic-assumption oneness in large group setting, dynamics of group in search of utopia, 10336
class size, teacher expectations & student-teacher attitudes & opinions & student achievement & self concept, elementary school teachers & 4th & 5th graders, 4375
crowd size, persuasion, religious crusade meetings, 8021

group size, attitudes toward & performance in simulation games, college students, 10324
group size, dynamics in group psychotherapy, neurotic & borderline patients, 1747
group size, percentage of escapes from simulated panic situation & concession & aggressive responses, 10332
group size & communication opportunities, coalition bargaining & outcome in veto games, college students, study of core vs value vs weighted probability models, 3612
group size & density & number of Os & group member similarity, self consciousness & disinhibited behavior, college students & adults, 5739
individual vs group activity, level of effort exerted & loafing, male college students, 12831
large vs small & contract & transition group therapy formats for weekend retreat, psychotherapy clients, 4012
social & spatial density, group performance & affective reactions to interactive motor task, male college students, 5736
Group Structure
age differences, social participation in mixed vs single age groups, 3 & 4 yr olds, implications for preschool education, 11245
evaluation of open-ended discussion vs structured-behavioristic type group experiences, short term alcoholic inpatients, 4199
group leader sex & amount of learning & feelings about self, identification with leader, graduate students, 1765
large vs small & contract & transition group therapy formats for weekend retreat, psychotherapy clients, 4012
level of manning & deviate vs modal confederate role, vetoing behavior toward deviates, college students, 10310
sexual composition of rearing group, preference for novel vs familiar member of opposite sex, Japanese quail, 12094
social density & wall posters & sex & group composition, anagram solving & perception of self vs physical vs social environment, college students, 1275
structural dimensions of social support groups, 6471
structured vs unstructured group treatment for divorce adjustment, coping skills & self concept, 21–61 yr olds, 1754
tank crew composition changes, gunnery performance, US Army tank crew members, 2244
Group Testing
basic concepts in oral directions of group achievement tests, elementary school teachers, implications for teacher administration of primary level tests & test construction, 4417
Otis-Lennon Mental Ability Test IQs & scores on group vs individually administered Bender-Gestalt Test, rural vs suburban kindergartners, 156
summary of research on reliability & validity of Group Inventory for Finding Creative Talent, kindergartners through 6th graders, 11389
validity of Sudden Interruption of Continuity on Bender-Gestalt Test, group screening for minimal brain dysfunction, 13077
Group Therapy [See Group Psychotherapy]
Groups (Ethnic) [See Ethnic Groups]

Guided Fantasy [See Directed Reverie Therapy]
Guilt
age & social class, hostility & guilt, separated vs battered wives, Australia, 5651
anger & guilt & depression & withdrawal & identification & search for meaning, siblings of hospitalized emotionally disturbed children & adolescents, 10270
case reports of 2 men found "not guilty by reason of insanity", 1180
combat reaction, 16–30 yr old soldiers, 1396
defendant's evidence withholding & prior record, jurors' decisions in simulated trial, college students, 5672
exposure to erotic vs nonarousing movie, attribution of arousal to ambiguous sources, high vs low sex guilt college students, 12853
group & individual ego pathologies, guilt & depression & witchcraft self accusations, preliterate societies, 1465
guilt feelings as motivating force behind writings on religious alienation, East Indian writer, 3266
guilt over thoughts of harming their babies & self concept as inadequate mother, postpartum depression, mothers, treatment implications, 6226
high vs low sex guilt, perception of characteristics related to sex guilt, female vs male college students, 3580
hypothyroid psychosis, insanity defense in homicide, 31 yr old male, 5904
level of sex guilt, amount of interpersonal physical pleasure delivered to confederate & reinforcement value of interpersonal pleasuring, male college students, 12768
relief of parental guilt, parents of effeminate & homosexual males, 1128
sexual experience & guilt & casual vs committed interpersonal context for erotic guided imagery, sexual arousal & emotional response, female college students, 12720
sexual guilt & control level, female alcoholics vs nonalcoholics, 13042
sexual guilt & knowledge, attitudes toward abortion, college students, 10131
type of stimulus & level of guilt, intensity of projective aggression, male 18–22 yr olds, 5055
unconscious motivation of guilt, crime, 49 yr old male, 1526
Guinea Pigs
acoustic overstimulation, cochlear microphonic vs endocochlear potentials, guinea pigs, 12249
aversively motivated discrimination task, anogenital odor discrimination & detection of physiological estrus, male vs female guinea pigs, 662
bilateral lesions in basolateral amygdala vs in lateral septum, dominance status & aggression, dominant male guinea pigs, 12334
cerebellar ablation, mastication duration & variability, guinea pigs, 5333
cohabitation with chick vs guinea pig continuously vs intermittently vs isolation, social preference, chicks, 9694
drug induced changes in noradrenergic transmission, lordosis & steroid action within hypothalamic target cells, female guinea pigs, 9952
hormonally-controlled sexually dimorphic behavior patterns, rats & guinea pigs, 12255
in utero exposure to maternal antibody for nerve growth factor, pre- & postnatal destruction of dorsal root ganglion & sympathetic neurons, rats & guinea pigs, 7658
morphine & naloxone, tonic immobility, male guinea pigs, 911
naloxone, frequency of distress vocalizations elicited by electrical stimulation of dorsomedial thalamus or septum-preoptic area, guinea pigs, 12286
nonstressful restraining device, rats & guinea pigs, 2389
organ of Corti destruction by amikacin, acoustically evoked neural activity from brainstem & auditory cortex, guinea pigs, 5300
prostaglandins & clonidine & estrus, lordosis, ovariectomized guinea pigs, 9939
species differences, learning & retention in delayed alternation paradigm, female mice vs male guinea pigs vs cats, 7316
stages of increase in brain weight, EEG development, humans & kittens & rats & mice & guinea pigs, 9737
sulcal vs medial ablation of prefrontal cortex, running activity, male guinea pigs, 7607
Gulls [See Sea Gulls]
Gun Control Laws
demographic variables & perceived relationship between crime & gun control, attitudes toward gun control, survey respondents, 1959–77, 3562
Gustatory Perception [See Taste Perception]
Gymnastic Therapy [See Recreation Therapy]
Gynecological Disorders [See Dysmenorrhea, Menstrual Disorders, Premenstrual Tension, Pseudocyesis]
Habitat Selection [See Territoriality]
Habits [See Also Hair Pulling, Nail Biting, Thumbsucking, Tobacco Smoking]
distributed vs massed practice, RT in recall of newly learned paired associates over long series of trials, Ss under 40 vs over 60 yrs of age, 1045
habit reversal technique, scratching from neurodermatitis, 16–34 yr old females, 10898
ratings, type of behavioral problems possible to solve with willpower, laypersons, implications for behavior therapy, 10380

Habituation
acute & chronic LSD administration, startle response, male rats, implications for use of LSD in schizophrenia research, 9920
age differences & repeated exposure to novel environment, activity habituation & retention, 2 vs 12 vs 24 mo old male mice, 9639
attention directed toward stimuli, P300 component of average evoked potentials & habituation, 19–50 yr olds, 758
auditory & visual stimuli, heart rate orienting response, 8–19 day old rat pups, 12253
complex sequences of stimuli, generalization of habituation of electrodermal component of orienting response, college students, 7522
context habituation & lithium chloride & saccharin solution, taste neophobia & aversion learning, rats, 12057
corticosterone vs dexamethasone, alternation & exploration, adrenalectomized rats, 803
crowding with physical contact vs uncrowded environment, physiological & cognitive & nonverbal responses, male college students, 10318
dextroamphetamine vs apomorphine with vs without pimozide & exposure to novel object, disruption of selective attention & habituation, gerbils, 3149
dishabituated visual & auditory stimuli in conditioning paradigm, latency of evoked EMG & head movements & visual cortex responses, cats, 12325
familiar vs novel large vs smaller approaching & receding objects, size constancy perception, 16.1–19.6 wk olds, 12490
habituation of blocked stimulus in Pavlovian conditioning, male rats, 2874
habituation of skin conductance & finger pulse volume responses, psychopaths, 3841
habituation to visual vs auditory vs olfactory stimulus, crossmodal generalization, male rats, 2832
high vs low mental image activity level & instructions to tense vs relax, heart rate, female college students, 773
memory vs neutral instructions, recall of picture information in game context, 4 & 5 yr olds, 5526
naloxone vs beta-endorphin, acquisition & memory & retrieval of shuttle avoidance & habituation learning, female rats, 3181
naloxone vs beta-endorphin dosages, shuttle avoidance learning & tone response habituation, female rats, 12372
novel environment & rate of illumination & chlordiazepoxide & single vs pair testing, plasma corticosterone levels, male rats, 7640
posttraining ip injections of enkephalin & endorphin, memory consolidation of habituation of rearing task & shuttle avoidance, female rats, 894
potentiation of habituation of visual evoked potentials as seen in single trial analysis, college students, 5245
prehatching stimulation with alarm calls, posthatching heart rate & eye opening & vocalization, chickens, 9726
presentation of novel stimuli, magnitude of arousal & cardiac & ventilatory changes & their habituation, goldfish, 744
presentation of territorial songs contingent on song of resident male, breeding behavior, sparrows, 5161
process of habituation, model of human aging, 12461
propranolol & phenothiazine, electrodermal orienting & habituation responses to auditory stimuli, schizophrenics, 10924
Rabbinic view of regulation of consciousness, attention & awareness as pertaining to meditative prayer, 2817
repeated visual stimulation, fast habituation of visual evoked potentials, 23–30 yr olds, 3010
retention of habituation & sensitization of forelimb withdrawal response over varied retention intervals, 3–15 day old rat pups, 548
sex differences, sexual & aggressive behavior, convict cichlids, 9674
size of anatagonist vs proximity of antagonist to nest vs water temperature, sensitization & habituation of aggression, convict cichlids, 657
stimulus magnitude & novelty, evoked cardiac response of heart rate deceleration & skin resistance response & respiratory pause & peripheral pulse amplitude response of vascular constriction, college students, 9806
task relevance & stimulus information, amplitude & habituation of visual orienting & skin conductance reactions, college students, 5295
task vs no task & stimulus variability, habituation of skin resistance component of orienting response, college students, 7476
threat of shock, anxiety & skin conductance & EEG auditory evoked potentials & alpha-blocking responses, 21–58 yr olds & 20–49 yr old anxious patients, 5271
treatment goals, willingness to accept psychological treatment for test anxiety, male college students, Nigeria, 4462
varied frequency & site & interstimulus intervals of electrical stimulation of forelimb, stimulus & response generalization of habituation, neonatal & preweanling rats, 828
visual habituation, cognitive performance, early infancy vs 15 vs 27 vs 39 vs 51 mo olds, 3361
visual stimuli, habituation & skin conductance, agitated vs retarded depressed patients of mean age 24.2–26.9 yrs, 13002
Hair
paired vs random presentation of light vs rotation, change in response latencies, mollusks, 9764
symbolic meaning of hair cutting, 6221
Hair Loss [See Alopecia]
Hair Pulling
behavioral treatment & response prevention, chronic hair pulling, male 3 yr old, 6-mo followup, 10885
habit reversal vs negative practice training, hairpulling, male & female Ss, 1767
operant self control procedure, compulsive hair pulling, 19–25 yr old females, 6325
play & behavior therapy, hair pulling, 3 yr old male, 3977
positive practice overcorrection & verbal warning, stereotyped hair pulling, 7.5 yr old severely mentally retarded female, 13268
Haiti
words most weighted with existential meaning, generative words & implications for religious education, young people from 3 US religious groups & Haiti & Shanghai & Japan, 9988
Halfway Houses
guidelines & recommendations for use of halfway houses, treatment of emotionally disturbed adolescents, 13376
size of community treatment facility & length of stay, psychiatric patients, 13388
structure & philosophy & goals of halfway house, emotionally disturbed adolescents, 8633
token economy program, independent living skills, geropsychiatric inpatients, 8698
Hallucinations [See Also Auditory Hallucinations, Drug Induced Hallucinations, Hypnagogic Hallucinations, Visual Hallucinations]
analytical problems & classification method proposal, hallucinations, 5075
boundary confusion vs lack of familiarity hypotheses, predisposition to hallucinate, alcoholics who did vs did not hallucinate, 13044
definitions of pseudo-hallucinations, 12934
hallucinatory experiences, prelingually profoundly deaf schizophrenic adults, 12904
high dose diazepam, hallucinations & delusions & mood & behavior, schizophrenic patients, 10912
hypnosis, differentiation of true epilepsy vs pseudoepilepsy & schizophrenic vs dissociative reaction hallucinations, 10421
lateralization of symptoms, schizophrenics, 8178
naloxone, hallucinations, chronic schizophrenic 22–59 yr old males, 8570
Hallucinogenic Drugs [See Also Lysergic Acid Diethylamide, Mescaline]
blood phencyclidine detection, psychiatric hospital patients, 6485
continuous-access phencyclidine self-administration, physical dependence, rhesus monkeys, 7620
delta-9-tetrahydrocannabinol with vs without cannabidiol, FI responding vs rate dependency, rhesus monkeys, 12347
desipramine, withdrawal from chronic phencyclidine dependence, drug abusers, 13458
drug use, members of football team at small liberal arts college, 8000
experimental hallucinogenic drug usage, subsequent readiness to use hallucinogens, experiment volunteers, 7632
history of use & neurochemical action, hallucinogenic mushrooms, implications for search for endogenous hallucinogens in psychoses, literature review, 906
social isolation, self administration of dimethyltryptamine, monkeys, 7578
urinary excretion of dimethyltryptamine, schizophrenic & manic depressive patients, 5940
Hallucinosis [See Alcoholic Hallucinosis, Delirium Tremens, Korsakoffs Psychosis]
Haloperidol
apomorphine & biperiden & alpha-methylparatyrosine & physostigmine & muscimol & picrotoxin, haloperidol-induced dystonia, monkeys, 7625

apomorphine & haloperidol induced changes in neostriatal dopaminergic activity, degree of self & externally produced constraints on behavior pattern selection, male rats, 9924
beta-phenylethylamine vs pargyline vs apomorphine vs haloperidol, blink rate, male monkeys, 12377
cerebrospinal fluid GABA & homovanillic acid levels, psychotic drug-free vs haloperidol-treated patients, 10459
chronic haloperidol, prenatal & postnatal development, rats, 7695
combined lithium & haloperidol toxicity, male patient, 13354
dextroamphetamine & haloperidol, hippocampal EEG activity, male rabbits, 12349
dextroamphetamine & haloperidol, spontaneous neuronal activity in neostriatum vs nucleus accumbens, male rats, 7686
dextroamphetamine vs gamma-butyrolactone vs haloperidol, motor activity & loss of righting reflexes & brain dopamine levels, mice bred for differing sensitivity to alcohol, 678
diagnosis & haloperidol treatment of Gilles de la Tourette syndrome, 6–12 yr old mentally retarded, 8579
diagnosis & treatment of haloperidol-induced tremor, 68 yr old female, 6384
effective serum haloperidol levels, schizophrenics vs patients with Gilles de la Tourette syndrome, 13353
glucose, suppression of basal firing of dopaminergic neurons & haloperidol induced increases in firing, male rats, 9959
Haldol &/vs estradiol benzoate treatment, enhanced response to dextroamphetamine & apomorphine & synergism, rats, 889
haloperidol, extrapyramidal effects & utility in treatment of schizophrenia, 4085
haloperidol, extrapyramidal reactions, Asian vs Black vs White psychiatric patients, implications for racial differences, 13318
haloperidol, plasma concentration & prolactin levels & clinical status, female chronic schizophrenics, 6408
haloperidol, 3H-4,5-leucine incorporation into limbic system, mice, 7651
haloperidol & apomorphine, spontaneous activity & stereotypy responses during & after haloperidol withdrawal, rats, implications for methodology in neuroleptic treatment studies, 9971
haloperidol & chlorpromazine & chlorprothixene & thioridazine, adverse reactions, 37 & 43 yr old disturbed retarded female phenylketonuria patients, 6416
haloperidol & contingency management, weight gain & hyperactivity, 17 yr old hospitalized anorectic female, 1658
haloperidol in 3 oral regimens, symptoms & side effects, hospitalized acute schizophrenics, 1841
haloperidol or fluphenazine treatment, platelet MAO activity, schizophrenics, extension of study by D. Leelavathi & R. Smith, 13322
haloperidol vs placebo, speech dysfluencies, 7–41 yr old stutterers, 6407
haloperidol vs thioridazine, clinical efficacy & side effects, 17–46 yr old restless moderately & severely retarded patients, 1876
haloperidol with vs without benztropine mesylate, regulation of prolactin response, 24–29 yr old males, 12365
intermittent haloperidol, caudate dopamine receptor binding, mice, implications for prevention of tardive dyskinesia, 3138
ip GABA, haloperidol induced catalepsy, male rats, 862
lithium, bradycardia & tardive dyskinesia & diabetes insipidus, female patient with manic depressive & paranoid psychosis, 13339
lithium carbonate &/vs haloperidol, improvement & side effects, 37–41 yr old manic patients, 10920
low dosage haloperidol vs thiothixene & aftercare, side effects & maintenance, schizophrenic outpatients, 8604
maintenance lithium therapy combined with chlorpromazine & haloperidol, cardiac & respiratory arrest, 35 yr old manic female, 1861
morphine vs haloperidol, catalepsy, male rats, 7630
neonatal exposure to haloperidol, subsequent increases in 5-hydroxyindole in certain parts of brain, 20 day old rats, 3199
N-n-propyl-norapomorphine & haloperidol, footshock-elicited & predatory & isolation-induced aggression, rats & male mice, 7619
onset & characteristics & effect of haloperidol treatment, Gilles de la Tourette syndrome, mildly retarded female 16 yr old, 6388
propranolol &/vs neuroleptic drug therapy, active & passive avoidance learning, 19–57 yr old schizophrenics, 4089
sc haloperidol, immune response to 1-chloro, 2,4-dinitrobenzene, female mice, 12402
somatic sensory stimulation & electrical stimulation of peripheral sensory nerves, neuronal activity of substantia nigra, male rats, 3094
substance P in cerebral ventricle & other areas of brain, behavior & electrical activity & body temperature, adult fowls, 12397
various neuroleptics, induction of dystonia & dyskinesias & other extrapyramidal side effects, male squirrel monkeys, implications for animal models, 902

Hamsters
age, exploratory behavior, golden hamsters, 5173
amount of previous sexual experience & frequency of testing, retention of copulatory behavior following castration, male golden hamsters, 842
anatomical relationship between central olfactory pathways & neurons containing luteinizing hormone-releasing hormone, male hamsters & rats, 719
bilateral amygdala lesions, animal mating behavior & role of olfactory & vomeronasal senses, male hamsters, 7606
castration & testosterone, aggressive behavior, male hamsters, 3080
conditioned defensive burying, 30 vs 60 vs 90 day old rats vs CD-1 vs CF-1 vs BALB mice vs hamsters vs gerbils, 12080
ear gland secretion odors in discrimination of diestrous female vs castrated vs intact conspecifics, sexually experienced male hamsters, 647
female flank glandectomy, sexual behavior, male hamsters, 3105
imipramine vs amitriptyline, fetal malformations, hamsters, 12364
intracranial electrical stimulation reinforcement, face washing & digging & open rearing & scratching & scrabbling & scent marking & wall rearing, hamsters, 5125
mating, responsiveness to painful stimulus, male vs female hamsters, 2904
olfactory bulbectomy, ultrasound production & scent marking, female hamsters, 3115
optic tectum undercuts, aperture detection & insect catching & barrier avoidance, hamsters, 9885
partial glossectomy, oral behaviors within context of typical sexual behavior pattern, male hamsters, 839
pup age & weight & cessation of lactation, cessation of nursing behavior, female hamsters, 669
sleep vs wakefulness, diazepam binding in brain, hamsters, 720
social dominance, entrainment of estrous cycle, female hamsters, 5255
testicular size & serum testosterone levels, aggressive behavior & dominance & scent marking, male hamsters exposed to short- vs long-day photoperiods, 12177
testosterone, odor-induced flank marking, male hamsters, 9854
water vs saline intake following dehydration vs fasting, plasma volume & body water changes, male hamsters, 7560

Hand (Anatomy)
biofeedback training of hand vasodilation, level of hand efficiency at cold temperatures, normal adults, 5279
dermatoglyphic features of finger & palm prints, schizophrenic & manic depressive adults, India, 10453
differential relaxation & thermal biofeedback, hand skin temperature increase, 22 yr old male electrical burn patient, 1769
exploratory hand movements in performance of haptic conservation of solid amounts judgments, congenitally blind 9–16 yr olds vs sighted 5–12 yr olds, 6125
family patterns, hand & eye & foot & ear preference, parent-offspring triads & sibling pairs, 7395
frequency & predictability of active & passive hand movements, adaptation to visual displacement, right handed college students, 372
movement predictability, visual tracking of actively & passively moved hand vs target light, college students, 371
receptive fields on glabrous hand of neurons in areas of somatosensory cortex, cynomolgus monkeys, 5241
restructuring of functional control arrangement of wrist movement based on multilevel neuromuscular control model, restoration of function lost by Parkinson's disease related pathology, 6143
right vs left hand dexterity, 3–7 yr olds with developmental apraxia of speech, 6101
stimulation to face vs hand, hemisphere superiority of tactile perception, 5 yr olds, 3363
validity & reliability of code for classification of hand movements, 170

Handedness
age & sex & throwing arm, accuracy of throwing task, preschoolers, implications for structural development theories of Piaget & R. Schmidt, 980
analysis of handedness, twins, 5188
bilateral writing ability & handwriting posture & cerebral organization, high school & college students, 2970

biological vs sociocultural factors, handedness, related vs nonrelated adoptive families, 5181
birth order & birth stress & handedness, high school & college students, 7764
developmental differences, consistency of lateral preference for hand & eye & foot & ear, 3–5 yr olds vs high school students, 10031
ethnic origin & socioeconomic class & reading direction, handedness, high school students, Israel, 5465
exposure to cold, RT & movement & total performance time in arm movement task, right handed male college athletes, 330
generation differences & familial resemblance & maternal effects, hand preference, college students, 7413
handedness, identification of context for sentences with verbal content indecipherable & melodic structure intact, college students, 7447
handedness, left vs right hand fingertapping & heartbeat, right handed Ss, 7528
handedness, male schizophrenics, 10505
handedness, recall, 5–6 yr old males, 10069
handedness, salience of hand use in describing others, 18–23 yr old males, 8060
handedness & birthweight differences, 5–25 yr old sets of monozygotic & dizygotic twins, 12178
handedness & dichotic listening performance, ECT-treated patients with unipolar endogenous depression, 8409
handedness & familial sinistrality, tactile-spatial & auditory-verbal processing asymmetries, male college students, 715
handedness & familial sinistrality & bilateral tachistoscopic presentation, asymmetry for rate of processing & decay of pictures, college students, 7490
handedness & familial sinistrality & unilateral hemispheric lesions, cerebral organization as seen in spatial & verbal ability, 36.29–48.34 yr olds, 9770
handedness of S & poser, perception of emotion in tachistoscopically presented faces & expression of emotion, male Ss, 12213
handedness & sex & task complexity, hemisphere dominance & visual field form recognition & visuospatial ability, 16–42 yr olds, 7436
handedness & side of previous psychogenic symptoms, lateral response to suggested sensation, 18–48 yr old nurses & psychiatric patients, 9766
handedness & visual thinking, academic achievement prediction, architecture students, 4348
handedness & writing posture, dichotic ear asymmetry, students & young adults, 7433
hemispheric specialization, 9–12 yr old reading disabled right handed males, 3876
heredity & development, cerebral dominance & handedness, literature review, 1002
increase in left handedness in high socioeconomic stratum, 1880–1969, Australia & New Zealand vs US, 7439
inferential method for determination of mode of cerebral speech specialization, right vs left handed, model based on aphasia following brain injury, 7442
lateral head position preference, newborn infants with right handed vs non-right-handed parents, 7471
laterality & visual field & birth trauma, vocal response to laterally presented letter strings, dextral & familial vs nonfamilial sinistral college students, 5180
lateralization of functions in brain, vertebrates, literature review, 5244
lateral preferences for hand & foot & eye & scholastic achievement, Chinese 4th & 5th graders vs college students, 5532
lateral specialization, group differences in cognition, left handed adults, criticism of methodology of E. Fennell et al, 7434
left vs right handedness, verbal & intellectual achievement on WISC, 7 vs 11 vs 15 yr old males, 12507
motor training, psychomotor performance of preferred & nonpreferred hand, right handed Ss, 7152
parent & sibling sinistrality variables, degree of handedness indicating incidental intrafamilial learning as negligible factor, college students & teachers, 12219
patterned visual stimulation, hemispheric lateralization & handedness correlation of evoked responses, right vs left handed Ss, 7466
permissive vs prohibitive word vs arrow signs giving right vs left directional instructions, choice response times, left vs right handed college students, 11766
preferred vs nonpreferred hand, visual localization of points in a plane, right-handed Italian vs American 19–30 vs 50–72 yr olds, 9481
prolonged practice, preferred hand superiority in finger tapping, 20–27 yr olds, 11753
rewarding unpreferred hand, persistence in reaching with preferred hand, stumptail monkeys, 9703
seating preferences, hypnotic susceptibility & imagery, right handed college students, 2622
sex differences & familial vs nonfamilial dextrality vs sinistrality, WAIS performance & word/nonword & face discrimination, college students, 12193
sex & handedness, visual field organization for categorization task, right handed vs left handed males vs females, 359
sex & handedness & presentation of letters to right vs left vs center of visual field, verbal vs visuospatial recall indicating hemispheric asymmetries, 18–23 yr olds, 7443
tactile temporal pattern complexity & laterality difference & shifts, male college students, 2988
train of electrical pulses to preferred & nonpreferred hand, thresholds for detection of train irregularity, adult males, 11743
unilateral vs bilateral hemispheric dysfunction, left-handedness in epilepsy & mental retardation, adults & children, Canada & Turkey & Netherlands & US, 6168
visual field preferences for Hebrew & English words, right handed 12–13 yr olds, Israel, 12478

Handicapped [See Also Adventitiously Handicapped, Aurally Handicapped, Autistic Children, Blind, Brain Damaged, Congenitally Handicapped, Deaf, Educable Mentally Retarded, Emotionally Disturbed, Health Impaired, Home Reared Mentally Retarded, Institutionalized Mentally Retarded, Mentally Retarded, Minimally Brain Damaged, Multiply Handicapped, Partially Hearing Impaired, Physically Handicapped, Profoundly Mentally Retarded, Severely Mentally Retarded, Slow Learners, Speech Handicapped, Trainable Mentally Retarded, Visually Handicapped]
annotated bibliography on children with special needs, mainstreaming handicapped students, 9018
attitudes toward mainstreaming handicapped individuals, special education vs regular teachers vs nonteachers, 13662
attributions & instructional prescriptions for handicapped vs nonhandicapped students, regular classroom teachers, 8844
biblical perspectives vs philosophies underlying habilitation of mentally retarded & developmentally disabled persons, 13444
bidirectionality of effects on sibling relationships of handicapped children, literature review, 12927
child characteristics & handicap label, attribution of 10 yr old male to handicap category, regular & special education elementary school teachers, 11142
classroom prevocational program, severely handicapped students, 11271
classroom verbal communication & social interaction, 4–5 yr old normal vs handicapped preschool students, 8933
combination of Lewinian field theory & Skinnerian behavior modification, rehabilitation, disabled, 4184
consulting teacher service, reading & math achievement, mildly handicapped students with mean age of 9 yrs, 11226
content & structure of course in counseling skills, disabled counselors, 4209
counselor characteristics, self concept & level of functioning while camping, handicapped children, 1981
critique of child identification systems required of state administrators by P.L. 94-142, 5682
curricular & instructional design, intervention programs, preschool age handicapped children, 11265
decision making guidelines for mainstreaming handicapped children, 2159
decisions in development & implementation & evaluation, Individualized Education Programs, handicapped children, 11307
definition of "handicap", 3757
developmental model of career/vocational assessment, handicapped students, 2165
development & reliability of Infant & Preschool Reinforcement Survey, identification of reinforcers used in treatment programs for handicapped children, implications for school psychologists, 9337
development & validity of instrument to assess academic & social skills, developmentally disabled adolescents, 7046
diagnostic utility of recategorized Revised WISC scores, children referred to developmental evaluation center, 9425

disability & IQ & work/personal behavior & prior academic achievement, class rank in mainstream vocational program, handicapped high school students, 11318
early childhood & special education retraining for work with young handicapped children, previously certified teachers, 11146
early identification of handicapping disorders & onset of developmental delay, preschool age children, UK, 10446
early intervention consultation & training, parents & teachers of developmentally disabled children of mean age 47.4 mo & children referred for developmental intervention of mean age 54.2 mo, 13197
ecological variables & examiner biases, clinical assessment, developmentally handicapped 1–5 yr olds & female college students, 5906
educational objectives deemphasizing normative development sequences, assessment & instruction for severely/profoundly handicapped children, 9052
education & counseling & assistance with bureaucracy, older people with cumulative disadvantage of social deprivation & disability, 8671
establishment & activities of Committee on Sexual Problems of Disabled, counseling implications, 4155
evaluation of handicapped under PL 94-142, 9033
evaluation-remediation program model, significantly handicapped, 8740
feelings & behaviors & counseling in stages of adjustment to disability, 11036
functional learning curricula model, handicapped secondary school students, 2169
goals & techniques, interpretation of children's developmental disabilities for parents & families, 8668
handicap & career guidance received in school, employment experience, 18 yr old leavers, 4464
handicaps including acne & obesity & birthmarks, sexuality, 3934
history of deinstitutionalization movement & development of special foster care for family oriented treatment needs of exceptional children, 1912
history & population & philosophy of the Edna Smith Child Development Center, 10998
individual considerations, determination of least restrictive educational environment, handicapped students, 9054
individualized physical activity, fine & gross motor skills & self concept & risk-taking behavior, developmentally disabled children, 11304
information about & experience with handicapped, mainstreaming knowledge & attitudes, regular education teachers, 8836
integration into regular classrooms, learning disabled & emotionally & intellectually & physically handicapped children, 4385
interactive individualized instruction within small groups, severely handicapped students, 9009
interrater reliability & validity, parental assessment of temperament of handicapped children, 2443
intervention model, parent-handicapped child relations, school psychologists, 11326
locus of control, disabled vs nondisabled college students, 8118
McCarron-Dial Work Evaluation System, development of vocational goals & objectives within individualized education program, 16–21 yr old handicapped students, 2160
multidimensional actuarial classification, differential diagnosis of handicapped children, 5917
multi-phase process for developing individualized education programs in accordance with Public Law 94-142, severely handicapped adolescents & young adults, 6719
neuroleptic drugs, induction of tardive dyskinesia & other movement disorders, handicapped children & youth, 8582
Non-Speech Language Initiation Program, number & color matching & sentence imitation & command-following & receptive & expressive vocabulary & spontaneous speech, nonverbal children living in institutions vs community, 8608
nutritional assessment, handicapped 2–19 yr olds, 8093
objectives for 1-mo training program in development disabilities, pediatric residents, 8808
outdated training & professional role, ability to treat mentally handicapped, clinical psychologists, 2002
overcorrection training, disruptive & self stimulatory behavior, severely handicapped, 8546
parental involvement & development of handicapped children, 10422
parent education, promotion of parent-child-educator relationships, parents of handicapped children, 2156
parent involvement in therapeutic intervention program, developmental competence, infants with developmental disorders, 10766
parents as parent trainers of handicapped children, literature review, 11290
perceived self infliction, attribution of personality traits of obese & handicapped Ss, college students, 3666
perceptions of effect of Public Law 94-142 on practice of school psychology, school psychologists, 8854
perspectives on implementation of normalization, handicapped persons, 8119
play behavior in separate vs combined groups, minimally handicapped &/vs nonhandicapped 2.5–4 yr olds, 11282
prevalence & type of handicap, juvenile correctional institutions, 8732
priorities, educational program planning for handicapped children, handicapped vs nonhandicapped college students, 9027
reliability & validity of MAKAM, diagnosis of reading disabilities at decoding level, upper class vs disadvantaged vs minimally brain disfunctioned vs disturbed vs mildly retarded children, 11360
roots & images of "disability", 3253
secondary parental problems caused by children's primary handicapping condition, parentalplegia, parents of mentally retarded & cerebral palsied children, suggestions for remediation, 10833
selection & training factors, role of surrogate parents in care of handicapped children, 8634
self evaluation of knowledge of exceptional children & individualized educational programs & ability to teach all types of handicapped, Title I reading teachers, 13640
sexuality program at summer camp, disabled adolescents & adults, 4188
sexual problems & effects of attitudinal prejudice, disabled homosexuals, 3936
social skills training techniques, sex therapy, disabled, 4018
sociodrama & perspective-taking, role-taking ability & social competence, exceptional children, 6521
suggested characteristics for educational programs, severely & profoundly handicapped students, 8957
surveillance programs, handicapped infants & preschool children, 6443
symbolic communication with semantography, handicapped children, applications to special education, 4396
techniques for identification of handicaps in young children, 10420
training for sexual counseling with disabled clients, 4246
use of Initial Teaching Alphabet, children with cerebral palsy & sensory handicaps, literature review, 4384
use of leisure, mentally handicapped 13.3–19.7 yr olds, 6065
value systems & attitudes toward sex, problems in sexual & marital counseling of disabled, counselors, 4020
weight therapy, disabled obese at rehabilitation center, 6516
3-stage assessment process of educational functioning, children, 11332

Handicapped (Attitudes Toward) [See Also Mental Illness (Attitudes Toward), Mental Retardation (Attit Toward), Physical Handicaps (Attit Toward), Sensory Handicaps (Attit Toward)]
attitudes toward mainstreaming, teachers, implications for inservice training, 11153
bidirectionality of effects on sibling relationships of handicapped children, literature review, 12927
counselor characteristics, self concept & level of functioning while camping, handicapped children, 1981
demographic & experiential variables, prediction of attitudes toward disabled persons, college students, 10344
Disabled in American Culture curriculum unit, attitudes toward learning disabled, 9th grade social studies students & teachers, 11189
dress & physical handicap, compliance with request, Ss, 8028
exposure to videotapes of handicapped children, attitudes toward handicapped, 19–26 yr old special- vs nonspecial-education majors, implications for teacher attitudes, 13546
fund raising appeals in magazines, negative stereotyping & self evaluations of disabled, 4604
handicaps including acne & obesity & birthmarks, sexuality, 3934
impressions of preschoolers wearing hearing aids, professional & lay observers, 3900
initial perceptions of handicapped children, regular class physical education teachers, 8824
instruction about handicaps, attitudes toward handicaps, nonhandicapped 3rd vs 5th graders, 8941

intervention model, parent-handicapped child relations, school psychologists, 11326
nature of contact with handicapped person, response amplification, college students, 12764
on- vs off-campus education, attitudes toward disabled & self concept & dogmatism, rehabilitation counseling students, 4213
panel presentation by physically disabled, attitudes toward disabled, 3rd graders, implications for mainstreaming, 11248
perceptions of type & severity of disorders in peers, 9–13 yr olds, 10185
photographs of handicapped children vs verbal message vs charity identification, donations to charity, apartment dwellers, 5805
secondary parental problems caused by children's primary handicapping condition, parentalplegia, parents of mentally retarded & cerebral palsied children, suggestions for remediation, 10833
sexual problems & effects of attitudinal prejudice, disabled homosexuals, 3936
training exercise, attitudes toward sexuality of disabled, college students, 4300
understanding of limitations of orthopedically disabled, 3.2–6.1 yr olds, 12607
3-level systems framework for assessment of attitudes toward learning disabled students, 13658

Handwriting [See Also Cursive Writing, Handwriting Legibility, Printing (Handwriting)]
bilateral writing ability & handwriting posture & cerebral organization, high school & college students, 2970
change in movement duration, height of handwriting, 22–55 yr olds, 7160
copying from traditional still vs moving models, handwriting, 1st graders, 13593
EMG biofeedback & handwriting training, academic attainment, male learning disabled children, 11273
empirical evidence for vs against neurological model of J. Levy & M. Reid of writing hand/posture, 7503
graphoanalysis trait norms & standard scores, 8085
handedness & writing posture, dichotic ear asymmetry, students & young adults, 7433
handwriting research, literature review, 1970's, 3249
in vivo desensitization, handwriting anxiety, 58 yr old female, 1776
self guided symbol formation strategy, teaching letter formation, 8873

Handwriting Legibility
amount of paper space, accuracy of letter strokes vs manuscript strokes, suburban vs urban kindergartners vs 1st graders, 12559
diagnostic screening technique, classification of writing disabilities, 4th grade normal vs poor readers, 9045
evaluation & remediation of written language disorders, 11274
fading-tracing handwriting program & behavior modification, quality & size of handwriting, autistic-like 12 yr old, 8998

Happiness
cognitive retraining through group discussion of beliefs & attitudes & daily rehearsal of positive feeling statements, self reported happiness, adult volunteers, treatment implications, 9602
cooperative games program, sharing & happiness while playing games outside of school, 5 yr old kindergartners, 8893
family intactness & evaluation of family happiness, evaluations of self & mother & father, 5th–8th graders, 3541
father loss through death vs divorce, self concept & evaluations of happiness of family situation, 5th–8th graders, 12601
frequency of pleasant items generated for antonym pair lists & correlation with happiness/depression & Pollyanna principle, college students, 1310
induction of elated vs depressed moods, accessibility of memories of happy vs unhappy experiences, female college students, 11997
marital happiness & life satisfaction, global happiness, Black vs White males vs females, US, 12665
marital quality & happiness & satisfaction & adjustment, 1970's, literature review, 10262
membership in sport vs nonsport voluntary association, life satisfaction, males vs females, 5768
presentation of sad vs happy faces to right vs left visual field, identification of facial expressions, 18–27 yr olds, implications for hemispheric specialization, 12233
preseparation lifestyle & current happiness, males vs females in process of divorce, 5633
relative importance of self esteem components, dyslexic vs nondyslexic 8–10 yr olds, 8278
representations of joy & sadness & anger & fear, Ss with mean ages of 4.8 & 6.6 yrs, 965
usage & conceptualization of mental health constructs, gerontologists, 7905
vegetable vs meat breakfasts, self ratings of positive emotionality, male college students, Canada, 3057

Haptic Perception [See Cutaneous Sense]

Hashish
hashish extract, aggressive behavior & dominance, male drug-treated mice & untreated intruder, 9962
hashish extract, maternal nonsocial & nursing & locomotor activity & development of sucklings, lactating mice & their pups, 7642
hashish extract, social & overall activity & submissive & sexual & aggressive & nest-building behavior & dominance, male mice, 7691

Hazards
cognitive vs affective vs conative health behavior, smokers vs nonsmokers, 1206

Head (Anatomy)
head shape of infants, perception of cuteness, college students, 12782
interaural sound reversal with vs without head movements, sound localization, Ss, 11870
protective head gear, head hitting & other self injurious behavior, 17 yr old mentally retarded male, 6987
sex, personality traits & back & head & body awareness, college students, 1352
verbal command vs gestural directions vs illuminated target appearance, eye &/vs head movements, mentally retarded vs normal children, 6061

Head Banging
behavioral contracting, nocturnal headbanging, 16 yr old male, 6315

Head Injuries
cognitive impairment & recovery, children with severe vs mild head vs orthopedic injuries, 10654
head injury & pretraumatic neuroticism, posttraumatic psychiatric disturbance, 16–55 yr olds, 3-mo followup, 12918
irrelevant information, card-sorting performance, 16–55 yr olds with severe vs mild head injuries, 13131
long term neuropsychological dysfunction, 16–37 yr old patients who sustained traumatic head injury with coma, 10664
mild vs severe childhood head vs orthopedic injuries, course of psychological recovery & extent & nature of resulting cognitive vs behavioral impairment, children, followup study, 13148
neurophysical status & personality change & memory loss & work capacity & friendships, 16–39 yr old patients with severe head injuries, 2-yr followup study, 1625
pre- vs post-accident behavior & psychiatric disorders, children with severe vs mild head vs orthopedic injuries, 10410

Head Start [See Project Head Start]

Headache [See Also Migraine Headache, Muscle Contraction Headache]
behavior therapy & biofeedback training, treatment of headache pain, 49 & 55 yr old males, 8536
early affective deprivation & masked depression & dental or facial intervention & emotional stress, onset of facial pain, cluster headache vs atypical facial neuralgia, 13161
nonpharmacological treatment, headache, 6326
physiotherapy, patients with emotionally conditioned psychosomatic disorders, 1649
presence vs absence of therapist, EMG biofeedback training, tension vs mixed headache patients, 1770
statistical validity & calibration differences, self observation vs use of telephone for reporting headache activity, headache sufferers, 47
sulpiride, nonorganic headache syndrome, patients, 6380

Health [See Also Community Mental Health, Mental Health]
age & sex & somatic complaints, test performance & feelings, 55–75 yr olds, 7754
birth control vs health factors, fertility rate, Blacks, US, 1880–1980, 5693
cognitive vs affective vs conative health behavior, smokers vs nonsmokers, 1206
coping dispositions & social supports & health status, arterial blood pressure, 3685
dimensionality & validity of multidimensional locus of control scale, prediction of health & job related outcomes in military environments, US Navy enlisted men, 11630
distinctions between physical & mental health & illness, 12935
economic &/vs health problems, life satisfaction & stress reactions & perceptions of own situation, 65–94 yr olds, implications for cognitive theory of adjustment to aging, 3296

financial situation & health & standard of living & family life, satisfaction across stages of adulthood, adults, 7882
health adjustment & creativity, secondary school students, 5538
health care habits, depression, 10th & 11th graders, 8156
learned helplessness, changes in daily activities, married vs single vs widowed 65–85 yr olds, West Germany, 1161
lifestyles & health & stress levels, 20–49 yr old middle-income divorced female heads of families, Canada, 1164
masculinity vs femininity, achievement motivation & college achievement & health, male vs female college students, 5694
oral hygiene instructions with vs without high fear message vs with positive appeal, influence on oral hygiene behavior, junior high school students, 4116
perceptions of control & desirability of life events, subsequent health, college students, 3737
personal & social variables, awareness of finality of human life, aged, 3275
physical health, length of institutionalization, 18–65 yr old psychiatric patients, 8673
Physical Health index as predictor of Mental Health index score, self report interview assessment, North African Jewish immigrants, Canada, 1377
prolonged labor disputes, distress level & perceptions of anxiety & health & general functioning, air traffic controllers, Canada, 4 & 10 mo followups, 6872
psychodynamic theories about stress reactions & long term health deterioration after mass disasters, 1412
psychological aspects of health, women as caregivers & patients, bibliography, 11113
psychological aspects of increasing community control over individual health concerns, 13397
public control of environmental health hazards, 1979 conference proceedings, 2290
resources including health & income & social integration & knowledge about retirement & ecological conditions & life satisfaction & age, adjustment, aged Ss, 3290
role of behavioral sciences, disease prevention & health promotion, 1668
self rated health & income, internal external locus of control vs life satisfaction, Ss 65 yrs old & over, 12597
self ratings of health, males vs females 65–74 vs 75 yrs & older, 10004
sex & health status & rural vs urban residence, death anxiety & euthanasia attitudes, college students & healthy vs life-threatened 60–97 yr olds, 12847
sex role orientation, physical & psychological health, 17–19 yr olds, 7994
social support, effect of occupational stress on job-related strain & health, males in varied occupations, support for validity of buffering hypothesis, 4554
traffic noise & neighborhood satisfaction & anxiety & concern about accidents, individual differences in annoyance response to traffic noise & health, survey respondents, 11518
validity of Guttman scales, self assessment of functional health & sociability, institutionalized elderly females, 189

Health Care Delivery
adverse consequences of licensing of psychologists, 13472
aspects of service organization & development of emergency room & mobile response models, emergency psychiatric services in community mental health centers, 13385
audit systems for review & evaluation of psychiatric care, Ontario psychiatric facilities, Canada, 1891
basic concepts & methodology in staff training techniques, designs for improvement in overall quality of life, institutionalized aged, 13423
behavioral treatment contracts utilizing Medicaid management information system, medical system use, 30 yr old female with history of frequent & unnecessary medical visits, 1680
clinical psychology community services, Great Britain & Northern Ireland, 8632
cultural & system & resource related barriers, provision of community mental health services for elderly, 13387
delivery of services to mentally retarded, Denmark vs UK, 1922
design & delivery of human services within political system, 8618
development & administration of National Health Insurance programs, Canada, 8625
developmental & diagnostic & delivery of service aspects of hospital care, adolescents, 6497
development of psychiatric care, Tanzania, 1631
development of service delivery systems & research, mental retardation, Australia, literature review, 8613
early identification of handicapping disorders & onset of developmental delay, preschool age children, UK, 10446
factors affecting entry into rural human & mental health service delivery system, 6476
family practice model, clinical psychology, 3960
history & current state of services for health & mental health, Israel, 6447
hospital & outpatient care, psychotic patients, Turkey, 6449
licensing issues & need for parity with psychiatrists in mental health care, clinical psychologists, 6577
medical & psychiatric standards in correctional facilities, 8720
myths & realities in medical & health care, 10970
need for biopsychosocial model of illnesses & role in primary care, 4150
patient selection factors, mental health service delivery, hospital inpatient population, implications for "Matthew effect", 3966
perspectives on implementation of normalization, handicapped persons, 8119
predicted charges, provision of residential services for mentally retarded, Australia, 13405
preoperative psychological intervention techniques, tolerance of pain & attitude & reliance on analgesics & early ambulation & hospital discharge, surgical patients, 4127
prison mental health care delivery systems, 8734
problems in provision of mental health services for ethnic minority females, 10991
problems with special hospitals for dying & incurably ill people, 8689
psychocultural factors, utilization of & expectations for mental health services, lower-class Puerto Rican clients, literature review, 4144
psychological aspects of increasing community control over individual health concerns, 13397
recommendations for mental health service delivery, Mexican Americans, literature review, 1919
research on health care delivery process, bibliography, 6442
role of general hospital, psychiatric service delivery, 8674
satisfaction with Army family practice clinic, patients, 4124
service quality & resources, problems in operation of emergency mental health units, 8705
support system provided by natural helpers, mental health service delivery in rural area, 4149
unmet needs in mental health & foster & institutional & day care, children, 13370
use of consumer feedback in planned change & evaluation of health service delivery, 8621
use of service for mentally retarded, Black families with mentally retarded family member, 13390
village vs clinic based contraceptive delivery systems, Indonesia, 1927

Health Care Services [See Also Community Mental Health Services, Mental Health Services]
aircraft noise exposure, use of nonprescribed & psychotropic drugs & use of health care services, "very annoyed" vs "less annoyed" survey respondents over 16 yrs old, 11523
assessment & program development & applied research, mental retardation, US, 8269
behavioral analysis & intervention in nursing care, 1941
behavioral treatment contracts utilizing Medicaid management information system, medical system use, 30 yr old female with history of frequent & unnecessary medical visits, 1680
clinical sociology in health care, 13371
comparison of B. Nirje's vs W. Wolfensberger's views of normalization, mentally retarded, 8614
contributions of psychology to community health practice, description of course for psychology students, 6659
coping with stress of chronic childhood illness, children & families, implications for health care programs & prevention of psychosocial maladjustment, 13378
design & delivery of human services within political system, 8618
development & administration of National Health Insurance programs, Canada, 8625
development of multidisciplinary preventive health department in group practice clinic & hospital, 8619
development & validation of Krantz Health Opinion Survey, measurement of preferences for different treatment approaches, college students, 7072

Early Intervention Program for Preschoolers & Parents, treatment of physical & developmental & behavioral problems, pediatricians, 4126
early parental experiences, dependency & hypochondriasis & utilization of health care services in adulthood, 21–65 yr old general practice patients, 6446
early psychosocial support in inner city family health centers, low-income parents & infants, 10988
evaluation of comprehensive pregnancy care program, female opiate addicts, 6 mo followup survey, 8424
geographical location & occupation & agency type vs personality traits & attitudes about mental illness, health providers, Alaska, 6542
health care & needs & mental impairment, foster children up to age 15 yrs, 13398
history & current state of services for health & mental health, Israel, 6447
myths & realities in medical & health care, 10970
orientation & development of psychology & health care in Cuba since 1959 revolution, 10969
personal & social variables, awareness of finality of human life, aged, 3275
perspectives on implementation of normalization, handicapped persons, 8119
prevalence of communicative disorders & needs of minority groups, child health care center, 8628
reliability of psychological intake evaluation for rehabilitation medicine service, measurement of mental status & personality & adjustment, physically disabled adults, 2508
role of liaison psychiatrist on renal dialysis service, 1906
self recording vs microcompressor audiometer, auditory threshold testing, industrial workers, 2364
situations in which minors may be given medical & mental health treatment without parental consent, 6589
spinal cord injury treatment team in community medical center, role of psychologist, 10986
surveillance programs, handicapped infants & preschool children, 6443
type & incidence of mental disorders, patients at primary health facilities with physical complaints, Colombia & India & Sudan & Philippines, 1896
use of consumer feedback in planned change & evaluation of health service delivery, 8621
Health Education [See Also Sex Education]
education on pharmacological management & knowledge about nature of disorder, medication compliance, schizophrenics vs bipolar vs unipolar patients, 1872
effectiveness of written & oral solution of work problems & course of active social learning, secondary health school pupils, 2128
interdisciplinary approach in Canadian Back Education Unit, self rated improvement & evaluation of course, outpatients with low back pain, 1960
preventive care instruction &/vs fee reduction, plaque control, periodontal patients, 6-mo followup, 4120
slide tape vs film strip affective mental health education unit, self awareness, high school students in elective health education class, 6678
social learning theory applied to education about healthful lifestyles & habits, 1892
Health Impaired
health care & needs & mental impairment, foster children up to age 15 yrs, 13398
Health Insurance [See Also Workmens Compensation Insurance]
behavioral treatment contracts utilizing Medicaid management information system, medical system use, 30 yr old female with history of frequent & unnecessary medical visits, 1680
development & administration of National Health Insurance programs, Canada, 8625
emphasis on "counseling" vs "psychology", credentialing of counseling psychologists, 13476
factors in psychologists' efforts at inclusion as primary service providers in 3rd-party reimbursement programs & national health insurance, 6570
national health insurance, implications for mental health practitioners, 4222
reimbursement guidelines for psychological services, insurance companies, 4224
Hearing Aids
assessment procedures for recommendation of speech & language prostheses, non-oral clients, 11034
binaural hearing aids, positioning of sound images, normal vs hearing impaired Ss, 6153
connected speech audiometry & quality of uttered speech & psycholinguistic ability, partially hearing 9–18 yr olds with & without hearing aids, 8305
degree & type of hearing loss, age & sex & educational placement & use of amplification, hearing impaired public school students, 6781
demographic & disorder-related characteristics, type & location of hearing aids, hearing impaired 5–20 yr old students, 2349
hearing aid usage, potential decline in hearing sensitivity, 13108
impressions of preschoolers wearing hearing aids, professional & lay observers, 3900
low frequency response of hearing aids, judgments of aided speech quality, 27–66 yr old hearing-impaired males, 2391
Hearing Impaired (Partially) [See Partially Hearing Impaired]
Hearing Measures [See Speech and Hearing Measures]
Heart [See Also Heart Ventricles]
carotid dP/dt as index of sympathetic myocardial effects, 5257
carotid dP/dt as index of sympathetic myocardial effects, reply to criticism by R. Heslegrave & J. Furedy, 5289
crushing left atrial appendage of heart to produce hypovolemia, water intake, sheep, 12344
single episodes of maintained forced exercise, cardiac weight & histology, young vs mature female rats, 5263
Heart Disorders [See Also Angina Pectoris, Arrhythmias (Heart), Bradycardia, Myocardial Infarctions, Tachycardia]
cardiac anxiety neurosis, aged patients, 6138
cardiac rehabilitation program, restoration of physiological & psychological functioning, 8722
imipramine vs desmethylimipramine, mitral valve prolapse, patients with panic disorders, 8580
interrelationships of biomedical & environmental & developmental variables, Down's syndrome children followed from birth to 36 mo, 8265
news of risk for early heart disease as stressful event, stress & other reactions, 35–57 yr old males with no previous symptoms of heart disease, 1588
paced respiration training, treatment of Tietze's syndrome pain, 46 yr old male with coronary heart disease, 1794
physical vs emotional factors, symptoms of mitral value prolapse, implications for differential diagnosis, 1576
role of & need for liaison psychiatry, intensive & coronary care & renal dialysis hospital units, 1951
sex & Type A behavior & low masculinity sex role orientation, social self esteem & anxiety & depression, college students, 3681
social class & other factors, Type A behavior, men & their wives & other family members, 5884
Type A behavior, ischemic heart disease, 13129
Type A personality, coronary artery disease, Irish vs Italian Catholic vs White Anglo Saxon Protestant 18–70 yr old males, 1572
Heart Rate
acoustic activation, heart & respiratory rate & skin potential & resistance, female with endomorph depression treated with thymoleptics, longitudinal study, 10514
acute alcohol intoxication, vicariously aroused emotional responses assessed by heart rate & electrodermal responses, male social drinkers, 7538
allergens, cognitive-emotional symptoms & heart rate & mood & psychological performance, 17–56 yr old allergy patients, 13115
alpha rhythm responsivity consistency & relationship to cardiovascular responsivity & personality, college students, 12197
anticipation of affective stimulation & fear of mutilation, heart rate & evoked potentials & contingent negative variation, male college students, 7409
anticipation of pain-induced stress, monosynaptic & nociceptive flexion reflex & heart rate & respiratory frequency, 21–35 yr olds, 3058
atropine methyl nitrate vs 6-hydroxydopamine hydrobromide, differential classical conditioning of eye-blink & heart rate, rabbits, 9911
auditory detection vs aversion, evoked cardiac waveform components, 12–18 yr olds, 9812
auditory signal intensity, choice RT & heart rate, male college students, 5293
auditory stimulus position in respiratory cycle, evoked cardiac response & skin conductance & respiration, 22–41 yr olds, 9824
auditory & visual stimuli, heart rate orienting response, 8–19 day old rat pups, 12253

autonomic self perception, voluntary heart rate control, college students, 3048
autoregressive analysis vs clinical behavioral audiometry, measurement of EEG vs heart rate changes, hearing impaired 3–6 yr olds, 11576
biofeedback training, raising vs lowering heart rate, over 50 yr old males having suffered myocardial infarction under 1 mo vs over 3 mo previously, 8504
biofeedback training & respiration tracing, heart rate & breathing patterns, male college students, 9816
cardiac awareness & feedback, voluntary control of heart rate, college students, 9814
category scales vs semantically constructed scales vs heart rate, ratings of perceived exertion during bicycle riding, experienced vs untrained vs inexperienced Ss, 2448
cognitive therapy technique, depressed mood & heart rate & EMG & skin resistance & temperature, depressed patients, 10854
contingent vs yoked feedback & attention vs direction instructions, voluntary control of heart rate, college students, 5287
degree of self consciousness, estimation of heart rate following physical exertion, adults, 3040
development of symptoms of motion sickness, changes in blood pressure & heart rate & body temperature, 1582
direct & averted gaze & sex of pictured person, heart rate & skin conductance, male vs female college students, 12264
EMG biofeedback & instructions to relax, generalization effects & frontalis EMG activity & heart rate, college students, 7529
erotic vs nonerotic auditory stimulation vs self generated fantasy, affective & physiological responses during sexual arousal, 19–63 yr old males, 7536
evaluation apprehension instructions vs negative feedback, heart rate while rating series of photographs, college students, implications for E expectancy effects, 6966
exposure to taped case histories & slides of child abuse, heart rate & finger pulse volume & GSR, male vs female & parent vs nonparent college students, implications for training program for child abuse hotline counselors, 10994
feedback vs no assistance vs relaxation, lowering of heart rate following arousal task, 19–30 yr old males, 12265
fetal heart rate & perinatal & maternal factors, prediction of sex of fetus, 3026
genetic selection for differences in behavioral reactivity, blood pressure & heart rate & plasma norepinephrine levels under resting conditions, reactive vs nonreactive rats, 7393
handedness, left vs right hand fingertapping & heartbeat, right handed Ss, 7528
harassment & competition, cardiovascular & plasma catecholamine responses, Type A vs Type B males, 5276
high vs low mental image activity level & instructions to tense vs relax, heart rate, female college students, 773
hippocampal vs cortical lesions, Pavlovian eyeblink & heart rate & EMG conditioning & free-field activity, rabbits, 9900
hippocampectomy, Pavlovian conditioned heart rate & eyeblink responses, rabbits, 7595
hypnotically suggested selective deafness, RT & heart rate conditioned response, college students, 12008
imipramine vs maprotiline, pharmacokinetics & side effects, 75–83 yr old females, 8585
inactivity vs strenuous mental work, catecholamine & cortisol excretion & heart rate, Type A vs Type B male college students, 763
individual differences, heart rate during cognitive task performance vs rest, mean age 8.5 males, 9815
instructions & contingency of reinforcement, operant conditioning of phasic heart rate change, college students, 7545
isometric exercise vs relaxation vs hypo- vs hyperventilation with vs without feedback, heart rate mediation, college students, 3038
isometric & psychological & pain stress, blood pressure & heart rate & stroke volume & cardiac output & arginine vasopressin & renin concentrations, 16–65 yr olds, 769
left dorsal & ventral ansa subclavian transection, heart rate & left ventricular systolic pressure & pressure development during shock avoidance task, dogs, 3108
level of challenge & Type A vs B behavior, blood pressure & heart rate, male college students, 5273
level of heat exposure, heart rate & oral temperature & perceptual motor performance, 18–40 yr olds, 3050
locus of control & energy level of whole-body vibration, accuracy on tracking task & RT & heart rate & oxygen uptake, 19–38 yr old males, 4900
minimum age for establishment of cardiac conditioning, cats, 9627
monetary incentive vs information, voluntary heart rate control, male college students, 12260
mood changes & impedance plethysmography parameters & arterial blood pressure & heart rate, 51 yr old female with circular type manic-depressive disorder, 5947
motivation & success expectations & physiological monitoring & voice intonation & spectral analyses, assessment of emotional stress during skill performance, aviators & astronauts & controllers, 6852
motor requirements of RT & time estimation tasks, heart rate & skin conductance, adult Ss, 759
music with vs without verbal suggestion vs silence, heart rate & self reported arousal, graduate music students, 5269
negative vs positive comments after task performance, heart rate & vasoconstriction, 3059
nicotine & extraversion, skin conductance & EMG & heart rate & self reported responses to emotional stimuli, habitual cigarette smokers, 7644
nonverbal immediacy level of accomplice, increase in S's heart rate & nonverbal adjustment, female college students, testing of model of M. L. Patterson, 12758
nortriptyline vs clomipramine, tyramine-induced increment in systolic blood pressure & plasma desipramine & nortriptyline & clomipramine & heart rate & systolic & diastolic blood pressure, medical students, 12401
operant blood pressure conditioning, plasma catecholamine & renin levels & systolic & diastolic blood pressure & heart rate, male baboons, 9738
order of training in 2 procedures for heart rate discrimination, level of discrimination & transfer of training & strategies & subsequent level of heart rate control, college students, 7546
oxprenolol vs metaproterenol & induced anger vs neutral situation, heart rate & blood pressure & GSR & bodily & emotional state, male college students, 881
perceptual motor learning in presence of evaluative audience, arousal as measured by heart rate & palmar sweat print, junior high school males, 5258
perceptual motor task rehearsal difficulty & response delay period, RTs & phasic cardiac responses, male college students, 760
periods of inactivity vs strenuous mental work, catecholamine & cortisol excretion & heart rate, Type A vs B male college students, 1315
personality traits & feedback, operant heart rate conditioning, male college students, 3047
physical vs cognitive arousers during rote learning, performance level & physiological indices, Ss, 11945
physiological changes during short term memory tasks, male college students, 5297
predictability of aversive stimulus, GSR amplitude & cardiac anticipatory acceleration, male infarction patients & Ss with high vs low infarction risk, 8383
prehatching stimulation with alarm calls, posthatching heart rate & eye opening & vocalization, chickens, 9726
presentation of novel stimuli, magnitude of arousal & cardiac & ventilatory changes & their habituation, goldfish, 744
psychological stress, cardiovascular & electrodermal response patterns in heart rate reactive persons, male college students, 5286
psychological stress, hyperventilation & heart rate & anxiety, college students, 7548
recognition of embedded sentences & minor vs major wording changes, heart rate & respiration changes as measures of verbal storage & retrieval, male college students, 499
reserpine & dextroamphetamine & maternal deprivation, hyperactivity & cardiac & respiratory rates & body temperature, rat pups, 9852
rocking stimulation & sleeping vs alert state, cardiac & behavioral responses, neonates, 12269
signaled escape & regular classical conditioning, heart rate & movement & EMG activity, restrained vs unrestrained female rats, 7411
silhouette of hawk vs goose, cardiac response, ducklings, 7370
sinus tachycardia & cardiac rate variations, schizophrenic patients, 10474
skin conductance response & recovery & rise time, cardiac response indications of attentional openness vs closedness to environment, 18–75 yr olds, 5294

stimulus magnitude & novelty, evoked cardiac response of heart rate deceleration & skin resistance response & respiratory pause & peripheral pulse amplitude response of vascular constriction, college students, 9806
stress induced by pain anticipation, monosynaptic & nociceptive flexion reflex & heart rate & respiratory frequency, 23–24 yr olds, 5247
strong vs weak training & ECS & reticular formation stimulation & tone presentation as reminder treatment, heart rate & retention, male rats, 9878
tactile stimulation by self vs others & presence vs absence of E, heart rate, Ss with mean ages of 26.4 & 25.8 yrs, 9811
taped radar control room noise, ability to sustain attention to complex monitoring task, males vs females, 2824
tonic & phasic heart rate, measurement of mental fatigue, 9821
T-wave amplitude & P-Q interval of EKG & pulse transit time & carotid dP/dt & heart rate during mental arithmetic task as stressor, male college students, 7525
type of challenge situation, blood pressure & heart rate, female Type A vs B college students, 7540
validity of Borg Scale, measurement of perceptions during recovery from exercise & heart rate, untrained males & females, 2503
viewing antimale vs antifemale sexual cartoons, verbal & heart rate & skin conductance responses, male vs female college students, 12272
visual beat-by-beat vs no vs VR biofeedback, self control of heart rate, male college students, 7535
warning stimulus preceded vs not preceded by discriminative stimulus, eyeblink reflex elicitation & inhibition & heart rate, college students, 7537
work load during bicycle riding & heart rate & severity of disease, ratings of chest pain, males with angina pectoris, 13078
24 vs 48 hrs of sleep deprivation & cocaine, RT vs heart rate vs mood change, 21–30 yr olds, 12283
Heart Rate Affecting Drugs [See Also Caffeine, Epinephrine]
long term digoxin therapy, psychosexual behavior, male patients, 6402
social isolation & intracranial potassium chloride vs ouabain vs cycloheximide, memory formation for passive avoidance task, chickens, 7631
Heart Surgery
aorta-coronary bypass, psychiatric & neurologic status, 8101
coronary artery bypass surgery & Type A behavior, blood pressure vs aggressive content vs job commitment, adult patients, 10975
open heart surgery, psychiatric disorders, 8117
personal account of psychodynamics before & during & after open heart surgery, psychiatrist, 1903
personality traits, lifestyle responses, 38–71 yr olds who had coronary artery bypass surgery, 8358
psychological status & psychosocial situation, patients before vs after open heart surgery, 1902
Heart Transplants [See Organ Transplantation]
Heart Ventricles
left dorsal & ventral ansa subclavian transection, heart rate & left ventricular systolic pressure & pressure development during shock avoidance task, dogs, 3108
Heartbeat [See Heart Rate]
Heat Effects
diffuse noxious inhibitory controls, activity of trigeminal nucleus caudalis neurons, rats, 5303
heat stress & work/rest ratio, time-on-task effect in tracking performance, male college students, 4592
level of heat exposure, heart rate & oral temperature & perceptual motor performance, 18–40 yr olds, 3050
liver temperature, food intake & chewing, male rats, 9837
physical restraint & heat, sexual & aggressive behavior, rats, 9713
rearing in cold vs warm environment & length of exposure & food intake & body temperature, reinforcement rate for heat & thermoregulatory behavior, pigs, 793
subdiaphragmatic denervation & liver temperature, food intake, male rats, 9838
warm ambient temperature, sleep-waking activity, capsaicin-desensitized male rats, 781
Hebephrenic Schizophrenia
IQ & cognitive operations, hebephrenic vs paranoid schizophrenics, 13009
Heels (Anatomy) [See Feet (Anatomy)]
Height (Body) [See Body Height]
Helicopters
distance, recognition & identification of armored vehicles, US Army helicopter crewmen, 11429
whole body vibrations, proprioceptive tasks & visual tracking & control of static vs dynamic torques, right handed 17–35 yr olds, implications for helicopter & other vibrating vehicle operation, 9473
Help Seeking Behavior
behavioral treatment contracts utilizing Medicaid management information system, medical system use, 30 yr old female with history of frequent & unnecessary medical visits, 1680
changes in Saskatchewan mental health system, patient characteristics & private vs public sector treatment & Indian population use of services, 4135
degree of psychiatric contact & sophistication, attribution of personal problems to disposition vs environment & use of psychiatric & psychological services, college students, 13685
deinstitutionalization, number & needs of clients seeking help at community based service system, formerly institutionalized mentally retarded clients, 8640
differential use of & referral to psychiatric hospital or outpatient services, West Indian vs West African vs English patients in London, 8626
ensuring attendance compliance, outpatient schizophrenics in group psychotherapy, 8477
friend vs stranger with high vs low cost for helping, help seeking behavior, female college students, 1293
helper vs recipient-initiation of helping services, utilization of & attitude toward services, female welfare recipients, 6461
new mental health service ideology, 4233
oral dependency as measured by Rorschach & sex, requests for help in difficult puzzle task, college students, 3732
parent's marital conflict, behavior problems & need for psychotherapy referral, children with parents in marital psychotherapy, 4017
potentially depressing situations & sex & age & social class differences, antidepressive behavior, 13–76 yr olds, 10509
psychopathodynamic analysis of suicide vs attempted suicide, children & adolescents, 10566
request for help, helping behavior, male college students, 8029
responses to client self determination & decision making, social workers, 6482
self esteem & self consciousness & internal vs external attribution of need for aid & active seeking vs passive acceptance, recipient reactions to aid, Ss, 10382
sex differences, use of psychotropic drugs & help seeking behavior, women vs men, 1201
sex differences, utilization of health services for psychiatric problems, men vs women, Canada, 1893
sex differences, utilization of mental health services, 10992
type & amount of aggressive behavior & presence vs absence of regressive behavior & acceptance of therapy, classification of mutism, mute children, 1553
use of service for mentally retarded, Black families with mentally retarded family member, 13390
voluntarism, drug treatment programs, reply to P. B. Sutker & A. N. Allain's criticism, 1985
voluntary vs nonvoluntary drug abuse treatment, self reported psychopathology, drug addicts, reply to W. E. Penk & R. Robinowitz's criticism, 1988
Helping Behavior [See Assistance (Social Behavior)]
Helplessness (Learned) [See Learned Helplessness]
Hematologic Disorders [See Blood and Lymphatic Disorders]
Hemianopia
mental tasks, optokinetic nystagmus, implications for development of more sensitive clinical testing for origins & hemianopia, 8363
Hemiopia [See Hemianopia]
Hemiplegia
cerebral vascular accident, right hemiplegia & aphasia, congenitally deaf 57 yr old male, 10741
hemispheric asymmetry for comprehension of sentences with passive syntax after left vs right decortication, 8–28 yr olds with infantile hemiplegia, 703
short term verbal memory capacity & intelligence, visual memory, left hemiplegics, 8360
Hemispherectomy
attentional vs hemisphere occlusion variables, dichotic listening deficits, hemispherectomy patients, 8338
dichotic CV stimulation, distinctive feature confusions, hemispherectomees, implications of ipsilateral auditory pathway suppression, 10706

removal of brain hemisphere in infancy, written language acquisition, 10.3–11.8 yr olds, 3-yr followup, 10663
visually initiated hand movements & cerebellar hemispherectomy, surface & depth potentials of premotor & motor cortex & premovement potentials, monkeys, 12339
vocal identification time for each ear, hemispherectomized patients, implications for lack of lateral shift of attention, 13136
Hemodialysis
active hemodialysis, therapeutic efficacy, chronic schizophrenics, 13191
chronic renal insufficiency not being treated with chemodialysis, oneirism & delirium & other psychopathological symptoms indicating encephalopathy, patients, 1603
depressive disorders & polycystic kidney disease, 21–76 yr old patients entering home hemodialysis training, 3-mo followup, 6146
home hemodialysis training dropouts, couples with mean age of 46 yrs entering training for treatment of end-stage renal disease, 10979
perceived expectations of family & friends & social functioning, 2 structured interviews separated by 3-yr interval, 21–75 yr old chronic hemodialysis patients, 10713
reactions of parents of children undergoing hemodialysis, 4134
Hemoglobin
state of hydration & blood protein & hemoglobin & iron & alcohol concentrations & hematocrit & erythrocyte & reticulocyte count, patients with delirium tremens, 12915
Hemophilia
behavioral treatment, disease-related chronic insomnia, 38 yr old male hemophiliac, 6370
childrearing practices & parental cooperation, parents of 3–5, & 8–13 yr old hemophilic males, 1599
personality in relation to disease, adolescents & children with diabetes & hemophilia & physical handicaps, 10736
psychosocial events, atypical bleeding & application of conversion model, 14 mo old male hemophiliac, 3896
self perception & personality traits, unemployed vs employed 20–35 yr old hemophiliacs, 6150
Hemorrhage [See Also Cerebral Hemorrhage]
electrical stimulation of medial amygdala & ventral amygdalofugal pathway lesions, gastric ulcers & hemorrhages, male rats, 3070
Hemp (Cannabis) [See Cannabis]
Hepatic Disorders [See Liver Disorders]
Hereditary Disorders [See Genetic Disorders]
Heredity [See Genetics]
Heroin
dosage of zinc tannate salts of heroin & levoalpha-acetylmethadol & hydromorphone, severity of opiate withdrawal syndrome, male Sprague-Dawley rats, 867
fetal exposure to methadone & heroin, sleep as measurement of nervous system disorders, neonates, 3158
heroin vs levorphanol & naloxone, rigidity & explosive motor behavior, male rats, 5353
Heroin Addiction
closing of drug clinic, readdiction to heroin & rise in arrest vs incarceration rates, methadone clients, 2-yr followup, 11051
drug relevance of stimulus words, suppression of associations related to stages of addiction, male heroin or opiate addicts, implications for measurement of habit strength, 1517
MMPI differences, male Hispanic-American vs White vs Black heroin addicts, 6043
stressful life events, return to heroin use, methadone maintenance patients, 4195
Herpes Simplex
antibody levels to herpes simplex virus, severely & profoundly retarded adults, 6086
Heterosexuality
childhood sexual identity vs religiosity vs homophobia, development of transsexualism vs homosexuality vs heterosexuality, transsexual vs homosexual vs heterosexual males, 10290
motives & techniques, induced jealousy, heterosexual couples, 1249
relationship enhancement vs problem solving programs, perceived heterosexual competence, premarital couples, 10839
Heterozygotic Twins
concordance of deviant smooth pursuit eye movements, monozygotic & dizygotic twins discordant for schizophrenia, replication of authors' earlier study, 1439
concordance of mental development, same- vs opposite-sex dizygotic twins from 3 mo through 6 yrs old, 12563
genetic influences, selective attention & speed, 12–38 yr old monozygotic vs dizygotic twin pairs, 7391
handedness & birthweight differences, 5–25 yr old sets of monozygotic & dizygotic twins, 12178
heritability, 2nd-order intelligence factors, 12–18 yr old male identical vs fraternal twins vs siblings, 9735
mother reports of developmental differences, personality & social behavior, fraternal vs identical twins from birth to 6 yrs old, longitudinal study, 9742
perceived vs actual genetic similarity, co-twin differences in cognitive & personality & physical development, monozygotic & heterozygotic same-sex twin pairs, methodological implications, 979
phenotypic correlations & cultural & genetic factors, monozygotic & dizygotic twins & their families, 2957
phenotypic similarity, 20–70 yr old White American married couples & Swedish monozygotic & dizygotic twins & their spouses, 3544
Heuristic Modeling
discrete vs continuous approaches to study of judgment & choice & functional & dysfunctional aspects of judgmental heuristics, 9542
heuristic models of suicide in sociobiological & evolutionary framework, 6030
methods using theoretical & heuristic algorithms, obtaining visual representations of hierarchical system structures by computer, 2283
High Sch Personality Questionnaire
family environment, personality factors measured by High School Personality Questionnaire, high school students, 3417
questionnaires vs objective tests for personality measurement, matches between High School Personality Questionnaire & Objective-Analytic Test Kit data, 12–18 yr old males, 9410
Second order factor structure of Czech version of High School Personality Questionnaire, 9315
High School Diplomas [See Educational Degrees]
High School Graduates
guidance teachers' influence, curricular & vocational decisions, more vs less able school leavers, Scotland, 4427
handicap & career guidance received in school, employment experience, 18 yr old leavers, 4464
industrial job satisfaction & self evaluation of personal vs technical qualities, high school vs vocational-technical school graduates, 2262
High School Students
accuracy of perceptions of students' interpersonal values, high school counselors, 4426
achievement motivation, Navajo high school students, 3413
achievement motivation training program, academic achievement, 3rd–11th grade underachievers, 6663
achievement orientation, 4th–9th graders of Western vs Eastern origin, Israel, longitudinal study, 6712
achievement test performance as predictor of high school mathematics grades, 8th graders, 1–3 yr followup, 2068
advantages & disadvantages of minimum competency testing, mildly mentally retarded high school students, 11338
aptitude & teaching approach & anxiety & conformance, academic performance, 9th graders, 6667
attendance at church related school, religious attitudes, high school students, 11244
attendance vs number of reading & mathematics courses vs college aptitude test scores, knowledge of consumer economics & competency, high school students, 13598
attribution of interpersonal values of counselors & counseling effectiveness, high school students, 13676
autocratic vs democratic vs mixed teaching style, ability of pupil & achievement, high school students, 6619
behavioral self-control in educational settings, children & adolescents, literature review, 4324
causes of failure & remedial teaching strategies, school learning of English as foreign language, high school students, West Germany, 2164
characteristics of minimum competency testing programs for high school graduation, 9107
child spacing in families, intellectual development & achievement test scores, high school students, verification of Zajonc-Markus hypothesis, 4344
classroom cooperative learning methods, achievement & race relations & self esteem, elementary & secondary school students, literature review, 8902

cloze pretest procedure, prediction of novel & short story reading comprehension posttest scores, 10th grade English literature students, 9083
cluster analysis to uncover underlying group structure in populations, 6–16 yr olds referred for psychological evaluations by their teachers, demonstration of J. H. Ward's method, 9092
cognitive interactions, secondary science teachers & their students, 6705
cognitive theory of reading readiness, content-area reading comprehension, reading disabled high school students, 9004
concurrent validity of Woodcock Word Comprehension Test & measures of reading achievement & verbal intelligence, 6–16 yr old students, 11383
congruency of student characteristics & school environment, school crime & avoidance & misbehavior, 10th–12th graders, 8939
congruent vs incongruent teacher success expectancy & feedback communication, reading comprehension & effort expended, low-achieving high school students, 4342
construction of vocational identity & occupational information & barriers scales, diagnoses for research & career counseling, high school & college students & workers, 6762
cooperation, school learning, 7–16 yr old student dyads, 2125
correlation between Revised WISC & Nonreading Aptitude Test Battery scores, educable mentally retarded 10th graders, 11403
creativity & nonconformity, well adjusted vs problem 10th graders, 6711
cultural differences, attitudes toward school, Hindu vs Muslim high school students, 8947
development & factor structure of rating scale for teacher's directiveness, perceptions of teachers' style, 10th graders, 9121
development of multiple criterion screen for identification of psychiatric disorders, secondary students, 2190
development & reliability of Puerto Rico self-concept scale & correlation of scores with academic achievement, 4th & 7th & 10th graders, Puerto Rico, 9062
development & reliability of Urdu translation of Achievement Oriented Attitude Scale, estimation of achievement oriented attitudes, high school students, 11623
directional awareness training, letter reversals, 6–19 yr old deficient readers, 11297
disability & IQ & work/personal behavior & prior academic achievement, class rank in mainstream vocational program, handicapped high school students, 11318
Disabled in American Culture curriculum unit, attitudes toward learning disabled, 9th grade social studies students & teachers, 11189
educational intervention in inner city schools, prevention & remedy of problems, elementary through high school students, 4308
effectiveness of different career exploration approaches, high school classes, 13591
effectiveness of written & oral solution of work problems & course of active social learning, secondary health school pupils, 2128
enrollment in regular classes with vs without additional assistance vs vocational training classes, social & vocational maturity, learning disabled high school students, 11292
evaluation of group counseling in 3rd–5th grades, 12–16 yr old junior & senior high school students, 6777
expectation of immediate vs delayed testing, acquisition of knowledge, high school students, 9079
Eysenck Personality Inventory Lie scale as measure of conformism, high school & college students, 13678
field independence & intelligence & GPA, female high school students, Philippines, 13614
good vs poor reading comprehension & age, spontaneous text lookbacks, 4th–10th graders, 11221
guidance teachers' influence, curricular & vocational decisions, more vs less able school leavers, Scotland, 4427
handicap & career guidance received in school, employment experience, 18 yr old leavers, 4464
individual vs heterogeneous grouping conditions, mathematical task performance, high vs medium vs low ability 11th graders, 11216
intellectual ability, religious language comprehension, 12–15 yr old students of Catholic vs public secondary schools, 13613
internal consistency & reliability of measures of children's behavior, emotionally disturbed or learning disabled elementary school through high school students, 13672
internal vs external orientation, antisocial behavior & academic achievement, male secondary school students, Nigeria, 4363
kinesthetic-tactile component in visual-auditory-kinesthetic-tactile instruction, reading & retention & spelling of words, learning disabled males with mean age of 16.5 yrs, 11315
listening vs reading, comprehension of text content, dyslexic 6th–9th grade males, 11308
mathematics & academic & general self concept & locus of control & achievement, 1st–12th graders, 4352
meaning of & problems with school, Mexican American adolescents, 6702
methods for modification of classroom exams, teachers of mainstreamed secondary learning disabled students, 11287
monolingual English vs bilingual English/Spanish instructional mode, self concept & reading skills, Hispanic vs non-Hispanic 9th graders, 13562
National Educational Development Tests performance, prediction of later scores on College Board Scholastic Aptitude Test, 9th graders, 4420
occupational information, occupational preference ratings, 16–17 yr old students, 8953
open vs non-open social studies classroom climate, change in political attitudes, sophomore & senior high school students, 4357
past academic performance of 1st & 6th & 12th grade students, performance evaluation & prediction, college students, implications for teacher expectancy effects, 6694
peer group influence, school achievement & occupational aspirations, elementary–high school students, data synthesis from 10 studies, 11223
personality traits & sex & placement in boarding home, academic achievement & failure, Ojibwa Indian vs White 9th & 10th graders, Canada, 4339
prediction of A-level grades from O-level grades & teachers' estimates, university applicants, Great Britain, 8922
predictive validity & test-retest reliability, study skills inventory, high school & junior high school students, 11385
preparatory course, Scholastic Aptitude Test-Verbal scores, high school students, 4410
reading ability & listening to vs reading textbook material, retention of information, mildly handicapped 10th–12th graders, 4408
reading purpose & passage difficulty, reading rate flexibility, 8th & 11th graders, 11220
robustness of Rasch model, invariant item & ability parameter estimates on Iowa Tests of Educational Development data, 9th–12th graders, 7119
school background & scholastic achievement, attitude toward school & involvement in life & home background, high school students, 8945
school performance & attendance, male 10th & 11th & 12th graders 5–6 yrs after enrollment in special learning disabilities program, 13653
school size, alienation & participation in & importance of school activities, high school students, 4359
school & social & emotional adjustment, mentally superior vs average high school males, 8949
scores on AH4 Group Test of General Intelligence, 11th graders, Canada vs Great Britain, 9103
self esteem, satisfaction with reasonableness & usefulness of Self Directed Search for career guidance, 11th graders, 2173
self esteem & school achievement & IQ, high school females, Philippines, 2069
self evaluation & school adjustment & intelligence, adolescent apprentices vs secondary school students, 8938
sex, academic achievement & vocational interests & intelligence & salience of school activities, 10th graders, 11253
sex differences & coeducational vs one-sex schools, science & reading achievement & attitudes, 14 yr old students, US & Sweden & England, 4335
short answer vs multiple choice vs full free recall initial test, retention of prose passage, 14 & 15 yr olds, 9082
short topical test immediately after learning, delayed retention of prose, 10th graders, 13522
slide tape vs film strip affective mental health education unit, self awareness, high school students in elective health education class, 6678
Slosson Intelligence Test vs Peabody Picture Vocabulary Test vs Developmental Test of Visual-Motor Integration vs Revised WISC, screening for special education placement, 6–16 yr olds, 9078
social conditions & matriarchal families, alienation from school & society, male vs female Black high school students, 11258

sociocultural factors, motivational aspects of English language acquisition, French speaking 11th graders, Canada, 11218
special high school programs for gifted, achievement & awards & attitudes, gifted, 6742
speech fluency & knowledge of preliminary grade, evaluations of students' achievement on oral geography examination, secondary school teachers, 13671
student physical attractiveness vs grades vs ability ratings by teachers vs test scores, male vs female 6th–8th graders & 10th grade males, 13624
study habits & personal adjustment & problems & reading ability & academic motivation, academic underachievement, male 14–16 yr olds, 6696
Suggestive-Accelerative Learning & Teaching method of G. Lozanov, math & reading achievement, learning disabled 9th graders, 9042
surface structure of passages in reading comprehension tests & skill level, performance, students, 11344
task requirement vs self reward vs coping components of self instruction training, creativity, high school students, 11204
teacher inservice & advocacy & crisis program, student's attitudes & attendance & dropout rate, behaviorally disordered rural secondary school students, 11174
teacher planning strategy, mathematics performance, 15–18 yr old behavior disordered students, 2111
test anxiety & intelligence & subject area, academic achievement, female 9th graders, 2130
test feedback checklist, performance on announced vs unannounced posttest, low vs high achiever high school students, 13602
type of question vs statements by teachers in discussion classes, length of responses, high school students, 11180
unidimensional scaling, assessment of cognitive structure of interest in English lessons, secondary education students, Germany, longitudinal study, 4370
use of visual images, teaching abstract mathematical concepts, high school & college students, 11195
validity & reliability of Fundamental Reading Competencies Test, 12th graders, 6758
values clarification, values change, 10th–11th graders, 4296
verbal praise vs nonevaluative comments by examiner, validity of Revised WISC as predictor of academic achievement, intellectually superior elementary & secondary school students, 11391
visual vs auditory word presentation & distraction, retention, learning disabled 12–16 yr olds, 4380
weaknesses & suggested modifications, mental abilities tests, low achieving adolescents, 9066
Wide Range Achievement Test vs Peabody Individual Achievement Test vs Slosson Oral Reading Test vs Revised WISC, 6.8–16.8 yr old students referred for poor academic performance, 11400

High School Teachers
cognitive interactions, secondary science teachers & their students, 6705
development & factor structure of rating scale for teacher's directiveness, perceptions of teachers' style, 10th graders, 9121
Disabled in American Culture curriculum unit, attitudes toward learning disabled, 9th grade social studies students & teachers, 11189
perceptions of & attitudes toward Resource Specialist Program for educable mentally retarded students, elementary & second level teachers, 9014
prediction variables & criterion related validity of National Teacher Examinations mathematics & science tests, junior & senior high school teachers, 7115
questioning strategies, primary & secondary teachers, implications for use of higher-level cognitive questioning, 4325
role concepts, public vs parochial high school & elementary school teachers, 11164
sex & length of service, role expectations, 20–40 yr old rural vs urban high school teachers, 2081
social attitudes, attitudes toward education, secondary school teachers, 6639
speech fluency & knowledge of preliminary grade, evaluations of students' achievement on oral geography examination, secondary school teachers, 13671
type of high school, teacher talk & question ratio, high school teachers, 8828
type of question vs statements by teachers in discussion classes, length of responses, high school students, 11180
validity of Mullen Diagnostic Survey for Leadership Improvement, measurement of satisfaction with principals' leadership, high school teachers, 2444

High Schools
community mental health in rural schools, 9125
functional learning curricula model, handicapped secondary school students, 2169
positive–negative asymmetry in formal social groups, secondary school classes, 13621
school size, alienation & participation in & importance of school activities, high school students, 4359
socioeconomic status & sex & high school educational climate & academic involvement & contact with university faculty, orientations toward scientific & scholarly careers, college freshmen, 1968–1969, 4366

Higher Education [See Also Clinical Psychology Grad Training, Clinical Psychology Internship, Graduate Education, Graduate Psychology Education, Medical Education, Medical Internship, Medical Residency, Postgraduate Training, Psychiatric Training, Undergraduate Education]
American Psychological Association-approved sponsors of continuing education in psychology, 11057
cost effectiveness of audiovisual media, higher education, 13590
frameworks for research, processes of innovation & change in higher education, 8813
internal external locus of control, selected bibliography, implications for counseling & education of high risk & minority students, 12871
Male Dominance Index values, percentage of men in various occupations & college curricula & apprenticeships & professional degree fields, 6803
work record & further education & psychiatric treatment, school phobic adolescents, posttreatment followup, 5539

Highway Safety
analysis of disruptive behaviors on school bus & intervention in form of rewards, reduction of disruptive behaviors, 6th–8th graders, 4052
compulsory safety belt wearing law, belt usage & causalty reductions, Israel, 4573
divided attention, RT index of traffic sign perception, college students, 4589
friction coefficient & driver behavior & studded vs unstudded tires, risk of skidding, drivers, 13786
improvements in motorcycle & motorcyclist day- & nighttime conspicuity, number of multivehicle motorcycle crashes, motorcyclists, 2276
recognition of & actual time spent reading road signs, 19 vs 25 vs 30 yr old males, 4578
unexpected light stimulus, vehicle steering response latency, drivers, 4588
vehicle size, estimate of approach velocity, male 22–48 yr old pedestrians, implications for road safety, 13694

Hinduism
behavior therapy within Karma Yoga setting, 43 yr old Hindu female with obsessive fantasies, 6364
cultural differences, attitudes toward school, Hindu vs Muslim high school students, 8947
cultural & sex differences, moral judgment, Hindu vs Muslim 10 & 11 yr olds, India, 5585
history & psychodynamics of attraction, Hare Krishna movement, 15 yr old male, 1135
perception of dress, Hindu vs Muslim Ss, 7952
sex differences & cultural variations, perception of Mueller-Lyer illusion, Hindu vs Muslim 17–21 yr olds, Ind, 4902

Hippies [See Subculture (Anthropological)]

Hippocampus [See Also Amygdaloid Body]
acetylcholine hippocampal muscarinic receptors in kindling, male rats, 3104
adrenalectomy & sc corticosterone, diurnal pattern of activity & sleep, male rats, 5314
amygdalo-hippocampal vs selective hippocampal vs entorhinal resections, visual & tactual recognition & object discriminations, monkeys, 12336
anomalous sympathetic innervation of hippocampus, spontaneous alternation & spinal maze learning, male rats, 7565
bilateral hippocampus lesions, superstitious operant behavior, male rats, 838
brain stem input, local hippocampal CA1 circuit, rats, evidence for model of behavioral modulation of averaged evoked potentials, 12220

chronic ethanol consumption, neuronal loss in hippocampus, rats, implications for alcohol effects in humans, 939
cognitive maps & hippocampus, 2974
complexity of social & physical environments, hippocampus, 6–25 vs 25–55 day old rats, 9777
corticosterone vs dexamethasone, alternation & exploration, adrenalectomized rats, 803
daily potentiating hippocampal stimulation, acquisition of leverpressing for food vs stimulation, male rats, 818
dextroamphetamine & haloperidol, hippocampal EEG activity, male rabbits, 12349
disruption of hippocampal function, learning go/no-go discrimination, albino rats, 843
dorsal hippocampectomy vs partial neodecortication, differential conditioning of nictitating membrane response, rabbits, 9880
early malnutrition & electrical stimulation of fornix, hippocampal seizure threshold & potassium content, rats, 804
early vs late infant stimulation, adult schedule-induced polydipsia, rat pups & adults, 7396
ECS induced generalized seizures, hippocampal neuronal loss, female rats, 821
electrical hippocampal stimulation, latent inhibition in classical conditioning of nictitating membrane response, rabbits, 827
electrical stimulation & acetylcholine chloride & potassium chloride & penicillin in pulvinar-lateral posterior complex, turning behavior, cats, 12323
electrical stimulation of hippocampus, conditioning & latent inhibition, rabbits, 3092
electrical stimulation of hippocampus before vs after training, avoidance learning & hippocampal EEG & acetylcholinesterase activity & somatic & vegetative symptoms, cats, 825
electrolytic vs kainic acid hypothalamus lesions, behavior & neocortical & hippocampal EEG activity, male rats, 9893
electrophysiological patterns in forebrain & hippocampus during sleep, male rats, 5210
eserine & atropine & ether & pentobarbital, hippocampal EEG & evoked potentials & behavior, male rats, 5388
ethanol, firing rates of single neurons in dorsal hippocampus & cortical EEG activity, male rats, 7650
exposure to escapable shock with subsequent inescapable shock, escape behavior & norepinephrine depletion in hypothalamus & hippocampus & cortex, male mice, 737
exposure to prenatal ethanol, organization of infrapyramidal mossy fibers in hippocampus, rat pups, implications for mental retardation in fetal alcohol syndrome, 12411
feedback between cerebellum & septal region & hippocampus, emotions & epilepsy, animals, 5325
fimbria-fornix lesions, cue learning in response-dependent paradigm & importance of cue location, male rats, 833
fornix & entorhinal cortex lesions, hippocampal unit activity & spatial orientation, male rats, 3121
hippocampal brain damage vs delta-9-tetrahydrocannabinol intoxication, auditory & visual recent memory dysfunction, medical patients, 9926
hippocampal electrical stimulation, evoked potentials in hippocampal CA1 region & behavior & EEG, male rats, 5326
hippocampal lesions, conditioned taste aversion & pituitary-adrenal activity, male rats, 9901
hippocampal lesions, long- & short-term memory, rats, verification of cognitive map vs working memory theory of hippocampal function, 3123
hippocampal neuron activity in classical conditioning, literature review, 3009
hippocampal rhythmic slow activity & possible species differences, literature review, 5233
hippocampal vs cortical lesions, Pavlovian eyeblink & heart rate & EMG conditioning & free-field activity, rabbits, 9900
hippocampectomy, Pavlovian conditioned heart rate & eyeblink responses, rabbits, 7595
hippocampectomy vs cortical ablation, acquisition of successive DRL schedules, male rats, 3101
hippocampus, cognitive mapping & working memory, rats, 3125
hippocampus, conditioned operations & cognition, 2980
hippocampus, cue utilization, literature review, 3133
hippocampus, formation of attentional-associative networks, extension of N. J. Mackintosh attention theory, 2997
hippocampus, memory, rats, 3124
hippocampus, temporal processing of stimuli in conditioning, rabbits, literature review, 3006
hippocampus & memory, 2986
hippocampus & neuroendocrine system, 3071
hippocampus vs amygdala vs caudate nucleus vs frontal cortex lesions, spatial memory, male rats, 5331
hyperstriatal/hippocampal brain damage, discriminatory approach to auditory stimulation, guinea fowl, 5344
infrequent visual vs auditory stimulation, endogenous potentials in hippocampal formation & amygdala, adults, 7455
intrahippocampal anisomycin, retention of brightness discrimination task, rats, 3174
kainic acid injection into dorsal hippocampus, neuronal depletion & acquisition & reversal of brightness discrimination & spontaneous alternation & locomotor activity & food & water intake & taste preferences, female rats, 7676
lesions of subcallosal fornix or medial half of fimbria, Y-maze learning & cue guided spatial reversal task & passive avoidance & open field testing, male rats, 832
lost nerve cell components in temporal lobe, aged patients with Alzheimers disease, 1560
morphine, CA1 field potentials in hippocampal slices, male rats, 870
morphine & naloxone, EEG of medial thalamus & hippocampus & frontal cortex, drug naive & morphine dependent paralyzed male rats, 9947
phencyclidine, hippocampal modulation of amphetamine-induced rotation, female rats, 3172
posttraining ECS vs hippocampal stimulation in familiar vs unfamiliar setting, conditioned suppression, male rats, 7587
promethazine, blockade of histamine- & impromidine-induced cyclic adenosine monophosphate activity in H sub 2-receptors in intact guinea pig hippocampal cells vs cell-free preparations, 7628
selective hippocampal lesions, behavior, rats, 3112
septal forebrain lesions, REM sleep under noisy vs quiet conditions, rats, 7603
septal lesions of hippocampal membrane, binding of tritiated methyldioxolane & flunitrazepam, male Sprague-Dawley rats, 848
sex differences, growth of sympathetic axons into denervated hippocampal regions following medial septal nucleus lesions, rats, 844
sex differences & estrus & endogenous gonadal steroids, pyramidal cell excitability in hippocampal brain slices, rats, 3217
sleep vs wakefulness, role of paucisynaptic connections in theta wave origins in nucleus lateralis posterior & neocortex & hippocampus & pulvinar & thalamus, free-moving cats, 2972
stimulation of amygdala & pyriform cortex & parahippocampal gyrus, quiet biting attack response & trigeminal sensory fields of lip due to hypothalamic stimulation, cats, 3085
summary & commentaries on "The Hippocampus as a Cognitive Map" by J. O'Keefe & L. Nadel, 716
temporal distribution of increased unit activity in hippocampus, amplitude-time distribution of nictitating membrane response during classical conditioning, male rabbits, 697
tetrahydrocannabinol & its derivatives, acetylcholine turnover in hippocampus, male rats, 3204
training to test interval & timing of pretest hippocampal electrical stimulation, retention of appetitive operant conditioning, male mice, 12040
5,7-dihydroxytryptamine injections into fornix-fimbria, locomotor activity & 5-hydroxytryptamine hippocampal re-uptake, rats pretreated with desipramine, 12414
Hiring [See Personnel Selection]
Histamine
ethanol, behavior change vs body temperature vs brain histamine, male mice, 12392
MAO B inhibitor levodeprenyl, methylhistamine metabolism, implications for treatment of Parkinson's disease, 5363
promethazine, blockade of histamine- & impromidine-induced cyclic adenosine monophosphate activity in H sub 2-receptors in intact guinea pig hippocampal cells vs cell-free preparations, 7628
Histology
anatomical connections between anterior thalamus & cingulate-retrosplenial cortex, rabbits, correlation with neural activity during behavioral learning, 7435
History
birth control vs health factors, fertility rate, Blacks, US, 1880–1980, 5693
characterizations of Black males in play objects, 3510
development of psychiatry & need for psychiatric services, Kenya, 8647
group & individual ego pathologies, guilt & depression & witchcraft self accusations, preliterate societies, 1465
historical development, parapsychology, 4624

historical development & status of special education, behavior disordered children, Australia, 2158
historical evolution of popular attitudes toward suicide as portrayed in opera, 9992
historical precedents & B. F. Skinner's proposal, behavior modification at societal level, 7924
historical roots of concept of childhood, explication of theory of P. Aries, 9247
historical & theoretical basis for hostility to parapsychology, 4625
history, Canadian Psychiatry Association, 1951–58, 4220
history & critical survey of work on ANOVA, analysis of repeated measure designs, 1940–50, 2587
history & current developments in biological sciences, 2
history & empirical research, mental retardation, West Germany, literature review, 8244
history & legislation & political & social contexts & professional associations, school psychology, 13516
history of deinstitutionalization movement & development of special foster care for family oriented treatment needs of exceptional children, 1912
history of psychology, Australia, 11556
history of role of unconscious mind, Western society vs USSR, literature review, 1
history of use & neurochemical action, hallucinogenic mushrooms, implications for search for endogenous hallucinogens in psychoses, literature review, 906
history & psychodynamics of attraction, Hare Krishna movement, 15 yr old male, 1135
history & recent developments & professional issues, school psychology, literature review, 13539
history & research & clinical applications, biofeedback therapy & relaxation techniques, 4063
history & side effects & effectiveness of ECT, position of Canadian Psychiatric Association, 1661
history & sociological & psychological factors, child abandonment, 8192
holistic-medical framework of American psychiatry, 6953
Holocaust as public policy in 3rd Reich, historical background, 9238
personality structure & dynamics, personal tempo, historical review of research, 3712
review of history & use of psychological tests & human rights, 138
sexuality in Judaism, criticism on lack of sociological & historical perspectives in paper by E. Rosenheim, 3469
survey of history of psychiatry, Nigeria, 10770
therapeutic value of oral history techniques, aged, 12448
type & frequency of sexual behavior, males from 5 generations, 5689
use of sociometry in business & industry & management, history & review of early studies, 4789
History of Psychology [See Also Associationism, Behaviorism, Freudian Psychoanalytic School, Functionalism, Gestalt Psychology, Individual Psychology, Jungian Psychology, Neopsychoanalytic School, Structuralism]
analysis of L. S. Vygotskii's theory & activity principle in psychology, 9237
assumptions made & stereotypes held about women involved in psychology, 11073
attitudes toward mental illness & future of psychiatry, society & psychiatrists, 11067
career patterns & role in history of psychology, women psychologists, 6595

computer generated graphics display of Mueller-Lyer illusion, history of interpretation of illusion & psychometrics, 360
conceptual basis of W. Wundt's psychological system, 6957
contemporary sexual mores & psychoanalytic psychotherapy, 13224
contribution of W. Wundt to conventional psychology vs psychology as natural science, 4641
developmental psychology of H. Wallon, 9252
development & further role of social psychology, USSR, 5723
development & history of psychoanalytic pedagogy within concept of dynamic psychiatry, 6220
edited translation & criticism of methodology & results, 1st experimental psychology doctoral thesis awarded to M. Friedrich in 1880, 6917
emergence of psychoanalysis as study of limits of human reality, 2327
establishment by E. A. Pace of department of psychology & psychological laboratory at Catholic University, 1891, 6959
establishment of experimental psychology & laboratory by D. J. Mercier at University of Louvain, Belgium, 1891, 6956
events leading to establishment of 1st experimental psychology laboratory, Chile, 11540
framework of psychoanalysis & development of psychotherapy, 1741
German university system & establishment of experimental psychology before 1944, 6916
hierarchical model, description of 19th century psychological-psychiatric theory development, 9251
historical foundations up to Hussite movement, psychological thought, Czechoslovakia, 6944
historical overview of psychoanalysis in Norway, 4629
historical perspective, psychology of religion, symposium, 4651
historical review of definitions & studies & etiological theories of dyslexia, 1896 to present, 10588
history, occupational psychology, Finland, 9148
history & current status & future trends of ergonomics, Hungary, 4584
history & development, professional psychology, Finland, 8787
history & development of educational technology, 11138
history & objectives & editorial practices, scholarly journal significant in establishment of educational psychology in Germany, letters of W. Wundt to E. Meumann, 6936
history of applied psychology in Barcelona, 1916–36, 4642
history of Czech & Slovak psychological thought from 15th–18th century, 11545
history of Hispanic psychology, Spain & Latin America & United States, 16th–20th century, 2334
history of multiple personality & early examples from B. Rush, 3772
indigenous psychology in Third World countries vs history of Western psychology, 6922
Interamerican Society of Psychology & development of psychology, Latin America, 13461
issues & developments in psychotherapy over past 40 yrs, literature review, 13210
job task differences, moderation of aptitude test validity, clerical personnel, 2525
laboratory method of research instruction & W. Wundt's Leipzig University laboratory, 19th century, Germany, 6919
methodology & advancement of knowledge in psychology in past century, 11531
nature of W. Wundt's achievements in establishment of experimental psychology, 6938
original drive theory of motivation by J. B. Watson & J. J. B. Morgan in 1917, 9610
overview of J. C. Bucknill's contributions to psychology, 2330
Piaget's genetic epistemology vs biographical accounts of J.-P. Sartre, theories of human growth & cognitive development, 32
political factors in explanations of insanity, 17th & 18th century, England, 10497
prominence & popularity in US & contributions to experimental psychology of W. Wundt, 6934
scholars & cultural influences, psychological research at university at Turku, Finland, 6927
significant events & influences in post-World War II American psychology, 4634
survey of people most important to post-World War II American psychology in terms of scientific & professional accomplishments, 6945
themes & common orientations, experimental papers from 1979 American Psychological Association meeting, 6951
theories of W. Wundt, psychology of memory, 6958
5 periods of the development of psychology in People's Republic of China, 9236
Hoarding Behavior (Animal) [See Animal Hoarding Behavior]
Hobbies [See Recreation]
Holtzman Inkblot Technique
age, response length & scores on Holtzman Inkblot Technique, 59–94 yr olds, 9349
analysis of movement response on Holtzman Inkblot Technique, 5–6 yr olds, 7074
rostral cingulotomy & anterior capsulotomy & lesions to corpus callosum, perceptions & memory of inkblot patterns, mentally ill 18–68 & 17–68 & 24–64 yr olds, 13198
Home Accidents
classroom training with vs without role playing, home accident prevention, 27–37 yr old mentally retarded, 4168

Home Environment
age & intellectual experiences at home & in day care provided by caregivers vs child with emphasis on language mastery, performance on intelligence tests at age 3, 1–3 yr olds, 989
behavioral weight management techniques, weight loss & changes in eating behavior & home environment, obese 16 yr old females, 6322
brief behavioral intervention therapy in home, concentration & cooperation & sleep, behaviorally disturbed 14–36 mo olds, 1768
characterization of home environments & family lifestyles in California, 10269
child custody, parents' rights & trends in treatment & legal decisions, abused & neglected children, 13024
cultural deprivation, language acquisition & development & utilization, children, 10089
demographic characteristics & domiciliary vs outpatient treatment & medical vs nonmedical therapists, treatment session attendance & outcome, self poisoning patients, 10974
enrollment in nursery school vs home care, peer vs parent-child interaction, 3 yr olds, 3451
factor analysis, dimensions of perception of physical characteristics of homes & neighborhoods & high schools & university residence rooms, 9th & 10th graders & college students, 7016
family & social characteristics of home, behavior problems, preschool age children & their British vs West Indian parents, England, 1-yr followup, 1512
genetic vs environmental factors & characteristics of biological vs adoptive parents, inheritance of alcoholism, 23–43 yr old adopted males reared by nonrelatives, 10548
goal setting behavior & level of aspiration, children from family environment vs children's home, 1054
history of deinstitutionalization movement & development of special foster care for family oriented treatment needs of exceptional children, 1912
home based reinforcement for early classroom intervention, academic performance, underachieving 2nd–5th graders, 6747
home environment & family adjustment, personal & social & cognitive development, trainable & educable mentally retarded children, 8257
home environment & school adjustment, trainable mentally retarded 9–16 yr olds, 8944
home & family influences, development of literacy, children, literature review, 7958
home intellectual environment & maternal IQ, child IQ, children of mean age 12 yrs, 12515
home vs school context variables, friendship expectation development, 13–16 yr olds, India, 5583
infant tests & home stimulation score, prediction of language & cognitive development, 4 mo to 2 yr olds, longitudinal study, 9413
instruction of parents & methods, home based reinforcement of school behavior, literature review, 9067
intelligence, advantaged vs disadvantaged 5–9 yr olds, 12509
interdisciplinary treatment approach & family therapeutic goals, children institutionalized due to intolerable home situations, 1956
laboratory & home relaxation training, laboratory & home blood pressures, 28 yr old Black female & 24 yr old White female with essential hypertension, 13296
length of residence, life experiences & minor psychiatric morbidity, urban population, Australia, 10464
molar labeling interaction, 11 yr old emotionally disturbed males in residential treatment center & at home, 13279
multiple indicators of success of Parent Education Follow Through Program, interaction of family & other environmental systems, 13558
need for least restrictive setting & role of family, nondangerous mentally ill patients, 1633
occupation & socioeconomic status & personality attributes, evaluation of residential stressors, residents of family housing projects vs private moderate vs high income apartments, 2296
parental absence & child institutionalization & home quality, development of schizophrenia, male 9–20 yr old offspring of schizophrenic mothers with childhood patterns of electrodermal lability, 8180
parent education, management of child's behavior & learning, parents of educable mentally retarded children over age 6, 8410
placement in natural vs adoptive parent home vs foster vs group home, placement stability, behavior problem educable mentally retarded 5–23 yr olds, 6 & 12 & 18 mo followups, 8650
predictive validity of Home Observation for Measurement of Environment, prediction of academic achievement, Black 3–5 yr olds, 9324
psychotherapy, coping with chaotic environment, 4 yr old female, 6234
reciprocity of & agreement about needs & family disagreement & clarity of rules & rigidity of family expectations & anxiety & satisfaction, families with disturbed vs nondisturbed adolescents, 10237
religion & educational & economic & residency factors, daydreaming & attentional processes & curiosity, White 17–92 yr olds, 1317
residence with family vs independently vs in sheltered care home, work performance & social behavior in sheltered workshops, mildly mentally retarded adults, 8675
resolution of collective choice dilemmas, townhouse apartment cooperative members, 1239
school background & scholastic achievement, attitude toward school & involvement in life & home background, high school students, 8945
sex differences, intellectual development, 10–13 yr olds who had vs had not experienced change in home vs school situation, 7774
socioeconomic & ethnic differences, sibling variables & family learning environments, Anglo-Australian vs Greek vs Southern Italian families, Australia, 12638
suggestions for parents for home conditions, promotion of successful task completion, learning disabled children, 3866
therapeutic homes as alternative to traditional foster care without legal separation of parents & their emotionally disturbed children, 1920
training parents & students in verbal self regulation procedures, academic achievement & classroom & home behavior & cognitive ability, impulsive 5th & 6th graders, 9088
Home Reared Mentally Retarded
early & continuous parental counseling & preschool stimulation, psychosocial & mental development, home reared vs institutionalized Down's syndrome 10–19 yr olds, 6468
institutional vs home rearing environment & sex differences, level of syntactic usage, Down's syndrome 6–12.7 yr olds, 8284
residence with family vs independently vs in sheltered care home, work performance & social behavior in sheltered workshops, mildly mentally retarded adults, 8675
Homeostasis
commentary on F. M. Toates's concept of homeostasis & drinking, 6935
Homicide [See Also Infanticide]
admission to community mental health center vs state hospital, length of stay & recidivism, difficult psychiatric patients, 4129
age & sex & racial differences & marital status & strife & familial/familiar ties, offender-victim relationship in homicide-suicide cases, 1972–77, 1529
alcohol consumption, violent & aggressive behavior, human & animal Ss, literature review, 10416
chronic homicidal & suicidal vs assaultive tendencies, violent psychiatric patients, 5972
extreme personality change following accidents, monozygotic male twin who murdered his wife & daughter, 8211
family structure & suicide & criminality & murder rates & economy, 1950–70, European countries, 12631
G. Gilmore's execution, number of homicides, US, 13034
hypothyroid psychosis, insanity defense in homicide, 31 yr old male, 5904
incidence of riots & armed internal conflicts & homicide & suicide rates, cross-national study, 8205
methylphenidate, behavior, homicidal & hypoglycemic prisoners, 6374
murder of Bobby Franks by 2 highly gifted adolescent males, 1505
overcontrolled hostility, murder of wife, hospitalized adult male, 1359
political control techniques by paranoid leader J. Jones, mass murder & suicide in Jonestown, Guyana, 12695
psychiatric & social factors, child homicide & subsequent fate of surviving siblings, 6037
psychodynamics of battered wife driven to murder, 30 yr old female, 13019
psychodynamics of spouse killing, 21–62 yr old spouse killers, 13016
roles & unreciprocity, homicide, male vs female homicide offenders vs murderers vs nonaggressive property offenders, 6038
sex, criminal homicide & suicide, England vs Wales vs US, 10572
shift in age distribution of suicide & homicide & violent death rates, 1966–75, US, 13048

Homographs
meaning dominance & semantic context, processing of ambiguous homographs, college students, 9982
part of speech & phonological form, written word comprehension, aphasic vs normal 18–75 yr olds, 8317
Homonyms
appropriateness of connotation with meaning of homophone, facilitation vs inhibition in identifying target word, college students, 4990
intralist word similarity & semantic encoding, reduction of learning interference, college students, 2804
part of speech & phonological form, written word comprehension, aphasic vs normal 18–75 yr olds, 8317
selection of homonyms from pictures, 3.3–6.3 yr olds, 1032
Homosexuality [See Also Bisexuality, Lesbianism, Male Homosexuality]
adrenogenital syndrome, childrearing & gender identity & sexual behavior, chromosomal & gonadal females, implications for homosexuality, 6152
childhood sexual identity vs religiosity vs homophobia, development of transsexualism vs homosexuality vs heterosexuality, transsexual vs homosexual vs heterosexual males, 10290
fantasy theme analysis, homosexuality in social science research, 5687
mental disorders & attempted suicide & homosexual experiences & various problems, 6–16 yr olds with primary peptic ulcers, 1364
nontraditional family forms, literature review, 1970's, 10245
personality dynamics & active vs passive homosexuality, 19–45 yr olds, 5697
psychology & Catholicism, views on homosexuality, Netherlands, literature review, 3465
sexual problems & effects of attitudinal prejudice, disabled homosexuals, 3936
S & target sex & immediate vs delayed disclosure of stimulus person's homosexuality, stereotypical & sociometric ratings, college students, 1267
theological rationale & Christian counseling, change from homosexual to heterosexual behavior, homosexuals, 13404
Homovanillic Acid
cerebrospinal fluid GABA & homovanillic acid levels, psychotic drug-free vs haloperidol-treated patients, 10459
cerebrospinal fluid noradrenaline & homovanillic acid & 5-hydroxyindole acetic acid & cyclic nucleotides, 22–45 yr old acute vs chronic schizophrenics, 8150
homovanillic acid & MAO activity in cerebral cortex & basal ganglia, Huntington's disease patients, implications for primary aminergic lesion, 10703
neurophysiology & biochemistry, augmenting-reducing response in visual evoked potentials, 22–70 yr old psychiatric patients, 13012
sodium valproate, symptoms & homovanillic acid & methoxyhydroxyphenyl glycol & GABA in cerebrospinal fluid, schizophrenics, 6395
tiapride, homovanillic acid levels in human cerebrospinal fluid drawn at pneumoencephalography, male 27–61 yr olds, 9964
Honesty
religious & moral values & setting with constraints vs no constraints on return of money, individual differences in money returning, college students, 1216
self report on honesty, response bias & self esteem measurement, nursing students, 13495
Hong Kong
application of personal construct theory & repertory grid technique, analysis of culture shock in exceptional interracial marriages, Hong Kong, 12674
cross cultural differences, early childhood development & childrearing practices, European-American vs Chinese children from birth to 3 yrs old, US vs Hong Kong, comparison of longitudinal studies, 12565
cross cultural differences, Visual Aesthetic Sensitivity Test scores, children & adults, Hong Kong vs England vs Japan, 3272
etiology & sex therapy, 22–48 yr old married men with ejaculatory incompetence, Hong Kong, 3842
model of experiences of & adjustment to interracial marriage, Chinese husbands of Western wives, Hong Kong, 12673
play behavior, childhood development, preschool age children, Hong Kong, 12572
socialization in village culture, children, Hong Kong, 12619
Hopi Indians [See American Indians]
Hormones [See Also Adrenal Cortex Hormones, Adrenal Medulla Hormones, Androgens, Corticosterone, Corticotropin, Deoxycorticosterone, Epinephrine, Estradiol, Estrogens, Gonadotropic Hormones, Hydrocortisone, Insulin, Luteinizing Hormone, Melatonin, Norepinephrine, Pituitary Hormones, Progesterone, Prolactin, Sex Hormones, Testosterone, Thyroid Hormones, Thyrotropin, Thyroxine, Vasopressin]
acquisition & extinction of conditioned avoidance & maze learning employing fear vs reward motivation, plasma alpha-melanotropin levels, male rats, 755
administration of long-acting gonadotropin releasing hormone, hormonal & behavioral response, male chimpanzees, 7633
cholecystokinin, food intake & taste, female rats, 3224
ECT, hormone responses to clonidine & methylamphetamine, depressed patients, 6212
estradiol vs dihydrotestosterone, absolute refractory period of testosterone-sensitive neurons of stria terminalis, castrated male rats, 796
fasting, cholecystokinin binding to receptors in hypothalamus & olfactory bulb & insulin binding, male mice, 12306
growth hormone administration, plasma concentrations & sleep, 18–25 yr olds, implications for sleep stage regulation by hormones, 5393
hormonally-controlled sexually dimorphic behavior patterns, rats & guinea pigs, 12255
hypothalamic estradiol benzoate implants, food intake & vaginal epithelium & adipose tissue lipoprotein lipase & cytoplasmic progestin receptors, female ovariectomized rats, 7573
imipramine vs thyrotropin releasing hormone, metabolism vs uptake of brain catecholamines, male rats, 12395
lymphocyte MAO activity & plasma prolactin & growth hormone, female chronic schizophrenics with vs without tardive dyskinesia, 13112
neuronal peptide concentration, circadian variations in substance P & luliberin & thyroliberin in hypothalamic & extrahypothalamic nuclei, male rats, 12216
nutrition, EEG & hormones during sleep, normal Ss, literature review, 677
octapeptide of cholecystokinin, feeding behavior, obese vs lean rats, 7673
octapeptide vs impure cholecystokinin, feeding & drinking behavior, obese vs lean female rats, 7672
oral & ip thyrotropin releasing hormone & MK-771 & reserpine & alpha-methylparatyrosine & phenoxybenzamine & methazolamide & picolinic acid, flexor activity, female rats with spinal transections, 7569
surgical removal of corpora allata, role of juvenile hormone vs ovarian nervous or hormonal involvement in initiation of biting behavior, female mosquitoes, 5313
syndrome of inappropriate secretion of antidiuretic hormone, 25–63 yr old psychiatric patients with water intoxication, 1374
thyrotropin releasing hormone, plasma growth hormone release, 20–60 yr old unipolar & bipolar depressive females, 6396
thyrotropin-releasing hormone immunoreactivity in brain & spinal cord & pancreas & neurotransmitter function, rats, 7494
total sleep deprivation & thyrotropin releasing hormone stimulation, endogenous depression & serum thyrotropin response, 27–89 yr old patients, 13186
unsuccessful inner adaptation of nervous system & hormone production & role of ego, predisposition to psychosomatic illness, 1612
ventral noradrenergic bundle lesions, food intake & body weight & running activity & body composition & insulin & growth hormones & hypothalamic norepinephrine concentrations & body length, male rats, 7592
Horses
dexamethasone, sexual behavior, ovariectomized mares, 3097
ovariectomy & seasonal anovulation, sexual behavior, pony mares, 3096
Hospital Accreditation
balanced service system, Joint Commission on Accreditation of Hospitals, 4125
Hospital Administration
frequency & location & nature of conflict in hospital purchasing, hospital administrators & purchasing managers, 4539
hospital admittance regulations, treatment & length of stay, elderly psychiatric patients, followup study, 1961
role in organization, predictability of job satisfaction, hospital administrators vs health care professionals, 11490

Hospital Admission [See Also Psychiatric Hospital Admission, Psychiatric Hospital Readmission]
barometric pressure & relative humidity, depressive & manic admissions, England, 13420
Hospital Attendants [See Attendants (Institutions)]
Hospital Discharge [See Also Psychiatric Hospital Discharge]
preoperative psychological intervention techniques, tolerance of pain & attitude & reliance on analgesics & early ambulation & hospital discharge, surgical patients, 4127
treatment participation by liaison psychiatrist, clinical outcomes, elderly surgical patients, 13417
Hospital Programs [See Also Psychiatric Hospital Programs, Therapeutic Community]
age at treatment inception & nutritional enrichment & sensorimotor & cognitive stimulation, psychomotor development, severely malnourished 3.3–13.3 mo olds, 6493
applications of behavioral medicine in general hospital setting, 8549
changes in duty assignments & supervision, personal comfort & number of admissions made & diagnostic discrepancies, psychiatric residents on call in hospital emergency psychiatric service, 2006
comprehensive therapy, chronic intractable asthmatic 6–16 yr olds in psychosomatic unit, 6 mo to 2 yr followups, 4173
consultation-liaison psychiatry, renal transplant hospital unit, 1948
diagnostic & therapeutic & research functions, hospital art therapy program, mentally handicapped, 8702
emergency psychiatric care, municipal hospitals, 6499
General Health Questionnaire as screening test, patients in hospital rheumatology clinic, implications for integrated & psychophysical approach, 2468
group program, emotional support, hospitalized medical patients, 1954
hospital intervention program, prevention of behavioral disorders, 3–4 yr old inpatients, 11023
hospital self help programs, control of chronic benign pain, veterans, 8672
interdisciplinary approach in Canadian Back Education Unit, self rated improvement & evaluation of course, outpatients with low back pain, 1960
operation of biofeedback laboratory at general medical & surgical hospital, 8696
peer-regulated hospital program, rehabilitation, drug addicts, 6523
possible applications for biofeedback training in VA hospital system, 8711
role of & need for liaison psychiatry, intensive & coronary care & renal dialysis hospital units, 1951
social influences in infection surveillance & control programs, prevention & control of infectious disease during hospitalization, 4174
social-recreational programs for nursing home care, psychogeriatric patients, 4163
specialized social-recreation-fitness treatment program, transfer from hospital-based program to community self maintenance, chronic patients, 4181
treatment participation by liaison psychiatrist, clinical outcomes, elderly surgical patients, 13417
value of biofeedback training for organic & psychological disorders in VA hospital, 8560
Hospital Staff [See Medical Personnel]
Hospitalization [See Also Commitment (Psychiatric), Hospital Admission, Hospital Discharge, Psychiatric Hospital Admission, Psychiatric Hospital Readmission, Psychiatric Hospitalization]
developmental & diagnostic & delivery of service aspects of hospital care, adolescents, 6497
development of anorexia nervosa & patient-therapist relations in inpatient treatment, 10781
evaluation of hospitalization, secondary school age inpatients, 11029
frequency of depression, 7–12 yr olds with musculoskeletal disorders hospitalized for orthopedic procedures, 12917
group program, emotional support, hospitalized medical patients, 1954
hospital intervention program, prevention of behavioral disorders, 3–4 yr old inpatients, 11023
hospital visits with mother following childbirth, behavior after mother's return home, 1–3.5 yr old firstborn siblings of newborns, 10198
inpatient treatment, self respect & respectability, alcoholics with mean age of 40.6 yrs, 11021
MMPI alexithymia & panic-fear personality scores, days of rehospitalization & severity of illness, adult asthmatics, 13116
nonprofit organization of parents & health care personnel for needs of hospitalized children & parents, 11009
patient-hospital interactions, Munchausen syndrome, 26 yr old female with obstetrical complaints, 10518
patient personality style, hospitalization rates, 14–71 yr old asthmatics, 6496
patient personality types, implications for facilitating hospital care, 6490
physical illness & hospitalization, psychological reactions, adolescents, 13424
psychodynamics of Munchausen's syndrome, 2 case reports, literature review, 3807
rehabilitative stimulation treatment approach, hospitalized comatose 7 yr old brain injured male, 1943
residential treatment, 6–12 yr olds, followup study, 6503
retrospective chart review of psychosocial assessment & care, infants hospitalized for nonorganic failure to thrive, 1945
treatment approaches, hospitalized psychosomatic patients, physicians, 6489
Hospitalized Patients
ability & personality measures, discrimination of brain-damaged vs schizophrenic vs neurotic/personality disordered vs alcoholic male inpatients, 1684
alcohol consumption & abuse, non-substance abuse hospitalized psychiatric patients, 10539
assaultive behavior, male vs female suicidal hospitalized patients, 5928
attitudes toward hospital staff, psychiatric patients, literature review, 1967
change in attitudes toward smoking over 4-yr period, smoking vs nonsmoking patients in VA hospital, 7998
compliance behavior to no-smoking signs, hospital patients vs employees, 13412
depot fluphenazine decanoate, therapeutic & side effects, hospitalized mentally handicapped patients with behavior disorders, 6379
evaluation of morbidity vs mortality rate, committed psychiatric patients, 11024
extent & effects of alcohol abuse, hospitalized schizophrenics, 8091
future outlook vs mental health attitudes vs patient attitudes vs patient characteristics vs program completion, satisfaction, hospitalized psychiatric patients, 11005
insight & psychological distress & hospital adjustment, male schizophrenics, 1959
intensive chemotherapy & prolonged hospitalization, social behavior, 18 mo through 21 yr old cancer patients, 10788
locus of control & anger expression under stressful conditions, female hospitalized depressives & patients with seriously ill children & college students & acutely & chronically ill adults, 10445
medical histories & characteristics, 18–56 yr old hospitalized patients with artifactual illness, 10653
MMPI scores, predictors of outcome of short vs long term hospitalization, schizophrenics vs nonschizophrenics, 2428
mortality rate prior to vs post psychotropic drug use, psychiatric inpatients, 11003
normative data for Symbol-Digit Substitution test, measurement of visual information processing ability, schizophrenics & other hospitalized groups aged 16 & over, 9407
past suicide attempts, suicide attitudes & perceived suicide risk, hospitalized male alcoholics, 13018
patient personality types, implications for facilitating hospital care, 6490
popularity with peers & social interaction revealed in "present" game, 4–9 yr olds in physically handicapped ward, 11015
psychiatric referral patterns, patients in general hospital inpatient wards, Canada, 5-yr longitudinal study, 1965
psychobiological research, treatment outcomes, hospitalized depressed patients, 4167
psychosomatic approach, hospitalized patients with history of several operations, 13125
Quick Test IQs, newly admitted vs regular male maximum security hospitalized psychiatric patients, 2514
rehabilitative stimulation treatment approach, hospitalized comatose 7 yr old brain injured male, 1943
relationship to childhood anxiety, anxiety experienced by hospitalized adults, 8677
single large daily dose of maprotiline, tranquilizing & soporific effects, depressed hospitalized patients, 1855
socioeconomic factors, long term hospitalized psychiatric patients, Sri Lanka, 11017

thermal biofeedback & relaxation training, anxiety reduction, hospitalized schizophrenics, 13282
use of synthesized vs rhythmic sound vs nonsense syllables, paired associate learning, institutionalized patients, 8713
use of test battery to predict suicide potential, hospitalized psychiatric patients, 9417
user generated modifications of hospital ward design, mood & morale & perceived quality of health care, patients & staff & visitors, 1942
ward rating scale, long stay psychiatric patients, literature review, 177
Hospitals [See Also Psychiatric Hospitals]
analysis of multivariate structure of design evaluation, conceptualizations of hospital wards, nurses, 246
hospital privileges & staff membership, psychologists, 4214
model for hospital ward design evaluation, working environment satisfaction, nurses, 6573
problems with special hospitals for dying & incurably ill people, 8689
psychiatric referral patterns, patients in general hospital inpatient wards, Canada, 5-yr longitudinal study, 1965
psychoesthetic environmental design, pediatric hospital settings, 1958
role & functions of psychologist acting as independent mental health consultant in general hospital, 6498
social insight & manipulative tendencies, hospital managers vs workers, 13498
therapeutic milieu in acute care general hospital setting, 1962
treatment in general teaching hospital vs mental hospital, clinical outcomes & costs, schizophrenics, 6502
user generated modifications of hospital ward design, mood & morale & perceived quality of health care, patients & staff & visitors, 1942
Hostility
age & social class, hostility & guilt, separated vs battered wives, Australia, 5651
anxiety & depression & hostility, 7th vs 8th graders in vocational vs regular education programs, 11239
anxiety & hostility & locus of control in 36th wk of pregnancy, prediction of postpartum depression, females 6 wks postpartum, 5960
approval motive & hostility, 17–23 yr old college students, 12892
authoritarianism & hostility, confirmation of findings by T. W. Adorno et al, 5882
childrearing practices & incidence of hostility without violence, Zapotec Indians, Mexico, 3505
complaints of drug side effects, amount of indirect vs verbal hostility vs irritability vs resentment, nonpsychotic drug therapy psychiatric outpatients, 10917
development & validity of astrological hostility scale, assessment of effects of Mars & Pluto, 2542
exposure to internal vs external emotion-attribution moral theories, cheating behavior, college students, 9601
harassment & competition, cardiovascular & plasma catecholamine responses, Type A vs Type B males, 5276
high vs low status, response to merger of groups, State Registered vs State Enrolled nurses, 6602
hostility & intensity of attack pattern, aggressive behavior, female college students, 12773
marital relationships, attitudes toward child-bearing & affective reactions, females who had borne a child, 5662
overcontrolled hostility, murder of wife, hospitalized adult male, 1359
psychosocial factors, development & treatment of hypertension, hypertensives, 1580
response speed & inattention to social cues, attribution of hostility to peers, aggressive vs nonaggressive male kindergartners through 5th graders, 7860
self mutilation & personality disorders, nonpsychotic self mutilating patients, 6049
therapeutic preschool, change in problem behaviors, anxious & hostile-aggressive 3–6 yr olds, 8954
trait-state anxiety, male Hindi college students with high vs low hostility, 12881
Type A behavior & hostility, coronary atherosclerosis patients, 10747
understanding & management of aggression & hostility, infants & preschool age children, 4354
Hot Line Services
California Psychological Inventory, selection, paraprofessional telephone counselors, 4238
content analysis of telephone calls to "Line of Hope" psychiatric crisis service, 5–15 yr olds, 1921
evaluation of telephone counseling service effectiveness, perception of problem areas & counselor's helpfulness & caller's strongest feelings, counselors vs callers, 8638
exposure to taped case histories & slides of child abuse, heart rate & finger pulse volume & GSR, male vs female & parent vs nonparent college students, implications for training program for child abuse hotline counselors, 10994
programmed learning vs microtraining, interview performance & empathy ratings, telephone hotline workers, 6606
telephone information line for preschool & nursery services, 10995
testing of model, telephone crisis intervention, 13383
values, volunteers for crisis center hotline service, 13391
Housewives
employment status & sex role attitudes, suburban mothers, 5604
personality traits in student vs homemaker roles, female 29–55 yr olds, 3570
questionnaire scale construction, measurement of subjective stress & dissatisfaction, housewives, 7062
sex differences, self esteem & performance expectancies, married couples, 3532
work experience vs no experience, locus of control, housewives over age 65, 3739
Housing
attitudes toward integration, residential racial segregation, Blacks vs Whites, 5612
neighborhood environment, psychological & social well being, aged planned housing tenants, 7877
occupation & socioeconomic status & personality attributes, evaluation of residential stressors, residents of family housing projects vs private moderate vs high income apartments, 2296
social area factors including neighborhood & housing racial character & tenant race, well being, aged tenants in federally assisted housing, 4595
social organization & maintenance of aggressive behavior, community housed male Siamese fighting fish, 627
therapeutic homes as alternative to traditional foster care without legal separation of parents & their emotionally disturbed children, 1920
willingness to accept mentally retarded tenants, landlords, 13064
Hue
color & brightness preferences in visual stimuli, male rhesus monkeys, 2898
monochromatic vs bichromatic wavelength combinations, dichoptic summation, color normal vs dichromatic Ss, 9514
perception of hue categories including blue & green & yellow & red, 4 mo olds, 5476
psychometric hue discrimination functions, pigeons, 2828
words vs outline drawings & symbolic distance of brightness & hue, RT & symbolic comparison of objects on color attributes, college students, 7182
Human Biological Rhythms
biorhythms & dates of psychiatric hospital admission or emergency room visit, psychiatric patients, 13428
birthdate biorhythms, landing & other performance, students & pilots, 3016
circadian phase of body temperature, sleep duration & organization, 21–53 yr old males, 9802
daylight savings time change, increase in motor traffic accidents, Great Britain, 11519
delay or advance of entraining time zone, circadian rhythms, humans, 9865
diurnal periodicity of auditory evoked potential recorded at vertex, normal hearing adults, 12195
light intensity, suppression of nocturnal secretions of melatonin, humans, 9805
night & shift work, proceedings of 5th International Symposium, 11498
pattern of human prolactin & growth hormone secretion & synchrony with sleep-waking cycle, healthy 62–78 yr olds, 747
performance near preferred Time for Peak Activation, word retention, chronohygiene-positive college students, implications for work scheduling, 756
periodicity & time of day, stereotyped behavior & psychological reactions, 5–10 yr old psychotics, 1476

problems in assessment & prediction of performance, individual differences in diurnal rhythm, 36
repeated sleep deprivation & drug therapy, treatment of mood cycles in manic-depressive psychosis, 53 yr old postmenopausal female, 10762
rhythms in human mental performance, review of literature from 1887–1951, 5285
solar light-dark cycles & circadian rhythms, pursuit tracking task, workers in high Arctic, 4593
structure of depression, general population, 5943
temporal patterns in smoking rate, mouth level nicotine exposure, 18–48 yr olds, 1207
time of day, immediate & delayed retention, male college students & female nurses, 459
time of day, retrieval from long term memory, adult females, 5037
ultradian rhythms of stereotyped motor movements including self injurious behavior, institutionalized profoundly mentally retarded Ss, 6078
24-hr pattern of serum thyrotropin stimulating hormone, endogenous depressed patients, 6019

Human Channel Capacity
age & number of items in array, same vs different RTs, 4–32 yr olds, implications for parallel & wholistic processing, 3309
dichotic & bisensory list presentation, channel alteration & physically & semantically based grouping effects in recall, college students, 298
distance & angle of direction change & visibility of starting point & concurrent counting, processing of location information during locomotion, high school students, 12482
elimination of information overload & job burnout, managers, 13760
evaluation of mental load on operator of man-machine system, 6885
event-related brain potential, index of task workload, males vs females, 683
interaction of task difficulty & emphasis, performance on 2 dimensional pursuit tracking task as test of central capacity, male students, 11891
modality specific information, auditory vs visual channel capacity & processing & retention, 17–25 yr olds, 305
optimization algorithm & estimator including RT & future discounting restraints, model of dynamic decision making & work load in multitask supervisory control, 121
same vs different stimulus pairing of dichotic digits & tones, performance & processing capacity & ear advantage, 16–60 yr old Ss, 408
sleep deprivation, attentional control & performance on dual auditory-verbal digit & serial response task, male 20–28 yr olds, 788
stretched speech, Token Test performance, aphasics vs right brain damaged, 13142
superficial & deep processing of information in film clip, recall of words on sound track indicating processing capacity, college students, 2736
training on verbal shadowing task, average auditory evoked response, 5079
working memory capacity, reading comprehension, college students, 2775

Human Courtship [See Also Social Dating]
conformity to mass standards, sexual selection, humans & animals, 2923
physical attractiveness, courtship progress, couples, 9-mo followup, 5779

Human Development [See Also Related Terms]
actual vs psychic reality in individual's life history, genetic vs developmental points of view in psychoanalysis, 1716
advantages of 6 research designs for study of developmental change in individuals & families, 4665
altruistic & egoistic & empathic structures in humans, evolutionary & psychological models including group & kin selection & reciprocal altruism & inclusive fitness, 12767
assumptions of C. Castaneda concerning reality & humanity & "personality theory", 9249
chlorpromazine & metabolites crossing placenta to act on fetus, cell proliferation in developing brain, rats, implications for humans, 7679
commentaries & author's reply, I. Eibl-Eibesfeldt's study on human ethology, 11529
developmental approach, psychiatry, 12908
development & change & growth, aged, literature review, 12465
development of hemisphere predominance, 2963
environmental analysis, human evolution & adaptation research, literature review, 2408
maturation, delinquency devolution, 10546
ontogenetic development of mental & interpersonal functioning & relationship with God & reality testing, 1131
person as hierarchically integrated open system, metatheory of human behavior & experience, 6948
Piaget's genetic epistemology vs biographical accounts of J.-P. Sartre, theories of human growth & cognitive development, 32
Pliocene Age vs modern biped footprints, 3014
psychoanalytic view, influence of work on human development, 4474
remedial vs human development models of intervention, clinical practice of sport psychology, 11072
research in human ethology, bibliography, 5449
sociobiological view of human behavior & conflict, implications for counselor role, 26
synesthesia as aesthetic quality for holistic perceptions, implications for creativity as process of human development, 3268
theories & models, human development, 7765

Human Factors Engineering
abstracts of Army Research Publications, 1974 & 75, 122
bandwidth & signal-to-noise ratio variations, remote identification of convoy vehicles using acoustic sensor, sensor operators, 11515
brake signal presentations using brake lamp system with vs without supplemental high mounted brake lamps, brake responses, unsuspecting drivers, 2280
cognitive psychology guidelines, construction of command language & logic to facilitate use, 13779
computer simulation subroutine, estimating effects of human factors on guard force performance during attack on nuclear facility, 2279
conceptual structures, analysis of operator behavioral data, 2271
contextual connotation & number of computer command terms, ease of learning & recall, experienced vs inexperienced computer users, 9211
description & critical analysis of human factors in computer systems operation & design, literature review, 2277
display joints & scene inserts, design of visual simulation systems, US Air Force pilots, 4575
duration of vibratory angular acceleration, detection thresholds for constant angular acceleration in darkness vs with visual reference, pilots & nonpilots, 4568
height & width/depth & shape of models of spaces, affective responses, implications for designing actual settings, 11828
history & current status & future trends of ergonomics, Hungary, 4584
human-computer interaction & applications, human factors engineering, 11614
human factors, design of interactive computerized record-keeping system, US Army personnel, 4571
human factors in mining, annotated bibliography of research from sources outside US, 1970–80, 13781
human factors in mining, annotated bibliography of research in US, 1970–80, 13782
human factors research in military organizations & systems, 9205
improvements in motorcycle & motorcyclist day- & nighttime conspicuity, number of multivehicle motorcycle crashes, motorcyclists, 2276
inclusion of cognitive psychology theory in human-computer interaction studies, 11509
man-machine model for industrial ergonomics, 4577
optimization of man-machine communication in remote control manipulation, 13780
perceptual complexity of visual format, speed & efficiency of fault detection, college students, 4567
perceptual-motor components, ergonomic studies, 4587
psychophysiological model for work systems based on industrial research, 9202
questionnaire construction, elicitation of predominant responses to potentially ambiguous display-control relations & labeling & word usage, male engineers vs women vs human factors specialists, 9212
scale presence & position & distances between control knob & display & pointer direction, stereotyped expectations for direction of movement for rotary controls, right handed Ss, replication of findings of J. Brebner & B. Sandow, 4582
social systems planning as primary issue in psychology of management research, 9186

speed of text presentation on visual display unit, computer assisted learning performance & retention & comprehension of text, 2269
training requirements & aircrew training device fidelity features, 13735
use of microcomputers, more realistic pictorial flight displays for monitoring & prediction during transition to manual control, aircraft pilots, 9210

Human Females

absence of father in childhood, adult self concept & interpersonal relations with men, female college students, 3565
age, self concept & self esteem, 18–22 vs 29–39 vs 40–55 vs 60–75 yr old females, 10149
age at menarche, females of Gujar caste in Punjab, India, 1122
age differences, acute psychiatric syndromes, females, 1398
alcoholism, female patients over 70 yrs of age, 8208
alcoholism & depression in women, family problems, husbands, West Germany, 3843
analysis of life course events, American- & foreign-born females, US, 1865–1915, 5547
analysis of operational definitions of contraceptive use, reported contraceptive use, 13–22 yr old single females, 10240
analytical psychotherapy, psychogenic urinary retention, 21 & 24 yr old females, 13205
anorexia nervosa in 1 vs both twins, female monozygotic twins, 1557
antisocial behavior & father absence, social egocentrism, 13–17 yr old Mexican American females, 12452
anxiety & personality traits & sex role attitudes, females with vs without premenstrual symptoms, 10746
assertive group therapy, 18 yr old battered female, 13299
assertiveness & locus of control, female nurses of mean age 37.6 yrs, 13501
assessment potential & limitations of continuous self report by cognitive lever, genital response to erotic stimulation, male & female college students, 11612
assumptions made & stereotypes held about women involved in psychology, 11073
attitudes & scholarly contributions since 17th century, Native American women, literature review, 7992
attitudes toward female roles, menstrual symptoms, 18–22 yr old female teacher education students, 3940
attitudes toward proposed cultural tradition to acknowledge 1st menstrual period, mothers & daughters, 1079
attitudes toward sex roles, sex of person drawn on Draw-A-Person Test, female college students & married female members of National Organization of Women vs nonmembers, 7996
attitudes vs social normative beliefs vs behavioral intentions, actual weight loss, 15–68 yr old females, 8417
behavioral styles of female managers of high- vs low-performing groups, attributions, college students, 12820
behavior therapy with computer-feedback, weight loss, obese females, Sweden, 1784
beliefs about appropriateness of certain jobs for women in US Army, male vs female soldiers, 6811
beliefs about "appropriateness" of various jobs for women, US Army officers & enlisted personnel, 4493
beliefs about university as meritocracy & awareness of sex discrimination & feminist group membership, female faculty in predominantly male departments, 2083
bias in occupational choices for female students, high school counselors, 2187
biographical & autobiographical material, women who have contributed to psychology, bibliography, 6541
biography of psychologist A. Roe, 6600
biography of psychologist Dr. S. W. Gray, 6609
biography of psychologist E. Heidbreder, 6559
biography of psychologist K. Horney, 1885–1952, 6585
biography of psychologist M. C. Jones, 6578
biography of psychologist M. F. Washburn, 1871–1939, 6564
biography of psychologist M. W. Calkins, 1863–1930, 6558
blood pressure & heart rate & body temperature & nasal airflow & respiration rate correlates of olfactory sensitivity changes during menstrual cycle, 18–37 yr old females, 12248
body image laterality & ability to relate to women & narcissism, 14–18 yr old male delinquents, 3861
body image & sexual behavior, female college students, 1200
Brush-Morse model of personality evaluation, measurement & encouragement of creative productive qualities, women, 203
burden of dependency & aspects of disabled role, physically disabled females, 10729
career interests as measured by Vocational Preference Inventory & level of agreement, choice of college major, female college students, 2221
career patterns & role in history of psychology, women psychologists, 6595
causal attributions & sex role stereotypes, perception of women managers, 22–61 yr old female managers, 3574
causes & consequences of childbearing, adolescent females, literature review, 1970–80, 10140
causes & social psychological factors & treatment, obesity, females, 10682
change over time in age at 1st coitus & coital activity & orgasm & education & family size, 20–40 yr old females born from 1911–58, Czechoslovakia, 12724
changes in frequency of marital intercourse, females married for 1–4 yrs, 5660
characteristics of primitive societies, incidence of wife-beating, 13035
childbirth education, maternal anxiety reduction, primigravidae, 1890
chronic neurotic syndrome with somatic multiple symptomatology, Muslim females, India, 8155
clinical features & treatment & course & outcome, female anorexia nervosa patients with mean age of 20.8 yrs, 10413
coalition formation among child & mother & father & child's social & emotional development, 2- & 3-child families with 15–17 yr old females, 5542
cognitive modification of obsessive thinking, 22 yr old female rape victim, 13209
conceptual model identifying environmental sources of psychological dysfunction in women, implications for clinical behavior therapy, 10856
concurrent validity of J. L. Holland's theory assessed by Vocational Preference Inventory & Self Directed Search, employed non-college-degreed Black females, 4497
correlates of mathematics anxiety, 19–59 yr old females, 13625
counselor & client sex role orientation & client problem type & counselor sex, perceptions of counselor effectiveness & attractiveness, female clients, 8665
couples therapy, improvement, females with sexual unresponsiveness vs orgastic dysfunction, 10824
critique of life span research models, adult development, women, 5463
cultural expectations, thinness, females, US over last 20 yrs, implications for increase in anorexia nervosa, 6131
demographic characteristics & obstetric correlates, psychiatric admission, female hospitalized patients who had given birth to live vs stillborn children, 1971–77, 13415
demographic & other variables, decision to have abortions, females, 1162
demographic & personality variables, subjectively perceived menopausal symptoms, menopausal & postmenopausal females, 8357
demographic & psychological factors, reactions to legal abortions performed during 1st trimester of pregnancy, 14–35 yr old females in urban south, 1904
demonstrated task-related competence, influence potential in male-dominated groups, male vs female college students, 3599
demonstration on hypnosis, efficacy of hypnotherapy as treatment for obesity, 23–52 yr old females in nonhypnotic behavior modification group vs hypnosis group with vs without special phenomenon demonstration, 10952
description of career by male vs female, ratings of career's advancement potential, female college students, 4480
development & complications of self induced vomiting, 18–27 yr old females, 10667
development of inventory for measurement of eating practices, female college students, 9350
development of MMPI index, prediction of acting-out hostility, female prisoners, 11676
development of research diagnostic criteria & severity rating scales for premenstrual tension syndrome, female 22–43 yr olds, 4834
differences in psychopathological variables, puerperal vs nonpuerperal psychosis, female 17–37 yr olds, 8134
dimensions of self concept including perceived competence & attitudes toward female role & demographic factors, preconception contraceptive decision making, females who had unwanted conceptions, 3546
divorce counseling guidelines for females divorcing after 20 yrs or more of marriage, 6254

early death of mother, symptoms of psychiatric disturbance, female psychiatric patients, 12945
early family experience & sex role identification & feminist attitudes, childbearing aspirations, unmarried female college students, 12664
educational goals & motivation & achievement & needs, female college students with vs without educational interruption, 2062
effects of menstrual cycle on human performance, females in nontraditional occupations, bibliography, 9182
efficacy of social work treatment, depressed 18–45 yr old females referred by their general practitioner, 13400
ego boundary disturbance as assessed by Rorschach scales, adolescent females with anorexia nervosa vs depression, 1394
ego defenses & affects, females with breast symptoms, 6179
equal employment opportunity issues for women & minorities, 4515
erotic tape vs film vs self generated fantasies, vaginal pulse amplitude vs self reported sexual arousal, married vs unmarried 21–58 yr old females, 5280
ethnic & socioeconomic background, self concept, Euro- vs Afro- vs Mexican American middle vs lower income 10 yr old females, 1062
evaluation of comprehensive pregnancy care program, female opiate addicts, 6 mo followup survey, 8424
evaluation & training of female managers, literature review, 6864
expectancies & causal attribution & locus of control & achievement motivation & sex role, career innovativeness, Black vs White college females, 13714
experience with infants, knowledge of infant care, unmarried female college students, 3526
experience with men's & women's groups, group therapy outcomes & sex role definition & identity, 10822
exposure to pheromone androstenol, responses to questionnaire regarding menstrual cycle & mood change, female college students, 12351
factor analysis, demographic & behavioral characteristics, 16–65 yr old female prison inmates, 11037
factor analysis of menopausal symptoms, 36–50 yr old females, 13110
family background & high school coursework & academic ability & success orientation & educational goals, entry into male-dominated fields, female 1972 high school graduates, 4489
family background & respect for mothers & fathers, heterosexual vs homosexual females, 3474
family history & psychodynamics, 18–31 yr old female transsexuals, Singapore, 5699
female clients' locus of causal attribution & sex of clinician, judgment of attribution accuracy, clinical psychologists, 1998
female therapists's experience & disclosure level & Ss' sex role orientation, perceived therapist skillfulness & attractiveness & trustworthiness, college students, 1725
field independence & intelligence & GPA, female high school students, Philippines, 13614
high vs low frequency of sporadic sexual activity, incidence of aberrant menstrual cycle length, female college students, 5251
hindsight vs foresight conditions, perceived likelihood of outcome of pregnancy test, females, 9550
history of problem oriented & consciousness raising psychotherapy group for battered women, 6303
hypnosis & relaxation techniques & brief supportive counseling, urinary incontinence, 43 & 60 yr old females, 10950
hypnotic induction & use of differing hemisphere functions, psychotic grief reaction after adoption of baby, 17 yr old female, 10955
hysterical traits, attempted suicide, 18–30 yr old females, 12912
identification of women with suburbs & men with cities vs changing demographic trends, implications for women's role satisfaction, 3482
impact of disease & treatment & coping with stress, breast cancer patients, 10708
increase in alcohol-related problems among women & differences between male & female alcoholics, 6044
individual vs group vs organizational factors, introduction of females into traditionally male careers, annotated bibliography, 4481
influence of availability of low nicotine cigarettes on smoking, teenage females, 10304
instructional set & audio vs visual feedback, ability to achieve control over sexual arousal, females, 770
intelligence test performance & area of success predicted by performance & performer's sex & charm, liking of performer, male vs female college students, 3658
introversion-extraversion & menstrual distress, unmarried females of mean age 21 yrs, 13085
job titles vs job descriptions on questionnaires, interest patterns, female 15 yr olds, 6805
Lamaze breathing vs deep slow breathing & light finger massage & actual vs imaginal rehearsal, pain tolerance, female college students, 7552
language & cognitive development, 47,XXX female 6–14 yr olds followed since birth, 3930
lapse of 1 yr or more, emotional state & life satisfaction, female rape victims, 6031
leaderless group discussion, coping behavior in conflict areas, 27–35 yr old female mental health professionals, 2003
level of cultural assimilation, fertility level, 35–45 yr old married Japanese American vs Mexican American women, 7939
level of energy intake, salivation vs hunger vs appetite, 17–68 yr old obese female dieters, 9839
level of trait anxiety, state anxiety raised during menstruation, 14–25 yr old nursing students, Nigeria, 7520
life histories & reactions to illness & psychodynamic issues, 29–69 yr old female breast cancer patients, 1558
lifestyles & health & stress levels, 20–49 yr old middle-income divorced female heads of families, Canada, 1164
light stimuli & origins of photosensitive epilepsy, human & nonhuman primates, literature review, 6155
linguistic & quantitative abilities, Trail Making Test performance, female college students, 2751
low profiles on Strong-Campbell Interest Inventory of SVIB, vocational needs & personality traits, females over 25 yrs of age, 11419
male interruptions of females during conversation, 1199
managerial positions & job mobility, females, 6860
marital status, self concept, single vs married females over 30 yrs old, 12854
masculine & masculine-derived & neutral vs feminine names, personality characteristics including femininity, female college students, 5848
masculine vs feminine males vs females, attraction in sex role preferences, college students with traditional vs nontraditional attitudes toward females, 8051
masculinity & femininity & self esteem & attitudes toward women, female college athletes, 3567
maternal employment, perception of mother & development of masculinity-femininity, 13–17 yr old females, 12453
menstrual cycle, acute psychiatric syndromes, females, 1397
menstrual cycle, normal & abnormal & sexual behavior, human females, 5252
mental symptoms & body weight change & previous history, 17–39 yr old females in first week after childbirth, 10263
Minor Sentence Completion Scale, measure of motivation, female college students, 2449
MMPI, predictor of weight loss, females, 2547
morphological measurement of growth patterns, female gymnasts, Canada, 978
mortality rate, females with Briquet's syndrome vs primary unipolar depression, 42-yr followup study, 10412
motivational dynamics, disadvantaged females with mean age 26.3 yrs, 12860
naloxone, enhancement of sexual arousal, adult females with low sexual arousability, 6375
neuropsychological test performance, female alcoholics, 1987
neutral vs aggressive vs aggressive & erotic film & neutral vs angry interaction with male vs female, aggression toward female vs male, male college students, 3602
normality of and stage in mentrual cycle, perceptual motor performance, female 19–38 yr olds, 5281
origins & psychological effects, spousal violence, battered women, 10585
origins & symptoms & treatment, psychotropic drug use & abuse, females, 10210
pain rating scales, episiotomy pain, females with mean age of 24.6 yrs, implications for need for multidimensional assessment methods, 9403
parental attitudes & maternal employment, career choice & commitment, female college students, 4483
parental preference & vocational aspiration & self concept & leadership, female college students, 7955

perceived consequences & normative influences, use of oral contraceptives, college students, 5711
perceptions of short time intervals at various phases of menstrual cycle, nulliparous females, 3023
perinatal attitudes & perceptions, Black vs White vs Cuban-Hispanic pregnant females, 10211
personality factors & body image, female college students with high vs low percentage of body fat, 1355
personality & family situational variables, career persistence & activity pattern, female college students, 13720
personality patterns, gifted females, literature review, 1304
personality traits in student vs homemaker roles, female 29–55 yr olds, 3570
personality traits & manifest anxiety level, women seeking abortions, 5853
personality traits & psychopathological symptoms, female adolescents with anorexia nervosa vs depression vs personality disorder, 12933
personality traits & values, clothes buying behavior, female college students, 6914
personal space regulation in interaction with adult male, female 3.4–5 yr olds, 7890
phase of menstrual cycle, RT & detection tasks & pain & affect, female college students with increased negative affect around menstruation time, 753
postpartum period, bipolar affective disordered patients, implications for lithium therapy, 5968
predictive validity of 16PF prediction of military performance as measured by officers' ratings & peer nominations & course grades, female officer trainees, 7047
pregnancy & subliminal pregnancy message, phallic imagery, college students & 21–45 yr old females, 5690
premessage expectancy & information on communicator's background, attribution & opinion change & comprehension of communicator's message, female college students, 12832
presence in mixed sex vs all female group, sex role attitudes & discrimination against women, male vs female college students, 12779
previous supervision by woman, perceptions of competence of women as managers, male & female managers, 6857
prior life change, emotional impact of rape, adult female victims, 3851
problem patterns, suicidal vs psychiatric patient adolescent females, 6033
problems for future research, women in management, 11464
problems in provision of mental health services for ethnic minority females, 10991
professional achievements, graduates of women's colleges, 4269
progestin level in oral contraceptives & trimester of pregnancy, sweetness preference, 17–31 yr old females, 3159
psychological aspects of health, women as caregivers & patients, bibliography, 11113
psychology of Native American women, bibliography for initiation of research, 5601
psychosexual history, 15–33.8 yr old females with anorexia nervosa, 10648
pure vs secondary erotomania in manic depressive psychosis, 27 yr old female, 12967
questionnaire construction, elicitation of predominant responses to potentially ambiguous display-control relations & labeling & word usage, male engineers vs women vs human factors specialists, 9212
race & marital status, need to be held, Black vs White married vs unmarried pregnant females, 8064
racial & sex differences, perceptions of ideal woman & women's familial role, Black vs White college students, 1970 vs 1980, 12711
rape, general fears & fear of rape, female rape victims & nonvictim college students, 3862
reasons for publication of biographies of eminent women in psychology, 6586
recidivism, male offenders found guilty of sex offenses against females under 13 yrs old in 1951 & 1961, 24 & 15 yr followups, 13433
relative fertility, female psychiatric 1st admissions, Norway, 8165
reliability of Matching Familiar Figures Test, female college students, 2505
representation of female body in human figure drawings, female 6th–8th graders vs college students, 7757
role of women in military, Australia vs Canada vs UK vs US, 10296
roles of professional psychologists in promotion of equality in public policy & practice, mental health treatment, females, 11123
school perceptions, truant junior high school females, 11261
self efficacy model of career development, women, 4484
self esteem, conservatism, White female college students, 5858
self esteem & school achievement & IQ, high school females, Philippines, 2069
sex differences, job involvement & attitudes toward women as managers, professional vs managerial vs nonmanagerial personnel, Northern Ireland, 6855
sex differences, use of psychotropic drugs & help seeking behavior, women vs men, 1201
sex differences, utilization of health services for psychiatric problems, men vs women, Canada, 1893
sex differences in treatment & roles & lives of females, chronically mentally ill, 10532
sex role attributes & anxiety & severity of menstrual distress & oral contraceptive use, Catholic vs Protestant vs Jewish females, 1581
sex role identity, 16–24 yr old female field hockey players, 5686
sex role portrayal in advertising, attitudes toward women & satisfaction with advertisements, progressive vs traditional male vs female business school students, 3575
sex roles & alcoholism & treatment recommendations, females, 10554
sex roles & contraceptive use & resolution of unwanted pregnancy, adolescent & adult females, 10282
sex roles & mental health needs & care, females in prisons, 11043
sex role stereotyped attitudes toward women patients, physicians, 1894
sex stereotyping of women, photographs in abnormal psychology textbooks, 2017
sexual discrimination & stereotyped attitudes toward women, Israel, 3585
sexual dysfunction & treatment, 16–69 yr old female alcoholics, 13254
sexual experience & guilt & casual vs committed interpersonal context for erotic guided imagery, sexual arousal & emotional response, female college students, 12720
sexual guilt & control level, female alcoholics vs nonalcoholics, 13042
sexual satisfaction & femininity & feminism, females & their male partners, 1192
simulation gaming, stereotyped sex role attitudes, gifted females, 6725
single dose & chronic desipramine administration, plasma concentrations & side effects, 69–92 yr old depressed females, 13328
social factors & etiology, depression, females, 8168
socialization & demographic characteristics & correlates of sex role attitudes & attitudes toward sex related public issues, younger vs returning community college females, 1189
social role function stress & therapeutic options, aging adult females, 10173
social skills training program, depressed females, 6318
somatization of emotional problems & passivity & factors in successful therapy, female patients, Saudi Arabia, 6161
spatial ability, female international squash players vs low ability players vs nonplayers, 2646
S's refusal to participate in research & subsequent sampling bias in mother-infant interaction study, pregnant females, 66
stability of ego defenses & endocrine responses, female breast biopsy patients, 10-yr followup, 8329
status & role & future of women in science, conference proceedings, 1993
stress & stimulation, age at onset of menarche & body height vs weight, females, 12447
supportive group intervention, psychological benefits, metastatic cancer patients, 4033
teenage pregnancy & adolescent sexuality, partially annotated bibliography, 1090
test construction, Sexist Attitudes Toward Women Scale, college students & nonstudent adults, 11626
thyrotropin releasing hormone, plasma growth hormone release, 20–60 yr old unipolar & bipolar depressive females, 6396
tribal tradition vs support vs prevalence of vs cultural context, wife beating, urban Aboriginal population, Australia, 13032
type of challenge situation, blood pressure & heart rate, female Type A vs B college students, 7540

type of community & socioeconomic status & intelligence & personal & social adjustment & withdrawing tendency & social & religious & political & aesthetic values, 15–18 yr old females with acute self concept, 7893
types & rates of mental disorders & psychiatric treatment, female patients, 1645
types & rates of mental disorders & psychiatric treatment, female patients, reply to M. Johnson's criticism, 1646
types & rates of mental disorders & psychiatric treatment, human females, criticism of W. Gove's paper, 1651
unique factors in psychiatrist-woman patient relationship, 1738
validity & reliability & factor analysis, Attitudes Toward Women Scale, male & female tennis players, 4830
validity & sex balance of Strong-Campbell Interest Inventory vs Unisex ACT Interest Inventory, area of occupational choice, female college students, 9301
video-feedback, body awareness & attribution, 18–30 yr old anorexic & depressed female inpatients, 8676
visual serial search task performance, college females with differential verbal & quantitative aptitude test scores, 4440
women's family roles & mental health, 10216
Human Figures Drawing
age & sex, human figure drawing, mentally retarded students, 8233
attitudes toward sex roles, sex of person drawn on Draw-A-Person Test, female college students & married female members of National Organization of Women vs nonmembers, 7996
development & validity of rational scale in use of human figure drawings, kindergarten screening measure, kindergartners, 2184
drawings of inner body, understanding of fantasy productions, psychiatric patients, 6261
human figure drawings, inferences about intelligence & emotional adjustment & personality, learning disabled children, 8279
Human Figure Drawing Test, early identification of academically nonready kindergartners, 11345
knowledge of body schema & human figure drawing, brain damaged vs normal 4–6 yr olds, 8308
reading & math achievement & height of drawings of self in reading & math context, 4th graders, implications for academic achievement prediction, 2131
sex, sexual ambiguity in human figure drawings, 5th–9th graders, 7758
sex & size & score of self drawing & IQ, self concept, mentally retarded 11–22 yr olds, 1544
test administration method, enhancement of psychodynamic potential of human figure drawing tests, psychiatric patients, 13185
Human Information Processes [See Cognitive Processes]
Human Information Storage
acquisition & representation of abstract materials in long term memory, college & graduate students, 2-yr followup, 448
age, information encoding patterns & errors & latencies in recognition task with acoustically & semantically related distractor words, 8 vs 10 vs 24 vs 66 vs 75 yr olds, 12489
age differences, simultaneous vs successive processing in memory task, 6 vs 11 vs 16 yr olds, 10108
anxiety, respiration & cognitive load, 12270
aural vs visual presentation, RT & memory span for digits, mono- vs bilingual 14–19 yr olds, implications for interdependent bilingual storage, 7261
awareness of location requirement, performance on temporal coding task, 17–29 vs 60–75 yr olds, 7811
binary-to-octal digit recording, memory span at recall, 2800
category typical vs atypical exemplars & cues, free recall, college students, implications for differential category encoding, 9573
causal relationship encoding ability model of H. S. Cairns & J. R. Hsu, linguistic encoding of temporal concepts, college educated adults, 10046
coding procedures & open vs closed response format, temporal estimates of life event occurrence, college students, 7232
cognitive load, achievement & catecholamine level, 11886
color vs spatial location vs word attribute variations, recognition of pictures &/vs words, college students, 11965
comparative judgment tasks of time presentation by clock face & digit & word, processing of visually presented clock times, college students, 7216
components of syllogistic reasoning, college students, 11920
compound vs coordinate bilingualism, speed & equivalency of intra- & interlingual free & restricted word associations, 18–42 yr olds, 12429
computer simulation tests of semantic networks & spreading activation models of human memory encoding & retrieval, 9585
concurrent performance of failure detection/monitoring & RT tasks, assessment of perceptual & response loads, application of Sternberg's additive factors methodology, 11907
confidence level in answers to earlier questionnaire vs structure of later related paragraph, response latency for questions on both, college students, 11975
conscious attention in complex multiplication as primary task with/vs faces presented as secondary stimuli, delayed recognition of faces, college students, 300
consistency in pronunciation of visually similar words & mixed vs single case presentation & visual quality, recognition of phonetically vs nonphonetically spelled words, college students, 7242
construction of semantic memory model as problem solving system, 11923
construction & storage & retrieval of representations or "K-lines" in memory, 11908
context, use of limited processing resources in word recognition, college students, 7223
criteria for definition of cognitive units as elements to be retrieved from long term memory, 7241
cross-section line orientation, verification of topographical cross-section diagrams, college students, 11889
deficits in processing perceptual information at normal rate, language & reading impairments, children, 10440
degree of consistency training of letter appearing as target vs distractor, development of automatic information processing in detection search paradigm, 7188
discriminating & categorizing functions of verbal label associations, delayed recognition memory for ambiguous shape, college students, 490
display time & complexity of novel visual patterns & poststimulus processing time, short- & long term visual memory, college students, 449
distance & angle of direction change & visibility of starting point & concurrent counting, processing of location information during locomotion, high school students, 12482
distance of fixation from critical detail in complex picture, performance in 2-alternative forced choice recognition test, college students, 377
dual task automatic vs controlled processing in visual search, cost in hit rates, 7186
dual vs single task training on discrete vs 1-dimensional information processing tasks, identification & transfer of timesharing skills, right handed females, 7210
dynamic aspects & strategies for improvement of memory, implications for mentally handicapped, 6067
encoding cue type & abstract vs concrete sentences, sentence recall, 474
encoding of completing vs preparatory motion, college students, 7224
encoding pattern of Serbo-Croatian nouns, performance on lexical decision task, college students, 7225
encoding strategy & processing time & stimulus compatibility, recognition memory for shapes, US Navy recruit trainees, 9569
evaluation of theories on knowledge integration, 11234
external object context & age, knowledge of household item names & appropriate locations & retrieval from long term memory, 2–4 yr olds, 3376
factor analysis, planning & simultaneous-successive coding processes as reflected in task choice, 8th graders, 12476
familiarity & concreteness of stimulus nouns, paired associate learning, college students, 9564
feature cues at input & output, word recall, male alcoholics vs nonalcoholics vs Korsakoff patients, 8310
fluency of verbal output, rehearsal of verbal information & encoding, male fluent vs nonfluent aphasic vs right brain damaged 31–75 yr olds, 10727
focused memory search in fact retrieval, college students, 486
foveal retinal locus & RT & detection paradigms, visual search, implications for automatic letter encoding stage, 7189
geometric analogies, information processing & individual differences, college students, 11721
geometric figure size & desymmetrization, encoding of information, 11827
handedness & familial sinistrality & bilateral tachistoscopic presentation, asymmetry for rate of processing & decay of pictures, college students, 7490
handedness & sex & task complexity, hemisphere dominance & visual field form recognition & visuospatial ability, 16–42 yr olds, 7436

hemispheric asymmetry in lexical access & phonological encoding of visually presented words, 16–18 yr olds, 7432
hippocampus & memory, 2986
iconic storage duration & encoding speed, performance deficits, mentally retarded, reply to K. E. Stanovich & D. G. Purcell's criticism, 1546
iconic storage duration & encoding speed, performance deficits, mentally retarded, criticism of study by D. P. Saccuzzo et al, 1547
imaginal & propositional representations of moving objects, college students, implications for mental rotation hypothesis & propositional model, 11915
immediate vs delayed repetition & problem solving & recognition vs recall test, memory, college students, 9572
incompatibility of task & encoding conditions, reconstructive process & recognition failure with categorized word pairs, college students, 11962
individual differences in self consciousness, identification of self reference strategies in trait term memory tasks, college students, 1349
influence of schemata, memory performance, college students, 454
influence of verbal vs sensory code, memory performance, 11977
information processing capacity as measure of intelligence, literature review, 9544
information processing & encoding strategies, depressed patients, 1501
information processing model of perception based on psychophysics & phenomenology & information processing aspects of visual perception, 4891
instructions & category exemplar presentation mode, encoding of category size information, college students, 411
instructions to increase memory encoding distinctiveness & word frequency, word recognition, college students, 457
interaction of recency & visual field as determined by encoding vs retrieval processes, recognition memory for letters, college students, 11946
internal encoding of sentence on Stroop color-naming task, 2nd vs 4th vs 6th graders, 7801
internal representation of months of year, retrieval time in extracting information from image, high school & college students, 12545
learning of episodic material, retrieval of semantic information, 17–34 yr olds, 5014
left vs right presentation of 2nd word synonym vs homophone in word-pair recognition task, error patterns & RTs, college students, 2756
length of retention interval, retention of aurally presented digits, 11–12 yr olds, 10025
length of target monitoring period in vigilance tasks, analysis of detection performance from controlled vs automatic processing perspective, 7169
level of abstraction of stimulus socioeconomic status, communication encoding performance, lower class White vs Black vs middle class White 4th graders, 5510
level of confidence & optimality of information processing, accuracy, eyewitnesses, 12690
levels of processing & memory, 415
linguistic coding & memory, children with infantile autism, review of studies, 6002
logical concordance & complexity, accuracy of inference, college students, 7233
matrix pattern grids &/vs tilt, information transmission, schizophrenic 21–45 yr olds, 6003
mechanisms mediating pattern vs light masking, photoreceptor sensory codes vs neural loci, 11787
memory scanning of shapes vs colors vs shape-color compounds, RT, retarded vs nonretarded 20–30 yr olds, 3878
memory set size & distance relationships between items & number of inferred "decision boundaries" needed to separate items, processing of digit vs unidimensional brightness stimuli, 477
memory units for Chinese letters called Kanji vs Japanese letters called Kana, students, 489
modality effect, echoic memory, college students, 9598
modality impaired vs tested & semantic vs perceptual encoding, recall vs cued recall, auditorily vs visually impaired learning disabled 10 yr olds, 10591
modality of cue vs distraction task, effectiveness of retrieval cues, college students, 11948
modeling accumulation of information with accumulation rate change over time, 2603
movement precuing & subsequent motor performance RT, inference about motor programing of aimed hand movements, college students, 9469
nature & context of cue, recall, college students, 9587
object salience & previous visual processing &/vs naming, latency & update in picture naming & independence of visual & semantic & lexical memory codes, female college students, 7257
organization of key programing concepts, beginner vs intermediate vs expert computer programers, 7229
organization of person knowledge by person vs attribute, learning & recall, 21–27 yr olds, 11895
partial order in verbally presented analytical inference problem, spatial encoding strategies & distance effect in comparative judgments, 465
perceptual vs conceptual object attributes, developmental trends in use of attributes for grouping & clustering in cued & free recall, 4 vs 5 vs 9 yr olds, 3359
phoneme processing & production disturbances vs general auditory comprehension disorders, aphasic patients, 8350
phonological coding strategies, visual recognition of words vs nonwords, college students, 11906
picture vs name vs category encoding processes, memory, college students, 9555
posthypnotic amnesia, disruption in memory search process & disorganization in memory retrieval, college student amnesiacs, 5072
presentation of stimuli to right vs left visual field, perceptual encoding vs memory, college students, 9780
priority vs posteriority instructions, retrograde amnesia in free recall, college students, 11934
problems with verbal coding of graphic & conceptual data, reading failure, 9551
Profile of Nonverbal Sensitivity vs measure of nonverbal coding ability vs Affective Sensitivity Scale, measurement of nonverbal decoding ability, college students & mental health professionals, 7007
rate & duration of category exemplars retrieval, 52–70 yr old alcoholic Korsakoff patients, 8348
reading ability, memory access of visual patterns, college students, 5032
reading ability & sentence complexity, oral vs silent reading rate & comprehension, 2nd & 5th graders, 11225
reading time patterns for 2-episode stories, college students, implications for episode schema in story processing, 4983
recall information stored in iconic memory, Ss, 11917
recall vs recognition vs no expectations, recall vs recognition performance of high vs low imagery words, college students, 505
receiver's understanding of linguistic contexts, understanding semantic levels of message transmissions, literature review, 3252
recency effects in recall vs recognition of incidentally learned material, college students, 9547
recognition of embedded sentences & minor vs major wording changes, heart rate & respiration changes as measures of verbal storage & retrieval, male college students, 499
rehearsal vs generation of imaginary scene & memory set size, recognition RT, 467
reponse mode, speed of access to different types of information in memory, college students, 2791
response competition vs interference, paired associate learning, 42–65 yr old Korsakoff amnesics & nonamnesic alcoholics, 8106
right brain damage, inability to describe left half of recollected images, implications for analogical structure of representations, patients with mean age of 62.85 yrs, 13074
right vs left hemisphere damage, recognition of linguistic vs nonlinguistic visual symbols, aphasics, implications for unitary vs pluralistic theory of symbol processing, 10744
right vs left hemisphere EEG during performance of Piagetian tasks, right handed 6–8 yr olds, 10071
right vs left temporal lobe dysfunction, verbal auditory vs visual encoding strategies, adults, 10722
role of perception & memory & coding processes in mental representation & transformation, recall & recognition performance, 20–23 yr olds, 2738
RT in matching of visually presented upper & lower case letters, college students, evidence for visual vs acoustic access to letter identities, 11893
search for target absence vs presence, factors affecting difference in decision time, college students, 7222

Search of Associative Memory theory of long term memory retrieval, integration of 2 models including cue development probabilistic sampling & recovery from associative retrieval networks, literature review, 491
semantically high vs low related episodic sentences, recognition RT, college students, evidence against claim by E. J. Shoben et al concerning semantic-episodic memory distinction, 11954
semantic & structural coding of months, college students, 5005
semantic vs nonsemantic vs no encoding instructions, recall & recognition, 45–67 yr old Korsakoff patients vs alcoholics, 12919
semantic vs sensory level word judgment task, effectiveness of sensory & semantic & contextual recall cues, college students, 9583
sentence context stressing various meanings of trait & consistency with subsequent information, ratings of persons described by trait adjectives, college students, 3668
sex differences, spontaneous vs enacted encoding & decoding of nonverbal emotional messages, college students, 1262
similarity of task, transfer of release of proactive interference obtained through orienting tasks, college students, 7243
social communicative vs self memorial vs associative instructions for verbal encoding of figures, communicability of codes, 2nd vs 5th graders vs college students, 12513
spatial location vs relation to category & delay interval, effectiveness of physical partial report cues, college students, 9584
spontaneous vs intentional encoding strategies, span of unrelated words recalled in order, college students, 11963
S's selective learning process, durability & type of memory trace, 9589
standard vs elaborated pictorial presentation & lists of noun pairs & instructions, pictorial elaboration effects in incidental paired associate memory, kindergartners vs 2nd graders, 10068
stimulus-response compatibility in numeral-verbal vs numeral-motor ensembles, RTs in choice reaction & memory scanning tasks, college students, 302
storage & retrieval cue value of spatial location of auditory stimuli, college students, 4887
storage vs retrieval hypotheses, amnesia, 5925
stored auditory vs visual information, unimodal speech perception, prelingually deaf vs hearing & congenitally blind vs sighted 9–15 yr olds, 9519
structural & temporal aspects of sentence comprehension, 3246
structure & segmentation of tone sequences, recall, musically trained college students, 11888
study-phase retrieval model, temporal coding, college students, 9595
tachistoscopically presented linear arrays & masks, iconic store readout, mildly retarded adolescents & adults vs college students matched for CA & elementary school students matched for MA, 8254
tacit vs conscious knowledge, pattern recognition, implications for models of human memory, 471
teaching techniques for automatic decoding, poor readers, 8978
test anxiety, breadth of encoding in immediate & delayed free recall, 9607
thematic related vs unrelated pictures & sentences, conceptual encoding & recognition, college students, 2737
theoretical framework for clarification of disparity between same & different judgments in perceptual & cognitive matching tasks, college students, 4888
theoretical implications of standard vs discontinuous serial position curves in immediate serial recall, 479
time in short-term storage, subsequent recall of words from long term memory, female college students, 498
unguided learning instructions vs high- vs low-level orienting task, recognition memory for faces & random shapes, 55–59 yr old male amnesic alcoholic Korsakoff patients, 8107
use of organizational schema for information, estimation of time interval durations, college students, 2734
use of semantic vs perceptual organization strategies, free recall & recognition tasks, 4 vs 6 vs 10 yr olds vs adult vs aged Ss, 10127
variations in response latency, recognition of memorized words from same vs different category, college students, 5030
verbal codability & degree of difficulty & quantity of visually presented problem, hand movements, female 9 yr olds, Netherlands, 3395
verbal coding vs processing vs memory skills, reading comprehension skill, 3rd–8th graders, 10058
verbal & imaginal encoding & stimulus codability & exposure, recognition memory for shapes, US Naval recruit trainees, 7250
visual detection task, reading skills, hearing vs congenitally deaf 7–19 yr olds, 10721
visual stimulus intensity & foreperiod duration & location probability, oculomotor & manual choice RT, college students, 11909
visual vs auditory presentation of grouped vs ungrouped digits, immediate recall, adult Ss, 9565
visual vs aural input & output modality pairings & proficiency vs disability in mathematics, short term memory, 6th graders, 6093
voice identification, human listeners, literature review, 11861
words vs outline drawings & symbolic distance of brightness & hue, RT & symbolic comparison of objects on color attributes, college students, 7182
working memory capacity, reading comprehension, college students, 2775

Human Males

acculturation stress & transitional role conflict & psychopathology, adolescent & young adult male Eskimos, Canada, 1143
age differences, dream & fantasy content, 27–64 yr old males, 12564
age differences, frustration & lack of satisfaction, male 20–60 yr olds, 3409
age & religiosity, adult males with high vs low fear of death, 1314
antisocial behavior & criminal propensity & extraversion & neuroticism & psychoticism & lie scale scores, 13–15 yr old well vs badly behaved vs delinquent males, 13046
assessment potential & limitations of continuous self report by cognitive lever, genital response to erotic stimulation, male & female college students, 11612
association with same-sex peers, 18–20 yr old males, implications for nonhuman primate model of subadult developmental stage, 1078
background music, motor skill performance, educable mentally retarded vs normal 10–12 yr old males, 3869
basic military training, emotional & social & intellectual functioning, male young adults, Sweden, 4514
beliefs about "appropriateness" of various jobs for women, US Army officers & enlisted personnel, 4493
biofeedback-induced relaxation training, locus of control & self concept, hyperactive adolescent males, 1811
brain norepenephrine turnover & individual power drive, mastery of power-related vs neutral material, male college students, 7542
case reports of 2 men found "not guilty by reason of insanity", 1180
cerebro-occipital hinge malformation, inability to ejaculate, 26 yr old male, 1608
childhood sexual identity vs religiosity vs homophobia, development of transsexualism vs homosexuality vs heterosexuality, transsexual vs homosexual vs heterosexual males, 10290
classification methodology, sex role affiliations, male vs female college students vs hospitalized alcoholic males vs members of Veterans of Foreign Wars, 9285
cognitive-behavioral & antidepressive drug therapy, exhibitionism, male Ss, 13195
cognitive complexity & affect cognition, intimacy status in close relationships, college males, 3616
color vision & field dependence & age, fabric preferences, 18–52 yr old color-normal vs color-blind males, 13075
coronary prone behavior & irrational beliefs, college age vs older males, 12869
counseling strategies, voluntary & involuntary midlife career change, males, 6806
covert modeling, feminine sex-type behavior, 11 yr old male, 6335
dependency, development of cancer vs benign tumors vs hypertension vs gastrointestinal ulcers, male VA domiciliary residents, 10679
electroejaculation, fertility, paraplegic males, 4114
erotic fantasies during & outside of heterosexual activity, 20–45 yr old males, 12710
erotic stimulation, serum testosterone levels & penile tumescence, 20–29 yr old males, 7515
erotic vs nonerotic auditory stimulation vs self generated fantasy, affective & physiological responses during sexual arousal, 19–63 yr old males, 7536
experience with men's & women's groups, group therapy outcomes & sex role definition & identity, 10822
faculty rated personality competence, personality traits & self image & demographic & psychosocial characteristics, Black male college students, 1067
family size & birth order & intellectual competence & psychiatric status & height, 19 yr old males born between 1944–47, 12449
family structure & behavior patterns, learning disabilities with vs without hyperactive syndrome in offspring, male 5–12 yr olds, 6074

father absence & socioeconomic status, verbal & mathematics skills, males, 3362
genetic vs environmental factors & characteristics of biological vs adoptive parents, inheritance of alcoholism, 23–43 yr old adopted males reared by nonrelatives, 10548
handedness, male schizophrenics, 10505
hemispheric specialization, 9–12 yr old reading disabled right handed males, 3876
heritability, 2nd-order intelligence factors, 12–18 yr old male identical vs fraternal twins vs siblings, 9735
identification with significant other, development of breast carcinoma, 36 & 55 yr old males, 10732
inactivity vs strenuous mental work, catecholamine & cortisol excretion & heart rate, Type A vs Type B male college students, 763
incidence of color blindness, Cook Island males, New Zealand, implications for genetic factors, 1575
induced success vs failure, expectations & performance, emotionally handicapped 4th & 5th grade males, 10454
job experience & earnings & race & education & attitudes, locus of control change, 14–24 yr old male workers, 1061
light stimuli & origins of photosensitive epilepsy, human & nonhuman primates, literature review, 6155
Male Dominance Index values, percentage of men in various occupations & college curricula & apprenticeships & professional degree fields, 6803
male interruptions of females during conversation, 1199
maternal behavior & child's social skills, learning disabled male children & their mothers, 10594
measurement of nocturnal penile tumescence, differential diagnosis of psychogenic vs organic impotence, 49 yr old male, 10745
MMPI norms, male alcoholics, US vs Norway, 2498
murder of Bobby Franks by 2 highly gifted adolescent males, 1505
negative life events & suicide risk, male alcoholics with vs without secondary depression, 1513
neurotic illness & preoccupation with physical fitness, 40 yr old males, 3804
neutral vs aggressive vs aggressive & erotic film & neutral vs angry interaction with male vs female, aggression toward female vs male, male college students, 3602
parental absence & child institutionalization & home quality, development of schizophrenia, male 9–20 yr old offspring of schizophrenic mothers with childhood patterns of electrodermal lability, 8180
parent education & income & family relations, academic achievement & social adjustment, male adolescents, 3414
personal construct structures, male social drinkers vs hospitalized alcoholics, 10581
personality traits & biochemical & hemodynamic factors, 30–59 yr old male with arterial hypertension & coronary heart disease, polar regions of Russia, 1609
personal vs sociocultural factors, moderate obesity, 40–59 yr old male construction workers, 1592
plasma testosterone level & physical dimensions, physical & verbal aggression & frustration tolerance, 15–17 yr old males, 5290
plasma testosterone levels, sexually functional vs dysfunctional 20–81 yr old males, 8370
prevalence & distribution of "known" & "hidden" alcoholism, males, Sweden, 1528
psychodynamics & latent homoerotic characteristics, male patients with gout, 13117
psychophysiological reactions to neutral vs erotic film, males with psychogenic erectile failure vs premature ejaculation vs impotence, 13118
psychosocial characteristics, 14–24 yr old male prostitutes, interviews & limited 1-yr followup, 8188
reflection/impulsivity & intelligence & socioeconomic status & race & father absence & teacher ratings, male White vs Black vs Hispanic kindergartners, 13538
REM sleep & nocturnal penile tumescence, implications for etiology & diagnosis & treatment of male impotence, 6141
repression-sensitization status & sex role perceptions & target sex, expression of emotional discomfort, male college students, 8069
response speed & inattention to social cues, attribution of hostility to peers, aggressive vs nonaggressive male kindergartners through 5th graders, 7860
risk appraisal & irrational beliefs & amount of dating, social anxiety & dating confidence & satisfaction, male college students, application of cognitive theories of A. Beck & A. Ellis, 1226
risk taking & impulsivity, nondelinquent 11–12 yr old males, 3445
self disclosure patterns, adjusted vs maladjusted male adolescents, 8212
self enhancing vs self critical statements, heterosocial approach, shy vs non-shy male college students, 1233
self esteem & sex of custodial parent & time in single parent home & visitation with noncustodial parent & quality of relationship with parents, self esteem, male 9–14 yr old children of divorced parents, 1080
senex-puer archetype, inferiority problems, males entering puberty, 3411
sex role concepts, development of sex role identity, young males, 10199
sex role orientation & occupational choice, male registered nurses & high school teachers, 12716
sexual attitudes & interests & behavior, psychogenically vs organically impotent vs normal 35–68 yr old males, 6112
sexual dysfunction, male alcoholics, critique of article by I. Gad-Luther, 13017
sexual dysfunction, male alcoholics, literature review, 13027
sexual satisfaction & femininity & feminism, females & their male partners, 1192
short form of TAT, 11 & 14 & 17 yr old males, 157
social class & criminal behavior, Klinefelter males with karyotype 47,XXY & hypogonadal males with karyotype 46,XY, 10-yr followup, 1384
social class & other factors, Type A behavior, men & their wives & other family members, 5884
sociopsychiatric & clinical characteristics, homeless men, Sweden, 3461
status & mood, testosterone levels, male graduate students, 7541
symptom profiles & psychological aspects, males with premature ejaculation vs psychogenic erectile failure vs diabetes related impotence, 13119
TAT measures of castration anxiety as index of gender identity, father present vs absent college males, 2532
theoretical assumptions & research procedures, assessment of intelligence, male children with Duchenne muscular dystrophy, 3921
theory of machismo as reaction formation against unresolved bisexuality, Spain, 3573
treatment involving parents, gender disturbances, 5–12 yr old males, 6299
Type A personality, coronary artery disease, Irish vs Italian Catholic vs White Anglo Saxon Protestant 18–70 yr old males, 1572
type & frequency of sexual behavior, males from 5 generations, 5689
validation & standardization, Multifaceted Interpersonal Aggression Inventory for Boys, male 11.6–15.9 yr olds, Poland, 4794
vulnerability factors, depressed 18–65 yr old males, 13001

Human Migration

clinical features of political exile vs grief from personal bereavement, Chilean exiles, Great Britain, 2 case reports, 7919
effects of family movement from rural to urban society, children & family members, 1106
forced relocation, use of community mental health services, Navajo mental outpatients, 4148
impulse to wander & geographic reinforcement of incest taboo, 3 case reports, 3834
length of residence, life experiences & minor psychiatric morbidity, urban population, Australia, 10464
length of residence & location-specific capital & information costs & dissatisfaction, repeated migration, married couples, 3467
migration, marriage & birthrate & urban demographic structure, France, 1906, 5599
return of migrants from North America back to European homelands, effects of cross cultural changes, literature review, 7914
tabulated data from 90 provinces for mean IQ & intellectual achievement & earnings & unemployment & infant mortality & migration, France, 10215
technology transfer & community socioeconomic structures, projects for resettlement from densely to sparsely populated areas, Philippines, 7913

Human Relations Training

curriculum development & model, social skills training program, literature review, 1655
development of social skills unit in university setting, referral services & research & training of professionals, New Zealand, 2192
evaluation & design & outcome, advanced training experience using Tavistock method of group study, conference participants, 5732

Guerney Relationship Enhancement Program vs lectures & discussions on relationship development, self disclosure & empathy skills, 18–24 yr old premarital dating couples, 6-mo followup, 8457
multiple baseline analysis techniques in single group social skills treatment studies, 9274
status & problems of training laboratories, Japan, 13266
Systematic Human Relations Training, discrimination & communication skills, rehabilitation professionals & clerical staff, 11105
trainer self insight & emotional responses to group participants, 11438

Human Rights [See Also Civil Rights]
critical issues in behavior therapy, 8561
review of history & use of psychological tests & human rights, 138
role & responsibilities of human rights committees, monitoring conditions in residential facilities for mentally disabled, 8637
suggestions for organization & operation of human rights committees in potentially controversial behavioral treatment programs, 4254

Human Sex Differences [See Also Sex Linked Developmental Differences]
academic instruction & relevant course experience, improvement of spatial ability, male vs female college students, 4293
academic & personal indicators, career success, former doctoral students in educational administration, implications for program candidate selection, longitudinal study, 4277
achievement & affiliation & power motives, male vs female respondents, 1960 vs 1976, 5894
achievement vs affiliation orientations, male vs female high school vs college students, replication of P. W. Lunneborg & L. M. Rosenwood's study, 3706
achievement vs Machiavellianism, male vs female managers, 4544
actual performance of vs mere observation of performance of facial feature recognition task, transfer of learning, adolescents, replication of M. H. Marx's study, 5036
adult modeling vs praise vs collaboration & same- vs cross-sex condition, responsiveness to adults on selection of play materials, female vs male 3rd graders, 3452
affective dispositions toward credibility & utility of hypothetical supervisors, male vs female student teachers, 8829
age & sex, brief-tone audiometry, 6–24 yr olds, 3368
age & sex, changes in suicide rates, 1910–77, Australia, 8193
age & sex, development of self perception & impressions of others' perceptions, 6th–12th graders, 10161
age & sex, development & projection of fear, 1st–4th graders, 5551
age & sex, gender differentiation through body gestures, 11–18 yr olds, implications for gender disturbances, 10183
age & sex, human figure drawing, mentally retarded students, 8233
age & sex, preferred listening rates for speech, 18–87 yr olds, 2726
age & sex, religious attitudes, 20–51 yr olds, 1147
age & sex, understanding of socioeconomic concepts, 6–15 yr old Malaysian Chinese, 7836
age & sex, verbal recall of observed simulated assault & theft & recognition of assailant & victim & friend, 15–26 vs 65–90 yr old eyewitnesses, 12833
age & sex, writing speed, 10–13 yr olds, Zaire, 3360
age & sex & attitudes & category of episode, perception of real-life aggressive episodes, college students, 5799
age & sex & cognitive ability, torque & visual spatial task performance, 7 vs 9 yr olds, 10062
age & sex & cross cultural differences, self esteem & authoritarianism, White Rhodesian vs South African 17–23 yr old college students, South Africa, 12889
age & sex differences, brain lateralization, kindergartners vs 6th graders, 3306
age & sex differences, classroom noise & intellectual performance, 1st vs 3rd vs 5th graders, 2119
age & sex differences, effectiveness of alien vs conventional external reinforcement, 3rd vs 6th graders, 12457
age & sex differences, evaluation of success & failure in others, 9 vs 12 vs 15 yr olds, 10187
age & sex differences, mastery & motivation for mastery, 2–5 yr olds, 10176
age & sex differences, prosocial intentions & behavior toward friends vs acquaintances, kindergartners vs 2nd vs 4th graders, 10134
age & sex differences, reactions to frustration, normal vs behaviorally disturbed 7–14 yr olds, 13043
age & sex differences, recognition & acceptance of physical disabilities, 3–4 vs 4–6 yr olds, 10180
age & sex differences, self perceptions of intelligence & self concept, 3rd–8th graders, 12582
age & sex differences aphasia type, adult patients, data compared to that of L. Obler et al, 10684
age & sex differences in neuropsychological development, academic performance, kindergartners vs 2nd graders, 1042
age & sex & ethnic background, self concept, Anglo &/vs Franco-American kindergartners vs 1st graders, 7861
age & sex heterogeneity in experimental samples, acquiescent responding on Wilson Conservatism Scale, families, 2465
age & sex & intelligence & locus of control & interpersonal knowledge & length of parental separation, responses to parents' divorce, 5–19 yr olds, 5459
age & sex & intelligence & personality traits & life satisfaction, 29–88 yr old females & 66–68 yr old males, 5843
age & sex & partner, sexual activity, married male vs female 46–71 yr olds, 10288
age & sex & prescription of drugs, thyroid dysfunction, psychiatric inpatients, 13176
age & sex & race, color preferences, 18–61 yr old psychiatric patients, 3782
age & sex & race, preference for own name, 7–16 yr old Black vs White students, 12569
age & sex & race & self esteem & self concept, educational & career goals & career commitment expectations & sex role attitudes, Black vs White 18–25 yr olds, 1356
age & sex & racial differences & marital status & strife & familial/familiar ties, offender-victim relationship in homicide-suicide cases, 1972–77, 1529
age & sex & reading ability & socioeconomic status, lateral ear advantage, 6.7–10.7 yr olds, 10032
age & sex & school vs daycare, time perception accuracy, 3–5 yr olds, 5501
age & sex & socioeconomic & marital status, hopelessness, adults, 12858
age & sex & socioeconomic status & race, parent-reported prevalence of behavior problems & social competence, disturbed vs normal Black vs White 4–16 yr olds, 1503
age & sex & somatic complaints, test performance & feelings, 55–75 yr olds, 7754
age & sex & task difficulty, lateralized finger recognition, 3 vs 4 yr olds, implications for cognitive development, 1043
age & sex & throwing arm, accuracy of throwing task, preschoolers, implications for structural development theories of Piaget & R. Schmidt, 980
age & socioeconomic level & sex differences, androgyny, kindergartners through 3rd graders, 7873
age & socioeconomic status & ethnicity & sex, self image disparity, 2nd vs 5th graders, 5573
aggressive suicide, sex & age & method & race, Midwest vs South, 1969–76, 8199
agreement with perceived maternal & paternal educational goals for adolescent & grades & parental education, Black vs White male vs female 6th vs 8th vs 10th vs 12th graders, 12613
alcohol & expectancies & social setting & sex, self reported depression, college students, implications for alcoholism-depression relationship, 7622
altruistic behavior & reputations, male vs female 5th & 6th graders, 7902
androgynous sex role development as adults & sex & age of siblings, male vs female college students, 1193
anesthesiologic vs psychiatric treatment & sex & type of pain, MMPI scores, chronic pain patients, predictive implications, 1677
anticipated discussion & knowledge level of 3rd party, causal attributions, male vs female college student actors vs Os, 1274
anxiety level & motivation & ability & sex differences & formal vs informal classroom environment, academic achievement, primary school students, 8925
anxiety & neuroticism & sex & distributed vs massed practice & trials, digit-symbol coding task performance, college students, 466
appropriateness of shortened form of R. Erickson's S-scale, differentiation between male & female stutterers & stutterers' communication attitudes, 9414
assertiveness & depression, male vs female psychiatric outpatients & college students, 10495
assessor discipline & sex & patient age level & sex, psychiatric diagnosis, clinicians, 13204
attitude & social norms, extramarital sexual behavior intention, males vs females, 12709

attitudes toward appropriateness of jobs for women in Army, male vs female US Army personnel, 11421
attitudes toward infibulation or clitoridectomy or other excision of female sexual organs, male vs female college students, Sudan, 12718
attraction & internal vs external cause of need, allocation of money, male vs female high school students, 10334
authoritarianism & emotions & sex differences & species of nonhumans, attribution of human traits to nonhumans, college students, 8065
ball size & color, catching performance, male vs female 7–8 yr olds, 12505
Basic Rifle Marksmanship Test pre- and post-training application, measurement of attitudes on instructional programs, male vs female army trainees, 11441
beliefs about appropriateness of certain jobs for women in US Army, male vs female soldiers, 6811
bias against males & non-Whites, McCarthy Screening Test, children, criticism of study by W. Umansky & L. Cohen, 9368
bias in McCarthy Screening Test, children, reply to N. L. Kaufman's critique, 9430
blood alcohol concentration, mood variables, male vs female 18–24 yr olds, 3205
body image, male vs female obese patients, 10715
career expectations & demographic & personality characteristics & sex, career exploration, graduate students 7 & 4 mo prior to graduation, 13721
causal attribution & sex & professional status & past experiences, behavioral response to failure, rejected authors, 5844
causal attributions & sex role stereotypes, perception of women managers, 22–61 yr old female managers, 3574
changes in sexual behavior & conceptions of masculinity & femininity, male vs female college students, 13627
characteristics of peer groups, male vs female adolescents, Senegal, 12577
children's sex & temperament & mothers' permissiveness, goodness of fit in mother-child relations, 34–53 mo olds & their mothers, 1153
child's perceptions of mother & mother's social & emotional health, 4 yr old firstborns & their mothers, 1165
child's sex & self esteem, parental behavior, parents of 4 & 5 yr old males vs females, 3520
choice of stimulus rate & self reports vs actual physiological arousal during achievement situation, male vs female Type A vs Type B college students, 762
circumcision, gender differences in human neonatal behavior, 9999
classroom environment & student locus of control & sex differences, teacher ratings of achievement & behavior, 3rd–5th graders in open vs traditional classrooms, 2067
classroom physical vs verbal aggression toward same vs opposite sex, male vs female 6 vs 11 yr olds, 13617
clear vs ambiguous performance criteria, self estimation of performance on task, male vs female college students, 5868
cleft type & age & sex, attitudes toward clefting & own behavior & self esteem, 13–18 yr olds with cleft palate, 8375
client social class & gender, therapist perceptions & attitudes, clinical psychologists, 11122
clomipramine, school refusal & neurotic disorders & depression, male vs female children, 13317
cognitive stage & age & sex differences & intellectual & academic abilities, comprehension of similies & quality judgments, 5–12 yr olds, 12518
cognitive strategies & ability & sex, tennis serves, 18–25 yr old tennis players, 310
conceptions of ideal romantic love relationship, male vs female college students, 12719
conceptual tempo & age & sex, visual discrimination performance, 2.8–5.9 yr olds, 7792
concordance of mental development, same- vs opposite-sex dizygotic twins from 3 mo through 6 yrs old, 12563
concurrent validation of Kahn Test of Symbol Arrangement & EPPS, personality correlates of test scores, male vs female college students, 223
confidentiality & sex differences, interviewee behavior, college students, 8455
construction of Achievement Motives Scale, measurement of motivation to approach success & avoid failure in sports, male vs female swimmers, 2522
construction & validity, test of visual aesthetic sensitivity, male vs female college students vs 11–15 yr olds, 2474
construction & validity of Binge Scale, locus of control & behavioral & attitudinal parameters of bulimia, male vs female college students, 7057
consumer information & education, cognition & choice behavior, male vs female new homeowners, 6904
cooperative vs competitive vs individualistic experiences & sex & ethnic membership & ability differences, interpersonal attraction, Black vs White 7th graders, 5737
correlation between Barron's Ego Strength Scale & Smith's Non-Conformity Scale, female vs male college students, 2500
correlation between Draw-A-Person results & Revised WISC IQs, male vs female elementary school students with academic difficulties, 2201
counselor & client sex role orientation & client problem type & counselor sex, perceptions of counselor effectiveness & attractiveness, female clients, 8665
counselor ethnicity & sex & amount of information provided about qualifications, client preference, Chicano vs Anglo college students, 3956
counselor sex & experience, counseling session return rates, male vs female clients, replication of N. E. Betz & S. L. Shullman's study, 8436
creativity & intelligence & sex & field dependence, problem finding, college students, 2732
cross cultural swearing patterns & sexism in language, 1191
cultural system & socioeconomic status & age & sex, masked depression, 12976
culture & gender differences, cross-sex friendships, 5th graders, US vs Sweden, 7857
dark interval threshold & sex & reading ability & comprehension, 9 yr olds, 10094
days/week of preschool attendance & preschool group & age & sex, play behavior, preschoolers, 10-wk longitudinal study, 8948
degree & type of hearing loss, age & sex & educational placement & use of amplification, hearing impaired public school students, 6781
demographic characteristics including age & social class, diagnosis & treatment of depression, community residents, 1928
demographic characteristics of mother's educational level vs sex vs ethnicity vs source of income, ratings on behavior problems, parents of inner-city children with behavioral problems, 12683
demographic characteristics & professional experiences & perceptions of career-marriage interactions, female vs male psychiatrists, 8772
demographic variables, type of mental disorder, male vs female 6–12 yr old mental health patients, Canada, 8128
demonstrated task-related competence, influence potential in male-dominated groups, male vs female college students, 3599
derivation of Brazilian norms for Szondi Test & comparison with data from other countries, middle class children, Brazil, 2413
description of career by male vs female, ratings of career's advancement potential, female college students, 4480
development & reliability & validity of Feminist Attitudes toward Rape Scale, males vs females, 4798
development & socialization of behavioral sex differences, literature review, 5446
development & validity of male & female versions of sex role behavior & preferences self report inventory, male vs female college students, 4831
dichotic vs binaural speech presentation, recognition of spoken digits, male vs female right handed college students, 11867
differences in self perception & motivation & social support through 7 stages of family life cycle, male vs female adults, 12685
differential construct validity of preschool test battery, White & Black kindergartners, 2196
differential treatment of male vs female clients, psychotherapists, 8183
direct & averted gaze & sex of pictured person, heart rate & skin conductance, male vs female college students, 12264
direct vs indirect & positive vs negative communications & expressions given, actual vs perceived peer appraisal, male vs female 4th–8th graders, 1060
diversity of individual opinions & group discussion, polarization of group position, male vs female college students, 12796
drug abuse prevalence, male vs female medical residents, India, 13049
drug usage & interactions with parents & peers & significant adults, male vs female 7th vs 8th vs 9th graders, 10165
early childhood precursors of adolescent initiation ceremonies, 182 societies, 3406

early loss of parent & life event ratings, 70 yr old males vs females, 7891
early socialization experiences, empathy, male vs female college students, 5839
equitable vs equal reward allocation for sex-appropriate tasks, male vs female college students, 12776
ethnic group & sex & psychiatric diagnosis, Black vs White vs Hispanic psychiatric outpatients, 10455
experience vs no experience with making wire toys & sex differences, ability to abstract features of geometric models & drawing ability, urban vs rural adolescents, Rhodesia, 996
exposure to taped case histories & slides of child abuse, heart rate & finger pulse volume & GSR, male vs female & parent vs nonparent college students, implications for training program for child abuse hotline counselors, 10994
extent & determinants of use of alcohol & inhalants & marihuana & phencyclidine, Mexican American 9–17 yr olds, 5707
eye color, critical flicker frequency & pressure sensitivity, male vs female 16–54 yr olds, 2657
factor analysis & construct validity, sex differences in McCarthy Scales of Children's Abilities, 3–9 yr olds, 241
factor structure, verbal & logical & visuospatial & mathematical ability, male vs female college students, 1050
familial transmission of infantile autism, male vs female autistic children of mean age 6.6 yrs, 10533
family income & sex & familism, locus of control as measurement of fatalism, Anglo vs Mexican American high school students, 1132
family resemblance in accuracy of decoding nonverbal cues & recognition of audio vs visual cue discrepancy vs superior influence of visual cues, 9–15 yr old sibling pairs, 943
family socioeconomic status vs sex vs grade level, self concept, Black 8th–12th graders, 7852
family structure & peer groups & social class & sex as predictors of attitudes about male-female relations, Black unmarried 13–20 yr olds in rural community, 3581
fear & risk & consequences of crime, urban men vs women, 3691
female clients' locus of causal attribution & sex of clinician, judgment of attribution accuracy, clinical psychologists, 1998
fetal heart rate & perinatal & maternal factors, prediction of sex of fetus, 3026
field dependence/independence & creativity & physiognomy, males vs females, 12838
forced attention to specific applicant qualifications, sex & physical attractiveness bias in hiring, college students, 2225
frequency & methods & correlates of college cheating, college students, 8189
frequency of appearance in population & of undesirable behavior & similarity to S in sex & age & race, positive vs negative ratings, college students, 5814
gender-based schematic processing, sex typing, male & female college students, 5685
gender of child & number of family members interacting, nature of parent speech to child, 2 yr olds & their mothers &/vs fathers, 10264
gender & sex role identity, avoidance confrontation of existential issues, male vs female 16–50 yr old psychiatric inpatients, 3810
genetic heterogeneity of reading disabilities, male & female reading disabled children & their families, 3874
geometric figures requiring different levels of processing & handedness & eye preference & sex, visual field advantage, college students, 7431
global vs academic self concept vs need for academic competence, academic achievement, male vs female Black 8th graders, 11224
grade level & sex & achievement, concurrent validity & factor structure of structure-of-intellect measures, 2nd–6th graders, 2464
group leader sex & amount of learning & feelings about self, identification with leader, graduate students, 1765
group performance & leader & rater sex, ratings of leader behavior, college students, 10314
group surveillance & sex, attitude conformity, college students, 12797
habitual use of space, prosocial vs antisocial vs social behaviors, 2.5–3 vs 4–5 yr olds, 10147
handedness & sex & task complexity, hemisphere dominance & visual field form recognition & visuospatial ability, 16–42 yr olds, 7436
handedness & visual thinking, academic achievement prediction, architecture students, 4348
high vs low risk & sex & academic ability & correlation with Rotter's Internal-External Locus of Control Scale, cheating, college students, 13628
high vs low sex guilt, perception of characteristics related to sex guilt, female vs male college students, 3580
high vs low status & same-sex vs mixed-sex competition, RT performance & group vs personal goals & achievement motivation & anxiety, college students, 8022
human sex differences, word meanings & behavioral labeling, college students, 1289
hypnotic suggestibility, performance on gestalt closure vs disembedding vs visualization tasks, male vs female high school vs college students, 12000
incidence of anorexia nervosa, 10693
incidence of psychiatric treatment for mental disorders in 1966, male vs female 15–19 yr olds, British Columbia, 1659
increase in alcohol-related problems among women & differences between male & female alcoholics, 6044
individual & organizational correlates, refusal of seniority-based promotions, production employees of average age 36.7 yrs, 11416
infant & O sex & O experience with young children, ratings of infants' emotional arousal, college students, 5688
institutional vs home rearing environment & sex differences, level of syntactic usage, Down's syndrome 6–12.7 yr olds, 8284
intelligence test performance & area of success predicted by performance & performer's sex & charm, liking of performer, male vs female college students, 3658
intelligence & visual-motor performance & personality traits & age & race & sex differences, juveniles petitioned vs not petitioned to stand trial as adults, 4189
interpersonal consequences & cooperative vs solitary task, evaluation of hypothetical actor's task achievement & outcome attributions & moral judgment, male vs female college students, 1214
introversion & sex, Rorschach experience balance, psychiatric patients, 3822
intruder sex & saliency & place of personal space invasion, emotional reactions & speed of flight from invasion, male vs female Ss, 3597
invariance of factor structure of Metropolitan Readiness Tests, Black vs White male vs female 1st graders, 4453
language & sex, ambiguity in Thematic Apperception Test, college students, Philippines, 2546
leader & group member sex, group satisfaction & productivity & leader role comfort & perceived competency in male vs female oriented task, college students, 5721
level of achievement demands, dissociation of sympathetic- & pituitary-adrenal arousal, Type A vs Type B male vs female college students, 7531
locus of control & moral reasoning & socioeconomic status, male vs female Hausa adolescents, Nigeria, 7880
locus of control & sex, internal vs external attribution for failure, college students, 3647
locus of control & stages of moral reasoning, male vs female 16–19 yr olds, Nigeria, 3436
low doses of ethanol, RTs, male vs female college students, 9967
male vs female audience & novice vs expert players, squash performance, squash players, implications for R. B. Zajonc's drive hypothesis, 2210
manager & assignee sex, assignment of stimulus person to dull vs challenging task, banking executives & college students, 13757
marital adjustment & sex, quality of nonverbal communication, spouses, 5650
marital happiness & life satisfaction, global happiness, Black vs White males vs females, US, 12665
marital status & sex & other characteristics & frequency of manic depressive illness, poor urban Blacks, 3788

sex, values & vocational preferences, student teachers, 11141
sex, verbal vs visuo-spatial alphabet task performance, college students, implications for hemispheric specialization, replication of study by M. Coltheart et al, 9774
sex & age differences, personality dimensions, urban 70 & 45 & 16 yr olds, 12605
sex & age differences, psychogenic needs as measured by Cesarec-Marke Personality Schedule, urban 70 & 50 & 16 yrs olds, 12604
sex & age distribution among suicides, Denmark, 1835 to present, 3847
sex & age & education & religious affiliation, attitudes toward euthanasia & suicide, adults, 3705
sex & age & left vs right visual hemifield stimulation, accuracy & vocal RT, right-handed 5–11 yr olds, 5534
sex & age & locus of control & self esteem, estimates of college grades, 18–35 yrs & older college students, 13595
sex & age & presentation order of stimulus person, stereotyped trait attributions, male vs female college students, 1270
sex & age & procreation stage & educational level, fear of death, 16–83 yr olds, 3424
sex & age & race, adult mental health recidivists, 6513
sex & age & socioeconomic status, attitudes toward school & self & peers, 5th graders, 4355
sex & attitudes toward aged, advice giving to aged person, graduate students, 1070
sex & attractiveness & content of self disclosures, perception & evaluation of disclosing Ss, college students, 1272
sex & birth order, creativity, siblings, 5484
sex & bodily contact, reactions to crowding, college students, 5758
sex & cerebral dominance, discriminative RT to facial emotions, college students, 5220
sex & child's perception of & actual maternal disciplinary practices, moral judgment development, 12–15 yr olds, 1087
sex composition, cooperative problem solving with communication via teletypewriter, dyads, implications for natural language computer design, 2275
sex & conflict manipulation of Piagetian task, moral judgments, preschoolers vs 4th vs 5th graders, 3449
sex & crowded dormitory conditions, values & expectancies of privacy & coping behavior, college freshmen, 2297
sex & degree of prior control over aversive stimulation, learned helplessness, high school & college students, 7843
sex differences, academic locus of control, 3rd–5th graders, 13619

sex differences, asymmetry in facial expressions, college students, implications for hemispheric asymmetry in control of emotional expression, 12190
sex differences, attitudes toward working mothers, teachers vs administrators vs pupil personnel workers, 6646
sex differences, attributions of motivation & personality traits to actors & observers, college students, 3672
sex differences, best-friend relationships, adolescents, 7895
sex differences, cerebrospinal fluid prolactin levels, lobotomized vs nonlobotomized chronic schizophrenics with mean age of 45.4 yrs, 13189
sex differences, changes in attitudinal vs behavioral rigidity, male vs female 68–90 yr olds, longitudinal study, 7911
sex differences, conservation of numbers as kindergartners as predictor of arithmetic achievement, 2nd graders, longitudinal study, 6682
sex differences, depression, 19–91 yr old spouses in dual vs single worker families, 5641
sex differences, dominance behavior toward & from opposite-sex coworkers & superiors, university employees, 6809
sex differences, eroticism & romanticism, Black vs White college students, 10164
sex differences, foot size asymmetries, right handed 7 & 11 & 15 yr olds, 12466
sex differences, intellectual development, 10–13 yr olds who had vs had not experienced change in home vs school situation, 7774
sex differences, intellectual functioning & language arts & reading achievement & emotional development, 7th graders, 7768
sex differences, intimacy motivation, high school students, 12598
sex differences, job involvement & attitudes toward women as managers, professional vs managerial vs nonmanagerial personnel, Northern Ireland, 6855
sex differences, masculinity & femininity & verbal vs spatial ability & stress reactions, college students, 3678
sex differences, mental health referral practices & voluntary vs involuntary disposition, referred clients, 4143
sex differences, nonclinical depression, graduate students, 10392
sex differences, perceptions of desired occupational rewards & availability & match between own abilities & occupational requirements, college students majoring in business vs education, 6815
sex differences, perceptions of factors influencing male or female best friend relationships, college students, 1211
sex differences, personality traits & cognitive style & academic achievement & perceptual motor skills, learning disabled special education students with mean age 12 yrs, 10611
sex differences, preferences for aggression vs nonaggression & partial fantasy vs reality vs fantasy in TV shows, 7–15 yr olds & fathers, Pakistan, 3226
sex differences, prevalence of psychiatric disorders, West-Indian vs Irish-born immigrants, England, 12940
sex differences, pre- vs postmatch anxiety, badminton tournament winners vs losers, 6799
sex differences, psychological & vocational sex role stereotypes, Anglo vs Hispanic kindergartners, 10157
sex differences, rating dominant vs communal acts as socially desirable & performing acts of dominance, college students, 12738
sex differences, reactions to children's cross gender verbal behavior, teachers vs college students, 10284
sex differences, recall of letters &/vs letter positions, 8–11 yr olds, Ghana vs Scotland, replication of study by R. V. Kail & A. W. Siegel, 3500
sex differences, recognition of emotional vs nonemotional words in right vs left visual field, 19–30 yr olds, 12208
sex differences, Revised WISC scores, 6–16 yr old gifted students, 1014
sex differences, self esteem & performance expectancies, married couples, 3532
sex differences, social attitudes, 10–12 yr olds & college students, Japan, 5592
sex differences, spatial ability, literature review, 679
sex differences, spatial perception, 12–16 yr olds, Ghana vs Scotland, 5502
sex differences, spontaneous vs enacted encoding & decoding of nonverbal emotional messages, college students, 1262
sex differences, Strong-Campbell Interest Inventory twin occupational scales scores, 7040
sex differences, use of psychotropic drugs & help seeking behavior, women vs men, 1201
sex differences, utilization of health services for psychiatric problems, men vs women, Canada, 1893
sex differences, utilization of mental health services, 10992
sex differences, verbal & spatial cerebral lateralization & degree of symmetrical organization, literature review, 5226
sex differences & activity & time of day, subjective experience of freedom in daily life, 19–65 yr olds, 3679
sex differences & anxiety level & achievement motivation & formal vs informal classroom environments, classroom behavior, 10–11 yr olds, 8951
sex differences & auditory stimulation, behavioral responsiveness, Black not yet circumcised males & females, 12251
sex differences & cloze test & mathematics pretest performance, course grades, graduate students in educational statistics courses, 13615
sex differences & coeducational vs one-sex schools, science & reading achievement & attitudes, 14 yr old students, US & Sweden & England, 4335
sex differences & cultural variations, perception of Mueller-Lyer illusion, Hindu vs Muslim 17–21 yr olds, Ind, 4902
sex differences & erotic vs nonerotic contact, sexual intercourse with patients, psychologists, 8778
sex differences & familial vs nonfamilial dextrality vs sinistrality, WAIS performance & word/nonword & face discrimination, college students, 12193
sex differences & high vs low self concept & attitude toward school, change when transferred from primary to secondary school, 5–13 yr olds, 8927
sex differences in cognitive style, nomadic vs transitional sedentary Birhors vs agricultural Oraons vs urban 4–5 & 7–10 yr olds, India, 10192
sex differences in General Certificate of Education entry statistics & success rates, 1951–1977, Great Britain, 6772
sex differences in mathematical reasoning, gifted 7th–10th graders, implications for environmental influences, 10019
sex differences in treatment & roles & lives of females, chronically mentally ill, 10532
sex differences & lack of occupational training & religious affiliation & psychiatric problems in family, prevalence of psychosomatic & neurotic syndromes, 19–20 yr olds, Switzerland, 12944
sex differences & language, literature review, 7724
sex differences & left vs right occipital locations & reading vs TV vs resting vs imagining vs counting, EEG rhythms, college students, 7501
sex differences & minor psychiatric morbidity, employee absenteeism, workers, 13771
sex differences & parental influence, involvement in sports, 9–11 yr olds, 5567
sex differences & participation in performance monitoring & reinforcement, achievement, 6th grade social studies students, 6699
sex differences & patient's self reported levels of symptom distress, psychiatric ratings of symptom severity in male vs female patients, 3rd-yr medical students on psychiatric rotation, 10448
sex differences & personality & attitudes vs room's physical characteristics & social situation, spatial behavior, college students in double-occupancy residence rooms, 5755
sex differences & personality traits & demographic characteristics & publication rate & citations, attainment in academic psychology, personality & social psychologists, 8777
sex differences & sex role stereotyped behavior & attitudes, aged, 1071
sex differences & victim's provocativeness & physical attractiveness & respectability, attribution of responsibility to rape victim & length of sentence recommended for rapist, graduate students, 8044
sex & emotional empathy, rating of defendant's actions in simulated trial, college students, 5664
sex & employment & education & social class, psychological symptom levels, 20–60 yr olds, England, 1413
sex & environmental choice & control in community care settings, elderly patients, 11016
sex & ethnic & socialization differences, early drug use, Black vs Puerto Rican inner city 7th graders, implications for socialization into drug use causal model, 1107
sex & external vs internal locus of control, anxiety level, college students, 12878
sex & eye color & shape complexity & symmetry, rated pleasantness of visual shapes, college students with blue vs brown eyes, 11851

sex & fear level, snake approach behavior, college student dyads, 2809
sex & field dependence & percentage overweight, visually based food preferences & amount eaten, college students, 3677
sex & field independence & spatial & communication skills, deaf college students, 3929
sex & fraternity/sorority membership & religiosity, extramarital sexual attitudes, college students, 10292
sex & gender, language differences, 1195
sex & generational differences, perception of other persons, 11–89 yr olds, 7901
sex & grade level & ethnicity & nonverbal problem-solving ability & socioeconomic status, oral language performance, reading disabled 2nd vs 4th vs 6th graders, 6075
sex & handedness, visual field organization for categorization task, right handed vs left handed males vs females, 359
sex & handedness & presentation of letters to right vs left vs center of visual field, verbal vs visuospatial recall indicating hemispheric asymmetries, 18–23 yr olds, 7443
sex & health status & rural vs urban residence, death anxiety & euthanasia attitudes, college students & healthy vs life-threatened 60–97 yr olds, 12847
sex & hemispheric differences, novel task performance requiring detection of changes in sequence of neutral stimuli, college students, 11733
sex & high vs low fear conditions, affiliation motivation, Mexican vs Anglo American 10th–12th graders, 1083
sex & home economics vs physical education major, assignment of ideal male vs female traits, college students, 3576
sex & household size & education & demographic characteristics, allocation of time to leisure activities, heads-of-households, Norway vs United States, 12621
sex & interference of pathology, developmental progression groupings, mid-latency children, followup of nursery school study, 5571
sex & interpersonal relationship & instructions regarding criteria in reacting to personal space encroachments, affective reactions, college students, 1219
sex & introversion-extraversion, field dependence, college students, 5842
sex & iris pigmentation, response to pupillary attributions of happy & angry faces, male vs female college students, 3667
sex & language spoken at home & self concept, extent of alcohol vs marihuana vs inhalant vs phencyclidine use, 9–17 yr old Spanish Americans in housing project, 12602
sex & length of service, role expectations, 20–40 yr old rural vs urban high school teachers, 2081
sex & length & phase of menstrual cycle, magnitude estimation of sucrose pleasantness & sweetness & feeding behavior, college students, 5-wk longitudinal studies, 754
sex & life events, hypochondriasis & sick role & symptoms, married couples, 8376
sex & locus of control & other affective characteristics, evaluations of instructors, graduate students, 4369
sex & locus of control & sexual influence stereotypes & sexual experience, unmarried college students, 12717
sex & lower vs middle class, self esteem & locus of control & perception of classroom social climate, 4th–8th graders, 11247
sex & major & school year & academic performance, factors of satisfaction with instruction, college students, 8942
sex & marital status, mental illness, criticism of W. R. Gove's theory, 3779
sex & marital status & relevance to self, ratings of life experiences, male vs female 70 yr olds, Sweden, 5879
sex & method of testing, field dependence, college students, 7207
sex & moral character of defendant, jury verdict, high vs low authoritarian male vs female college students, 1215
sex & nature of task, motivation & performance in intellectual setting, 17–18 yr olds, 12503
sex & neutral vs negative imagery & perceived emotionality of faces, right hemisphere superiority for discriminating memorized from nonmemorized faces, college students, 9781
sex & occupational level & wage-earner status, job satisfaction, county employees, 4556
sex of actor & rater, humor ratings of sex stereotyped jokes, college students, 12786
sex of felon, degree of criminal stigmatization, male vs female college students & heads of household, 3856
sex of interviewer & alcohol, mood & eye contact, male vs female 19–30 yr olds, 12384
sex of juror & verdict & congruence vs incongruence between juror & confederate verdicts, confidence of juror in verdict, male vs female college students, 5743
sex of majority vs minority influence source, conformity of opinion on male vs female related statements, male vs female college students, 12761
sex of parent & child's responsiveness to discipline, disciplinary techniques, parents of male vs female children of mean age 55.7 mo, 12677
sex of S & actor, sociometric schemata mapping choices & probability of liking, 17–20 yr olds, 3601
sex of S & other person & acquaintance between them, convergent validity & correlations between personal space measures, college students, 191
sex of S & seminar leader & topic of seminar, choice of seminar & rating of leader, male vs female college students, 5692
sex of Ss & stimulus face & presentation to left vs right visual field, facial recognition, right handed college students, 11725
sex of target & assertive vs passive behavior, prediction of behavior & personality rating along sex stereotypic trait dimensions, college students, 8048
sex of viewer vs viewed, recognition & attractiveness rating of Canadian vs British faces, males vs females, Canada, 12816
sex & parental socialization & need for achievement & affiliation & job & family involvement preferences, prediction of traditional vs egalitarian marriage preference, college students, 3531
sex & political orientation, sex role stereotyping awareness & attitudes & behaviors, kindergarten through high school teachers, 6634
sex & prior knowledge, agreement with attitude discrepant vs congruent evaluations & influenceability, college students, 12790
sex & psychosocial maturity, assertiveness, college students, 12584
sex & race & psychiatric diagnosis, serum creatine phosphokinase levels, Black vs White 2–14 yr old psychiatric patients, 5903
sex & race & region, methods of suicide, test of theories of lethality of intent & different socialization with firearms, 3858
sex & racial minority status & social position & intelligence & behavior differences, 2nd graders physically separated from classmates by teacher for disciplinary reasons, 6715
sex ratio & gender differences & demographic variables, depression, adults responding to questionnaire, 10456
sex ratios, siblings of psychiatric patients, 1433
sex role adoption & selection of sex appropriate toys, play behavior, male vs female 4–6 yr olds, 12595
sex role orientation & self reported assertiveness, male vs female college students, 12721
sex & role & sex role in linguistics, 1187
sex roles & family relationships, male vs female adolescent offspring of chronic schizophrenic mothers, 10465
sex roles & family & society, literature review, 10220
sex roles & relative power, evaluation of tenant movement, male vs female participants, 7918
sex role stereotyped behavior, male vs female central characters on prime-time TV, 7989
sex & sentence cues with male vs female stimulus person succeeding vs failing in occupations with varying sex domination, approach & avoidance imagery, college students, 2220
sex & sex role attitudes, role model influence on choice of college & career, college students, 1186
sex & sex role & occupational sex composition, interest & perceived personal success in lawyer as occupation, male vs female college students, 13705
sex & sex roles & sex role attitudes, self acceptance & confidence & well being & depression & anxiety, college students, 1194
sex & sex role stereotypes, cognitive development & spatial ability, Chinese 10 vs 13 vs 16 yr olds, Hong Kong, 12512
sex & single parent vs reconstituted vs intact family structure, attitudes toward marriage & divorce & marriage roles, 15–17 yr olds, 10152
sex & size & score of self drawing & IQ, self concept, mentally retarded 11–22 yr olds, 1544
sex & social class differences, vocal range & pitch, children, literature review, 3396
sex & socioeconomic class & symmetrically vs asymmetrically designed numerals, perceptual comprehension of numerals, kindergartners vs 1st graders, 990
sex & socioeconomic status, moral development, 6–7 vs 9–10 vs 12–13 yr olds, Philippines, 3423
sex & socioeconomic status & CA & IQ, Lock Box performance, mentally retarded vs normal 2–7 yr olds, 6072

sex & subtype & verbal reward vs punishment, discrimination learning, delinquents, 10571
sex & Type A behavior & low masculinity sex role orientation, social self esteem & anxiety & depression, college students, 3681
sexuality duality & religion & mythic imagination, 12640
sexual performance & sexual & social confidence & social acceptance & feelings of general ability, self esteem, male vs female college students, 7995
sex & urban vs rural residence & age & geographic locale, prevalence of mild mental retardation, Anglo vs Black vs Mexican American vs Papago Indian 1st–9th graders, 6087
sex & various aggressive behaviors under different circumstances, moral approval, 17–68 yr olds, 3713
sex vs cross cultural differences, speech pitch in expressions of politeness, Japanese vs English speaking male vs female 23–46 yr olds, 12433
sex & words resembling vs not resembling color words, sorting by color in Stroop task version, 4998
sex & working vs nonworking mothers, sex role stereotyped vs neutral categorization of activities, 1st vs 2nd graders, 5563
situational stress & sex, interpersonal distance preference, college students, 3645
social class & sex, vigilance & motor inhibition, 4–7 yr olds, 10075
social class & sex & in- vs outpatient status, patterns of psychopathology, 12–18 yr olds, 6020
social conditions & matriarchal families, alienation from school & society, male vs female Black high school students, 11258
social density & wall posters & sex & group composition, anagram solving & perception of self vs physical vs social environment, college students, 1275
social desirability in responding, female vs male adults, experimental replication, 4699
social desirability & sex, self reported fears, college students, 3680
sociocultural class, different psychiatric morbidity, male vs female psychiatric patients, France, 4004
sociocultural deprivation & sex, anxiety & social adjustment & achievement motivation, 17–20 yr olds, 5569
sociodemographic variables, adjustment to new culture, 18–70 yr old American immigrants, Australia, 5610
socioeconomic group & work experience & sex, leadership preferences, Chile, 13752
socioeconomic status & demographic characteristics, schizophrenia vs affective psychotics vs neurotic outpatients, India, longitudinal study, 1493
socioeconomic status & father's absence & family size & birth order, conceptual style preference, male vs female 6th graders, Jamaica, 976
socioeconomic status & sex & high school educational climate & academic involvement & contact with university faculty, orientations toward scientific & scholarly careers, college freshmen, 1968–1969, 4366
sounds of female victim, male vs female bystander response to rape, college students, 6051
spatial & social density & humor type & sex, humor appreciation, 11–12 vs 14–15 vs 17–18 yr olds, 10181
S sex & weight & model sex & amount of model eating, eating rates, obese vs normal college students, implications for externality hypothesis of obesity, 1569
standardization of Minnesota Rate of Manipulation Test & Hayes Peg Board task, personnel selection for packing section in soap factory, 7097
standardization of Revised Children's Manifest Anxiety Scale, 6–19 yr old male vs female Blacks vs Whites, 4817
S & target sex & immediate vs delayed disclosure of stimulus person's homosexuality, stereotypical & sociometric ratings, college students, 1267
statistical vs literary approach, assessment of findings on sex differences in conformity behavior, critique of H. M. Cooper's analysis of literary reviews of E. E. Maccoby & C. N. Jacklin & A. H. Eagly, 5722
student physical attractiveness vs grades vs ability ratings by teachers vs test scores, male vs female 6th–8th graders & 10th grade males, 13624
S & TV newscaster sex, broadcast retention & newscaster believability, 3rd–5th graders, 5587
subjective stress during maintained eye contact with opposite sex partner in interpersonal experiment, male vs female Ss, 12755
surveillance & power assertive vs inductive vs neutral appeal for sharing, altruistic behavior, male vs female 2nd & 3rd graders, 10179
survival of myocardial infarction, state & trait anxiety, female vs male coronary patients, implications for liaison psychology services in coronary care units, 6117
syntactic-semantic productions of male vs female speakers, receiver perceptions of speakers, college students, 3247
target & discloser sex & timing of self disclosure, judgments of discloser's likeability & mental stability, college students, 5756
tasks & occupations, sex typed values, male vs female high school & college students, 12574
teacher presence & play activities, sex-typed play behavior, male vs female 40–62 mo olds, 12611
teacher ratings of child as withdrawn & aggressive & likeable & peer ratings of acceptance, male vs female 3rd–5th graders, 11366
teachers' expectations & students' self concept & sex, motor performance expectations, 3rd & 4th graders, 2141
teacher & student sex & sex role orientations, student ratings of course progress & instructor, college students & instructors, 2135
temperature of weights & body region & body side, perception of weights, males vs females, 11762
tendency toward personal vs internal vs external vs environmental attributions, attitudes toward rape & social perception of victim's causal role, female vs male college students, 1295
thematic content of graffiti, male vs female attitudes, 12783
therapist-client compatibility & therapist sex, therapeutic outcome, college students, 1723
therapist sex & clinical experience & theoretical orientation, affective reactions to & management of psychotherapy termination, psychotherapists, 2013
topic of conversation & sex composition of dyads, ratings of affective tone of conversation, college students, 12765
transient neonatal symptoms, later intellectual & behavioral functioning, male vs female 10–11.9 yr olds, 12464
Type A behavior & personality traits, male vs female college students, Sweden, 5870
types & rates of mental disorders & psychiatric treatment, female patients, 1645
types & rates of mental disorders & psychiatric treatment, female patients, reply to M. Johnson's criticism, 1646
types & rates of mental disorders & psychiatric treatment, human females, criticism of W. Gove's paper, 1651
validity of Arabic version of MMPI Masculinity-Femininity scale, male vs female college students, Kuwait, 11693
validity of Personal Attribute Inventory in measurement of self concept & personality profiles, female vs male college students, 2483
validity of preschool assessment instruments, prediction of 1st grade achievement, male vs female kindergartners, 13691
validity & reliability of Acting out-Mood-Learning scale, measurement of emotional & learning problems, male vs female 4 yr olds in Head Start program, 155
validity & reliability of Levenson Locus of Control Scales, male vs female college students, 4806
verbal vs imaginal cognitive strategies, inhibition of emotional arousal, male vs female college students, 7281
verbal vs visual presentation of sex stereotyped stimuli, pupillary responses, male vs female college students, replication of E. H. Hess & J. M. Polt's report, 2647
vertical &/vs horizontal background patterns, prediction of object's directionality, female vs male 6 yr olds, 3379
victim's need & previous accusation of theft & sex differences, bystanders' reactions to theft, college students, 8042
viewer & interactant sex & viewer age & facial expression & stimulus realism, perception & evaluation of aggression, 3rd & 5th & 7th & 9th & 11th graders & college & graduate students, 1088
viewing antimale vs antifemale sexual cartoons, verbal & heart rate & skin conductance responses, male vs female college students, 12272
weight & sex, eating behavior, 6–70 yr olds, 10402
wishes, male vs female 4th–7th grade gifted students, 10168

Humanism

examination of personality & writings & humanistic philosophy of T. More, 11544
humanistic futures research, 4644
humanistic strategy for study of Black's self definition, 2368
merging of humanistic trends with verification procedures of experimental parapsychology, replicability of experiments, summary of symposium papers, 11536
theoretical model, humanistic counseling research, 99

Humor [See Also Cartoons (Humor), Jokes]
anxiety & humorous vs nonhumorous test, test performance, college students, 11399
equity of retaliation in insults & relative status of participants & popularity of victim in disparagement jokes, ratings of funniness & degree of resolution & incongruity, female college students, 5833
humor & test anxiety, performance vs worry vs emotionality, college students, 8812
level of self monitoring, humor production, college students, implications for control of affective display & interpersonal skills, 1350
ratings of humorous vs violent vs factual vs affective interpersonal relationship passages in English vs Filipino, bilingual 16–22 yr old college students, Philippines, implications for translator training, 3241
sex of actor & rater, humor ratings of sex stereotyped jokes, college students, 12786
spatial & social density & humor type & sex, humor appreciation, 11–12 vs 14–15 vs 17–18 yr olds, 10181
teaching creativity through metaphor & humor, 2107
Hungary
assessment & management, mental retardation, Hungary, 8629
collective educational setting vs rural nuclear family, development of role taking & competitive & cooperative behavior, 6–8 yr olds, Hungary, 3422
history & current status & future trends of ergonomics, Hungary, 4584
Hunger
brain-stimulation reward & feeding, neuronal activity, rhesus & squirrel monkeys, 3003
dextroamphetamine small vs moderate doses, hunger & mood & arousal, 22–32 yr old females, 7657
duration in communication by cries, infants, 3380
hunger, predatory behavior, 180–365 day old cats, 12088
iv 2-deoxydextroglucose, hunger & thirst ratings & solid-food & water intake & plasma epinephrine & glucose levels, 19–25 yr old males, 5414
level of energy intake, salivation vs hunger vs appetite, 17–68 yr old obese female dieters, 9839
low vs high intensity of hunt & hunger, hunting success rate, raptors, 9725
Huntingtons Chorea
genetic counseling, decisions about childbearing & marriage, people at risk for Huntington's chorea, 4130
hereditary aspects, abnormal skin conductance responses as evidence of limbic dysfunction, Huntington's chorea patients & 1st-generation asymptomatic offspring, 8341
homovanillic acid & MAO activity in cerebral cortex & basal ganglia, Huntington's disease patients, implications for primary aminergic lesion, 10703
spatial vs visual reversal learning, 20–72 yr old patients with Korsakoff's syndrome vs Huntington's disease vs aphasia vs alcoholism, 8108
time out contingencies & positive reinforcement & shaping, behavior disorders, 16 yr old female with Huntington's chorea, 10907
2-choice visual discrimination learning, 25–72 yr old patients with Korsakoff's syndrome vs Huntington's disease vs Broca's aphasia vs alcoholism, 8109
Husbands
alcoholism & depression in women, family problems, husbands, West Germany, 3843
behavioral program with vs without spouse participation, weight loss & maintenance of loss, overweight females, 3- & 6- & 12-mo followups, 1813
educational & occupational status inconsistency & incompatibility, life & marital dissatisfaction, husbands & wives, 12667
husbands' perceived attitudes toward wives' working, early employment attitudes & behavior of wives, 14–24 yr old wives, 12684
incidence of child abuse & inclusion of husbands in family treatment, battered females in aid houses, 6475
masculinity & femininity & androgyny, influence on marriage, 22–52 yr old married males vs females, 3545
personality & marital satisfaction & divorce, married vs divorced males vs females, 12661
preferences & perceptions of communication styles, husbands & wives, 3528
Hybrids (Biology)
humanness/animality & unpleasantness & incongruity ratings of mythological hybrid figures, college students, 2626
isolation at 3 vs 17 vs 25 days of age in comfortable vs uncomfortable conditions, vocalizations indicating separation distress, beagles vs Telomians vs reciprocal F_1 hybrids, 3069
Hydrocephaly
family coping with diagnosis & child's self image & self experience & parents' marriage, adolescents with hydrocephalus & spina bifida, 13150
hydrocephalus & spina bifida, distinguishing the "cocktail party" syndrome, 5 yr olds, 2- & 5-yr followups, literature review, 8377
Hydrocortisone
cortisol & ACTH levels, affective & cognitive & biological impairments, Cushing's syndrome patients, 10734
cortisol levels in cerebrospinal fluid, depressed vs suicidal vs obsessive compulsive vs normal patients treated vs not treated with clomipramine, 1491
dexamethasone suppression test, measurement of hypothalamic pituitary-adrenal axis activity, 18–65 yr old depressed vs nondepressed patients, 1481
dexamethasone suppression test as prognostic indicator, depressed male 30 yr old & female 42 yr old, 8568
dextroamphetamine sulfate, suppression of plasma cortisol levels, hospitalized depressed patients, 1871
hydrocortisone, norepinephrine & serotonin & dopamine reuptake in hypothalamus, male rats, implications for clinical study of depression, 7669
hydrocortisone acetate vs deoxycorticosterone acetate, alcohol consumption, C57BL/Crgl vs C3H/Crgl/2 mice, 9935
inactivity vs strenuous mental work, catecholamine & cortisol excretion & heart rate, Type A vs Type B male college students, 763
isolation vs presence of mother vs peer from same vs different social group, plasma cortisol levels & agitated behavior & physical contact & vocalization, mother-reared rhesus monkeys captured from their social groups, 7404
level of achievement demands, dissociation of sympathetic- & pituitary-adrenal arousal, Type A vs Type B male vs female college students, 7531
monotonous vigilance vs various undemanding vs self paced RT vs color-word conflict tasks vs non-engaging movie, adrenal & noradrenaline & cortisol excretion levels & distress & effort, 18–34 yr old college students, 9818
periods of inactivity vs strenuous mental work, catecholamine & cortisol excretion & heart rate, Type A vs B male college students, 1315
physostigmine, mood & behavior & elevations in plasma cortisol & beta-endorphin, normal volunteer Ss, 5402
specificity & sensitivity of dexamethasone test for endogenous cortisol hypersecretion, endogenously depressed patients, 12939
total & plasma free tryptophan & plasma cortisol & blood serotonin level, hyperactivity, 5–15 yr old hyperactive vs learning disabled children vs normal siblings, 13097
weight & mood & dexamethasone suppression test results & norepinephrine metabolism, anorexia nervosa patients, 3908
Hydroxydopamine (6-)
age & fluphenazine & haloperidol & dextroamphetamine & norepinephrine & GABA & 6-hydroxydopamine & reserpine, spontaneous discharge of cerebellar Purkinje neurons, male rats, 7670
atropine methyl nitrate vs 6-hydroxydopamine hydrobromide, differential classical conditioning of eye-blink & heart rate, rabbits, 9911
bilateral lesions of locus coeruleus & 6-hydroxydopamine, involvement of alpha-adrenergic receptors in postdecapitation reflex, rats, 3078
dextroamphetamine vs apomorphine & 6-hydroxydopamine injections into anterolateral hypothalamus vs mesolimbic & anterior striatal terminal fields, locomotor activity, male rats, 7641
electrical stimulation of substantia nigra & electrolytic vs 6-hydroxydopamine lateral hypothalamus lesions, rotation, female rats, 12308
hypothalamus & ventral tegmental area injections of 6-hydroxydopamine, 2-deoxy-dextroglucose incorporation, male rats, 3185
intranigral 6-hydroxydopamine & denervation, dopamine receptors & adenosine cyclic monophosphate & dopamine content in caudate nucleus, male rats, 5315
kainic acid, body temperature, normal vs 6-hydroxydopamine vs 6-hydroxytryptamine-treated vs dorsal vs medial raphe-lesioned male rats, implications for role of catecholaminergic & serotonergic systems on central thermoregulation, 9969

lesions & dosage level of 6-hydroxydopamine in locus coeruleus with vs without desmethylimipramine, sexual behavior & catecholamine depletion & midbrain damage, male rats, 7556
lesions of medial prefrontal cortex using 6-hydroxydopamine alone & with desipramine pretreatment, spontaneous motor activity & dextroamphetamine induced stereotyped behaviors & norepinephrine & dopamine turnover, male rats, 834
maternal &/vs sibling presence vs isolation, hyperactivity produced by neonatal 6-hydroxydopamine, rat pups, implications for human hyperactivity, 12311
mesolimbicocortical dopamine terminal field denervation by hypothalamic 6-hydroxydopamine injections & desmethylimipramine & apomorphine & clonidine & pimozide, locomotor & exploratory behavior, rats, 5367
neonatal 6-hydroxydopamine, hyperactivity & avoidance performance, rat pups reared with treated &/or nontreated littermates, 919
unilateral 6-hydroxydopamine injections into lateral hypothalamus, paw preference, male rats, 7702
unilateral 6-hydroxydopamine injections into substantia nigra vs caudate nucleus, paw preference, male rats, 7692
6-hydroxydopamine & adrenal enucleation, differential classical conditioning of somatic & cardiovascular changes, rabbits, 9855
6-hydroxydopamine & desmethylimipramine vs dextroamphetamine vs methylphenidate vs scopolamine, brain dopamine & norepinephrine levels & hyperactivity, newborn vs infant rats, 7678
Hydroxylases
dopamine-beta-hydroxylase & MAO activity, schizophrenics vs their 1st degree relatives vs hospital workers, 10473
minor physical anomalies & obstetrical history & newborn dopamine-beta-hydroxylase, irritability & unsociable response & activity levels, infants at 5 mo & 1 yr, 12468
serum dopamine-beta-hydroxylase, schizophrenics, 5982
Hydroxytryptamine (5-) [See Serotonin]
Hydroxyzine
hydroxyzine treatment at 10–29 vs 23–29 days of age, delayed spontaneous alternation behavior, male rats, implications for pediatric psychopharmacology, 3180
Hygiene [See Health]
Hyoscine [See Scopolamine]
Hyoscyamine (dl-) [See Atropine]
Hyperactivity [See Hyperkinesis]
Hyperkinesis
amphetamine, surrogate stimulus huddling, preweanling rats, implications for amphetamine treatment of hyperkinetic children, 9670
animal models of developmental disorders including hyperkinesis, 10428
appeal of distractor, arithmetic performance, 7–10 yr old hyperactive vs normal males, 10576
artificial food coloring, hyperactive 8–13 yr old males, 13158
behavioral approaches for management & treatment, hyperactive children, literature review, 13188
behavioral effects of artificial food coloring, hyperactive children on Feingold diet, 13130
behavioral feedback procedure, reduction of nonattending behavior, hyperactive 6–8 yr old males with vs without attentional deficits, 1823
behavior & environment & medication in diagnosis & treatment of hyperactive children, evolutionary model, 8351
biofeedback-induced relaxation training, locus of control & self concept, hyperactive adolescent males, 1811
carbamazepine, overactivity, severely & profoundly mentally retarded overactive adult patients, 10936
child's socioeconomic status & race/ethnic group, hyperkinesis attributed to Black vs White vs Mexican-American 8 yr old males, parents & elementary teachers & school psychologists, 11398
chronic lithium treatment, failure to inhibit amphetamine induced stereotypy & hyperactivity & hypothermia, rats, 879
cognitive modeling, impulsivity as measured by Matching Familiar Figures Test, hyperactive vs normal 5th & 10th graders, 6114
coronary artery bypass surgery & Type A behavior, blood pressure vs aggressive content vs job commitment, adult patients, 10975
cultural differences in teacher ratings of hyperactivity using Conners Abbreviated Symptom Questionnaire, normal & learning disabled 5.9–13.11 yr olds, Israel, 6769
desk arrangement in classroom to minimize inappropriate behavior, 8937
drug therapy & alternative treatments, hyperkinesis, children, literature review, 1683
ethanol, behavior change vs body temperature vs brain histamine, male mice, 12392
factor analysis of primary symptoms of minimal brain dysfunction/hyperkinesis, variance due to information sources, 4–12 yr old males, 6144
family structure & behavior patterns, learning disabilities with vs without hyperactive syndrome in offspring, male 5–12 yr olds, 6074
feedback for correct detections & false alarms, vigilance task performance, hyper- vs hypoactive 6–10 yr olds, 1607
Feingold diet, hyperkinesis, children, 8386
food dyes, impairment of performance, hyperactive children, comments on study by J. M. Swanson & M. Kinsbourne, 13096
frontal lobe dysfunction & hyperkinesis in children, literature review, 6151
haloperidol & contingency management, weight gain & hyperactivity, 17 yr old hospitalized anorectic female, 1658
hyperactive & distractible syndromes vs dyslexia as categories of minimal brain dysfunction, 8094
hyperactivity & aggressive behavior, 1st–3rd graders, 10575
impulse control procedure, hyperkinesis, minimally brain damaged male 8 yr old, 11330
maternal &/vs sibling presence vs isolation, hyperactivity produced by neonatal 6-hydroxydopamine, rat pups, implications for human hyperactivity, 12311
metabolic & nutritional aspects, minimal brain dysfunction & attention deficits & learning & language disorders & hyperactivity, 8121
methylphenidate, spontaneous autonomic activity & classroom behavior, hyperactive children, 8599
methylphenidate & neuroleptics & withdrawal of phenothiazine & dyskinesia-dystonia, 2 yr old hyperkinetic male, 8586
methylphenidate & other treatment methods, hyperactivity, literature review, 8598
methylphenidate treatment, teacher & student interaction, 7–11 yr old hyperkinetic males, 1880
multiallergen extract administered sublingually, behavioral improvement, hyperkinetic 5–13 yr olds, 1865
multidisciplinary treatment, hyperactive learning disabled children, 5921
neonatal 6-hydroxydopamine, hyperactivity & avoidance performance, rat pups reared with treated &/or nontreated littermates, 919
neurochemistry & clarification of basis for serious developmental disturbances & psychoactive medication, children, 12902
neuropsychological test data, diagnosis of subcortical tumor, hyperactive male 16 yr old, 10712
norms & factor analysis & cross correlation of 3 measures of classroom behavior, 1st graders rated by their teachers, 4412
oral vs written test mode, measurement of social skills & self esteem, hyperactive young adult males, 1587
pemoline therapy & presence vs absence of childhood hyperactivity, adults with attention deficit disorder, 1879
pharmacological approach, treatment of hyperactivity, children, 10930
practice & age & drug sensitivity, visual-motor tracking, 5–14 yr old hyperactive males, 13087
psychometric & observational measures, diagnosis of hyperactivity, males with mean age of 7.2 yrs, 9357
rate of attention deficit without hyperactivity, 7–14 yr old psychiatric patients, 1380
relaxation training & biofeedback, task attention & impulsivity, hyperactive 7–11 yr old males, 6357
reliability & validity of teacher rating scales of hyperactivity, teachers of 2nd–8th graders, 11393
response cost program &/vs methylphenidate, behavior & academic performance, hyperactive 7 & 8 yr olds, 1667
rotational vestibular stimulation, hyperkinetic behavior, hyperkinetic 4–14 yr olds, 13175
sex chromosome aberrations, delayed development & learning disorders & mental retardation, male 18–45 yr old dyslexics & sex chromosome disordered children & adults, 5910
socioeconomic status & parenting styles, primary & secondary symptoms, hyperkinetic minimal brain dysfunction males, 6157
stimulant drug therapy, hyperactive children, literature review, 13316
structured classroom activities & environmental modifications as alternatives to drug treatment, hyperactive children, 6722

sugar in diet, judgment & learning ability & hyperactivity, children, implications for school nutrition & curriculum & teacher education, 11133
teacher ratings of classroom hyperactivity & cognitive measures & patterns of ability, 105–148 mo old learning disabled vs 91–154 mo old nonlearning disabled children, 11340
total & plasma free tryptophan & plasma cortisol & blood serotonin level, hyperactivity, 5–15 yr old hyperactive vs learning disabled children vs normal siblings, 13097
validity & interrater reliability, Devereux Child Behavior Rating Scale, teachers & male elementary school students, 11342
vestibular stimulation & characteristics of explosiveness & irritability & social interaction, classroom behavior, 4 & 5 yr old hyperactive males, 4390
visual-perceptual integration, hyperactive & emotionally disturbed & learning disabled male 7–12 yr olds, 8097
Hyperphagia
age & free feeding vs caloric restriction, food-motivated behavior, male obese vs lean rats, 7423
biobehavioral model of diverse origins and treatments, obesity, 8512
multicomponent behavior therapy, compulsive binge-eating & subsequent vomiting, 20 yr old female, 13291
obesity-inducing hypothalamic knife cuts & insulin, adipose tissue lipoprotein lipase activity, female rats, 3075
ventral tegmental lesions & disproportionate amounts of dietary amino acids, hyperphagia & food intake, male rats, 5342
Hypersensitivity (Immunologic) [See Immunologic Disorders]
Hypertension [See Also Essential Hypertension]
age & education & cardiovascular disease & high blood pressure, intelligence & memory, 70 vs 75 yr olds, 5-yr followup, 12479
conflict, tonic levels of blood pressure, genetically borderline hypertensive rats, 745
dementia & deep white matter damage & hypertension, "Binswanger's disease", patients, 10691
dependency, development of cancer vs benign tumors vs hypertension vs gastrointestinal ulcers, male VA domiciliary residents, 10679
development of hypertension & somatization & anxiety & other reactions, 35–84 yr old female flood victims, 5-yr followup, 1379
footshock stress vs cold exposure, plasma catecholamine & corticosterone levels, spontaneously hypertensive rats, 9831
lack of physician-patient communication & side effects & sense of well-being & depression & sick role & heresay & fear of diagnostic procedures, noncompliance with treatment, hypertensives, 13338
methyldopa, judgmental learning, hypertensive patients vs normal Ss, 4076
model of family history & high stress & subjective appraisal & somatization, hypertension, 21–65 yr old low income Black adults, 3927
personality traits & biochemical & hemodynamic factors, 30–59 yr old male with arterial hypertension & coronary heart disease, polar regions of Russia, 1609
psychosocial factors, development & treatment of hypertension, hypertensives, 1580
sex differences, open field behavior, spontaneously hypertensive rats, criticism of report by S. Knardahl & T. Sagvolden, 7371
talking, blood pressure, hypertensive vs normotensive outpatients, 10702
Hyperthermia
ethanol, behavior change vs body temperature vs brain histamine, male mice, 12392
insulin pretreatments & lateral hypothalamic lesions, aphagia recovery period & gastric pathology & hyperthermia & sensorimotor dysfunctions, rats, 12285
kainic acid, body temperature, normal vs 6-hydroxydopamine vs 6-hydroxytryptamine-treated vs dorsal vs medial raphe-lesioned male rats, implications for role of catecholaminergic & serotonergic systems on central thermoregulation, 9969
statistical analysis of EEG records of febrile convulsions without primary CNS involvement, infants, 3938
Hyperthyroidism
hyperthyroidism, nasal chemosensitivity, rat pups, 3147
Hyperventilation
isometric exercise vs relaxation vs hypo- vs hyperventilation with vs without feedback, heart rate mediation, college students, 3038
psychological stress, hyperventilation & heart rate & anxiety, college students, 7548
rest & hyperventilation & photostimulation, normality of EEG traces & regularity of background alpha activity, healthy 40–60 yr olds, 2977
stressful situations, physiological arousal & hyperventilation, normal 21–51 yr olds, 7532
Hypnagogic Hallucinations
amitriptyline treatment, hypnagogic & hypnopompic hallucinations, psychiatric patients, 8584
Hypnoanalysis [See Hypnotherapy]
Hypnosis [See Also Autohypnosis]
addition of "amnesia" suggestion to Creative Imagination Scale, suggestion experience & behavioral performance, college students, 5076
autogenic training vs progressive relaxation vs hypnosis, relaxation measured by respiratory rhythm, 5274
concept & measurment of hypnotic susceptiblility, hypnotizability vs hynotic depth vs suggestibility, 526
cue structure, inconsistency in hypnotic age regression, real vs simulating Ss, 5077
deep hypnosis, age regression to infancy & early childhood, 19–29 yr old students, 522
entoptic phenomena, induction of hypnosis, 5071
expectancy & desire for hypnotic experience, reported depth of hypnotic experience, college students, 12006
expectation of reduction of hidden pain in hypnotherapy, reports of hidden pain, college students, 6428
hypnosis, contingent negative variations in brain potentials, 22–32 yr old normal Ss, 523
hypnosis, differentiation of true epilepsy vs pseudoepilepsy & schizophrenic vs dissociative reaction hallucinations, 10421
hypnosis, episodic memory, highly susceptible female college students, 5080
hypnosis as clinical tool in brief psychotherapy, 1726
hypnosis during cystometrogram, inhibition of hyperreflexic bladder, 25 yr old female, 1895
hypnosis vs hypnosis with suggestion of blindness vs waking from hypnosis, visual evoked potentials, 20–24 yr old females, 9617
hypnosis vs simulation vs instructed faking, narrowing of visual field, college students, 5074
hypnotically suggested selective deafness, RT & heart rate conditioned response, college students, 12008
hypnotic anesthesia of limb, performance on motor coordination tasks, college students, 9616
hypnotic suggestion for time- & ball-slowing, accuracy in video tennis game, 19 & 23 & 25 yr old females, 7283
hypnotic vs no suggestion for limb anesthesia, accuracy of pointing at visual target before vs after wearing of displacing prisms, susceptible vs nonsusceptible college students, 7289
imagined vs hypnotically hallucinated stimulus, autokinetic movement, college students low vs high in hypnotic susceptibility, 5086
induced stress & naloxone, hypnotic analgesia, highly hypnotizable college students, 3167
interpretation of ambiguous preliminary instruction & susceptibility to hypnosis, hypnotic amnesia, college students, 5082
lie detector & honesty instructions methods, breaching of voluntary vs involuntary posthypnotic amnesia, college students, 6195
mesmeric techniques, production of deep hypnosis & body hypnoanesthesia, Ss, 5078
orientational function of peripheral vision, appropriateness of conventional perimetry vs roll vection analysis of peripheral visual field narrowing, 4926
parapsychological aspects of hypnosis, 10
partial vs no posthypnotic amnesia, memory for successful vs unsuccessful responses to hypnotic suggestions, college students, 7288
performance & verbal reports, hypnotized college students experiencing vs not experiencing "hidden observer" effect during age regression, extension of E. R. Hilgard's studies, 7286
poetic hypnograms, induction of hypnosis, 5081
posthypnotic amnesia, disruption in memory search process & disorganization in memory retrieval, college student amnesiacs, 5072
posthypnotic suggestion & direct vs indirect measurement, perceived distance of stimuli, highly trained hypnotic female college students, 9613
responses to hypnotic vs waking task stimulus, 12 vs 18 yr olds, implications for subconscious motives, 7287
suggested amnesia & verbal inhibition, disorganized recall of word list, 18–42 yr olds, 2628

Hypnotherapy
adjunctive hypnotherapy & use of music, social skills & cognitive development, 16 yr old autistic male, 1882
demonstration on hypnosis, efficacy of hypnotherapy as treatment for obesity, 23–52 yr old females in nonhypnotic behavior modification group vs hypnosis group with vs without special phenomenon demonstration, 10952
expectation of reduction of hidden pain in hypnotherapy, reports of hidden pain, college students, 6428
group & self hypnotic training, academic performance & self esteem, learning disabled 7–13 yr olds & their parents & reading teachers, 1883
group vs individual hypnosis, reduction of vomiting, pregnant females with hyperemesis gravidarum, 6422
hypnosis, fear of dying, 9 yr old male with acute lymphocytic leukemia, 6425
hypnosis, reduction of left hand tactile anomia, 28 yr old corpus callosotomy patient, 13361
hypnosis & behavioral self control techniques, weight reduction, 26–45 yr olds, 10760
hypnosis & psychotherapy, multiple personalities resulting from childhood & adolescent trauma, 29 yr old female, 1671
hypnosis & relaxation techniques & brief supportive counseling, urinary incontinence, 43 & 60 yr old females, 10950
hypnotherapy, catharsis & insight & reduction of anxiety & ego development, psychotic & borderline patients, 1884
hypnotherapy, one-eyed 28–62 yr olds, 6426
hypnotherapy, psychiatric patients, 10953
hypnotherapy, treatment for smoking, 27–72 yr olds, 4194
hypnotherapy, treatment of smoking, literature review, 6527
hypnotherapy, Vietnam Combat Delayed Stress Response Syndrome, 32 yr old male veteran, 10948
hypnotherapy & Lamaze exercises & biofeedback training & desensitization, review of behavioral treatments for dysmenorrhea, 10865
hypnotic analgesia & frontalis EMG feedback with vs without Jacobson progressive relaxation, chronic prefrontal muscle contraction headache, patients, 8418
hypnotic induction & use of differing hemisphere functions, psychotic grief reaction after adoption of baby, 17 yr old female, 10955
hypnotic strategies, treatment of pain, 10957
hypnotic suggestion through personalized fairy tales, insomnia, 3 & 8 yr olds, 10954
hypnotic treatment, thumb-sucking & enuresis & encopresis, 9 yr old male, 6429
imagery in hypnotherapy, self acceptance & psychosomatic processes, 6427
indirect symbolic suggestions in hypnotherapy, erectile dysfunction, male patients, 10949
naturalistic & nonauthoritarian hypnotic technique, responsiveness to hypnotic treatment for cancer pain, unhypnotizable patient, 10947
parapsychological aspects of hypnosis, 10
presurgery taped hypnotic induction procedure, postsurgery recovery, surgical patients, 6423
self hypnosis, nausea & emesis inadvertently conditioned during chemotherapy, cancer patients, 10956
studies on efficacy vs surveys vs rare case reports, categories of presentation of use of hypnosis in medical settings, 10951
suggestion with vs without hypnotic induction in weight reduction program, weight loss, 19–68 yr old obese females, 6421
symptom prescription & M. H. Erickson's principles of hypnosis & psychotherapy, case reports, 10794
Hypnotic Drugs [See Also Amobarbital, Apomorphine, Chloral Hydrate, Codeine, Glutethimide, Meprobamate, Nitrazepam, Pentobarbital, Phenobarbital]
cardiotoxicity & cardiovascular side effects & drug-drug interactions, antidepressants & lithium carbonate & tranquilizers & sedatives & hypnotics, 13350
chlormethiazole administration during alcohol intoxication, hangover symptoms, 24–46 yr old males, 3195
exclusive abuse of sedative-hypnotic drugs, field dependence, psychiatric patients, 3838
nitrazepam & flurazepam & triazolam, EEG & EMG & EOG evidence of residual effects following sleep induction & maintenance, healthy volunteers, 916
Hypnotic Susceptibility
analysis of criticisms by A. M. Weitzenhoffer on adequacy of Stanford Hypnotic Susceptibility Scale in light of "classic suggestion effect", 9323
concept & measurment of hypnotic susceptiblility, hypnotizability vs hynotic depth vs suggestibility, 526
examination of criticisms by A. M. Weitzenhoffer of Stanford Hypnotic Susceptibility Scales, 9353
expectancy & desire for hypnotic experience, reported depth of hypnotic experience, college students, 12006
eye movements during rest, hypnotic susceptibility, college students, 524
factor analysis, Creative Imagination Scale, 9354
hypnosis, episodic memory, highly susceptible female college students, 5080
hypnotherapy, psychiatric patients, 10953
Hypnotic Induction Profile vs Stanford Hypnotic Susceptibility Scale Form C, college students, replication of previous studies, 4762
hypnotic responsivity, prediction of outcome in meditation training, college students, 6424
hypnotic suggestibility, performance on gestalt closure vs disembedding vs visualization tasks, male vs female high school vs college students, 12000
hypnotic vs no suggestion for limb anesthesia, accuracy of pointing at visual target before vs after wearing of displacing prisms, susceptible vs nonsusceptible college students, 7289
hypnotizability, ability to learn thermal biofeedback, college students, replication of studies by A. H. Roberts et al & R. Engstrom, 9813
hypnotizability, phobic patients, 10479
imagined vs hypnotically hallucinated stimulus, autokinetic movement, college students low vs high in hypnotic susceptibility, 5086
interpretation of ambiguous preliminary instruction & susceptibility to hypnosis, hypnotic amnesia, college students, 5082
locus of control & E status, prediction of hypnotic suggestibility, college students, 5878
mode of interpersonal orientation, hypnotic susceptability & attitudes of hypnotist & Ss, college students, 9614
naturalistic & nonauthoritarian hypnotic technique, responsiveness to hypnotic treatment for cancer pain, unhypnotizable patient, 10947
needs for achievement & autonomy & self-monitoring & masculinity-femininity, hypnotic susceptibility, males vs females, 5073
prediction of hypnotizability from California Psychological Inventory, college students, 11670
psychoactive drugs, hypnotizability, psychiatric inpatients & outpatients, 6410
seating preferences, hypnotic susceptibility & imagery, right handed college students, 2622
short term meditation practice vs listening to lecture, hypnotic responsivity, male college students, 525
suggestion with vs without hypnotic induction in weight reduction program, weight loss, 19–68 yr old obese females, 6421
Hypnotists
mode of interpersonal orientation, hypnotic susceptability & attitudes of hypnotist & Ss, college students, 9614
Hypochondriasis
depression & psychosomatic illness, Japanese, 1385
early parental experiences, dependency & hypochondriasis & utilization of health care services in adulthood, 21–65 yr old general practice patients, 6446
personality traits as measured by MMPI, male US Army helicopter pilots vs nonpilot officers, 8062
psychotherapeutic techniques, hypochondriasis patients, 1717
sex & life events, hypochondriasis & sick role & symptoms, married couples, 8376
Hypoglossal Nerve [See Cranial Nerves]
Hypoglycemia
electric shock vs flash bulb discharge & insulin vs saline injections, defensive burying, male rats, 7558
environmental differences, apparent hypoglycemic vs hyperglycemic CR, male rats, 7304
insulin induced hypoglycemia, active avoidance learning, male rats, 914
methylphenidate, behavior, homicidal & hypoglycemic prisoners, 6374
Hypogonadism [See Klinefelters Syndrome, Turners Syndrome]
Hypomania
deanol therapy, depression & hypomania, dyskinesia patients, 6378

Hypophysectomy
hypophysectomy, behavioral activation to morphine, adult male rats, 795
hypophysectomy & aurothioglucose, weight gain & obesity, mice, 809
hypophysectomy & stress, novelty-induced grooming & locomotion & open field exploration, male rats, 7600
Hypopituitarism
hypopituitarism, patients with paranoid psychosis, 1378
hypopituitarism without hypogonadotropinism after growth hormone therapy, postpubertal sexual functioning & social development, 26–36 yr old males, 6120
Hypotension
blood pressure biofeedback training & cognitive strategies & tilt table, treatment of orthostatic hypotension following removal of medullary tumor, male 30 yr old, 8508
model of risk of falling, psychogeriatric patients, 1366
Hypothalamus [See Also Optic Chiasm]
afferent duodenal receptor signals, activation of hypothalamic noradrenergic inhibitory neurons to control feeding upon satiation, 3024
afferent neurological network underlying affective attack sites in hypothalamus, cats, 727
afferent neurological network underlying quiet biting attack sites in hypothalamus, cats, 728
apomorphine & lateral hypothalamic stimulation in shuttlebox, locomotor initiation & escape behavior, male rats, 9914
aromatization of testosterone within hypothalamus & behavioral action of androgen, male doves, 729
autoradiographic study, septal & amygdalar efferents to hypothalamus which facilitate hypothalamically elicited intraspecific aggression & hissing, cats, 730
cerebral & hypothalamus & subcutaneous temperature variations, local temperature variations during sleep-wake cycle, male rats, 750
chronic dextroamphetamine administration, lateral hypothalamic self stimulation, male rats, 7665
circadian & seasonal rhythms in numbers of alpha- & beta-adrenergic receptors in forebrain & hypothalamus, male rats, 9778
clomiphene citrate, EEG activity, sexually mature male rats, 7660
current intensity & pulse pair interval, ON- & OFF-responding for hypothalamic stimulation, rats, 7589
dextroamphetamine vs apomorphine & 6-hydroxydopamine injections into anterolateral hypothalamus vs mesolimbic & anterior striatal terminal fields, locomotor activity, male rats, 7641
distribution of 1 beta-lipotropin & ACTH & 1 alpha-melanocyte-stimulating hormones in rat brain, 718
drug induced changes in noradrenergic transmission, lordosis & steroid action within hypothalamic target cells, female guinea pigs, 9952
electrical stimulation of ventromedial hypothalamus, increased brown adipose tissue thermogenesis, rats, implications for hypothalamus regulation of energy balance, 12324
ependymal tanycytes projecting to ventromedial hypothalamic nucleus, male albino Wistar rats, 711
estradiol benzoate, sexual behavior & morphology, male rats, 878
estradiol-17-beta, number of muscarinic receptors in hypothalamus, ovariectomized rats, 5400
exercise vs electrical stimulation of subthalamic locomotor region, respiration, unanesthetized decorticate cats, 12281
exposure to escapable shock with subsequent inescapable shock, escape behavior & norepinephrine depletion in hypothalamus & hippocampus & cortex, male mice, 737
fasting, cholecystokinin binding to receptors in hypothalamus & olfactory bulb & insulin binding, male mice, 12306
frequency & intensity of conditioning & test pulse pairs, self stimulation of lateral hypothalamus & circling in raphe region, male rats, implications for use of trade-off double pulse technique, 12322
genetic deficiency for vasopressin in suprachiasmatic nuclei, circadian rhythms in locomotor activity & drinking & pineal serotonin N-acetyltransferase, Brattleboro rats, 749
hydrocortisone, norepinephrine & serotonin & dopamine reuptake in hypothalamus, male rats, implications for clinical study of depression, 7669
hypothalamic estradiol benzoate implants, food intake & vaginal epithelium & adipose tissue lipoprotein lipase & cytoplasmic progestin receptors, female ovariectomized rats, 7573
hypothalamic noradrenaline, positive reinforcement in maze learning, male rats, 7627
hypothalamus & ventral tegmental area injections of 6-hydroxydopamine, 2-deoxy-dextroglucose incorporation, male rats, 3185
iprindole & amfonelic acid, modulation of amphetamine-induced long lasting striatal dopamine depletion, male rats, 883
lateral hypothalamic stimulation, approach & escape reactions, BALB/c vs DBA/2 mice, 5323
limited access to water, increased hypothalamic norepinephrine metabolism, male rats, implications for control of thirst & water regulation, 12295
medial hypothalamus electrolytic lesions, hyperalgesia & role of endorphin & enkephalin systems, male rats, 5347
mepacrine treatment before immobilization-induced desensitization, prevention of decrease in beta-adrenoceptors in hypothalamus & brain stem, male rats, 12409
neuronal peptide concentration, circadian variations in substance P & luliberin & thyroliberin in hypothalamic & extrahypothalamic nuclei, male rats, 12216
neuroregulatory & neuroendocrine gonadotropin-releasing hormone pathways in hypothalamus & forebrain, baboons, 712
recombinant inbred strains, intracranial self stimulation behavior in lateral hypothalamus, male mice, 819
rostral vs caudal reticular formation, ventromedial hypothalamic area neurons, cats, 3091
self stimulation of lateral hypothalamus, interaction between actions of enkephalin & electrical stimulation, male rats, 805
self stimulation vs stimulation escape, evidence for mediation by same vs different medial forebrain bundle neurons, male rats, 7584
sex & estrus-related differences, dextroamphetamine-stimulated release of dopamine from striatal & mediobasal hypothalamus tissues, rats, 9916
sodium pentobarbital injections to ventromedial hypothalamus & delay of food presentation, time course of food directed vs noneating acts, male rats, 904
stimulation of amygdala & pyriform cortex & parahippocampal gyrus, quiet biting attack response & trigeminal sensory fields of lip due to hypothalamic stimulation, cats, 3085
substantia innominata stimulation, quiet biting attack & trigeminal sensory fields due to hypothalamic stimulation, cats, 3084
succynilcholine immobilization, response of lateral hypothalamic neurons to insulin, rats, 12366
ventral noradrenergic bundle lesions, food intake & body weight & running activity & body composition & insulin & growth hormones & hypothalamic norepinephrine concentrations & body length, male rats, 7592
Hypothalamus Lesions
amphetamine & phenylpropanolamine & high fat vs pellet diet, food intake, female rats with ventromedial hypothalamus vs dorsal tegmental lesions, 12315
bilateral electrolytic hypothalamic lesions, food intake & fecal & urine output, male rats, 835
diet palatability & caloric content & dorsomedial hypothalamic lesions, food consumption & lipogenesis, mature female rats with dietary obesity, 12276
dorsomedial hypothalamic lesions at weaning & bilateral ovariectomy after maturity, body weight & food intake & efficiency of food utilization & growth & glucose incorporation into lipids, rats, 9879
dorsomedial hypothalamic lesions & food & water deprivation & cellular glucoprivation & dehydration & extracellular hypovolemia & insulin, food & water intake & body weight, male rats, 9882
dual cuts in preoptic area & hypothalamus, lordosis behavior, ovariectomized rats, 7616
electrical stimulation of substantia nigra & electrolytic vs 6-hydroxydopamine lateral hypothalamus lesions, rotation, female rats, 12308
electrolytic vs kainic acid hypothalamus lesions, behavior & neocortical & hippocampal EEG activity, male rats, 9893
far-lateral hypothalamic lesions, wheel-running activity, rats, 5338
hypothalamic deafferentation & medial forebrain bundle lesions & visual & acoustic stimulation, prolactin secretory response, male rats, 5345
ingestion of bulk diet, reduction of ventromedial hypothalamic lesion induced stomach ulceration, male rats, 806
insulin pretreatments & lateral hypothalamic lesions, aphagia recovery period & gastric pathology & hyperthermia & sensorimotor dysfunctions, rats, 12285
lateral hypothalamic lesions, regulation of water intake in response to need, male rats, 7594

lateral hypothalamic lesions, sodium appetite & thirst, male rats, 7613
lateral projections of medial preoptic area & castration & testosterone implants, urine marking & copulation, male rats, 3128
lesions of catecholaminergic projections to perifornical hypothalamus & catecholamine inhibition, feeding behavior, male rats, 7568
lesions of noradrenergic projections to paraventricular nucleus of hypothalamus & noradrenergic stimulation, feeding behavior, male rats, 7567
meal consumption & cues & ventromedial hypothalamic lesions, serum corticosterone & glucose & free fatty acids, male rats, 7597
medial preoptic area lesions, maternal behavior, pregnant hysterectomized & ovariectomized rats, 7612
obesity-inducing hypothalamic knife cuts & insulin, adipose tissue lipoprotein lipase activity, female rats, 3075
partial isolation of suprachiasmatic nuclei & light-dark cycle vs constant light, circadian rhythms of drinking behavior, male rats, 12331
small medial preoptic area lesions, nest building & retrieving & crouching & nursing, lactating female rats, 3111
unilateral 6-hydroxydopamine injections into lateral hypothalamus, paw preference, male rats, 7702
ventromedial hypothalamic vs septal lesions & levels of food deprivation, discrete trial DRL task, female rats, 9841
warm ambient temperature, sleep-waking activity, capsaicin-desensitized male rats, 781
Hypothermia
body temperature cues, recovery from hypothermia-induced retrograde amnesia, male rats, 12051
chronic lithium treatment, failure to inhibit amphetamine induced stereotypy & hyperactivity & hypothermia, rats, 879
desglycinamide-9-arginine-8-vasopressin, ethanol hypothermic tolerance, recombinant inbred mice, 3155
ethanol, behavior change vs body temperature vs brain histamine, male mice, 12392
kainic acid, body temperature, normal vs 6-hydroxydopamine vs 6-hydroxytryptamine-treated vs dorsal vs medial raphe-lesioned male rats, implications for role of catecholaminergic & serotonergic systems on central thermoregulation, 9969
lisuride-induced hypothermia & microsomal biotransformation & dopaminergic receptor stimulation, rats & rabbits, 9923
social isolation, effect of salbutamol on hypothermia, male mice, 9932
withdrawal from chronic alcohol consumption & subsequent ethanol injection, impairment of avoidance behavior, male mice, 3211
Hypothesis Testing
alternatives to lamda & kappa coefficients, predictions of modality & agreement & specified configuration, 2608
application of analysis of covariance in evaluation settings & importance of reporting strategy, 249
assumptions & applicability to conceptual learning research, hypothesis theory, 7837
cognitive processes & behavior, development & testing of causal hypotheses, college students, 5801
configuration frequency analysis vs log-linear models, 7126
experimental tasks of similar structure hypothesis of cognitive development, normal vs mentally retarded &/vs organically impaired Ss, implications for training of mentally retarded, 8282
feature frequency vs hypothesis testing, acquisition of rule-governed concepts, college students, 472
hypothesis generation, 3-yr study, 9539
judges' ratings of imagery vs control slides, test of psi-missing in free response situations, 9
labeling, hypothesis-testing behavior, college students, 2760
logical errors in testing of dark adaptation hypotheses, 4913
methods of computing statistical power of hypothesis tests in regression analysis of impact of social policies, 11716
order of task presentation & task difficulty & rule induction vs trial & error method, sequential effects in problem solving, college students, 444
probe trials, shift behavior in problem solving strategies, college students, 11890
question asking strategies used to test hypotheses about other people, college students, 5829
reporting analysis of covariance results in evalution settings, additions to article by J. L. DiCostanzo & R. T. Eichelberger, 274
stimuli correlated with 3 alternating FI schedules, extent & rates of observing responses maintained, pigeons, 7296
test for partitioning data matrices from drug vs placebo study into drug- & placebo-typical regions, 7129
use of consistent missing techniques for hypothesis testing in ESP experiments, 13
Hypothyroidism
hypothyroid psychosis, insanity defense in homicide, 31 yr old male, 5904
thyroid replacement therapy, manic syndrome, hypothyroid patients, 6139
Hypoxia [See Anoxia]
Hysterectomy
group discussion of emotional & psychological & social adjustment, posthysterectomy patients, 4122
hormones & olfactory-vomeronasal deafferentation & stimulus situational factors, initiation of maternal behavior, hysterectomized-ovariectomized nonpregnant female rats, 9859
hysterectomy & postoperative depression, literature review, 1908
medial preoptic area lesions, maternal behavior, pregnant hysterectomized & ovariectomized rats, 7612
Hysteria
category of neurosis including anxiety & depression & hysteria, estimations of task oriented time, neurotics, 3773
causes & treatment of chronic pain in schizophrenia & neurosis & hysteria, 10707
clinical & family history & symptoms, hysterical conversion reactions, 9–15 yr olds, 1429
contemporary psychoanalytic perspective on paranoid process, reexamination of early case study of Freud, 12983
field dependence & scores on MMPI Hysteria & Psychasthenia scales, female psychiatric patients, 1448
hysterical reactions & organic brain disease & depression, hysterical neurosis patients, 8115
incidence of hysteria, Italy, 1966–1978, 3769
personality traits as measured by MMPI, male US Army helicopter pilots vs nonpilot officers, 8062
psychiatric & biographical characteristics, hysterical neurotic vs depressive neurotic patients, 3818
psychodynamic formulation & description, hysteria, 10491
psychodynamics of Munchausen's syndrome, 2 case reports, literature review, 3807
psychosomatic & hysterical phenomena & anxiety neurosis, psychoanalysis patient, 1381
treatment by suggestion, symptoms & prognosis, 10–25 yr old patients with hysterical conversion, 10483
Hysterical Color Blindness [See Color Blindness]
Hysterical Neurosis (Conversion) [See Conversion Neurosis]
Hysterical Personality
affective aspects of dreams, normal vs neurotic vs hysterical Ss, discussion of Vujic's theories on dream interpretation, 521
brief psychotherapy, hysterical personality, 29 yr old female, 6268
empirical research & statistical investigation, hysterical personality, literature review, 12993
hysterical traits, attempted suicide, 18–30 yr old females, 12912
psychological & social factors, mystical possession, socially marginal Chinese-Mexican 39 yr old male with hysterical personality, Mexico, 8142
psychosomatic & hysterical phenomena & anxiety neurosis, psychoanalysis patient, 1381
symptomatology & etiological theories of conversion reactions, proneness of people with hysterical personalities, implications for physical therapist referrals, 1455
Id
logic behind delusional phenomena, 10502
Ideal Self [See Self Concept]
Ideation [See Also Imagination]
etiology & symptoms of early childhood minimal brain dysfunction, 13088
quantity vs quality & frequency of solution responses measured by stringent vs lenient criteria, prediction of creative problem solving ability, college students, 9305
Identical Twins [See Monozygotic Twins]
Identification (Defense Mechanism)
academic achievement, individual identification with parents vs peers vs school personnel, 16–18 yr old males, 7910
anger & guilt & depression & withdrawal & identification & search for meaning, siblings of hospitalized emotionally disturbed children & adolescents, 10270
aspects of internalization including introjection & projection & identification, 28
change in identification & work role & aggression, correlates of relinquishing dependency in adolescent development, adolescents, 1065

Draw-a-Family Test, assessment of learning difficulties, 10 yr old male, 154
group leader sex & amount of learning & feelings about self, identification with leader, graduate students, 1765
identification with significant other, development of breast carcinoma, 36 & 55 yr old males, 10732
methodological difficulties in concept of projective identification, 6259
Identity (Ethnic) [See Ethnic Identity]
Identity (Personal) [See Self Concept]
Identity Crisis
identity conflict & perception of body ego, level of clinical depression, 18–30 yr old male vs female abdominal operation patients, 1471
name change, gender dysphoric patients, 12938
project for increasing confidence & self esteem in role as parent, mothers of socially disadvantaged children, Israel, 1124
resolution of identity crisis in late adolescence, E. Erikson's developmental stages & treatment recommendations, literature review, 10133
Idiocy [See Mental Retardation]
Ileum [See Intestines]
Illinois Test Psycholinguist Abil
correlation of subtests, WISC & Illinois Test of Psycholinguistic Abilities, college students, 4808
response latency & performance on Visual Association subtest of Illinois Test of Psycholinguistic Abilities, preschoolers, 12498
Visual Sequential Memory subtest of Illinois Test of Psycholinquistic Abilities, applicability across ages & nationalities, 2–26 yr olds, New Zealand, 9346
Illiteracy [See Literacy]
Illness (Physical) [See Disorders]
Illumination [See Also Photopic Stimulation, Scotopic Stimulation]
acquisition of associative behavior change, membrane depolarization, mollusks, 9752
adaptation to steady fields of blue or violet, adaptation functions & sensitivity to & spatial & temporal resolution of violet-sensitive cones in absence of green- or red-sensitive cone excitation, 374
age & background conditions, sensitivity of response & maximum response size of electroretinographic stimulus/response curves from developing retina, 10 day old through adult rats, 7452
age & visual stimulation in rearing environment, light seeking behavior, 15–90 day old rats, 9658
altered rest-activity & feeding schedule, shift of motor activity rhythm, mice, 5316
amount of light in surround vs spatial distribution, parafoveal cone dark adaptation curves, Os, 7161
apparent target orientation & luminance & lightness vs brightness instructions, achromatic color matching, college students, 387
background intensity & duration, RT for detection of increment field in rod & cone systems, 9486
background luminance & oscillation of peripheral gratings, elevation of foveal increment thresholds, test of threshold detection models, 4948
blinding and home-cage lighting, aggressive behavior, male rats, 3106
blurring & patterns with vs without criss-crossing lines & luminance contrast, illusions, 17–31 yr old Ss, 9512
brightness contrast of wedge & lines, Ponzo illusion magnitude, college students, implications for role of contour interaction & similarity to Mueller-Lyer illusion, 4920
change in perceived spatial position, perceived lightness, college students, 11793
changing from one to another equiluminant foveally projected monochromatic vs heterochromatic light, amplitude & latency of momentary pupil constriction, male O, 398
color vs luminance contrast vs level, visibility of borders, adults, 11790
computer generated day vs night scenes, training effectiveness for acquisition of takeoff & landing skills, novice Air Force pilots, 11434
constant light vs constant dark vs half light/dark & melatonin, food intake & body weight regulation, male albino rats, 12279
correspondence between visual spectral sensitivity & bioluminescence, sexual signaling, dark vs dusk active North American fireflies, 7364
dark adaptation & stimulus intensity & location & color adaptation & stimulus color, streak of light trace phenomenon, implications for central vs retinal influences, 354
day length & testosterone, neuroendocrine-gonadal function, male rats, 12314
development & US Army training applications, light-attenuating devices for simulation of night visibility during daylight, 9197
digit display luminance & size & duration & velocity, visual discrimination performance, experienced vs naive Ss, 9483
drift & oscillation rate of peripheral gratings, elevation of foveal increment thresholds, Os, 4905
duration & intensity of interpolated illumination reduction, retroactive interference in short term memory, pigeons, implications for rehearsal/surprise hypothesis, 5098
duration & power of constant illumination vs darkness vs light-dark cycles, circadian rhythms in self reinforcement of brain stimulation, male rats, 9621
ECS, open field behavior & spontaneous alternation, male rats, 822
emergence from dark to light twice during nycthemeral cycle, 4 vs 12 week old male rats, 5087
exogenous melatonin & 12:12 light-dark cycle, self administration of ethanol, rats, 5407
exploratory behavior & vocalization, sylvester field mice, 667
eye closure & sudden disappearance of light, epileptic seizures, patients, 1621
flickering stimulus area & luminance, psychophysical temporal modulation sensitivity, monkeys & human Os, 9504
hemispheric differences, judgments of simultaneity of 2 light flashes, right handed 18–25 yr olds, 2999
illumination reduction, fragmentation of real vs subjective contours in luminous designs, college students, 7173
illumination & superior colliculus lesions, locomotor activity, male rats, 3116
illumination & touch, inhibition of eyeblink reflex & attention to target area, 7166
intensity of peripheral retina stimulation, spectral sensitivity during cone-plateau & dark-adapted states, 2709
large field substitution Rayleigh matches made during cone plateau & rod recovery following bleach & on blue background, protanopic & deuteranopic college students, 376
level of ambient illumination & influence of diurnal factors, initiation & characteristic features of locomotion, nudibranchs, implications for sensory adaptation, 648
light attenuating devices for night armor training in daylight, 11423
light attenuating devices for simulation of night conditions vs night training, tank driving & machine gun assembly night performance, army trainees, 11424
lighting regimen of 12 hrs light/12 hrs dark, respiratory behavior, isolated vs separated vs grouped rats & quails, 5266
light intensity, suppression of nocturnal secretions of melatonin, humans, 9805
light & rotation, modification of photopositive behavior, mollusk, 552
light stimuli & origins of photosensitive epilepsy, human & nonhuman primates, literature review, 6155
light vs dark adaptation, identification of briefly presented letters or digits under bright illumination, college students, 4924
light vs dark & horizontal vs vertical oblique saccades, prolongation of short components, cats, 7510
limited illumination & visibility, night vs day land navigation performance, US Army foot soldiers, 6850
long term dark rearing, postnatal development of presynaptic grid in visual cortex, rabbits, 12302
luminance contrast ratio profile of inspection stimuli, magnitude of contingent aftereffects, college students, 373
luminance of spot light, on-center retinal ganglion cell responses to small light displacements, monkeys, 12235
luminous-efficiency function, mesopic vision, graduate students, 9495
method for investigation of linear additivity of chromatic valence, Ss with normal color vision, 9494
movement duration & line length & stimulus luminance, foveal vs peripheral detection of line movement, 4922
moving vs stationary prey & illumination vs darkness, prey catching responses, salamanders, 2937
novel environment & rate of illumination & chlordiazepoxide & single vs pair testing, plasma corticosterone levels, male rats, 7640
paired vs random presentation of light vs rotation, change in response latencies, mollusks, 9764
partial isolation of suprachiasmatic nuclei & light-dark cycle vs constant light, circadian rhythms of drinking behavior, male rats, 12331

personality type & aircraft noise intensity & accompanying illumination intensity, annoyance judgments, 19–50 yr olds, 4600
personality type & aircraft noise levels & accompanying illumination, annoyance responses, 22–49 yr olds, 4599
pinealectomy, ultradian rhythms & short term activity, lake chubs, 840
portacaval anastomosis, spontaneous behavior in complex maze vs illuminated open field vs hexagonal runway, male rats, 7608
programmable circuit, variation in light intensity, 11590
quantitative model, temporal luminance integration & perception of frame or element movement in multielement stimulus frames & neurophysiological mechanisms, 344
retinal eccentricity & target size & adaptation, relation of brightness to thresholds, S, 11784
retinal sensitivity & spatial summation, foveal vs parafoveal regions, adults, 11804
runway image shape, judgment of approach angle at night, pilots, 4532
simulation of night visual conditions during day, night rifle marksmanship performance, US Army personnel, 9198
size & chromatic vs white light stimulation, luminance-brightness comparisons, 30–58 yr olds, 11771
social density vs individual size vs illumination, parallel structure orientation in schooling, clawed frog tadpoles, 12132
spatial frequency, contrast sensitivity functions at low luminances, male eagle vs female human, 12254
stage of estrous cycle & pseudopregnancy, circadian activity rhythms, female rats, 9801
symposium proceedings on intense light hazards, eye damage, 13156
target quality & distance, vergence-induced ocular accommodation & relation to dark focus, 4931
technique for isolation & quantification of photomechanical influences on visual adaptation, 117
tectonic strain & seismic activity accompanying earthquakes, number of antecedent reports of unidentified flying objects, 4597
temporal variations in motor activity during early posthatching period, chicks, 5260
temporary food restriction at dawn & dusk & advanced light onset, bimodal feeding patterns, male rats, 12287
time, photobehavior, Drosophila species, 9744
varied target duration & luminance & interstimulus interval, accuracy in detection of gap between 2 rectangles, 2 Os, implications for iconic memory, 365
visual cortex ablation & contrast & parameters of patterns, visual form discrimination, cats, 3099
visual stimulus intensity, subjective response speed in RT task, college students, 11829
white light vs blacklight, eye-contact training, visually impaired spastic cerebral palsied 6–7 yr olds, 8356
Illusion (Autokinetic) [See Autokinetic Illusion]
Illusions (Perception) [See Also Afterimage, Perceptual Aftereffect, Spatial Distortion]
active movement wearing vision-reversing goggles followed by stationary viewing of moving stripe display, self rotation illusion in same direction as stripe, adult Ss, 378
adaptation to task viewed through prism, schizophrenics vs normals, 1472
age & angle size, adaptation rates & decrements in Mueller-Lyer illusion, 7–11 vs 12–17 yr olds vs college students, 3355
age differences, extent of Ponzo & Poggendorff illusions, 6–11 yr olds, 7822
alignment errors in Poggendorff displays, 395
angle & line changes, perception of Bourdon illusions, 4941
angular parameters of arrowheads or featherheads, Müeller-Lyer illusion, 4901
assimilation theory & Baldwin illusion, college students, 2705
bidirectional optical displacement, left vs right hand adaptation, college students, 11824
blurring & patterns with vs without criss-crossing lines & luminance contrast, illusions, 17–31 yr old Ss, 9512
boundary confusion vs lack of familiarity hypotheses, predisposition to hallucinate, alcoholics who did vs did not hallucinate, 13044
brightness contrast of wedge & lines, Ponzo illusion magnitude, college students, implications for role of contour interaction & similarity to Mueller-Lyer illusion, 4920
cognitive vs direct approach to explanation of illusory causation & correlation in object & person perception, literature review, 12815
computer generated graphics display of Mueller-Lyer illusion, history of interpretation of illusion & psychometrics, 360
confounding between orthogonal perceived spatial frequency shift & vertical-horizontal illusion, criticism of D. W. Heeley's methodology, 9516
contour lightness variations, judgment of size of inner circle in Delboeuf illusions, college students, 358
degradation of wedge, magnitude of Ponzo illusion with apical vs distal line position, college students, 362
dichoptic cyclopean stimulation, illusion of self motion opposite to motion of rotating cylinder, stereoblind & normal Ss, 4950
differential adaptation, haptic illusions, 2661
display simulating oncoming rotating rectangle, head withdrawal, 13–27 day old infants, 10035
"double nail" illusion in binocular vision, Ss, 11812
exposure to bright field on dark or colored surround with 1 eye, illusion in other eye fixating on neutral field, O, 11850
eye enucleation, visual images, adult, 10675
face-vase pattern wih subjective contours, McCollough effect & perceived hue strength, Ss, 9505
fixed vs sequential vs nonfixation conditions, Necker Cube Illusion reversals, college students, implications for satiational vs cognitive theories, 2717
historical discussion & comparative analysis of visual vs auditory illusions resulting from stable repeatedly presented stimuli, 339
liquid ingestion volume illusion, college students, 306
localization of phi motion & Bekesy's illusion & sensory saltation through blind spot, female college students, 364
magnitude of vertical horizontal illusion, college students, 7172
mathematical model, visual illusion research, 2690
modification of visual alignment task wth Poggendorff transversals, alignment errors, college students, 2715
motion pictures of approaching vs receding objects at different speeds, size constancy, college students, 11847
Mueller-Lyer illusion, schizophrenics with vs without visual hallucinations vs normal Ss, 8164
new language & analysis, multibar figures, 9461
nonuniform atmospheric refraction producing optical distortions, basis for concept of merman in medieval literature, 11818
optically induced squint, monocular visual acuity & interocular alignment & cortical ocular dominance, kittens, 696
optical magnification, perceived surface orientation of 2-dimensional spatial displays, Os, 389
optic array determinants, apparent distance & size in pictures, volunteers, 7163
orientation & contrast polarity, absolute estimation of length of vertical vs horizontal lines, 11845
orientation of transversal & angle between transversal & parallels in Poggendorff illusion, aspects of configuration that lead to collinearity errors, college students, 7194
orthogonality of surrounding line segments, subjective brightness of illusory figures & role of apparent stratification, naive Os, 380
overestimation of elements in regular vs random pattern displays, college students, 11794
perception of induced motion, college students, 332
perceptual & motor adaptation to inverted vision, 26 yr old male, 7177
perceptual organization & spatial distortion & Gestalt illusions, college students, 351
prior adaptation to disparity, perception of reversible figures, naive Ss, 11799
prolonged vision reversal, postural control & adaptation as measured by ability to maintain balance while standing or walking on rails with eyes open vs closed, 20–48 yr olds, 319
psychophysical criteria for visual simulation systems, 11513
reduction or removal of irradiation effects in Münsterberg illusion display, induction of unrelated illusion & resemblance to Fraser effect, 4944
runway image shape, judgment of approach angle at night, pilots, 4532
self observation phenomenological method, pictorial symbolization of faces-goblet stimulus display, graduate students, 391
sex differences & cultural variations, perception of Mueller-Lyer illusion, Hindu vs Muslim 17–21 yr olds, Ind, 4902
size of disk & comparison figures & modification of stimulus, magnitude of haptic illusion of rotating disk in hands, 340
smooth visual tracking across grid patterns & monocular vs binocular presentation, hallucinations of vertical &/vs horizontal striations, Os, 9488
static trapezoidal window, responsiveness to pictorial depth, 20–22 wk olds vs 28–30 wk olds, 10066

tectonic strain & seismic activity accompanying earthquakes, number of antecedent reports of unidentified flying objects, 4597
temporal modulation of grating contrast, illusory spatial frequency increase & role of local spatial distortions, 4935
variation in angle size of Poggendorff figure, optical illusion, college students, 2683
visual cliff, discrimination of visual depth & crossing latency, college students, 11848
visual masking, perception of Kanizsa triangle illusion, Ss, 9487
weight differences, RT in lifting to prescribed height, 9480
white &/vs black vs no edges, apparent lightness of uniform luminous field, 2693
Image (Body) [See Body Image]
Image (Retinal) [See Retinal Image]
Imagery [See Also Conceptual Imagery]
acquisition sentences & sentence imagery, discrimination of thematically correct sentences, college students, 11944
angle of rotation of geometric figure, matching RT, female Turner syndrome 11–28 yr olds, 10728
bandwidth compression, image interpretation, experienced image interpreters, 368
certainty of recognition achievement, anxiety & peformance on cognitive tasks, 11933
clothes & maternal image, 1056
complexity & common vs unusual images, RT for correct identification of schematic faces, college students, 9496
context, judgment of semantic stimuli, male vs female college students, 11913
covert response cost as conditioning technique, suppression of undesirable behavior, 4042
cross-section line orientation, verification of topographical cross-section diagrams, college students, 11889
differential responses on physiognomic & imagery & aesthetic & creativity measures, nonartists vs dancers vs art students vs art professors, 960
directed vs self generated neutral vs positive daydreams, depression, depressed female college students, 10810
encoding cue type & abstract vs concrete sentences, sentence recall, 474
erotic fantasies during & outside of heterosexual activity, 20–45 yr old males, 12710
experimental foundations & theoretical misconceptions, clinical use of mental imagery, literature review, 1678
failure to find correlates with eidetic imagery, elementary school students, 10-yr longitudinal study & literature review, 1068
familiarity & imagery & interest & reading ease & word frequency, comprehension of reading passages, middle school students, 13567
formulation of theory of mental imagery & research recommendations, 432
frequency & imagery values, word recognition, college students, 506
frequency of imagery in emotional experience, college students, 2810
group cognitive restructuring technique with vs without religious imagery, group interaction & depression, depressed college students with high religiosity, 1815
handedness & visual thinking, academic achievement prediction, architecture students, 4348
hemispheric specialization, processing of words & images, 723
high vs low imagery sentences, sentence verification, college students, 9540
high vs low oral imagery & working alone vs being alone with no task vs working alone accompanied by confederate working alone, electrodermal arousal, male Ss, 12266
humanness/animality & unpleasantness & incongruity ratings of mythological hybrid figures, college students, 2626
imagery, language comprehension, literature review, 3239
imagery ability, color aftereffects produced by present & imagined stimuli, college students & staff, 11777
imagery in hypnotherapy, self acceptance & psychosomatic processes, 6427
imagery instructions vs direct exposure, attitudes toward elderly, college students, 1298
imagery techniques, maintenance training, US Air Force students, 4501
imagery value & recall, deaf vs hearing children, 3897
imagery vs chunking vs verbalization vs informed choice learning strategies, acquisition & retention & transfer of motor skill, college vs graduate students, 7268
imagery vs kinesthetic vs labeling vs informed choice learning strategies, initial learning & retention & transfer of motor skill, college students, 496
imagery vs peg system vs link vs loci method as mnemonic techniques, word list recall with vs without positional criteria, college students, 5043
imagery vs rhythmic vs anticipatory vs informed choice learning strategy, initial learning & retention & transfer of visual tracking task, college students, 497
imagery vs verbalization vs chunking vs informed choice, acquisition & retention & transfer of serial learning, college students, 2797
imagery vs verbal strategy instruction, organization & recall of noun pairs & performance on WISC & Revised WISC, learning disabled 9–12 yr olds, 11317
imaginal vs perceptual scanning of digit array, RTs for producing visual representation of array, college students, 293
incidence & subjective distortion & suggestibility with day & week & year time cycles, visual representations & time estimations, college students, 2759
instructions to form common vs bizarre images as visual mediators, paired associate learning, college students, 482
instruction & visual imagery & educational background, process control performance, male students, 4576
intensive meditation & visualization, regression of cancer, female patient, 1656
interactive vs separation learning instructions, recognition, college students, 7265
interobject distance & number of dimensions & perspective, eye movement & scanning time, 9506
learning strategies, serial positioning performance, college students, 2798
learning strategies including imagery & chunking & rhythm, learning & retention & transfer on serial positioning task, college students, 2675
loudness ratings of verbally described familiar sounds, time required to generate auditory image & compare sounds, college students, 7140
masturbatory reconditioning with nondeviant fantasies, change in sexual orientation, 20 yr old male pedophile, 1799
meaning dependent ratings of imagery & age of acquisition & familiarity & concreteness, ambiguous words, college students, 5425
mental imagery, bilateral transfer of rotary pursuit skills, 17–21 yr olds, 2659
mental practice vs physical practice vs imagery, acquisition of perceptual motor skill, male college students, 2669
pattern of perceptual activity, visual imagery, 3–6 yr olds & adults, 12501
personality & achievement motivation, performance on & predictive validity of Questionnaire Upon Mental Imagery scale, college students, 11905
pregnancy & subliminal pregnancy message, phallic imagery, college students & 21–45 yr old females, 5690
presentation context & age differences & cognitive complexity, evaluation of semantic attributes of nouns, 10–12 vs 14–15 vs 17–18 vs over 20 yr olds, 7840
processing visual & auditory & tactual information, eye movements, college students, testing of neurolinguistic programing hypothesis, 7496
ratings of randomly selected nouns for age of acquisition & imagery & concreteness & familiarity & ambiguity, college students, 5426
recall vs recognition vs no expectations, recall vs recognition performance of high vs low imagery words, college students, 505
rehearsal vs generation of imaginary scene & memory set size, recognition RT, 467
relaxation training, controllability of imagery & EMG activity & tension, college students, 8510
right hemisphere imagery & creativity, 2742
role of perception & memory & coding processes in mental representation & transformation, recall & recognition performance, 20–23 yr olds, 2738
RT for noun to elicit mental image, measure of word imagery value, college students, 11571
seating preferences, hypnotic susceptibility & imagery, right handed college students, 2622
sensory imagery, blind vs sighted 10–21 yr olds, 8337
sex & neutral vs negative imagery & perceived emotionality of faces, right hemisphere superiority for discriminating memorized from nonmemorized faces, college students, 9781

sex & sentence cues with male vs female stimulus person succeeding vs failing in occupations with varying sex domination, approach & avoidance imagery, college students, 2220
sexual experience & guilt & casual vs committed interpersonal context for erotic guided imagery, sexual arousal & emotional response, female college students, 12720
spatial frequency, visual imagery, 18–37 yr olds & college students, 11813
systematic desensitization including relaxation training & fantasy & Gestalt technique, anxiety about birds, female client, 13288
thinking as verbal vs imaginal process, 9541
training strategies for teaching sequential procedures, initial training & retention & transfer to actual occupational task, 16–34 yr olds, 9169
training & transfer of spatial visualization ability, college students, 4884
use of mental images in cognitive operations & as aid in learning & memory, 11911
use of military maps to locate military targets & relate them to own position, Os, training implications, 2213
use of visual images, teaching abstract mathematical concepts, high school & college students, 11195
vascular lesion of left occipital lobe, mental imagery, 63 yr old male, 8304
verbal vs imagery learning style, recall of pictorially vs verbally presented information, 11 yr olds, 5522
vision & distraction, localization of invisible targets, blindfolded vs sighted car passengers, 2624
visual imagery, reduction of backward masking effects on target dot patterns, 4938
visual imagery & cognitive style, out of body experiences, college students, 6928
visual imagery in sequence vs spatial vs comparison/contrast format, teaching 2nd language, 8901
visual imagery & visualization & guided vs unguided fantasy as teaching tools, teachers & counselors of learning disabled children, 11285
word list organization imagery level, recall & recognition, male alcoholic Korsakoffs patients with mean age 61 yrs, 10493
Imagery (Conceptual) [See Conceptual Imagery]
Imagination
addition of "amnesia" suggestion to Creative Imagination Scale, suggestion experience & behavioral performance, college students, 5076
age differences, dream & fantasy content, 27–64 yr old males, 12564
analysis of sexual behaviors, college students, 3571
boundary confusion vs lack of familiarity hypotheses, predisposition to hallucinate, alcoholics who did vs did not hallucinate, 13044
clinical features & course & etiology & epidemiology & differential diagnosis & management of Asperger's syndrome, 10537
differential responses on physiognomic & imagery & aesthetic & creativity measures, nonartists vs dancers vs art students vs art professors, 960
emotions, memory & cognitive processes & social perception & judgment about others' personalities, 11724
environment & cognitive maps vs tactual vs visual stimulation, orientation shifts, Ss, 299
erotic tape vs film vs self generated fantasies, vaginal pulse amplitude vs self reported sexual arousal, married vs unmarried 21–58 yr old females, 5280
erotic vs nonerotic auditory stimulation vs self generated fantasy, affective & physiological responses during sexual arousal, 19–63 yr old males, 7536
factor analysis, characteristics of play behavior, 3–4 yr olds, 1091
feared-object stimulation in imagination, skin conductance, 18–48 yr old patients with anorexia nervosa & related feeding disorders vs non-food-related phobias, 6166
forms of mental representatives & reasoning processes & inference & representations of word meanings, cognitive science, 11549
hemisphericity, creative functioning, superior adults, 1348
imaginal vs perceptual scanning of digit array, RTs for producing visual representation of array, college students, 293
imagined vs hypnotically hallucinated stimulus, autokinetic movement, college students low vs high in hypnotic susceptibility, 5086
instructional use of fantasy & guided visual imagery, learning disabled & emotionally handicapped 1st–6th graders, 8968
instructions & contingent points, novelty of test answers, college students, 6672
intervention of adult model, levels of spontaneous imaginative play, middle vs lower class 4–5 yr olds, 12612
locus of control, animistic thinking, 10–13 yr olds, 3324
overview of creative imagination imagery, 3707
poetic hypnograms, induction of hypnosis, 5081
psychometric properties & development of scales, measurement of 3 sec-order factors of inner experience & daydreaming & fantasy, 184
relaxation-guided fantasy vs arithmetic exercises, creative thinking & writing, gifted 4th–6th graders, 1006
repetition of sentences having externally-supplied vs S-generated sentence-completing words, subsequent misidentification of words as self-generated, 427
sex differences, preferences for aggression vs nonaggression & partial fantasy vs reality vs fantasy in TV shows, 7–15 yr olds & fathers, Pakistan, 3226
sex differences & left vs right occipital locations & reading vs TV vs resting vs imagining vs counting, EEG rhythms, college students, 7501
stage of cognitive development & age, belief in Santa Claus & Easter Bunny & Tooth Fairy, 4–10 yr olds, 3308
television action vs violence, attention & social behavior & imaginative play, 3.5–5.7 yr olds, 7870
theoretical speculation concerning specific abilities lacking in social interaction & communication & imagination impairment syndrome, autistic & mentally retarded children, outgrowth of study by L. Wing & J. Gould, 5929
verbal vs imaginal cognitive strategies, inhibition of emotional arousal, male vs female college students, 7281
Imbeciles [See Severely Mentally Retarded, Trainable Mentally Retarded]
Imbecility [See Mental Retardation]
Imipramine
amitriptyline vs imipramine, interpersonal learning, depressed inpatients, 4087
cognitive therapy vs imipramine, depression, depressed patients, 12-mo followup, 10786
cognitive therapy vs imipramine, symptoms & treatment completion, depressed outpatients, 1-yr followup, 1653
doxepin & desipramine & imipramine, dexamethasone suppression test, 21–46 yr old depressed outpatients, 13312
fluoxetine & clomipramine & imipramine, withdrawal-like behavior after chronic treatment with tetrahydrocannabinol, male Wistar rats, 937
imipramine & physostigmine, REM sleep, male rats, 3177
imipramine plus desmethylimipramine levels in blood & antidepressant effect, 21–66 yr olds with endogenous depression, 10914
imipramine vs amitriptyline, fetal malformations, hamsters, 12364
imipramine vs amitriptyline, treatment of depression, 1835
imipramine vs chlorimipramine vs protriptyline, individual differences in exploratory behavior, female rats, human depression implications, 3175
imipramine vs desmethylimipramine, mitral valve prolapse, patients with panic disorders, 8580
imipramine vs maprotiline, pharmacokinetics & side effects, 75–83 yr old females, 8585
imipramine vs phenelzine, improvement, 52 yr old female with obsessive compulsive disorder, 13334
imipramine vs thyrotropin releasing hormone, metabolism vs uptake of brain catecholamines, male rats, 12395
imipramine vs trazodone therapy, improved symptoms & behavior & side effects, 18–65 yr old patients with primary depression, 1844
imipramine withdrawal, rebound cardiac arrhythmia vs unmasking of pre-existing irritability, depressive 54 yr old female, 8572
induced stress & imipramine, plasma imipramine levels vs liver demethylase activity, male rats, 12381
lithium carbonate with vs without imipramine hydrochloride, prevention of relapse & subsequent illness, 18–65 yr old Bipolar I patients, 10935
predictive ability of MMPI, imipramine response, hospitalized male depressives, replication of study by E. F. Donnelly et al, 11679
sodium lactate infusions with vs without imipramine or desipramine, induction & prevention of panic attacks, panic disorder patients, 4101
tritiated imipramine high-affinity binding to platelet membranes, untreated depressed 20–65 yr old females, 1407
ultradian rhythms & chronic imipramine, specific dopamine receptor binding of tritiated spiroperidol in striatum, male rats, 912
various indirectly acting sympathomimetic amines, stereotypy & norepinephrine uptake, male mice, 3221
withdrawal from imipramine, gastrointestinal symptoms & other effects, depressed children, 4094

5-hydroxytryptophan & carbidopa & imipramine, self-mutilative behavior, 5–14 yr olds with Lesch-Nyhan syndrome, 8596

Imitation (Learning)

adult modeling vs praise vs collaboration & same- vs cross-sex condition, responsiveness to adults on selection of play materials, female vs male 3rd graders, 3452

age & amount of information, acquisition of seriation-of-length rule through observational learning, 3.4–4.4 vs 4.5–5.4 vs 5.5–6.4 yr olds, 10095

age of peer model, selective imitation, kindergartners vs 2nd vs 4th graders, 10135

age & social inhibition, recognition & imitation of facial expressions, 6–7 & 9–10 yr olds & college students, US vs Zambia, 5457

air pollution & aggressive model, physical aggression, college students, 5769

articulation ability, imitation of suprasegmental patterns, 5 yr olds, 3887

associative learning vs discriminative learning theses vs acquired value of relational stimulus of similarity, theories of imitation learning in infancy, 5518

childhood & adolescent role models, occupational choice, college professors vs blue collar workers from blue collar backgrounds, 10223

classroom training with vs without role playing, home accident prevention, 27–37 yr old mentally retarded, 4168

coffee drinking & modeling, cigarette smoking, college students, 5706

cognitive modeling, impulsivity as measured by Matching Familiar Figures Test, hyperactive vs normal 5th & 10th graders, 6114

contingent observation procedure, reduction of intrusive & noncompliant behavior, 5 yr old, 10871

continuation vs withdrawal of behavior model, learning to follow instructions, severely mentally retarded Down's syndrome 6–14 yr olds, 8981

coping model vs lecture/discussion, target behavior change, education majors, 13574

covert modeling, feminine sex-type behavior, 11 yr old male, 6335

covert modeling for reduction of children's fears, critique of paper by S. L. Chertock & P. H. Bornstein, 10904

deindividuating situational cues & model aggressiveness, administration of electric shocks to another person, male college students, 3618

delay after presentation of auditory vs pictorial stimuli, sentence imitation, 3.6–4 yr olds, 7798

description of group social skills training program & manual, elementary school children, 8884

developmental differences, effect of meaningfulness of modeled acts with socially appropriate vs inappropriate object on imitation, 7.5 vs 10 vs 16 vs 22 mo olds, 7805

didactic training through modeling & Rogerian vs assertiveness theory instruction, assertiveness & actualization, low assertive college students, 8392

direct vs observed reinforcement, appropriate & inappropriate behavior, 5–6 yr old female kindergartners, 4330

drug usage & interactions with parents & peers & significant adults, male vs female 7th vs 8th vs 9th graders, 10165

expansion training encouraging active & overt behavior, withdrawal & rigidity, children, 8523

exposure to highly helpful model, self perceptions of altruism & intrinsic motivation to help, college students, 12747

exposure to high vs low rate smoking model, cigarette frequency & intercigarette interval & topographical smoking components, male heavy vs light smokers, 12728

frequency in population & acquisition by individuals, song types, chaffinches, 12076

high vs low performance model & task experience, goals & performance & performance satisfaction, male college students, 1288

imitation by child, attraction to child, female college students & 7th grade males, 5766

imitation learning from nondelayed peers in integrated classroom, developmentally delayed preschoolers, 9058

imitation of tongue protrusion & mouth opening, 17–20 day olds, 12458

imitation & reinforcement, language remediation, reply to criticism by P. Connell et al, 13363

imitation & reinforcement procedures, language remediation, methodological criticism of J. Courtright & I. Courtright's study, 13362

imitation vs observation vs E vs S manipulation of solid, anticipation of figure rotation & development of surfaces, nursery school students with mean ages of 4.9 & 5.7 mo, 12557

induction to influence another child, imitation of other child, 2.9–4.9 yr olds, replication of study by M. H. Thelen, 10145

intervention of adult model, levels of spontaneous imaginative play, middle vs lower class 4–5 yr olds, 12612

interview skills training using modeling & rehearsal & videotape vs verbal feedback, responsiveness & eye contact & smiling & intelligibility & attractiveness, institutionalized mentally retarded Ss, 6327

lecturing vs modeling vs role playing, remedial reading tutoring skills, paraprofessional tutors, 11170

length & informativeness of model messages, communication accuracy, kindergartners, 10125

level of imitation & judgment of competency vs incompetency on task performance, attraction to & imitation of confederate, female college students, 1237

meaningfully related vs unrelated sentences, elicited imitation performance, preschool age children, 7797

mimicry vs imitative modeling language instruction, sentence production, trainable mentally retarded 6–9 yr olds, 13442

model competency & attitudes & S field dependence, task attitudes, college students, implications for job attitudes, 1296

modeling & audience, willingness to self administer high levels of shock, female undergraduates, 12819

modeling & behavior rehearsal & social reinforcement, learning self protection to prevent abduction, 3–5 yr olds, 4064

modeling & instructions & verbal fluency, verbal behavior, family service agency clients, 6296

modeling & tuition & sanctions, self control of motor behavior, 6 vs 7 vs 9 vs 11 yr olds, 3346

modeling vs instructional film, intelligence test performance, test anxious 9–11 yr olds, 1817

modeling with varied feedback & prerequisite skills in seriation learning hierarchy, positive transfer for superordinate skills, 2.9–5.1 yr olds, 983

multiple modeled variations, information acquisition, preschool children, 10027

nonimitative modeling & mimicry, use of singular copula, Black 4 yr old dialect speakers, 8877

number of models & absence of shock UCS, level of imitative choice responses to avoidance-conditioned models, guppies, 2876

observational learning & modeling, implications for counseling, literature review, 13213

observation of normal peer models in discrimination task, task performance, autistic 5–7 yr olds, 8982

observation of skilled vs unskilled companions vs no observation, learning, quail, 12071

observed vs nonobserved demonstrations, imitation of learned avoidance reaction, male rats, 2837

paraphrasing & modeling & cues, self referent affective verbal statements, chronic schizophrenic 20–50 yr olds, 5941

participant modeling, desensitization of dog phobia, 32 yr old mildly retarded female, implications for extent of desensitization, 8519

participant modeling, high avoidance motor task performance, educable mentally retarded 12 yr old male, 3-wk followup, 10869

performance & modeling & teacher's self efficacy beliefs & locus of control & classroom climate, academic self efficacy expectations, 6th graders, 2139

performance on Tennessee Test of Rhythm & Intonation Patterns, 3 vs 5 yr olds, 9372

positive vs negative vicarious reinforcement vs no reinforcement of model's choice response, imitation of response, 4 & 6 yr olds, 7826

posters with vs without graffiti, subsequent frequency & content of graffiti in woman's washroom on college campus, 12789

problem solving persistence & confidence of adult model, child persistence & confidence, Black & Hispanic 1st & 2nd graders, 10206

psychological & theological constructs, learning by imitation, 7262

repeated demonstration of sensorimotor actions, changes in imitation, 6 mo olds, 6-mo study, 3339

repetition of adult model's utterances, facilitation of spontaneous language acquisition, 9 vs 10 vs 11 mo olds, longitudinal study, 992

segmented vs combined model of group discussion, learning of discussion skills, 2nd graders, 2085

self instruction vs modeling vs instructor-controlled strategy training, generalization of verbal abstraction strategies, educable mentally retarded students, 6720

self modeling with video replay & cash rewards, workshop productivity, physically handicapped, 8723
sensorimotor & language development, 12–19 mo old nonretarded infants vs 24–38 mo old Down's syndrome children of the same developmental age, 8251
sentences with vs without contextual pictures, verbal repetition, language delayed 4–5.3 yr olds, 10627
social modeling films, smoking knowledge & intentions & behavior, 7th–9th graders, 10301
social modeling & reinforcement & contracting, classroom social skills, behavior disordered 8.6–12.6 yr old students, 11294
social reinforcement & learning model, alcohol usage, hospitalized adolescents, 13052
social skills training, unipolar depression, 25–57 yr old unipolar nonpsychotic female depressives, 8516
social skill training, social behavior, emotionally disturbed 10 yr old female & 11 yr old male patients, 8487
spontaneous imitations, 3.9–6.2 yr old Stage 1 Down's syndrome children, 10592
S sex & weight & model sex & amount of model eating, eating rates, obese vs normal college students, implications for externality hypothesis of obesity, 1569
structural modeling techniques vs learning hierarchy model as approaches to analysis of skilled behavior, literature review, 9561
test anxiety & anxiety level of model & spatial visualization task, self evaluation of anxiety & performance, female college students, 11994
type of motivation aroused, imitation, preschoolers, 12620
verbalizing model &/vs reinforcement, speech output, male near-mute 47–68 yr old schizophrenics, 1886
viewing videotape of children's reactions to death, subsequent verbalizations about death, 7–15 yr olds in family therapy who had lost family member, 13264

Immaturity (Emotional) [See Emotional Immaturity]

Immigrants [See Immigration]

Immigration
adult male death, household permanence & agricultural success, pioneer Japanese farmers, Bolivia, 10213
comparison of level of psychological functioning, cross cultural test of personality integration hypothesis, immigrant vs indigenous Polynesian vs immigrant vs indigenous European male supervisors, New Zealand, 5875
critical period vs optimum age vs developmental theory of second language acquisition, literature review, 5487
demographic & phenomenological characteristics, psychotic 15–45 yr old immigrants, England, 12979
developmental curriculum, psychological development & moral reasoning & identity, 15–19 yr old immigrants vs American-born high school students, 3269
diagnosis & psychotherapy, Indochinese refugees, 6252
epidemiology, psychological disorders, Indian immigrants, England, 12949
ethnic involvement & native born vs recent immigration, magnitude of ethnic vs minority identity, male vs female Armenian American high school students, 10224
factors in adjustment, US settlers, Australia, 4757
mental health patterns & immigrant adjustment problems & programs, Israel, 6464
mental hospital admissions rates & psychiatric symptoms, immigrants, England, 5937
nativity & years of US residence & metropolitan vs nonmetropolitan environment & educational & occupational level, English language use, Mexican immigrants, 3498
Physical Health index as predictor of Mental Health index score, self report interview assessment, North African Jewish immigrants, Canada, 1377
prejudice & discrimination, Turkish emigrants working in West Germany, 5606
psychiatric hospital 1st admissions & mental illness rates, Polish & Russian refugees, England, 5963
psychopathology, exiles, 12992
sex differences, prevalence of psychiatric disorders, West-Indian vs Irish-born immigrants, England, 12940
sociodemographic variables, adjustment to new culture, 18–70 yr old American immigrants, Australia, 5610
symptomatology & phenomenology, acute psychotic reactions, 25–45 yr old West Indian & West African migrant patients, England, 12978
vocational retraining & career change, coping behavior, immigrants, 4511

Immunoglobulins
age & anxiety & serum immunoglobulin levels, crystallized & fluid intelligence, 30–45 vs 60–75 olds, 5272
brain injections of immunoglobulin from acute schizophrenics, positive EEG recordings, rhesus monkeys, 864

Immunologic Disorders [See Also Allergic Disorders, Food Allergies]
blood immune parameters, schizophrenics & patients with affective disorders, 3778

Immunology
antithymic activity in blood serum, schizophrenics under 40 yrs old, 10492
Candida albicans, immunologic response & depression & difficulties in memory & reasoning & concentration, 10442
immobilization stress, impairment of macrophage tumoricidal function, male mice, 918
ip beta-endorphin & training & stimulation, memory retention & beta-endorphin immunoreactivity in brain, rats, 7656
psychosomatic vs reductionist approach to study of disease, animals, application to psychoimmunologic research, 8300
sc haloperidol, immune response to 1-chloro, 2,4-dinitrobenzene, female mice, 12402
thyrotropin-releasing hormone immunoreactivity in brain & spinal cord & pancreas & neurotransmitter function, rats, 7494

Immunopathology [See Immunology]

Implosive Therapy
anxiety induced by flooding therapy, lack of prolactin secretion response, phobic females, 1808
aversion relief & systematic desensitization & modified flooding & cognitive rehearsal & anxiety management, fear of choking, male 21–75 yr olds, 4070
dissonance theory and flooding therapy, phobic behavior, 10799
flooding procedures, extinction of avoidance response & conditioned fear, literature review, 6329
interpersonal problems following successful group exposure in vivo, agoraphobics, implications for psychodynamic vs behavioral interpretation of "symptom substitution", 4053
total exposure durations & interrupted vs continuous exposure, flooding therapy, college students with public speaking anxiety, 6321

Impotence
clinical & endocrine effects of mesterolone, males with secondary impotence, 13326
correction of interpersonal relationships in psychotherapy, secondary impotence, 1757
electroejaculation, fertility, paraplegic males, 4114
etiology & sex therapy, 22–48 yr old married men with ejaculatory incompetence, Hong Kong, 3842
indirect symbolic suggestions in hypnotherapy, erectile dysfunction, male patients, 10949
measurement of nocturnal penile tumescence, differential diagnosis of psychogenic vs organic impotence, 49 yr old male, 10745
nocturnal penile tumescence conditioning procedure, erectile impotence & unconsummated marriage, middle aged couple, 1779
psychophysiological reactions to neutral vs erotic film, males with psychogenic erectile failure vs premature ejaculation vs impotence, 13118
REM sleep & nocturnal penile tumescence, implications for etiology & diagnosis & treatment of male impotence, 6141
sexual attitudes & interests & behavior, psychogenically vs organically impotent vs normal 35–68 yr old males, 6112
symptom profiles & psychological aspects, males with premature ejaculation vs psychogenic erectile failure vs diabetes related impotence, 13119
symptoms & surgical treatment, vasculogenic erectile impotence, 10743

Impression Formation
impression formation of personality vs prediction of future behavior, information organization vs recall ability, college students, 11897
impression formation vs memory task instructions, recall of behavior descriptions with vs without distinctive items, college & graduate students, 4984
impressions created by outfit of clothing vs component parts, 18–51 yr old college students, 8038
indirect tactics of self presentation, 5791
interrater reliability & factor structure of personality trait ratings by intimate friends & strangers forming 1st impressions from pictures, college students, 5819

intimate vs nonintimate disclosure at 1st meeting of 2 females & other S's intimate vs nonintimate response disclosure &/vs concern, impressions of & attraction to respondent, college students, 1220
labeling child as educable mentally retarded, impressions of attractiveness & academic & behavioral potential of Black vs White vs Mexican American children, elementary school teachers, 6628
medical diagnosis & physical attractiveness, reactions to patients who complain of pain, nursing students, 11083
mentioning disability in different contexts, desirability of interaction with physically disabled person, female college students, 10312
model of attitudinal vs dispositional vs situational interpersonal predictions, impression formation, male vs female college students, 10355
normative ambiguity ratings of personality trait words, implications for impression formation research, 5796
positive vs negative traits, weight & descriptive extremity & specificity in impression formation, 14 & 15 yr olds, 10200
sentence context stressing various meanings of trait & consistency with subsequent information, ratings of persons described by trait adjectives, college students, 3668
target & discloser sex & timing of self disclosure, judgments of discloser's likeability & mental stability, college students, 5756
vividness of evidence influencing availability in memory & favorableness of defendant, judgments of defendant's guilt immediately & after 48 hrs, college students, 3656

Impression Management

bogus pipeline manipulation, self & other deceptive components in social desirability responding & need for approval, college students, 10389
indirect tactics of self presentation, 5791

Imprinting

auditory stimulation intensity, approach response, neonatal chicks, 5163
bilateral lesions of forebrain & exposure to visual imprinting stimuli, subsequent preference for training vs new visual imprinting stimuli, chicks, 12337
brief presentations of moving imprinting stimulus, temporal patterns of attachment behavior & role of priming effect superimposed on low response probability & possible mediation by opiate peptides, ducklings, 633
development of filial attachment to static visual features of imprinting object, Khaki Campbell ducklings, 562
group rearing & reduction in group size & imprinting stimulus, emission of distress calls, ducklings, 12118
instinctive preferences for living models vs painted sign stimuli, chicks hatched & raised in isolation, implications for releasers of imprinting, 640
isolation & visual stimulation, color preferences, chickens, 12022
lack of reliable performance in imprinting research, chicks, 12161
own image in Plexiglas vs mirror vs age mate, relative attractiveness, ducklings, implications for imprinting, 2942
species similarities, behavior control by stationary imprinting object, ducklings vs pheasants vs chicks vs turkeys vs quails, 7356

Impulsiveness

age & intelligence differences, errors & response latency on Matching Familiar Figures Test, impulsive 1st vs 4th graders, 7883
classroom behavior, reflective vs impulsive 9 vs 11 yr old students, 4365
cognitive modeling, impulsivity as measured by Matching Familiar Figures Test, hyperactive vs normal 5th & 10th graders, 6114
demographic & personality variables, norms for Kagan Matching Familiar Figures Test of impulsivity/reflectivity, adults, 7059
high vs low impulsiveness & standard test administration vs verbalization &/vs feedback, performance on Raven Coloured Progressive Matrices, 2nd graders, 4840
impulsive cognitive style & disinclination to tolerate uncertainty, superstitious beliefs, college students, 12894
impulsiveness & venturesomeness & empathy & psychoticism & extraversion & neuroticism & social desirability, 17–21 yr old male delinquents, 13025
impulsivity/reflexivity as aspects of cognitive style, scholastic achievement, 13612
methodology for examination of defense & anxiety & impulse in therapist interpretations, brief psychotherapy, 8443
reflection/impulsivity & intelligence & socioeconomic status & race & father absence & teacher ratings, male White vs Black vs Hispanic kindergartners, 13538
relaxation training & biofeedback, task attention & impulsivity, hyperactive 7–11 yr old males, 6357
risk taking & impulsivity, nondelinquent 11–12 yr old males, 3445
style & ability & generalizability, differentiation of reflection-impulsivity, 14–17 yr olds, 3434
training parents & students in verbal self regulation procedures, academic achievement & classroom & home behavior & cognitive ability, impulsive 5th & 6th graders, 9088
Type A personality & impulsivity, college students, 12862
type & frequency of crime, planners vs impulsive offenders, 3833

Incarceration

age & type of crime & length of incarceration, IQ as measured by progressive matrices test, male inmates, 1971
closing of drug clinic, readdiction to heroin & rise in arrest vs incarceration rates, methadone clients, 2-yr followup, 11051
factor analysis, demographic characteristics, adult & juvenile prisoners, 1974
factor analysis, demographic characteristics, male & female incarcerated juvenile offenders, 1973
factor analysis of demographic & behavioral characteristics, male prisoners, 1972
locked up vs open door management, acting out & "jailification", inpatient adolescent drug abusers, 4177
model of length of time after prison release until recidivism, evaluation of correctional program, 13446
Revised WISC profiles, adjudicated 15 yr old delinquents subsequently incarcerated vs released on probation, 6034
variables related to rule infractions & penalties imposed, inmates incarcerated 6 mo or longer at Louisiana Correctional Institute for Women, 1976, 8724

Incentives [See Also Educational Incentives, Monetary Incentives]

amount of course credit as reward & E knowledge of S's fear & stated purpose of test, measurement of fear with Behaviour Avoidance Test, college students, 2473
criteria for successful employee incentive programs, 9184
ecological changes & incentives, bus ridership, 9146
financial vs nonfinancial incentives, industrial workers, 6879
incentive & presentation rate, listening comprehension, 4956
motivational vs cue properties of incentives, choice discriminations, 5–6 yr olds, 7824
observation & incentive, response speed & commonness & objectionable quality & self report of affect in word association task, 16–32 yr old males, 1255
potential positive behavior & incentive, positive behavior, potential bus riders, 10345
reward vs response cost & locus of control for positive vs negative outcomes & sex & age, task performance, 5th vs 6th graders, social learning theory implications, 1069
simulation game structure based on cognitive dissonance vs incentive models, attitude change, college students, 5834
structured vs unstructured reward conditions, group tower building task performance, 3rd graders, 10137
symbolic vs tangible incentives, responsiveness in learning task, predelinquent vs nondelinquent 15 yr old males, 3285
thirst, utilization of redundant striped orientation cue in discrimination & transfer tasks, male rats, 12316
training & incentives, cognitive abilities including conservation of volume & length, advantaged vs disadvantaged 8–9 yr olds, 7823

Incest

characteristics & intervention & prevention, father-daughter incest, 10559
efficacy of group therapy, adolescent victims of intrafamilial sexual abuse, 13248
family risk factors, females who had incestuous vs seductive relationships with their fathers during childhood, 8201
impulse to wander & geographic reinforcement of incest taboo, 3 case reports, 3834
language patterns obscuring occurrence of father-daughter incest, diagnosis by child protection professionals, 1628
recidivism, male offenders found guilty of sex offenses against females under 13 yrs old in 1951 & 1961, 24 & 15 yr followups, 13433
role displacement in incestuous family & resultant destruction of nuclear family, 1149
traditional interpretations & psychiatric treatment in humans, incest & incest taboo, humans & nonhuman primates, 1103

Incidental Learning [See Also Latent Learning]

color vs neutral words & color patch vs print color, incidental memory for color-word association in Stroop test, college students, 9563

conscious & unconscious processes in learning of complex rule structure, college students, 5041
difficulty of distractor task & interpair interval & incidental learning instructions, long term serial position effects in free recall of word pairs, college students, 463
duration of presentation of embedded unattended words, recognition, college students, implications for reading processes, 11983
expectation of immediate vs delayed testing, acquisition of knowledge, high school students, 9079
infantile malnutrition, incidental learning & attention & curiosity, monkeys, 5307
intentional vs incidental learning, 4th & 5th graders high vs low in simultaneous vs successive processing vs attention, 10060
intentional vs incidental learning instructions & immediate recall test & list structure, long term retention, college students, 9582
learning of relational aspects of items &/vs individual items, free recall & recognition, college students, 5023
level of problem uncertainty & curiosity, incidental recognition level, high school & college students, 12484
MA differences, picture classification in incidental learning task, educable mentally retarded children, 1539
mnemonic strategy & motivation to learn, paired associate learning, college students, 9568
parent & sibling sinistrality variables, degree of handedness indicating incidental intrafamilial learning as negligible factor, college students & teachers, 12219
recency effects in recall vs recognition of incidentally learned material, college students, 9547
sentence frame-target congruity & sentence frame complexity, free vs cued recall, college students, 9575
simultaneous free recall learning task, incidental development of associations, college students, 11980
standard vs elaborated pictorial presentation & lists of noun pairs & instructions, pictorial elaboration effects in incidental paired associate memory, kindergartners vs 2nd graders, 10068
subject similarity, recall order of words, college students, 5044
teacher ratings of classroom hyperactivity & cognitive measures & patterns of ability, 105–148 mo old learning disabled vs 91–154 mo old nonlearning disabled children, 11340
verbal reinforcement of performances, central vs incidental recall of performers vs Os, 2nd vs 4th vs 6th graders, 12533
verbal responses to word cues, learning & retention of prior response associate errors, high school students, implications for response-strength concept in cognitive theory, 12520
word meaningfulness & imagery value, recall on semantic vs nonsemantic tasks, graduate students, 11937

Income (Economic)
age & social class, descriptions of differences between rich & poor, 5–7 vs 9–11 vs 13–15 vs 16–18 yr olds, 10172
economic &/vs health problems, life satisfaction & stress reactions & perceptions of own situation, 65–94 yr olds, implications for cognitive theory of adjustment to aging, 3296
hypothetical economic situations, ratings of personal satisfaction vs financial well being, college students, 12868
length of residence & location-specific capital & information costs & dissatisfaction, repeated migration, married couples, 3467
plan for assessment of economic resources & ability to pay, community mental health center clients, 6453
pretreatment source of income, response to methadone maintenance, narcotic-dependent males, 6-month followup, 13456
self rated health & income, internal external locus of control vs life satisfaction, Ss 65 yrs old & over, 12597

Income Level [See Also Lower Income Level, Middle Income Level, Upper Income Level]
age at marriage & marital duration & religiosity & income, thinking about divorce, married couples, 3514
age & income & job tenure & marital status & educational level & number of dependents, job satisfaction, steel industry 1st-line supervisors, 6862
attachment to transitional objects, Black lower middle & lower income vs White middle & upper income preschool age children, 7878
demographic correlates of item bias in Reading Comprehension section of Metropolitan Achievement Tests, Black vs White 5th vs 6th graders, 9100
family income & sex & familism, locus of control as measurement of fatalism, Anglo vs Mexican American high school students, 1132
personal & social variables, awareness of finality of human life, aged, 3275
product prices & S's income level, perceived product quality & preference & purchase intent, 20–50 yr old females, 13799
resources including health & income & social integration & knowledge about retirement & ecological conditions & life satisfaction & age, adjustment, aged Ss, 3290
social class &/vs income, segmentation of market for various consumption areas, 4610
tabulated data from 90 provinces for mean IQ & intellectual achievement & earnings & unemployment & infant mortality & migration, France, 10215

Incontinence (Fecal) [See Fecal Incontinence]
Incontinence (Urinary) [See Urinary Incontinence]

Independence (Personality)
achievement style & homogeneous vs heterogeneous groups & type of task, perceptions of small group learning, college students, 2127
allergic factors, autonomy & self assertion in mother-child relationship, 14–30 mo old asthmatic children, 13103
Brush-Morse model of personality evaluation, measurement & encouragement of creative productive qualities, women, 203
conceptualization of home-leaving, college students, 12524
formation of motives & interests & independence, children, Czechoslovakia, 1077
interdependence vs dependence vs independence, use & development of taking ability, college students, 3663
interpersonal satisfaction, level of involvement, college students, 5740
level of job stress, affiliation & autonomy need satisfaction, nurses, 4235
marihuana use & values for independence & peer affection, college students, 12731
patient personality style, hospitalization rates, 14–71 yr old asthmatics, 6496
perceived freedom of choice, shift to autonomous mode of behavior regulation, 3711

Independent Party (Political) [See Political Parties]

Independent Variables
extension of Kruskal-Wallis procedure for factorial design, 2613
linear regression function with additional independent variable, tables for determination of increased significance of multiple correlation coefficient, 2567
relative extent of reliability as independent variable, skin conductance recovery time, White 18–75 yr olds & Mauritanian 3 yr olds, 6998

India
acceptance of jowar in food preparation, college students, India, 5318
age at menarche, females of Gujar caste in Punjab, India, 1122
attitude similarity & caste preference & sex, attraction toward strangers, India, extension of M. Rokeach & H. C. Triandis controversy, 5763
attitudes vs practice, birth control, 18–45 yr old married couples, India, 5631
attributional differences, life satisfaction, aged, India vs US, 7935
auditory vs visual display of taboo words, perceptual defense behavior, 14–19 yr old males, India, 3282
care & prevention & assessment, mental retardation, India, literature review, 8627
children's school examination performance & adult code switching & mixing, bilingual children & adults, India, 2132
chronic neurotic syndrome with somatic multiple symptomatology, Muslim females, India, 8155
cost & sensitivity of 3 methods of psychiatric case detection, village population, India, 4701
cross cultural differences, affective perceptions, US vs Indian vs mixed foreign college students, 1145
cross cultural differences, locus of control, African vs European vs Indian nurses, 10225
cross cultural differences, personal value clusters, managers, India vs US, 11470
cultural differences, job involvement & job satisfaction, bank employees, US vs India, 4562
cultural & sex differences, moral judgment, Hindu vs Muslim 10 & 11 yr olds, India, 5585
culture & organizational structure & educational level & achievement orientation, job satisfaction, factory workers, India vs Western countries, 6871
demographic & psychological variables, productivity, farmers, India, 9149
dermatoglyphic features of finger & palm prints, schizophrenic & manic depressive adults, India, 10453

development & reliabilty & validity of Paramesh Remote Associates Test, measurement of creativity & intelligence, Tamil-speaking 10th graders, India, 204
development & validation of differential personality scale in Hindi, 7100
dogmatism as measured by Rokeach Dogmatism Scale, polytechnic teachers, South India, 6630
fear of failure, Indian vs Afro-Asian 17–23 yr old male college students, India, 5620
geriatric psychology & psychiatry, sociocultural aspects of mental illness, aged psychiatric patients, India, 1494
historical development & state of social psychology, India, 5720
home vs school context variables, friendship expectation development, 13–16 yr olds, India, 5583
internal locus of control, academic achievement, 6th–8th graders, Sri Lanka vs US, 2121
job involvement & need satisfaction, intrinsically vs extrinsically motivated managers, India, 11466
noxious transcutaneous electrical stimulation, pain threshold, 23–42 yr old Nepalese porters vs 30–68 yr old Occidentals, 820
personality patterns measured by Indian version of Sixteen Personality Factor Questionnaire, high vs low self disclosure 15–17 yr olds, India, 1095
psychological & sociological implications, population policy, India, 5605
research on anxiety before 1976, India, literature review, 1340
sex differences & cultural variations, perception of Mueller-Lyer illusion, Hindu vs Muslim 17–21 yr olds, Ind, 4902
sex differences in cognitive style, nomadic vs transitional sedentary Birhors vs agricultural Oraons vs urban 4–5 & 7–10 yr olds, India, 10192
socioeconomic conditions & alienation, mental health, Irulas of Palamalai, India, 7949
socioeconomic status, personal & social values, adolescents, India, 5579
socioeconomic status & demographic characteristics, schizophrenia vs affective psychotics vs neurotic outpatients, India, longitudinal study, 1493
subjective efficacy & openness to change & propensity to plan, family planning knowledge & attitudes toward small family, married females, India, 3536
Taylor Manifest Anxiety Scale scores, 22–43 yr old Indian vs European South Africans with high vs low educational levels, 3736
third-party consultation, social conflict resolution, Indian vs Pakistani nationals, 5744
treatment methods & effects, faith healers, India, 6215
type & incidence of mental disorders, patients at primary health facilities with physical complaints, Colombia & India & Sudan & Philippines, 1896
value orientation & country differences, personal value dimensions, managers, US vs Japan vs Korea vs Australia vs India, 2256
Indians (American) [See American Indians]
Individual Counseling [See Individual Psychotherapy]
Individual Differences
age differences, dream & fantasy content, 27–64 yr old males, 12564
age & individual differences, creative thinking & problem solving, gifted 2nd–6th graders, 1009
alpha rhythm responsivity consistency & relationship to cardiovascular responsivity & personality, college students, 12197
Bem Sex Role Inventory as measure of individual differences in self concepts vs global self images of masculinity & femininity, reply to J. T. Spence & R. L. Helmreich's criticism of gender schema theory, 4773
Bem Sex Role Inventory as measure of individual differences in self concepts vs global self images of masculinity & femininity, criticism of S. L. Bem's gender schemata, 4832
biographical determinants & individual differences, processes of aging & aging status, aged, 7753
biological vs cortical function differences, responsivity to treatment, manic patients, 8425
changes in interest profiles, psychology students, 12839
classroom structure, shared perception of ability, 5th & 6th graders & elementary school teachers, 4372
clinical approach to criminology, labeling criminals & examination of individual social problems & peculiarities & treatment, 13448
communicator credibility & individual differences, attitude change, college students, 1286
competence & individual differences, similarity/attraction effect in evaluation of mythical stimulus person, female college students, 3661
consolidation vs reactive inhibition, individual differences in reminiscence in rotary pursuit task, extraverted vs introverted college students, 9604
creativity test results, prediction of individual differences in hypothesis generation, college students, 11904
development of Toddler Temperament Scale, ratings of temperament characteristics, mothers of 1–3 yr olds, longitudinal study, 7077
development & reliability of multidimensional individual difference measure of empathy, 4780
differences between instructional media & differences between learners, media-supported school instruction, 13528
displays of different numbers of targets & target direction & distance & practice & individual differences, saccadic latencies, college students, 356
drawbacks of "learner control" form of individualized instruction for accommodation of individual differences, students, 13587
ear advantages in dichotic listening, brain injured adults, 13153
experimental arousal, individual differences in extraversion & story recall, Ss admitted for clinical psychological assessment, replication of findings of P. N. Johnson-Laird & R. Stevenson, 11728
genetic & environmental determinants, individual differences in sensory contingent bar pressing, rats, implications for motivation, 2864
geometric analogies, information processing & individual differences, college students, 11721
hypothetical dual component of cognitive dictionary structure, confirmation of personal component where S uses same semantic rules & proportions on different word lists & occasions, 7230
idiothetic vs nomothetic paradigm, study of individual personality differences vs personality development, 12867
imagery ability, color aftereffects produced by present & imagined stimuli, college students & staff, 11777
imipramine vs chlorimipramine vs protriptyline, individual differences in exploratory behavior, female rats, human depression implications, 3175
individual differences, attitudes toward & perceptions of crime, students, Australia, 12691
individual differences, computer-simulated diagnostic evaluation of student, school psychologists vs special vs regular education teachers vs administrators vs support personnel, 2195
individual differences, free classification of multidimensional stimuli, college students, 7218
individual differences, grading practices & attitudes, college faculty members, 2075
individual differences, heart rate during cognitive task performance vs rest, mean age 8.5 males, 9815
individual differences, model of adaptive behavior, 2310
individual differences, rectangle aesthetics, college students, 9503
individual differences, release from proactive interference during delayed vs immediate recall, 2783
individual differences, use of consonants during early phonological development, Ss aged 1 yr 4 mo–1 yr 10 mo, 5505
individual differences & biological vs experiential bases of natural abilities, 765
individual differences & hereditary influences in language acquisition, 10024
individual differences in acquisition of reading skill, challenges to proposals of K. E. Stanovich, 10116
individual differences in attentiveness to opportunities for influencing supervisors, effect of influence on job performance & satisfaction, Navy enlisted aircraft maintenance personnel, 13770
individual differences in decisions on effort level, high school & graduate students, behavioral decision approach to V. H. Vroom's expectancy theory, 512
individual differences in French language speaking & listening comprehension achievement, native English speaking 1st graders in total early immersion program, Canada, 6685
individual differences in language learning, language disorder as learning disability & developmental deviation, children, 10622
individual differences in maternal conversational input, acquisition of syntax, children, 1030
individual differences in physiological arousal, picture vocabulary performance, learning disabled 7th & 8th graders, 1538
individual differences in planning processes, 10372

individual differences in self consciousness, identification of self reference strategies in trait term memory tasks, college students, 1349
individual higher order need strength, attitudes toward job & job characteristics, 16 yr olds, followup study, 2259
individual strategies of grouping by conceptual vs associative categories, word list recall, college students, 11947
infants' biobehavioral state & CS-CR specificity & simple vs complex conditioning procedures & individual differences, classical conditioning in infancy, literature review, 5489
input modality & central processing codes, individual vs task related differences in time-sharing efficiency on information processing tasks, right handed male college students, 445
interaction of cognitive & affective systems, multifactor individuality theory of emotion, literature review, 9611
interactive vs programed remedial language teaching methods, individual differences in improvement of syntactic constructions, expressive language delayed 3.5–5.7 yr olds, 6433
inter- vs intra-individual variance, color-matching functions, O's, 11846
memory interval & sex & individual differences & anxiety, dichhaptic perception of nonsense forms, right handed college students, 2652
method for adjusting contingency tables to remove effects of S & item differences, study of human memory, 4855
model of attentional capacity, classification of complex steady state sounds, 4953
moral development, social equity phenomenon in simulated job performance, college students, 10201
need for acknowledgement of individual differences, special education, 13636
nonshared environmental influences, differential development, siblings, 12469
perceived vs actual genetic similarity, co-twin differences in cognitive & personality & physical development, monozygotic & heterozygotic same-sex twin pairs, methodological implications, 979
perceptions of job challenge & autonomy & importance & individual disposition, job satisfaction, computer personnel, 2260
personality correlates, resistance to punished vs regular extinction, college students, 1303
personality & drug history, subjective intoxication on coltsfoot & placebo & marihuana, 21–31 yr old males, 12736
personality factors & age differences, cognitive strategies on probability learning task, 5–15 yr olds, 3327
personality traits, lifestyle responses, 38–71 yr olds who had coronary artery bypass surgery, 8358
person-situation interactions, appropriateness of S-R Inventory of Anxiousness in measurement of sources of behavioral variability, 7069
postulates of personality theory & culture, 3507
problems in assessment & prediction of performance, individual differences in diurnal rhythm, 36
psychodynamic theories about stress reactions & long term health deterioration after mass disasters, 1412
psychosocial differences & life satisfaction, volunteer workers vs non-volunteers over 65 yrs old, 12591
random configurations in PINDIS model for individual differences scaling, expected fit values, 136
reliability & individual differences in 2nd-session bias, alternate form procedure for kinesthetic aftereffect, adolescents & college students, 11671
religious & moral values & setting with constraints vs no constraints on return of money, individual differences in money returning, college students, 1216
self esteem & self consciousness & internal vs external attribution of need for aid & active seeking vs passive acceptance, recipient reactions to aid, Ss, 10382
self perception, individual differences in response to E's foot-in-the-door procedure, overweight vs normal weight Ss, 5896
social learning theory analysis of learned helplessness, individual & situational differences in development of helplessness, 3748
stability of cross-situational patterns of anxiety behavior, 8th graders, 1081
stochastic model, test-retest correlations, 9306
strain & individual differences, developmental period for cardiovascular system, Bailey recombinant inbred vs progenitor strains of mice, 681
strategy choice & training, pictorial vs verbal strategy in sentence-picture verification, Ss with high vs low spatial ability, 7227
subject area & day of week & academic activity format & individual previous achievement growth, involvement time in learning activity, 4th graders, 6681
teacher individual differences & student ability & performance, attributions for achievement of high- vs low-expectancy students, elementary school teachers, 4282
tendency toward personal vs internal vs external vs environmental attributions, attitudes toward rape & social perception of victim's causal role, female vs male college students, 1295
threshold vs suprathreshold levels of various sweet compounds, individual differences in stimulus detection, adult Ss, implications for cooperation between several receptor sites in chemoreception, 316
timing of shift & age & other demographic factors & experience with shift work, sleep length & quality, 16–67 yr old steel workers, 6865
traffic noise & neighborhood satisfaction & anxiety & concern about accidents, individual differences in annoyance response to traffic noise & health, survey respondents, 11518
validity & reliability of Affective Communication Test, measurement of individual differences in expressiveness/charisma, college students, 2469
verbal vs imagery learning style, recall of concrete vs abstract prose material, 10–11 yr olds, 12541
working memory capacity, reading comprehension, college students, 2775

Individual Psychology
Adlerian theory, family therapy techniques, 13241
application of Adlerian concepts to social casework process, 6483
interbehavioral psychology of J. R. Kantor, bibliography, 6925
Nystulian Play Therapy based on Adlerian psychology & creative arts therapy, aggressiveness & cognitive insight & interpersonal adjustment, elementary school children, 8445

Individual Psychotherapy
group vs individual cognitive behavior therapy vs interpersonal group therapy, treatment of depression & anxiety & assertiveness, 21–40 yr olds, 8419
group vs individual cognitive therapy with vs without antidepression medication, neurotic depressive patients, 1670
group vs individual social skills training vs traditional supportive therapy, alcohol intake vs social skills vs personality change, institutionalized chronic alcoholics, 1984
individual & joint marital & mechanical therapy, unconsummated marriages due to vaginismus, married couples, 4016
individual psychodrama, adolescents, 1719
individual psychotherapy, 80–96 yr old geriatric & gerontopsychiatric patients in geriatric hospital, 6229
individual psychotherapy with ambulatory patients, psychiatric residents, 6222
individual supervision, individual psychotherapy training, 2009
individual vs group context, cognitive-behavioral self control treatment, 3rd–5th graders, 6340
interpersonal psychotherapy &/vs amitriptyline, symptoms & social adjustment, acutely depressed outpatients, 1-yr followup, 1686
objectives for teaching & learning individual psychotherapy skills, 2055
organization of Gender Identity Clinic & group & individual & expressive psychotherapy vs sex reassignment surgery, treatment of gender dysphoric patients, 10775
psychoanalytically oriented individual psychotherapy, depressed & suicidal adolescents, 1745
self disclosure by therapist in individual psychotherapy, 1729
supervisor-trainee cotherapy, individual psychotherapy training, 4205
supervisory relationship, individual psychotherapy training, 2010
time & family vs individual therapy, rehospitalization, adolescents, 3-yr followup study, 8453
type of drug abuser, outcome of institutional treatment program, 6533

Individual Testing
Otis-Lennon Mental Ability Test IQs & scores on group vs individually administered Bender-Gestalt Test, rural vs suburban kindergartners, 156

Individual Therapy [See Individual Psychotherapy]

Individualism [See Individuality]

Individuality
cooperative vs competitive vs individualistic social orientation as measured by behavioral & sociometric methods, 4th–6th graders, 6977

perceptions of antisocial behavior & peer regulation & individuality & attention structure in school, junior high school students & staff, 11236
task interdependence & reward contingency, group productivity, college students, 5767
Individualized Instruction
adaptive design strategies, computer-based individualized instruction, 2103
analysis of Individualized Educational Programs & psychoeducational assessments, learning disabled children, 2163
changes in testing format in personalized system of instruction, number of students passing exams, college students, 4312
cooperative vs individualistic learning experiences, cross-ethnic interaction, 4th graders, 6706
creativity program presented in group vs individual form, creativity dimensions of fluency & flexibility & originality, 8th graders, 13571
critical review of research on self instruction training with children, assessment & design & independence from developmental theory, 6323
drawbacks of "learner control" form of individualized instruction for accommodation of individual differences, students, 13587
feature evaluation & planning use, developmental diagnostic reports, early childhood teachers, 8825
feedback vs self monitoring vs self determined performance standards vs self reinforcement vs self instruction, arithmetic & verbal performance, 3rd–6th graders, 6649
incorporation of recreation in individualized education plans for mildly mentally retarded students, 8988
individualized education program assessment model, learning disabled children, 11305
individualized instruction & simulation & integration into regular classes, work study program, mildly mentally handicapped 14–19 yr old students, 9041
individualized mastery vs conventional instructional system, attitudes & achievement in calculus, college students, 6675
individualized physical activity, fine & gross motor skills & self concept & risk-taking behavior, developmentally disabled children, 11304
individualized 3-yr educational training program, visual perception & concept formation & language, male 10.5 yr old, 12.5-yr followup, 8958
individual vs small group instruction, learning, multihandicapped 4.3–5.5 yr olds, 8984
integration of Individualized Education Program & Guilford's Structure of Intellect model, instructional programing, gifted, 6726
interactive individualized instruction within small groups, severely handicapped students, 9009
learning stations model, management of behavior & individualization of instruction in resource rooms, 8972
lecture vs enhanced vs verbatim text & ability & study activities & motivation, examination performance, college students, 4309
locus of control, effectiveness of rewards vs punishment in individualized instruction, college students, 4322
models of student behavior & achievement in small group vs individual settings, implications for teaching & classroom grouping practices, 2113
multi-phase process for developing individualized education programs in accordance with Public Law 94-142, severely handicapped adolescents & young adults, 6719
psychoeducational assessment & goals & instructional objectives of Individualized Education Program, educable mentally retarded & emotionally disturbed & learning disabled students, implications for education of handicapped, 6737
self guided symbol formation strategy, teaching letter formation, 8873
self instructional program, learning addition & subtraction requiring regrouping skills, mildly mentally retarded 9–10 yr old students, 9011
self instruction vs modeling vs instructor-controlled strategy training, generalization of verbal abstraction strategies, educable mentally retarded students, 6720
strategies in evaluation of Individualized Education Program, 8887
symbiosis in learning therapy, hearing impaired & learning disabled 12 yr olds, 9007
task difficulty & IQ, characteristics of self instructions & temporal relationship of private speech to problem solving, 1st graders, 2126
Induced Abortion
abortion vs refused abortion, mental health problems, mothers & children, 4131
changes in attitudes toward legal abortion, 1972–78, 3519
demographic characteristics & death attitudes, orientation toward abortion & suicide & euthanasia, adult male alcoholics & drug addicts & prisoners vs government employees, 10551
demographic & other variables, decision to have abortions, females, 1162
demographic & psychological factors, reactions to legal abortions performed during 1st trimester of pregnancy, 14–35 yr old females in urban south, 1904
female role orientation & acceptance of changing social norms & self perception, women with problem pregnancies who chose vs did not choose abortion, 1197
fetal development & malformations, children born to mothers denied legal abortions, 8307
fetal development & mortality & height & weight development through age 12, children of mothers refused legal abortion, 7742
permissive abortion, subsequent child abuse & mother-infant bonding, 1527
personality traits & manifest anxiety level, women seeking abortions, 5853
sexual guilt & knowledge, attitudes toward abortion, college students, 10131
Inductive Deductive Reasoning [See Also Inference]
acquisition & application, syllogistic reasoning, 8–15 yr olds, 3393
acquisition of conjunctive & disjunctive concepts & deductive reasoning, schizophrenics, implications for computer-aided diagnostic process, 1446
components of syllogistic reasoning, college students, 11920
electronic apparatus, measurement of logical thinking, 6965
evidence for logical & sequential & introspective nature of deductive reasoning, review of recent studies, 420
fuzzy quantifiers, syllogistic reasoning, college students, 419
Graduate Record Examinations Aptitude Test, measurement of analytical ability & correlation with verbal & quantitative performance, 9114
hypnotic suggestibility, performance on gestalt closure vs disembedding vs visualization tasks, male vs female high school vs college students, 12000
learning disabilities, ability to determine antecedents & consequences of pictured social situations, 9–11 yr olds, 6064
norms & error analysis of Inference Test, measurement of deductive reasoning, college students, 11636
psychological characteristics of deductive reasoning, 7213
relevant attributes, learning of conjuction & exclusion & joint denial concepts, college students, 2776
right vs left temporal lobe dysfunction, use of imagery in deductive problem solving, patients with mean age 25.2 yrs, 10723
syllogistic reasoning deficits, schizophrenics vs brain damaged patients, 10443
syllogistic vs nonsyllogistic order of report & clustering vs nonclustering of related items & retest interval, response latency & belief inconsistency, college students, 5000
typical leftward vs rightward reflective eye movements on spatial vs nonspatial syllogisms, visual tracking performance, right handed females, 7497
Industrial Accidents
age differences & amount of elapsed time, attitudes toward nuclear plant accidents, 4th–8th graders vs 10th–12th graders, 7900
conflict & social maladaptation at home & work, accident proneness, metalurgic workers, 13699
Industrial Foremen
statewide climate of labor-management relations, foremen & union stewards, 11499
Industrial Personnel [See Business and Industrial Personnel]
Industrial Psychologists
cooperative efforts & psychologists' role, improvement of worklife conditions, Canada, 11503
ethical personnel practices & obligations, psychologists & employers, 6579
future research areas, industrial psychologists, 11413
mediating role of industrial psychologists, Poland, 11119
perceived contributions of industrial/organizational psychologists to human resources management, personnel executives in US vs New Zealand vs Israel, 4545
recommendations for action by industrial & organizational psychologists to increase productivity & growth, 2249

Industrial Psychology
analysis of data categories & research issues in laboratory vs field setting, industrial & organizational psychology, 2208
application of organizational psychology principles to organizational psychology, 4475
citation analysis, organizational science journals, 1957 & 1967 & 1977, 9136
counselor's work in various counseling situations, counseling professionals in industrial setting, 13700
history, occupational psychology, Finland, 9148
industrial/organizational psychology & labor unions, 4476
industrial psychology research, Helsinki University of Technology, Finland, 8774
legal right of labor union, access to company psychological test data, 7983
modern viewpoints of industrial psychology, France, 4478
perceptual-motor components, ergonomic studies, 4587
proposal for development & evaluation of consumer curriculum, consumer education, 2086
recommendations for action by industrial & organizational psychologists to increase productivity & growth, 2249
relationship between organized labor & industrial psychology, literature review, 11408
relevance & significance of organizational training programs, 4502
taxonomic model for psychology of work, 11409
theoretical aspects, psychology of work, Czechoslovakia, 1965–75, 9141
volunteer S bias, industrial & organizational psychology research, 2209
Industrial Safety [See Occupational Safety]
Industrialization
proportion of elderly in population & rate of economic growth, suicide rate in traditional vs industrialized countries, 1533
technocratic social structure, behavioral oppression, implications for role of psychotherapists, 4005
Industry [See Business]
Infancy [See Infants]
Infant Development [See Also Neonatal Development]
adolescent childbearing, postnatal development, 3278
cortical visual evoked responses, development of binocular visual cortex, infants aged 4 wks to 8 mos, 10026
development, infants from birth through 1 yr of age born to parents with serious mental disorders, implications for vulnerability for schizophrenia, longitudinal studies, 12981
development, 6–24 mo old esophageal atresia infants, 3903
development & object constancy & attachment to mother, low birth weight preterm quintuplets & quadruplets, 10008
development of eye contact with mother, normal vs Down's syndrome infants during 1st 6 mo of life, 13058
development of object permanence, 8–24 mo old humans vs 18 & 30 mo old chimpanzees, 1049
differential development, brainstem auditory evoked potentials, normal vs high-risk infants for birth- or pregnancy-related CNS damage, prognostic implications, 8367
distinction among mechanisms used for joint visual attention, 6–18 mo olds & their mothers, 5480
factor analysis & stability, behavioral dimensions, 3–15 mo olds, 10005
followup of infants & parents during 1st postnatal year, clinical training, child psychiatrists, 11125
Freudian theory of maternal role in growth in child's 1st 3 yrs, 970
infant astigmatism & disappearance with age, 1 mo to 3 yr olds, 10645
infant behavior ratings & concurrent & subsequent mental test scores, Mexican American infants at 12 & 24 & 36 mo of age, 12522
interaction quality at 2 mo, attachment security at 7 mo, father-infant dyads, longitudinal study, 7856
interrelationships of biomedical & environmental & developmental variables, Down's syndrome children followed from birth to 36 mo, 8265
method of childbirth, social & motor development, 5–9 mo olds, 969
neurologic development, preterm infants, 9996
nonorganic failure to thrive, infants & children, annotated bibliography, 6174
parent involvement in therapeutic intervention program, developmental competence, infants with developmental disorders, 10766
paternal behavior during pregnancy & infancy & early childhood & father-child relationship, psychopathology in children, literature review, 5638
